College Catalog - President's Message

When you hear the name Daytona State College, I hope it will strike a chord and remind you of how important growth and progress is in everything we do as a community and as individuals. Indeed, dropping "Community" from our moniker reflects an expansion of our institutional focus to meet the higher education demands of the residents we serve in Volusia and Flagler counties.

Daytona State begins this new academic year as a four-year degree granting institution dedicated to being the destination of choice for higher education in our region, expanding our program and degree offerings, and providing access, more choices and opportunity to all who desire to improve their lives through higher education.

The college remains committed to each and every one of our students. Whether you are working toward a college degree, developing a marketable skill, or taking a class for pure personal enrichment, Daytona State's faculty and staff are ready to help you succeed.

As you browse through this online catalog, I hope you will find information that will provide a starting point for you. Explore your possibilities. Visit a campus near you. We're ready to help you find your space at Daytona State College.

Sincerely,

Kent Sharples
President

Mr. Bob Davis
Term: 6/15/10 – 5/31/13
Port Orange

College Catalog - Facts About Daytona State

Daytona State College continues its commitment to progress and support of the communities it serves in Volusia and Flagler counties. The 2010-2011 academic year brings major change to the institution in terms of expansion of facilities and program offerings.

The mission of Daytona State College is to advance teaching, learning and innovation. Daytona State College, a comprehensive public college, provides access to a range of flexible programs, from community enrichment to the baccalaureate degree, emphasizing student success, embracing excellence and diversity, and fostering innovation to enhance teaching and learning.

Technology is changing the world. It's also changing education. Today many jobs require training in technology. That's why the Advanced Technology College (ATC) was created. The ATC provides local residents with advanced technological training that meets the current and future needs of industry in the area. How do we know? We asked! What businesses in Volusia and Flagler counties told us became the foundation for the programs being offered at the ATC.

What does this mean for you? It means that your training is driven by the real needs of local employers - in other words, you're getting the skills that get jobs now! When you graduate, you'll be prepared for a job where applicants are in high demand.

The ATC is located on Williamson Boulevard near LPGA Boulevard in Daytona Beach. The facility includes occupational classrooms and lab areas with brand new, state-of-the-art equipment, smart classrooms designed for each specific program. The newly constructed building also includes, wireless access throughout the building along with Internet access and network connections in all classrooms, science labs, a multipurpose room, a media center and open computer labs. The two-story classroom area surrounds an enclosed atrium that is the site of exhibits and gatherings. The ATC is designed to serve a wide variety of students. College students who seek additional technological training or degrees should apply as well as high school juniors and seniors in Volusia and Flagler counties.

The ATC is a public/private partnership. Daytona State College, the Volusia County School System and the Flagler County School System represent the public side of the project and are joined by the ATC Board of Directors, which is composed of business and community leaders who represent the private side of the project. The ATC is a member of the Volusia Flagler Career Connection Consortium and is supported by the business communities of Volusia and Flagler counties.

Programs Offered at the ATC:

Engineering Technology Programs - Please Add this Heading and Programs
Engineering Technology (BSET)
Engineering Technology - Electrical Engineering Technology Concentration (BSEET)
Engineering Technology - Information Systems Technology Concentration (BSIST)

Computer Science Programs
Cable Installation
Computer Information Technology
Computer Engineering Technology
Computer Engineering Technology Cisco (CCNA)
Computer Programming (Software Engineering Technology)
Computer Programming
Computer Specialist
Electronics Engineering Technology
Information Technology Administration
Information Technology Analysis
Information Technology Management
Information Technology Support Specialist
Information Technology Technician
Internet Services Technology
Microcomputer Repairer/Installer
Network Communications (LAN)
Network Communications (WAN)
Networking Services Technology
Network System Developer
Simulation and Robotics Technology
Web Development Specialist
Wireless Communications

Automotive Programs
Automotive Collision Repair & Refinishing
Automotive Service Certificate
Automotive Service Management Technology
Advanced Automotive Technology (Performance Engine Specialization)

Construction, Manufacturing & Engineering Programs
Air Conditioning, Refrigeration and Heating Mechanic and Technology
Architectural and Building Design Technology
AutoCAD Foundations (Architectural)
AutoCAD Foundations (Engineering)
Drafting & Design Technology
Interior Design Technology

Kitchen and Bath Specialization
Manufacturing Technology

Apprenticeships
Electrical Non-Union
Electrical Union

Some programs will be held at the ATC as well as other Daytona State College campuses.
Location:
Advanced Technology College
1770 Technology Blvd.
Daytona Beach, FL 32117
(386) 506-4100

College Catalog - Alumni Affairs

Daytona State College Alumni and Friends is working toward developing and strengthening relationships between alumni, our students and our community. To put it simply, our goal is to allow you to re-connect with your former classmates, teachers, mentors, professors – so that you can stay in touch, share ideas and take advantage of networking opportunities. The Daytona State College Foundation supports and houses the College's Alumni and Friends to keep alumni connected to Daytona State College.

Being part of Alumni & Friends demonstrates to current students of Daytona State College what it means to be a successful College graduate. We are developing our online community and look forward to seeing you in our virtual world.

Thank you for your support of Daytona State College and please continue to check our web site of www.daytonastate.edu/foundation for any new information and events throughout the year. For more information, you can also contact our office at 386-506-3441 or e-mail alumni@daytonastate.edu.

College Catalog - Athletics and Fitness

Daytona State College offers varsity level programs in men's basketball and baseball; women's basketball, fast-pitch softball and golf; and starting in the 2009-2010 season, men's and women's swimming and diving. Our teams consistently compete at top levels both statewide and nationally.

The College emphasizes the need for athletes to perform well in the classroom as well as in their respective sports, and provides specialized tutoring and mentoring programs to help them achieve academic success. More information can be found on the Web at http://www.daytonastate.edu/athletics/.

Fitness Center

The L. Gale Lemerand Health, Wellness and Community Education Center is located on the Daytona Beach Campus. In addition to being home of the Falcons basketball teams, the center also features one of the most comprehensive fitness training facilities in Florida, including state-of-the-art weight training and aerobic equipment and an Olympic-sized aquatic center. More information can be found on the Web at http://www.daytonastate.edu/fitness_ctr/.

Advanced Technology College

1770 Technology Blvd., Daytona Beach(Locator Map)

The ATC is located on Williamson Boulevard near LPGA Boulevard in Daytona Beach. The facility includes occupational classrooms and lab areas with brand new, state-of-the-art equipment designed for each specific program. The campus also includes Internet and network connections, science labs, a multi-purpose room, a media center and open computer labs. The two-story classroom area surrounds an enclosed atrium that is the site of exhibits and gatherings. The ATC is designed to serve a wide variety of students. Community college students who seek additional technological training or degrees should apply as well as high school juniors and seniors in Volusia and Flagler counties.

Daytona Beach Campus

1200 West International Speedway Blvd.,Daytona Beach (Locator Map)

The Daytona Beach Campus is the largest of the institution's campuses and houses the College's primary administrative offices. Special features include the all new Mori Hosseini College of Hospitality Management, which also hosts our Southeast Museum of Photography, a branch campus of the Florida State University College of Medicine and a Theater Center which is home to some of the area's finest performing arts productions. It also boasts the new Daytona Advanced Technology Education Center (DATEC) which features state-of-the-art computer stations for the latest training in high-tech careers. Also located on this campus is the Lemerand Center, an outstanding education multiplex; Daytona State 's Public Broadcasting System affiliate; a child care facility serving Daytona State student parents, staff and community members; The University Center at Daytona State, where students can earn a four-year baccalaureate degree in a variety of programs, including Daytona State's Bachelor of Applied Science in Supervision and Management degree.

DeLand Campus

1155 County Road 4139, DeLand (Locator Map)

The DeLand Campus offers college credit courses which meet the general education requirements for the associate of arts degree and some associate of science degree programs as well as various certificate programs. The Bert Fish Building houses up-to-date facilities for dental assisting, dental hygiene, nursing, science labs and a multi-media learning center. Comprehensive student support services include: counseling, Student Disability Services, the Women's Center, career advisement, individual tutoring, a computerized learning/tutoring center and a foreign language laboratory.

Deltona Campus

2351 Providence Boulevard, Deltona (Locator Map)

The Deltona Campus is the result of the College recognizing a lack of access to quality postsecondary education and advanced training in the rapidly growing Deltona area, situated in the midst of the Florida High-Tech Corridor. A variety of Daytona State's business and industry training programs, as well as technology disciplines are housed at the Deltona facility. The first building features 42,000 square feet of space, including classrooms, computer labs, an incubator and administrative offices.

Flagler/Palm Coast Campus

3000 Palm Coast Parkway Southeast, Palm Coast (Locator Map)

The Flagler/Palm Coast Campus offers college credit, college preparatory, adult basic education, general education development (GED) and English for Speakers of Other Languages (ESOL) courses. Students can also take the first year of the two-year Associate Degree Nursing Program and public school teacher certification courses. All general education requirements for the associate of arts degree and many requirements for the associate of science degree programs may be completed here. Facilities include a Nursing laboratory, two science laboratories, an academic support center, two computer laboratories, an amphitheater, and state-of-the-art "smart classrooms".

New Smyrna Beach-Edgewater Campus

940 Tenth Street, New Smyrna Beach (Locator Map)

The New Smyrna Beach-Edgewater Campus offers college credit, college preparatory, continuing education, adult high school, adult basic education, general education development (GED) and English as a Second Language (ESL) courses. All general education requirements for the associate of arts degree and many requirements for associate of science degree programs may be completed at New Smyrna Beach-Edgewater Campus. The campus has expanded its nursing, health occupations, science, computer, engineering, public service and occupational programs. It also has two science laboratories, a nursing laboratory, a learning center and state-of-the-art "smart classrooms."

College Catalog - Daytona State College Foundation

The Daytona State College Foundation is a not-for-profit, Internal Revenue Code 501(c)(3) corporation chartered under Florida Statutes to serve as a direct support organization of the College. It was formed in 1974 and remains exclusively to benefit the educational endeavors of the College. Since its inception, the Foundation has provided financial assistance to students as well as funding for critical needs that are beyond the scope of the College's budget.

The Foundation embraces the concept of the College mission as adopted by the District Board of Trustees. Management of Foundation affairs is vested with a self-perpetuating Board of Directors from the community that the College serves. Directors receive no compensation for their services.

For additional information, please visit the Foundation Web site at http://www.daytonastate.edu/foundation/ or call us at (386) 506-3195.

Division of Economic Development

The Economic Development Division of Daytona State College represents and engages the college with the citizens, businesses, professional associations and economic development organizations within the community, region, and state.

As relevant activities in these organizations are initiated the College's economic development staff identifies opportunities for participation and/or utilization of College resources and then serves as a liaison with the appropriate Daytona State academic, administrative or student service department. For more information please contact the director at (386) 506-3133 or visit www.daytonastate.edu/ed.

The Office of Economic Development provides leadership and representation for the College with local, regional and state economic and workforce development organizations and initiatives. On a local level this includes both Volusia and Flagler County economic development organizations, multiple chambers of commerce, the Volusia/Flagler Center for Business Excellence and organizations such as the Business Development Partnership and the Volusia and Flagler County Associations for Responsible Development (VCARD and FCARD). Regional and state organizations include the Florida High Tech Corridor Council, Enterprise Florida, Workforce Florida, the Disney Entrepreneur Center, the Florida Economic Development Council and many more. The department also provides oversight and management of the Florida Virtual Entrepreneur Center (FLVEC) website for the Florida High Tech Corridor Council. The FLVEC provides a virtual rolodex of local, state, and national resources for entrepreneurs. The Virtual Entrepreneur Center website can be accessed at www.FLVEC.com and on Facebook at www.facebook.com/flvec.

The Center for Business & Industry
Today's workers must be flexible, innovative and dedicated. They must adjust quickly to changing market conditions, keep their skills fresh and deliver maximum quality and customer service. The Center for Business & Industry at Daytona State College focuses on meeting the training and development needs of business, industry and government in Volusia and Flagler counties.

The Center offers conferences, seminars, customized training services, online courses, and technical assistance to better prepare organizations and workers to compete and thrive in emerging global markets. For more information, contact the director at (386) 506-4461 or visit www.thecbi.com.

Community & Professional Education
The Center for Community & Professional Education provides a variety of classes for people seeking new career paths, professional development, and personal enrichment classes.

For professionals, courses are offered that lead to national certifications, state licensing, and continuing education requirements. Some of the professional areas offered are Real Estate, Insurance, Construction, Solar Installation, Certified Pool Operator, Waste Water and Community Association Management.

Through some of our on-line programs, individuals can take Traffic School courses, the DCF Parenting class, become a Notary Public, and get a Florida Boater's License. For people interested in personal enrichment classes, Conversational Spanish and Digital Photography are quite popular. These classes are non-credit, no tests or stress!

The classes are affordable and convenient. Many of our classes are now online, providing you with 24/7 access. For more information or to be added to our mailing list, please call The Center for Community & Professional Education at (386) 506-3858. For the latest class listing, visit us at www.daytonastate.edu/ed.

Small Business Development Center
The Daytona State College Small Business Development Center is a partnership with the University of Central Florida and the US Small Business Administration. The Daytona State College SBDC is a team of certified professionals who are dedicated to providing management advice and training to potential and existing entrepreneurs. The Center's services include individual counseling, training workshops, a business resource center, specialized assistance as well as online classes. For more information please call (386) 506-4723 or visit our website at www.sbdcdaytona.com.

Florida Resource Center
The Florida Resource Center specializes in processes to identify workplace skills requirements, and then to develop curricula to meet these needs. A key methodology used by the Center is the DACUM (Developing a Curriculum) process. The Florida Resource Center performs DACUMS and leads focus groups for Daytona State as well as for other colleges both nationally and internationally. For more information, contact the director at (386) 506-3106.

Educator Preparation Institute

The Educator Preparation Institute (EPI) is designed for people with a bachelor's degree (other than education) who are interested in becoming highly-qualified, certified teachers in Florida. The EPI is a program approved by the state of Florida that leads to a five year Professional Educator's Certificate.

Those who successfully complete the EPI courses, program requirements, and all portions of the Florida Teacher Certification Exam (FTCE) are eligible to receive a five-year Professional Educator's Certificate.

New Smyrna Beach, Florida 321268

ACCREDITATIONS

Daytona State is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, GA 30033-4097: Telephone number 404-679-4501) to award the bachelor of applied science degree, two-year associate of arts, associate of applied science and associate of science degrees.

The College is a member of the American Association of Community Colleges and the Florida Association of Community Colleges, and is an approved institution of higher education for veterans and war orphans.

Please be advised that your photo may be taken and used in materials (including Daytona State's Web site) promoting the College. If you do not want your photograph used, please contact the Marketing Department at (386) 506-3153.

Global Education & Affairs

The Office of Global Education & Affairs (GEA) assists the college in preparing students to successfully compete in the job market, improve their quality of life, and embrace cultural diversity. The GEA seeks to increase global awareness throughout the college, while serving the international needs of the local community. The office assists faculty and staff in coordinating student study abroad programs. Currently we offer two study abroad programs; one program to England and another to Italy. Through its history, the GEA has produced study abroad and professional development opportunities in the United Kingdom, India, Mexico and Italy.

The GEA office houses the Office of International Students (OIS). The OIS assists international students in finding housing and host families, dealing with health insurance issues, and assisting in opening bank accounts. OIS also provides other community information, general advising from academic peer support to student activities, and on-campus student employment information. The OIS is located in Building 110, Room 208. The office can be reached at (386) 506-3888.

The GEA houses the Director of International Projects and the Center for International Business Education (CIBE). The GEA is responsible for developing international academic exchanges and linkages for the college, coordinating college study abroad programs, assisting in recruiting international students, seeking outside funding for and administering international education (IE) activities at the College, coordinating faculty and staff exchanges, assisting in IE curriculum development activities, and acting as liaison to public and private domestic and international agencies and associations.

Over the past several years the GEA has administered several projects for the College including a Workforce Development Project, funded by the US Agency for International Development (USAID) and AACC with the Universidad Regiomontana in Mexico to develop import/export programs and the Tertiary Education Linkage Program, funded by USAID and administered by the United Negro College Fund, as part of a consortium with Bethune-Cookman University and the University of Central Florida with Vista University in South Africa for curriculum development activities. Both of these projects have allowed the college to send faculty, staff and students for an overseas experience.

In addition GEA has continued its work with the government of the Dominican Republic, the Office of the President, the Secretary of Higher Education, Science and Technology, and a business association there to develop a community college in Eastern Santo Domingo: The Instituto Tecnico Superior Comunitario (The Superior Technical Community Institute). Activities were formally initiated in March 2007 with the signing of a contract with the Dominican government for $1.78 million sponsored by the Inter- American Development Bank (IDB). The inauguration of the Institute took place during the summer of 2008 and classes are expected to begin in 2010. A similar project was initiated in November 2007 with the signing of a contract with Government of the Bahamas, also sponsored by a $1.01 million IDB contract with the government of the Bahamas to restructure its Bahamas Vocational Technical Institute over a period of three years. That project includes the structuring of the BTVI to more closely reflect a US style community college.

Through GEA efforts, Daytona State College is continuing its participation in the North American Mobility program, in Hospitality Management, Tourism and Culinary Arts (NAMP). This is the College's 13th year of involvement with the NAMP program, during which more than 30 students have been exchanged with partner schools throughout Canada and Mexico. Additionally, in cooperation with the Center for Business & Industry, the Visual Arts/Graphics Department and the Tryone/Donegal Partnership in Ireland, the College recently completed its sixth year serving as host to students from Ireland for a 10-week program in Digital Media.

The College is entering its fourth year of participation in the Community College Initiative Program

(CCI), funded by the United States Department of State, Bureau of Educational and Cultural Affairs (USDOS/ECA) and administered by Community Colleges for International Development (CCID). By the conclusion of the 2009-10 academic year Daytona State College will have trained 47 students from the nations of Brazil, Indonesia, Pakistan, Turkey, Egypt, Costa Rica, Ghana, Nicaragua, Panama and South Africa in the fields of Hospitality and Tourism Management, Information Technology, Digital Media, Interior Design and Automotive Technology through one year scholarships awarded to participants of this program.

Closely related to the CCI program are the Fellowships in Technical Education, administered by Community Colleges for International Development (CCID) and jointly funded by the United States Department of State, Bureau of Educational and Cultural Affairs (USDOS/ECA) and the US Agency for International Development (USAID). This program brings professors and senior administrators from technical schools in Egypt to Daytona State College where they are introduced to our best practices in an effort to transform these technical schools to more closely reflect the United State's community college system.

The GEA is housed in Building 110 on the Daytona Beach campus Our offices are in rooms 206, 207 and 208. The Department's staff can be reached at (386) 506-3141, 506-3888, 506-3837, or 506-3675.

History

Over the past 50 years, Daytona State College has evolved from a small campus into an academically superior multi-campus institution providing educational and cultural programs for the citizens of Volusia and Flagler counties. It began in 1957 when the Florida Legislature authorized Daytona Beach Junior College as the state's first comprehensive community college. The College was divided into three divisions: college credit, adult education and the Mary Karl Vocational School. Although the three divisions were administered by one president, they essentially functioned as separate entities under the Volusia County School System.

Volusia County Community College, also a separate entity under the school system, merged with DBJC in 1965. The 1968 Legislature combined the divisions into a single administrative unit under a District Board of Trustees independent of the county school system. In 1971, the official name of the College was changed from Daytona Beach Junior College to Daytona Beach Community College.

In 2006, the college was authorized to begin offering its first bachelor's degree - the Bachelor of Applied Science in Supervision and Management. In spring 2009, the college began offering Bachelor's of Science in Education degrees. Additional baccalaureate level programs are being planned for future implementation to support the region's economic development and workforce needs.

To assure graduates that their diplomas and transcripts will reflect their achievement of a four-year degree, the District Board of Trustees and the state of Florida approved the college's request for yet another name change - Daytona State College.

Over the years, the college has fostered a tradition of excellence in academics and service to a growing community. A leader in the area's workforce and economic development initiatives, the College is continually developing new means to deliver educational services to the community. Daytona State College now serves more than 33,000 students annually.

The College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools and approved by the state of Florida to award associate of arts, associate of applied science, associate of science, bachelor of applied science, and bachelor of science in education degrees. Numerous professional and academic organizations confer special accreditation to various College programs. The College also is a member of the American Association of Community Colleges and an approved institution for higher education for veterans and war orphans.

College Catalog - Daytona State College Mission Statement

Vision

Daytona State College will be the destination of choice for education.

Mission

The mission of Daytona State College is to advance teaching, learning and innovation.

Daytona State College, a comprehensive public college, provides access to a range of flexible programs from community enrichment to the baccalaureate degree, emphasizing student success, embracing excellence and diversity, and fostering innovation to enhance teaching and learning.

Values

Community - The Daytona State College community encompasses our students, faculty, staff and the public we serve. Our community is built upon mutual respect, effective and open communication, and civic responsibility.

Integrity - Daytona State strives for the highest ethical standards in all areas of operation, including the fair and consistent treatment of all members of the Daytona State community. The college fully supports academic freedom and the right of intellectual pursuit.

Excellence - To achieve academic excellence, professionalism, and quality in all the programs and services we offer, Daytona State employs a system of continuous improvement based on assessment, accountability and engagement with the entire community.

Diversity - Diversity of people, thought and expression provides energy and vitality for the learning process. Daytona State celebrates both the originality and distinction of individuals and cultures, while at the same time valuing the common bonds that unite us as a global community.

Innovation - Innovation and creativity are the keys to our growth as an institution, as well as the growth and success of our students. Daytona State prides itself on its ability to adapt to a rapidly changing world, finding positive and creative solutions to the challenges it faces.

Student Success - There is no value more important than the success of our students. Our main goal is to provide students with the skills, knowledge and drive to succeed in the classroom, the workplace and in life. Beyond this success, we hope to instill in our students a lifelong love of learning.

Institutional Goals

- To fulfill its vision, carry out its mission, and live its values, Daytona State College pursues the following goals:

Provide Access

- Provide student services that increase student retention and success.
- Use best practices in enrollment management to enable members of the community to access educational programs that support their academic goals.

Emphasize Student Success

- Develop and promote courses, programs and services that are flexible and responsive to the needs of students and the community.

Embrace Excellence:

- Recruit, develop, evaluate and reward a quality faculty and staff to support and encourage performance, productivity and personal accountability.
- Adopt data-informed management strategies that link planning, resource allocation, program implementation and evaluation in a continuous improvement cycle.
- Develop and promote extracurricular and community programs and services that demonstrate that the college is a valuable member of the community.
- Engage in activities that support economic and community development, and exhibit social responsibility and community trusteeship.

Embrace Diversity:

- Create a structured and integrated program of initiatives and activities to promote knowledge of and sensitivity to issues of diversity.
- Infuse diversity into the curriculum to increase cultural competence and prepare students to live and work in a global society.

Foster Innovation:

- Improve online and automated academic and student services.
- Develop and evaluate online academic programs and incorporate instructional technologies into the teaching and learning process.
- Encourage the pursuit of innovative and creative strategies to enhance teaching and learning.

Enhance Teaching and Learning:

- Develop alternative instructional methods that recognize diversity in learning styles.

College Catalog - Southeast Museum of Photography

Daytona State College is the parent organization of the Southeast Museum of Photography (SMP), one of the largest photography museums in the nation and one of fewer than 13 such museums in the country. SMP presents more than 12 exhibitions annually, organized around such interdisciplinary themes as "Women's Worlds", "Time and Space" and "Behind The News."

SMP is very involved with academic and community programs at our College. Since its opening in April 1992, the Museum has mounted more than 300 exhibitions and produced more than 40 catalogues and publications. Each semester, the Museum presents films, lectures, seminars, workshops, professional classes and talks. The museum's education division produces academic support materials for a wide range of college and high school classes in conjunction with each new series of exhibitions. Public programs feature internationally known photographers, critics, writers and scholars.

The Museum offers Daytona State students extensive opportunities for internships and professional training, as well as paid and volunteer employment. Many of the Museum's former student workers are now employed in museums and galleries around the world. For more information visit the museum Web site **www.smponline.org**, or call (386) 506-4475.

SMP is located on Daytona State's Daytona Beach Campus, 1200 W. International Speedway Blvd., in the Mori Hosseini Building.

MUSEUM HOURS

Open: Tues., Thurs. and Friday, 11-5. Wednesday, 11-7, Weekends 1-5
June, July and December Hours are Tues. - Sunday, 12-4
Closed: Mondays, July 4, July 31-August 17, December 17-January 11, Daytona 500 Weekend, Thanksgiving Weekend, Daytona State College Spring Break.

College Catalog - The University Center at Daytona State College

At Daytona State College, you get an education with options. Daytona State offers a Bachelor of Applied Science degree in Supervision and Management, as well as Bachelor of Science degrees in Elementary and Exceptional Education.

Through its University Center, the College also partners with many other institutions of higher education to offer students the opportunity to stay close to home and continue their education beyond the associate degree.

Why earn a bachelor's degree?

Earning your bachelor's degree not only opens more opportunities for employment and careers, it also is one of the best ways to boost your income earning potential.

According to the US Census Bureau, people who hold bachelor's degrees earn an average $37,000 a year more than those with only a high school diploma. Nationally, college graduates made an average of $52,200 in 2008, the most recent figures available, compared with $30,400 for adults with a high school diploma. High school dropouts earned an average of $23,400 and those with advanced college degrees made an average of $89,400.

University Center partnerships also provide the opportunity for area citizens to participate in master's and doctoral programs close to home.

Our partner institutions

- The University of Central Florida
- Barry University
- Bethune-Cookman University
- Embry-Riddle Aeronautical University
- Northcentral University
- Capella University
- Nova Southeastern University
- St. Petersburg College
- The University of Phoenix
- The University of Florida
- Webster University

Daytona State also is in partnership with Florida State University, and continues to pursue other partner institutions as opportunities present themselves.

Serving Volusia and Flagler counties, UCF Daytona Beach is a state-supported, upper-level campus enrolling junior, senior and graduate students. UCF opened a local facility in 1968, specifically to serve students in East Central Florida who earn associate degrees from Daytona State and transfer students who complete two years (60 semester hours) at other approved public or private colleges and universities.

UCF is a member of the State University System and fully accredited by the Southern Association of Colleges and Schools. In addition to regional accreditation agencies, a number of scientific, academic and professional bodies confer special accreditation to various UCF programs. UCF serves more than 46,000 students throughout Central Florida.

UCF Daytona Beach partners with Daytona State in support of Florida's 2+2 program. With 2+2, you can complete an associate degree at Daytona State, then continue at UCF Daytona Beach for the completion of your bachelor's degree. Whether you are a first-year student or a student ready to enter your junior year, the partnership between Daytona State and UCF makes accredited public education accessible.

Programs at UCF Daytona Beach

UCF has added new program offerings to the Daytona Beach Campus. Students can complete the following undergraduate and graduate degree programs at UCF Daytona Beach.

Undergraduate

- Applied Science
- Business Administration
- Criminal Justice
- Early Childhood Education
- Elementary Education
- Exceptional Student Education
- Interdisciplinary Studies
- Legal Studies
- Nursing
- Photography
- Political Science
- Psychology
- Social Sciences
- Sociology
- Technical Education and Industry Training

Graduate

- Career and Technical Education
- Clinical Psychology
- Criminal Justice
- Educational Leadership
- Health Sciences: Health Services Administration
- Reading Education
- Social Work

College Catalog - Daytona State College Channel 15

Daytona State College Public Broadcasting is a non-commercial, educational television station and PBS affiliate that reaches more than 1.6 million people throughout Volusia, Flagler, Orange and Seminole counties. As a department of Daytona State, its state-of the-art digital television facility and production staff are the heart of a two-year degree program in Digital Television and Media Production. The program is the only one of its kind in Florida where students get real-world production training in a demanding, professional setting from the day they attend their first session.

In addition to quality programming from PBS and other regional program providers, Channel 15 offers a variety of locally produced programs intended to inform, educate and entertain viewers, and put Central Floridians in the spotlight. Daytona State College Public Broadcasting is one of only 10 public television stations licensed to a community college in the country.

On June 11, 2003, Daytona State College Public Broadcasting complied with the FCC (Federal Communications Commission) mandate to begin broadcasting digitally. In October 2003, the station completed its digital construction and installation and subsequently began delivering four separate streams of programming to viewers with digital television sets throughout a Central Florida nine-county span. Coverage now expands to Brevard, Osceola, Lake, Sumter and Indian River counties.

The current four streams of programming are:

1. a replication of Daytona State College Public Broadcasting's current analog channel;
2. The Daytona State Education Channel;
3. The Florida Knowledge Network, which comprises programming for the K-12 audience and
4. The Florida Channel, which provides coverage of the Florida Legislature.

A committee of 35 college employees, representative of all disciplines and aspects of the college, is currently working to analyze the best uses for the Daytona State channel. As a result of the initial research, the group has determined that there is a wealth of opportunities for using the channel to benefit the college. Exploration into college marketing, curriculum development and/or expansion of our presence with business and community partners in the new coverage area is currently under way. With 80 percent of households expected to be converted to digital technology by 2008, the group will be experimenting and exploring all of the options in preparation for complete rollout between now and 2009.

Students and volunteers are an essential part of the Daytona State College Public Broadcasting production team. Throughout the year, college staff and students may also get involved by volunteering their time during a special event, pledge drive or other local production. Assignments range from running a camera, to assisting with mailings, to serving as a tour guide. For more information, contact Bruce E. Dunn, associate vice president and general manager, at (386) 506-4576.

College Catalog - Academic Information

Contemporary education should provide a level of knowledge that all members of our society must possess regardless of any specialized occupation or profession. To this end, Daytona State College has designed its curriculum to provide you with sufficient knowledge which will permit you to be a more responsible, articulate and informed citizen. Over 100 programs are offered at the Bachelor, Associate, and certificate level.

College Catalog - Adult Education

Daytona State provides several options for students who need to earn a high school diploma, improve their basic skills or prepare for college. Students must be 16 years of age or older and not currently enrolled in a public school system. The courses are offered during the day, afternoon and evening on campus and at various locations throughout the county. The courses are free of charge to qualified students. For more information regarding any of the programs call (386) 506-3059 or (386) 506-4471.

1. **Adult Basic Education (ABE)** classes are designed to prepare students for the academic requirements of the Adult High School, GED preparation classes and select certificate programs.

2. **English for Speakers of Other Languages (ESOL)** classes are available to qualified adults who wish to improve their English language skills to enter college and the workforce.

3. **General Educational Development (GED)** classes are offered to prepare students for the GED examination. Students are responsible for the purchase of textbooks for this program. For specific test information, please see Assessment Services.

4. **Daytona State High School** provides students the opportunity to earn a standard high school diploma. All Florida State Standards, including the Florida Comprehensive Achievement Test (FCAT), are required for high school completion. Students are responsible for the purchase of textbooks for this program.

5. **Vocational Preparatory Instruction (VPI)** provides instruction in reading, mathematics, language arts, workforce readiness (employability), and study skills. This program is beneficial to students enrolled in career (vocational) education programs who need assistance developing basic skills or satisfying test requirements

6. **Citizenship** courses prepare students for the U.S. Naturalization test and are offered at limited times and locations throughout Volusia County.

7. **Adult Tutoring Services** are provided in partnership with the Volusia Literacy Council, Inc. Trained tutors work with adults on an individual and/or group basis to improve literacy skills.

8. **Adults with Disabilities Program** classes provide academic, employment and social skill development to adults with documented disabilities. Locations include the ARC, Conklin Center and United Cerebral Palsy of East Central Florida. For more information, call (386) 274-0169 or (386) 506-3881.

College Catalog - Associate of Arts: Psychology Areas of Specialization Certification

Daytona State College offers students who have declared Psychology as their major program code the opportunity to specialize in one of four different applied areas. These students can receive recognition for taking courses focusing in Marriage & Family (Relational) Psychology, Experimental & Research Psychology, Clinical & Counseling Psychology, and Developmental Psychology. Students who plan to major in Psychology at the baccalaureate level will be better prepared by taking courses in one or more of these focus areas. To receive recognition for completing a psychology focus area, students who have completed Introduction to Psychology (PSY1012) must complete nine semester hours of specific coursework in Psychology. Students who are interested in a Psychology focus area should meet with an academic advisor early in their tenure at Daytona State College to establish an academic plan that will ensure that all program requirements will be met. For more information on this program, students may also contact the department chair, Dr. Ron Morrison at (386) 506-3918, or the department assistant chair, Mr. Nick Petropouleas at (386) 506-3409.

College Catalog - Associate of Arts Transfer Degree Program

Daytona State College's AA degree transfer program is as easy as 2+2. Two years at Daytona State followed by two years in Daytona State's Bachelor of Applied Science degree or Bachelor of Science in Education degree program, or two years at a college or university that is part of our University Center or located elsewhere. You spend your first two years at Daytona State taking the same courses you would take if you were a freshman or sophomore at a four-year institution. That means you plan your program of study around the major or career you want to pursue and the four-year institution you plan to attend. You graduate with your AA degree from Daytona State, transfer to the four-year program and earn your bachelor's degree. This is exemplified by our Athletic Training Education Program.

Daytona State students perform better in the same courses as four-year college or university freshmen and sophomores. They have been doing so consistently for years. More than 90 percent of our AA degree graduates transfer to state four-year institutions. Our graduates usually earn better grades than their friends who started at the four-year schools.

Our courses are designed to meet standard four-year institution requirements; however, you should know the requirements of the four-year college or university you plan to attend. Different majors require a specific course of study during the first two years of college.

Colleges and universities periodically change their requirements for a major. Information about majors and the Florida colleges and universities that offer them are available in the Career Planning Center.

College Catalog - Associate of Applied Science and Associate of Science Degree Programs

The two-year AAS and AS degree programs prepare students for careers which require specialized college-level training. The programs are tailored for immediate entry into business, health, human services, engineering technology, nursing, computer science, technical and public services careers. All AAS and AS degree programs can transfer into Daytona State's Bachelor of Applied Science degree program.

College Catalog - Athletic Training Education Program (ATEP)

Daytona State College offers a unique opportunity for students to prepare to successfully transfer into an accredited athletic training program at a four-year college or university. Students may complete their first two years of prerequisite courses at Daytona State while gaining valuable experience under the direct supervision of NATABOC-certified athletic trainers (ATC's). Athletic training students work with Daytona State's Division I sports program at both practices and intercollegiate competitions to assist in providing care for athletic injuries.

More information can be found on the ATEP website at http://www.daytonastate.edu/athletic_training/index.html. Follow the links to Health/Wellness Academics. You may also contact Kim Csabi, ATC, Director of Sports Medicine, at 386-506-3989.

College Catalog - College Preparatory Program

The College Preparatory Program at Daytona State helps students develop the skills essential for academic success. The curriculum emphasizes reading, communicating and learning through writing, basic mathematical concepts and effective life and study skills. The College Preparatory Program consists of non-college credit courses in reading, writing and mathematics and two college credit courses, Intermediate Algebra and Dynamics of Student Success, both of which can be used toward the A.A. degree. Students who place into REA0001 or REA0002 are required to take Dynamics of Student Success, SLS1122, during their first semester at Daytona State.

For students, whose first language is not English, Daytona State offers college preparatory courses through its ESOL program in the Department of Adult Education.

College Catalog - College Your Way

Daytona State offers a variety of courses that provide flexible delivery methods and formats, and convenient meeting times. These non-traditional approaches to traditional education are designed for individuals with busy lives. Students can choose more convenient schedules such as those offered by the seven-week courses, Half and Half classes, Florida Online at Daytona State College, Web-Enhanced, and Weekend College courses.

Seven-week Courses
Daytona State's seven-week courses are designed for students who want to earn their degrees as quickly as possible. These courses are the same college credit courses that are offered during our traditional 15 week semesters, only they are condensed into seven weeks. Course start dates vary. Click here to search for these courses and select Subsession A or B.

On-line (Totally)
Courses that are delivered 100% online. Students access the course through the Internet via Daytona State's learning management system. Students are charged an additional fee of $25 per credit hour. For course access and computer requirements, go to http://online.daytonastate.edu. To search for On-Line (Totally) courses select On-Line (Totally) for Instructional Method, and please read "View Comments".

On-Line (Partially)
Courses that have some seat time and some online delivery. Seat time may vary from 25% to 75% of the hours needed to complete the course The remaining hours devoted to the course are delivered through the Internet via Daytona State's learning management system. Depending on the percentage of online activity, students are charged an additional free ranging from a flat rate of $15 per course to $25 per credit hour. For course access and computer requirements, go to http://online.daytonastate.edu. To search for On-Line (Partially) courses select On-Line (Partially) for Instructional Method, and please read "View Comments".

Other Technology
Your instructor will explain what the requirements for these courses are.

Weekend Courses
Daytona State's weekend courses are designed for those who only want to earn their degrees on Friday, Saturday or Sunday. To search for weekend courses select 'Weekend' for class type.

College Catalog - Cooperative Education/Internships

Cooperative Education empowers you to get a head start in meaningful professional employment.

Students in Co-op will learn through hands-on experience in their chosen field of study.

Internship experience is a great way to gain work experience in a new profession. This experience will be valuable, not only during your enrollment at Daytona State, but also after graduation as you build your professional resume.

To be eligible, you must be admitted to an AAS, AS, or certificate program. Your Department Chair will work with faculty and staff to help you to arrange a field placement related to your major. Whether you are paid or unpaid is left to the discretion of the employer.

Co-op and internships will give you a competitive edge when applying for employment after graduation. Many co-op jobs are posted on the on-line job listing through Career Services Online (CSO): https://myinterfase.com/daytonastate/student/ .

For additional information, contact the Chairperson of your Department, or Career Services.

College Catalog - Florida Online at Daytona State College

Through Florida Online, students may obtain degrees/certificates with limited or no visitation to campus. Currently, students may obtain an AA or BAS degree online. Students may also work toward many AS degree options. To take online courses, a computer with Internet access is needed. The student should have basic computer skills and the ability to use e-mail, copy, paste, save and upload files.

On-Line (Totally) courses are conducted via the Internet, with instructor contact made through e-mail, discussion boards, chat rooms, phone and voice-mail. Students taking online courses will be required to pay an additional fee of $25 per credit hour. To search for Online (Totally) courses, when on the Search for Courses webpage, select "On-Line (Totally)" for Instructional Method, and read "View Comments". For course access and computer requirements, go to http://online.daytonastate.edu.

Florida Online at Daytona State also offers courses that are web-enhanced (partially online). These are courses that meet partially online and on campus. Time on campus may vary from 25 percent to 75 percent of the hours needed to complete the course. Depending on the percentage of online activity, students are charged an additional free ranging from a flat rate of $15 per course to $25 per credit hour. To search for On-Line (Partially) courses, when on the Search for Courses webpage, select "On-Line (Partially)" for Instructional Method, and read "View Comments".

For more information, we are located in Building 210 on the Daytona Beach Campus or visit us online at http://online.daytonastate.edu.

General Education

General education at Daytona State College constitutes the academic preparation for participation in a pluralistic society and global community and is the basis for lifelong learning. It is a framework for the acquisition and use of broad bodies of knowledge and a foundation of intellectual, social and ethical skills and behaviors. Through the general education curriculum, students will:

- Acquire basic understandings of the humanities and cultural arts; mathematics; the social, behaviora and natural sciences; and an appreciation of their interrelatedness;
- Develop computer literacy and the ability to access, evaluate and manipulate data electronically;
- Develop effective written and oral communication skills;
- Develop mathematical understandings and computational skills;
- Develop evaluative and problem-solving skills to make informed judgments in a variety of contexts.

General education requirements comprise an important part of the hours necessary for the associate of arts, associate of applied science and associate of science degrees.

Daytona State College considers the knowledge, skills and attitudes cultivated by the general education curriculum vital for educated men and women in our society.

General Education Competency Components

Competency	Component
Critical Thinking / Scientific Inquiry	Demonstrate evaluated and problem-solving skills to make informed judgments in a variety of contexts.
Aesthetic Appreciation	Demonstrate a basic understanding of the humanities and cultural arts; mathematics; the social, behavioral and natural sciences; and an appreciation of their interrelatedness.
Computation	Demonstrate mathematical understanding and computational skills.
Communication	Demonstrate effective written and oral communication skills.
Computer Literacy	Demonstrate computer literacy and the ability to access, evaluate and manipulate data electronically.

College Catalog - General Education Requirements for Associate of Applied Science and Associate of Science Degrees

A minimum of 15 credits in specific general education courses is required to complete the AAS and AS degree. The 15 credits include at least one course from each of the following general education core areas: Communications; Humanities, Cultural & Aesthetics; Behavioral & Social Sciences; and Natural Sciences/Mathematics. The Gordon Rule requirements apply. Appropriate competencies in oral communications and/or basic use of computers have been included in program specific courses for those programs not requiring general education courses in these areas.

Complete program descriptions and requirements are listed in this catalog. For information about the AAS or AS degree or certificate programs, contact an academic advisor, the School's chairperson or assistant chair, or the specific College Associate Vice President.

Honors College

The Honors College at Daytona State College offers students with proven academic ability an assortment of challenging courses to satisfy their intellectual curiosity and quest for knowledge. Most students enrolled in the Honors College intend to earn their bachelor's degree upon graduation from Daytona State College. That is why we place an emphasis on the arts and sciences, and tailor instruction toward preparing students for university transfer and success. Honors classes are small and offer instruction that is more individualized. Other features include:

- Opportunities for outstanding achievement
- Highly motivated fellow students
- Emphasis on critical thinking and leadership skills
- Lively exchange of ideas with other students and faculty
- Thought-provoking curriculum
- A formal research program
- Scholarship advice and recommendations
- Curb Scholar Program
- Individual academic counseling
- 10% tuition reimbursement for each semester the student qualifies
- Special recognition at commencement
- A competitive advantage upon transfer

Honors College courses also encourage students to pursue their own special interests through independent study. For those who are up to the challenge, the Honors College at Daytona State can help students along the road of self-discovery and to prepare for college after Daytona State.

For further information, please email or call Dr. Andrea Reese, Chair of the Honors College. Telephone: (386) 506-3337. Email: reesea@DaytonaState.edu.

Entrance Requirements

Students may apply for admission to the Honors College if they meet the following criteria:

- **Minimum College Placement Test (CPT) Scores:**
  Reading - 100
  Writing - 95
  Elementary Algebra - 59
- **Minimum SAT Scores:**
  Verbal - 600
  Math - 500
- **Minimum ACT Scores:**
  Reading - 25
  Writing - 23
  Math - 20

Graduation Requirements

Students who wish to graduate from the Honors College must complete the following:

- The Honors College Orientation & Training during the first semester of Honors College, as scheduled

- Establish during the first semester of Honors College an Honors College Committee which consists of "2" Honors College faculty members - one of which will be identified as the "Student's Committee Chairperson & Honors Advisor"
- The Honors College section of Introduction to Statistics (STA2023), and Introduction to Research Methodology (PSY2932), both with a grade of "B" or better, by the end of the Freshman year (e.g., 30 credits), or before taking more than 6 semester hours of Honors Courses
- Modern American Literature (AML2050), and one of the Honors College offerings in Science (e.g., Science, Fiction, and Films - BSC2930, or Physical Science Honors - PSC1121), both with a grade of "B" or better
- An approved 2-year Research Project and Thesis
- A passing grade on the Honors College General Education Final Qualifying Examination
- A minimum total of 18 hours of Honors College credit with a grade of "B" or better
- A cumulative GPA of 3.25 or better
- Other requirements as determined by the Honors College

College Catalog - Learning Communities

Daytona State's Learning Communities offer an alternative to traditional college classes. These courses are integrated with a common theme and emphasize collaborative teaching and learning.

Linked Classes

One of the advantages of college is learning how to see the world from different perspectives. Linked classes--separate courses joined by a theme--are an excellent way for you to do just that. In a linked class, you will work closely with other students and faculty to discover relationships between different subjects. Also, you will experience the excitement and challenge of active learning as you work together to solve problems and think critically.

What are the benefits of linked classes?

- Students understand how subjects and issues are interrelated and can cross subject matter boundaries.
- Learning Communities provide an academic community for students who attend commuter schools.
- Students become active and responsible participants in their own education. High-level critical thinking is encouraged.
- Students and faculty find intellectual interaction and connection with each other.
- The exposure to diverse populations and the opportunities to explore and understand diverse perspectives are great.

For detailed program information call (386) 506-3802 and talk to Dr. Casey Blanton, Chair of Learning Communities, or e-mail her at blantoc@daytonastate.edu.

The QUANTA Learning Community: An Integrated Freshman Experience

QUANTA is a nationally-recognized Learning Community where students and faculty work together to share their learning experiences.

As a QUANTA student, you'll work with three faculty members who collaborate in teaching the sociology, cultural arts and English courses. You will participate in groups with other students to share your ideas, thereby gaining different perspectives on the topic you are studying. You'll develop your critical thinking, reading and writing skills, group and leadership skills and will benefit from a flexible learning environment. Through this experience of community, you'll develop a greater sense of involvement with the other students and faculty.

QUANTA integrates traditional college courses with a common theme and offers students the challenge of seeing and exploring the relationships between subjects and ideas within those subjects. QUANTA courses satisfy general education requirements for all majors in AA degree programs. All students who qualify for ENC 1101 and need the AA classes are welcome to register for QUANTA.

The Florida Board of Community Colleges has recognized the QUANTA Learning Community as one of the outstanding academic programs in Florida in higher education.

For detailed program information contact Dr. Casey Blanton, Chair of Learning Communities, at (386) 506-3802 or through email at: blantoc@daytonastate.edu.

College Catalog - Occupational Certificate Programs

Daytona State's certificate programs prepare you for those jobs that require one year or less of training. Most certificate programs are offered for vocational credit. However, some college certificate programs provide credit toward AAS and AS degrees. College credit certificate programs are identified in the program guides listed in this catalog.

College Catalog - Recognition of Academic Excellence

Daytona State students who have pursued and achieved academic excellence during their course of study may be eligible for one or more of the following honors.

- **President's List** - Students are eligible if they earn at least six semester hours of credit and have a 3.8-4.0 semester GPA. The names of students achieving this honor are published on the Daytona State College Web site for the Fall and Spring semesters. (Developmental courses that do not count in the GPA calculation are excluded.)

