Membership in the Daytona State College Hall of Fame is the highest honor that the faculty may bestow upon a student. Nomination is based upon the highest standards of excellence in scholarship, leadership and citizenship. The students so honored reflect credit on themselves and the institution by assuming the mantle of progressive and constructive leadership while maintaining an exemplary academic average of not less than 3.0. Silver keys are presented to recipients and their names will be inscribed on a plaque which will be displayed in the Student Center. This year’s inductees are:

Margaret Crumley Award for Distinguished Achievement in Science

George Kastroulis attended Daytona State College, earning his Associate of Science in Radiography degree in 1998 and his Bachelor of Applied Science in Supervision and Management degree in 2012.

After earning his associate degree, George completed training at Halifax Hospital and also worked at Memorial Hospital Oceanside for two years. He became director of operations at Tomoka Diagnostic and then later at the New Smyrna and the Flagler Diagnostic Imaging Centers.

More recently, he was director of business development at Radiology Associates, serving a three-county area in Central Florida. During his tenure there, George served as board chairman for the American Cancer Society, East Central Coastal Unit, board member to Susan G. Komen Central Florida, and has held several advisory board positions with Cancer Survivor Groups in Volusia and Flagler counties.

Currently, George is general manager of Nurse On Call, which covers four Northeast Florida counties.

In the last five years, George identified a need in our community for cancer patients to have access to available resources, education about medical treatment and a survivor awareness program. Working with the Daytona Cubs organization, he established Breast Cancer Survivor Night to promote awareness of the disease.

Along with fellow radiologist Charles Burkett, they spearheaded the Daytona Breast Cancer Symposium. The symposium was originally created in partnership with Daytona State College at the News-Journal Center, with sponsorships by the Susan G. Komen Center, the American and the Florida Breast Cancer societies and, presently, also with Embry-Riddle Aeronautical University. George also has formed a coalition with Bethune-Cookman University to bring accessible health care to the underserved in Volusia County through a free clinic.

Throughout his interview, and hearing of his post-graduate activities, his philosophy and mantra of “like Daytona State College, we must give back to the community” was humbly revealed. George Kastroulis is an exemplary example of a graduate utilizing the skills he acquired at Daytona State College to touch the lives of so many people.

Phi Theta Kappa (PTK) is the only accredited national honor society for two-year colleges. PTK requires more of its members than dedication to academic excellence. Phi Theta Kappa has the far-reaching purpose of service to the campus and the outside community, and of developing leadership qualities of its members. Through community service and on-campus involvement, Mu Rho, Daytona State’s chapter of PTK, strives to instill in its members the value of leadership and cooperation as another facet of the education process.

Membership in Sigma Beta Delta is the highest international recognition a business student can receive at a college or university. To be eligible for membership, a business student must rank in the top 20 percent of the senior class and be invited to membership by the faculty officers. By accepting membership in Sigma Beta Delta, students receive lifetime recognition for their outstanding academic achievements and potential in the area of business. The purpose of Sigma Beta Delta is to encourage and recognize scholarship and achievement among students of business, management and administration, and to encourage and promote personal and professional improvement and a life distinguished by honorable service to mankind.

For over 50 years, Daytona State College has been an integral provider of educational and cultural programs for the citizens of Volusia and Flagler counties. As Florida's first comprehensive community college, Daytona State College has fostered a tradition of excellence in academics and service to a growing community. With locations in Daytona Beach, New Smyrna Beach-Edgewater, DeLand, Deltona and Palm Coast, the College now serves some 28,000 students annually.

Daytona State College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate of arts, associate of applied science, associate of science and bachelor's degrees, and is approved by the state of Florida. Numerous professional and academic organizations confer special accreditation to various College programs. The College also is a member of the American Association of Community Colleges and an approved institution of higher education for veterans and war orphans.

A leader in the area's workforce and economic development initiatives, the College is continually developing new ways to deliver educational services to the community. Among them are the Advanced Technology College, the Center for Business and Industry and the Small Business Development Center.

Daytona State College also is home to the internationally recognized Southeast Museum of Photography, the Mike Curb College of Music, Entertainment and Art, and the highly rated Café 101, where culinary management students gain hands-on experience in an actual restaurant setting.

The Daytona State College Alumni Association fosters ongoing relationships with our graduates and community friends to support and promote the mission of the College and the Foundation. Through our shared experience, the Daytona State College story can be told, benefitting future alumni, Daytona State and the community at large.

The Alumni Association is open to graduates and former students. Whether you have received your degree or certificate, completed training or taken courses, we welcome your participation.

ACADEMIC REGALIA

FACULTY
The academic robes and hoods which the faculty wear lend color to the pageantry of the commencement exercise. This tradition dates from the medieval ages when the regalia served a functional and ornamental role, separating the learned men from other groups and also providing warmth and protection. Black is the standard color for bachelor's, master's and doctoral robes. The master's gown is recognized by the unusual oblong sleeves, which are open at the wrists. The doctoral gown is adorned with velvet panels and sleeve chevrons in the color representing the graduate's discipline. Academic hoods represent the scholastic degree, discipline and alma mater. The color of velvet edging the hood indicates the discipline of the degree, while the hood itself is lined with the official color of the college or university conferring the degree. Graduates of foreign universities or religious orders wear the complete academic costume as decreed by the conferring institution.

The following are the colors, and their respective disciplines, which adorn the hoods the Daytona State College faculty wear during the academic procession:

ACADEMIC MACE
Created in 2001 by faculty and students in the Daytona State College Industrial Technologies, Training and Apprenticeships Division, the Academic Mace is made of cherry wood, brass, and stainless steel and is topped with an alum replica of the Presidential Medallion for Teaching Excellence. The first dated record of the academic mace goes back to 1385 at the University of Vienna. The academic mace is traditionally carried in procession and mounted on stage whenever degrees are granted or when the faculty is assembled in formal dress.

The gonfalon, a banner that hangs from a crosspiece or frame, originated in medieval Italy as a mark of state or office. Gonfalons have been adopted in many universities and colleges around the world as official insignias, often used to identify and lead academic units within the institution in celebratory procession.

The gonfalons represent the six colleges of Daytona State:

- Arts & Sciences
- Business Administration
- Education
- Health & Public Services
- Technology
- Workforce & Continuing Education

Our tradition began in 2013 with faculty marshals carrying the gonfalons during the academic procession.
