New Features Coming with the Maintenance Update

1. When copying specific course components from one course to another, the associated files are included by default. For example, if you have quizzes with images embedded, those images will copy over as well.

Before

- Quizzes (6 item(s))
  - Copy all items
  - Select individual items to copy

After

- Quizzes (6 item(s))
  - Copy all items
  - Select individual items to copy
  - Include associated files
2. “Course Schedule” replaces “Upcoming Events” link in Content tool and an Overdue Assignments List is added to Course Schedule.

<table>
<thead>
<tr>
<th>Before</th>
<th>After</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1.png" alt="Before" /></td>
<td><img src="image2.png" alt="After" /></td>
</tr>
</tbody>
</table>

**Overdue assignments list in the Course Schedule**

*The Overdue tab only appears in the Course Schedule area when course activities are past the due date.*
3. In Table of Contents the Import/Export button becomes the Import Course dropdown button.

There is no change to how you copy a course. However, the Import Course Package option opens this dialog.
4. You can add a new Video or Audio topic type in your content.

Choosing the new Video or Audio topic type opens this screen.
5. In Quizzes, you can now preview all the questions being used in a Random Section. To do so, go to the Properties tab and select the name of the random section. The questions display in a window. Here is a screen cast of how this looks: http://screencast.com/t/ttfd0w39.

6. When creating or editing assessment properties for a Quiz, the checkbox for Automatic Grading is repositioned at the top of the page making it less likely to be overlooked. Notice the reorganization of the different items.
7. New interface replaces “Auto-Submit” wording with clearer choices when setting time limits on a Quiz.

Before

Timing
Time Limit
120 minutes
Grace Period
5 minutes before flagged as late
Late Submissions
- Allow normal submission
- Use Late Limit of 1 minutes
- Auto-Submit Attempt

New Layout of Quiz Timing Restrictions

Timing
- No Time Limit
- Enforce a time limit

Recommended Length
120 minute(s)
Will be displayed before the quiz starts
- Show clock

Timing
- No Time Limit
- Enforce a time limit

Time Limit
120 minutes
Grace Period
5 minutes before flagged as late

Late Behaviour
What should happen after the grace period?
- Quiz is flagged as late, but student can continue working
- Quiz is flagged as late, and student is prevented from making further changes
- Quiz is flagged as late, but student can continue working. Quiz will be automatically scored as zero after the specified limit.

with 'Enforce a time limit'

with 'No Time Limit'
8. New Quiz Special Access to exempt students from using Respondus LockDown Browser

Before

Special Access Properties

Date Availability
- Has Start Date: 8/4/2015, 10:27 AM, Canada - Toronto
- Has End Date: 8/11/2015, 10:27 AM, Canada - Toronto

After

Special Access Properties

Date Availability
- Has Start Date: 8/4/2015, 10:27 AM, Now
- Has End Date: 8/11/2015, 10:27 AM, Now

Timing
- No changes
- No enforced time limit
- Enforced time limit
- 120 minute(s)

Assign an alternative grace period
- Grace Period: 5 minute(s) before flagged as late

Assign alternative late behaviour
- Late Behaviour:
  - What should happen after the grace period?
    - Quiz is flagged as late, but student can continue working.
    - Quiz is flagged as late, and student is prevented from making further changes.
    - Quiz is flagged as late, but student can continue working. Quiz will be automatically scored as zero after the specified limit.

LockDown Browser
- Not required to take this quiz
9. Lists of students (in Classlist, Dropbox, Enter Grades and elsewhere) are sorted by last name by default. (As always, you can change the sort order by selecting a column heading.)

10. In Discussions settings you can now set whether or not you want to automatically subscribe to a new thread. This is turned off by default.

11. PDF documents in Content open using the default viewer set in the browser instead of using the built in Content Viewer. This should provide a better experience for students.

12. The Dropbox submission log now tracks file submissions, file deletion and who performed the deletion. Accidental deletions can be restored.
