Cultural Awareness for Educators

Cultural Awareness for Educators Presentation is intended to meet the needs of educational employees who serve increasingly diverse student populations. The training is intended to limit misunderstanding by identifying concerns and providing appropriate response and resolution techniques. The training should benefit educational staff and faculty members.

Presentation objectives:

• To enhance knowledge of participants resulting in an increase level of appreciation for our students and community

• To develop a cultural awareness acumen in a customer service environment

• To create dialogue through instruction and participant participation

• To protect participants from inadvertent infractions that may spark controversy

• To increase your understanding of equity related statutory requirements
