

GoBoard Instructions and Features

1. Click the link provided by your tutor (**Google Chrome** works best)
2. Click I'm a Student and sign in using your **Daytona State email** address
 - a. When your session is over GoBoard will email the session notes and chat transcripts to you
3. GoBoard platform features:
 - a. **Be sure** to enable both **video** and **microphone** settings.

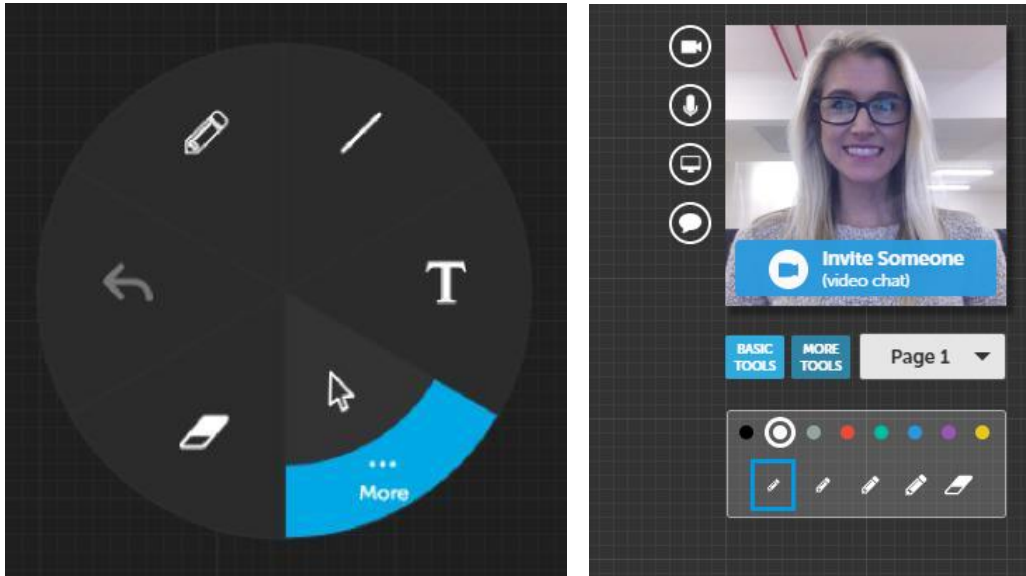

- b. However, if one or both are enabled, you may use the **chat box** to the right to communicate via text.