- **Dean's List** - Students are eligible if they earn at least six semester hours of credit and have a 3.2-3.79 semester GPA. (Developmental courses that do not count in the GPA calculation are excluded.)

- **Honors Recognition** - Students who graduate with high cumulative GPAs are recognized at graduation as follows: High honors (3.8-4.0 GPA) and honors (3.2-3.79 GPA) and a statement will appear on transcript. (Developmental courses that do not count in the GPA calculation are excluded.)

- **Hall of Fame** - Daytona State's highest honor in scholarship, leadership and citizenship is presented at the annual awards ceremony.

- **Outstanding Student Awards** - Each department presents these at the annual awards ceremony to students in BAS, AA, AAS and AS degree and certificate programs. Students involved in extracurricular activities are also recognized.

- **Florida Blue Key** - The University of Florida awards its community college leadership honor to one outstanding female and male from each of Florida's 28 community colleges.

- **Phi Theta Kappa** - This is the only nationally accredited honors organization for two year colleges. Daytona State 's chapter is Mu Rho. The Mu Rho office is in Building 130, Room 107 on the Daytona Beach Campus. For information about membership and activities, call the Daytona Beach Campus office at (386) 506-3330. This is an international honors society that is open to AA, AS, and AAS students who meet certain academic criteria.

- **Who's Who** is awarded annually by the National Organization of Who's Who in American Community and Junior Colleges.

- **Sigma Beta Delta** - This is an international honor society that is open to students in the BAS program who meet certain academic criteria.

College Catalog - State of Florida Articulation Agreement

According to the articulation agreement among all Florida public institutions of higher learning, students who receive the Associate of Arts degree from Daytona State are guaranteed entry into one of Florida's four-year upper division public institution as juniors. Daytona State also maintains a similar agreement with most of the state's private institutions.

Although an AA degree guarantees admission to an upper division institution, it does not guarantee acceptance to a particular university's selected, special or limited access programs. Associate of arts degree recipients compete for admission to these programs on the same basis as students already enrolled at these institutions.

Course Substitutions

There are two types of course substitutions, one in which a student submits a request to the Chair or Assistant Chair of their program of study asking that a course previously taken be substituted for a program-specific course or a general education core course. If the Chair or Assistant Chair agrees to the substitution, a Course Substitution form is completed and is routed to the Associate Vice President (AVP) over the program who may approve or deny the request. If the substitution request is for a general education core course, the Course Substitution form must also be sent to the AVP in charge of the general education curriculum who may approve or deny the request.

These requests must be in writing to the appropriate Chair or Assistant Chair. They may be presented as a hard copy or email request sent from the student's Falcon Mail address. These substitutions can only be approved if it is determined that the substitution does not substantially alter the program and is in the student's best interest.

If denied, the student must be given a written justification for the denial.

The second type of request is one based on a documented disability. To be eligible for this type of substitution, the student must be registered with Student Disability Services and have a diagnosed disability on file with the Student Disability office that states specifically the subject affected by the disability.

Disability-based Course Substitution Requests

1. The student must provide Student Disability Services a diagnosis stating the disability and the specific subject affected by the disability.
2. The student must submit a petition for a course substitution. This petition must include the following:
   a. Documentation of the his/her disability, which is the basis for the petition
   b. Proof that his/her failure to meet a course requirement is caused by his/her disability
   c. A copy of his/her complete college transcript and current class schedule
   d. A list of the accommodations that he/she could use in lieu of a course substitution
   e. Documentation that he/she has identified his/her program of study, intended degree, and identified the transfer institution to which he/she plans to matriculate
   f. His/her completed, signed and dated Course Substitution Form
   g. A typed essay that conforms to the conventions of Standard English in which the student explains the following:
      i. That he/she understands that the course substitution, if granted, only applies to the program of study at Daytona State College indicated on the Course Substitution form;
      ii. What his/her education plans are after receiving the degree for which they are applying to have the substitution and that he/she understands the future graduation requirements and how this substitution may impact on the future degree he/she may pursue.
      iii. If the substitution is for a mathematics course or courses, the essay must state if the student will be expected to complete a course requiring a mathematics course as a pre-requisite or complete a specific mathematics course for the degree above the degree for which the substitution is being requested.
      iv. If the student is not planning to continue their education beyond the degree for which the substitution is requested, that must be stated in the essay.
3. When an SDS Advisor or the Director determines that the student's course substitution petition is accurate and complete, he/she will submit it to Chair of the Disability-based Course Substitution Committee.
4. The Committee Chair and, if necessary, the appropriate chairperson for the course(s) involved will schedule an appointment to meet with the student. At this meeting, the student will state verbally and sign a document stating that he/she understands the limits of the course substitution. The committee decision will be in writing and if denied, will provide the student with written justification for the denial.

Appealing the Denial of a Substitution based on Disability

Students may obtain appeals forms from the Student Disability Services Department

A. The Vice President of Academic Affairs shall administer the appeals involving denials of course substitutions, degree requirement substitutions, and graduation requirement substitutions. A student denied a substitution must file his/her written appeal to the Vice President within thirty (30) days of receiving his/her written notification of denial. The Vice President shall render his/her decision in writing to the student within thirty (30) days after receiving the appeal.

B. The Vice President of Enrollment Services shall administer the appeals involving denials of admission requirement substitutions. A student denied a substitution must file his/her written appeal to the Vice President within thirty (30) days of receiving his/her written notification of denial. The Vice President shall render his/her decision in writing to the student within thirty (30) days after receiving the appeal.

C. The decisions of either Vice President are final.

Disability Waiver for the Test of Adult Basic Education (TABE)

Daytona State College provides waivers to astudents with disabilities as defined in Section 1004.02(7) of the Florida Statutes to meet the career basic skills grade levels required for completion of career programs as described in rule 6A-10.040 (2). Accordingly, any adult student of Daytona State College with a documented disability that is registered with Student Disability Services (SDS) and has completed his/her occupational program of study with a cumulative GPA of 2.0 or greater may petition to receive a waiver for the TABE exit exam after attempting to pass it on at least two occasions.. .

Prerequisites for Petitioning for an Exemption of the TABE Exit Requirement

1. The student must have completed his/her occupational program of study with a cumulative GPA of 2.0 or greater.
2. He/she must have the recommendation of his/her occupational program manager.
3. He/she must have documentation on file in Student Disabilities Services that shows his/her disability substantially interferes with his/her ability to pass the TABE exit requirements.
4. He/she must have taken the TABE two times before petitioning for an exemption.

Process to Petition for a TABE Exemption:

1. Students will complete a TABE Waiver Request Form after meeting the requirements listed above. Forms are available in the Student Disabilities Services office.
2. The TABE Waiver committee will include the following college officials:
   ◦ The Vice President or Dean of Occupational Programs
   ◦ The program manager of the specific occupational program of study or his/her representative
   ◦ The SDS Director or his/her representative
   ◦ The Director of Assessment Services or his/her representative
3. To deliberate the petition for a TABE Waiver, the Committee should consider the following:
   ◦ The student has a disability that substantially interferes with his/her ability to pass the TABE exit requirements and is registered with SDS
   ◦ The student's achievement in his/her occupational program of study
   ◦ The student's remediation effort to satisfy the TABE exit requirement
   ◦ The student's job opportunities and any other pertinent data.
4. The Committee shall approve or disapprove the student's petition for a TABE Waiver based on a majority vote.
5. Documentation of a student's petition for TABE Waiver shall be maintained by Daytona State College for audit purposes. The student's TABE Waiver Petition Form will be posted in his/her SDS record. Daytona State College may report a student with a TABE Waiver as a program completer.
6. Whenever the committee disapproves a student's petition for a waiver of the TABE exit requirement, he/she may appeal the Committee's decision to the Vice President of Academic Affairs

and the Vice President of Enrollment and Student Development. The student must file his/her written appeal within thirty (30) days of receiving his/her written notification of disapproval. The Vice Presidents shall render their decision in writing to the student within thirty (30) days after receiving the appeal.

7. Daytona State College, Assessment Services institutional policy is based upon the Basic Skills Exemption, Rule 6A-10.040 FAC.

College Catalog - Summer Study Abroad at Cambridge University

Daytona State offers several different opportunities for students to study abroad. These include a program of study at Cambridge University in England during the summer. Students register for academic credit through Daytona State or choose to audit the Cambridge courses while attending one of the world's oldest (established 1209) and most prestigious universities.

Students also have the opportunity to study in other countries such as Italy or Spain.

For more information regarding study at Cambridge University, contact Samuel Goldstein as (386) 506-3617; for information on study in Italy contact Vincent Piazza at (386) 785-2079; and for information on study in Spain contact Elias Lorenzo-Lorenzo at (386) 506-3541.

Daytona State College Admissions

If you're considering a college that can offer you a quality education at an affordable cost, Daytona State College is the right place for you. Fo
more than 50 years, Daytona State has been the institution of choice for thousands of Volusia and Flagler County residents as well as students
from all over the state, country, and internationally. In addition to the Associate of Arts/University Transfer degree, Daytona State also offers
more than 100 associate of science degrees and certificates, as well as the Bachelor of Applied Science degree in Supervision and
Management and five Bachelor of Science in Education degrees. Daytona State features small class sizes, personal attention from expert
faculty, six campus locations and convenient, flexible class schedules that can fit your busy lifestyle.

We offer you a comprehensive college experience, including career planning, varsity athletics, student clubs and cultural events. Whether
you've been out of school for some time and need help preparing for the rigors of college studies, or are ready to take on the challenge of our
acclaimed honors programs, our dedicated staff and faculty are ready to help you achieve your goals at Daytona State.

Great value
Daytona State College is less expensive than other colleges for similar classes. Offering quality education at affordable prices, it is the best
value in higher education today! Student financial assistance is also available to those who qualify.

Over 100 degree and certificate programs to choose from
Daytona State College offers many degree and program options to fit your life goals, whether you want to: gain short-term training to start a
career, build new skills, or transfer to other four-year public or private colleges or universities.

Seamless transfer to other four-year colleges and universities
Daytona State College students transfer seamlessly to many public and private colleges and universities every year. They save hundreds,
sometimes thousands of dollars by starting at Daytona State College.

Bachelor degree programs offered
Daytona State College offers the Bachelor of Applied Science in Supervision (BAS). Your Associate degree program prepared you to enter
the job market at an entry-level or mid-level position. The BAS program will broaden your knowledge of applied management practices and
put you on the path to career advancement.

The College also offers five Bachelor of Science degrees in Education: Elementary Education, Exceptional Student Education, Secondary
Mathematics Education, Secondary Biology Education, and Secondary Earth/Space Science Education for students whose dream is to become
a teacher.

These programs incorporate an innovative curriculum with cutting-edge technology. Our experienced faculty is dedicated to providing
students with the essential knowledge and strategies needed to become a successful teacher.

Short-term training to begin a career
If you are aiming to enter the workforce as soon as possible, or improve your skills, Daytona State College's career programs prepare you to
go right into high-demand careers. Check out the list of Associate of Science, Associate of Applied Science and Certificate programs to find a
program that fits your goals: immediate career entry after graduation.

Small class sizes
With a 19:1 student/faculty ratio, you will receive individualized attention from faculty who care. No large, impersonal lecture halls here!

Great professors who care
Because Daytona State College faculty members are dedicated to teaching instead of research, their focus is on your learning. Your professors
will know your name and care about your perspectives and success. You can ask additional questions or discuss coursework during their
office hours.

Superior student services
Not only will you receive personal attention in the classroom, but all across the campus. Tutoring, career services, advising and counseling are
just some of the student-centered services available.

Academic support services
The Academic Support Center offers free tutoring and individualized assistance to help you succeed in your classes. You can drop in anytime
for math and writing assistance or make an appointment for tutoring in other subjects.

Day/evening on-site and online courses

Daytona State College offers courses during the day, at night, online, weekends and through independent study and self-directed modular learning. Please see the college Florida Online website at http://www.daytonastate.edu/online for the variety of classes being offered.

Up-to-date facilities

Our main campus is located on 100 acres in Daytona Beach, with regional campuses located throughout Volusia and Flager counties. All of the facilities include multimedia classrooms and computer labs equipped with the latest software.

Fully accessible campus

Daytona State College is fully-accessible to students with disabilities. An array of services and accommodations can also be arranged through the Coordinator for Students with Disabilities. The College has adaptive computer equipment to assist with technology services to help students with disabilities achieve academic success. For more information, contact the Director of Students with Disabilities.

Honors Program and Quanta

Daytona State College's well-respected Honors Program is perfect for students seeking to transfer to other competitive four-year colleges or who want an additional intellectual challenge. Honors Program students receive special recognition at graduation and on their official transcripts.

QUANTA is a small, nationally recognized learning community that combines several traditional courses under a common theme offering students the challenge of seeing and exploring the relationships and ideas between seemingly unrelated subjects.

You will participate in groups with other students to share ideas and explore a multitude of viewpoints. This sense of community will help you to develop a greater sense of involvement with other students and your professors, while the group skills that you gain will be invaluable to you later in the workplace.

Academic Advising

Academic Advising is an important part of getting started and staying on the right path as you move closer to your educational, career and personal goals. Advising provides you with specific details about your courses, programs and policies that affect you.

Professional Academic Advisors are available on each campus to:

· discuss your educational goals and the programs and courses available to help you meet those goals

· help you understand the College's rules, regulations and policies

· help you find information on transfer programs and how to best prepare to meet transfer requirements.

First Semester Advising
Each new student is required to meet with an Academic Advisor to get placement test results. During that meeting, you will have the opportunity to discuss placement requirements, required course work and policies governing allowable first-semester courses and program requirements. You are encouraged to meet with an Academic Advisor early and become familiar with registration dates and the academic calendar. You are responsible for selecting your course meeting days and times and to register for your courses via web registration or in the Falcon Center on the campus of your choice. More specific descriptions about services, contacting the department and information about the staff are available under Academic Advising at http://www.daytonastate.edu.

Continuing Student Advising

Both Professional Academic Advisors and Faculty Academic Advisors are available to advise you during continuing semesters.

· If you are enrolling in an A.S., A.A.S., or Certificate program, you will be assigned to a faculty academic advisor during your first semester of coursework. The faculty advisor teaches in your program of study and can provide you with extensive background knowledge about program requirements for your major.

· If you are enrolled in developmental classes, you will be assigned an academic advisor to ensure you have someone to turn to for help if you need it. In addition, prior to registration for the next term an "Advising Hold" will be placed on your record if you are in developmental classes. All you must do to get this removed is see your advisor. National advising data shows that students in developmental classes are more successful when they have someone at the college they feel they can turn to for help. This hold enables your advisor to make contact with you and be sure you are getting the help you need to be successful.

· If you are enrolled in an A.A. degree program, you can see either a Professional Academic Advisor or a Faculty Academic Advisor. Either advisor can provide you with information about how to meet degree requirements and offer referrals for how to learn more about transfer information and requirements.

You are encouraged to contact an advisor each semester. You can find out who your advisor is and how to contact him/her using Online Services and selecting Your Student Information. If there is no advisor listed, you can either visit the Academic Advising Center located in Bldg. 100 on the Daytona Beach Campus or talk to a faculty member in your major.

You will receive email notifications throughout the semester regarding advising information. We encourage you to check your free Falconmail email account often.

College Catalog - Academic Standards of Progress

Standards of Academic Progress have been established to help students stay on track and maintain a satisfactory GPA for graduation. The Records Office administers the policy by tracking student progress and notifying the students and their respective departments of the student's status.

All courses on the transcript will be evaluated, except for Developmental courses. For associate and bachelor's degree candidates, academic progress will be monitored once a year at the end of the spring semester, except for those on probation who have their progress monitored each semester. For certificate candidates, academic progress will be monitored at the end of each fall and spring semester.

To remain in good standing and be making satisfactory academic progress, a student must meet the following criteria:

Associate Degree Students: Progress monitored at the end of each spring term.

Earned Credits	Minimum CGPA
0-29	1.7
30-59	1.9
60+	2.0

Bachelor's Degree Students: Progress monitored at the end of each spring term.

Earned Credits	Minimum CGPA
Less than 89	1.7
90-119	1.9
120+	2.0

Certificate Students: Progress monitored at the end of each semester.

Earned Credits	Minimum CGPA
0-15	1.7
16-23	1.9
24+	2.0

Good Standing
Students are considered to be "in good standing" if they have met or exceeded these criteria.

College Catalog - Academic Second Chance Policy

The Second Chance Program does not apply once a Certificate or a degree (associate or bachelor's) has been earned. The program will only apply to additional courses taken toward a subsequent degree. The Academic Second Chance Program can only be used once in a lifetime.

A. Academic Second Chance Policy – Daytona State College Returning Students
The Academic Second Chance Program allows former students of Daytona State College who return to college after a three calendar year break in higher education enrollment to have coursework with a grade of "F" be excluded from Daytona State College GPA calculations once their appeal is approved.
Requirements:

- Return to Daytona State after a minimum of a three-year break in higher education enrollment
- Complete 12 credits, completing all courses attempted (college preparatory courses are not counted)
- Earn a "C" or higher in all courses attempted
- Submit a petition to the Records Office for review. (If a student petitions after completing more than 12 credits, all credits attempted must have been completed with a 2.0 GPA to be considered for amnesty.)

Students who are repeating courses that had a prior grade of "F" will still use the current grade forgiveness policy that uses the most recent grade when calculating GPA.

If a student has earned a certificate and subsequently takes additional courses toward an associate degree, only the new courses taken would be applicable to this policy. The same applies to students who return for a second associate degree. Grades for courses that qualify for this amnesty program will be changed to "AM" to indicate the amnesty was applied. The following statement will be added to the student's transcript when the petition is approved: "Academic Second Chance Policy has been applied." The transcript legend will indicate the "AM" grade replaced an "F" grade.

All courses remain on the transcript. Students planning to transfer to another college or university will be cautioned that the receiving institution may use all original grades earned when computing a GPA for admissions eligibility or for other purposes. This Academic Second Chance Policy can only be used once in a lifetime. Courses that receive amnesty will still count for the Financial Aid Satisfactory Progress Policy with regard to attempted/earned credits. Academic Second Chance has no effect on the student's financial aid award history. It also has no effect on the calculation of course attempts related to the multiple course attempts surcharge.

B. Academic Second Chance Policy – Daytona State College Current Students
Many times students are unsure of their career goals, or may attempt courses and programs not suited to their academic skills. For students who are successful after a career/program change, the Academic Second Chance Policy permits a student to select up to three grades of "F" earned previously in **required courses** (not electives or General Education courses) in the prior major, to be changed to a grade of "AM" and not counted in the GPA. To take advantage of this provision the student must have earned 30 credits with a 2.0 GPA after a change of major. For example

- AA students changing to AS where the amnesty courses are not **required** in the new program
- AS students changing to AA where the amnesty courses are not **required** in the new program
- AS students changing to another AS where the courses are not **required** in the new program.

If a student has earned a certificate and subsequently takes additional courses toward an associate degree, only the new courses taken would be applicable to this policy. The same applies for a student who returns for a second associate degree. This Academic Second Chance Policy can only be used once in a lifetime. Courses that receive amnesty will still count for the Financial Aid Satisfactory Progress policy with regard to attempted/earned credits.
Grades for courses that qualify for this amnesty program will be changed to "AM" to indicate the amnesty was applied. The following statement will be added to the student's transcript when the petition is approved: "Academic Second Chance Policy has been applied." The transcript legend will indicate the "AM" grade replaced an "F" grade. All courses remain on the transcript. Students planning to transfer to another college or university are cautioned that the receiving institution may use all original grades earned when computing a GPA for admissions eligibility or for other purposes.

C. Academic Second Chance Policy – Daytona State College Transfer Students
New students transferring to Daytona State College will automatically take advantage of the Academic Second Chance Policy for Transfer Students. The college will not transfer grades of "F" and "W" onto the Daytona State College transcript. This policy does not apply to students who were enrolled at the college prior to fall 2009. The college will continue to require the receipt of all prior college transcripts, even if no credits are to be awarded in transfer.

Student Caution:

Students must clearly understand that other colleges may not use the Daytona State College GPA for transfer purposes if any type of grade amnesty has been applied.

Warning

When students fail to meet these minimum standards, they will be put on "warning" for the following year/semester. Students on warning will be advised to see an Academic Advisor, who will recommend that the student take advantage of our many support services, including the Academic Support Center, to help improve their performance and fulfill their academic goals.

Students will be taken off warning" if they have returned to good standing by bringing their CGPA's up to an acceptable level.
Students will continue for a second year/semester on warning if they have successfully completed all courses attempted with a 2.0 GPA during the warning period, but have not yet brought their overall CGPA's up to the required minimum. Students will be placed on probation for the next semester if they have not returned to good standing and have not successfully completed all courses earning a 2.0 for the year/semester while on warning.

Probation

When put on probation the student will be monitored every semester and will be required to consult with an Academic Advisor to develop a mandatory prescriptive program each semester. This program may require the student to take a 50 percent reduction in course load from prior semesters, to repeat certain courses, or to take advantage of student support services such as those offered in the Academic Support Center.

Students will be taken off probation if they have returned to good standing by bringing their CGPA's up to an acceptable level at the end of the semester. Students will continue for a second semester on probation if they have successfully completed all courses and earned a 2.0 during the probation period but have not yet brought their overall CGPA's up to the required minimum. Students will be placed on "Suspension" for the next semester if they have not returned to good standing and have not successfully completed all courses earning a 2.0 for the semester on probation.

Suspension

Students placed on suspension will be required to stop enrollment for one major semester. They will be allowed to appeal a suspension based upon extraordinary, one-time events during their probationary semester that should not affect academic success in the future. Performance in developmental courses can be considered as part of the appeal process.

If a suspended student wishes to return, he/she may submit an appeal to the Records Office requesting reinstatement to the Records. The appeal should explain what factors prevented the student from succeeding earlier and how those factors will no longer interfere with the student's progress. If the appeal is granted, the student also is required to meet with the advisor who initially approved the student's probation status to review and once again develop a prescriptive program before the student is allowed to register. The returning student will still be on probation and his/her status will be reviewed again at the end of the semester.

College Catalog - Academic Support Centers

Academic Support Centers provide a variety of instructional support programs and services to help you make satisfactory academic progress. The Center's academic support services combine personal attention with computer-assisted instruction in an environment where students, faculty, and staff collaborate to ensure student success. Lab attendance is required if you are enrolled in developmental math, reading, and writing courses. The following educational support programs are available for your use:

Individual and Small Group Tutoring - Tutors provide assistance to students enrolled in most courses on a walk-in basis.

Math Learning Sessions – The Daytona ASC offers many weekly group learning sessions specific to individual math courses. These hourly sessions are facilitated by either members of the math faculty or ASC learning specialists and provide question and answer periods. Interested students can register by subject and time at the Daytona ASC tutoring desk.

Supplemental Instruction (SI) - SI is an internationally recognized academic support program offering free, regularly scheduled study sessions for traditionally difficult courses. Study sessions are led by students who have previously taken the course and demonstrated academic competency in the subject area.

Writing Center – The new Writing Center opens in fall 2010. Assistance will be available for students who seek to improve their written communication skills.

TRIO PROGRAMS*
TRIO Student Support Services* - Housed in the Academic Support Center, TRIO offers counseling, tutoring, cultural enrichment and transfer assistance to help eligible students stay in college until earning a degree and/or transferring to a four-year college or university. TRIO support and assistance is especially designed to improve academic performance, increase grade point averages and facilitate transfer.
*Federally funded programs. Participants must meet eligibility criteria.

College can be challenging, especially for first-time students. Visit one of the Academic Support Centers, where professional learning specialists can assist you. The wide variety of instructional support programs and services will help to ensure your academic success. Not all campuses offer all services. Contact any of the following Academic Support Centers for information:

Daytona Beach Campus - Bldg. 500, Rm. 124 and Bldg. 210, Rm. 102
(386) 506-3673

Flagler/Palm Coast Campus - Bldg. 2, Rm. 104 and Bldg.1, Rm. 122
(386) 246-4835

New Smyrna Beach/Edgewater Campus - Bldg. 2, Rm.104
(386) 423-6345

DeLand Campus - Bldg. 6B, Rm. 217
(386) 785-2087

Deltona Center - Bldg. 1, Rm. 104
(386) 789-7306

Advanced Technology College (ATC) - Bldg. 1, Room 126
(386) 506-4120

College Catalog - General Admission Requirements

Admission Requirements for Associate Degrees and Certificate Programs:
Daytona State College has an open-door policy, which gives all students the opportunity to pursue an education beyond high school. Admission to the College is granted to applicants who have a Florida standard high school diploma, a GED diploma or to home school graduates. Applicants from private schools and high schools from states other than Florida will be considered in accordance with current state statute if their diploma is recognized as equivalent to a Florida standard high school diploma. Applications are accepted year-round.

For any questions regarding admission to the College, please call (386) 506-3059. Admissions applications are available online at www.daytonastate.edu.

Students with a Certificate of Completion or Special Diploma, or without a high school diploma may be admitted to the following certificate programs:

Air Conditioning, Refrigeration and Heating Mechanic *
Air Conditioning, Refrigeration and Heating Technology *
Automotive Collision Repair and Refinishing *
Automotive Service Certificate *
Advanced Automotive Technology (Performance Engine Specialization)*
Cosmetology *
Nails Specialty
Welding Technology (Applied) *

* ATB - Ability to Benefit programs are programs that do not require a standard high school diploma but do require that you achieve a minimum score to meet Financial Aid guidelines and minimum scores to meet program eligibility.

Students with a Certificate of Completion-CPT Eligible can pursue any available degree offering with the exception of limited access programs. If you desire to apply for Financial Aid, you are required to take the Ability to Benefit test and meet minimum score requirements for aid consideration.

Admission Requirements for the Bachelor of Applied Science in Supervision and Management Program:
Applications are accepted year-round and students may start the program during any semester of the academic year. There is no application fee. Admission to the Bachelor of Applied Science (BAS) in Supervision and Management program is open to all applicants who meet the admission requirements.

1. Applicants must complete an application to the BAS in Supervision and Management program. Applications are available in the admissions office, the program office and online at www.daytonastate.edu/admissions/index.html.
2. Applicants for the BAS program must have earned an associate degree. Students with an Associate of Arts (AA) degree may be admitted to the program with the approval of the Chair of the BAS program. Those with AA degrees who have completed all core general education credits are required to complete 18 credits in an occupational/technical area, e.g., accounting technology, computer science, business, etc. (i.e., 60 AA credits plus 18 occupational/technical credits) in place of the additional general education core credits required of the AS/AAS graduate.
3. Applicants must have at least 60 college credit hours, including a minimum of 15 credit hours of transferable general education courses. Applicants must have received a grade of "C" or better in all core general education courses that transfer into the BAS program, and must have earned an overall grade point average of 2.0 in the associate degree program courses.

Admission Requirements for the Bachelor of Science in Education Program:

Admission Requirements for the Bachelor of Science in Education Program:

1. Applicants must complete an application to the BS Education program. Applications are available in the admissions office, the program office, and online at www.daytonastate.edu/admissions/index.html.
2. Applicants must have completed an associate of arts degree from a regionally accredited institution with a minimum cumulative GPA of 2.5.

3. Completion of the common prerequisite courses, EDF 1005, EDF 2085 (formerly EDG 2071), and EME 2040, with a "C" or better.
4. Passing score on the state General Knowledge Test for Teachers (all four sections).
5. Volunteer clearance through Volusia County Schools. Clearance is good for five years.
6. Students concentrating in Secondary Mathematics or any Secondary Science must complete the subject area specialization core courses with a grade of "C" or higher. (Specific information available in Academic Advising.)

Admission Requirements for Adult Education:
Daytona State College offers the following programs under its Adult Education department:
Adult Basic Education (ABE) & Adult High School
English as a Second Language (ESL)
General Education Development (GED)

Adult Education applicants must be 16 years of age. Applications are accepted year round at all Daytona State College campuses. Additional documentation required may include:

- Picture identification from Florida State Department of Motor Vehicles or Student ID
- Official transcripts from last high school attended (For Adult High School only.)
- For students under 18:
  - Official withdrawal form (Volusia County only)
  - GED consent form
  - Parent signature

Transcripts
Acceptance to Daytona State College is contingent upon the receipt of final, official copies of your high school transcripts, documenting a standard high school diploma, or GED scores, and if applicable, final, official transcripts from U.S., regionally accredited colleges and educational institutions previously attended. Transcript request cards are available at all Daytona State campuses. Home school students are required to submit a home school verification statement.

Students who completed high school in another country or who attended a college or university outside the U.S. and wish to have course work evaluated for transfer to Daytona State must have a NACES-recognized evaluation service complete a course-by-course evaluation of these

transcripts. NACES members can be viewed at http://www.naces.org Also, submit translated syllabi for all post-secondary courses you wish to have considered for transfer. Additional documentation may also be required. Please contact the Records Office for more information.

With the exception of international students, all certificate and degree-seeking students are given a one-semester grace period to submit official documents mentioned above. A "Hold" is placed on the student's record preventing future registration until transcripts are received.

For additional information, please call (386) 506-3059.

Submitting an Appeal

The appeals process provides students an opportunity to request an exception to a college policy or procedure due to extraordinary personal circumstances. The college will accept an appeal in rare situations involving:

1. Serious illness/injury
2. Unforeseen emergency
3. Death of an immediate family member
4. Non-voluntary military activation.

Apart from these four situations, students are not eligible for appeals to be granted based on the Board of Trustees Policy of the college. To submit an appeal, students must:

1. Complete the appropriate appeal form
2. Write a personal statement of the circumstances surrounding the situation, and
3. Attach proof from health providers (Documentation **must include** a physician's statement on letterhead indicating that the student's condition will prevent the student from completing the course(s)), clergy, attorneys or other professionals to the appeal application to verify the extraordinary circumstance.

Appeals may be submitted for the following reasons:

a. Financial aid suspension
b. Waiver of full cost of tuition for the third attempt of a course
c. Permission for a fourth attempt of a course
d. Withdrawal from a class after the posted deadline to receive a "W" grade
e. Request for grade change from "F" to "W"
f. Administrative drop

The appeal application must be complete with all supporting information attached.

The complete package must be submitted to the Question & Answer Center, Daytona Beach Campus, (Bldg. 100, Rm. 119) or to the Falcon Center on any campus.

Prior to submitting an appeal, please read carefully and completely the information at the Appeal Policies - Criteria and Deadlines link. Please remember that appeals must be submitted within the timeframe allowed.

Incomplete applications without supporting documentation WILL BE DENIED.

Examples of acceptable documentation include:

- Dated and signed statements on official letterhead from an attorney, physician, or clergy verifying the extenuating circumstances and explaining why the student could not complete the course or semester.
- Legal. Court documents
- A death certificate
- Military orders

Issues involving the following circumstances ARE NOT considered extraordinary circumstances and will not be valid situations for appeal:

A. Child care
B. Transportation
C. Employment changes
D. Normal pregnancy
E. Incarceration

College Catalog - Application Dates

Admission to Daytona State College may be granted during any semester; however, specific programs may restrict entry to certain times. Applications are processed year round. Due to limited space in some classes and programs, we strongly encourage you to complete the admission process as soon as possible. Registration begins in April for fall semester classes; November for spring semester classes; and March for summer classes. International students should contact the Admissions Office at least three to six months in advance of their initial enrollment.

College Catalog - Assessment of Prior Learning Experience (APLE)

Daytona State recognizes that students come to the institution from a variety of backgrounds. We value the training and knowledge you may have gained through experience. The Assessment of Prior Learning Experience (APLE) program, which includes APLE exams and portfolios is designed to allow you to turn your skills and knowledge into college credit. Credit earned through the APLE program can only be awarded in courses offered at Daytona State. Credit will not be awarded for courses in which you have already received credit. All methods of earning credit must meet equivalent classroom standards.

To earn credit through the APLE program you must meet the following requirements:

- Be enrolled in a degree or certificate program at Daytona State College and the credit earned must be appropriately related to your degree or certificate program
- Be registered for and attending classes during the current semester
- Meet with Assessment Services staff member to understand the requirements and limitations associated with earning credit through APLE.
- Complete registration materials, do a course review and make payment of all fees prior to sitting for exam or portfolio review.
- Portfolios must be able to provide documentation which satisfies all major learning outcomes for a selected course.

College Catalog - Assessment Services

Assessment Services provides information, registration and administration of a wide range of tests, as well as the Assessment of Prior Learning Experience (APLE) program. Please note that assessment may be required for first-semester students. Students can register for and take the following assessments at Daytona State College:

- Daytona State placement tests - CPT, TABE, CASAS, MAPP
- Daytona State entrance exams - CJBAT, TEAS
- APLE (Assessment of Prior Learning Experience) exams
- CLEP (College Level Exam Program) exams
- FCAT (Florida Comprehensive Assessment Test)
- Certification Exams - IT-VUE, MSSC
- GED (General Education Development) exam

All placement test score results, and test scores used for exemption to the placement test, are valid for 2 years. There is an exception for Adult Education placement testing.

Students may retest on the CPT only upon the advice of an Academic Advisor. The retest fee is $10.

New Student Assessment:

All students entering Daytona State must take the Florida College Placement Test (CPT) or submit a State of Florida standard high school diploma indicating appropriate coursework, or acceptable Advanced Placement, SAT or ACT scores that exempt them from the college preparatory program or they must submit college transcripts that show the completion of Freshman English I or Intermediate Algebra.

New students admitted to a degree or certificate program are required to take a placement test unless you meet one of the exemptions listed below. The results will help with your placement into appropriate courses to ensure your academic success. Placement instruments are not used for admission to the college; although, they may be used as a guide for admission to certain limited access programs.

There are two types of assessment instruments for general admission to the college: the College Placement Test (CPT) and the Test of Adult Basic Education (TABE). Both measure reading, math and language skills. The placement test for degree programs (AA, AAS, AS and BAS) and business or computer related college credit certificates is the CPT.

The placement test for vocational certificate programs and the EMT and Paramedic certificate programs is the TABE. All placement tests and tests used for exemption to the placement tests are valid for two years.

Exemptions to the Placement Tests:

College Placement Test - You are not required to take the related portions of the test if the following conditions are met:

- SAT scores of 440 or above on critical reading or 440 or above on math for placement into Intermediate Algebra (MAT 1033), or 500 or above on math for placement into College Algebra (MAC 1105)
- ACT scores of 18 or above on the reading or 17 or above on English or 19 or above on math for placement into Intermediate Algebra (MAT 1033), or 21 or above on math for placement into College Algebra (MAC 1105)
- Proof of successful completion of the equivalent of ENC 1101 (College Composition) or MAT 1033 (Intermediate Algebra) at another college

Test of Adult Basic Education - You are not required to take the related portions of the test if the following conditions are met:

- SAT scores of 440 or above on critical reading, or 440 or above on math
- ACT scores of 18 or above on the reading, or 17 or above on English or 19 or above on math
- CPT scores of 83 or above on the reading, or 83 or above on the sentence skills or 72 or above on the elementary algebra
- You have passed or are exempt from the CLAS requirements
- You already have an Associate in Applied Science degree or higher.

Please note that assessment may be required for first-semester students.

Students who score below the minimum scores on one or more of the three sections of the CPT must complete college preparatory requirements prior to enrolling in college-level courses. Students have the following options at Daytona State:

- Complete Daytona State College Preparatory courses (ENC 0001/L, ENC 0002/L, REA 0001/L, REA 0002/L. MAT 0002/L, MAT 0024/L) as placed by the assessment instrument. Students who place into the College Prep program for mathematics must complete Intermediate Algebra (MAT1033) following successful completion of MAT0024. Students who place into either of the REA classes must complete Dynamics of Student Success (SLS1122).
- MAT 1033 and SLS 1122 are college credit courses; however, they can only be used as elective credit toward the AA degree. Upon the successful completion of the College Prep program, students may enroll in college level courses for which the co-requisites or pre-requisites are met.
- The Academic Support Center offers Vocational Preparatory Instruction (VPI) for the TABE exam for those students who have not met the basic entry / exit level test requirements.
- Improve scores on the CPT by enrolling in courses offered by the Daytona State Adult Education Program. Students exercising this option must retake and pass the appropriate sections of CPT prior to enrolling in college level courses.

Writing and Reading:

- **ENC0001: Writing I (4 credits):** Students who score 0-55 or below in writing on the college placement test.
- **ENC0002: Writing II (4 credits):** Students who score 56-82 in writing on the college placement test.
- **REA0001: Reading I (4 credits):** Students who score 0-48 in reading on the college placement test
- **REA0002: Reading II (4 credits):** Students who score 49-82 in reading on the college placement test.

Those who place in the 0001 levels need additional skill development and should build their schedules around their developmental work. Students are encouraged enroll in a A Term sections that will allow them to complete both levels (ENC0001 & ENC0002) in a single semeste so that they can be caught up and prepared for college level work by their second semester at the college.

Mathematics:

MAT 0002: Math I (Pre-Algebra) and Lab (**4 credits**): Students who score less than 85 on Arithmetic portion of the college placement test.

MAT 0024: Math II (Elementary Algebra) and Lab (**4 credits**) >85 on Arithmetic < 72 Elem Algebra.

Students who place into the college prep program and who elect to enroll in Daytona State College preparatory courses will be provided a program of study by a counselor or advisor using the following guidelines:

- Reading, writing and math courses require weekly attendance at the Learning Center in addition to regular class sessions.
- Students must continue to enroll in the college prep courses until they complete the program and pass the College Prep Exit Exam.

College Catalog - General Admission Requirements

Admission Requirements for Associate Degrees and Certificate Programs:
Daytona State College has an open-door policy, which gives all students the opportunity to pursue an education beyond high school. Admission to the College is granted to applicants who have a Florida standard high school diploma, a GED diploma or to home school graduates. Applicants from private schools and high schools from states other than Florida will be considered in accordance with current state statute if their diploma is recognized as equivalent to a Florida standard high school diploma. Applications are accepted year-round.

For any questions regarding admission to the College, please call (386) 506-3059. Admissions applications are available online at www.daytonastate.edu.

Students with a Certificate of Completion or Special Diploma, or without a high school diploma may be admitted to the following certificate programs:

Air Conditioning, Refrigeration and Heating Mechanic *
Air Conditioning, Refrigeration and Heating Technology *
Automotive Collision Repair and Refinishing *
Automotive Service Certificate *
Advanced Automotive Technology (Performance Engine Specialization)*
Cosmetology *
Nails Specialty
Welding Technology (Applied) *

* ATB - Ability to Benefit programs are programs that do not require a standard high school diploma but do require that you achieve a minimum score to meet Financial Aid guidelines and minimum scores to meet program eligibility.

Students with a Certificate of Completion-CPT Eligible can pursue any available degree offering with the exception of limited access programs. If you desire to apply for Financial Aid, you are required to take the Ability to Benefit test and meet minimum score requirements for aid consideration.

Admission Requirements for the Bachelor of Applied Science in Supervision and Management Program:
Applications are accepted year-round and students may start the program during any semester of the academic year. There is no application fee. Admission to the Bachelor of Applied Science (BAS) in Supervision and Management program is open to all applicants who meet the admission requirements.

1. Applicants must complete an application to the BAS in Supervision and Management program. Applications are available in the admissions office, the program office and online at www.daytonastate.edu/admissions/index.html.
2. Applicants for the BAS program must have earned an associate degree. Students with an Associate of Arts (AA) degree may be admitted to the program with the approval of the Chair of the BAS program. Those with AA degrees who have completed all core general education credits are required to complete 18 credits in an occupational/technical area, e.g., accounting technology, computer science, business, etc. (i.e., 60 AA credits plus 18 occupational/technical credits) in place of the additional general education core credits required of the AS/AAS graduate.
3. Applicants must have at least 60 college credit hours, including a minimum of 15 credit hours of transferable general education courses. Applicants must have received a grade of "C" or better in all core general education courses that transfer into the BAS program, and must have earned an overall grade point average of 2.0 in the associate degree program courses.

Admission Requirements for the Bachelor of Science in Education Program:

Admission Requirements for the Bachelor of Science in Education Program:

1. Applicants must complete an application to the BS Education program. Applications are available in the admissions office, the program office, and online at www.daytonastate.edu/admissions/index.html.
2. Applicants must have completed an associate of arts degree from a regionally accredited institution with a minimum cumulative GPA of 2.5.

3. Completion of the common prerequisite courses, EDF 1005, EDF 2085 (formerly EDG 2071), and EME 2040, with a "C" or better.
4. Passing score on the state General Knowledge Test for Teachers (all four sections).
5. Volunteer clearance through Volusia County Schools. Clearance is good for five years.
6. Students concentrating in Secondary Mathematics or any Secondary Science must complete the subject area specialization core courses with a grade of "C" or higher. (Specific information available in Academic Advising.)

- Secondary Biology Education
  - MAC2311 AND
  - BSC1010 with Lab AND
  - BSC1011 with Lab AND
  - One of the following:
    - CHM1045 with Lab OR
    - PHY2048 with Lab OR
    - PHY1053 with Lab
- Secondary Earth/Space Science Education
  - MAC2311 AND
  - GYXXXX with Lab AND

- Secondary Mathematics Education
  - MAC2311 AND
  - MAC2312 AND
  - One of the following:
    - MACXXXX OR
    - MTGXXXX OR
    - MASXXXX

Admission Requirements for Adult Education:
Daytona State College offers the following programs under its Adult Education department:
Adult Basic Education (ABE) & Adult High School
English as a Second Language (ESL)
General Education Development (GED)

Adult Education applicants must be 16 years of age. Applications are accepted year round at all Daytona State College campuses. Additional documentation required may include:

- Picture identification from Florida State Department of Motor Vehicles or Student ID
- Official transcripts from last high school attended (For Adult High School only.)
- For students under 18:
  - Official withdrawal form (Volusia County only)
  - GED consent form
  - Parent signature

Transcripts
Acceptance to Daytona State College is contingent upon the receipt of final, official copies of your high school transcripts, documenting a standard high school diploma, or GED scores, and if applicable, final, official transcripts from U.S., regionally accredited colleges and educational institutions previously attended. Transcript request cards are available at all Daytona State campuses. Home school students are required to submit a home school verification statement.

Students who completed high school in another country or who attended a college or university outside the U.S. and wish to have course work evaluated for transfer to Daytona State must have a NACES-recognized evaluation service complete a course-by-course evaluation of these

transcripts. NACES members can be viewed at http://www.naces.org Also, submit translated syllabi for all post-secondary courses you wish to have considered for transfer. Additional documentation may also be required. Please contact the Records Office for more information.

With the exception of international students, all certificate and degree-seeking students are given a one-semester grace period to submit official documents mentioned above. A "Hold" is placed on the student's record preventing future registration until transcripts are received.

For additional information, please call (386) 506-3059.

College Catalog - Career Services

When you graduate from Daytona State College, do you expect to find a career in your field of study? Or do you expect to be ready to transfer to another college or university to continue your education?

If you answered yes to either of these questions, connect with Career Services to get started.

There is so much more to accomplishing these goals than simply completing a program of study. You need to develop a career plan. Career Services provides a full range of activities to guide you through your career development process smoothly at the same time you are working on your academic program of study.

To access our full range of learning activities and services, create your account in Daytona State Career Services Online (CSO), our virtual Career Center, at https://www.myinterfase.com/daytonastate/student/. Start building your future career today.

Phase 1: Choose your future

During your first term, visit Career Services on your campus to develop an initial career plan. If you are not sure of your major, explore career options and find the best way to make this very important decision. Look at the costs and the benefits of committing to a particular career path. Set long-term and short-term goals that match the vision you have for your life. Learn how to make effective decisions. Use this information to choose the best path for you.

Phase 2: Prepare for you future

As you move through your program of study, use Career Services research tools to learn about the typical path that people follow to be successful in your chosen career. Read Vocational Biographies. Locate possible employers to interview. Begin to develop a network of support that can help you move smoothly toward your career goal. Develop your Career Portfolio. Attend a Job Fair. Find a mentor in your chosen line of work.

Phase 3: Prepare for the launch

Take advantage of Career Services workshops to groom yourself for your profession. Arrange to get an internship to learn about the real world application of your skills. Conduct research interviews with prospective employers that you locate through our online database, Reference USA. Build your resume. Learn about options for advanced education in your chosen profession. See how far you can advance in your career through careful planning and preparation.

Phase 4: Launching: Closing the deal as you approach graduation

As you approach graduation in the last term of your degree, use your network to locate prospective employers. Arrange for letters of recommendations. Learn how do conduct a good job search. Practice interviewing with our online simulation, Perfect Interview. Learn how to market yourself to prospective employers or universities. Attend a Job Fair.

Remember, this is only a small sample of what Career Services can do for you. Career Advisors are available at all campuses. Call (386) 506-3073 or email CareerServices@daytonastate.edufor more detailed information.

College Catalog - College Bookstore

Daytona State College, in partnership with the Follett Higher Education Group, operates the Daytona State College Bookstores. The Daytona State College Bookstores are the authorized source for required course materials, recommended study aids, school supplies, educationally discounted software, nursing and medical reference books, Daytona State clothing, gifts and more. Store hours and services vary by campus.

Bookstore information can be found in the class schedule books or by calling the phone numbers listed below. If you are calling from a Daytona State campus site, just dial the extension listed.

Shop your efollett Daytona State Bookstore online or visit one of our Campus Bookstores!

Services Available:

Counseling services include personal counseling, career counseling and academic counseling. In addition, workshops such as recognizing depression, managing stress, or reducing test anxiety are offered throughout the year and are available for groups by request. We are available for students on all Daytona State campuses.

Personal Counseling
Counselors can help with personal issues when life as a student seems overwhelming. You may benefit from someone who will listen and help you sort things out. Over time, difficulties that are not tended to can grow into serious problems of stress, anxiety, or depression. Some students may also struggle with relationship problems, self-worth problems, substance abuse, and/or eating disorders. Counselors are sensitive to challenges that can interfere with success in college. We want to work with you to help you find the right support to meet your needs and accomplish future goals.

Academic Counseling
Academic Counseling is available to help you when you have problems in your classes. Whether you have difficulty passing tests, problems making friends or getting along with different people at the college, we can work with you to find the right strategy to help you to grow in mastery of your academic life.

