The Falcon Baseball Development Program:

With the amount of interest in Falcon Baseball from high school players, the athletic department has created the highly successful Developmental Program.

- Encourages overlooked or non recruited athletes to continue playing and improving
- Fosters development of baseball skills and abilities
- Affords an opportunity for players to show that they are capable of competing at the college level
- Provides instruction from college coaches
- Allows players to train and learn in a climate more conducive to baseball for 12 months of the year.
- Allows players to pursue an associate's degree from Daytona State

Players will be able to:

- Take Batting Practice with their hitting coach/Throw Bullpen sessions with their pitching coach
- Perform defensive drills with their position coach
- Scrimmage against each other
- Scrimmage against the Falcon Baseball Team
