The Academic Support Center offers:
- Tutoring
- Online Tutoring
- Academic Coaching
- Vocational Preparatory Instruction
- Supplemental Instruction
- Learning Skills/Retention Counseling

The Academic Support Center is a computer-based facility designed to supplement classroom teaching and learning. In addition to computer-assisted instruction, the center offers tutoring and other specialized assistance. Instruction and learning assistance are provided to students in an environment where the student, faculty, and staff collaborate for academic success.

Q: What is the Falcon Baseball Developmental Program?
A: The FBDP provides an opportunity for Daytona State College students to continue their pursuit of both academic and athletic excellence at the collegiate level.

Q: Why Daytona State College?
A: Daytona State College is the first state college in Florida to offer a developmental program for students while pursuing an associate’s degree from an accredited academic institution.

Q: Who is eligible to join the FBDP?
A: Students enrolled with full-time status (12 or more credit hours) at Daytona State, who maintain a 2.0 grade point average.

Q: Who directs the FBDP?
A: The Director and Assistant Director of the FBDP are members of the Daytona State College Baseball Coaching Staff. The coaching staff will provide you with individualized instruction as well as the same information provided to the Daytona State College Baseball Team.

Q: Why should I join the FBDP?
A: Opportunities for high school baseball players to move up to the college level are limited. An opportunity for athletes to continue playing the game, to which they have dedicated their lives, is important. The FBDP provides an opportunity for its members to receive coaching from College baseball coaches. The effort and instruction result in a positive change allowing a student to keep their dream to play college baseball alive. There is always an opportunity to advance from the FBDP to the Daytona State College baseball team.

Q: When do we play?
A: During the fall semester, the FBDP practices approximately five days per week after the Falcons finish usage of the baseball complex. Practices will be scheduled approximately twice per week during the spring semester. There will be regularly scheduled practices, simulated games, and scrimmages among the developmental players and the Falcon Baseball Team.

Q: How does the FBDP affect my college athletic eligibility?
A: NCAA rules provide student athletes with five consecutive years to complete four years of athletic eligibility. A student’s five years of athletic eligibility begins the first full-time semester he begins classes at Daytona State College. Students who spend two years developing and improving their abilities in the FBDP will then have three years of athletic eligibility remaining to compete at a four year college or university.

- Maintain minimum GPA of 2.0

* May vary if there is a scheduled game.

ATHLETIC FACILITIES

State-of-the-art athletic, fitness and aquatic facilities are one of the many reasons the Daytona State College athletic programs are a force to be reckoned with. In fact, Daytona State College boasts some of the best facilities available at a state college. The L. Gale LeMereand Health, Wellness and Community Education Center on the Daytona Beach Campus houses the gymnasium, fitness center, aquatic center and related classrooms and academic programs. Daytona State’s playing fields are among the best in the State of Florida’s Community College Athletic System. The baseball field, one of only two fields in the Mid-Florida Conference with lights, has a permanent press box and a concession stand. The Falcons also benefit from an inclusive field house with locker rooms, an indoor lighted batting cage, a training room, laundry room and coach’s offices.

The 5,500-square-foot Fitness Center is completely equipped with the latest weight training and aerobic equipment including a 19-piece Cybex resistance training circuit and 3.2 tons of free weights. A comprehensive cardiovascular workout is available using the 27-piece aerobic arena that consists of stair climbers, elliptical trainers, treadmills, recumbent and stationary bikes, rowing machines, Airdynes and spinning bikes complete with audiovisual and DVD programs.

A 25-yard-by-25-meter competitive pool and a new 3,300-square-foot support facility offer a complete aquatic experience. Not to mention the comfort provided by the humidity and climate control system. The pool is open year-round and is staffed with a certified lifeguard.

CHALLENGING STAFF

TIM TOUMA

Coach Tim Touma brings 14 years experience as a Division I Assistant Coach and two College World Series appearances to the Falcon Baseball Program. As the winningest coach in Falcon baseball history, Coach Touma guided the Falcons to the first conference championship and a #1 state ranking in only his second year at the helm.

CHRISS REILLY

Chris Reilly returns to Daytona State College, after spending the 2008 and 2009 seasons as the pitching coach at the University of Cincinnati. Coach Reilly helped guide the Falcons to back-to-back Mid-Florida Conference championships during the 2006 and 2007 seasons. Coach Reilly finished his college career at Oklahoma State University before he signed and played four years of professional baseball, two in the Baltimore Orioles organization and two in the Frontier League.

NICK LUPPINO

As Nick enters his second season at Daytona State, he will assume the role of Head Developmental Coach. He will run the day to day operations of the Developmental club as well as working with the position players. His other responsibilities will consist of coaching the falcon infielders and running the strength and conditioning for both programs.

PHIL ENRIGHT

Phil Enright enters his first season as a member of the Falcon Coaching Staff. Coach Enright’s primary duties will be in charge of the pitching staff for the Falcon Development Program. He will also assist Coach Chris Reilly with the Falcon Pitching Staff. Coach Enright joins the Falcon Baseball program after spending one season at Bethune-Cookman University.