Career Counseling
Career Counseling is offered to help you to make good decisions about your career choices. Counselors work with Career Advisors as part of your personal career team to help you fully develop your Career Plan. Counselors can utilize career assessments and provide individual counseling sessions to explore career-related issues with you.

College Catalog - Dropped Class Refund Policy

The dates to drop a course with a refund are established for each semester and published in the academic calendar and in each semester's schedule of classes. Drop deadlines for "late start" classes can be found at FalconNet Online Services under Online Course Availability or on your Schedule and Fee Statement. Please check the dates carefully. Refunds will not be given after the deadlines.

Students who pay for courses by credit card will be refunded by crediting back that same credit card in approximately seven to 10 business days following the official drop. Students who pay for their courses by cash or check will be refunded through the Daytona State OneCard process. Each registered Daytona State student will automatically be mailed the Daytona State OneCard.

To receive your refund, you must activate your Daytona State OneCard at www.daytonastateone.com. During this process, you will choose between two options for receiving your refund. You may elect to have your refund directly deposited to your Daytona State OneAccount (funds will be deposited within one day or less), or you may elect to have your refund deposited to another bank account of your choice (funds will be deposited in two to three business days).   For additional information regarding refunds go to www.daytonastateone.com or contact the Office of Student Accounts at (386) 506-3024 to speak to a Student Account Specialist.

Refunds will be based upon the following:

A. College Credit and Vocational Credit Courses
    1. A 100 percent refund will be given if a student drops a course(s) by the date published in the College's academic calendar. For classes that meet on the weekend only, students will have until the next business day following the first scheduled class meeting to drop with a refund.
B. Continuing Education and Lifelong Learning Courses
    1. Courses lasting one week or less - A 100 percent refund will be given if you drop a course before the first scheduled class meeting.
    2. Courses lasting longer than one week - A 100 percent refund will be given if you drop a course within five working days from the date of the first scheduled class meeting.
C. Student Appeals
    1. Appeals to drop with a refund after the published deadline must be based upon extraordinary circumstances beyond your control. Supporting documentation is required before the appeal may be considered. For additional information about student appeals, contact the Question and Answer Center.   Appeal forms are available at all campuses.

Withdrawals for Tuition Purposes

Students who withdraw from a course will not be entitled to a refund. In addition, any outstanding balances for withdrawn courses must be paid in full prior to processing the withdrawal.

College Catalog - Dual Enrollment

Dual Enrollment is an acceleration mechanism that provides students attending a Florida public or private high school, or who are enrolled in a home school program, an option to simultaneously earn college credit toward the Associate of Arts degree, Associate of Applied Science degree, Associate of Science degree or Vocational Credit toward a certificate program while meeting the requirements for a high school diploma. Students are exempt from the payment of registration, tuition and laboratory fees while they are dual enrolled.

- To Dual Enroll students are required to be in the 10th – 12th grade and can be public, private, or home school students. Parents of Home School students will be required to complete a notarized Home School Affidavit form (provided by the Office of Admissions) to verify that their child is registered with the District Home School office.
- Prospective Dual Enrollment students must have a minimum unweighted high school GPA of 3.0 fo college courses and 2.0 for vocational courses as specified in Florida Statute (1007.271 F.S.)
- To Dual Enroll prospective students must have minimum placement scores on CPT, SAT or ACT for college level course work and TABE for Vocational coursework.
- Dual Enrollment students are not permitted to take the TABE or CPT more than 3 times. If they do not obtain the needed score in the first attempt they must wait at least 24 hours before they can have a second attempt (It is strongly suggested that they wait longer and study before they take the test the second time. Most students that repeat the test that quickly after the first attempt actually score lower the second time they take it). After the second attempt the student must complete a full high school semester before they will be allowed to take it their third and final time. After the third attempt a student will need to have required SAT or ACT scores to take Dual Enrollment courses.
- Dual Enrollment courses are weighted the same as IB and AP courses in the high school record.
- Dual Enrollment students are held to the College's academic calendar and deadlines. Any schedule changes must be made by College published deadlines.
    - If a student decides to drop a course, s/he must do so by the add/drop deadline (posted in the college academic calendar at www.DaytonaState.edu). If the student does not make the schedule changes by the deadline, s/he will need to withdraw, which will result in a "W" grade (withdrawal), which appears on the transcript and is counted as an attempted course.
    - If a student registers for a course and then does not attend (without formally dropping or withdrawing from the course) s/he **will not** be dropped for non-attendance. The student will receive an "F" grade at the end of the semester and the grade will be sent to the high school and become part of their permanent records.
    - Public school and private school students will need a drop/withdraw form signed by a high school guidance counselor before they will be permitted to drop or withdraw from a class. Home school students must have a parent signature to drop or withdraw from a class.
- Students who wish to Dual Enroll should be working toward a degree or certificate at the college. The purpose of Dual Enrollment is to give students a head start on their college program while earning high school credit at the same time. Careful consideration should be taken when choosing courses to minimize the cost to the state and the possibility of the student incurring excess hours in the upper portion of their degree program. Students who plan to continue on to a Bachelor's program should work toward completing requirements for their intended program, including common program prerequisite courses. Students should inform their Academic Advisor of their intended major and ask for clarification about requirements for that major.
- While appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses which some parents may object to for minors. Courses will not be modified to accommodate variations in student age and/or maturity.
- Students are not permitted to take more than 18 credit hours (college and high school combined) in the same semester. In addition, the state Dual Enrollment legislation prohibits Dual Enrollment students from taking any course that is less than 3 credit hours. Daytona State College does not allow Dual Enrollment students to take classes that are offered entirely online or take classes from

College Catalog - Enrollment Process Checklist

For all associate degrees and certificate programs
Follow these steps in the sequence provided to ensure the best possible service:

1. Submit an Admission Application - Applications are available online at http://www.daytonastate.edu. Daytona State College requires final, official copies of your high school transcripts indicating the completion of a standard high school diploma, or GED scores and, if applicable, final, official college transcripts from all U.S., regionally accredited institutions you have previously attended. Transcript request cards are available at all Daytona State campuses. Home school students are required to submit a home school verification statement.

2. Complete a Financial Aid Application - Financial Aid is available to meet educational expenses for eligible students enrolled in qualified programs. This aid is provided through the federal government, state government, directly from Daytona State College or through private sources, and may consist of grants, scholarships, loans or work. You may complete the FAFSA online at http://www.fafsa.ed.gov/. If you need Financial Aid, you should contact that office at least six weeks prior to registering for classes. If you need more information about the cost of attending or where to look for scholarship money, you may contact the Office of Student Financial Services at (386) 506-3015.

3. Complete Placement Requirements - Fulfill your placement requirements by taking the CPT for degree programs and TABE for certificate programs. If you have previous course work or have taken the SAT /ACT/AP, make sure to submit official copies to the Admissions Office and bring an unofficial copy with you to Academic Advising.

4. Meet with an Academic Advisor - Talk with an academic advisor to interpret your placement test scores and discuss program requirements. We recommend talking with an advisor prior to registering for the first time. Students are also encouraged to register with Career Services at this time.

5. Complete Online Orientation - Complete the Orientation requirement via the convenient online version at http://www.daytonastate.edu - under FalconNet Online Services (requires College ID # and College PIN number).

6. Complete Online Registration - Search for your classes by using the Search Courses link at http://www.daytonastate.edu. You have the option of registering online - under FalconNet Online Services (requires College ID # and College PIN number) - or registering on campus at the Falcon Center. Remember to print your Schedule and Fee Statement to review your bill due date after registering.

7. Pay for Classes - Pay for your classes either in person or online. REMEMBER - you are not officially registered until you have paid in full. You have the option of paying online - under FalconNet Online Services (requires College ID # and College PIN number).

8. Obtain Your Student I.D. and Parking Decal - Check the Campus Safety pages for information on how to obtain a student I.D. and a parking decal.

Bachelor of Applied Science Enrollment Checklist
This enrollment checklist is specific to the School of Management (BAS) program. Please note that admission to the BAS program requires permission of the Vice President of the College of Baccalaureate Studies and Management Programs. BAS program staff and faculty take

pride in our student focus. We strive to develop a relationship with all BAS program majors, through face-to-face advising, counseling and social activities.

1. Submit an Admission Application - Submit your Application for Admission prior to your appointment with the BAS counselor. You may submit an application online at http://www.daytonastate.edu. If Daytona State does not already have them, submit final, official copies of your high school transcripts indicating the completion of a standard high school diploma, or GED scores and, if applicable, final, official college transcripts from all U.S., regionally accredited institutions you have previously attended. Transcript request cards are available at all Daytona State campuses. Home school students are required to submit a home school verification statement. Admission decisions are made on a year-round basis.

2. Meet with a BAS Counselor - Make an appointment with a BAS counselor to discuss your specific educational situation, program requirements, your goals and course selection. You also are encouraged to register with Career Services at this time. Appointment times are available throughout the week. Call (386) 506-4227 or email basinfo@DaytonaState.edu to schedule an appointment.

3. Complete a Financial Aid Application - Financial aid is available to meet educational expenses for eligible students enrolled in qualified programs. This aid is provided through the federal government, state government, directly from Daytona State College or through private sources, and may consist of grants, scholarships, loans or work. You may complete the FAFSA online at http://www.fafsa.ed.gov/. If you need Financial Aid, you should contact that office at least six weeks prior to registering for classes. If you need more information about the cost of attending or where to look for scholarship money, contact the Office of Student Financial Services at (386) 506-3015.

4. Set up Your FalconMail Account - Once admitted, you may set up your free FalconMail account. The Dean and BAS instructors use FalconMail exclusively to ensure you receive important information regarding registration, class updates and more.

5. Complete Online Orientation - Complete the Orientation requirement via the convenient online version at http://www.daytonastate.edu - under FalconNet Online Services (requires College ID # and College PIN number).

6. Complete Online Registration - Search for your classes by using the Search Courses link at http://www.daytonastate.edu. You have the option of registering online - under FalconNet Online Services (requires College ID # and College PIN number) - or registering on campus at the Falcon Center. Remember to print your Schedule and Fee Statement to review your bill due date after registering.

7. Pay for Classes - Pay for your classes either in person or online. REMEMBER - you are not officially registered until you have paid in full. You may pay in person or online - under FalconNet Online Services (requires College ID # and College PIN number).

8. Obtain Student I.D. and Parking Decal - Check the Campus Safety pages for information on how to obtain a student I.D. and a parking decal.

9. Attend BAS Orientation - The Vice President conducts an in-person student orientation near the beginning of each term. Check the student orientation page for details.

Bachelor of Science in Education Enrollment Checklist

1. Submit an Admission Application - Submit your Application for Admission online at http://www.daytonastate.edu. If Daytona State does not already have them, submit final, official

copies of your high school transcripts indicating the completion of a standard high school diploma, or GED scores and, if applicable, final, official college transcripts from all U.S., regionally accredited institutions you have previously attended. Transcript request cards are available at all Daytona State campuses. Home school students are required to submit a home school verification statement. Admission decisions are made on a year-round basis.

2. Complete a Financial Aid Application - Financial aid is available to meet educational expenses for eligible students enrolled in qualified programs. This aid is provided through the federal government, state government, directly from Daytona State College or through private sources, and may consist of grants, scholarships, loans or work. You may complete the FAFSA online at http://www.fafsa.ed.gov/. If you need Financial Aid, you should contact that office at least six weeks prior to registering for classes. If you need more information about the cost of attending or where to look for scholarship money, contact the Office of Student Financial Services at (386) 506-3015.

3. Meet with an Academic Advisor - Talk with an academic advisor to interpret your placement test scores and discuss program requirements. We recommend talking with an advisor prior to registering for the first time. Students are also encouraged to register with Career Services at this time.

4. Complete Online Orientation - Complete the Orientation requirement via the convenient online version at http://www.daytonastate.edu - under FalconNet Online Services (requires College ID # and College PIN number).

5. Complete Online Registration - Search for your classes by using the Search Courses link at http://www.daytonastate.edu. You have the option of registering online - under FalconNet Online Services (requires College ID # and College PIN number) - or registering on campus at the Falcon Center. Remember to print your Schedule and Fee Statement to review your bill due date after registering.

    ◦ Once admitted to the program register for SLS 3355: Orientation to BS in Education Programs, along with your other classes. SLS 3355 is a four hour session that takes place *prior* to the beginning of the semester and *must be completed* to continue with the program. For assistance with selecting additional classes, please visit an Academic Advisor at any campus.

6. Pay for Classes - Pay for your classes either in person or online. REMEMBER - you are not officially registered until you have paid in full. You have the option of paying online - under FalconNet Online Services (requires College ID # and College PIN number).

7. Obtain Your Student I.D. and Parking Decal - Check the Campus Safety pages for information on how to obtain a student I.D. and a parking decal.

College Catalog - Enrollment Terminology

Daytona State offers college and vocational credit courses as well as college preparatory courses. Students may attend full-time or part-time for a specific semester.

- **College Credit** - Courses that typically lead to a bachelor of applied science or bachelor of science in education, associate of arts, associate of applied science, associate of science degree or college credit certificate, and may transfer to other regionally accredited institutions.
- **Vocational Credit** - Courses that typically lead to a certificate of completion and often do not transfer to other postsecondary institutions.
- **College Preparatory Courses** - Offered in both college and vocational credit. Courses are designed to help students achieve a specific skill level. Credits earned in preparatory courses will not transfer and are not calculated in a student's grade point average (GPA). Students may not audit a preparatory class.
- **Audit** - Students who do not want to earn college credit for a course or have taken the course before and received a grade of "C" or better may audit a course. College preparatory courses may not be audited. All requisites apply when auditing a course.
- **Semester Hours** - The number of credits assigned to a specific course. The number of hours per week of class varies.
- **Semester** - A 15 or 16-week (also two seven-week sub sessions) period during the fall and spring when classes are in session. Multiple summer sessions are offered starting at various times.
- **Full-Time Status** - A student enrolled in 12 or more credit hours during any semester is considered full-time. A student may combine hours for all sub-sessions within the semester to establish full-time status.
- **Three-Quarter-Time Status** - A student enrolled in nine to 11 credit hours during a semester. A student may combine hours for all sub-sessions within the semester to establish half-time status.
- **Half-Time Status** - A student enrolled in six to eight credit hours during a semester. A student may combine hours for all sub-sessions within the semester to establish half-time status.
- **Less Than Half-Time Status** - A student enrolled in less than six credit hours during a semester.

College Catalog - Falcon-Aid Student Help Desk

Falcon-Aid, the Daytona State College Student Help Desk, is the first point of contact for students seeking all types of technical assistance, such as forgotten passwords, Desire2Learn access used by Florida Online classes, problems accessing Web sites, troubleshooting software, and even technical assistance with their home computers.

Staffed primarily by student workers, Falcon-Aid maintains a presence in the Daytona Beach Campus Computing Commons located in the Library. Falcon-Aid is available during normal library hours via phone or walk-up. Call 506-4AID for assistance, or email falconaid@DaytonaState.edu

College Catalog - Records Maintenance and Privacy Guidelines

The Records Office maintains permanent educational records for all students who have ever enrolled at Daytona State College. The student educational record may contain an application for admission, high school and/or college transcripts, the Daytona State College academic record or transcript, authorized changes to the record and other documentation appropriate to a student's enrollment at the College.

Family Educational Rights and Privacy Act (FERPA)

FERPA is a federal law that applies to educational agencies and institutions that receive funding under a program administered by the U.S. Department of Education. The statute is found at 20 U.S.C. 1232g and the Department's regulations are found at 34 CFR Part 99.

Under FERPA, schools must generally afford students attending a postsecondary institution access to their educational information, an opportunity to seek and have their records amended, and some control over the disclosure of information from the records.

FERPA requires the College to protect the privacy of student record information. This includes restricting access to these records, the release of records and the opportunity to challenge records should they be inaccurate, misleading or inappropriate. A peer graded test or paper becomes an educational record when and if the grade received is used in the calculation of the final grade for the course. Educational records exclude records that are created or received by the college after the student is no longer a student in attendance and are not directly related to the student's attendance.

No information other than the data determined to be "directory information" can be provided to a custodial parent, non-custodial parent, or other third party without the permission of the student unless very specific criteria have been met.

FERPA requires the College to establish a policy with regard to the data items that can be released to third parties upon request, and to establish the procedures for the release of such information. Students have the option of making their "file" and "data" confidential. Students choosing to have their data marked as confidential are identified in the student information system and their information is excluded from the college's directory information.

Disclosure of Education Records

A school must:

1. Have a student's written consent prior to the disclosure of education records
2. Ensure that the consent is signed and dated and states the purpose of the disclosure

A school may disclose education records without prior consent when:

1. The disclosure is to school officials who have been determined to have a legitimate educational interest. For these purposes a school official is defined to include contractors, consultants and other third parties providing services and functions acting under contract with and on behalf of the College.
2. To another college when the student is seeking or intending to enroll in another college. This disclosure, upon request, could include disciplinary and health records.
3. The disclosure is to state or local education authorities auditing or enforcing Federal or State supported education programs or enforcing Federal laws which relate to those programs.
4. The disclosure is to the parents of a student who is a dependent for income tax purposes. Students may self-certify that they are a dependent for tax purposes.
5. The disclosure is in connection with determining eligibility, amounts and terms for financial aid or enforcing the terns and conditions of financial aid.
6. The disclosure is pursuant to a lawfully issued court order or subpoena.
7. The information disclosed has been appropriately designated as directory information by the school.
8. The disclosure without consent is allowed when the school is returning records to the apparent creator (e.g. of a transcript) to verify authenticity.
9. Disclosure can be made to organizations conducting educational studies for or on behalf of the college for purposes of testing, student aid and improvement of instruction; this disclosure can also be made even in cases where the college is not a party to the research project.

Parent Access to Records

College Catalog - Florida Residency for Tuition Purposes

Daytona State's fees and tuition are based upon your status as a legal permanent Florida resident. Daytona State is required to follow the Florida state guidelines regarding residency for tuition purposes. A student qualifies as a Florida resident for tuition purposes - or if a dependent child, his/her parent(s) - if the student has established and maintained a legal residence in the state of Florida for at least 12 consecutive months immediately prior to the first day of classes. The applicant must state that his/her length of residence, or if a dependent child, his/her parent(s) length of residence, was for the purpose of maintaining a bona fide domicile and not for the purpose of maintaining a temporary residence incident to enrollment. A dependent child whose parents are divorced or separated may qualify as a resident for tuition purposes if either parent is a legal resident of Florida regardless of which parent claims the child as a dependent for federal income tax purposes. A dependent child living with an adult relative other than his/her parent(s) may qualify as a Florida resident for tuition purposes if the adult relative has maintained a legal residence in the state of Florida for 12 consecutive months prior to the first day of classes and the dependent child has lived with the relative for five years immediately preceding residency classification and has been claimed by that relative as a "dependent" under the Federal Income Tax Codes.

The following categories will be considered as Florida residents for tuition purposes:

- Active duty members of the armed forces stationed in Florida, or whose home of record is in Florida, and their dependents
- Full-time instructional and administrative personnel employed by a public educational institution and their dependents
- Qualified beneficiaries under the Florida Pre-Paid Postsecondary Expense Program
- Eligible non-immigrant categories: A, E, G, H-1, H-4, I, K, L, N, 0-1, O-3, R, and NATO I-7
- Others as permitted by state statute or rule.

The documentation necessary to verify residency may be different for "dependent" and "independent" students. Dependent students normally use their parent/legal guardian's documentation for residency; whereas, independent students use their own documentation. For dependent students, the "claimant" is the parent/legal guardian; for independent students, the student is the "claimant." For more information regarding dependency, please see an Admissions Advisor.

A student will be granted Florida residency for tuition purposes when the claimant has a Florida permanent legal address and provides written or electronic verification that he or she has been issued two of the following three Tier 1 Florida documents that are dated at least 12 months prior to the first day of classes of the term for which the student is enrolling:

- A voter's registration
- A driver's license
- A vehicle registration

Documentation:

If the claimant cannot provide two of the three items mentioned above, Florida residency may still be verified if at least two documents, one from Tier 1 and one from Tier 2 are provided.

Tier 1, in addition to the three above:

- Proof of purchase of a permanent home in Florida that is occupied as a primary residence of the claimant
- Transcripts from a Florida high school for multiple years (if Florida high school diploma or GED was earned within last 12 months)
- Proof of permanent full-time employment in Florida (one or more jobs for at least 30 hours per week for a 12-month period)
- Benefit histories from Florida agencies or public assistance programs
- Declaration of domicile in Florida (12 months from the date the document was sworn and subscribed as noted by the Clerk of Circuit Court)

Tier 2 (may be used in conjunction with one document from Tier 1):

- Documents evidencing family ties in Florida
- Any other documentation that supports the student's request for resident status

Examples of "other" documentation:

- Utility bills and proof of 12 consecutive months of payments
- Lease agreement and proof of 12 consecutive months of payments
- State or court documents evidencing legal ties to Florida
- A Florida professional or occupational license, or Florida incorporation
- Proof of membership in a Florida-based charitable or professional organization

Unacceptable documentation includes a hunting/fishing license, a library card, a shopping club/rental card and a birth certificate/passport.

Any student who seeks reclassification as a Florida resident must complete and submit the Residency Affidavit. Continuous full-time enrollment at Daytona State College or any college during your qualifying period may make you ineligible for reclassification for in-state tuition. Please consult with an Admissions Advisor for possible exceptions. All residency reclassification documentation must be submitted no later than the first day of classes for the term in which reclassification is sought. Any question about this procedure or filing an appeal should be directed to the Admissions Office on the Daytona Beach Campus at (386) 506-3059.

Residency Appeals

Residency decisions may be appealed, in writing. Submit the Residency Appeal form, available from the Admissions Office, with all supporting documentation to the Admissions Office on the Daytona Beach Campus, attention to Admissions Coordinator. The appeal will be reviewed and a response provided to the student's FalconMail e-mail account.

College Catalog - Full Cost of Instruction

The following information applies to courses attempted at Daytona State College only. Courses completed at another institution and transferred to Daytona State are not impacted by the following rules.

Maximum attempts for full cost of instruction in each course:

Students are permitted to enroll in the same course a maximum of three times. Students will be assessed 100 percent of the full cost of instruction (the out-of-state tuition rate) on the third attempt unless the College grants a one-time exception to the student due to extenuating circumstances or financial hardship. Students are permitted to appeal to take a course a fourth time if the student withdrew due to major extenuating circumstances during the third attempt. Students will be assessed the full cost of instruction on the fourth attempt. There are no appeals to reduce the full cost assessment on the fourth attempt. All grades from the third and subsequent attempts will be calculated in the student's grade point average. A fifth attempt is not allowed under any circumstances.

Application forms for an appeal are available at the Question & Answer Center on any Daytona State campus, online at the Registration Web site, or from the Enrollment Services staff on any campus. The full cost assessment is the equivalent of the non-resident fee for courses. Additional fee information is available in the Financial Information section of this catalog under the Tuition, Fees and Refunds heading.

Grade forgiveness policies:

Grade forgiveness applies when students repeat the same course in which they earned a "D" or "F" grade. The earned grade from the most recent attempt will be used in the calculation of GPA. (A subsequent "W" grade will not replace an earned grade.) Students may not repeat the same course to improve a "C" grade or better. However, the college will allow a student who returns to Daytona State, or transfers to Daytona State after an extended period of time has elapsed since they had completed a college preparatory class to repeat that class under certain circumstances. The College has established an appeal process that allows students to retake a college preparatory class completed successfully, if their absence from college has been two years or more, and the student retests into the developmental course level. In such cases, students are offered the choice of repeating or moving forward with the understanding that financial aid will not be awarded for a repeated course.

Course Repeats:

Students are not permitted to repeat courses in which a grade of "C" or better was earned. This includes a grade of "C" or better transferred in from another institution.

Students may repeat a course for grade forgiveness twice. Upon the third attempt in the same course, the grade earned is a final grade and cannot be forgiven. Students should understand that other institutions may not honor Daytona State's grade forgiveness policy. As a result, students' grade point averages may change when they transfer to another institution. In addition, repeating courses to improve grades may impact a student's financial aid award. Students receiving financial aid should contact the Financial Aid Office prior to repeating any courses. Courses that are designed as "repeatable courses" in the Course Descriptions area of the College catalog may be repeated and are not subject to the forgiveness policy.

Withdrawal Policy:

Students may withdraw from a course any time prior to the final withdrawal date. Students are responsible for the completion of the formal withdrawal process. The withdrawal date deadlines are published in the College academic calendar. Students who remain enrolled in courses after the final withdrawal date will be assigned a final grade for the course from the faculty. Students are permitted a maximum of two withdrawals in the same course. Upon the third attempt in the same course, a student will not be permitted to withdraw and will be assigned a final grade other than "W" (withdrawal). Students who drop any course during the schedule adjustment period or who enroll in a course as an audit student are not impacted by this policy.

College Catalog - Full Cost of Instruction Policy

The following information applies to courses attempted at Daytona State College only. Courses completed at another institution and transferred to Daytona State are not impacted by the following rules.

Maximum attempts for full cost of instruction in each course:
Students are permitted to enroll in the same course a maximum of three times. Students will be assessed 100 percent of the full cost of instruction (the out-of-state tuition rate) on the third attempt unless the College grants a one-time exception to the student due to extenuating circumstances or financial hardship. Students are permitted to appeal to take a course a fourth time if the student withdrew due to major extenuating circumstances during the third attempt. Students will be assessed the full cost of instruction on the fourth attempt. There are no appeals to reduce the full cost assessment on the fourth attempt. All grades from the third and subsequent attempts will be calculated in the student's grade point average. A fifth attempt is not allowed under any circumstances.

Application forms for an appeal are available at the Question & Answer Center on any Daytona State campus, online at the Registration Web site, or from the Enrollment Services staff on any campus. The full cost assessment is the equivalent of the non-resident tuition and fees for courses.

Grade forgiveness policies:
Grade forgiveness applies when students repeat the same course in which they earned a "D" or "F" grade. The earned grade from the most recent attempt will be used in the calculation of GPA. (A subsequent "W" grade will not replace an earned grade.) Students may not repeat the same course to improve a "C" grade or better. However, the college will allow a student who returns to Daytona State, or transfers to Daytona State after an extended period of time has elapsed since they had completed a college preparatory class to repeat that class under certain circumstances. The College has established an appeal process that allows students to retake a college preparatory class completed successfully, if their absence from college has been two years or more, and the student retests into the developmental course level. In such cases, students are offered the choice of repeating or moving forward with the understanding that financial aid will not be awarded for a repeated course.

Course Repeats:
Students are not permitted to repeat courses in which a grade of "C" or better was earned. This includes a grade of "C" or better transferred in from another institution.

Students may repeat a course for grade forgiveness twice. Upon the third attempt in the same course, the grade earned is a final grade and cannot be forgiven. Students should understand that other institutions may not honor Daytona State's grade forgiveness policy. As a result, students' grade point averages may change when they transfer to another institution. In addition, repeating courses to improve grades may impact a student's financial aid award. Students receiving financial aid should contact the Financial Aid Office prior to repeating any courses. Courses that are designed as "repeatable courses" in the Course Descriptions area of the College catalog may be repeated and are not subject to the forgiveness policy.

Withdrawal Policy:

Students may withdraw from a course any time prior to the final withdrawal date . Students are responsible for the completion of the formal withdrawal process. The withdrawal dates are published in the College Academic Calendar. Students who remain enrolled in courses after the final withdrawal date will be assigned a final grade for the course from the faculty. Students are permitted a maximum of two withdrawals in the same course. Upon the third attempt in the same course, a student will not be permitted to withdraw and will be assigned a final grade other than "W" (withdrawal). Students who drop any course during the schedule adjustment period or who enroll in a course as an audit student are not impacted by this policy.

College Catalog - Grading System

Student grade reports are not mailed; however, they are available to all students at the end of each semester as the grades are entered by the teachers on at their FalconNet page. Students may access the Web from the computer commons and labs on any campus, or from any off-campus computer that has access to the Internet.

Grading policies

- Grades are posted to the student record at the end of each semester or subsession.
- A Grade Point Average (GPA) is calculated for each semester based on the number of hours attempted per course and the grade point value associated with the letter grade.

Example:

Course	Credit	Grade	Grade Points
English	3	A	4.0(x3) = 12.0
Math	3	B+	3.5(x3) = 10.5
Speech	3	F	0.0(x3) = 00.0
Psychology	3	C	2.0(x3) = 06.0
History	3	D	1.0(X3) = 03.0

Total Credits: 15
Total Grade Points: 31.5
Divide 31.5 (grade points) by 15 (credits) = 2.1 GPA

- Letter grades used to calculate GPA:

Grade	Definition	Grade Point Value
A	= Excellent	4.0
B+	= Very Good	3.5
B	= Good	3.0
C+	= High Average	2.5
C	= Average	2.0
D+	= Below Average	1.5
D	= Poor	1.0
F	= Failure	0.0

FN = Failure   0.0 (non-attendance prior to withdrawal date)

The college does not define a numerical score that equates to each grade. The determination of which grade the student has earned is left to the discretion of each instructor.

- ## Grades not used to calculate GPA:

"I"- Incomplete - A temporary grade issued only when a student who is passing the course but who, for valid and unforeseen reasons, is not able to complete the course requirements within the semester. Student agrees to complete the requirements before the middle of the next majo semester. "I" grades automatically convert to "F" grades if the requirements are not met and the appropriate grade change is not submitted by the deadline as published in the College catalog.

"IP" - In Progress - The class is currently in session and has not ended.

"W" - Withdrawal - Grade issued when a student officially withdraws from a class.

"AM" – Second Chance Program grade amnesty applied.

"SP" - Satisfactory Progress - Issued only for college preparatory courses and/or vocational courses, and selected college credit classes, when a student completes all course work but has not mastered the skill associated with the course. Example: A typing course requires the minimun skill of 45 words per minute and the student only masters 40 words per minute. No credit is awarded. Student must register and repeat the course.

"NR" – Grades Not Reported - The Records Office issues this grade when an instructor has not submitted a grade.

"X" - Audit - Issued when a student does not want credit for a particular course and officially audits the course by the deadline for the semester (published in the academic calendar).

"CR" - Credit Only - Issued for alternate methods of earning credit such as Advance Placement, IB, etc.

"NC" - No Credit - Issued for zero credit courses.

"CN" - Continuing Credit - Issued for open exit courses that cross semesters.

Students who no longer want to attend class:

1. Must withdraw by the deadline for the semester (published in the academic calendar).
2. May initiate the withdrawal process at the Registration Office at any Daytona State College campus by presenting a picture identification or online.
3. Students with extenuating circumstances (ie: hospitalized, out of town, etc.) may withdraw by mail provided the request is postmarked by the deadline and contains an original signature of the student.
4. Students are permitted a maximum of two withdrawals per course. Upon the third attempt, students will not be permitted to withdraw and will receive a grade other than "W" for that course.
5. A student who stops attending class and does not withdraw before the 60% point of the semester will receive a "F for non-attendance" code when the grades are submitted. The last date of attendance will be noted and a student who receives the "F for non-attendance" code for all classes will be subject to the federal Title IV refund guidelines. For more information about the refund that will be requires, please see the Financial Aid section of this catalog.

College Catalog - Graduation Requirements and Procedures

All Florida State and community college students seeking an Associate of Arts or a Bachelor's degree must satisfy the following degree requirements as established by the Board of Education. You are required to complete a minimum of 60 hours of transferable college level credit to receive an AA degree. Florida State Board of Education Administrative Rule 6A-10.024 (3a) requires 36 semester hours of general education courses, excluding college prep courses. The remaining 24 credit hours are elective credits. Graduates must also meet the requirements of the Gordon Rule, a state mandated foreign language requirement, and demonstrate the level of attainment of college-level academic skills (CLAS) in communication and computation as listed in Rule 6A-10.0316. This is also known as the CLAS requirement (see below for more detailed information).. You also must meet the Daytona State College residency requirements (25% of degree requirements credits must be earned from Daytona State College) and have a cumulative 2.0 GPA and a Daytona State 2.0 GPA.

Students seeking an Associate of Science, Associate of Applied Science, or Certificate must and have a cumulative 2.0 GPA and a Daytona State 2.0 GPA. Similar residency requirements are needed as described above.

Grade forgiveness applies when students repeat the same course in which they earned a "D" or "F" grade. The earned grade from the most recent attempt will be used in the calculation of GPA and graduation requirements. (A subsequent "W" grade will not replace an earned grade.) Students may not repeat the same course to improve a "C" grade or better.

Transfer Students:

Students transferring to Daytona State College who have earned an Associate of Arts degree from a Florida public college or Baccalaureate degree or higher from regionally accredited U.S. institution at the time the degree was earned are deemed to have met the General Education requirements for degree programs at Daytona State College, and also qualify for an exemption from the college placement tests. Specific majors may still require the completion of specified course requirements or prerequisites.

A baccalaureate degree or higher from another accredited four-year U.S. institution satisfies the CLAS requirements and the General Education Program requirements, and also provides exemption from the Foreign Language requirements for admission and graduation. Transfer students, however, must meet prerequisite requirements for the all courses in which they are enrolled

The regional accreditation agencies are:

- New England Association of Schools and Colleges, Commission on Institutions of Higher Learning;
- Middle States Association of Colleges and Secondary Schools, Commission on Higher Education;
- North Central Association of Colleges and Schools;
- Northwest Association of Schools and Colleges;
- Southern Association of Colleges and Schools, Commission on Colleges;
- Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges

Once the student's transfer credit evaluation is completed, an email is sent to the FalconMail address and the transfer credit summary report will be available online at Records section of their FalconNet accountThe college will include on the Daytona State College transcript all courses and grades that were attempted at a prior college except for the following:

- courses that meet the Academic Second Chance provisions
- courses that were taken at an upper (junior, senior etc.) level for which there is no comparable Daytona State College courses.

Grades received at prior colleges will be included in the cumulative grade point average, except for developmental courses.

Second Associate of Arts Degree
Students who transfer to Daytona State College, or who have previously earned an Associate of Arts or Baccalaureate Degree from another college, are not normally allowed acceptance to the AA program. The only exception to this policy would be for a student whose transcript evaluation indicates that at least 15 credits (including the foreign language requirement) are needed to meet our AA degree requirements, indicating that the prior education is not comparable. Students transferring with a prior degree are not allowed enrollment in the AA program to rehabilitate their GPA or to meet university prerequisites. Students with a prior degree are encouraged to enroll as non-matriculated students and take courses that meet their personal and career goals. Normally a non-matriculated student is not eligible for student financial assistance, but non-matriculated students who are taking specific prerequisite courses for a Daytona State College limited access program will only be eligible for student loans.

Transfer Credits from Non-Regionally Accredited Institutions
Credits from non-regionally accredited institutions are evaluated on a course-by-course basis by departmental review. Supporting documentation is required to validate the transfer of courses to insure they are academically equivalent to courses offered at Daytona State

College, including equivalency of faculty credentials. Students must submit official transcripts to the Admissions Office and the documentation for credit to be considered. Contact the Records Office for further information.

Foreign Language Requirements

Completion of two years of the same foreign language in high school or eight college semester credits of the same foreign language or in American Sign at the level of ASL 2140/2140L or above. Foreign and sign language courses satisfy elective credits toward the AA degree.

Attainment of College-Level Academic Skills (CLAS Requirement)

Students are considered to have demonstrated the attainment of college-level academic skills in communication and computation prior to or after the completion of required courses as stated in Rule 6A-10.0316 as follows:

- **College-Level Communication:** Earn a 2.5 grade point average in two (2) courses for a minimum of six (6) semester hours of credit from a combination of at least one (1) course with the ENC prefix and any other course that is designated as a "Gordon Rule" writing course (excluding courses with the SPC prefix) or have a CPT (ACCUPLACER) score of 93 on the Reading and 105 on the Writing; a SAT score of 500 on the verbal or an ACT score of 22 on the reading and 21 on the English. (Exemption via waiver for students with a prior documented specific learning disability is possible.)

  A "Gordon Rule writing course" will consist of any standard Gordon Rule course designated in the AA program listing EXCEPT Mathematics Core courses, Science Core courses, and Health and Wellness Core courses.

  CLAS Policy for Communication
  If a student does not meet the CLAS requirement for a 2.5 GPA in Communication courses as described in the college catalog the following rules are in place to assist the student in completing the graduation requirements:
    ◦ The student could attempt another Gordon Rule writing class and earn a "B" grade or
    ◦ Pass the Reading portion of the CPT (ACCUPLACER) test with a score of 93 or higher and pass the Writing portion of the CPT (ACCUPLACER) with a score of 105. There are resources at the Academic Support center to assist in preparing for the CPT (ACCUPLACER) test.If necessary scores are not earned on the CPT (ACCUPLACER), the student can attempt the CPT (ACCUPLACER) again in 15 days and will be required to pay a $10 restest fee.
    ◦ If after the second attempt of the CPT (ACCUPLACER), the student does not achieve the required score, the student is then eligible to complete a CLAS waiver petition that will be reviewed by the CLAS Waiver Committee.

- **College-Level Mathematics:** Earn a 2.5 grade point average in two (2) courses for a minimum of six (6) semester hours of credit from: MAC 1105 or any other MAC course with the last three digits higher than 105; MGF2106, 2107, or STA2023; or have a CPT (ACCUPLACER) score of 91 on the Elementary Algebra, a SAT score of 500 on the math or an ACT score of 21 on the math. (Exemption via waiver for students with a prior documented specific learning disability is possible.) Students who receive a "C" in MAC1105 are encouraged to complete the CPT (ACCUPLACER) testing for Elementary Algebra immediately while the subject matter is fresh.

  CLAS Policy for Mathematics
  If a student does not meet the CLAS requirement for a 2.5 GPA in two Mathematics courses as described in the college catalog the following rules are in place to assist the student in completing the graduation requirements:
    ◦ The student could attempt a third Mathematics class and earn a "B" grade or
    ◦ Pass the Elementary Algebra portion of the CPT (ACCUPLACER) test with a score of 91 or higher.
    ◦ Before attempting the CPT (ACCUPLACER) for graduation purposes, the student is encouraged to complete the CPT (ACCUPLACER) review questions that are on the School of

Mathematics website (http://online1.daytonastate.edu/courses/cpt/MAT0024/quiz.html).If a score of 91 is not earned on the CPT (ACCUPLACER), the student can attempt the CPT (ACCUPLACER) again in 15 days with the following conditions:

1. pay a $10 restest fee;
2. complete the tutoring at the above link with a score of at least a score of 400 points and print the screen that has the score and bring it to Assessment before they will be permitted to retest.

◦ If after the second attempt to score a 91 on the Elementary Algebra portion of the CPT (ACCUPLACER), the student does not achieve the required score, the student is then eligible to complete a CLAS waiver petition that will be reviewed by the CLAS Waiver Committee.

Courses in Residency
At least 25 percent of the degree requirement credits must be earned while enrolled at Daytona State College, this is normally referred to "credits in residency" to graduate.

Graduation Application
Submit an application for graduation and pay appropriate graduation fees. The fee will entitle the graduate to a diploma, if qualified, and to participate in the commencement ceremonies. Daytona State reserves the right to certify students as completers once they have completed all requirements for the degree or certificate, regardless if they have completed an application for graduation. Students who do not complete the graduation application process will not receive a diploma or have the degree or certificate earned statement on their official transcript. Completers are no longer eligible to receive student financial assistance.

Graduation applications can be filed at any time, but certain deadlines will apply for inclusion in the Commencement Booklet.

Students who complete all degree requirements are no longer eligible to receive student financial assistance for their current degree program. Students not meeting graduation requirements for the term/semester for which they applied must reapply and pay the graduation fee for the new term/ semester for which they are applying.

Fulfill all financial and other obligations to the College before receiving their degree or certificate.

Commencement ceremonies for degree, certificate and adult education candidates are held in May. Students who complete graduation requirements in the fall and/or spring semester, or who have applied for graduation at the end of the summer semester, are encouraged to participate in commencement ceremonies in May.

Students are responsible for determining if they have fulfilled graduation requirements. A Degree Audit is available on FalconNet online student services. We encourage all students to run a degree audit before applying for graduation. Assistance can be obtained from the Academic Advising Office for AA graduates, and from the academic department for career/occupational programs. Students may be permitted to substitute requirements upon completion of a substitution form signed by the appropriate program manager/program chairperson and dean/AVP if it is determined that the substitution does not substantially alter the program and is in the student's best interest.

Students typically follow the degree requirements as listed in the catalog for the year in which they began enrollment as a degree seeking student. If a student misses two or more consecutive major semesters (fall or spring) a student must be readmitted to the college and their catalog year will be updated for advising purposes. However, students may use the graduation requirements in effect the year they entered the college as a degree seeking student, or any year in which they were enrolled if the requirements have changed.

College Catalog - International Students

Daytona State College welcomes international students. The Admissions Office should be contacted three to six months prior to your anticipated enrollment so you can obtain an international student admissions packet. The packet contains the required information for admission to Daytona State and should be submitted at least 90 days before the start of each term.
The following official records are required to support your application for admission to Daytona State College:

1. Application - Complete the International Student Application for Admission. You can apply online or by downloading our application and submitting it by mail, fax, or in person at any campus.
2. Transcripts - College transcript requirements can be viewed at http://www.daytonastate.edu/catalog/adm/transcripts.html International students must submit all required transcripts prior to acceptance.
3. Verify Finances - Complete the Verification of Finances Form available from the Admissions Office online at http://www.daytonastate.edu/admissions.html. Complete both sides. Submit supporting documentation such as bank letters, award letters, etc. All financial documents must be in English and U.S. dollars. Additional instructions are available from the Admissions Office.
4. English Language Proficiency - If you are a citizen of a country where the official language is not English, you must provide one of the following:
   ◦ TOEFL Scores – 61 on the Internet Based Test (IBT); 173 on the Computerized / International version.   You can schedule a test or request your scores at www.toefl.org Daytona State's ETS school code is 5159. TOEFL scores are good for two years from the date of the test.
   ◦ Proof of completion of the equivalent of ENC1101, College Composition
   ◦ Proof of graduation from a United States high school
   ◦ Students who are citizens of countries where the primary language is English, as identified by the Department of State, are not required to submit proof of English language proficiency.
5. Transfer Clearance - If you are already studying in the U.S. on a visa and wish to transfer to Daytona State or take classes as a transient student, you will need to submit the following:
   ◦ Transfer / Transient Clearance Form – available from the Admissions Office; to be completed by your current / home institution prior to acceptance at Daytona State College
   ◦ Copy of your I-94
   ◦ Copy of your most recent I-20
   ◦ Copy of your visa
6. Passport Copy - Please submit a clear copy of your passport

After you submit all required documents, Daytona State College will mail your SEVIS Form I-20 and Letter of Acceptance to you at the mailing address provided on your application. Overnight delivery services can be utilized at the student's expense. Contact the Admissions Office for more information.
After the admission requirements are met:

• Daytona State College will mail you the I-20 eligibility form attached to your acceptance letter. Pay the SEVIS fee at www.fmjfee.com prior to attending the U.S. Consulate.
• Take the I-20 eligibility form to the U.S. Consulate in your native country and apply for a student visa.
• Travel to Daytona State College at least three weeks before classes start to complete the registration process for the best selection of class availability.
• Report to the International Student Advisor on the Daytona Beach Campus.
• Take the placement test in Assessment Services.
• Speak with an academic advisor and register for classes.
• Show proof of health and accident insurance coverage to the Office of Student Accounts. Students who do not or cannot show proof will be covered through Daytona State College's group insurance and automatically billed in your fee statement.
• Attend the International Student Orientation

**International students must maintain full-time status (12 credits or greater) regardless of program requirements. Exceptions may apply to the last semester of enrollment or by permit only for special circumstances. For more information, please contact the International Student Advisor.

Medical insurance is mandatory for all international students. Daytona State offers insurance for international students through Bert Reams Insurance Services, Inc. That office can be reached at (386) 252-6699, ext. 338, or by emailing bcapeh60@aol.com.

Please contact Global Education & Affairs at (386) 506-3141, email matthed@daytonastate.edu if you have any questions. All other students may contact Bert Reams Insurance Services or other preferred insurance providers for their insurance needs.

College Catalog - Library Services

The Daytona Beach Campus Library (Bldg. 210) and DeLand Campus Library (Bldg. 1) provide a wide range of resources and services including print and non-print collections, access to extensive electronic databases, and professional reference and research assistance. Daytona State College Library networks with other state and national libraries to obtain the information you need, when you need it.

All Daytona State students, faculty, and staff have 24/7 access to library services via the Daytona State Library Services Web page (http://www.daytonastate.edu/library/). Items in the Daytona State College Daytona and DeLand collections may be ordered from other campuses using the electronic form on the Daytona State library Web page. These items may be delivered to the campus of your choice. Virtual Reference Service is available to all by phone and through the Ask-a-Librarian Service (http://www.askalibrarian.org/vrl_intro.asp?library=flcc0600).

The Daytona Campus Library supports both Daytona State's upper level programs, including the Bachelor of Science and Applied Science degrees, as well as the upper level and graduate programs of partnership colleges and universities including the University of Central Florida (http://library.ucf.edu/BranchCampuses/Daytona/default.htm).
The Daytona Beach Campus Library and DeLand Campus Library also host open computer labs (http://www.daytonastate.edu/commons/) managed by the Information Services Department which are available to all Daytona State students during library hours of operation. These labs provide access to Daytona State academic software, including word processing and spreadsheet applications, as well as the Internet.

Library Hours (unless otherwise posted for holidays, summer, etc.):

Daytona Beach Campus Library
Monday - Thursday: 7:30 a.m.-9:00 p.m.
Friday: 7:30 a.m.-8 p.m.
Saturday: 8 a.m.-4 p.m.
Sunday: Closed
DeLand Campus Library
Monday - Thursday: 7:30 a.m.-9 p.m.
Friday: 7:30 a.m.-5 p.m. Closed Weekends
For more information please visit our webpage or contact Mercedes Clement, Head Librarian, at (386) 506-3440.

