

This chart provides the various science classes offered at Daytona State College

Shaded courses indicate a course that has a mandatory lab. Students should schedule the class and lab separately.

PHYSICAL SCIENCES	ENGLISH	MATH
AST 1002 Astronomy (3)	ENC1101	MAT1033
CHM 1025/CHM1025L Introduction to Chemistry and Lab (4)	ENC1101	MAT1033
CHM 1045/CHM1045L General College Chemistry I and Lab (4) <i>**Students who have not had HS chemistry cannot enter this course - s/he must either start with CHM1025/L or have earned HS chemistry credit.</i>	ENC1101	MAC1105
GLY 2010/GLY2010L Physical Geology and Lab (4)	ENC1101	N/A
MET 2010 Meteorology (3)	ENC1101	MAT1033
OCE 1001 Introduction to Oceanography (3)	ENC1101	MAT1033
PHY 1053/PHY1053L College Physics I and Lab (4)	ENC1101	MAC1114
PHY 2048/PHY2048L University Physics I and Lab (5)	ENC1101	MAC2311
PSC 1121 Physical Science (3)	ENC1101	MAT1033
BIOLOGICAL SCIENCES	ENGLISH	MATH
BOT 1010/BOT1010L General Botany and Lab (4)	ENC1101	N/A
BSC 1005 Survey of Biological Science (For Non-Science Majors) (3)	ENC1101	N/A
BSC 1005L Survey of Biological Science Lab (For Non-Science Majors) (1)*	ENC1101	N/A
BSC 1010/BSC1010L General Biology I (For Science Majors) and Lab (4)	ENC1101	MAT1033
BSC 1020 Human Biology (3)	ENC1101	N/A
BSC 2930 Biological Themes in Film (3)	ENC1101	N/A
OCB 2000/OCB2000L Introduction to Marine Biology and Lab (4)	ENC1101	MAT1033
<i>or both**</i>	ENC1101	N/A
BSC 1085/BSC1085L Human Anatomy & Physiology I and Lab (4)	ENC1101	N/A
<i>and</i>	ENC1101	N/A
BSC 1086/BSC1086L Human Anatomy & Physiology II and Lab (4)	ENC1101	N/A

* Survey of Biological Science Lab is NOT mandatory. It is an optional lab and can be taken either in the semester of course enrollment or in a future semester.

** Both Human Anatomy and Physiology I & II are required to fulfill the Biological Science requirement. Additional 5 credits earned will be applied towards electives.
