To view scheduled workshops or to request a workshop or review session: [daytonastate.edu/asc/](http://daytonastate.edu/asc/)

How confident were you with the material before this experience?

How confident are you with the material after this experience?

What students are saying about the ASC...

**96%** said they **understood the materials better** after tutoring

**98%** are **satisfied** or **very satisfied** with **overall tutoring support**

"I love the ASC! If I ever need help, there is always someone there to help me solve whatever issue or question I may have. Keep up the good work"

"This is an awesome resource that everyone should take advantage of! "

"I have always left the ASC with a better understanding on the subject that I needed help with. The students that work there are helpful and if it's something that they don't know or are rusty at they will get someone that is better suited for the question."

## ASC Attendance by Dept

What faculty are saying about the ASC...

**98%** are satisfied or very satisfied with overall tutoring support

“The ASC has really gone out of their way to work with the accounting faculty in the School of Business. It is greatly appreciated!”

“The NSB ASC and writing center is the best. They are so very helpful and knowledgeable of everything and my students really gain the help they need.”

“The team of tutors in the DeLand ASC, and all campuses (as I get student reports), are just wonderful. Students appreciate their help and support. I always feel confident sending students to the ASC. You run a tight ship and tutors are warm and enabling.”

**18** Unique Courses

**1,452** Unique Students

**8,571** Duplicated Visits

What students  
are saying about  
the SI program...

“The SI leader is very interactive and I really appreciate her hand drawn visuals.”

“Muy Bien. No improvement needed. SI is the only reason I got an A...which I will get in Spanish 2 as well. BOOM!”

“The SI leader is very informational and I like that he is a student around our age...”

“The S.I. leader has showed us a different way to look at formulas and equations.”