College Catalog - Limited Access Programs Placement Tests

Certain limited access programs require additional tests for admission. These include:

Test of Essential Academic Skills (TEAS) - The Nursing Associate Degree and the Practical Nursing Vocational Certificate programs require successful completion of the Test of Essential Academic Skills (TEAS) prior to admission to the program. TEAS scores are valid for three years. Contact Assessment Services on any campus for testing schedules and test fee information.

Basic Abilities Tests - The Law Enforcement Recruit Training and Correctional Officer Recruit Training programs require successful completion of a Basic Abilities Test prior to admission to the program. The state of Florida has approved the Criminal Justice Basic Abilities Test (CJ-BAT), and Daytona State College offers the CJ-BAT for entry into the Law Enforcement and Correctional Officer Recruit Training programs. CJBAT scores are valid for two years. Contact Assessment Services on the Daytona Beach Campus for testing schedules and fee information.

College Catalog - Limited Access Programs

Admission to the following limited access programs is determined by demand, available classroom space, state licensure requirements and/or related criteria specified by each program. Certain limited access programs require additional tests for admission. Please see the Program Guide for your field of interest for details. Applicants to these programs must submit a Daytona State College application and be accepted according to general College admission requirements, in addition to a separate limited access application which is available from the program chairperson. Please check with the program chairperson for details and applications.

- Correctional Officer Recruit Training
- Criminal Justice Bridge for Federal Law Enforcement Officers
- Criminal Justice Technology Bridge
- Dental Assisting
- Dental Hygiene
- Emergency Medical Services
- Emergency Medical Technician
- Fire Fighter
- Health Information Management
- Law Enforcement Recruit Training
- Massage Therapy
- Medical Assisting
- Medical Information Coder / Biller
- Nurse Aide and Orderly
- Nursing (Associate Degree)
- Nursing (Transition Into Profession)
- Occupational Therapy Assistant
- Paramedic
- Patient Care Assistant
- Physical Therapist Assistant
- Practical Nursing
- Public Safety Telecommunications
- Radiography
- Respiratory Care
- Surgical Technology

College Catalog - Maximum Course Load and Credit Overload

Students are typically limited to enrolling for no more than 18 credits during any semester (fall, spring, summer). Sub-sessions (e.g. A & B terms) within any semester have a maximum credit limit of nine hours.

Credit Overload

Students in good standing who desire to take more than 18 credit hours must obtain approval by an Academic Advisor. Determinations for approval are based on an individual basis reviewing the combination of courses being requested, the student's previous course work attempted, number of credits attempted in previous semesters, grade point average earned (minimum 3.0 for both semester and cumulative is required) and commitments outside of courses (numbers of hours working, family obligations, etc.).

College Catalog - Multicultural and International Resource Center (MIRC)

Responding to the needs of our diverse undergraduate student body, MIRC promotes an inclusive college climate by acting as an educational resource that prepares students to succeed in a heterogeneous and ever-changing society. MIRC provides a supportive environment for intercultural communication, constructive interaction and mutual understanding as a conduit to human development. Our goal is to create a greater sense of community and improve the quality of life for Daytona State College students.

MIRC offers a variety of resources which aim to facilitate an engaged campus environment that actively and collectively addresses many areas of diversity, including race and ethnicity, socioeconomic status and gender identity/expression. It seeks to strengthen and enhance the richly diverse fabric of the Daytona State College community by providing and supporting programs and services in the following areas:

- Diversity Education and Training
- Social Justice & Inter/Intra Cultural Programming
- Leadership Development and Training
- Advocacy
- Etiquette Training
- Professional and Ethical Leadership
- Tutoring
- Face-to-Face Mentoring
- Financial Aid
- Peer Mentoring
- Academic Monitoring
- Civil Sensitivity
- Cultural Enrichment
- Career Planning
- Intellectual Enrichment

Our diversity education and training programs are designed to encourage dialogue and interaction among students about issues related to diversity. Taking a proactive rather than reactive approach to diversity education, we seek to build competencies and thought processes among Daytona State College students that prepare them to excel in our diverse college community and beyond. Diversity education will take many forms including facilitated discussions, workshops and guest speakers.

College Catalog - Orientation

Orientation is an important step in getting started. Our Orientation program is geared toward awareness and student success. We provide you with a general overview of the various departments available to assist you during your time at Daytona State College. Orientation does not, however, provide detailed instructions about how to select and register for classes. For this, you should speak with a counselor or academic advisor.

All new and readmitted students pursuing a degree or certificate program are required to complete Orientation. The following programs/majors are excluded from the Orientation requirement (*):

- Apprenticeships including 1020 Child Care Specialist, 1071 Electrical Non-Union, 1072 Electrical Union, 1070 Plumbing Union
- Special Credit including 0001 Non-Degree, 0002 Employment, 0004 and 0007
- Transient 0003
- Dual Enrollment including 0005 Daytona State HS, 0008 Dual Vol./Flagler, 0009 Private
- 1057 Fire Apparatus Operator (1157)
- 1056 Fire Fighter II (1156)
- 1051 Law Enforcement Training (1151)
- 1031 Correctional Probation Officer Academy (1131)
- 1038 Public Safety Telecommunications (1138)
- 0960 Emergency Medical Technician (1960)
- 0957 Paramedic (1957)
- 3506 Emergency Medical Services (3106)
- 1050 Correctional Officer Recruit Training (3106)

(*) If you are in one of these majors and attempt online orientation, you will get an error message indicating that you are not required to complete. You can check to verify that your major classification is correct by going to Online Services and selecting Your Student Information under the Records and Registration option.

Students who change majors (from a non-Orientation required program to an Orientation-required program) must complete the Orientation requirement, even if they have been attending Daytona State for a semester or more. Registration will be prevented until the Orientation program is completed. You can access the online version of the Orientation once you have completed an admissions application and a student number has been created for you (approximately one business day after your application has been received). The online version is available under Online Services at http://www.daytonastate.edu. You will be required to enter your social security number and personal identification number (PIN). Online Enrollment and Student Development, including Orientation, can be accessed from any computer with Internet access (home, work, public library or Daytona State computer labs).

If you have any questions about Orientation, contact Academic Advising

Other Earned Credit
Daytona State College offers opportunities to earn credit for experience, accepts advanced placement credits and credit through other approved exams/programs. The following descriptions can help you choose which alternative best suits your needs.

 IMPORTANT: If you plan to transfer after leaving Daytona State, check if the transfer institution accepts credits earned through these alternatives. Students can earn a maximum of 75 percent of credits needed for their degree or certificate through alternative experiences.

1. **The Assessment of Prior Learning Experience (APLE)** - College credit may be awarded for knowledge gained outside the normal classroom setting, including prior work experience, workshops and seminars, formal or informal classes taken or other documented past experience. Daytona State students may earn credit through the APLE program by completing exams or developing portfolios.
2. **Advanced Placement (AP)** - AP credit is granted to students who have the College Entrance Examination Board/AP send official Advanced Placement Test results to the Daytona State College Admissions Office. Required scores to earn credit vary by course. Check with the Records Office for details on specific scores for subject areas. You receive credit, but not letter grades, for courses earned through AP. Earned credits are not computed into your GPA. Contact Daytona State's Records Office for AP requirements and information.
3. **College Level Examination Program (CLEP)** - The CLEP is the national exam program which offers exams in academic subject matters. Certain scores will result in credit for college courses. (Score requirements vary depending on the institution.) Official CLEP scores should be sent from the College Entrance Examination Board/CLEP to the Admissions Office. If required scores are earned, you will receive credit, but not letter grades for the courses earned through CLEP. Applications, registration materials and test fee information about CLEP are available in Assessment Services Offices on each Daytona State College campus.
4. **International Baccalaureate (IB)** - Daytona State awards credit based upon higher level and/or subsidiary level IB exams. Official transcripts and scores should be sent from International Baccalaureate to the Admissions Office. You receive credit, but no letter grades, for courses earned through IB. Earned credits are not computed into your GPA. Contact Daytona State's Records Office for IB requirements and information.
5. **Cooperative Education** - Students on all campuses have an opportunity to blend traditional classroom education with study-related work experience. Students gain practical experience in the job market and are awarded academic credit for approved training assignments. This credit may be used for the AA, AAS and AS degree or certificate programs. For information, contact the co-op coordinator on the Daytona Beach Campus.
6. **Independent Study** - This provides in-depth study in selected disciplines. Under special circumstances, it also may be approved for students unable to attend regularly scheduled college credit classes. Students considering this option must identify an area of study with the assistance and approval of an instructor; complete the independent study agreement outlining the project/objectives to be accomplished; and get written approval from both the department chairperson and associate vice president.
7. **Air Force Reserve Officers Training Corp (AF ROTC)** - Daytona State students may register for Air Force ROTC courses offered at Embry-Riddle Aeronautical University. AF ROTC offers two- and four-year programs. Students may complete the first two years of ROTC without military commitment. Elective credit is awarded for these courses. The U.S. Air Force offers ROTC academic scholarships to eligible students. For scholarship information, see the Financial Aid section of the catalog. For information on AF ROTC, call the ROTC office at Embry-Riddle at (386) 226-6880.
8. **Academic Course Exchange (ACE)** - Full-time Daytona State students in good academic standing are eligible to take approved courses, at no additional charge, at Bethune-Cookman College, Embry-

Riddle Aeronautical University, Stetson University and University of Central Florida. For more information, please contact the Record's Office.

College Catalog - Parking Regulations

Parking decals are available at the Campus Safety Office on the Daytona campus (BLD 540) or at the Falcon Center on any other campus

Designated Parking Areas - Daytona State has open parking, except for areas mandated and enforced by state law: Yellow (Fire Lane), Blue (Handicapped). Visitor and other reserved areas are designated by signage. Please observe all parking regulations to ensure fairness to everyone attending the College.

Parking fines are $10. Unpaid fines will result in a hold on student records, diplomas, transcripts and future registrations. Repeat or flagrant offenders may be towed at their expense.

Students wishing to challenge a parking ticket issued by Campus Safety must attend an informal meeting with the Director of Campus Safety, Bldg. 540 on the Daytona Beach Campus, from 8-9 a.m. on any Wednesday. Students on all other campuses should contact the Provost's Office for an appointment. If necessary, the student will receive a referral to the Office of Judicial Affairs to file a grievance.

Speed Limit - The speed limit on campus is 10 mph unless posted otherwise.

College Catalog - Question and Answer Center

The Question and Answer Center is where students can go to complete many student services in one place. Services include the following:

- Appeals Applications
- Transcript Requests
- Enrollment Verification Requests
- Graduation Applications
- Independent Study Requests
- Reinstatement Requests
- Registration Issues

The Center is located in bldg. 100, room 119 on the Daytona Beach Campus. Similar services are available at all regional campus Enrollment/Falcon Center offices.

The Falcon Center is an online student service center where students can complete online transactions. Students can receive help navigating online student services at the Falcon Center on any campus. Students can complete the following transactions online or in the Falcon Center.

- Add/Drop
- Change of Address
- Change of Major
- Orientation
- Pay Tuition
- Print Schedule and Fee Statement
- Print Class Schedule
- Register
- Reset Student PIN Number
- Request a Degree Audit
- Request Official Transcripts
- Request Enrollment Verification
- Withdraw from Classes
- Request Transient Form at www.facts.org
- Unofficial Transcripts

College Catalog - Readmission to Daytona State College

Students who previously attended Daytona State must:

- Resubmit an admission application to the Admissions Office if you were not enrolled during the last two major semesters (fall, spring);
- Contact the Admissions Office to update your application if you were admitted to the College for a given semester but did not register for courses. Applications for students who applied but did not register are maintained for one year. If you applied prior to that, a new application is required;

After reapplying to the College, students will follow all other steps for enrollment applicable to their program.

College Catalog - Records and Registration

Students register for classes each semester based on the dates listed in the academic calendar. Before registering for classes, we encourage you to use the information here as a guide to ensure your success. You may register online at http://www.daytonastate.edu/ or at Daytona State College's Daytona Beach, DeLand, Deltona, Flagler/Palm Coast and New Smyrna Beach-Edgewater campuses.

Facts about Registration

- **Schedule of Classes** - A listing of all classes offered for a specific semester. The most updated schedule is available online at http://www.daytonastate.edu. Using the Advanced Search feature, you can search by campus, sub-session, instructional method, time of day and other variables.
- **Advance Registration** - Typically a three-day period which allows currently enrolled students to register on a priority order based on credits earned.
- **Open Registration** - For new or returning students and those who did not register during the advance registration period.
- **Transfer Hours** - Will be calculated into the advanced registration time if all transcripts have been received and evaluated.
- **Schedule Adjustment** - Students may continue to modify their schedules throughout the registration period and up until the last day to adjust schedules date (add/drop courses) listed in the academic calendar.
- **Audit Registration** - Students who do not want to earn college credit for a course may enroll as audit students. Students desiring to audit a course must complete the Audit form, have it signed by the instructor and return it to the Question and Answer Center no later than the last day of the add/drop period. Students may not audit college prep courses.
- **State Employee Registration** -State employees as identified by the Florida Accounting and Information Resource Web site may register and have their tuition waived for a maximum of six hours per semester under the following conditions:
  1. Fulfill all admission and placement testing requirements of the College
  2. Register on the designated State Employee registration dates as indicated in the academic calendar
  3. Enroll only in courses on a space-available basis
  4. Enroll in courses as either a credit or audit student. Enrollments are subject to all College academic regulations, including required placement testing, prerequisites and limits on course repeats and grade forgiveness. State employees will be assessed fees for the full cost of instruction for any course in which they exceed the maximum number of attempts
  5. State employees will be assessed other fees, i.e. laboratory fees, assessment fees, access fees, etc.
- **Schedule and Fee Statements** - Identifies the registered courses, lists days and times of the courses and gives summary of tuition and fees. They also include fee payment due date.
- Registration is not complete until all fees have been paid.
- **Reinstatement Procedure**
  Students wishing to register into a section after the add/drop date for any given semester must meet the following criteria:
  1. Must have been registered in the course prior to the add/drop date and subsequently dropped due to cancellation for non-payment, class roll or other process.
  2. Must document why the original drop occurred (document using reinstatement form available in the Q & A/Registration Office).
      1. Administrative error - Courses dropped due to an administrative error documented by a signed statement from the faculty member or director/department chairperson of the department that caused the error may be reinstated.

2. Extenuating circumstances - Requests approved by the Supervisor of Registration will be processed.
    1. Documentation is required.
3. Must have the Financial Aid Office and/or the Student Accounts Office sign the reinstatement form indicating the student has money on account and will not be dropped for non-payment once reinstated.
4. Must have a signature from the instructor of each course in which they are re-enrolling, indicating that they have been attending the section and have permission to get back into the course.
5. Must re-enroll in ALL courses that have been dropped.
6. Reinstatements may not be processed after the midpoint of the subsequent semester (I-grade deadline published in the catalog). Subject to change.
7. If reinstatement occurs after grades have been submitted, each instructor must also deliver a memo to the Records Office (not via the student) that indicates what grade the student should receive.
8. Students who withdraw from class(es) may not be reinstated.
9. All documentation must not have a date more than five business days prior to when the reinstatement is processed.

- **Late Registration**
Students may register for classes up until the end of the second week of classes for 15/16-week sessions and up to the end of the first week of classes for seven-week sessions providing:
    1. The student obtains the signature of both instructor and chairperson on the Late Registration Form and returns the form(s) to the Registration Office within two business days.
    2. Payment must be made at the time of registration.

Note: There is no refund period for "late registration." Students may withdraw without a refund.

College Catalog - Records Maintenance and Privacy Guidelines

The Records Office maintains permanent educational records for all students who have ever enrolled at Daytona State College. The student educational record may contain an application for admission, high school and/or college transcripts, the Daytona State College academic record or transcript, authorized changes to the record and other documentation appropriate to a student's enrollment at the College.

Family Educational Rights and Privacy Act (FERPA)

FERPA is a federal law that applies to educational agencies and institutions that receive funding under a program administered by the U.S. Department of Education.The statute is found at 20 U.S.C. 1232g and the Department's regulations are found at 34 CFR Part 99.

Under FERPA, schools must generally afford students attending a postsecondary institution access to their educational information, an opportunity to seek and have their records amended, and some control over the disclosure of information from the records.

FERPA requires the College to protect the privacy of student record information. This includes restricting access to these records, the release of records and the opportunity to challenge records should they be inaccurate, misleading or inappropriate. A peer graded test or paper becomes an educational record when and if the grade received is used in the calculation of the final grade for the course. Educational records exclude records that are created or received by the college after the student is no longer a student in attendance and are not directly related to the student's attendance.

No information other than the data determined to be "directory information" can be provided to a custodial parent, non-custodial parent, or other third party without the permission of the student unless very specific criteria have been met.

FERPA requires the College to establish a policy with regard to the data items that can be released to third parties upon request, and to establish the procedures for the release of such information. Students have the option of making their "file" and "data" confidential. Students choosing to have their data marked as confidential are identified in the student information system and their information is excluded from the college's directory information.

Disclosure of Education Records

A school must:

1. Have a student's written consent prior to the disclosure of education records
2. Ensure that the consent is signed and dated and states the purpose of the disclosure

A school may disclose education records without prior consent when:

1. The disclosure is to school officials who have been determined to have a legitimate educational interest. For these purposes a school official is defined to include contractors, consultants and other third parties providing services and functions acting under contract with and on behalf of the College.
2. To another college when the student is seeking or intending to enroll in another college. This disclosure, upon request, could include disciplinary and health records.
3. The disclosure is to state or local education authorities auditing or enforcing Federal or State supported education programs or enforcing Federal laws which relate to those programs.
4. The disclosure is to the parents of a student who is a dependent for income tax purposes. Students may self-certify that they are a dependent for tax purposes.
5. The disclosure is in connection with determining eligibility, amounts and terms for financial aid or enforcing the terns and conditions of financial aid.
6. The disclosure is pursuant to a lawfully issued court order or subpoena.
7. The information disclosed has been appropriately designated as directory information by the school.
8. The disclosure without consent is allowed when the school is returning records to the apparent creator (e.g. of a transcript) to verify authenticity.
9. Disclosure can be made to organizations conducting educational studies for or on behalf of the college for purposes of testing, student aid and improvement of instruction; this disclosure can also be made even in cases where the college is not a party to the research project.

Parent Access to Records

Student records may be released to a parent (either custodial or non-custodial) of the student without the student's prior approval only when a Daytona State College parent information request form has been completed. This form requires the requesting party to attach documentation that verifies the student was claimed as a dependent on the most recently filed IRS tax return. (Copies already supplied to the Financial Aid Office can be used.) Once this form and documentation is received, the student will be notified of the request 10 days prior to the release of the information. Student information is subject to the FERPA guidelines even if the student is under age 18.

FERPA permits institutions to disclose information to a parent if a health or safety emergency involves their son or daughter. Schools are also allowed to inform parents if the a student under age 21 has violated any law or college policy concerning the use or possession of alcohol or a controlled substance. A school official may generally share with a parent information that is based on that official's personal knowledge or observation of the student.

Students may choose to have their records provided to a parent, or other third party, on a one-time or one-year basis by completing the student Release of Academic Information form.

Health or Safety Emergency

In addition, the school is allowed to disclose without the student consent education records, including personally identifiable information from those records if the College determines that there is a articulable and significant threat to the health or safety of a student or other individuals, but only to those persons whose knowledge of the information is necessary to protect the health or safety of the student or other individuals. A record of the threat and the information disclosed will become part of the student's record. At such times, records and information may be released to appropriate parties such as law enforcement officials, public health officials, parents and trained medical personnel. This exception to FERPA's general consent rule is limited to the period of the emergency, and generally does not allow for a blanket release of personally identifiable information.

Disciplinary Records

While student disciplinary records are protected as education records under FERPA, there are certain circumstances in which disciplinary records may be disclosed without the student's consent. A postsecondary institution may disclose to an alleged victim of any crime of violence or non-forcible sex offense the final results of a disciplinary proceeding conducted by the institution against the alleged perpetrator of that crime. An institution may disclose to anyone the final results of a disciplinary hearing if it determines that the student is an alleged perpetrator of violence or non-forcible sex offense and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies.

Law Enforcement Unit Records

Investigative reports and other records created and maintained by the law enforcement units are not considered to be education records subject to FERPA. Accordingly, institutions may disclose information from law enforcement unit records to anyone, including outside law enforcement authorities, without student consent. The Daytona State Campus Safety Office is responsible for referring potential or alleged violations of law to local police authorities.

The College may not require the accuser to execute a non-disclosure agreement or otherwise interfere with re-disclosure of information about alleged sex offenses released under the Clery Act.

The College may disclose information received under a community notification program about a student who is required to register as a sex offender.

Directory Information

Directory information can be released to the public without the student's consent following specific request procedures. Directory information will not be released if the student had requested in writing to keep their information confidential.

At any time the student can complete a form in the Records Office to mark their records as confidential.

The Daytona State College directory information includes:

1. Student name and city of residence
2. Student college sponsored email address
3. Date of birth
4. Enrollment status
5. Major and fields of study
6. Participation in College recognized activities and athletics
7. Dates of attendance
8. Degrees and awards received
9. Most recent educational institution attended
10. Photograph and height/weight of athletic team members

The College reserves the right to provide additional information, such as street address and telephone number, where there is a signed articulation agreement with another postsecondary institution for purposes of recruiting students, and in cases that are superseded by the Solomon Amendment giving military recruiters access to student recruiting information.

Any other information is considered to be personally identifiable information and cannot be released to a third party, including parents, without the student's written consent.

Directory Requests

The procedure to request Daytona State College directory information is indicated below. Directory information requests are not recorded in individual student records.

1. The college participates with the National Student Loan Clearinghouse to provide electronic requests for confirmation of individual academic degrees, academic awards/honors, dates of attendance by employers and colleges, and confirmation of enrollment status. The Web site is www.degreeverify.com; email is service@studentclearinghouse.org; phone is 703-742-4200; and the fax is 703-742-4239.
2. Requests for additional information or for other purposes must be made in writing on the letterhead of the company, agency or school requesting the information.
3. If the request is being made by an individual, it must indicate the name, address and phone number of the requestor and the reason for the request.
4. Requests for the entire student directory, requests from any military sources under the Solomon Amendment, or requests for a "class" of students, such as all students in any one major, should be directed to the Records Office.

Student Access to Educational Records

Schools are required by FERPA to:

1. Provide a student with an opportunity to inspect and review his or her education records within 45 days of the receipt of the request.
2. Provide the student copies of education records or otherwise make records available to the student if the student, for instance, lives outside of commuting distance of the school.
3. Redact the names and other personally identifiable information about other students that may be included in the student's education records.

Amendment of Education Records

Under FERPA a school must:

1. Consider a request from a student to amend inaccurate or misleading information in the student's education records.
2. Offer the student a hearing on the matter if it decides not to amend the records in accordance with the request.
3. Offer the student a right to place a statement to be kept and disclosed with the record if as a result of the hearing the school decides not to amend the record.

A school is not required to consider requests for amendment under FERPA that:

1. Seek to change a grade or disciplinary record.
2. Seek to change the opinions or reflections of a school official or other person reflected in an education record.

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education

400 Maryland Avenue, SW
Washington, DC 20202-5901

Questions about the administration of FERPA at Daytona State College and the release or amendment of any student record should be addressed to the Dean of Enrollment Management.

Student Requests

Change in records - Students may request a change to their record in writing or by presenting photo identification if requesting the change in person. Typical changes include name, address, telephone number, social security number and program code (major). Most changes require the student to present appropriate documentation. Address, phone and most program code changes can be made online at http://www.daytonastate.edu/.

Enrollment verification – An official College statement indicating semester of enrollment and student status (i.e. full- or part-time). The College utilizes the services of the National Student Clearinghouse to automatically process enrollment verifications for students. Students may go online to www.clearinghouse.org to request enrollment verification.

Transfer credit evaluation – Statement of all course work and grades accepted from another postsecondary institution. A transcript evaluation summary is available online at http://www.daytonastate.edu/ on the Registration and Records menu.

Non-release of directory information - A student may submit a request for non-release of directory information by completing a form in the Daytona Beach Campus Records Office or in the administrative office at any Daytona State campus. This non-release request will remain in effect until the student requests a removal of the non-release hold.

Authorization of non-directory student information - Students may authorize Daytona State College to release specific information as documented on the *Release of Academic Information* form. This release consent is valid for one year from the date the document is signed.

Official transcripts - Students may request an official copy of their academic record via the Daytona State online transcript request system at www.daytonastate.edu. There is a $2 fee for each official transcript requested.

Unofficial transcripts - Students may view/print an unofficial transcript online at www.daytonastate.edu.

Social Security Number Collection and Use

In compliance with Florida Statute 119.071(5), this document serves to notify you of the purpose for the collection and usage of your Social Security number by Daytona State College.

Daytona State collects and uses your social security number only if specifically authorized by law to do so or it is imperative for the performance of its duties and responsibilities as prescribed by law. The College, and vendors, may not use a Social Security number or other non-directory information, either alone in or combination with other data elements, to identify student records when disclosing or confirming directory information without the written consent from the student.

Specifically, Daytona State collects your Social Security number for the following purposes:

Admissions Department

Federal legislation related to the Hope Tax Credit requires that all postsecondary institutions report student Social Security numbers to the Internal Revenue Service. This IRS requirement makes it necessary for colleges to collect the Social Security number of every student. A student may refuse to disclose his or her Social Security number to Daytona State College, but the IRS is then authorized to fine the student in the amount of $50.00.

In addition to the federal reporting requirements, the public school system in Florida uses Social Security numbers as a student identifier (section 229.559, Florida Statutes-new school code section 1008.386). In a seamless K-20 system, it is beneficial for postsecondary institutions to have access to the same information for purposes of tracking and assisting students in the smooth transition from one education level to the next. All Social Security numbers are protected by federal regulations Family Educational Rights and Privacy (FERPA).

Continuing Education, Corporate Training

Because of Florida State Education Reporting requirements, students who enroll in Continuing Education and Corporate Training seminars are required to submit their Social Security numbers.

Financial Aid Department

The Office of Financial Aid at Daytona State College and the U.S. Department of Education require students to submit their Social Security numbers on various forms in order to correctly identify applicants, match each applicant's financial aid record with the student record, and to help coordinate state aid programs with federal and institutional aid programs.

Human Resources Department

An employee's (including Federal or Institutional Work Study employees) Social Security number is required for any or all of the following:

- Completing an Employment Application/Packet
- Completing and processing the Federal I-9 (Department of Homeland Security)
- Completing and processing Federal W4, W2, 1099 (Internal Revenue Service)
- Completing and processing Federal Social Security taxes (FICA)
- Processing and Distributing Federal W2 (Internal Revenue Service)
- Completing and processing quarterly Unemployment Reports (Florida Department of Revenue)
- Completing and processing Florida Retirement Contribution reports (Florida Department of Revenue)
- Workers Comp Claims (FCCRMS and Department of Labor)
- Completing and processing Federal and State Employee and Educational Reports
- Completing and processing Direct Deposit Files (Bank of America, ACH)
- Completing and processing 403b and 457b contribution reports
- Completing and processing group health, life and dental coverage enrollment
- Completing and processing various supplemental insurance deduction reports

Library

Student, faculty and staff Social Security numbers will be used in the library's patron database (LINCC) for online login authentication, patron verification and the elimination of duplicate records.

Workforce Programs

These programs use your Social Security number as an identifier for program enrollment and completion. Also, it is used for entering placement information into either the OSMIS or the Employ Florida Marketplace statewide data collection and reporting system. Because these are performance-based contract programs, it is required that all participants and their program related activities be recorded in the Florida state system.

Identification and verification, billings and payments, data collection, reconciliation, tracking, benefit processing and tax reporting

To protect your identify, Daytona State will secure your Social Security number from unauthorized access and assign you a unique student/employee identification number. This unique identification number will then be used for all associated employment and educational purposes at Daytona State.

College Catalog - Special Credit Students

Students may take courses even if they do not intend to earn a college degree or certificate from Daytona State College. A special credit (non-matriculated) student is one who enrolls in courses to upgrade career skills, takes courses for personal enrichment, or enrolls in courses for the purpose of transferring to another institution. Special Credit students must meet all course placement and prerequisite requirements.

Special credit students are limited to a total of 15 credits, after which they must declare a major. If a student has already received an associate of arts degree or a bachelor's (or higher) degree, the 15-credit limit is not applicable. Students are required to provide transcripts to document degrees earned and to have placement tests waived and prerequisites documented. Special credit students are not eligible to receive financial aid.

Student Activities

Expand and enrich your college experience by getting involved with your campus and your community. The Student Activities Department is the social hub of the college, where you can meet other students who share common interests. Take advantage of the many opportunities to develop valuable career skills and earn scholarships by taking on leadership roles in various student clubs and organizations.

Student Publications – Gain valuable career experience, or just find an outlet for your photography and literary works .Student Publications include In Motion Student Newspaper and Ole' Literary Magazine. In Motion is an award-winning monthly newspaper that is produced entirely by students. Ole' is an annual literary magazine featuring student poems, short stories, essays and artwork. Many former writers, photographers and editors for these publications are now employed in various media organizations throughout the world.

Student Government Association – The SGA is made up of elected officers and appointed members who are directly involved in the college decision-making process. SGA representatives serve on various college wide committees that review college policies, procedures and expenditures. SGA officers also organize various campus events and many community service projects.

Student Leadership Workshops and Seminars – Gain valuable leadership skills by attending workshops, seminars and retreats offered each semester. Combine these events with participation in Student Government, student clubs and college committees for an experience that will enhance your resume and build your professional career.

Intramurals and Recreational Sports – There are several intramural sports activities that are open to all students. From flag football and soccer tournaments to informal ping pong games, you'll find it all at "Rec Sports."

Clubs and Organizations – There are more than 40 student clubs and organizations on campus to appeal to a wide variety of interests. In most cases, membership to clubs and organizations is open to all students.

For more information and a calendar of activities, contact Student Activities in Building 130, Room 113 at the Daytona Beach Campus; Building 7, Room 151 at the DeLand Campus; or the provost's office at the other campuses.

I. Grade Change Request and Academic Disputes

Informal Grievance Process for Academic Disputes: The College provides an informal procedure to assist faculty and students in resolving grade disputes. The teaching faculty is authorized to issue grades based on their assessment of the student's level of performance, participation, quality and quantity of work. However, students who believe a faculty member has issued an incorrect grade(s) based on written documentation may seek recourse through the Informal Grievance Process, as outlined below: It is the student's responsibility to request a conference with the instructor (s) involved within 30 calendar days after the end of the term in which the grade was issued. If the student is not comfortable contacting the instructor she/he should contact the appropriate School Chair. If the student and the instructor agree on the terms and conditions of a grade change or grade dispute the matter will be resolved. If the student disagrees with the instructor the student's next step is to contact the appropriate School Chair. The School Chair may arrange a meeting with the student and the instructor in an effort to resolve the grade dispute If the issue remains unresolved, the matter moves to the Formal Grievance Process.

II. Formal Grievance Process for Academic Grade Disputes

If the grade dispute is not resolved at the level of the School Chair, the Chair refers the matter to the appropriate Associate Vice President. The student must submit the grievance in writing to the appropriate Associate Vice President who reviews the written grievance and renders a decision. If the student is satisfied with the decision the matter is closed. If the student is not satisfied with the decision, the matter moves to the administrative review process.

Administrative Review Process for Academic Grade Disputes

If the student is not satisfied with the decision made by the Associate Vice President, the student may request an administrative review process to the Senior Vice President of Academic Affairs and /or the Vice President of Enrollment/Student Development. The student must submit a written request and explain the reason for the administrative review. The Vice Presidents will review the written request and make an appropriate decision. The student may be contacted and notified of the decision by telephone, in person, by letter or electronic mail.

Academic Integrity Code

Daytona State College is committed to providing students with quality instruction, guidance and opportunities for academic and career success by fostering academic excellence in a supportive and personalized learning environment. Maintaining high standards of academic honesty and integrity in higher education is a shared responsibility and an excellent foundation for assisting you in making honorable and ethical contributions to the profession for which you are preparing. In order to preserve academic excellence and integrity, the College expects you to know, understand and comply with the Academic Integrity Code, which prohibits academic dishonesty in any form, including, but not limited to, cheating and plagiarism. Grades conferred by instructors are intended to be accurate and true reflections of the coursework actually produced and submitted by you. Suspected violations of the student academic dishonesty code may be reported to the appropriate academic School Chair for resolution. In some cases, students may also be referred to the Judicial Affairs Office for appropriate disciplinary action.

Forms of Academic Dishonesty

Cheating - Defined as receiving or giving unauthorized assistance on a quiz, test, exam, paper or project or unauthorized use of materials to complete such; collaborating with another person(s) without authorization on a quiz, test, exam, paper or project; or taking a quiz, test or exam for someone else or allowing someone else to do the same for you.

Plagiarism - Submitting work in which words, facts or ideas from another source are used without acknowledging that the material is borrowed, whether from a published or unpublished source. For specific instructions on how to document information from other sources, students should check with their instructors, academic departments or the Student Academic Support Center for reference.

Fabrication - Listing sources in a bibliography that one did not actually use in a written assignment, or presenting false, invented or fictitious data/information in a written assignment.

Other Academic Misconduct

Other academic misconduct includes, but is not limited to:

Student Conduct Office

Daytona State College is responsible for providing a safe teaching and learning environment in which all of its students can realize their academic and career goals. The College experience is a privilege that is afforded to students. All students are expected to abide by and be held accountable for violations of the College Code of Conduct Rules for acceptable behavior.

Students who choose to a member of the College Community accept the responsibility to be informed and acquainted with the College regulations. Students are expected to comply with all of the College regulations and respect the personal rights and property of other members and guests of the College Community.

The College is committed to provide a workplace and learning environment that is safe, secure, respectful, and free from threats of violence of any kind. The College administration reserves the unilateral and unlimited right to waive, suspend, alter or amend any policies, procedures, guidelines or practices to insure the public safety of students, employees, guests and the community.

The Office of Student Conduct is responsible for administering disciplinary actions for student conduct that is inconsistent with the College's rules for acceptable behavior. Students who are accused of violating the College rules, policies, procedures, and practices will be provided with an opportunity to personally respond or submit a written response to an allegation unless a College restriction or law enforcement trespass is warranted. The Student Conduct Office staff may conduct judicial administrative meetings or student disciplinary hearings as a means of resolving complaints against students.

College Catalog - Student Consumer Information

In order to provide students with information related to attending Daytona State College, the following reports, policies and general information are available to students at the Web sites indicated, or by requesting a printed copy from the respective office.

Academic Programs and Policies - The complete list of programs and course descriptions can be found in the college catalog. The catalog also has links for academic information and graduation requirements, and for policies regarding academic standards of progress.

Student Privacy Information - The Family Educational Rights and Privacy Act (FERPA) provides certain rights to students related to educational records. This information can be found in the college catalog or is available from the Records Office, Bldg. 100 on the Daytona Beach Campus. FERPA regulations pertain to the release of student records to third parties, including parents, and the right to review and amend student records. For more information: http://www.daytonastate.edu/catalog/admission_info/records_student_info_svcs.html.

Campus Crime Statistics and Safety Policies - This information is available from Campus Safety, Bldg. 540 on the Daytona Beach Campus or from campus safety on any branch campus. For more information: Crime Statistics.

Financial Assistance Information - The Financial Aid Office administers all federal, state and local grant, loan, work and scholarship programs. This information can be found in the college catalog, and from the Financial Aid Office, Bldg. 100, on the Daytona Beach Campus or at each of the regional campuses. For more information: http://www.daytonastate.edu/catalog/financial_information/financialindex.html.

For specific information about loan options and repayment options please see the following: Loan Options

Athletic Participation and Financial Support - Information about athletic program participation rates and financial support, and the annual completion and graduation rates of student athletes can be obtained from the Athletic Department, Bldg. 310, Rm. 235, on the Daytona Beach Campus, or from the Athletic Department Web site at: http://www.daytonastate.edu/athletics.

Drug Free Workplace - In compliance with the Drug Free Schools and Campuses Act of 1989, Daytona State prohibits the illegal use, purchase, sale, distribution, manufacture, or possession of drugs and alcohol on its campuses, or at any college-related activities. This policy applies to all employees and students. Employees, students and job applicants are required to receive information and or sign a Drug Free Certification form at the time of admission to the college. For more information: http://www.daytonastate.edu/campus_safety/drug_policy.html

For more information about the colleges response to the Drug Free Schools and Campuses Act, please click on the following link: Drug Free Information

Graduation/Completion and Transfer-out Rates - This information is available on the Daytona State Web or from the Office of Institutional Research, Bldg. 100, on the Daytona Beach Campus. To access online, please go to:http://www.daytonastate.edu/catalog/publications/GRSFA07.pdf

Institutional Information - Information about Daytona State regarding its academic and financial policies and practices can be found throughout the online college catalog. Searches can be done to find specific information about the cost of attending Daytona State, including the tuition and fees charged, estimates for the cost of books and necessary supplies, and any additional program costs. In addition, the catalog includes information regarding refund policies; the requirements and procedures for officially withdrawing from the institution; a summary of the requirements for the return of Title IV grant or loan assistance; a listing of the academic programs of the institution, including the current degree programs and other educational and training programs; the instructional, laboratory, and other physical facilities which relate to the academic program; and the institution's faculty and other instructional personnel. Other information in the catalog includes: The names of associations, agencies or governmental bodies that accredit, approve, or license the institution and its programs, and the procedures by which documents describing that activity may be reviewed; a description of the facilities and services available to disabled students and how to access the services; and information about study abroad and other consortia programs.

Other information of a general demographic nature can be found at: http://www.daytonastate.edu/ir/facts.html.

Voter Registration Information - Voter registration forms are available from the Records Office, Bldg. 100, on the Daytona Beach Campus, from the Student Activities Office, and from your County Supervisor of Elections Office of your permanent residence.

The Web site for Volusia County is: http://volusia.org/elections/reginfo.htm.

The Web site for Flagler County is: http://www.flaglerelections.com/register.htm.

College Catalog - Student Disability Services

The mission of Student Disability Services is to promote student success and arrange reasonable accommodations for students with disabilities. Our goal is to empower students with disabilities and support full inclusion and access to college academic and career programs.

In order to receive services, a student must meet personally with a Student Disability Services (SDS) advisor and provide current written verification of his/her disability from a licensed physician, psychologist or mental health professional. The professional must have the credentials to render an appropriate diagnosis on an adult measurement scale. Students requesting accommodations for any Daytona State College placement exam are strongly encouraged to meet with an SDS advisor prior to scheduling the exam.

Students may contact Student Disability Services at the following locations:

Daytona Beach Campus, Bldg. 100 Annex
Phone: (386) 506-3238 or (386) 506-3086 for a TDD connection

Deland Campus, Bldg. 7, Rm. 142
Phone: (386) 785-2012

Deltona Campus, Bldg. 1, Rm. 208
Phone: (386) 789-7316

Flagler/Palm Coast Campus, Bldg. 2, Rm. 100C
Phone: (386) 264-4824

New Smyrna Beach Campus, Bldg. 1, Rm. 109
Phone: (386) 423-6307

College Catalog - Student Identification Cards

Student Identification cards will give you access to the library, aquatic center, fitness center, computer commons, and student activities. To obtain a free ID card take a copy of your class schedule and a picture ID to Campus Safety on the Daytona Beach campus, or to the Enrollment Services Office on a regional campus.

Daytona Beach Campus - Campus Safety Bldg. 540
DeLand Campus - Administration Bldg. 7
Deltona Center - Administration Bldg. 1
Flagler/Palm Coast Campus - Administration Bldg. 1
New Smyrna Beach Campus - Administration Bldg. 1
Advanced Technology College - Administration Office

College Catalog - Teacher Certification/Recertification Preparation

Teachers and public school employees who want to take courses for teacher certification or re-certification must complete the admission application. In addition, applicants must:

- Contact the certification specialist in their county educational system for additional information and approval of courses before you register

- Submit a copy of teaching certificate, in lieu of transcripts, to have the placement test waived

- Submit a tuition waiver form if your county educational system will be paying for the classes.

Requesting Transcripts

Unofficial Transcripts:
Current students can review an unofficial transcript from the Records link in FalconNet. Former students can access an unofficial transcript after signing into the Alumni page.

Official College Credit Transcripts:
Official transcript requests are processed by Credentials, our online service provider, for a $5 charge per transcript. Overnight options are also available for an additional fee. Please read the order form carefully and fill out all required fields.

To request your transcript, you can choose one of these options:

If you are a **Current Student** and know your College ID and College PIN you can use the automatic authentication process:

- Sign into the student portal by clicking the MyDaytonaState button above
- Enter your College ID and College PIN at the top of the screen
- Click on the FalconNet tab on the menu bar
- Use the Records link on the left menu
- Use the Official Transcript link to order your transcript.

If you are a current student and do not know your College ID or College PIN you can use the portlets on the portal home page to search for your ID and reset your PIN, or you need to complete a signed authorization form which must be faxed or mailed to Credentials to give permission to release your transcripts, but remember a signed authorization form is required to release your transcript. This process takes 3-5 days additional to complete your request. Authorization Form Click Here

All **Former Students** can log in to the Alumni page to authenticate your College ID or PIN to request an official transcript.

- Sign into the student portal by clicking the MyDaytonaState button above.
- Click on the Alumni tab on the menu bar
- Enter your College ID and College PIN.
- Use the Official Transcript link to order your transcript, or you can view and print an Unofficial Transcript or run a Degree Audit.

If do not know your College ID or College PIN you can use the portlets on the portal home page to search for your ID and reset your PIN, or you need to complete a signed authorization form which must be faxed or mailed to Credentials to give permission to release your transcripts, but remember a signed authorization form is required to release your transcript. This process takes 3-5 days additional to complete your request. Authorization Form Click Here

Please allow at least 7 business days after receipt of your order for your transcript to be received by you via first class mail. Pick up orders will be available 2 to 3 business days after order is processed.

Students who have any form of hold, including a tuition and fee bill, a Title IV refund bill, or a past student loan default are prohibited from receiving a transcript until the obligation is cleared.

If you need assistance to sign into FalconNet please contact the Records Office at records@daytonastate.edu.

Official Daytona State High School Transcript:
High School and adult education official transcripts request cannot be taken online. Please submit the transcript Request Form to the Records Office by mail or fax (386-506-4489) or bring in the form to the Q and A center at your local campus

Official Daytona State High School Transcript Request Form Click Here

How do I track my order or talk to Customer Service?

Contact Credentials at 800-646-1858 or you can also check the status of your transcript order at Credentials Online Services.

Students who have attended other colleges and postsecondary institutions must meet the same admissions requirements as new students. Students must request official transcripts from each postsecondary institution attended. The official transcript must be submitted directly to th Admissions Office. Transcripts received from students will not be considered official unless they are in a sealed envelope from the issuing institution.

If official transcripts have not been received or the evaluation is not complete at the time of registration, the student should bring an unofficial transcript when meeting with an advisor for scheduling purposes. Transfer students who have met Daytona State equivalents for ENC 1101 (College Composition) and MAT 1033 (Intermediate Algebra) or higher are not required to take the college placement examinations. Information about Transfer Credit can be found under Transferring Courses and Grades to the Daytona State College Transcript.

Transferring Courses and Grades to the Daytona State College transcript:
Once the student's transfer credit evaluation is completed, an email is sent to the FalconMail address and the transfer credit summary report will be available online at the Records section of their FalconNet account

The college will include on the Daytona State College transcript all courses and grades that were attempted at a prior college except for the following:

- courses that meet the Academic Second Chance provisions
- courses that were taken at an upper (junior, senior etc.) level for which there is no comparable Daytona State College courses.

Grades received at prior colleges will be included in the cumulative grade point average, except for developmental courses.

General Education Requirements
Students transferring to Daytona State College who have earned an Associate of Arts degree from a Florida public college or Baccalaureate degree or higher from regionally accredited U.S. institution at the time the degree was earned are deemed to have met the General Education requirements for degree programs at Daytona State College, and also qualify for an exemption from the college placement tests. Specific majors may still require the completion of specified course requirements or prerequisites.

The regional accreditation agencies are:

- New England Association of Schools and Colleges, Commission on Institutions of Higher Learning;
- Middle States Association of Colleges and Secondary Schools, Commission on Higher Education;
- North Central Association of Colleges and Schools;
- Northwest Association of Schools and Colleges;
- Southern Association of Colleges and Schools, Commission on Colleges;
- Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges

Second Associate of Arts Degree
Students who transfer to Daytona State College, or who have previously earned an Associate of Arts or Baccalaureate Degree from another college, are not normally allowed acceptance to the AA program. The only exception to this policy would be for a student whose transcript evaluation indicates that at least 15 credits (including the foreign language requirement) are needed to meet our AA degree requirements, indicating that the prior education is not comparable. Students transferring with a prior degree are not allowed enrollment in the AA program to rehabilitate their GPA or to meet university prerequisites. Students with a prior degree are encouraged to enroll as non-matriculated students and take courses that meet their personal and career goals.

Transfer Credits from Non-Regionally Accredited Institutions
Credits from non-regionally accredited institutions are evaluated on a course-by-course basis by departmental review . Supporting documentation is required to validate the transfer of courses to insure they are academically equivalent to courses offered at Daytona State College, including equivalency of faculty credentials. Students must submit official transcripts to the Admissions Office and the documentation for credit to be considered. Contact the Records Office for further information.

IMPORTANT INFORMATION FOR TRANSIENT STUDENTS

Students currently enrolled in college degree programs at other institutions must meet the following requirements to take courses at Daytona State College and have them transfer back to their primary institution:

- The student attending a Florida public college or university should complete the Transient Student Admissions Application available on line at www.facts.org.
- The student attending a private college or out-of-state public college or university must complete the admissions application available at the Daytona State College home page.
- Students must submit a letter or Transient Student (or Transfer Credit) Form from their institution, academic dean or department chairperson to the Registration Office authorizing them to enroll at Daytona State College as a Transient Student. If you are meeting with an advisor to assist you with course selection, make sure to share this form with him/her for verification of eligibility to enroll in the Daytona State College courses that you plan to take. Students assume responsibility for selecting the appropriate courses that meet their educational objectives. They also are responsible for ensuring that their institution will accept each course taken at Daytona State College toward their program of study. By signing the Transient Student (or Transfer Credit) Form, your primary college is verifying that you meet the prerequisites for the courses being approved.
- Once approved by your home college, a course authorization will be put into your student record for each course indicated on your transient form. Please note that your approved form does not secure a seat in your course(s), and you must still register for the course.
- Please remember that, as a transient student, you will not be able to perform any registration functions (register, drop or withdraw) online through the FalconNet. You may go to any Daytona State College Enrollment Office/Falcon Center and the staff will assist you in registering.
- If you cannot visit a Daytona State College campus, you can reply to the approval email with your specific information for each approved class. Please list your name, the course prefix/number for each class along with the section number, and your Daytona State College ID# and the Registration Office will register you.
- Financial Aid Consortium Form must also be completed between the Daytona State Financial Aid Office and that of the home college for students who are receiving for financial aid. Deferment of tuition and fees will not be allowed and all payments must be made by the due date.