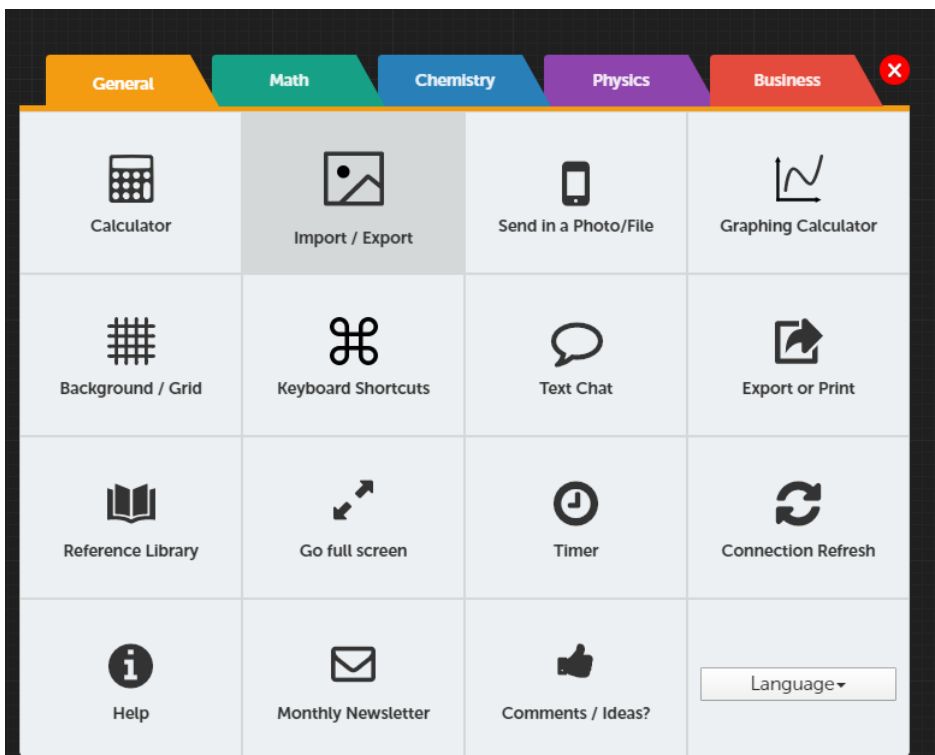

Headphones with a **microphone** are recommended to provide the best user experience.

4. **Tools** within GoBoard will help enhance the session.

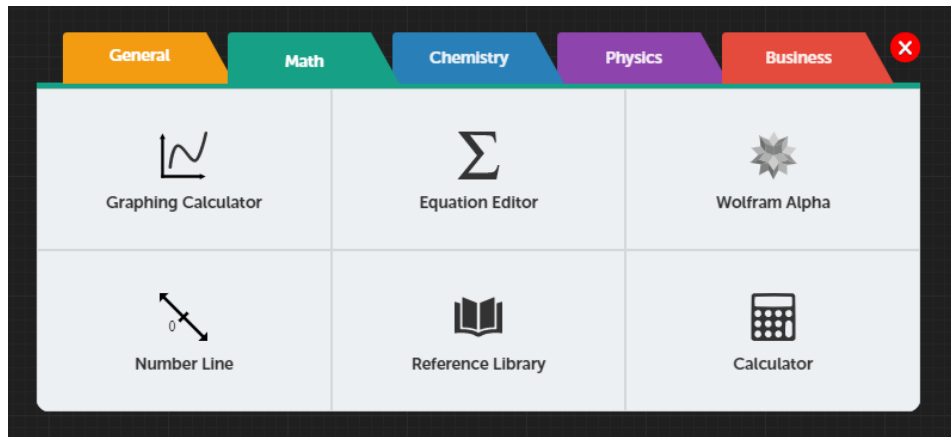

- GoBoard** can be used with **touch screen** and **stylus pens**.
- Draw with a pen, in a variety of colors.
- Draw lines, including dashed lines and lines with arrows.
- Enter text, enlarge text, and change the color.
- Select items or text that you've drawn on the board.
- Erase single items, undo or redo your last action.

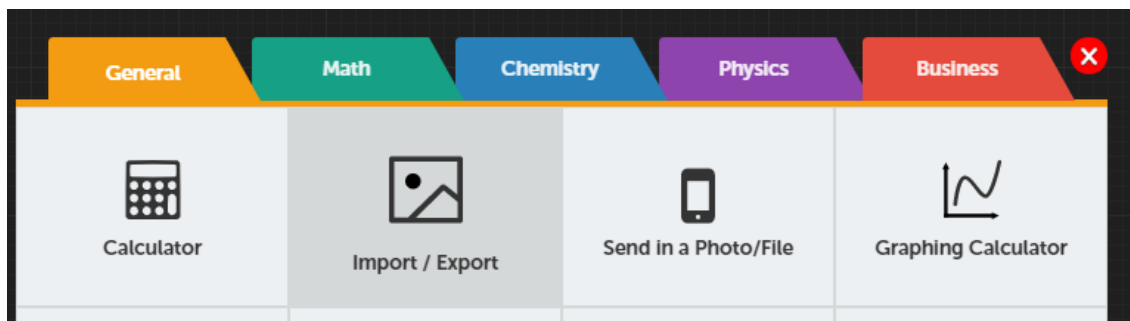

5. GoBoard **advanced tools** also contains a significant amount of subject specific applications.

- a. **GoBoard** contains an **equation editor** if you wish to express your work as text.

- b. **GoBoard** can connect your **mobile device** to **screen capture** and upload handwritten work.

- c. **GoBoard** can also utilize a **doc cam** to broadcast your written work live.

d. **GoBoard** allows users to screen share