> As a transient student, you will be subject to the rules, policies, and procedures of Daytona State College regarding all academic and registration issues. Under no circumstances will you be able to receive a grade for the course you are taking prior to the dates indicated in the Academic Calendar. Please consider enrolling in an A subsession course, if you will need a grade to be submitted to your home institution before the normal end of of B subsession or full-term course.

To be a Transient Student:

Students currently enrolled in college degree/certificate programs at Daytona State must meet the following requirements if they want to take courses at other regionally accredited institutions and have them transfer back to Daytona State:

- Complete the Transient Student Form request available on line via www.facts.org
- Submit a Transient Student Form and have it approved by the Records Office. If applicable, the student must have the approval of the associate of science/certificate program chairperson before credits will be accepted. Daytona State is not responsible for the acceptance of any credit other than the credits approved by Daytona State.
- Students must be in good standing, academically and financially, with a cumulative Daytona State GPA of 2.0 or better.

Tuition and Payment Information

Tuition is generally due within 10 business days or less. Please refer to your Schedule and Fee Statement for the payment deadline dates after each registration activity. If fees are not paid by the due date, your registration will be canceled and your classes dropped.

After classes begin, additional late registration fees or reinstatement fees may apply and payment of all charges will be due at the time of registration. If you are canceled one time for non-payment, and subsequently re-register, your bill will be due in one business day.

You may pay your tuition and fees by cash, check, money order, debit card, VISA, MasterCard, Discover Card or American Express. Online payment processing is available through the MyDaytonaState portal. Payments may also be made in person at any campus or by mail. Please DO NOT SEND CASH BY MAIL.

YOU SHOULD KNOW THAT:

- Daytona State's tuition and fees are based upon your status as a legal permanent Florida resident. Daytona State follows the state's guidelines regarding residency for tuition purposes. See Florida Residency for Tuition Purposes. Students who have not completed the residency process completely, or those whose residency cannot be determined, will be charged the non-resident rate until a final determination is made.
- Fees to audit a course are the same as the cost of a credit course.
- Many courses require lab fees, distance learning fees, and/or insurance fees in addition to per credit tuition charges.
- Full-cost charges (equivalent to non-resident tuition charges) will be assessed to students who repeat a course(s) for the third time. See Full Cost of Instruction, Maximum Attempts, Grade Forgiveness and Withdrawals for more information.
- Personal checks are accepted only for the exact amount of fees.
- Students assume the responsibility to drop classes before the end of the drop period for each term and subsession, otherwise payment will be expected, regardless of attendance. Please review the Academic Calendar for these important dates for each term and subsession.
- Students accept responsibility for meeting the prerequisite course requirements for every class they are enrolled for. It is student's responsibility to withdraw from a course if they withdraw or fail a prerequisite class. If the student decides to remain in the class without meeting the prerequisite, the student will do so at their own discretion and liability.
- If you need financial assistance, contact the Financial Aid Office before you register.
- All unpaid obligations, regardless of whether they are past due or current, result in a hold being placed on student records, diplomas, transcripts and registration activity until the obligation is paid in full.

EXCESS HOURS ADVISORY STATEMENT

Since many of our graduates will eventually transfer to a state university, students should be aware of a new provision affecting the tuition charges at the universities.
Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida colleges, are aware of the potential for additional course fees.

"Excess hours" are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours (120 x 120%).

All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hours surcharge.

This law was passed by the Legislature to encourage each student to complete the baccalaureate degree in the most efficient way possible.

Tuition and Fee Schedule 2010-2011

1. Application Fee
   There is no charge to apply for admission to Daytona State College, except for international students who are assessed a $50 non-refundable application fee. The College does charge a one-time, non-refundable $20 assessment fee to all students, including international students, at the time of initial enrollment.
2. College Credit and College Preparatory Credit Courses
   Florida Residents - $94.90 per credit hour
   Non-residents - $357.90 per credit hour
   Access Fee - $30 per semester
   Distance Learning Course Fees - $25 per credit hour
   Lab Fees (vary by course) - $3 - $280
3. Fees for Vocational Credit Courses
   Florida Residents - $77.86 per credit hour
   Non-residents - $311.48 per credit hour
   Access Fee - $30 per semester
   Distance Learning Course Fees - $25 per credit hour
   Lab Fees (vary by course) - $3 - $280
4. Baccalaureate Fees
   Florida Residents - $105.22 per credit hour
   Non-residents - $604.63 per credit hour
   Access Fee - $30 per semester
   Distance Learning Course Fees - $25 per credit hour
5. Apprenticeship Courses
   Apprenticeship students are exempt from registration, matriculation and laboratory fees for instruction.
6. Fees for Continuing Workforce Education
   Fees for these courses, designed to upgrade the skills of workers currently or formerly employed in a specific occupation, must cover the full cost of instruction.
7. Fees for Adult Education Courses
   GED Preparation - No Charge
   Basic Adult Education Courses - No Charge
   Daytona State High School Courses - *No Charge
     ◦ *A fee is charged to students who already have earned a high school diploma or equivalent and who wish to enhance their skills. The fee is based on a $38.18 per credit hour equivalent for Florida residents and $152.72 per credit hour for non-residents.
8. Assessment/Testing Fees
   Credit by Exam (APLE) - $35/test
   Portfolio (APLE) - $60/course
   CLEP - $102/test
   CPT Retest - $10/test
   TEAS - $40/test
   Non-Daytona State Student Test Fee - $30/test
   CJ-BAT - $40/test
   GED (Full Battery) - $70/test
   GED (Per Section) - $14/test
9. Veterans Deferment of Fees
   Veterans eligible for VA education benefits are granted a deferment once per academic year. The

deferment may be for up to 60 days, but will always be due before the end of the semester. Consult the Veterans Specialist in Bldg. 100, Rm. 208 on the Daytona Beach Campus.

10. Recreation & Leisure, Self-Supporting Courses, Seminars, Workshops, Conferences
    Fees will be determined separately for each activity and will be stated in the individual activity announcement. The activity may be canceled because of insufficient enrollment.

11. Graduation Fees (effective Fall 2010 processing cycle)
    There is a one-time graduation fee charged for each academic tier:

    High School $10

    Certificate $10

    Associate $25

    Bachelor $25

    ◦ There is no additional charge for multiple degree at the same tier.
    ◦ In addition, all students who participate in either the college or high school graduation ceremony must pay the cost for their academic regalia (cap and gown).
    ◦ Please be aware of the graduation application dates and deadlines. The fee will entitle the graduate to a diploma, if qualified, and to participate in the commencement ceremonies. Daytona State reserves the right to certify each student as a completer once he or she has completed all requirements for the degree or certificate, regardless of whether they have completed an application for graduation. Students who do not complete the graduation application process will not receive a diploma or have the degree certificate statement on their official transcript.

12. Other Fees
    Returned Check (per Florida Statute) Minimum - $25
    Late Registration Fee - $25 per course
    Reinstatement Fee - $50 per course
    Official Transcript Fee - $5 per transcript
    First Parking Permit - No Charge
    Additional Parking Permits - $10 each
    Parking Fines - $5, $7.50, $10
    ◦ Unpaid fines will result in a hold on student records, diplomas, transcripts and future registrations. Repeat offenders may be towed at the owner's expense.

13. Collection Costs
    If obligations are not paid in full upon notification by the College, these debts may be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection costs will be added to the original debt and the student must pay these costs, as well as attorney's fees if applicable. Furthermore, all unpaid obligations will result in a hold on student records, diplomas, transcripts and future registration activity

Daytona State College offers 6 baccalaureate degree programs. The Bachelor of Applied Science (BAS) in Supervision and Management program and five (5) Bachelor of Science in Education programs. These programs are an excellent option for students looking to remain in our local communities and earn an affordable bachelor's degree.

Bachelor of Science in Education Programs

The Bachelor of Science in Education degree programs include Elementary Education, Exceptional Student Education (ESE), Secondary Math Education, Secondary Biology Education and Secondary Earth/Space Science Education. The Elementary Education and Exceptional Education graduates also receive a full Reading and ESOL Endorsement.

The courses are designed in a half and half model with nearly all courses being offered in a seven-week mode and requiring a minimum of 15 hours of field experience in a public Volusia or Flagler County school. The senior internship is a full semester (16 weeks) and is the pre-service teacher's culminating learning experience. Click on the link to the BS in Education to the left to learn more about becoming a teacher and how to get started.

Bachelor of Applied Science in Supervision and Management Program

The BAS degree program is designed to provide the associate degree student with the management tools and skills to help move them to the next level in their career.

The BAS courses are offered in many formats to meet the needs of our students. Students can take our classes online, face-to-face or, half and half. To meet the needs of the working professional, classes are available in evenings and on weekends. Click on the link to the left to learn more about the BAS program and how to get started.

Your Associate degree program prepared you to enter the job market at an entry-level or mid-level position. The BAS program will broaden your knowledge of applied management practices and put you on the path to career advancement.

BAS Program Mission Statement

To provide access for students to earn a quality baccalaureate education that aligns with the program goals to meet local business and industry management workforce needs. Students will broaden their knowledge in management skills, be creative thinkers in an applied business environment, practice behaviors in business that are centered in ethical and socially responsible relationships, and cultivate the entrepreneurial spirit that provides career choices and encourages life-long learning.

College Catalog - Message from the Vice President

As the Vice President of the College of Business Administration, I welcome you and encourage you to apply to the Bachelor of Applied Science in Supervision and Management program. The program is accessible and affordable, and offers a quality education for our students. As graduates of our program, you will be empowered to improve the economic development of the business community. Program goals include meeting the needs for skilled management employees. Students will broaden their knowledge in management skills and sharpen their decision making and critical thinking abilities through relevant and practical learning experiences.

Students will find these learning experiences to be challenging and will be encouraged to be creative thinkers. They will practice management skills in an applied environment centered on ethical and socially responsible behaviors. They will learn to cultivate an entrepreneurial spirit that provides career choices and encourages life-long learning. Courses are taught by faculty with excellent academic credentials and employment experience in management. I invite you to take advantage of this opportunity to further your education in an environment that welcomes you!

Invest the time to consider your educational options, and make your next choice a lifetime of value by obtaining your bachelor's degree. Earning your bachelor's degree at Daytona State College will inspire you, challenge you and provide the foundation for you to achieve your career goals.

Thank you for taking the first step. The staff, faculty and I look forward to helping you make a successful journey!

Sincerely,

Dr. Eileen Hamby
Vice President of the College of Business Administration

College Catalog - Admission Requirements for the BAS Program

Applications are accepted year-round and students may start the program during any semester of the academic year. There is no application fee. Admission to the Bachelor of Applied Science (BAS) in Supervision and Management program is open to all applicants who meet the admission requirements.

Requirements for admission to the BAS program are:

1. Applicants must complete a Bachelor of Applied Science Application for Admission. You may complete an application to the BAS degree program in the Admissions Office, the BAS program office, or online through http://www.daytonastate.edu/sbs/. All applicants must provide an official transcript from all previous institutions attended.

2. Applicants for the BAS program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), or an Associate of Arts (AA) degree. AA graduates wishing to upgrade their career may be admitted to the program with the approval of the Chair of the BAS program. Those with AA degrees who have completed all core general education courses will be required to complete a total of 18 credits in an occupational/technical area (e.g., accounting technology, computer science, business, etc.). AS/AAS graduates must complete additional core general education courses. Associate degree applicants must have earned an overall grade point average of 2.0 in their associate degree program.

3. College or university transfer applicants must have at least 60 college credit hours. Applicants must have received a grade of "C" or better in all core general education courses that transfer into the BAS program. All applicants must provide an official transcript from all previous institutions attended. Transfer students who have not earned an associate degree from a public community college or university in Florida will be required to successfully complete the CLAST.

4. Daytona State College welcomes transfer students from other regionally-accredited postsecondary institutions. Academic advising will be provided through the Bachelor of Applied Science program office (386-506-4227) to ensure that as many earned credit hours as possible will be applied toward their program of study at Daytona State College.

Official transcripts from all postsecondary institutions attended must be received for evaluation by the Records Office at Daytona State. International students must have their transcripts evaluated by a recognized international evaluator such as Josef Silny and Associates, Inc. or World Education Services.

All transferable applicants must have received a grade of "C" or better in all core general education courses that transfer into the BAS program, and must have earned an overall grade point average of 2.0 in the associate degree program courses. Students must complete at least 25 percent (30 credits) of their bachelor's degree courses at Daytona State.

GEB 3213
Business Writing
3 sem. hrs.
This course emphasizes the basics of business writing while reviewing the various kinds of written business correspondence. Students are expected to integrate business decision making and analytical thinking skills into the content. Students must be able to determine solutions to problem-based exercises. PR: ENC 1101 or equivalent; junior level status or permission of the chair is required. (This course number was formerly GEB 3212).

MAN 3353
Management Theory and Practices
3 sem. hrs.
This course examines management theory, relevant applications and cases, self-management, teamwork, global awareness, and communication for the development of management competencies. PR: Junior level status or permission of the chair is required.

MAN 3240
Organizational Behavior
3 sem. hrs.
This course is a study of individual and group behavior in organizations. Students will develop an understanding of how organizations can be managed more effectively. Course content includes motivation, group dynamics, conflict resolution, goal setting and rewards, job design, work stress, power/politics, and organizational change and development. PR: Junior level status or permission of the chair is required.

BUL 3130
Legal, Ethical, and Social Aspects of Business
3 sem. hrs.
This course explores the nature of legal, ethical, and societal environments of business. Emphasis is placed on business's social, legal, political, and ethical responsibilities to both external and internal groups in business. Topics include corporate social responsibility, legal, political and ethical aspects of business, state and federal laws, contracts, intellectual property, employment law, product liability, safety issues, and environmental regulation. PR: Junior level status or permission of the chair is required.

ACG 3024
Accounting for Non-financial Majors
3 sem. hrs.
This course addresses the use of accounting information by non-financial managers. Emphasis is placed on the interpretation of accounting information and the language of financial accounting to effectively participate in activities such as planning, investment, control, and managerial decision making. PR: MAC1105 or equivalent; junior level status or permission of the chair is required.

MAN 4162
Customer Relations for Managers
3 sem. hrs.
This course examines relationship building for all customers of an organization. The impact of culture and diversity on business relationships, successful negotiation strategies, and promotion of the organization through media relations are discussed. PR: Junior level status or permission of the chair is required.

MAN 4301
Human Resource Management
3 sem. hrs.
This course is a study of the functions of human resource management including recruitment, selection, benefits and compensation, performance evaluation, development of employees, and formulation of human resource procedures. The strategic role of human resources and current issues will be discussed. PR: Junior level status or permission of the chair is required.

ISM 4011
Introduction to Management Information Systems
4 sem. hrs.
This course provides an introduction to the use of information technology in the business environment. The language, concepts, structures and processes involved in the management of information systems will be discussed. The course will have an applications component where software will be used to support managerial decision making. PR: CGS 2100 or equivalent. Senior level status or permission of the chair is required.

MAN 4120
Leadership Challenges and Supervision
3 sem. hrs.
Discussion and application of leadership theories include skill formation to develop leadership abilities. Team building skills are emphasized to enhance leadership effectiveness. Students learn the importance of visioning in their organizations. PR: Senior level status or permission of the chair is required.

GEB 4891
Strategic Management and Decision Making
4 sem. hrs.
This course emphasizes strategic planning and strategy implementation in an organization. Students learn how to perform internal and external audits, identify problems, formulate goals and objectives, develop action plans, and evaluate the effectiveness of the outcome of the plan. Case studies are used to promote decision-making abilities. PR: Senior level status or permission of the chair is required.

GEB 4930
Selected Topics in Management
3 sem. hrs.
Current topics, issues, and trends pertinent to supervisors and managers are discussed. PR: Senior level status or permission of the chair is required.

MAN 4504
Operational Decision Making
3 sem. hrs.
This course focuses on operational decision-making management techniques to improve the processes and productivity in organizations. Discussion of quality and outcomes, efficiency, forecasting, work-flow processes, inventory control, design of goods and services, waiting lines and critical path. Managing a project from beginning to end, including how to identify needs, and define, assign and track items, is addressed. PR: Senior level status or permission of the chair is required.

MAN 4900
Capstone Project in Supervision and Management
4 sem. hrs.
This course focuses on the integration of knowledge, skills and abilities learned in the program through a capstone project. PR: Senior level status or permission of the chair is required. To be taken during the last semester of the program.

College Catalog - BAS Program Overview

The Bachelor of Applied Science (BAS) in Supervision and Management program prepares individuals who already have skills in specific occupational/technical areas for supervisory and management roles and positions. Associate degree programs have prepared these individuals to enter the job market at entry-level or mid-level positions. Upper-level coursework in the BAS program broadens their knowledge in applied management practices and prepares them for supervisory and management opportunities within their occupational/technical fields. Those with associate degrees are eligible to apply for admission to the Daytona State College BAS in Supervision and Management program.

For more information, please browse our Web site at www.DaytonaState.edu/sbs, email BASinfo@DaytonaState.edu, or call (386) 506-4BAS.

Students graduating from Daytona State College's Bachelor of Applied Science in Supervision and Management program will be prepared to effectively lead and manage business operations within their technical field of interest. Specifically, the business community in Volusia and Flagler counties articulated the need for Daytona State College to produce individuals with bachelor's level supervisory and managerial skills to enhance the technical preparation provided by their associate degree programs. Earning your Daytona State College bachelor's degree will provide the access needed to advance your skills in the workplace for managerial career opportunities.

College Catalog - Completion Requirements for the BAS Program

Requirements for graduation from the Bachelor of Applied Science (BAS) program are:

1. Students must successfully complete 120 hours of college-level credit courses in the degree program, including the lower division associate degree, and the 42 hours of BAS in Supervision and Management coursework, which concludes with the Capstone course.

2. Students must successfully complete with a grade of "C" or higher 36 hours of general education in the areas of communications core, mathematics core, sciences core, humanities, cultural and aesthetic core, behavioral and human (social) sciences core, health and wellness core, political, economic and business core, and historical and global core (according to the distribution or its equivalent, established by Daytona State College for its Associate of Arts degree program).

3. Students must maintain a cumulative GPA of at least a 2.0 on a 4.0 scale for all BAS in Supervision and Management courses, plus complete each BAS course with a grade of "C" or higher.

4. Students must have completed the Florida foreign language requirement prior to the completion of the bachelor's degree. The requirement may be met by taking two years of the same foreign language in high school or eight credits of the same foreign language in college.

5. CLAS Policy for Mathematics:
   If a student does not meet the CLAS requirement for a 2.5 GPA in two Mathematics courses as described in the college catalog, the following rules are in place to assist the student in completing the BAS graduation requirements:

   - The student could attempt another Mathematics class and earn a "C+" grade or higher.
   - Pass the Elementary Algebra portion of the CPT test with a score of 91 or higher.

   CLAS Policy for Communication:
   If a student does not meet the CLAS requirement for a 2.5 GPA in Communication courses as described in the college catalog, the following rules are in place to assist the student in completing the BAS graduation requirements:
   - The student could attempt another Gordon Rule writing class and earn a "B" grade or
   - Pass the Reading portion of the CPT test with a score of 93 or higher and pass the Writing portion of the CPT with a score of 105. There are resources at the Academic Support Center to assist in preparing for the CPT test.
   - If another core class, other than math, sciences, or health and wellness has a "B" grade, then a CLAS alternative is achieved to satisfy the English requirement.

6. Students must meet all other Daytona State graduation policies and deadlines.

College Catalog - Frequently Asked Questions

What is the definition of a Bachelor of Applied Science degree?
The Bachelor of Applied Science (BAS) is the designated degree for flexible baccalaureate programs that are designed to accommodate the unique demands required for entry to and advancement in specific workforce sectors. BAS programs provide degree-completion opportunities for students from a variety of educational backgrounds, but primarily those with an associate degree or equivalent. BAS degree programs within the state of Florida conform to all articulation conventions (including common course prerequisites, CLAST and common course numbering). BAS programs typically include capstone experiences that provide opportunities for students to demonstrate the application of acquired knowledge, skills and competencies.

What does the BAS program provide to associate degree graduates?
The BAS program builds on an occupational/technical program typically offered at community colleges. Associate degree programs traditionally consist of coursework specific to occupational or technical fields and may not transfer to conventional baccalaureate programs. However, general education course work (core courses) can be applied to the core requirements of many educational institutions. Associate degree graduates are invited to apply to the BAS program. Associate of Arts graduates who wish to upgrade their career also may apply. Additional coursework within an occupational/technical program of study (e.g., accounting technology, computer science, business, etc.) is required. This BAS degree allows for a seamless transition between the associate and bachelor's degrees.

What will the BAS degree provide for me in the workplace or on the job?
Many jobs today require a four-year degree; therefore, the bachelor's degree often can provide more employment opportunities and higher compensation for graduates. The BAS program concentrates on skills that are required to be an effective supervisor or manager. These skills include human resource management, leadership, organizational behavior, strategic management, customer relations and operational decision making.

Can I attend either as a part-time or full-time student?
Yes. To accommodate varying work schedules, BAS courses are offered during the evening and on weekends.

Are online, half and half, or hybrid courses available?
Yes. Please see the online schedule for available course offerings. Online courses require 100 percent of class time through the Internet. Half/Half Web-enhanced courses require 50 percent class time in a face-to-face traditional classroom setting and 50 percent of class time through the Internet. In addition, many of the BAS courses are offered in a six, seven, or eight-week format depending on the semester.

Will I need additional General Education courses?
All bachelor's degree programs at Florida public institutions require 36 hours of General Education credits. Students with an A.S. or A.A.S. degree usually require additional General Education courses to complete the 36 credit requirement.

Will I be able to continue on to graduate school?
You can enter a master's degree program provided you meet the admission criteria of the program to which you apply.

How long will it take to complete the B.A.S. degree requirements?
Completion of this degree will depend upon your own timetable. Bachelor of Applied Sciences students need to complete a minimum of 42 semester hours of 3000-4000 Level courses and any remaining General Education, Foreign Language, required occupational/technical courses (depending on the type of associate's degree you have). Students must complete a total of 120 semester hours with a minimum of 30 semester hours taken at Daytona State College.

Program of Study Code 6000

The Bachelor of Applied Science (BAS) program uses a 2+2 model requiring the completion of an associate degree for entry into the program. The degree components are below.

BAS in Supervision and Management Degree Components

Associate Degree Program of Study Credit (see admission requirements)	42 Sem. Hrs.
General Education Core Requirements Credit	36 Sem. Hrs.
BAS Program of Study Credit	42 Sem. Hrs.
TOTAL	120 Sem. Hrs.

Supervision and Management Courses

GEB3213	Business Writing	3 Sem. Hrs.
MAN3240	Organizational Behavior	3 Sem. Hrs.
MAN3353	Management Theory and Practices	3 Sem. Hrs.

GEB4930	Selected Topics in Management	3	Senior status or permission of the chair
MAN4504	Operational Decision Making	3	Senior status or permission of the chair
	Semester Credit Hours	**13**	

Fifth Semester

MAN4900	Capstone Project in Supervision & Mgmt	4	Senior status or permission of the chair
	Semester Credit Hours	**4**	
	Total Semester Credit Hours	**60**	

XXX-XXXX General Education Core - The state-mandated 36 hours of general education (Communications-9 sch; Math-6 sch; Science-6 sch Humanities-3 sch; Behavioral and Human (Social) Science-3 sch; Health & Wellness-3 sch; Political, Economic & Business-3 sch; Historica and Global-3 sch.)

Typically, students from AS or AAS degree programs transfer 15-18 credits of General Education Core. AA graduates will typically transfer the total 36 general education core requirements into the BAS program. AA graduates will also require 18 hours of lower division credit in an occupational/technical area, e.g., accounting technology, computer science, business, etc., in lieu of the additional general education required of the AS/AAS student.

College Catalog - Supervision and Management Courses

The upper-division supervision and management courses provide students with a general, but comprehensive understanding of business enterprises and a command of practical management skills. The curriculum builds from the practitioner viewpoint to a thorough understanding of all facets of enterprise management as the student progresses. Many local businesses and industries were involved in developing curricula for workforce education programs. The results of curriculum development panels, composed of experts from a wide variety of occupations and professions, consistently indicate that supervisory and management skills are necessary for an increasingly broad spectrum of occupations. Students will discover that the BAS in supervision and management courses are balanced with a theoretical foundation and a practical, applied methodology to allow students to meet learning outcomes.

College of Education

Daytona State College offers five Bachelor of Science in Education Degrees, including: Elementary Education, Exceptional Student Education, Secondary Biology Education, Secondary Earth/Space Science Education, and Secondary Mathematics Education. The Elementary Education and Exceptional Student Education programs include full Reading endorsement and full ESOL endorsement. The Secondary Biology Education, Secondary Earth/Space Science Education, and Secondary Mathematics Education programs include full ESOL endorsement and Reading Competencies 1 and 2.

Mission Statement

The School of Education will provide ESOL and Reading infused instructional programs that will produce highly qualified, state certified teachers ready for entry in a K-12 environment. The fundamentals of the programs embrace diversity, promote ethics in education, focus on student excellence and enhance teaching and learning through innovative instructional practices.

Program Guides

Course Descriptions

Admission Requirements:

1. Associate of Arts Degree from an accredited institution
2. Minimum 2.5 cumulative GPA
3. Completion of the common education course prerequisites (EDF1005, EDF2085, and EME2040) with a grade of "C" or higher
4. Completion of the common course prerequisites and specific education prerequisites for Mathematics and Science:

   - ### Common Education Courses - ALL Specializations

EDF1005	3 semester hours
EDF2085 (formerly EDG 2701)	3 semester hours
EME2040	3 semester hours

   - ### Secondary Mathematics Education

MAC2311 and	4 semester hours
MAC2312 and	4 semester hours
MACXXXX or MTGXXXX or MASXXXX	4 semester hours

   - ### Secondary Biology Education

MAC2311 and	4 semester hours
BSC1010 with Lab and	4 semester hours
BSC1011 with Lab and	4 semester hours
CHM1045 with Lab or PHY2048 with Lab or	4 semester hours
PHY2053 with Lab	

   - ### Secondary Earth/Space Science Education

MAC2311 and	4 semester hours
GLYXXXX with Lab and	4 semester hours
OCEXXXX with Lab and	3 semester hours
BSC1010 with Lab and BSC1011 with Lab or CHM1045 with Lab and CHM1046 with Lab or PHY2048 with Lab and PHY2049 with Lab	8 semester hours

5. A passing score on the General Knowledge of the Florida Teacher Certification Exam is required to be admitted to the program
6. Submit an "Application to Volunteer" form for Volusia County Schools (and be cleared). Download the Application to Volunteer and submit to the address at the top of the form. In the 3rd box, indicate "Daytona State College" as the College Name and "admissions@daytonastate.edu" as the Professor's Name. Inaccurate or incomplete information may delay your results. The clearance is good for five years.

Completion Requirements:

- Complete all required courses in the program (60 hours) with a GPA of 2.5 or higher and a grade of "C" or higher in all courses
- Complete a full fall or spring term/semester teaching senior internship at an approved K-12 public school in Flagler or Volusia County.
- Pass all 3 of the FTCE (Florida Teacher Certification Exams):
    - GKT (General Knowledge Test)
    - PET (Professional Educators Test)
    - and SAE (Subject Area Exam) aligned to the specific program
- Demonstrate mastery of the FEAP/PEC (Florida Educators Accomplished Practices/Professional Education Competencies) within the Professional Portfolio in LiveText
- Students must meet all other Daytona State College policies for graduation and deadlines

Frequently Asked Questions about the BS in Education program

1. Can I attend either as a part-time or full-time student?
   - Yes. You can attend the BS in Education program as a part-time or full-time student.
2. Are online, half and half, or hybrid courses available?
   - The BS in Education program offers classes that are half and half. These Web-enhanced courses require 50 percent class time in a face-to-face traditional classroom setting and 50 percent of class time through the Internet.
3. Can I start working on my teaching degree before I finish my A.A. degree?
   - No, you must obtain an A.A. degree and successfully complete the entrance requirements before you can be admitted into the B.S. program.
4. Are classes offered during the day and evening?
   - Yes, classes are offered in the day and evening. However, not all of the classes are offered both day and evening.
5. Do I have to be proficient in technology in the B.S. program?
   - Many classes require internet knowledge as well as D2L, and LiveText skills, however, we offer training and help with computers and software.
6. Does the B.S. program satisfy Reading and ESOL endorsements?
   - Yes. Elementary Education and Exceptional Student Education majors will be fully endorsed in Reading and ESOL. Secondary Mathematics and Secondary Science majors will be fully endorsed in ESOL and will have the necessary Reading endorsement for employment (Reading Competencies 1 and 2).

Degree Programs

Daytona State's bachelor of science degree programs in education will prepare you to design, and develop needed competencies for you to be successful in today's classrooms. While enrolled in our programs. you will spend many hours in college classrooms, in front of a computer, and in public K-12 schools in Volusia and Flagler counties.

Degree programs include:

- BS in Elementary Education (K-6)/ESOL Endorsement/Reading Endorsement
- BS in Exceptional Student Education (K-12)/ESOL Endorsement/Reading Endorsement
- BS in Secondary Math Education (6-12)/ESOL Endorsement/Reading Competencies 1 and 2
- BS in Secondary Biology Education (6-12)/ESOL Endorsement/Reading Competencies 1 and 2
- BS in Secondary Earth/Space Science Education (6-12)/ESOL Endorsement/ Reading Competencies 1 and 2

These are fully accredited, state-approved programs that fulfill the education courses, professional education competencies, and practical experience required to obtain a five-year Educator's Certificate in their respective disciplines. The programs include state endorsements in Reading and ESOL for students majoring in Elementary Education and Exceptional Student Education. Students in these programs are required to perform a field experience in public schools and complete one semester in a full-time student internship in a K-12 public school in Flagler or Volusia County.

Bachelors of Science in Engineering Technology

The Bachelor of Science in Engineering Technology prepares individuals who already have skills in specific technical areas for supervisory and management roles and positions for the professional focuses primarily on analyzing, applying, implementing and improving existing technologies and is aimed at preparing graduates for the practice of engineering closest to the product improvement, manufacturing, and engineering operational functions.

BS in Engineering Technology Program Overview

The Engineering Technology Program has three degree options; The Bachelors of Engineering Technology (BSET), the Bachelors in Electrical Engineering Technology (BSEET), and the Bachelors in Information Systems Technology (BSIST). Associate degree programs will prepare you to enter the job market at entry-level or mid-level positions. Upper-level coursework in the Engineering Technology program broadens you knowledge in technical concepts and practices and prepares you for supervisory and management opportunities within your technical field.

College Catalog - Financial Aid Services

Welcome to the Office of Financial Aid Services

Your decision to attend college is an important one. It's an investment in your future and involves a considerable commitment of time and money. Daytona State College provides a wide variety of quality educational programs at reasonable costs.

Financial Aid is available to help eligible students meet educational expenses. This aid is provided through the federal government, state government, directly from the College, or through private sources and may consist of grants, scholarships, loans, or work.

The Office of Financial Aid Services assists over 12,000 a year and distributes over $69 million dollars through a variety of Federal, State, and local programs in various grants, loans, scholarship, and work, including Bright Futures and Veterans benefits.

Applying for financial aid is not as complicated as you might think. The important thing to remember is to take it one step at a time and plan in advance!

The first step in applying for all forms of financial aid is to complete the Free Application for Federal Student Aid (FAFSA). This form is available online, and the quickest way to apply is to visit the website www.fafsa.gov. **You must list the Daytona State College federal school code on the application, which is 001475.**

The processed document, called a Student Aid Report (SAR), is returned to the applicant indicating eligibility. This SAR is electronically sent to the Daytona State Office of Financial Aid and constitutes the application for all student financial assistance. When the SAR is received, the Financial Aid Office will send verification materials and other necessary forms to the applicant. These forms must be returned to the Office of Financial Aid within 2 weeks of their receipt. You may print the forms required for completion of the financial aid process through links on the Financial Aid home page.

The Financial aid process can be lengthy, you should allow at least 6-8 weeks prior to your enrollment for all paperwork to be finalized. When the process is complete, you will receive a Financial Aid Award Letter in the mail that outlines the type and amount of assistance that you qualify for. Award letters will be sent starting in early April for applicants who have completed the application correctly and provided all required documents. Late applicants will have their applications considered for an award on a rolling basis.

Financial Aid specialists and counselors are available to assist students Monday through Friday in the Daytona campus office, and also at the regional campuses on a convenient basis.

The main office address is:
Daytona Beach Campus
Building 100, Room 104
1200 W. International Speedway Blvd
Daytona Beach, FL   32114
Phone: (386) 506-3015
Fax: (386) 506-4442
Email: financialaid@daytonastate.edu

Office Hours:
Monday-Thursday: 8 a.m. - 6:30 p.m.
Friday: 8 a.m. - 5 p.m.

College Catalog - Daytona State College Foundation Scholarships

Since 1974, the Daytona State College Foundation has provided financial assistance to students as well as funding for faculty and program support. It helps to fill the critical needs that are beyond the scope of the College's budget.

Each year the Foundation awards hundreds of scholarships to Daytona State College students. Scholarships may be awarded based on need, academic merit or other criteria. In addition to scholarships, the Foundation assists students with emergency grants, emergency loans, book and equipment purchase assistance, and funds to cover professional examination fees.

The Foundation embraces the concept of the college mission as adopted by the District Board of Trustees. Management of Foundation affairs is vested with a self-perpetuating Board of Directors from the community that the College serves.

Daytona State College Foundation scholarships are usually announced at the beginning of the fall and spring semesters. When available, the scholarship list and online application process can be obtained at www.daytonastate.edu/scholarships or at the Financial Aid Services Office located on the Daytona Beach Campus in Bldg. 100, Rm. 104. Additionally, information regarding Foundation Scholarships is available in the Question & Answer Centers located on all Daytona State campuses.

For additional scholarship information, please call (386) 506-4422.

College Catalog - Dropped Class Refund Policy

The dates to drop a course with a refund are established for each semester and published in the academic calendar and in each semester's schedule of classes. Drop deadlines for "late start" classes can be found at FalconNet Online Services under Online Course Availability or on your Schedule and Fee Statement. Please check the dates carefully. Refunds will not be given after the deadlines.

Students who pay for courses by credit card will be refunded by crediting back that same credit card in approximately seven to 10 business days following the official drop. Students who pay for their courses by cash or check will be refunded through the Daytona State OneCard process. Each registered Daytona State student will automatically be mailed the Daytona State OneCard.

To receive your refund, you must activate your Daytona State OneCard at www.daytonastateone.com. During this process, you will choose between two options for receiving your refund. You may elect to have your refund directly deposited to your Daytona State OneAccount (funds will be deposited within one day or less), or you may elect to have your refund deposited to another bank account of your choice (funds will be deposited in two to three business days). For additional information regarding refunds go to www.daytonastateone.com or contact the Office of Student Accounts at (386) 506-3024 to speak to a Student Account Specialist.

Refunds will be based upon the following:

A. College Credit and Vocational Credit Courses
   1. A 100 percent refund will be given if a student drops a course(s) by the date published in the College's academic calendar. For classes that meet on the weekend only, students will have until the next business day following the first scheduled class meeting to drop with a refund.
B. Continuing Education and Lifelong Learning Courses
   1. Courses lasting one week or less - A 100 percent refund will be given if you drop a course before the first scheduled class meeting.
   2. Courses lasting longer than one week - A 100 percent refund will be given if you drop a course within five working days from the date of the first scheduled class meeting.
C. Student Appeals
   1. Appeals to drop with a refund after the published deadline must be based upon extraordinary circumstances beyond your control. Supporting documentation is required before the appeal may be considered. For additional information about student appeals, contact the Question and Answer Center. Appeal forms are available at all campuses.

Withdrawals for Tuition Purposes

Students who withdraw from a course will not be entitled to a refund. In addition, any outstanding balances for withdrawn courses must be paid in full prior to processing the withdrawal.

College Catalog - Financial Aid Eligibility Requirements

In general, to be considered eligible to apply for financial aid a student must:

1. Be a United States citizen or an eligible non-citizen

2. Be enrolled as at least a half-time student. (Half-time enrollment is a minimum of six credits in coursework leading to a degree or certificate, and therefore excludes audited classes.) Fall or spring semester enrollment in a program of study abroad which has been approved by Daytona State College will be considered enrolled at Daytona State for the purpose of applying for federal aid

3. Be accepted at Daytona State as a "regular" student, defined as one who is pursuing an AA, AAS, AS, BAS, or BS degree, or an approved vocational certificate

4. Be enrolled in an eligible program of study. Eligible programs are post-secondary programs which lead to an AA, AAS, AS, BAS, or BS degree or an approved vocational certificate

5. Be making progress toward completion of courses of study in compliance with Financial Aid Satisfactory Academic Progress Standards

6. Not be in default on a loan or owe a repayment on any previous financial aid received

7. Be registered with the Selective Service if required to do so

8. Have a standard high school diploma or GED. (The transcript must be submitted to the Admissions Office.) Some vocational certificate programs may accept passing scores achieved on a federally approved test administered by the College in lieu of the high school diploma or GED requirements. This test measures the student's ability to benefit from the instruction offered

9. Have a valid Social Security number.

College Catalog - Emergency Loans

An Emergency Loan (advance of student financial assistance) may be available in a crisis situation for a student who is approved for and awarded financial aid funds that exceed the total cost (tuition, books, fees, etc.) to enroll in classes at Daytona State College. However, it must be determined that the student is eligible to receive the funds, based on enrollment status and class start date, and the request is being made after the initial disbursement date set by the College. An emergency loan can be requested only once each year by a student.

To be considered for an emergency loan, the student must be experiencing an unexpected financial hardship that has a direct impact on the student's ability to function in the classroom. Such financial hardships may include foreclosures, documented disconnection of utility service or residential evictions. In all cases, the advance will be made to the third party.

 An emergency loan may be requested to purchase required equipment and supplies for classes that are not obtainable in the Daytona State College bookstore. Likewise, an emergency loan may be requested to cover a student's licensure examination fee, which must be scheduled prior to the student's graduation from Daytona State.

Emergency loans are not approved automatically and are reviewed on an individual student-by-student basis. Students requesting an emergency loan should visit the Financial Aid Services office located on the Daytona Beach campus in Building 100, Room 104 to begin the application process. For additional information or questions, please contact 386-506-3013.

College Catalog - Full-Time College Credit Budget

Direct Educational Costs (Estimated)		
	In-State	**Out-of-State**
Tuition (24 college credits)	* $2,110	* $7,954
Indirect Educational Costs (Estimated)		
Books & Supplies	$900	$900
Room & Board	$2,128 (dependent)	$2,128 (dependent)
	$10,000 (independent)	$10,000 (independent)
Personal	$1,624 dependent	$1,624 dependent
	$1,600 independent	$1,600 independent
Transportation	$1,000 dependent	$1,000 dependent
	$1,800 independent	$1,800 independent
Total Budget	$7,762 (dependent)	$13,606 (dependent)
	$16,410 (independent)	$22,254 (independent)

Some programs of study have additional costs. Please refer to the Program Descriptions.

Please note: Daytona State College does not provide dormitories.

Please note: Tuition for in-state BAS students: * $2,339; out-of state BAS: * $14,145

*Based on 2009-2010 rates. The 2010-2011 rates may increase due to legislative action and/or District Board of Trustees action.

College Catalog - Full-time Vocational Credit Budget

Direct Educational Costs (Estimated)		
	In-State	Out-of-State
Tuition (24 vocational credits) *	$1,773	$6,931
Indirect Educational Costs (Estimated)		
Books & Supplies	$900	$900
Room & Board	$2,128 (dependent)	$2,128 (dependent)
	$10,000 (independent)	$10,000 (independent)
Personal	$1,624 dependent	$1,624 dependent
	$1,600 independent	$1,600 independent
Transportation	$1,000 dependent	$1,000 dependent
	$1,800 independent	$1,800 independent
Total Budget	$7,385 (dependent)	$12,583 (dependent)
	$16,033 (independent)	$21,231 (independent)

Some programs of study have additional costs. Please refer to the Program Descriptions.

Please note, Daytona State College does not provide dormitories.

*Based on 2009-2010 rates. The 2010-2011 rates may increase due to legislative action and/or District Board of Trustees action.

College Catalog - How are Awards Disbursed?

Eligible financial aid recipients may register for classes and charge tuition and fees against the scholarship or grant amount indicated on the financial aid award notice for the applicable semester. If the scholarship or grant is more than the total amount of tuition and fees, the remainder may be used for other educational expenses. A refund for the remainder of the award(s) will not be available until after the refund period has passed and enrollment verification has been completed each semester. If, after receiving a refund, a student's class is canceled or changed to an audit or the student is dropped from a class, the student will owe back a portion of the refund applicable to the change in enrollment.

Refunds are delivered to students by utilizing the Daytona State OneCard. Each registered Daytona State student will receive a Daytona State OneCard. The card will arrive in the mail at the student's primary address on file with the College. To receive the refund, the student must activate the Daytona State OneCard. During card activation, the student chooses how to receive the refund money.

The options for receiving financial aid refunds include: a direct deposit to the student's Daytona State OneCard, or a deposit to the student's bank of choice. For more information on the Daytona State OneCard go to www.daytonastate.edu/studentaccounts/onecard

Students activate the Daytona State OneCard and make the refund selection online at http://www.daytonastateone.com.

Refunds are applicable to scholarships, grants, Stafford and Parent PLUS loans.

Please Note: Institutional fee waivers are issued for tuition only and may not be used for other educational expenses. Any funds not used as tuition will not be refunded to the student. A Federal Work-Study award cannot be used to charge fees.

Stafford and Parent PLUS Loan funds are disbursed by the lender through EFT (electronic funds transfer) directly to the student's account. Please note, per federal regulations, the earliest date a loan may be disbursed to a student who has not completed a minimum of 30 credits in his or her current course of study at Daytona State is 30 days after the first day of classes. Additionally, all first-time borrowers at Daytona State must complete loan entrance counseling before their loan proceeds may be disbursed. Loan entrance counseling can be completed online at the following address: http://mappingyourfuture.org.

A student attending both fall and spring semesters will receive one disbursement of one-half of the total loan proceeds per semester (as long a a minimum of half-time [six credits] enrollment is maintained). A student attending one semester (fall or spring) will receive the loan proceeds of one-half of the total loan amount in two disbursements. Per Federal regulations, the second half of the loan may not be disbursed until a minimum of one-half of the semester has elapsed. A loan disbursement will not be made after a student ceases to be enrolled in at least six credit hours.

A student's eligibility for financial aid is partially based on enrollment status as well as the start date of classes. Students should be aware that certain courses may have staggered or irregular start dates that are not the same as the beginning of the standard semester. Students enrolled in these courses are not eligible to receive financial aid funds until the classes are in progress and enrollment can be verified

College Catalog - How Need is Determined

When a student applies for financial assistance by completing the Free Application for Federal Student Aid (FAFSA), the information the student reports is used in a formula established by the U.S. Congress. The formula determines the student's Expected Family Contribution (EFC). This EFC is an amount that the student (and spouse, if the student is married) or the student (and parents, if the student is dependent) is expected to contribute to the student's education. The EFC is subtracted from the student's cost of attendance. A student is considered to have financial need if the EFC is less than the cost of attendance.

The cost of attendance is determined by Daytona State College using rules established by the U.S. Congress. The cost of attendance includes the student's tuition and fees based upon the student's enrollment status. Please note that when determining enrollment status, audited courses are not taken into consideration since no credit toward a degree or certificate is received.

In determining a student's eligibility for aid from the federal student financial assistance programs and from state need-based assistance programs, Daytona State College must first consider other aid the student is expected to receive. If the student is eligible to receive financial aid, the student will be sent an official financial aid award letter, which lists the types of aid being offered for the academic year. This is the student's financial aid package. Students can also view their financial aid award through FalconNet.

College Catalog - How Does a Student Apply for Financial Aid

Applying for financial aid is not as complicated as you may think! The important thing to remember is to take it one step at a time. The process consists of completing the appropriate applications and submitting requested documentation to the Financial Aid Services Office. To be considered for financial aid at Daytona State College, a student must do the following:

- Complete the Free Application for Federal Student Aid (FAFSA). Indicate that you are planning to attend Daytona State College on the FAFSA. Daytona State College's Title IV School Code is 001475. This application is required to determine eligibility for all sources of federal financial aid. (Please note, the accurate FAFSA results must be received by the Financial Aid Services Office prior to your last day of attendance at Daytona State.) The FAFSA is available on the Web at www.fafsa.gov. The FAFSA should be completed at least six weeks prior to the beginning of the semester.

- In addition, a student will be required to supply further documentation if the student's financial aid application is selected for verification. Verification is the required federal process of checking the accuracy of the information supplied on the FASFA. Selection is based on the guidelines set up by the U.S. Department of Education. If selected for verification, the Financial Aid Services Office will send information regarding what additional information must be submitted (such as signed federal tax returns). This information is also available on the web through FalconNet. Verification must be completed within 120 days after a student's last day of attendance, but not later than August 31, 2011. Verification is completed when all required documents are received and when Daytona State College has received a valid processed FAFSA. The valid processed FAFSA must be received while the student is enrolled for the award year, but no later than August 31,2011.

Financial Aid Satisfactory Academic Progress Policy

Students must be in good academic standing at Daytona State College in order to continue to receive Financial Aid. The U.S. Department of Education requires each college to have a policy that ensures all students receiving financial aid maintain satisfactory progress toward completing their program of study. Your academic record will be reviewed once a year at the end of the spring semester. Students enrolled in Certificate programs are reviewed each semester. A review is done at the end of each semester for those on Probation and those reaching 150% of the program length.

To be eligible for financial aid, you must meet Daytona State's standards of Satisfactory Academic Progress for financial aid recipients. This standard is different from Daytona State's overall academic standard for eligibility to re-enroll in classes.

Standards of Satisfactory Academic Progress for financial aid recipients require you, the student, to be enrolled in an eligible program of study that leads to a degree or certificate. Your academic progress for financial aid purposes is reviewed at the end of each year (May) (Certificate programs are measured each semester).   In order to maintain satisfactory progress for financial aid purposes, you must satisfy all of the following elements of the policy:

1. number of credits attempted/earned must be 67%;
2. cumulative grade point average (GPA) must be 2.0 or above; and
3. maximum credit review (must complete within 150% of program length).

This standard requires students to successfully complete (with letter grade of A, B+, B, C+, C, D+, D) a minimum of 67 percent of the total number of credits attempted. [For example, if you have attempted a total of 30 credits, you must successfully complete 20 credits with a cum 2.0 or above. (30 credits x .67 = 20 credits successfully completed)] Attempted credits include all credits in which you are registered at the end of the add/drop period. Letter grades of F, W, I , SP or IP will not be considered as credits successfully completed or earned. Students who repeat a course for any reason should be aware that each time you enroll in a course it counts as an attempt, but only one attempt is considered earned. Repeated courses will have an impact on your ability to complete your program within the required maximum time frame.

Grade Point Average (GPA)
You are required to maintain a minimum cumulative grade point average of 2.0 (C grade). Refer to the College catalog for more information regarding grading policies.

Maximum Credit Review
The final part of the standard is Maximum Credit. Federal regulations require that the school set a maximum time frame in which students are expected to finish their program of study. Under this standard, you must complete your degree or certificate within 150 percent of the published program length, including transfer credits.

For example, if the published length of your credit program for an Associate degree is 60 credits, the maximum time frame for completion is 90 credits (that is, 60 X 1.5); if the published length of your credit program for a Bachelor degree is 120 credits, the maximum time frame for completion is 180 credits (that is, 120 x 1.5). This means that you would be eligible to receive financial aid during the period of time you are attempting up to 90 credit hours only (including transfer credits) for an Associate degree or up to 180 credit hours only (including transfer credit) for a Bachelor degree. If you exceed the maximum number of credits, you are no longer eligible to receive financial aid. All attempted credits, including incomplete grades and repeats, are counted toward the 150 percent maximum time frame. Also, all credits earned at other colleges and accepted by Daytona State College are counted in the maximum credit review.

The only exception to this are all ESL courses and non-credit courses.

Students who change their education program or graduate and reapply to a new program must still adhere to the maximum credit policy. In other words, all of your previous attempted credits and transfer credits will count towards the 150 percent time frame. Consideration will be given to students completing a second degree or certificate.

Repeated Courses
When repeating a course, students may receive financial aid for a course if the previous grade was an F or W. (Please note: For vocational courses, a student may not receive a federal Pell Grant for repeated courses.) In addition, students may also receive financial aid for a repeated course if the initial grade earned does not meet the pre-requisite requirement for the next course in the sequence. Students may only receive financial aid for a repeated course once.

Developmental/Remedial Courses
A student may receive financial aid for a maximum of 30 attempted developmental credits. After the student has attempted 30 developmental/remedial credits, any additional developmental/remedial credits taken by the student will not be included in determining the enrollment status of the student for financial aid.

Non-Credit Courses

These courses are not eligible for Title IV assistance and do not satisfy requirements of any Title IV eligible academic program. As such they are not considered in the Standards of Satisfactory Academic Progress.

Financial Aid Probation

If you do not achieve any one or more of the first two elements of the Financial Aid Satisfactory Progress policy (e.g., number of credits attempted/earned and grade point average), you will be placed on financial aid probation for the next semester of attendance. You may continue to receive financial aid while on probation.

If after the probationary semester you are not back in good standing, you may be offered a subsequent probationary semester if you have earned a 2.0 GPA in the probationary semester AND completed all courses attempted.

Financial Aid Suspension

A student who does not successfully complete a probationary semester will be placed on financial aid suspension for the following semester.

Financial aid will not be awarded to students who do not make Financial Aid Satisfactory Academic Progress for two consecutive semesters and any subsequent semester for which financial aid satisfactory academic progress is not met.

Appeal Process

A student may appeal the decision of financial aid suspension or maximum credit. You must make your appeal in writing with supporting documentation attached. In the appeal statement, you should state those circumstances that resulted in your unsatisfactory performance, and the means by which you propose to meet the requirements in the future. Please attach any information you have to verify your request for appeal based on extraordinary circumstances such as illness, death of a family member or other emergency circumstance. The appeal for exceeding the maximum credit review should include a checkdown from an advisor indicating the courses and credits required to complete your degree or certificate program.

Once your written appeal and supporting documents are reviewed, a decision is made on a case-by-case basis. If an appeal for financial aid suspension (for not meeting the completion rate percentage or the cum GPA) is granted, you will be given another probationary semester. During this semester you must complete successfully 100% of the credits attempted for the semester, AND earn a minimum GPA of 2.0 for each class during that semester, and any additional requirements specified during the appeal approval process.

If the appeal for maximum credit is approved, it will be a one-time only appeal for the degree or certificate program for which the appeal was based. If the appeal is approved, the student would be eligible for a specified number of attempted credits, and any credits attempted for coursework not included on the list provided by the advisor would reduce the number of approved credits. In addition, any course for which the student withdraws or fails will reduce the approved credits. Once the number of approved attempted credits is exceeded, the student will no longer be eligible for financial aid. If the student changes to another major, degree, or certificate program and has not completed the degree or certificate program for which the appeal was approved, the student will no longer be eligible for financial aid and will not be considered for another appeal for maximum credit.

Reinstatement

A student suspended from financial aid may request a reinstatement of financial aid after successfully completing a minimum of nine (9) credits, at your own expense. You must complete 100 percent of the credits attempted and earn a minimum GPA of 2.0 or better in each class during that semester. (Please note: Reinstatement does not pertain to the suspension for exceeding the maximum credit review.)

Prior Baccalaureate Degree

Students who have completed a baccalaureate or professional degree from an institution, regardless of whether the institution is unaccredited or a foreign school, are not eligible for federal or state grant funds. It does not matter whether the degree is accepted or recognized by Daytona State College.

College Catalog - Student Employment

The Financial Aid Services Office provides employment assistance to currently enrolled Daytona State College students and provides employment verifications. The Student Employment Coordinator collaborates with faculty, staff and employers in providing federal work-study, institutional work-study, community service and other eligible work-based programs. The Financial Aid Services Office is located on the Daytona Beach Campus in Bldg. 100, Rm. 104. The Student Employment Coordinator may be reached at (386) 506-3023.

Federal Work-Study (FWS) - The Federal Work-Study program is a federally-funded, need-based employment program available to Daytona State students. Eligibility is based on the student's financial need as determined by the Free Application for Federal Student Aid (FAFSA).

Jobs are located at all of the college's campuses.

Community Service (FWS) - Community service Federal Work-Study is a federally-funded, need-based employment program available to Daytona State students. Eligibility is based on the student's financial need as determined by the FAFSA. These jobs can be located on or off-campus in a non-profit organization.

Community Service "Tutors" (FWS) - Community service is a federally-funded, need-based employment program available to Daytona State students. Students work as reading or math tutors. The tutors assist children to develop reading or mathematics skills. Such skills are necessary for the children's education and for future employment. Eligibility is based on the student's financial need as determined by the FAFSA. These jobs can be located on or off-campus.

Institutional Work-Study (IWS) - The Institutional Work-Study program is funded by Daytona State. Students do not have to apply for or be eligible for financial aid to secure a job. These jobs are located on campus.

Florida Work Experience Program (FWEP) - The Florida Work Experience Program is a need-based program funded by the state of Florida. The purpose of the program is to introduce eligible students to work experience that will complement and reinforce their educational program and career goals, and provide a self-help student aid program. Eligibility is based on the student's financial need as determined by the FAFSA. Students must enroll for a minimum of six credit hours and meet Florida's residency requirement. Participating in the Florida Work Experience Program is an initial stepping-stone to building your employment history. These jobs can be located on or off-campus. For additional information contact Student Success Services on the Daytona Beach Campus located in Bldg. 100, Rm. 210 or call (386) 506-3343 (Please note, the Florida Work Experience Program is part of the Division of Student Success Services.)

College Catalog - Rights and Responsibilities of Financial Aid Recipients

As consumers, students have a right to:

- Be informed of the correct procedures for applying for aid, cost of attendance, types of aid available how financial need is determined, criteria for awarding aid, how academic progress is determined, and what must be done to continue receiving aid
- Be informed of the type and amount of assistance the student will receive, and how and when the student will receive the aid
- View the contents of the student's financial aid file, in accordance with the Family Educational Rights and Privacy Act
- Know the conditions of any loan.

It is the student's responsibility to:

- Complete application materials correctly and submit them on time
- Read all materials sent from the Financial Aid Office and all agencies awarding aid, read, understand and keep copies of all forms the student signs
- Know and comply with the rules governing the aid received
- Provide additional documentation, verification, corrections and/or any new information the Financial Aid Office requests
- Comply with the provisions of any promissory note and all other agreements signed
- Use financial aid only for expenses related to attending the College
- Maintain satisfactory academic progress
- Notify the Financial Aid Office of any resources not considered during the original need analysis and aid not listed on the award letter
- Keep local and permanent addresses current at the Records Office.

Student Withdrawal and Federal Requirements

This policy applies only to students who receive Federal student financial assistance under Title IV of the Higher Education Act. Types of assistance are the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Academic Competitiveness Grant, Teacher Education Assistance for College and Higher Education Grant, Federal Stafford Loan (subsidized and unsubsidized) and Federal Parent PLUS Loan. A student who withdrawals from or stops attending all courses prior to completion of more than 60 percent of the semester will be required to repay all or a percentage of the federal aid received. This may result in the student owing a balance to the College and/or the federal government. Unpaid balances will result in a hold on the student's records, diplomas, transcripts, and future registration activity. Furthermore, these debts may be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection costs will be added to the original debt and the student must pay these costs, as well as attorney's fees, if applicable. More detailed information is available upon request from the Financial Aid Services Office.

Tuition and Payment Information

Tuition is generally due within 10 business days or less. Please refer to your Schedule and Fee Statement for the payment deadline dates after each registration activity. If fees are not paid by the due date, your registration will be canceled and your classes dropped.

After classes begin, additional late registration fees or reinstatement fees may apply and payment of all charges will be due at the time of registration. If you are canceled one time for non-payment, and subsequently re-register, your bill will be due in one business day.

You may pay your tuition and fees by cash, check, money order, debit card, VISA, MasterCard, Discover Card or American Express. Online payment processing is available through the MyDaytonaState portal. Payments may also be made in person at any campus or by mail. Please DO NOT SEND CASH BY MAIL.

YOU SHOULD KNOW THAT:

- Daytona State's tuition and fees are based upon your status as a legal permanent Florida resident. Daytona State follows the state's guidelines regarding residency for tuition purposes. See Florida Residency for Tuition Purposes. Students who have not completed the residency process completely, or those whose residency cannot be determined, will be charged the non-resident rate until a final determination is made.
- Fees to audit a course are the same as the cost of a credit course.
- Many courses require lab fees, distance learning fees, and/or insurance fees in addition to per credit tuition charges.
- Full-cost charges (equivalent to non-resident tuition charges) will be assessed to students who repeat a course(s) for the third time. See Full Cost of Instruction, Maximum Attempts, Grade Forgiveness and Withdrawals for more information.
- Personal checks are accepted only for the exact amount of fees.
- Students assume the responsibility to drop classes before the end of the drop period for each term and subsession, otherwise payment will be expected, regardless of attendance. Please review the Academic Calendar for these important dates for each term and subsession.
- Students accept responsibility for meeting the prerequisite course requirements for every class they are enrolled for. It is student's responsibility to withdraw from a course if they withdraw or fail a prerequisite class. If the student decides to remain in the class without meeting the prerequisite, the student will do so at their own discretion and liability.
- If you need financial assistance, contact the Financial Aid Office before you register.
- All unpaid obligations, regardless of whether they are past due or current, result in a hold being placed on student records, diplomas, transcripts and registration activity until the obligation is paid in full.

EXCESS HOURS ADVISORY STATEMENT

Since many of our graduates will eventually transfer to a state university, students should be aware of a new provision affecting the tuition charges at the universities.
Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida colleges, are aware of the potential for additional course fees.

"Excess hours" are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours (120 x 120%).

All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hours surcharge.

This law was passed by the Legislature to encourage each student to complete the baccalaureate degree in the most efficient way possible.

Tuition and Fee Schedule 2010-2011

1. Application Fee
   There is no charge to apply for admission to Daytona State College, except for international students who are assessed a $50 non-refundable application fee. The College does charge a one-time, non-refundable $20 assessment fee to all students, including international students, at the time of initial enrollment.
2. College Credit and College Preparatory Credit Courses
   Florida Residents - $94.90 per credit hour
   Non-residents - $357.90 per credit hour
   Access Fee - $30 per semester
   Distance Learning Course Fees - $25 per credit hour
   Lab Fees (vary by course) - $3 - $280
3. Fees for Vocational Credit Courses
   Florida Residents - $77.86 per credit hour
   Non-residents - $311.48 per credit hour
   Access Fee - $30 per semester
   Distance Learning Course Fees - $25 per credit hour
   Lab Fees (vary by course) - $3 - $280
4. Baccalaureate Fees
   Florida Residents - $105.22 per credit hour
   Non-residents - $604.63 per credit hour
   Access Fee - $30 per semester
   Distance Learning Course Fees - $25 per credit hour
5. Apprenticeship Courses
   Apprenticeship students are exempt from registration, matriculation and laboratory fees for instruction.
6. Fees for Continuing Workforce Education
   Fees for these courses, designed to upgrade the skills of workers currently or formerly employed in a specific occupation, must cover the full cost of instruction.
7. Fees for Adult Education Courses
   GED Preparation - No Charge
   Basic Adult Education Courses - No Charge
   Daytona State High School Courses - *No Charge
   - *A fee is charged to students who already have earned a high school diploma or equivalent and who wish to enhance their skills. The fee is based on a $38.18 per credit hour equivalent for Florida residents and $152.72 per credit hour for non-residents.
8. Assessment/Testing Fees
   Credit by Exam (APLE) - $35/test
   Portfolio (APLE) - $60/course
   CLEP - $102/test
   CPT Retest - $10/test
   TEAS - $40/test
   Non-Daytona State Student Test Fee - $30/test
   CJ-BAT - $40/test
   GED (Full Battery) - $70/test
   GED (Per Section) - $14/test
9. Veterans Deferment of Fees
   Veterans eligible for VA education benefits are granted a deferment once per academic year. The

deferment may be for up to 60 days, but will always be due before the end of the semester. Consult the Veterans Specialist in Bldg. 100, Rm. 208 on the Daytona Beach Campus.

10. Recreation & Leisure, Self-Supporting Courses, Seminars, Workshops, Conferences
Fees will be determined separately for each activity and will be stated in the individual activity announcement. The activity may be canceled because of insufficient enrollment.

11. Graduation Fees (effective Fall 2010 processing cycle)
There is a one-time graduation fee charged for each academic tier:

High School	$10
Certificate	$10
Associate	$25
Bachelor	$25

- There is no additional charge for multiple degree at the same tier.
- In addition, all students who participate in either the college or high school graduation ceremony must pay the cost for their academic regalia (cap and gown).
- Please be aware of the graduation application dates and deadlines. The fee will entitle the graduate to a diploma, if qualified, and to participate in the commencement ceremonies. Daytona State reserves the right to certify each student as a completer once he or she has completed all requirements for the degree or certificate, regardless of whether they have completed an application for graduation. Students who do not complete the graduation application process will not receive a diploma or have the degree certificate statement on their official transcript.

12. Other Fees
Returned Check (per Florida Statute) Minimum - $25
Late Registration Fee - $25 per course
Reinstatement Fee - $50 per course
Official Transcript Fee - $5 per transcript
First Parking Permit - No Charge
Additional Parking Permits - $10 each
Parking Fines - $5, $7.50, $10
- Unpaid fines will result in a hold on student records, diplomas, transcripts and future registrations. Repeat offenders may be towed at the owner's expense.

13. Collection Costs
If obligations are not paid in full upon notification by the College, these debts may be referred to an outside collection agency and to appropriate credit bureaus. Resulting collection costs will be added to the original debt and the student must pay these costs, as well as attorney's fees if applicable. Furthermore, all unpaid obligations will result in a hold on student records, diplomas, transcripts and future registration activity

College Catalog - Types of Financial Aid

Financial aid is available in the form of grants, scholarships, work-study and loans. Grants are usually based on financial need and do not have to be repaid. Scholarships are usually awarded for academic merit or achievement and do not have to be repaid. Work-study positions are jobs that enable students to earn funds to assist with educational expenses. Loans usually must be repaid in cash. Student loan programs have varying rates and repayment provisions.

The Free Application for Federal Student Aid (FAFSA) must be completed to apply for all need-based federal, state and institutional sources of financial aid.

In general, students must be enrolled at least half-time to receive financial aid. However, some aid programs require students to enroll in and maintain full-time status. The following are the major financial aid programs that Daytona State's Financial Aid Services Office administers:

A. Grants

Federal Pell Grant - Funded by the federal government, this need-based grant is designated for undergraduate students working toward a first bachelor's degree. The amount of grant a student is eligible to receive is determined by the cost of attendance, the Expected Family Contribution (EFC), the length of the program of study and the student's enrollment status. The cost of attendance includes such items as tuition, fees, books and supplies. The EFC is derived from the information supplied by the student on the FAFSA. Eligible students enrolled in a program of study that is less than 30 weeks per academic year (fall and spring semesters) will receive a prorated Pell award. Eligible students enrolled in a program of study that is less than 24 college credits or less than 30 vocational credits (900 clock hours) per academic year (fall and spring semesters) will receive a prorated Pell award. For Pell Grant awarding purposes (applicable to college credits), 12 college credits per semester is considered full-time enrollment; 9-11 college credits per semester is considered three-quarter time enrollment; six to eight college credits per semester is considered half-time enrollment; and one to five college credits per semester is considered less than half-time enrollment. For Pell Grant awarding purposes (applicable to vocational credits), 15 vocational credits (450 clock hours) per semester is considered full-time enrollment. The full-time award is prorated for all vocational credits less than 450 clock hours.

Pell Grants range from $400-$5,500 for full-time attendance during an academic year. (For Pell Grant purposes, an academic year consists of 30 weeks during which a student may complete 24 college credits or 30 vocational credits [900 clock hours]).

Federal Supplemental Educational Opportunity Grant (FSEOG) - Funded by the federal government, this need-based grant is designated for undergraduate students working toward a first bachelor's degree. Eligibility is based on exceptional financial need. The maximum grant per semester at Daytona State is $150. Funds are limited.

Florida Student Assistance Grant (FSAG) - Funded by the state, this need-based grant is designated for eligible Florida residents enrolled in college credit degree programs. Award levels are based on state appropriations and vary each year. Specific renewal requirements must be met. Funds are limited.

Renewal Requirements for FSAG

- Must have a 2.0 cumulative GPA. (Only college credit courses are calculated in the GPA; remedial classes are excluded.)
- Full- time students must have successfully completed 12 credit hours for each semester for which an award was received;
- Three-quarter time students must have successfully completed nine credit hours for each semester for which an award was received;
- Half-time students must have successfully completed six credit hours for each semester for which an award was received;
- May receive an award of up to nine semesters within a period of six consecutive years after receipt of the first FSAG award;
- Must have completed 67 percent of all attempted classes.
- Must have not withdrawn from all fall classes or received F grades due to non-attendance. (Applicable to spring eligibility)

Daytona State Need Grant - Funded by the College, this need-based grant is designated for undergraduate students who have not previously completed a baccalaureate or professional degree and who are pursuing the AA, AAS, AS, BAS or BS degree or eligible college credit certificate programs. Eligibility is based on financial need. The maximum grant per semester is $1,000. Funds are limited.

Daytona State Vocational Need Grant - Funded by the College, this need-based grant is designated for undergraduate students who have not previously completed a baccalaureate or professional degree and who are enrolled in an eligible post-secondary adult vocational certificate program. Eligibility is based on financial need. The maximum grant per semester is $1,000. Funds are limited.

Bureau of Indian Affairs (BIA) Higher Education Grants - Funded by the U.S. BIA. These funds are available to students pursuing the AA degree who demonstrate need. Eligible students must be members of, or at least one-quarter degree Indian Blood descendent of members of a federally recognized American Indian tribe that is served by BIA.

For more information contact BIA at (202) 208-3710 or visit the Web site at http://www.doi.gov/bureau-indian-affairs.html

B. Scholarships

Air Force Scholarships - ROTC - The USAF offers ROTC academic scholarships to students who meet specific requirements. These scholarships cover the cost of tuition and books, plus provide the student $250 tax free subsistence allowance per month. For more information contact AF ROTC, Embry-Riddle Aeronautical University, 600 S. Clyde Morris Boulevard, Daytona Beach, Florida 32114 3900 or call (386) 226- 6880.

Athletic Scholarships - Daytona State offers a limited number of scholarships to students who are participating in specified activities through the Athletic Department. Students must enroll full-time in a program leading to an AA, AAS, AS,BAS, or BS degree, and follow the Standards of Progress. Students must complete the FAFSA. The Athletic Department determines which students are eligible for the scholarship. The amount of the scholarship varies each year.

Performing Arts Scholarships - These fee waivers will pay a portion of a student's tuition for classes in the areas of music, drama or dance. Fee waivers are awarded on a semester-by-semester basis, pending availability of funds. The performing arts department determines which students are eligible. The amount varies each year.

SGA Scholarship - Daytona State offers a limited number of scholarships to students who are participating in the Student Government Association. Students must complete the FAFSA. The Assistant Dean of Student Activities determines which students are eligible for the scholarship. The scholarship amount varies with each position. Funds are limited.

Publication Scholarship - Daytona State offers a limited number of scholarships to students who are participating in student publications. Students must complete the FAFSA. The Assistant Dean of Student Activities determines which students are eligible for the scholarship. The scholarship amount varies with each position. Funds are limited.

Activities Scholarship - Daytona State offers a limited number of scholarships to students who are participating in cheerleading. The Assistant Dean of Student Activities determines which students are eligible for the scholarship. The scholarship amount varies. Funds are limited.

Florida Bright Futures Scholarship Program - Funded by the Florida Lottery, scholarships are awarded to Florida high school graduates who demonstrate high academic achievement. This scholarship program has three award levels - the Florida Academic Scholars Award, the Florida Medallion Scholars Award, and the Florida Gold Seal Vocational Scholars Award. Applications, application deadlines, eligibility criteria and award amounts are available from high school guidance counselors. Students must be enrolled in a minimum of six college credits for fall and/or spring. Specific renewal requirements must be met.

Daytona State College Foundation Scholarships - The Daytona State College Foundation provides scholarships, grants and loans to students who might otherwise not be able to afford a college education. The Foundation offers scholarships that have been established by outside donors. Listings of these scholarships, with their own specific criteria as established by the donors, are available each semester and are posted on the Daytona State Web site. (http://daytonastate.edu/finaid/). The Financial Aid Services Office is located in Bldg. 100, Rm. 104, on the Daytona Beach Campus. Foundation scholarship lists and online application process are available at the Financial Aid Services Office or at the Question and Answer Centers at each campus. Please contact the Supervisor of Foundation Scholarships at (386) 506-4422 for additional information.

Other State of Florida Programs - Additional scholarship programs such as Seminole/Miccosukee Indian Scholarship and Scholarships for Children of Deceased or Disabled Veterans are available. Students should contact their high school guidance counselors or the Florida Office of Student Financial Assistance for criteria, applications and deadlines.

C. Work

Federal Work-Study (FWS) - The FWS program provides part-time employment to students who have financial need. Students are paid an hourly rate and are placed in jobs on campus or in community service jobs off campus. Work schedules are arranged around the student's class schedule. Students work an average of 20 hours per week. Funds are limited.

Institutional Work-Study (IWS) - Daytona State's IWS program provides part-time employment to students. Students are paid an hourly rate and are placed in jobs working on campus. Work schedules are arranged around the student's class schedule. Students work an average of 20 hours per week. Eligibility is not based on need. Funds are limited.

Florida Work Experience Program (FWEP) - The Florida Work Experience Program provides eligible Florida students the opportunity to secure part-time work experiences, which are complementary to and reinforce their educational program and career goals. Specific GPA and earned credit hour requirements must be met. FWEP is awarded to students demonstrating need. Funds are limited. Specific renewal requirements must be met.

D. Loans

Loans usually must be repaid in cash. It is important that students budget their money effectively and borrow responsibly. Student loan programs have varying rates and repayment provisions. Loan payments to students are made in two disbursements. A student attending both fall and spring semesters will receive one disbursement of one-half of the total loan proceeds per semester (as long as a minimum of half-time [six credits] enrollment is maintained). A student attending one semester (fall or spring) will receive the loan proceeds of one-half of the total loan amount in two disbursements. Per Federal regulations, the second half of the loan may not be disbursed until a minimum of one-half of the semester has elapsed. A loan disbursement will not be made after a student ceases to be enrolled in at least six credit hours.

The loans available at Daytona State are listed below:

Federal Subsidized Stafford Loan - Federal Subsidized Stafford Loans are made by a lender such as a bank or credit union. Eligibility is based on financial need. The loan's interest rate is 5.6 percent for loans disbursed after July 1, 2009. Students must be enrolled in an eligible program at least half-time. First-year students may be eligible to borrow up to an annual maximum of $3,500. Students who have successfully completed their first year (30 credits) may borrow up to an annual maximum of $4,500.* The maximum loan amount will be reduced utilizing a proportional pro-ration for those academic programs less than 24 college credits or 30 vocational credits (900 clock hours) and/or 30 weeks per academic year (fall and spring semesters). The lender will charge a .5 percent origination fee. The Guarantee Agency may charge a maximum 1 percent loan default fee. Loan repayments generally begin six months after the student graduates, leaves school or drops below half-time enrollment.

*BAS or BS students admitted at the junior or senior status to the program may borrow up to the annual maximum of $5,500.

Federal Unsubsidized Stafford Loans - Federal Unsubsidized Stafford Loans are available for students who do not qualify, in whole or in part, for Subsidized Federal Loans. Students must be enrolled in an eligible program at least half-time. The loan has a fixed interest rate of 6.8 percent. Dependent students may be eligible to borrow an additional $2,000 unsubsidized Stafford Loan per year. Independent students may be eligible to borrow up to an annual maximum of $6,000* in additional Federal Unsubsidized Stafford Loans if remaining eligibility exists. The maximum loan amount will be reduced utilizing a proportional pro-ration for those academic programs less than 24 college credits or 30 vocational credits (900 clock hours) and/or 30 weeks per academic year (fall and spring semester). With few exceptions, the Unsubsidized Loan's terms and conditions are the same as Subsidized Stafford Loans. However, the government does not pay the interest during in-school and deferment periods. The student is responsible for paying the interest. The lender will charge a .5 percent origination fee. The Guarantee Agency may charge a maximum 1 percent loan default fee.

*BAS or BS students admitted at the junior or senior status to the program and determined to be independent may borrow up to the annual maximum of $7,000.

Federal Parent PLUS Loans - Federal Parent PLUS Loans enable parents with good credit histories to borrow for educational expenses of their dependent children. Students must be enrolled in an eligible program at least half time. The loans are made by lenders such as banks or credit unions who charge a 3 percent origination fee. The Guarantee Agency also may collect a loan default fee of 1 percent. The interest rate is fixed at 8.5 percent. Parent PLUS borrowers may borrow up to the cost of education minus any estimated financial assistance the student has been, or will be, awarded for the period of enrollment. Borrowers generally must begin repayment on the loans within 60 days after the funds are disbursed. The borrower may request a deferment of repayment if the student is enrolled at least half time.

Please Note: When a student accepts a loan as part of his/her award, the student must understand that he/she is incurring a serious financial obligation. The student must repay the loan in full, along with all interest and additional fees (collection, legal, etc.). It is very important that the student realize that loan payments must be made in the future to satisfy this obligation. Students who accept a Stafford Loan while at Daytona State College will be required to complete loan entrance counseling and loan exit counseling to review repayment obligations.

To apply for a federal Stafford Loan, the student must first complete a FAFSA. The student will be notified via the award letter of loan eligibility and must complete a Federal Stafford Master Promissory Note (MPN) each year. Allow approximately four to six weeks from the initial date of the loan application for processing to be completed.

Before borrowing under one or more of the Federal Family Education Loan Programs, investigate the possibility of grant and/or scholarship assistance available from the state of permanent residency. Award amounts and program availability may be subject to change after this information is printed based on federal and state appropriations.

Emergency Loans - Emergency loans are provided by Daytona State to assist students who are experiencing extreme financial hardships that have a direct impact on their ability to function in the classroom. This financial hardship, if not addressed, usually reduces the student's quality of life and that of dependent family members.

Emergency loans are handled by the Financial Aid Services Office. A student may apply for an emergency loan to purchase required course equipment and other supplies that are not available in the Daytona State College bookstore. Also, emergency loans, by referral, are available to pay for a student's licensure examination.

Students requesting emergency loans are asked to complete an application in the Financial Aid Services Office located on the Daytona Campus in Bldg. 100, Rm. 104, or the student may contact the Coordinator of Emergency Loans at (386) 506-3013 for additional information.

College Catalog - Typical Costs Associated with Attending Daytona State College

Most individuals calculate the cost of a college education by the amount of tuition and fees charged plus the cost of books and supplies. These are direct educational expenses. There are, however, indirect educational expenses, such as personal and transportation expenses, for which students will need to budget. Below lead are charts illustrating examples of both in-state and out-of-state budgets for full-time college credit and vocational credit students for one academic year (Fall and Spring Semesters).

Example vocational credit budget

Direct Educational Costs (Estimated)		
	In-State	Out-of-State
Tuition (24 vocational credits) *	$1,773	$6,931
Indirect Educational Costs (Estimated)		
Books & Supplies	$900	$900
Room & Board	$2,128 (dependent)	$2,128 (dependent)
	$10,000 (independent)	$10,000 (independent)
Personal	$1,624 dependent	$1,624 dependent
	$1,600 independent	$1,600 independent
Transportation	$1,000 dependent	$1,000 dependent
	$1,800 independent	$1,800 independent
Total Budget	$7,385 (dependent)	$12,583 (dependent)
	$16,033 (independent)	$21,231 (independent)

Some programs of study have additional costs. Please refer to the Program Descriptions.

Please note, Daytona State College does not provide dormitories.

*Based on 2009-2010 rates. The 2010-2011 rates may increase due to legislative action and/or District Board of Trustees action.

Example college credit budget

Direct Educational Costs (Estimated)		
	In-State	**Out-of-State**
Tuition (24 college credits)	* $2,110	* $7,954
Indirect Educational Costs (Estimated)		
Books & Supplies	$900	$900
Room & Board	$2,128 (dependent)	$2,128 (dependent)
	$10,000 (independent)	$10,000 (independent)
Personal	$1,624 dependent	$1,624 dependent
	$1,600 independent	$1,600 independent
Transportation	$1,000 dependent	$1,000 dependent
	$1,800 independent	$1,800 independent
Total Budget	$7,762 (dependent)	$13,606 (dependent)
	$16,410 (independent)	$22,254 (independent)

Some programs of study have additional costs. Please refer to the Program Descriptions.

Please note: Daytona State College does not provide dormitories.

Please note: Tuition for in-state BAS students: * $2,339; out-of state BAS: * $14,145

*Based on 2009-2010 rates. The 2010-2011 rates may increase due to legislative action and/or District Board of Trustees action.

College Catalog - Veterans Affairs

Veterans and Others Applying for Veterans Administration Educational Assistance

Daytona State College is an approved institution for veterans training. Veterans eligible for Veterans Administration (VA) benefits must be certified through the College's Veterans' Services office to receive educational benefits. Eligible veterans must also meet Daytona State admission requirements. Application for VA benefits should be started as soon as possible as approval of benefits can take as long as 90 days. Course approval and certification is required each semester through the Daytona State Veterans' Services office. Veterans eligible for benefits must also adhere to the following standards:

Program Length and Course Approval

All degree programs are approved for a specific number of credit hours. Eligible veterans will not be certified to the VA or paid by the VA for courses past the approved length. The VA will pay only for required courses in an approved program. This also applies to vocational certificate programs which are measured in either semester hours or vocational/clock hours. You will be required to pay out-of-pocket for courses not required by your program.

Satisfactory Progress - Standards of Progress

Students must maintain satisfactory academic progress and conduct to continue to receive VA educational benefits.

Educational benefits will be suspended for unsatisfactory progress following any semester when an eligible person receives all grades of "I", "F", or a combination.

An eligible person is placed on academic warning if a semester's GPA falls below 2.0 Educational benefits are suspended for failure to achieve satisfactory progress IF an eligible person's GPA falls below 2.0 for two consecutive semesters.

If an eligible person is not making satisfactory progress, VA educational benefits are suspended until the student completes one semester at their own expense and attains a minimum of a 2.0 GPA for that semester. In extreme cases, benefits may be suspended until the cause of the lack of progress has been eliminated, and/or it has been determined that the educational program being pursued is suited to the person's aptitudes, interests, and abilities.

Academic Standards - Grade Notification

The VA regional office is notified immediately when an eligible person receives a grade, or grades, of "X", "S", or "W". Credit hours for benefit purposes will be adjusted accordingly. Unless extenuating circumstances exist, the eligible person will be in overpayment for benefits paid for the course or courses from the first day of the term to the day the grade was issued.

Attendance Standards

Vocational Certification and Adult Education Programs- VA regulations require attendance records be kept on all eligible persons enrolled in programs not leading to a standard college degree.

Eligible persons will have their VA benefits suspended if they accumulate three or more unexcused absences during any calendar month. Three tardy days count as one absence; two partial days count as one absence.

An eligible person whose benefits are suspended for excessive absences may be reinstated once during a semester upon written permission of the program chairperson or instructor. Additional instances are considered unsatisfactory progress.

Short-Term VA Benefits Programs - VA benefit certification will be terminated if a student is absent 10% or more of the total hours in a given enrollment period (or cumulative absences exceeding 10% of the total number of hours in a program).Students enrolled in short-term programs must also adhere to current Veteran Administration regulations and standards of progress. Students who fail to maintain satisfactory progress are not permitted to continue enrollment in their program and will not be eligible to receive benefits.

VA Contacts

The Office of Veterans' Services is located on the Daytona Campus, Bldg. 100, Rm. 208X. Office hours are: Monday, Tuesday and Thursday, 9 am to 6 pm; Wednesday, 9 am to 7 pm; Friday. 9 am to 5 pm. To contact Daytona State 's Veterans' Service Coordinator, call (386) 506-3065, or e-mail shotwer@DaytonaState.edu.

For additional information or questions, contact the Department of Veterans Affairs Regional Office at 1-888-442-4551 or e-mail http://www.gibill.va.gov/.

College Catalog - What Determines Dependency

When a student applies for federal student aid, the answers to certain questions will determine whether the student is considered dependent on their parents or whether the student is considered independent. A dependent student must report the parents' income and assets as well as the student's income and assets. An independent student must report only the student's own income and assets (and those of the student's spouse, if married).

A student is considered independent if at least one of the following applies to the student:

- the student was born before January 1, 1987;
- the student is married;
- the student has children or legal dependent(s) (other than a spouse) who receive more than half of their support from the student;
- at any time since the student turned age 13, both of the student's parents are deceased, the student was in foster care, or the student was a ward of the court ;
- the student is currently serving on active duty in the U.S. Armed Forces for purposes other than training;
- the student is a veteran of the U.S. Armed Forces;
- the student is an emancipated minor as determined by a court in the student's state of legal residence;
- the student is in legal guardianship as determined by a court in the student's state of legal residence;
- at any time on or after July 1, 2009, the student's high school or school district homeless liaison, or director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development determined that the student was an unaccompanied youth who was homeless; or
- at any time on or after July 1, 2009, the director of a runaway or homeless youth basic center or transitional living program determined that the student was an unaccompanied youth who was homeless or was self-supporting and at risk of being homeless.

If a student cannot answer "yes" to one of the above questions, the student is dependent and parental information must be reported.

Daytona State College

2010 – 2011

Academic Program Guides

Accounting Applications/Computerized

Program Information

A.S. Certificate - Code 0943 - Catalog 2010/2011

Kim Titus, Assistant Chair, 386-785-2042, titusk@daytonastate.edu

School of Applied Business, 386-506-3012

Program Description

The program provides a solid foundation in theory and practice needed to work in the field of accounting.

Credits earned in this certificate may be applied toward the AAS or AS degree in Accounting Technology.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Addictions Studies Specialization

Program Information

A.S. Certificate - Code 0813 - Catalog 2010/2011

Olu Eniwaye, Assistant Chair, 386-506-3746, eniwayo@daytonastate.edu

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

03/30/2010 M - 43

Program Description

The purpose of this program is to prepare students with the knowledge and skills needed in addictions counseling and rehabilitation agencies. Completers are prepared for entry level jobs skills to assist addiction specialists, substance abuse counselors and social practitioners. Credits earned in this certificate program may be applied toward the AS Degree in Human Services (Generalist and Addictions Specialization).

Note: Financial aid eligibility for this program is pending.

Approximate Additional Costs

FDLE Background Check - $24

Additional Admission Requirements

-Program Prerequisites (courses must be completed with a grade of 'C' or better): ENC 1101 (College Composition) and MAT 1033 (Intermediate Algebra).

-Attend mandatory program orientation.

-Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class. Final program acceptance is contingent upon satisfactory results of the FDLE screening. Some exceptions may apply depending on externship facility placement.

-CO-OP agencies may elect to do a more extensive background check in addition to the initial requirement.

Advanced Automotive Technology (Performance Engine Specialization)

Program Information

Vocational Certificate - Code 1036 - Catalog 2010/2011

Robert Cothran, Instructor, 386-506-4127, cothran.robert@yahoo.com

Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu

Sylvia Zuelch, 386-506-4165, zuelchs@daytonastate.edu

Program Description

This program prepares the student to become high performance engine builders. Students will learn fundamental motor building techniques. An emphasis is placed on the racing engine performance of many different fields. Students will demonstrate knowledge of safety, basic shop math, machining, welding, measurement, blueprint reading, tuning, electronics, fuel and ignition. Successful completion of this program should enable the student to find work in the motor sports industry.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees - Approx. $250.

Additional Admission Requirements

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration

Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Air Conditioning, Refrigeration, and Heating Technology

Program Information
Vocational Certificate - Code 1011 - Catalog 2010/2011
Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu
George Roddy, Faculty, 386-506-4175, roddyg@daytonastate.edu
Roger Raffaelo, 386-506-4174, raffaer@daytonastate.edu

Program Description
The program provides a solid foundation in the principles of air conditioning and refrigeration. Instruction is given by classroom demonstrations and laboratory experiments in refrigeration fundamentals; electricity and controls; and installing, operating, servicing and repairing air conditioning & refrigeration equipment. Students work on commercial refrigeration and air conditioning equipment, including heat pumps, ice machines, oil and gas systems. Students will design, construct, and evaluate refrigeration systems. State of the art, modern equipment with all of the commonly used refrigerants is available for students to gain "hands-on" experience. Students also receive related training in shop management and customer relations.
All graduates have numerous opportunities for employment with local contractors.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Textbooks cost approximately $300.

Additional Admission Requirements
This is the advanced Air Conditioning, Refrigeration and Heating program. Students should complete the Air Conditioning, Refrigeration and Heating Mechanic program (Code 1054) prior to requesting this program.

This is a limited access program with entry per permission of the chair only.

Must be able to list 50 pounds.
Must be able to climb a 12-foot ladder.

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration
Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Careers
Heating, A/C and Refrigeration Technician

Audio/Recording Technology

Program Description

The purpose of this program is to prepare students for initial employment as a sound technician or recording technician, or to provide supplemental training for persons previously or currently employed in these occupations. The content includes, but is not limited to, set up and configuration of a computer for audio applications, and the operation of basic reproduction, and audio recording equipment.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

Consult college bookstore for approximate costs of textbooks. See college catalog for lab fee requirements.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

AutoCAD Foundations (Architectural)

Program Information

A.S. Certificate - Code 0927 - Catalog 2010/2011

Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu

Sylvia Zuelch, Admin. Specialist, 386-506-4165, zuelchs@daytonastate.edu

Program Description

The program provides a foundation in the use of AutoCAD for architecture and construction. The certificate includes instruction in architectural drawing and the use of AutoCAD software for 2D drafting and 3D modeling. Additional courses include architectural detailing, and Architectural Desktop.

Note: The length of this program makes it ineligible for federal and state financial aid.

Automotive Collision Repair and Refinishing

Program Information

Vocational Certificate - Code 1097 - Catalog 2010/2011
William Smith, Faculty, 386-506-4199, smithwi@daytonastate.edu
Eugene Deyo, Faculty, 386-506-4169, deyoe@daytonastate.edu
Roger Rowan, 386-506-4171, rowanr@yahoo.com

Program Description

As quickly as the body style of today's vehicles change, so do the skills and technology required to return vehicles to pre-accident condition. The Automotive Collision Repair and Refinishing Program at the ATC (Advanced Technology College) offers state-of-the-art training in collision repair and refinishing that will prepare students to repair today's complex vehicles. This program offers theory and hands-on-training including damage analysis, body repair and refinishing. The I-CAR enhanced delivery curriculum is used as a standard for classroom training that prepares students for I-CAR and ASE certification. Today's increasingly complex vehicle designs challenge students to develop and utilize the skills required to excel in this high demand job market.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Students will be required to purchase tools and uniforms as needed throughout the course of the program. The approximate cost is $300. Textbooks cost approximately $125. Lab fees: Refer to individual course descriptions or consult the assistant chair for additional costs.

Additional Admission Requirements

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor / advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration

Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Automotive Service Certificate

Program Information

Vocational Certificate - Code 1049 - Catalog 2010/2011
James Posick, Assistant Chair, 386-506-4168, posickj@daytonastate.edu
Steven Fernandez, Instructor, 386-506-4135
Roger Rowan, 386-506-4171, rowanr@daytonastate.edu

06/09/2010 M - 61.

Program Description

The Automotive Service certificate progam is a 35.00 vocational credit certificate program. The curriculum is designed to give students a combination of online, classroom and lab related activities. A "hands-on" approach to student learning is evident as students become proficient at automotive heating and air conditioning systems, automotive brake systems, automotive steering, suspension and alignment, automotive electrical and electronic systems, and automotive engine performance. The program also starts to prepare the student to successfully complete the Automotive Service Excellence, ASE, automotive and light truck certification in the five general repair areas, A-4, A-5, A-6, A-7 and A-8. Emphasis is on diagnosis and repair, coupled with customer relations adn employability skills.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Student should meet with the assistant chair for necessary tools and uniform information.

Additional Admission Requirements

· Ability to understand and follow specific directions.
· Ability to handle and operate all automotive equipment in a safe manner.
· A pre-admissions consultation with the assistant chair prior to registration is recommended.

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration

Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Automotive Service Management Technology

Program Information

A.A.S. Degree - Code 3502 - Catalog 2010/2011

James Posick, Assistant Chair, 386-506-4168, posickj@daytonastate.edu

John Tesauro, Professor, 386-506-4167

Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu

Program Description

The Automotive Management degree program is 13 automotive courses and five general education courses. The curriculum is designed to give students a combination of online, classroom, and lab related activities. The curriculum will prepare the student to enter the field of automotive service and repair. The program also starts to prepare the student to successfully complete the Automotive Service Excellence, ASE, automotive and light truck certification in the eight general repair areas, A-1 through A-8. Emphasis is on diagnosis and repair, coupled with customer relations and employability skills.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Students must meet with the assistant chair for necessary tools and uniforms.

Additional Admission Requirements

1 Must be able to attend cooperative education training placements.

2 A pre-admission consultation with the assistant chair prior to registration is required.

Notes

1. MAT1033 fulfills general education requirements for AAS degree programs only.

Bachelor of Applied Science in Supervision and Management

Program Description

The Bachelor of Applied Science (BAS) in Supervision and Management Program prepares individuals for supervisory and management roles and positions. Associate degree programs have prepared these individuals to enter the job market at entry-level or mid-level positions. Upper-level coursework in the BAS program broadens their knowledge in applied management practices and prepares them for supervisory and management opportunities within their technical field.

The Bachelor of Applied Science (BAS) Program uses a 2+2 model requiring the completion of an associate's degree for entry into the program. The degree components are below.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Approximately $125 for Writers' Workbench, a writing software program (access is required of everyone in the program). The BAS Club has a program whereby with membership ($10.00) and a committment to two community projects per year, members can rent their textbooks for $25 per book per semester.

Additional Admission Requirements

General Education Core - The state-mandated 36 hours of general education (Communications-9 sch; Math-6 sch; Science-6 sch; Humanities -3 sch; Behavioral and Human (Social) Science-3 sch; Health & Wellness-3 sch; Political, Economic & Business-3 sch; Historical and Global -3 sch.

Typically, students from A.S. or A.A.S. degree programs transfer 15-18 credits of General Education Core. A.A. graduates will typically transfer the total 36 general education core requirements into the BAS program. A.A. graduates will also require 18 hours of lower division credit in an occupational/technical area, e.g., accounting technology, computer science, business, etc., in lieu of the additional general education required of the A.S./A.A.S. student.

Careers

Management and supervisory careers

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Bachelor of Science in Education - Elementary Education

Program Information

BS Degree - Code 6221 - Catalog 2010/2011

Les Potter, Chair, Education, 386-506-3528, potterl@daytonastate.edu

Kristy Presswood, AVP, Education, 386-506-3822, presswk@daytonastate.edu

08/04/2010 M - 65

Program Description

This program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Elementary Education. The program includes state endorsements for Reading and ESOL.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Students must meet CLAS requirements.

2. Students must earn an Associate of Arts degree.

3. Students must have a cumulative GPA of 2.5.

4. Satisfactory completion of the General Knowledge Test portion of the Florida Teacher Certification Examination is required to be admitted to the upper two years of this degree. Click here for more information or to register for the exam.

5. Volusia County Schools Volunteer clearance is required. Go to www.daytonastate.edu/education under the Admissions Requirements Section to obtain the Volusia County Schools Application to Volunteer. Follow the steps on our website for completion and submission instructions.
For a list of disqualifying offenses view Florida Statute 1012.315

6. Students must submit a separate application for admission to the Bachelor of Science in Education program.

7. Student must have earned a grade of "C" or higher in the following classes: EDF1005, EDF2085, EME2040.

8. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355) in their first semester of enrollment.

NOTE: Students who have not taken two years of the same foreign language in high school will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign langugage requirement to graduate.

Students must also complete the State mandated 36 hours of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Sciences - 6 hrs; Humanities, Cultural and Aesthetic - 3 hrs; Behavioral and Social Sciences - 3 hrs; Health and Wellness - 3 hrs; Political, Economic and Business - 3 hrs; Historical and Global - 3 hrs

Program Description

This program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Exceptional Student Education. The program includes state endorsements for Reading and ESOL.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Students must meet CLAS requirements.

2. Students must earn an Associate of Arts degree.

3. Students must have a cumulative GPA of 2.5.

4. Satisfactory completion of the General Knowledge Test portion of the Florida Teacher Certification Examination is required. Click here for more information or to register for the exam.

5. Volusia County Schools Volunteer clearance is required. Go to www.daytonastate.edu/education under the Admissions Requirements Section to obtain the Volusia County Schools Application to Volunteer. Follow the steps on the website for completion and submission instructions. For a list of disqualifying offenses view Florida Statute 1012.315

6. Students must submit a separate application for admission into the Bachelor of Science in Education program.

7. Students must have earned a grade of "C" or higher in the following classes prior to being admitted: EDF1005, EDF2085, EME2040.

8. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355) in their first semester of enrollment.

NOTE: Students who have not taken two years of the same foreign language in high school will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.

Students must also complete the State mandated 36 hours of general education core prior to graduation. Communications - 9 hrs; Mathematics - 6 hrs; Sciences - 6 hrs; Humanities, Cultural and Aesthetic - 3 hrs; Behavioral and Social Sciences - 3 hrs; Health and Wellness - 3 hrs; Political, Economic and Business - 3 hrs; Historical and Global - 3 hrs.

<u>Notes</u>

1. This guide is a recommendation for the first two years. The Bachelor of Science in Exceptional Student Education is a 2+2 program and full admittance into the program cannot be granted until the completion of all prerequisite courses and special admission requirements.

2. This course is a required prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

3. After completion of the first two years and receipt of AA degree, apply for admission into the Bachelor of Science in Exceptional Student Education program and complete all other admission requirements. Additionally, students must earn a "C" or higher to receive credit in all BS program courses and must maintain a 2.5 GPA.

4. Students are required to have passed the Professional Education Test and their Subject Area Exam, in addition to completing all program courses prior to being eligible to enroll in their last semester for student internship. We strongly recommend that students pass an additional Subject Area Exam during their internship semester or sooner for employment purposes. Depending upon the county of internship, the student will need to be fingerprinted with a Level 2 background check prior to the internship, and may also need to complete a drug screening.

5. RED4844 is an intensive Reading Practicum that requires departmental consent prior to enrolling.

Notes

1. This guide is a recommendaton for the first two years. The Bachelor of Science in Secondary Mathematics is a 2+2 program and full admittance into the program cannot be granted until the completion of all prerequisite courses and special admission requirements.

2. This course is a required prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

3. After completion of the first two years and receipt of AA degree, apply for admission into the Bachelor of Science in Secondary Mathematics program and complete all other admission requirements.

4. Students must earn a "C" or higher in all BS program courses and maintain a 2.5 GPA.

5. STA2023 is not a requirement for admission into the Secondary Mathematics Education Program at Daytona State College; however, this course is a prerequisite to a Bachelor's level course in this program, and recommended to be taken as part of the AA degree coursework.

6. Students are required to have passed the Professional Education Test and their Subject Area Exam, in addition to completing all program courses prior to being eligible to enroll in their last semester of student internship. Depending upon the county of internship, the student will need to be fingerprinted with a Level 2 background check prior to the internship, and may also need to complete a drug screening.

Bachelor of Science in Education - Secondary Biology Education

Program Description

This program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Secondary Biology Education.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Students must meet CLAS requirements.

2. Students earn an Associate of Arts degree.

3. Students must have a cumulative GPA of 2.5.

4. Satisfactory completion of the General Knowledge Test portion of the Florida Teacher Certification Examination is required. Click here for more information or to register for the exam.

5. Volusia County Schools Volunteer Clearance is required. Go to www.daytonastate.edu/education under the Admissions Requirements Section to obtain the Volusia County Schools Application to Volunteer. Follow the steps on our website for completion and submission instructions.For a list of disqualifying offenses view Florida Statute 1012.315

6. Students must submit a separate application for admission into the Bachelor of Science in Education program.

7. Students must have earned a grade of "C" or higher in the following prorgram prerequisite courses: EDF1005, EDF2085, EME2040, MAC2311/L (4 credits), BSC1010/L (4 credits), BSC1011/L (4 credits) and one of the following: CHM1045/L (4 credits), PHY1053/L (4 credits) or PHY2048/L (4 credits).

8. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355) in their first semester of enrollment.

NOTE: Students who have not taken two years of the same foreign language in high school will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.

Students must also complete the State mandated 36 hours of general education core prior to graduation: Communicatons - 9 hrs; Mathematics - 6 hrs; Sciences - 6 hrs; Humanities, Cultural and Aesthetic - 3 hrs; Behavioral and Social Sciences - 3 hrs; Health and Wellness - 3 hrs; Political, Economic and Business - 3 hrs; Historical and Global - 3 hrs.

Notes

1. This guide is a recommendation for the first two years. The Bachelor of Science in Secondary Biology Education is a 2+2 program and full admittance into the program cannot be granted until the completion of all prerequisite courses and special admission requirements.

2. This course is a required prerequisite for admission into the program. All prerequisite courses require a grade of "C" or higher.

3. After completion of the first two years and receipt of AA degree, apply for admission into the Bachelor of Science in Biology Education program and complete all other admission requirements. Additionally, students must earn a "C" or higher in all BS program courses and maintain a 2.5 GPA or higher.

4. Students are required to have passed the Professional Education Test and their Subject Area Exam, in addition to completing all program courses prior to being eligible to enroll in their last semester of student teaching. Depending upon county of internship, the student will need to be fingerprinted with a Level 2 background check prior to the internship, and may also need to complete a drug screening.

5. Students must also enroll in the required corresponding lab for this course.

6. CHM1046/CHM1046L are not requirements for admission into the Secondary Biology Education program at Daytona State College; however, these courses are prerequisites to Bachelor's level courses in this program, and it is recommended they be taken as part of the AA degree coursework.

Bachelor of Science in Education - Secondary Earth/Space Science Education

Program Information

BS Degree - Code 6227 - Catalog 2010/2011

Les Potter, Chair, Education, 386-506-3528, potterl@daytonastate.edu

Kristy Presswood, AVP, Education, 386-506-3822, presswk@daytonastate.edu

Program Description

This program fulfills the education courses, professional education competencies, and practical experience required to obtain a five-year Professional Educator's Certificate in Secondary Earth/Space Science Education.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Students must meet CLAS requirements.

2. Students must earn an Associate of Arts degree.

3. Students must have a cumulative GPA of 2.5.

4. Satisfactory completion of the General Knowledge Test portion of the Florida Teacher Certification Examination is required. Click here for more information or to register for the exam.

5. Volusia County Schools Volunteer clearance is required. Go to www.daytonastate.edu under the Admissions Requirements Section to obtain the Volusia County Schools Application to Volunteer. Follow the steps on our website for completion and submission instructions.For a list of disqualifying offenses view Florida Statute 1012.315

6. Students must submit a separate application for admission into the Bachelor of Science in Education program.

7. Students must have earned a grade of "C" or higher in the following program prerequisite courses: EDF1005, EDF2085, EME2040, MAC2311/L (4 credits), OCE1001, GLY2010/L (4 credits) and one of the following combinations: BSC1010/L and BSC1011/L; or CHM1045/L and CHM1046/L; or PHY2048/L and PHY2049/L.

8. Once accepted, students must enroll in and complete a mandatory orientation class (SLS3355) in their first semester of enrollment.

NOTE: Students who have not taken two years of the same foreign language in high school will need to complete two semesters or 8 credit hours of the same foreign language at the college level to meet the state foreign language requirement to graduate.

Students must also complete the State mandated 36 horus of general education core prior to graduation: Communications - 9 hrs; Mathematics - 6 hrs; Sciences - 6 hrs; Humanities, Cultural and Aesthetic - 3 hrs; Behavioral and Social Sciences - 3 hrs; Health and Wellness - 3 hrs; Political, Economic and Business - 3 hrs; Historical and Global - 3 hrs.

Notes

1. This guide is a recommendation for the first two years. The Bachelor of Science in Secondary Earth/Space Science Education is a 2+2 program and full admittance into the program cannot be granted until the completion of all prerequisite courses and special admission requirements.

2. This course is a required prerequisite for admission into the program or a prerequisite to a program course. All prerequisite courses require a grade of "C" or higher.

3. After completion of the first two years and receipt of AA degree, students should apply for admission into the Bachelor of Science in Earth/Space Science Education program and complete all other admission requirements. Additinally, students must earn a "C" or higher in all BS program courses and maintain a GAP of 2.5 or higher.

4. Chemistry courses are recommended by Daytona State College Science Department.

5. Students must also enroll in the required corresponding lab for this course.

6. Students are required to have passed the Professional Education Test and their Subject Area Exam, in addition to completing all program courses before being eligible for their last semester of student internship. Depending upon county of internship, the student will need to be fingerprinted with a Level 2 background check prior to the internship, and may also need to complete a drug screening.

Bachelor of Science in Engineering Technology (BSET)

Program Description

The Bachelors of Science in Engineering Technology (BSET) Program prepares graduates for technical positions in the expanding fields of industrial operations, mechanical design, or construction design, and has a strong commitment to maintain standards of excellence in program content and to continuously upgrade their program to meet industry needs.

The Bachelors of Science in Engineering Technology (BSET) Program uses a 2 + 2 model requiring the completion of an associates degree for entry into the program. The degree components are below.

The Bachelor of Science in Engineering Technology programs are awaiting approval from the Southern Association of Colleges and Schools (SACS).

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Applicants for the BSET program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), or an Associate of Arts (AA) degree with an overall grade point average of 2.5.

2. Students with a grade point average of between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the BSET program. Those with AA degrees who have completed all core general education courses will be required to complete a total of 18 credits in appropriate technical prerequisite courses. AS/AAS graduates must complete additional core general education courses.

3. Typically students from AS or AAS degree programs transfer 15 credits of General Education Core. AA graduates will typically transfer the total 36 general education core requirements into the BS program. AA graduates will also require 18 hours of lower division credit in an occupational/technical area, e.g. Architectural Design/Construction Technology, Automotive Service Management Technology, Computer Integrated Manufacturer, Construction Electricity Management, Industrial Management Technology, and Telecommuications Engineering Technology.

4. General Education Core - The state mandated 36 hours of general education: Communications - 9 sch; Mathematics - 6 sch; Sciences - 6 sch; Humanities, Cultural & Aesthetic - 3 sch; Behavioral and Social Sciences - 3 sch; Health & Wellness - 3 sch; Political, Economic & Business - 3 sch; Historical and Global - 3 sch.

5. Applicants who have not earned an associate degree may be admitted to the BSET program if they have earned at least 60 BSET transferrable credits with a grade of "C" or better in all core general education courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.

6. Students must have completed two years of the same foreign language in high school or two semesters of the same college level foreign language to graduate.

7. Students must submit a separate application for admissions to the upper two years of this program.

Careers

Some associated careers are: systems engineer, process analyst, technical sales engineer, project engineer, and calibration engineer. The electrical engineering technology concentration prepares graduates for technical positions in the expanding fields of electrical engineering, computers and microprocessors, photonics and lasers. The information systems technology concentration provides course work in networking, security, computer systems, and project management in information technology fields.

The bureau of labor statistics reported in 2008 that the annual salary for the middle 50% of engineering technicians was between $ 41,000 and $ 64,000.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Bachelor of Science in Engineering Technology - Information Systems Tech Concentration (BSIST)

Program Information

BS Degree - Code 6332 - Catalog 2010/2011

Ronald Eaglin, Chair, Engineering Technology, 386-506-4176, eaglinr@daytonastate.edu

Stanley Sidor, Associate Vice President, 386-506-4163, sidors@daytonastate.edu

08/10/2010 M - 66.

Program Description

The Information Systems Technology (BSIST) concentration of the BSET degree prepares graduates for technical positions in the expanding fields of information systems management, network security, and digital forensics. Graduates of this program will have a broad understanding of processes that support the development, delivery and management, and security of information systems.

The Information Systems Technology (BSIST) Program uses a 2 + 2 model requiring the completion of an associates degree for entry into the program. The degree components are below.

The Bachelor of Science in Engineering Technology programs are awaiting approval from the Southern Association of Colleges and Schools (SACS).

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Applicants for the BSIST program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), or an Associate of Arts (AA) degree with an overall grade point average of 2.5.

2. Students with a grade point average of between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the BSIST program. Those with AA degrees who have completed all core general education courses will be required to complete a total of 18 credits in appropriate technical prerequisite courses. AS/AAS graduates must complete additional core general education courses.

3. Typically students from AS or AAS degree programs transfer 15 credits of General Education Core. AA graduates will typically transfer the total 36 general education core requirements into the BS program. AA graduates will also require 18 hours of lower division credit in an occupational/technical area, e.g. Architectural Design/Construction Technology, Automotive Service Management Technology, Computer Integrated Manufacturer, Construction Electricity Management, Industrial Management Technology, and Telecommunications Engineering Technology.

4. General Education Core - The state mandated 36 hours of general education: Communications - 9 sch; Mathematics - 6 sch; Sciences - 6 sch; Humanities, Cultural & Aesthetic - 3 sch; Behavioral and Social Sciences - 3 sch; Health & Wellness - 3 sch; Political, Economic & Business - 3 sch; Historical and Global - 3 sch.

5. Applicants who have not earned an associate degree may be admitted to the BSIST program if they have earned at least 60 BSIST transferrable credits with a grade of C or better in all core general education courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.

6. Students must have completed two years of the same foreign language in high school or two semesters of the same college level foreign language to graduate.

7. Students must submit a separate application for admissions to the upper two years of this program.

Careers

Some associated careers are: systems engineer, process analyst, technical sales engineer, project engineer, and calibration engineer. The electrical engineering technology concentration prepares graduates for technical positions in the expanding fields of electrical engineering, computers and microprocessors, photonics and lasers. The information systems technology concentration provides course work in networking, security, computer systems, and project management in information technology fields.

The bureau of labor statistics reported in 2008 that the annual salary for the middle 50% of engineering technicians was between $ 41,000 and $ 64,000.

Bachelor of Science in Engineering Technology - Electrical Engineering Tech Concentration (BSEET)

Program Information

BS Degree - Code 6333 - Catalog 2010/2011

Ronald Eaglin, Chair, Engineering Technology, 386-506-4176, eaglinr@daytonastate.edu

Stanley Sidor, Associate Vice President, 386-506-4163, sidors@daytonastate.edu

Program Description

The Electrical Engineering Technology (BSEET) concentration of the BSET degree prepares graduates for technical positions in the expanding fields of electrical, digital, computers and microprocessors. The primary objective is to provide a broad foundation of theoretical and practical knowledge in the areas of electrical and electronics circuits, digital circuits, computers, power systems, programmable logic controllers, microprocessors, and control systems.

The Electrical Engineering Technology (BSEET) Program uses a 2 + 2 model requiring the completion of an associates degree for entry into the program. The degree components are below.

The Bachelor of Science in Engineering Technology programs are awaiting approval from the Southern Association of Colleges and Schools (SACS).

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

1. Applicants for the BSEET program must have earned an Associate of Science (AS), an Associate of Applied Science (AAS), or an Associate of Arts (AA) degree with an overall grade point average of 2.5.

2. Students with a grade point average of between 2.0 and 2.49 may be admitted conditionally. AA graduates may be admitted to the program with the approval of the Chair of the BSEET program. Those with AA degrees who have completed all core general education courses will be required to complete a total of 18 credits in appropriate technical prerequisite courses. AS/AAS graduates must complete additional core general education courses.

3. Typically students from AS or AAS degree programs transfer 15 credits of General Education Core. AA graduates will typically transfer the total 36 general education core requirements into the BS program. A.A. graduates will also require 18 hours of lower division credit in an occupational/technical area, e.g. Architectural Design/Construction Technology, Automotive Service Management Technology, Computer Integrated Manufacturer, Construction Electricity Management, Industrial Management Technology, and Telecommuications Engineering Technology.

4. General Education Core - The state mandated 36 hours of general education [Communications - 9 sch; Mathematics - 6 sch; Sciences - 6 sch; Humanities, Cultural & Aesthetic - 3 sch; Behavioral and Social Sciences - 3 sch; Health & Wellness - 3 sch; Political, Economic & Business - 3 sch; Historical and Global - 3 sch.]

5. Applicants who have not earned an associate degree may be admitted to the BSEET program if they have earned at least 60 BSET, BSEET or Engineering (EE, ME, etc..) transferrable credits with a grade of C or better in all core general education courses. Applicants in this category must otherwise meet all other requirements for admission which will be granted by approval of the Chair.

6. Students must have completed two years of the same foreign language in high school or two semesters of the same college level foreign language to graduate.

7. Students must submit a separate application for admissions to the upper two years of this program.

Careers

Some associated careers are: systems engineer, process analyst, technical sales engineer, project engineer, and calibration engineer. The electrical engineering technology concentration prepares graduates for technical positions in the expanding fields of electrical engineering, computers and microprocessors, photonics and lasers.

The bureau of labor statistics reported in 2008 that the annual salary for the middle 50% of engineering technicians was between $ 41,000 and $ 64,000.

Business Administration

Program Description

The program provieds a solid foundation in business administration principles and the basic techniques and skill for efficient and effective management of businesses. Graduates learn marketing, finance, accounting, management, human relations, business law, and entreprenerial skills.

Graduates of this program are eligible to be enrolled in Daytona State College, Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4BAS or email BASinfo@daytonastate.edu for details.

Note: This program is eligible for federal financial aid and state bright futures.

Cable Installation

Program Description

The certificate program provides students with the knowledge and skills necessary to install, and test cable. This program is designed to prepare students for employment as a cable installer, cable tester, cable technician, or to provide supplemental training to persons previously or currently employed in these occupations. More specifically, students will be able to use the various types of precision test equipment found in general use throughout the electronics industry for the purpose of analyzing, troubleshooting and repairing electronic circuitry.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Class Materials Fees: $20 for each program specific EET course; $20 for CGS material fee. See course descriptions.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

All of these courses count towards either the AS degree in Computer Engineering Technology, Computer Information Technology, Computer Programming and Analysis, Electronics Engineering Technology, and Networking Services Technology.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Child Care Center Management Specialization

Program Information

A.S. Certificate - Code 0809 - Catalog 2010/2011

Catherine Twyman, Interim Assistant Chair, cat1t@aol.com

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

03/30/2010 M - 46.

Program Description

This program prepares students to function in the role of Child Care Administrator or Director. Students obtain the skills and knowledge to administer a quality child care facility with emphasis on staff supervision and financial management. This certificate program meets the requirements for the Advanced Level of the Florida Director's Credential. All the required courses in this certificate program can be applied toward the AS Degree in Early Childhood Education.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

FDLE Background Check - $24

Additional Admission Requirements

- In addition to the required courses, students will be required to have a current approved certificate in first aid and infant/child CPR, a current CDA certificate or an equivalent CDA certificate, and the mandated DCF child care training hours.

- It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Computer Engineering Technology

Program Information

A.S. Degree - Code 2013 - Catalog 2010/2011

Anindya Paul, Chair, 386-506-3324, paula@daytonastate.edu

Lawrence Pivec, Assistant Chair, , pivecl@daytonastate.edu

Linda Sullivan, 386-506-3087, sullivi@daytonastate.edu

Program Description

The program provides a solid foundation in the installation, maintenance, and repair of computer systems, computer networks, robotics and simulation technology. The program provides a general electronics background and prepares students to pass the A+ Certification Examination. Selection of advanced electives allows students to specialize in networking, simulator technician or robotics options.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Consult college bookstore for approximate costs of textbooks. Consult college catalog for lab fees. Other costs include a scientific calculator, computer repair tool kit (approx. $20), and soldering kit (approx. $20).

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, math, or reading course depending upon College Placement Test scores.

Computer Engineering Technology Cisco (CCNA)

Program Information

A.S. Certificate - Code 0922 - Catalog 2010/2011

Anindya Paul, Chair, 386-506-3324, paula@daytonastate.edu

Lawrence Pivec, Assistant Chair, , pivecl@daytonastate.edu

Linda Sullivan, 386-506-3087, sullivi@daytonastate.edu

03/31/2010 M - 46

Program Description

Program Description

The certificate program provides students with the knowledge and skills necessary to install, configure and maintain simple networks. Upon completion of this certificate, students may be employed as a Help-desk engineer and Field technician. This program prepares students to pass the Industry certification, Cisco Certified Network Associate (CCNA) exam. The overall benefits for preparing for such a certification is to increase the holder┤s professional credibility by ensuring high standards of technical expertise.

In particular, the CCNA certification indicates knowledge of networking for the Small-Office, Home-Office (SOHO) market and the ability to work in small businesses or organizations whose networks have fewer than 100 nodes. A CCNA certified individual can do the following: Install and configure Cisco switches and routers in multi-protocol internet-works using Local Area Network (LAN) and Wide Area Network (WAN) interfaces. Provide Level 1 troubleshooting service.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Class Materials Fees: $50 for each program specific CET course. See course descriptions.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

All of these courses count towards either the AS degree in Computer Engineering Technology, Computer Information Technology, Computer Programming and Analysis, Electronics Engineering Technology, and Networking Services Technology.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Computer Information Technology

Program Description

The Computer Information Administrator program provides students with the technical credentials needed for analyzing computer oriented operating procedures, software applications packages and hardware in order to devise efficient methods to manage a computer-based work environment. In addition, students will be able to develop new systems to meet projected needs, select and install information technology equipment, troubleshoot information technology equipment and manage and support information technology users. Selected courses prep for CompTIA A+, MCP and MOS certifications.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

Successful completers of CTS 2306 are eligible to take the test to become a Microsoft Certified Professional.

It may be necessary for the student to enroll in a college preparatory English, math, or reading course depending upon College Placement Test scores.

Computer Programming

Program Information

A.S. Certificate - Code 0938 - Catalog 2010/2011

Anindya Paul, Chair, 386-506-3324, paula@daytonastate.edu

Jameal Adkins, Assistant Chair, 386-506-3371, adkinsja@daytonastate.edu

Linda Sullivan, 386-506-3087, sullivi@daytonastate.edu

Program Description

The program provides a solid foundation in programming. Students develop skills enabling them to program C, C++, Visual Basic; as well as to design and develop software. All credits earned in this program are applicable to the AS degree in Computer Programming and Analysis. Selected courses prep for MCP, MCAD, MOS, and Sun Java certifications.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Successful completers of CEN 2304 are eligible to take the test to become a Microsoft Certified Professional.

Computer Specialist

Program Description

The certificate program in Computer Specialist provides the student a broad understanding of computer systems architecture, analysis and design of computer systems, technical and product skills, underlying principles of technology and safety.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

May vary from $20-$50 for each program specific courses.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Most of these courses count towards the AS degree in Computer Engineering Technology, and some courses could be applied towards AS degrees in Computer Information Technology, Electronics Engineering Technology, and Networking Services Technology.

Correctional Officer Recruit Training (Limited Access Program)

Program Information

Vocational Certificate - Code 1150/1050 - Catalog 2010/2011

Sheila Ellison, Assistant Chair, 386-506-3882, ellisos@daytonastate.edu

Louie Mercer, Director, 386-506-3171, mercerlo@daytonastate.edu

06/10/2010 M - 62.

Program Description

The program is designed for the student who intends to become a correctional officer. Students learn the tasks, duties and responsibilities of a correctional officer. Florida statute requires this certificate of completion for certification as a correctional officer.

Job title: Correctional Officer.

This program is certified by the Criminal Justice Standards and Training Commission, Florida Department of Law Enforcement.

Graduates of the program are eligible to take the Florida Department of Law Enforcement Examination for Correctional Certification/Employment.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Lab Fees $ 320.00

Physical Exam - $ 150 to $ 250

Textbooks/Equipment/Uniforms - $ 200.00

State Exam - $ 100

Additional Admission Requirements

- Complete a Criminal Justice Training Center Application for continuing enrollment.
- Completion of the Basic Abilities Test (CJBAT) and score a minimum of 75%.
- Completion of the test for Adult Basic Education (TABE) and score a minimum of 10.0 on each section. (This does not apply to Correctional Probation).
- Must attend the Criminal Justice Training Center Orientation.
- Satisfactory results of a Florida Department of Law Enforcement background check.
- Must be able to meet minimum standards for the Florida Department of Law Enforcement as set forth in Florida Statute 943.
- Be at least 19 years of age prior to graduation of program.
- Be a citizen of the United States.
- High School Diploma or GED.
- Not have been convicted of any felony, domestic violence or of a misdemeanor involving perjury or false statement.
- Any person who after July 1, 1981, pleads guilty or nolo-contendere to, or is found guilty of a felony or of a misdemeanor involving perjury or false statement shall not be eligible for employment or appointment as an officer, notwithstanding suspension of sentence or withholding of adjudication.
- Never have received a dishonorable discharge from any of the Armed Forces of the United States.
- Be of good moral character.
- Currently possess a valid Driver's License.
- Must be able to pass a physical examination by a licensed physician to include an EKG and drug screen.
- Students will be held accountable for the policy and procedures of the Criminal Justice Training Center Program as outlined in the CJTC student policy/rule book, as well as the college student handbook.
- Students will be required to wear uniforms.

Cosmetology

Program Description
The program provides the student with the technical knowledge and skills necessary for entry-level employment in the cosmetology field. The curriculum incorporates the industry's most advanced training and educational systems. Students learn state of the art techniques for cutting, styling, creative hair coloring, skin care treatment and much more. Specialized classroom activities include intensive studies of cosmetology law, ethics, cosmetic chemistry, hair styling, manicure/pedicure, salon management and other information related to the occupation. Skill and technical knowledge are acquired through planned, supervised lab activities. Students use hair mannequins to perform initial exercises and perform cosmetic services upon clients in the college salon.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Textbooks - $275.50 plus tax
Lab Fees - Refer to individual catalog descriptions for lab fee requirements

Students may purchase other supplies ranging in price from $350.00 to $450.00 depending on brand selection and items purchased.

Additional Admission Requirements
Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:
1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration
Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Careers
Hairdresser, fashion photo stylist, behind-the-scenes hair show stylist, platform artist, retail sales specialist, hair colorist, salon manager, or salon owner

Criminal Justice Bridge for Federal Law Enforcement Officers (Limited Access Program)

Program Information

A.S. Degree - Code 2239 - Catalog 2010/2011

Robert Doyle, Assistant Chair, 386-506-3089, doylebo@daytonastate.edu

Louie Mercer, Director - School of Emergency, 386-506-3171, mercerlo@daytonastate.edu

03/31/2010 M - 47.

Program Description

This program is a limited access Criminal Justice A.S. degree program that is specifically designed for certified Federal Law Enforcement officers who wish to obtain a two-year college degree in their field and may wish to continue their studies by entering Daytona State College's Bachelor of Applied Science (B.A.S.) degree in Supervision and Management.

Program participants must be currently trained, certified and working Federal Law Enforcement officers.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Students should contact the Criminal Justice Training Center for approximate costs of lab fees.

Additional Admission Requirements

Students must have previously completed a Federal Law Enforcement Academy and must be certified in Law Enforcement by the Federal Government.

Criminal Justice Technology Bridge (Limited Access Programs)

Program Information
A.S. Degree - Code 2039 - Catalog 2010/2011
Robert Doyle, Assistant Chair, 386-506-3089, doylebo@daytonastate.edu
Louie Mercer, Director, 386-506-3171, mercerlo@daytonastate.edu

03/31/2010 M - 47.

Program Description
The Criminal Justice Training Center offers an associate of science degree bridge program that allows law enforcement and correctional officers who have been certified in compliance with the Criminal Justice Standards and Training Commission, to transfer vocational credits earned in their academy to college credit. The program will prepare officers for promotion to a supervisory capacity and meets the qualifications for salary incentives. Non certified individuals may also be eligible for enrollment in the program if their intention is to become state certified at a later date.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Students should contact the Criminal Justice Training Center for approximate costs of lab fees and textbooks.

Culinary Management

Program Description

This program provides students with the necessary food service skills and culinary skills for an entry-level position as a restaurant cook, chef (restaurants, hotels, clubs, large industrial kitchens) or a food service manager. The curriculum is designed to give the student a solid foundation of cooking skills. Students also are taught sanitation and safety, basic nutrition, supervision of personnel, purchasing, food and beverage service and cost control. With this base, graduates should be successful in any environment that requires basic or advanced knowledge of food preparation and handling.

Graduates of this program are eligible to enroll in Daytona State's Bachelor of Applied Science in Supervision and Management Program. Call (386) 506-4BAS or e-mail BASinfo@DaytonaState.edu for details.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees charged for each Food Production Course for food costs - $150

Uniforms - $125 (approximately)

Professional Cutlery - $221

Careers

Restaurant Cook, Chef, Food Service Manager, Baker. Work in the industry in restaurants, hotels, country clubs, resorts, industrial kitchens.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Notes

1. Co-Req Course FOS1201

2. Pre-Res Course FSS1202

3. Advanced Class must have completed FSS1222 prior to registering for this course

4. Advanced Class must have completed FSS 1222 or obtain approval from Department Chair

5. Student should complete and pass MAT1033 prior to registering for this class

6. MAT 1033 fulfills general education requirements for AAS degree programs only.

Culinary Operations - Baking and Pastry Specialization

Program Information

Vocational Certificate - Code 1034 - Catalog 2010/2011

Rick Florsheim, Chair, 386-506-3254, florshr@daytonastate.edu

Lisa Allen, Program Advisor, 386-506-3946, allenl@daytonastate.edu

Program Description

This program will prepare students for employment in the retail and wholesale bakery segment of the food service industry. This program is designed to teach students specific skills in the techniques and methods of planning, and production of baked goods. Students will learn industry standards of quality and quantity. An additional bonus for students in the Culinary AAS program if they choose to complete the Baking & Pastry Certificate is the increased marketability of their skill set.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees per course for Food Costs - $150

Uniform - Approximately $125

Professional Cutlery/Pastry Set - $221

Additional Admission Requirements

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:

1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration

Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Careers

Baker, Pastry Chef, Wedding Cake Specialist, Retail or Wholesale Bakeshop Manager.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Dental Assisting (Limited Access Program)

Program Information

Vocational Certificate - Code 1148/1048 - Catalog 2010/2011
Mary Pietras, Assistant Chair, 386-506-3758, pietram@daytonastate.edu
Pamela Ridilla, Chairperson, 386-785-2093, ridillp@daytonastate.edu

Program Description

This program teaches students to pass and receive dental instruments; expose, process, and mount dental radiographs; provide oral health care instructions; mix various dental materials; maintain patient clinical records and order supplies; manage recare maintenance systems; prepare instruments for sterilization; and acquire knowledge of infection control practices. Dental assistants are professional members of the dental health team who can perform minor laboratory and basic business office procedures.

Upon completion of the program, students are eligible to take the Dental Assisting National Board examination to obtain certification as a Certified Dental Assistant (CDA).

The Dental Assisting Program is accredited by the American Dental Association's Commission on Dental Accreditation, a specialized accrediting body recognized by the United States Department of Education. The Commission can be contacted at (312)440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Textbooks - $635
Lab Fees (including liability insurance) - $290
Uniforms, Lab Supplies, and Tooth Model - $500
American Dental Assistants Association Student Membership - $25
Graduation Fee - $25
Dental Assisting National Board Examination - $300
Health Screening and Immunizations (depends on applicant's health care provider) - $250
Basic Life Support Certification - $50
Florida Department of Law Enforcement/Federal Bureau of Investigation Background Check - $90

Additional Admission Requirements

*This is a Limited Access Program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the two required courses listed below.
*High school diploma or equivalent (GED).
*Score on the placement test for vocational certification programs (TABE) indicating reading, language, and math skills at a 10th grade level or higher.
*Completion of the following courses with a grade of "C" or better is required before submitting an application for continuing enrollment: DEA 0000 Introduction to Dental Assisting (online course offered during Spring and Summer A semesters only) and SLS 1122 Dynamics of Student Success. Also, completion of a minimum of eight (8) observation hours in a dental facility is required before submitting an application for continuing enrollment.
*Cumulative grade point average of 2.0 or better to apply for continuing enrollment.
*Recommend taking a course in basic computer skills, medical terminology, as well as general biology or anatomy and physiology before entering the program (if these courses were not taken previously in high school).
*Submit completed School of Dental Sciences application for continuing enrollment to the Academic Advisor in the College of Health, Human, and Public Services.
*Students are approved for continuing enrollment based on specific admission criteria.
*Completion of health screening to include: recent physical examination; verification of immunization against tetanus-diphtheria, measles, mumps, rubella, and Hepatitis B; and negative test for tuberculosis is required prior to enrolling in program specific courses.
*Basic Life Support (BLS) certification for the Health Care Provider to include adults, infant, children, and automatic external defibrillator (AED); through the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.
*Admission into the program will be contingent on the satisfactory completion of both a drug screen and background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI). This must be completed prior to the first day of program specific classes.
*All program general education and dental assisting courses must be completed with a grade of "C" or better.
*OST 1330 Business English is an acceptable prerequisite course for SPC 2608 Oral Communication/Research/Presentation Skills and INP 1390 Human Relations in the Workplace for this program.
*Students will be held accountable for the policy and procedures of the dental assisting program as outlined in the Dental Assisting Student Policy Handbook as well as the College Student Handbook.

Dental Hygiene (Limited Access Program)

Program Information
A.S. Degree - Code 2136/2036 - Catalog 2010/2011
Claire Peterson, Assistant Chair, 386-785-2068
Pamela Ridilla, Chairperson, 386-785-2093, ridillp@daytonastate.edu

Program Description
Students are taught to remove deposits from tooth surfaces; provide methods of oral physiotherapy; expose, process, mount, and interpret dental radiographs; provide oral health education as well as acquire knowledge in methods of infection control practices. Dental hygienists are licensed professionals, who under the supervision of a licensed dentist, provide oral health care services and treatment in dental offices and public health facilities.

During the last semester of this program, students are eligible to take the National Board Dental Hygiene Examination. Upon successfully passing the National Board Dental Hygiene Examination and graduating from the program, graduates are eligible to take state/regional licensure examinations.

The Dental Hygiene Program is accedited by the American Dental Association's Commission on Dental Accreditation, a specialized accrediting body recognized by the United States Department of Education. The Commission can be contacted at (312)440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Textbooks - $1075
Lab Fees (including liability insurance) - $655
Uniforms and Supplies - $342
Instrument Kits, Clinical Supplies, and Tooth Model - $2125
American Dental Hygienists' Association Student Membership - $156
National Board Dental Hygiene Review Course - $400
National Board Dental Hygiene Examination - $300
Graduation Fee - $25
Class Pin and Composite Picture - $100
Florida Dental Hygiene Licensure Board Examination - $1000
Health Screening and Immunizations (depends on applicant's health care provider) - $250
Basic Life Support Certification - $50
Florida Department of Law Enforcement Background Check - $25

Additional Admission Requirements
*This is a Limited Access Program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the required General Education courses.
*Completion of the following courses with a grade of "C" or better is required before submitting an application for continuing enrollment: ENC 1101 College Composition; MAC 1105 College Algebra; BSC 1085/1085L Human Anatomy and Physiology I and Lab; BSC 1086/1086L Human Anatomy and Physiology II and Lab; and CHM 1025/1025L Introduction to Chemistry and Lab.
*Cumulative grade point average of 2.0 or better to apply for continuing enrollment.
*Applicants for continuing enrollment who have graduated within a three-year time frame from an accredited (Commission on Dental Accreditation) dental assisting program may receive credit for: DEH 1133 Orofacial Anatomy and Physiology; DES 1100/1100L Elements of Dental Materials and Lab; DES 1200/1200L Dental Radiology and Lab; DES 1840 Preventive Dentistry; and DES 2832L Expanded Functions for the Dental Hygienist. Transfer of credit for these courses will be at the discretion of the Chairperson.
*Submit completed School of Dental Sciences application for continuing enrollment to the Academic Advisor in the College of Health,

Human, and Public Services between May 1st and May 31st.

*Students are approved for continuing enrollment based on specific admission criteria.

*Completion of health screening to include: recent physical examination; verification of immunization against tetanus-diphtheria, measles, mumps, rubella and Hepatitis B; and negative test for tuberculosis is required prior to enrolling in program specific courses.

*Basic Life Support (BLS) certification for the Health Care Provider to include adults, infant, children, and automatic external defibrillator (AED); through the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.

*Florida Department of Law Enforcement (FDLE) background checks must be completed prior to the first day of program specific classes. Final program acceptance is contingent upon satisfactory results of the FDLE screening.

*All program general education and dental hygiene courses must be completed with a grade of "C" or better.

*Students will be held accountable for the policy and procedures of the dental hygiene program as outlined in the Dental Hygiene Student Policy Handbook as well as the College Student Handbook.

Note: Sequence of courses may vary. Check catalog course descriptions for requisite requirements.

<u>Notes</u>

1. Students who choose the BSC 1085/1086 option to fulfill the biological sciences core requirements can use remaining credits to fulfill elective hours as appropriate. Both courses must be successfully completed to satisfy the biological sciences core requirements.

2. DEH 2602 meets the graduation requirement for the basic use of computers for this program.

3. See list of accepted courses listed under General Education Courses.

Drafting and Design Technology

Program Information

A.S. Certificate - Code 0929 - Catalog 2010/2011

Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu

Sylvia Zuelch, Admin. Specialist, 386-506-4165, zuelchs@daytonastate.edu

Program Description

The program provides entry-level skills in Drafting and Design Technology for engineering, manufacturing and related disciplines. Instruction covers the various aspects of engineering drawing with specific instruction in 2D and 3D computer aided drafting. Solid modeling is also included to provide specific design and drawing techniques for manufacturing. With the inclusion of general education courses, this certificate can be directly applied towards the Associate of Applied Science degree in Drafting and Design Technology (CAD).

Note: This program is eligible for federal financial aid and state bright futures.

Drafting and Design Technology (CAD)

Program Description

The program provides a foundation in the principles of engineering drawing with an emphasis on manufacturing, computer aided drafting (CAD) and 3D computer modeling. Along with a background in engineering drawing, students are provided with specialized courses in computer numerical control (CNC), tool design, solid modeling and 3D computer animation.

Note: This program is eligible for federal financial aid and state bright futures.

Early Childhood Education Apprentice

Program Information

Apprenticeship - Code 1020 - Catalog 2010/2011

Glenda Kelley, Adjunct Faculty,, 386-506-3113, gkell@cfl.rr.com

Patricia Dyke, Coordinator,, 386-506-4189, dykep@daytonastate.edu

07/12/2010 M - 64.

Program Description

The Early Childhood Education Apprenticeship Program is a state subsidized, two-year program. We strive to improve the quality of childcare in America by giving childcare workers extensive classroom and on-the-job training (OJT). During the program's six semesters students will study first aid, CPR for young children, curriculum for developmentally appropriate activities for young children, 10-hour modules for special needs children, curriculum for infant and toddler, and curriculum for the after school care for school-age children. Students will have the opportunity to do hands-on activities to use with young children at their childcare centers. This program meets Child & Family Services licensing standards of a CDA Equivalency.

In most cases, a great deal of financial resources and energy are required to prepare for your career, but in a registered apprenticeship program, you are paid a progressively increased wage while you learn the occupation. This program is an aggressive step toward addressing what has become one of the most urgent needs of America's working families-quality child care and good wages for child care workers. Books are loaned to the apprentices each semester. Apprentices are required to work a total of 4,000 hours of OJT and 400 class hours for successful completion of the program. Classes are held at Daytona State College's Daytona Campus, at the West Campus in Deland, and South Campus in New Smyrna when there is significant interest.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements

THE ENTRY QUALIFICATIONS SHALL INCLUDE:

Potential apprentices must be 18 years of age or older and employed at child care center

Volusia County Child Care Apprenticeship GNJ Committee must select first-year apprentices, before beginning the program

High school diploma or GED equivalency is required for admission into the program

High school transcripts required. GED grades report required when applicable

Must be employed in a Child Care Facility or Family Child Care Home

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:

Students who have been selected by the committee must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.

Students will be registered for apprenticeship classes and on-the-job training through the appropriate apprenticeship committee.

Careers

Child Development Specialist

Child Care Associate

Child Care Teacher

Child Care Worker

GENERAL INFORMATION

Apprenticeship Programs are:

SKILLED BASED/APPLIED LEARNING CONSISTING OF:

Class Related Instruction
Usually 6 Hours per Week

On-the-Job Training (OJT)
Full-time Employment in Field

Approved by Florida Department of Education,
Apprenticeship Office of Workforce Education

JOURNEYMAN CERTIFICATE

Awarded by Apprenticeship Office of Workforce Education,
Florida Department of Education on Successful Completion of Program

GRADUATES:

Graduates are prepared to work as head teachers of pre-school classes, or assistants/paraprofessionals in the public school system. You will learn to make lesson plans, supervise children and be responsible for a class. Graduates are awarded certificates from Daytona State College (Early Childhood Education Apprentice) and the Florida Department of Education, Apprenticeship Office of Workforce Education. Upon completion of the program, graduates can apply their credits (17.0 semester hours) toward an associate of science degree in Early Childhood Education.

Early Childhood Education Associate Degree

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

04/08/2010 M - 57.

Program Description

The program prepares students to work as child development center teachers, child development center curriculum coordinators, infant-toddler teachers, preschool teachers, child development center managers, or to provide supplementary training for persons previously or currently employed in these occupations. The program includes a core of courses which must be completed by all students and an area of specialization. The areas of specialization are Preschool (ages three to five), Infant/Toddler and Child Development Center Management. Activities and courses will reflect the student's area of specialization. A pre-admission consultation with the assistant chair is strongly recommended.

Select courses in this program meet the educational requirements for the CDA credential and the Director's Credential. Contact the assistant chair for further information.

Note: In addition to the required courses, students will be required to have a current approved certificate in first aid and infant child and adult CPR. This certificate must be earned in the semester prior to graduation.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

FDLE Background Screening $24

Additional Admission Requirements

-Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.

-Program specific courses and general education courses must be completed with a grade 'C' or better.

Electrical Apprentice - Non-Union

Program Information
Apprenticeship - Code 1071 - Catalog 2010/2011
Billy Wiggins, Adjunct Faculty, 386-255-0742, billywigginssr@economyelectricco.com
Patricia Dyke, Coordinator, 386-506-4189, dykep@daytonastate.edu

Program Description
The Mid-Florida Electrical Non-union Apprenticeship, GNJ Program is a state subsidized, four-year program. Apprentices in the electrical construction trade will be taught principles of electricity and magnetism, wiring, installation methods, community first aid, safety issues, electric motor theory and control. Apprentices receive extensive classroom and on-the-job training (OJT).

In most cases, a great deal of financial resources and energy are required to prepare for your career, but in a registered apprenticeship program, you are paid a progressively increased wage while you learn the occupation. The curriculum provides knowledge and skills training in all aspects of electrical construction work in the residential, commercial, and industrial markets. Apprentices are required to work a total of 8,000 hours of OJT and 792 class hours for successful completion of the program. Classes are held at The Advanced Technology Center, 1770 Technology Boulevard, Daytona Beach, FL 32124 and OJT is scheduled at various places of employment.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements
THE ENTRY QUALIFICATIONS SHALL INCLUDE:
1. Potential apprentices must be 18 years of age or older at the time the application is completed at Mid-Florida Non-union Electrical Apprenticeship, GNJ, 2407 Bellevue Avenue Extension, Daytona Beach, FL 32114. Billy Wiggins, Sr. 386-255-0742, bwseconomy@bellsouth.net or midflgnj@cfl.rr.com.
2. Mid-Florida Non-union Electrical Apprenticeship and Training Committee must select first-year apprentices, before beginning the program. There web site is www.midfl-electricalgnj.com .
3. High school diploma or GED equivalency is required for admission into the program.
4. Valid driver's license.
5. Physically able to perform duties of trade.
6. Take a drug test prior to employment.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:
1. Students who have been selected by the committee must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.
2. Students will be registered for apprenticeship classes and on-the-job training through the appropriate apprenticeship committee.

Careers
General foremen, project managers, estimators, safety specialists, training director or instructor, construction, electronics, journeyman electrician

Apprenticeship - Code 1072 - Catalog 2010/2011

Carl Jarvis, Adjunct Faculty, 386-322-6236, scottdbjatc@aol.com

Patricia Dyke, Coordinator, 386-506-4189, dykep@daytonastate.edu

Program Description

The Daytona Beach Electrical Union Apprenticeship, JATC Program (Don Morgan Electrical Academy) is a state subsidized, four-year program. A journeyman of the electrical construction trade would be expected to be capable of planning and initiating projects. A graduate can become a manager, dispatcher, estimator, safety specialist, marketing manager, business manager, training director, instructor and many more! Apprentices receive extensive classroom and on-the-job training (OJT).

In most cases, a great deal of financial resources and energy are required to prepare for your career, but in a registered apprenticeship program, you are paid a progressively increased wage while you learn the occupation.

The curriculum provides knowledge and skills training in all aspects of electrical construction work in the residential, commercial, and industrial markets. Apprentices are required to work a total of 8,000 hours of OJT and 990 class hours for successful completion of the program. Classes are held at The Advanced Technology Center, 1770 Technology Boulevard, Daytona Beach, FL 32124 and OJT is scheduled at various places of employment.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements

THE ENTRY QUALIFICATIONS SHALL INCLUDE:

1. Potential apprentices must be 18 years of age or older at the time the application is completed at Don Morgan Electrical Academy (Electrical Union Apprenticeship, JATC) office, 790 Commonwealth Boulevard, Port Orange, FL 32127

2. Don Morgan Electrical Academy (Electrical Union Apprenticeship, JATC) Committee must select first-year apprentices, before beginning the program.

3. High school diploma or GED equivalency is required for admission into the program. To be determined by Committee.

4. High school transcripts required. GED grades report required when applicable.

5. Valid driver's license.

6. Physically able to perform duties of trade.

7. One credit of high school algebra.

8. Take the industry's validated aptitude test.

9. Take a drug test prior to employment.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:

1. Students who have been selected by the committee must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.

2. Students will be registered for apprenticeship classes and on-the-job training through the appropriate apprenticeship committee.

Emergency Medical Services (Limited Access Program)

Program Information

A.A.S. Degree - Code 3106/3506 - Catalog 2010/2011
Patricia Maher, Assistant Chair of EMS, 386-506-3714
Elizabeth Rafferty, Senior Staff Assistant, 386-506-3249, raffere@daytonastate.edu

Program Description

Program Description The program prepares the student for state certification as an Emergency Medical Technician and Paramedic. The Paramedic delivers pre-hospital life support care and transportation necessary for accident and emergency illness victims. Instruction covers IV therapy, advanced cardiac life support, advanced care skills for patients in shock, telemetry and communications. Graduates are qualified to work as basic EMTs or advanced care paramedics on ambulances, in hospital emergency rooms, intensive care units and emergency helicopter transport agencies, and they may also qualify for management positions. Credits earned in the EMT and Paramedic certificate programs will be counted toward completion of this degree. Completers of this degree program are eligible for state certification as an EMT and subsequently for state certification as a paramedic. Please Note: This program is eligible for federal and state financial aid.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Graduation Fee $ 25.00

Additional Admission Requirements

Acceptable score on the TABE or CPT examinations.
Attendance at EMS Department Orientation Session, Session dates are announced by the EMS Department.
Submit completed application to the EMS Department prior to the designated deadline.
Completion of heallth screening to include: recent physical examination; verfication of immunization against tetnus, measles, mumps rubella and Hepattis "B" and negative test for tuberculosis.
Satisfactory results of a Florida Department of Law Enforcement background check.
If there are more qualified applified applicants than space allows, students will be admitted on the basis of date and time completed applications were received by the EMS Department.
Students will be held accountable for the policy and procedures of the EMS Program as outlines in the EMS student policy handbook.
Program corequsites must be completed successfully prior to enrolling in subsequent paramedic program sections.

Careers

Paramedic/EMT Graduates have been employed at the local public safety agencies, theme parks and local hospitals.

Emergency Medical Technician (Limited Access Program)

Program Information

Applied Tech. Diploma - Code 1960/0960 - Catalog 2010/2011
Patricia Maher, Director, 386-506-3714
Elizabeth Rafferty, Senior Staff Assistant, 386-506-3249, raffere@daytonastate.edu

Program Description

The program teaches students the basic skills and techniques of pre-hospital emergency medical care. The course emphasizes developing skills in recognizing the symptoms of illness and injuries, and the application and proper procedures essential in delivering basic life support to the sick and injured. The program is designed to prepare students for state certification in emergency care; however, it also is open for students who wish to take it for personal development. Training includes 60 hours of clinical experience with pre-hospital care agencies and a hospital emergency room. Graduates are qualified to work as basic care providers in emergency medical systems, hospitals, and industrial medicine. Job title: Emergency Medical Technician.

This certificate serves as a prerequisite to the Paramedic certificate program. Credits earned in this program may be counted in the Emergency Medical Services degree.

Please Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Lab Fees - Approximately $125.00
Textbooks/ Equipment- $175.00
Uniforms-$200.00
FDLE Background Check -$ 24.00
State Application -$ 75.00
The approximate cost for the whole program with tuition, books and uniforms would be about $ 1500.00

Additional Admission Requirements

All students must obtain an application from the EMS Program at the Daytona Campus Building 320-022, application must be completed and submitted to the EMS Program prior to the stated deadline.
Acceptable score on the TABE or CPT examinations.
Attendance at the EMS Orientation Session is Mandatory - Date and time will be announced by the EMS Program.

Careers

EMT Graduates have been employed at the local public safety agencies, theme park and local hospital.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Notes

Please contact Beth Rafferty 386-506-3249 if you have any questions about Emergency Medical Technician.

1 Courses must be taken together in the same semester.

Fire Fighter (Limited Access Program)

Program Information

Vocational Certificate - Code 1156/1056 - Catalog 2010/2011

Frank Ennist, Assistant Chair, 386-506-3213, ennistf@daytonastate.edu

Teresa Campbell, Senior Staff Assistant, 386-506-3693, campbet@daytonastate.edu

Program Description

This program prepares students with the fundamental knowledge and skills necessary to safely and dependably perform fire-rescue duties during emergency and non-emergency response situations. Students learn the tasks, duties, and responsibilities of a firefighter in accordance with NFPA Standard 1001 and Florida State Statute 633. This program is a contiguous program, in which Firefighter I and Firefighter II are offered in a series. Students desiring to obtain a State of Florida Certificate of Compliance (Firefighter II) must successfully complete the series (398 contiguous hours). They may then participate in the written and practical examinations administered by the state. This certification is required for employment as a firefighter. Job titles: Volunteer Firefighter, Career Firefighter.

The Fire Fighter II program is certified through the Florida State Fire College.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Lab fee - $275.00 per course

Uniforms, books, and supplies - $300.00

Personal Protective Equipment/bunker gear rental - $650.00

Physical examination - $100.00

State fingerprint fee - $90.00

Daytona State College graduation fee - $10.00

Additional Admission Requirements

Must apply for admission to Daytona State College.

Must take TABE - students need one attempt of test (minimum of 8.0 in each of the three sections) to enter the course and must have 10.0 in each section before completion of the course.

Must complete fire academy application for continuing enrollment - available in Fire Science Department office in June for Fall class and in October for Spring class.

Must have physical examination - includes 12-lead EKG and vision/hearing screening.

Must be 18 years of age before completion of the course.

Must have a standard high school diploma or a GED.

Must not currently be on probation.

Must have no felony convictions.

Must successfully complete a state-mandated criminal background check.

Must complete a physical skills assessment (Agility Test) prior to acceptance into the course.

Must complete the Fire Academy Orientation.

Must order classroom uniforms.

Must rent firefighter bunker gear.

Must purchase textbooks and classroom supplies/materials.

Must register for the course and pay tuition and lab fees.

Must follow the rules and regulations outlined in the course Student Handbook, as well as those of the College Student Handbook.

Must not have used tobacco products (cigarettes, snuff, chewing tobacco, etc.) for one year prior to employment at a fire service agency.

Fire Science Technology

Program Information

A.S. Degree - Code 2056 - Catalog 2010/2011
Frank Ennist, Assistant Chair, 386-506-3213, ennistf@daytonastate.edu
Teresa Campbell, Senior Staff Assistant, 386-506-3693, campbet@daytonastate.edu

Program Description

This program is designated for students employed or those who desire employment in the fire service. Students take a balance of general education and fire science courses covering fire service organization, strategy and tactics, fire codes, and alarm and extinguishing systems. As certain classes are completed, students may apply to take state certification exams which may lead to advancement within the fire service.

The Fire Science Technology program is certified through the Florida State Fire College.

Note: This program is eligible for federal financial aid and state bright futures.

Health Information Management (Limited Access Program)

Program Information

A.A.S. Degree - Code 3109/3509 - Catalog 2010/2011
Nancy Thomas, Assistant Chair, 386-506-3748, thomasn@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

09/30/2010 M - 70.

Program Description

The program trains individuals to supervise many of the health information management department's daily functions; review records for consistency, completeness and accuracy; index and classify all diagnosis and operations on diseases for public health authorities; prepare studies for medical staff; and respond to authorized inquiries for insurance or legal purposes. Clinical experience will be provided in local health care facilities. Graduates are eligible to take the Registered Health Information Technician (RHIT) Examination. Successful candidates are awarded the RHIT credential. RHIT designation signifies a person is a qualified specialist in coding, assembling, analyzing, abstracting and maintaining health information. The Health Information Management program is accredited by the Commission on Accreditation for Health Informatics and Information Management (CAHIIM).
AHIMA/CAHIIM Offices
233 N. Michigan Avenue ‼ 21st Floor
Chicago, IL 60601

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Textbooks - $600
FDLE/FBI Background Screening - $90
Lab Fees (including liability insurance) - $165
Graduation Fee - $35

Additional Admission Requirements

-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-To be eligible for continuing enrollment, the student must qualify for ENC 1101 (College Composition) and MAT 1033 (Intermediate Algebra). This eligibility can be met through assessment results or course work.

-Completion of the following coures with a grade of 'C' or better is required for continuing enrollment approval: HSC 1531 (Medical Terminology).

-Submit completed application for continuing enrollment to the School of Health Careers and Human Services.

- Applications accepted anytime during the year.

- Selection is made once per year. Effective Fall 2010 applicants that have a 2.5 Cumulative GPA or higher will be given priority acceptance.

- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

-A pre-admission consultation with the assistant chair is recommended.

-All program specific courses and general education courses must be completed with a grade 'C' or better. Program specific courses must have been completed within one year and evaluated by the assistant chair. All other substitutions must be approved by the Assistant Chair.

Notes

1. MAT 1033 fulfills general education requirements for AAS degree programs only.

Hospitality Management (Event Planning Specialization)

Program Information

A.A.S. Degree - Code 3510 - Catalog 2010/2011

Rick Florsheim, Chair, 386-506-3254, florshr@daytonastate.edu

Lisa Allen, Program Advisor, 386-506-3946, allenl@daytonastate.edu

Program Description

This program is designed for those who plan careers in Hospitality Management in the area of Event Planning Management. The program contains a blend of general education courses, hospitality core classes and classes that specialize in the field of Event Planning Management. The program is designed to prepare the student for a career path in the Event Planning Industry.

Graduates of this program are eligible to enroll in Daytona State College's Bachelor of Applied Science in Supervision and Management Program. Call (386)506-4BAS or email BASinfo@DaytonaState.edu for details.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees charged per Food Production Course for food costs - $150

Uniforms - $125 (approximately)

Professional Cutlery - $221

Additional Admission Requirements

Note: It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course depending upon their College Placement Test scores.

Careers

Event Planner in own business, Hotel/Lodging Industry, Corporations, Country Clubs, Resorts

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Human Services (Addictions Specialization)

Program Description

Human Services program is designed as an umbrella program for the fields of psychology, mental health, addictions, social work, sociology and health care. The Program prepares students for employment in the field of human services. Students in the program integrate knowledge and practice skills through community and college service work, and professionally supervised CO-OPs in a wide variety of human service agencies and programs. The Human Services program is the Source Provider for the Florida Certification Board. Upon completion of the coursework, students are prepared to meet virtually all educational requirements for certification professionals. Associate degrees assist students to acquire additional skills that lead to a bachelor's degree. The CO-OP experience completed on campus or off campus in human services agencies provide students a unique opportunity to practice professional responsibilities through the Human Services Program, its Club, and the regional and national Organizations for Human Services.

Note: It is extremely important that students take coursework in a specific order. For that reason, new students need to schedule an interview with the assistant chair. Orientation is mandatory.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

-Attend mandatory program orientation

-Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class. Final program acceptance is contingent upon satisfactory results of the FDLE screening. Some exceptions may apply depending on externship facility placement.

-CO-OP faciliites may elect to do a more extensive background check in addition to the initial requirement.

-Minimum GPA of 2.0 required.

Human Services Assistant Specialization

Program Description

The purpose of this program is to prepare students with the knowledge and skills needed in criminal justice and rehabilitation fields. Students are prepared with entry level job skills to assist addiction specialists, substance abuse counselors and social practitioners. Credits earned in this certificate program may be applied toward the AS Degree in Human Services (Generalist and Addictions Specialization).

Note: Financial aid eligibility for this program is pending.

Approximate Additional Costs

FDLE Background Check - $24

Additional Admission Requirements

-Program Prerequisites (courses must be completed with a grade of 'C' or better): ENC 1101 (College Composition I) and MAT 1033 (Intermediate Algebra).

-Attend mandatory program orientation.

-Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class. Final program acceptance is contingent upon satisfactory results of the FDLE screening. Some exceptions may apply depending on externship facility placement.

-CO-OP agencies may elect to do a more extensive background check in addition to the initial requirement.

Industrial Management Technology

Program Description

The program is designed to provide graduates of certificate and apprenticeship programs additional technical and supervisory skills, while enhancing the basic general education skills necessary for placement in entry-level management positions. With the Industrial Management Technology program students can advance in their field and elevate their overall performance. This program will increase their technical knowledge and enhance their communication, computation and job skills. Students will learn to:

- Organize, control and update materials and tools inventories
- Analyze and interpret personnel organization charts
- Rough out job descriptions for specific positions
- Supervise production activities and ensure compliance with quality standards
- Manage and supervise production crews
- Prepare periodical production, schedule compliance and safety reports
- Implement and assess new management systems

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

- Students must have completed an appropriate apprenticeship or certificate program of 700 contact hours or equivalent with a GPA of 2.0 or better. Demonstrated work experience with supporting documentation equivalent to an apprenticeship or certificate may be acceptable. The certificate or apprenticeship program will be evaluated. If accepted, credit will be awarded as BCT 2990 (Technical Training) for 23 credit hours.

- A pre-admissions consultation with the Chairperson of School of Technological and Occupational Programs or Associate Vice President of College of Engineering Technology and Occupational Programs is required.

Careers

Team leaders, shift supervisors, crew managers, project managers, foremen and project directors

Infant Toddler Specialization

Program Information

A.S. Certificate - Code 0810 - Catalog 2010/2011

Catherine Twyman, Interim Assistant Chair, cat1t@aol.com

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

03/30/2010 M - 49₄

Program Description

This program prepares students with the skills and knowledge to care for infants and toddlers in a child care environment. All the required courses in this certificate program can be applied toward the AS Degree in Early Childhood Education.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

FDLE Background Check - $24

Additional Admission Requirements

- In addition to the required courses, students will be required to have a current approved certificate in first aid and infant/child CPR and the mandated DCF child care training hours.

- It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

03/30/2010 M - 49.

Program Description

The certificate program in Information Technology Administration provides the student a solid understanding of web based technology. The student develops proficiency with hardware and software installation, networked environment, development and use software tools and web programming language in building, maintaining and optimizing websites for personal and business use. The content prepares students to work in Internet, Intranet, and Extranet environments; installing and configuring Intranet and web based resources.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

Approximate Additional Costs may vary from $20-$50 for each program specific courses.

Additional Admission Requirements

Note: It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Most of these courses count towards the AS degree in Networking Services Technology, and some courses could be applied towards AS degrees in Computer Programming and Analysis, Computer Information Technology, Internet Services Technology, and Computer Engineering Technology.

03/30/2010 M - 49

Program Description

The certificate program in Information Technology Technician prepares the students to plan, install, configure, and monitor computer networks in a LAN/WAN environment. Students will be prepared to apply conceptual and theoretical knowledge to the workplace utilizing technical skills learned during the program.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

May vary from $20-$50 for each program specific courses.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Most of these courses count towards the AS degree in Networking Services Technology, and some courses could be applied towards AS degrees in Computer Information Technology, Computer Engineering Technology and Electronics Engineering Technology.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Interior Design Technology

Program Information

A.S. Degree - Code 2070 - Catalog 2010/2011
Bethany Creamer, Assistant Chair, 386-506-4158, creameb@daytonastate.edu
Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu
Sylvia Zuelch, 386-506-4165, zuelchs@daytonastate.edu

Program Description

The program provides a solid foundation in the principles and elements of design with an emphasis on interior projects, including furniture arrangements, historical styles, selecting furnishing, colors, materials, accessories, and estimating for window treatments, wallpaper, and flooring. Along with knowledge of the complex and diverse interior design profession, students are given comprehensive information in how to interpret client's wants, incorporate visual and oral presentation techniques, prepare a portfolio and learn computer aided drafting. The program also emphasizes building and barrier free design and commercial and residential space planning.

If an interior design student desires the advantages of licensure, the student must first complete the AS degree program in Interior Design Technology. Upon graduation, the student must work under a licensed architect or interior designer for four years to become eligible to sit for the NCIDQ (National Council for Interior Design Qualification) exam. Upon successful completion of this exam, the student is eligible to apply for licensure in the state of Florida as an interior designer. (Only licensed designers in the state of Florida may practice commercial interior design).

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

1. Individual Art and Presentation Supplies - approx. $500.
2. A lab fee is charged for certain courses - refer to individual course descriptions.

Program Description

The Internet Services Technology program provides students with the technical credentials needed for Internet-related careers in planning, building, maintaining and managing interactive Web sites. First, this program helps students learn the fundamentals of computers, operating systems, programming and graphic design. Then, this program directs students into the planning, building and managing of Web pages and sites. Finally, this program helps students learn the knowledge that is essential for the management of Web servers.

Note: This program is eligible for federal financial aid and state bright futures.

Kitchen and Bath Specialization

Program Information

A.S. Certificate - Code 0816 - Catalog 2010/2011

Bethany Creamer, Assistant Chair, 386-506-4158, creameb@daytonastate.edu

Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu

Sylvia Zuelch, 386-506-4165, zuelchs@daytonastate.edu

05/25/2010 M - 43

Program Description

The program provides a solid foundation in the principles and elements of kitchen and bath design with emphasis on selecting materials, color, equipment and finishes that are appropriate. Students are given information on how to interpret clients' wants, incorporate visual and oral presentation techniques, prepare a portfolio and learn computer aided-drafting. The program also emphasizes barrier free design and advanced space planning skills.

This certificate can be directly applied toward the Associate of Applied Science or the Associate of Science degree in Interior Design Technology, and the Associate of Applied Science in Architectural and Building Technology.

Note: Financial aid eligibility for this program is pending.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Kitchen designer, bath designer, salesperson for kitchen and bath showroom, drafting technician, CAD technician, industry representative, project manager, and design assistant to an architecture or interior design firm. Upon completion, students will be qualified for positions with "to-the-trade-only" fabric/furniture/flooring showrooms serving the interior design professionals.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Law Enforcement Recruit Training (Limited Access Program)

Program Description

The program is designed for the student who intends to become either a full-time or part-time police officer. Students learn the tasks, duties and responsibilities of law enforcement officers to prevent and detect crime and to enforce the criminal, non-criminal and traffic laws of the state. Florida statute requires this certificate of completion for certification as a law enforcement officer. Job Title: Police Officer.

This program is certified by the Criminal Justice Standards and Training Commission, Florida Department of Law Enforcement.

Graduates of the program are eligible to take the Florida Department of Law Enforcement examination for police officer certification/employment.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees - $ 570

Physical Exam - $ 150 to $ 250

Equipment/Uniforms - $ 400

State Exam - $ 100

Additional Admission Requirements

- Complete a Criminal Justice Training Center Application for continuing enrollment.

- Completion of the Basic Abilities Test (BAT) and score a minimum of 79%.

- Completion of the Test for Adult Basic Education (TABE) and score a minimum of 10.0 on each section.

- Must attend the Criminal Justice Training Center Orientation.

- Satisfactory results of a Florida Department of Law Enforcement background check.

- Must be able to meet minimum standards for the Florida Department of Law Enforcement as set forth in Florida Statute 943.

- Be at least 19 years of age prior to graduation of program.

- Be a citizen of the United States.

- High School Diploma or GED.

- Not have been convicted of any felony, or a misdemeanor involving perjury or false statement. Any person who after July 1, 1981, pleads guilty or nolo-contendere to, or is found guilty of a felony or of a misdemeanor involving perjury or false statement shall not be eligible for employment or appointment as an officer, notwithstanding suspension of sentence or withholding of adjudication.

- Never have received a dishonorable discharge from any of the Armed Forces of the United States.

- Be of good moral character.

- Currently possess a valid Driver's License.

- Must be able to pass a physical examination by a licensed physician to include an EKG and drug screen.

- Students will be required to wear uniforms.

- Students will be held accountable for the policy and procedures of the Criminal Justice Training Center program as outlined in the CJTC student policy/rule book, as well as the college student handbook.

Manufacturing Technology

Program Description

Graduates from the program will be able to pursue jobs in the manufacturing field such as machinist, engineer technician, programmers, operators, and design technicians and in quality control. Most of the courses in this program can be applied toward the associate of applied science degree in Drafting and Design Technology (CAD) and Industrial Management Technology.

Note: This program is eligible for federal financial aid and state bright futures.

Notes

1 MAT1033 fulfills the general education requirements for AAS degree programs only.

Massage Therapy (Limited Access Program)

Program Information

Vocational Certificate - Code 1124/1024 - Catalog 2010/2011

LaTassa Davis, Assistant Chair, 386-506-3185, simmonl@daytonastate.edu

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

05/05/2010 M - 58

Program Description

This program is designed to provide students with the knowledge and skills in Massage Therapy so they may be prepared to take the National Certification Examination for Therapeutic Massage and Bodywork. This is required for licensure in the state of Florida as well as several other states. Areas to be covered in the program are: Anatomy and Physiology, History of Massage, Hydrotherapy, Allied Modalities, Theory and Practicum, Florida Statutes, Professional Ethics, Pathology, Professional and Personal Development, Medical Errors and HIV/AIDS training. Students must obtain and provide proof of BLS training before graduation. Job Title: Massage Therapist.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees - $50

Textbooks - $400

Uniforms - $50

Laboratory Supplies - $25

Licensure Fees - $430

FDLE Background Screening $24

Graduation fee - $10

Additional Admission Requirements

-Attend mandatory program orientation.

-High school diploma or equivalent (GED).

-Must be 18 years of age or older.

-Scores on the placement test for vocational programs which indicate language, reading, and arithmetic ability at the 10th grade level or above.

-Submit completed application for continuing enrollment to the School of Health Careers and Human Services.

-Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class. Final program acceptance contingent upon satisfactory results of the FDLE screening.

-Selection for continuing enrollment is made once per year based on the date of the School of Health Careers and Human Services application. This is based on first come, first served.

-Program specific courses must be completed with a grade 'C' or better.

Medical Assisting (Limited Access Program)

Program Information

Vocational Certificate - Code 1123/1023 - Catalog 2010/2011
Tamara Mottler, Assistant Chair, 386-506-3215, mottlet@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

Program Description

The program prepares students to work in the multi-skilled field of medical assisting. Students are prepared to assist in all aspects of medical practice administratively and clinically under the supervision of a physician. Instruction covers terminology, anatomy and physiology, coding pharmacology, medical office laboratory procedures, diet and nutrition, and radiography. Clinical experiences will be provided in physician offices, ambulatory care centers and clinics. Job title: Medical Assistant.

The Medical Assisting Program Daytona Beach Campus is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Medical Assisting Educational Review Board (MAERB). Information may be obtained from CAAHEP, 1361 Park Street, Clearwater, FL 33756; (727) 210-2350 and AAMAE, 20 N. Wacker Dr., Ste. 1575,Chicago, IL 60606; (312) 899-1500.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees - $80
Textbooks - $175
Uniforms - $175
Laboratory Supplies - $60
Graduation Fee - $10
FDLE/FBI Background Screening - $90
Certification Exam Fee - $125

Additional Admission Requirements

-High School Diploma or equivalent (GED)

-Scores on the placement test for vocational programs which indicate language, reading, and arithmetic ability at the 10th grade level or better

-Submit completed application for continuing enrollment to the School of Health Careers and Human Services.

-Applications are accepted anytime during the year.

-Selection is made once per year based on cumulative GPA of at least 2.0 or better and completion of pre-requisite course with a grade of C or better.

-Effective Fall 2010, Introduction to Medical Assisting Fundamentals (MEA 0005) must be completed as a pre-requisite course.

-Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

-Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.

-Program specific courses must be completed with a grade 'C' or better.

Medical Information Coder Biller (Limited Access Program)

Program Description

This certificate program prepares students for entry-level employment as a medical coder/biller in ambulatory, physician office, and hospital outpatient settings. The Medical Information Coder/Biller is responsible for translating diagnostic and procedural narrative from the medical record into numeric codes. Credits earned in this certificate program may be applied toward the AAS degree in Health Information Management. Graduates are eligible to take applicable credentialing examinations.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees (including liability insurance) - $115

Textbooks - $500

Graduation Fee - $10

FDLE Background Screening - $24

Additional Admission Requirements

- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

- To be eligible for continuing enrollment, the student must qualify for ENC 1101 (College Composition) and MAT 1033 (Intermediate Algebra). This eligibility can be met through assessment results or course work.

- Completion of the following course with a grade of 'C' or better is required for continuing enrollment approval: HSC1531 (Medical Terminology).

- Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class for program specific classes. Final program acceptance is contingent upon satisfactory results of the FDLE screening.

- High School Diploma or equivalent GED.

- Submit completed application for continuing enrollment to the School of Health Careers and Human Services. Applications are accepted anytime during the year. Selections are made once per year. Effective Fall 2010, applicants with a Cumulative GPA of 2.5 or higher will be given priority acceptance.

- A physical examination is required prior to entering the clinical setting.

- All courses must be completed with a 'C' or better. Program specific courses must have been completed within one year and evaluated by the assistant chair. All other substitutions must be approved by the Assistant Chair.

Medical Record Transcribing

Program Information

Applied Tech. Diploma - Code 0920 - Catalog 2010/2011

Nancy Thomas, Assistant Chair, 386-506-3748, thomasn@daytonastate.edu

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

Program Description

The program provides a solid foundation in medical office procedures, as well as medical typing and transcription. Students learn a variety of business software and office equipment including transcribers. This certificate will articulate into the Office Administration (Medical Transcription Option) associate of applied science (AAS) degree. See the department chairperson for more information.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Textbooks - $200

Lab Fees - $40

Graduation Fee - $25

Additional Admission Requirements

-High School Diploma or equivalent (GED)

-Scores on the Daytona State placement test for college credit programs that indicate language and reading ability level at the English I level.

-All program specific courses and general education courses must be completed with a grade 'C' or better. Program specific courses must have been completed within one year and evaluated by the Assistant Chair. All other substitutions must be approved by the Assistant Chair.

Notes

1. Students who choose the BSC 1085/1086 option to fulfill the biological sciences core requirements can use remaining credits to fulfill elective hours as appropriate. Both courses must be successfully completed to satisfy the biological sciences core requirements.

Microcomputer Repairer/Installer

Program Information

A.S. Certificate - Code 0907 - Catalog 2010/2011
Anindya Paul, Chair, 386-506-4155, paula@daytonastate.edu
Lawrence Pivec, Assistant Chair, , pivecl@daytonastate.edu
Linda Sulllivan, 386-506-4154, sullivi@daytonastate.edu

Program Description

The certificate program in Microcomputer Repair/Installer provides the student a thorough understanding of the computer hardware and software and its interaction in a networked environment. The program provides a general electronics background, prepares student to pass A+ certification exams and user support skills.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

May vary from $20-$50 for each program specific courses.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Most of these courses count towards the AS degree in Computer Engineering Technology, and some courses could be applied towards AS degrees in Computer Information Technology, Electronics Engineering Technology and Networking Services Technology.

Note: Sequence of courses may vary. Check catalog course descriptions for requisite requirements.

Notes

1 Ensemble Electives - Students must enroll in an ensemble elective each semester for this program. See department chair for options.

Nails Specialty

Program Description

The Nails Speciality program meets the requirements of the Florida State Board of Cosmetology to prepare the student for state board examination in the area of nail technician. Students learn the theory of nails and practice the competencies of manicuring, pedicuring, nail wraps, polishing, and applying artificial nails. Florida law, rules and regulations, salon management, sanitation, safe and efficient work practice, communication, leadership, employability skills, and salon services are also taught.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Textbooks - $100 plus tax

Lab Fee - Refer to individual catalog description for lab fee requirement

Additional Admission Requirements

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:

1. Take the Test of Adult Basic Education (TABE) which measures reading, English and math skills, and achieve specified minimum scores.
2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration

Students admitted to this program who achieve the ability to benefit level on the College Placement Exam (CPT) can receive student financial aid if eligible.

Network Communications (LAN)

Program Information

A.S. Certificate - Code 0923 - Catalog 2010/2011

Anindya Paul, Chair, 386-506-3324, paula@daytonastate.edu

Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@daytonastate.edu

Linda Sullivan, 386-506-3087, sullivi@daytonastate.edu

Program Description

The certificate program provides students with the knowledge and skills of network support, telecommunications and field support. This program is designed to prepare students for employment as a network support technician, telecommunications technician, field support engineer, sub-system specialist, communications specialist, or to provide supplemental training to persons previously or currently employed in these occupations. Students will be prepared for the following industry certifications: CompTIA Network+ and CCNA.

The specialization content includes, but is not limited to, basic electronics skills, telephony cabling and network communications.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

Class Materials Fees: $20 for each program specific EET course. See course descriptions.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

All of these courses count towards either the AS degree in Computer Engineering Technology, Computer Information Technology, Computer Programming and Analysis, Electronics Engineering Technology, and Networking Services Technology.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

A.S. Certificate - Code 0924 - Catalog 2010/2011
Anindya Paul, Chair, 386-506-4155, paula@daytonastate.edu
Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@daytonastate.edu
Linda Sullivan, 386-506-4154, sullivi@daytonastate.edu

Program Description

The certificate program provides students with the knowledge and skills of WAN network support, network designing and field support for the WAN. This program is designed to prepare students for employment as a WAN support specialist, network designer, WAN technician, network support technician, field support engineer, or to provide supplemental training to persons previously or currently employed in these occupations.

The specialization content includes, but is not limited to, basic electronics skills, telephony cabling and network communications. Students will be prepared for the following industry certifications: CompTIA Network+ and CCNA and CCDA.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

Class Materials Fees: $20 for each program specific EET course. See course descriptions.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

All of these courses count towards either the AS degree in Computer Engineering Technology, Computer Information Technology, Computer Programming and Analysis, Electronics Engineering Technology, and Networking Services Technology.

Network System Developer

Program Information

A.S. Certificate - Code 0908 - Catalog 2010/2011

Anindya Paul, Chair, 386-506-3324, paula@daytonastate.edu

Lawrence Pivec, Assistant Chair, , pivecl@daytonastate.edu

Linda Sullivan, 386-506-3087, sullivi@daytonastate.edu

Program Description

The certificate program in Network System Developer is designed to provide a strong background of computer electronics and architecture along with a strong overview of computer networking. Students plan, install, configure, and monitor computer networks in a LAN/WAN environment. Students will be prepared to apply conceptual and theoretical knowledge to the workplace utilizing technical skills learned during the program.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

May vary from $20-$50 for each program specific courses.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Most of these courses count towards the AS degree in Computer Engineering Technology, and some courses could be applied towards AS degrees in Computer Information Technology, Electronics Engineering Technology, Networking Services Technology and Computer Programming and Analysis.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Networking Services Technology

Program Description

The Networking Services Technology program provides students with the technical credentials needed for IT (information technology) careers in computer network management, design, installation, maintenance and support. This program helps students learn the fundamentals of computer hardware, operating systems and network essentials. It shows students how to install, configure, maintain, troubleshoot and repair computers and networks. Students choose networking elective courses to further prepare to administer, configure, connect, plan, maintain, manage and secure complex local area and wide area networks. Depending upon network electives selected, the student can simultaneously complete industry certifications including Microsoft MCSA Certification, CompTIA A+, Network+, Linux+, Security+, Wireless Networking Certifications, and Cisco CCNA Certification.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Class Materials Fees: $50 for program specific courses. Refer to course descriptions in the current college catalog.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Nurse Aide and Orderly (Limited Access Program)

Program Information

Vocational Certificate - Code 1127/1027 - Catalog 2010/2011

Sheryl Gray, Assistant Chair, 386-506-3726, grays@daytonastate.edu

Linda Vought, Office Assistant, 386-506-3250, voughtl@daytonastate.edu

Karen DAmadio, Staff Assistant, 386-506-3069, damadik@daytonastate.edu

05/05/2010 M - 58

Program Description

The program is designed for the student seeking employment as a nurse's aide in a long-term care facility or adult living facility under the supervision of a licensed nurse. Clinical experience is provided at local long-term care facilities.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Lab Fees (including liability insurance) - $25

Textbook/Workbook Combo and Syllabus - $68

Uniform - $35

Laboratory Supplies - $60

Graduation Fee - $10

FDLE Background Screening - $24

NACEP Exam - $135 for resident residing in Fl longer than 5 years; $160 for those living in Fl less than 5 years

Additional Admission Requirements

-Score on the placement test for vocational programs which indicate language and reading must be at a 9th grade level and math ability at the 8th grade level.

-Submit completed application for continuing enrollment to the School of Nursing.

-Applications are accepted for continuing enrollment: May 1 - June 30 for the Fall program; September 1 to October 31 for the Spring program; January 1 to February 28 for the Summer program.

-Selection is based on cumulative GPA of at least 2.0 or better, High School diploma or GED and TABE score results.

The following items must be submitted/received prior to the first day of class:

-Completion of health screening to include: verification of immunization against tetanus, measles, mumps, rubella and Hepatitis 'B'; and negative test for tuberculosis.

-Satisfactory results of a Florida Department of Law Enforcement background check.

-Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross.

-Program specific courses must be completed with a grade 'C' or better.

Nursing (Associate Degree) (Limited Access Program)

Program Information
A.S. Degree - Code 2171/2071 - Catalog 2010/2011
Lillian Rosati, Assistant Chair, 386-506-3797
Linda Vought, Office Assistant, 386-506-3250, voughtl@daytonastate.edu
Rebecca Nichols, Admin. Spec., 386-506-3720, nicholr@daytonastate.edu

Program Description
The National League for Nursing Accrediting Commission accredited program is designed for the student seeking an associate of science degree in nursing. Healthcare employment opportunities are available in long-term care, home health, hospitals, and out patient settings. Clinical experience is provided at local extended care facilities, hospitals, and other community agencies. Job title: Registered Nurse. Graduates are eligible to take the National Council Licensing Examination for Registered Nurses.

Classes admitted in January and August. Registered nurses with associate of science degrees are eligible for admission to UCF's bachelor of science in nursing (BSN) degree program

The Associate Degree Nursing Program is accredited by the National League for Nursing Accrediting Commission. Information about tuition, fees and program length also may be obtained from the National League for Nursing Accrediting Commission 3343 Peachtree Road, NE, Suite 500, Atlanta, Georgia, 30326. Phone - 800.669.1656

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
- Laboratory and technology fees (including liability insurance) - average of $165.00 per semester
- Textbooks - $1000.00
- Uniforms - $150
- Laboratory Supplies - $225
- Graduation Fee - $25
- NCLEX Exam - $405
- FDLE/FBI Background Check - $90

Additional Admission Requirements
- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completed the General Education classes required.

- Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: ENC 1101 (College Composition); MAC 1105 (College Algebra); MCB 1010/1010L (Microbiology and Lab); and BSC 1085/1085L (Human Anatomy and Physiology I and Lab).

- Cumulative grade point average of 2.5 or better is the minimum required for consideration for continuing enrollment.

- Applications for continuing enrollment are submitted May and September. Students will be approved for continuing enrollment based on specific admission criteria. There will no longer be a waiting list. Students must apply each application cycle until accepted based on the selection process.

- Completion of the Test of Essential Academic Skills (TEAS) with an adjusted individual total score (AITS) at the 75th percentile or better. In addition, the applicant must have a TEAS score of 65% or better in both mathematics and reading OR completion of the Nurse Entrance Test at the 50th percentile or better in each category (mathematics, reading, and overall composite). Applications submitted after January 1, 2012 must include TEAS scores; NET scores will not be accepted after January 1, 2012.

- Completion of health screening to include: recent physical examination; verification of immunization against tetanus, measles, mumps, rubella, varicella and Hepatitis 'B'; and PPD test for tuberculosis (or chest X-ray if indicated) is required prior to enrolling in program specific courses.

- Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.

- Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

- According to Florida Board of Nursing, convicted felons who have had their civil rights removed are not eligible to take the National Council Licensure Examination for Registered Nurses.

- General education courses (pre and co-requisites) and Nursing courses must be completed with a grade of 'C' or better.

- Students will be held accountable for the policies and procedures of the nursing program as outlined in the nursing student policy handbook, as well as the college student handbook.

- Readmission and transfer nursing courses must have been taken within one year and evaluated by the nursing readmission and transfer committee. Transfer nursing students are accepted on a limited basis depending on space availability.

**** NUR 2731L will be 5 credits hours beginning spring 2011.

Program Description

The National League for Nursing Accrediting Commission accredited program is designed for Licensed Practical Nurses (LPN), Paramedic, or Registered Respiratory Therapists (RRT) seeking an associate of science degree in nursing. Healthcare employment opportunities are available in long term care, home health, hospitals, and out patient settings. Clinical experience is provided at local extended care facilities, hospitals, and other community agencies. Job title: Registered Nurse. Graduates are eligible to take the National Council Licensing Examination for Registered Nurses. Classes admitted every January and August. Registered nurses with associate of science degrees are eligible for admission to UCF's bachelor of science in nursing (BSN) degree program.

The Associate Degree Nursing program is accredited by the National League for Nursing Accrediting Commission. Information about tuition, fees and program length also may be obtained from the National League for Nursing Accrediting Commission 3343 Peachtree Road, NE, Suite 500, Atlanta, Georgia, 30326. Phone - 800.669.1656

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

- Lab Fees (including liability insurance) average $175 per semester
- Textbooks - $900.00
- Uniforms - $150
- Laboratory Supplies - $180.50
- Graduation Fee - $25
- NCLEX Exam - $405
- FDLE Background Check - $24

Additional Admission Requirements

- This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

- Have completed LPN, Paramedic, or RRT program and have one year working experience within the last three years. Students will be given 10 semester hours of Advanced Standing for licensure.**

- LPNs must provide evidence of a current Florida license as a practical nurse. Paramedic and RRTs must provide evidence of Florida certification. Must be in good standing with the Board that regulates profession.

- Paramedics and RRTs must complete a Certified Nursing Assistant course or provide evidence of a current Certified Nursing Assistant license in Florida.

- Paramedics and RRTs will be required to attend a medication skills laboratory and prove competency in critical skills.

- Failure to complete the ATI RN Maternal Newborn content mastery examination for NUR 1423/1423L (Nursing Process II) with a score equal to or greater than Level II will require completion of Nursing Process II before progressing to NP IV.

- Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: BSC 1085/1085L (Human Anatomy and Physiology I and Lab); BSC 1086/1086L (Human Anatomy and Physiology II and Lab); MCB 1010/1010L (Microbiology and Lab); ENC 1101 (College Composition); ENC 1102 (Literature and Composition); MAC 1105 (College Algebra); PSY 1012 (General Psychology).

- Cumulative grade point average of 2.5 or better is the minimum required for consideration for continuing enrollment.

- Applications for continuing enrollment are submitted May and September. Students will be accepted based on specific admission criteria. There will no longer be a waiting list. Students must apply each application cycle until accepted based on the selection process.

- Completion of the Test of Essential Academic Skills (TEAS) with an adjusted individual total score at the 75th percentile or better. In addition, the applicant must have a TEAS score of 65% or better in both mathematics and reading OR completion of the Nurse Entrance Test at the 50th percentile or better in each category (mathematics, reading, and overall composite). Applications submitted after January 1, 2012 must include TEAS scores; NET scores will not be accepted after January 1, 2012.

- Completion of health screening to include: recent physical examination; verification of immunization against tetanus, measles, mumps, rubella, varicella and Hepatitis "B"; and negative test for tuberculosis is required prior to enrolling in program specific courses.

- Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross is required prior to enrolling in program specific courses.

- Basic computer competency skills. Specific courses involve web-enhanced learning.

- Satisfactory results of a Florida Department of Law Enforcement background check

- According to Florida Board of Nursing, convicted felons who have had their civil rights removed are not eligible to take the National Council Licensure Examination for Registered Nurses.

- General education (pre and co-requisites) and Nursing courses must be completed with a grade of "C" or better.

- Students will be held accountable for the policies and procedures of the nursing program as outlined in the nursing student policy handbook as well as the college student handbook.

- Readmission and transfer nursing courses must have been taken within one year and evaluated by the nursing readmission and transfer committee. Limited space is available for transfer nursing students.

**Florida license as a practical nurse, or certification as a paramedic, or registered respiratory therapist. Students will be given ten semester hours of Advanced Standing for this licensure.

**** NUR 2731L will be 5 credit hours beginning spring 2011

Occupational Therapy Assistant (Limited Access Program)

Program Information

A.A.S. Degree - Code 3118/3518 - Catalog 2010/2011

Mary Craig-Oatley, Assistant Chair, 386-506-3624, craigom@daytonastate.edu

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

05/05/2010 M - 59

Program Description

The program trains and qualifies graduates to work in occupational therapy. Occupational therapy is a health and rehabilitation profession that provides services to individuals who are physically, psychologically or developmentally disabled. Occupational therapy strives to help patients achieve a maximum level of independent living by developing the capacities that remain after disease, accident or deformity. Job title: Occupational Therapy Assistant. The Occupational Therapy Assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA's phone number is (301) 652-AOTA and Web address is http://www.aota.org/. Graduates of the program will be able to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT). (Their phone number is 301-990-7979 or http://www.nbcot.org/.) After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). Most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

Note: The requirement that all OTA students complete Level II Fieldwork within 18 months following completion of academic preparation must be published.

A felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees (Including liability insurance) - $35 per semester

Textbooks - $1,000

Licensure Fees - $650

FDLE Background Screening - $24

Additional Admission Requirements

-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-Effective Fall 2010, completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: BSC 1085/1085L (Human Anatomy & Physiology I and Lab), ENC 1101 (College Composition), PSY 1012 (General Psychology), and HSC 1000 (Introduction to Health Care). All math requirements prior to MAT1033 should be completed before entering into the program.

-Complete 10 hours observation with a licensed occupational therapist or C.O.T.A. (Certified Occupational Therapy Assistant). (A listing of available sites and appropriate documentation form can be obtained from the School of Health Careers and Human Services on the Daytona State College Campus in Building 320, Room 549 or 552.)

-Submit completed application for continuing enrollment to the School of Health Careers and Human Services.

-Applications for continuing enrollment are accepted January 1st through April 30th.

-Selection is made once per year. Applicants for continuing enrollment that have a prerequisite GPA of 3.0 or better and have successfully completed the co-requisite courses will be ranked higher for program consideration.

-Florida Department of Law Enforcement (FDLE) Background check must be completed prior to the first day of class for program specific classes. Final program acceptance is contingent upon satisfactory results of the FDLE screening.

-Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.

-A pre-admission consultation with the assistant chair is recommended.

-Program specific courses and general education courses must be completed with a grade 'C' or better.

Note: Sequence of courses may vary. Check catalog course descriptions for requisite requirements.

Notes

1. OST2949 Cooperative Education Experience in Office Systems Management is approved by Assistant Chair for a value of 1 - 4 semester hours.

2. OST2336 meets the graduation requirement for Oral Communications for this program.

3. Course counts toward the following certificates: Office Management (Code 0914); Office Administration/Management (Code 0918); Office Management - Medical (Code 0919); Office Support (Code 0926).

4. Students who choose the BSC 1085/1085 option to fulfill the biological sciences core requirements can use remaining credits to fulfill elective hours as appropriate. Both courses must be successfully completed to satisfy the biological sciences core requirement.

Office Administration and Management - Legal Option

Program Description

The program provides a solid foundation in office management, computer operations, business law and legal office procedures. Students develop communication, computation, management and computer software application skills.

This college credit certificate is articulated into the AAS degree in Office Administration.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Office Support (Technical Certificate)

Program Information

A.S. Certificate - Code 0926 - Catalog 2010/2011

Shawn Friend, Assistant Chair, 386-506-3454, friends@daytonastate.edu

School of Applied Business, 386-506-3012

03/31/2010 M - 52

Program Description

Office Support (Technical Certificate) is a 12 hour college credit certificate in the Office Systems program. It is the first step toward the A.A.S. degree in Office Administration. This program teaches high quality entry office skills and is especially useful for One Stop and Fresh Start programs. Job titles: Entry-level support positions such as office clerk, office assistant, staff assistant, office and administrative support worker, or information clerk.

Credits earned in this certificate may be applied toward the College Credit Certificate in Office Management and the AAS Degree in Office Administration.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Lab Fees - $18

Additional Admission Requirements

Students must meet with the chair or assistant chair prior to enrolling in this program.

Paralegal Studies (Legal Assisting) - Career Option

Program Description

The program provides a solid foundation in procedural and substantive areas of law including research, drafting legal documents, interviewing clients and witnesses, investigative techniques and managing law offices. This program includes practical application classes necessary to be immediately knowledgeable in widely used areas of law. It prepares students to work in a legal office upon completion. Additionally, it prepares students to transfer to a four year program. The program of study provides eligible students with the skills the student needs to take the Certified Legal Assistant/Certified Paralegal Examination offered by the National Association of Legal Assistants.

Graduates of this program are eligible to be enrolled in Daytona State's Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4BAS or email BASinfo@daytonastate.edu for details.

Note: This program is eligible for federal financial aid and state bright futures.

2. PLA2949 Cooperative Education Experience in General Law is approved by Assistant Chair for a value of 1 - 4 semester hours.

Paralegal Studies (Legal Assisting) - Transfer Option

Program Description

The program provides a solid foundation in procedural and substantive areas of law including reseach, drafting legal documents, interviewing clients and witnesses, investigative techniques, and managing law offices. Additionally, it prepares students to transfer to a four year program It also provides eligible students with skills the student needs to take the Certified Legal Assistant/Certified Paralegal Examination offered by the National Association of Legal Assistants.

Graduates of this program are eligible to be enrolled in Daytona State College, Bachelor of Applied Science in Supervision and Management program. Call (386) 506-4BAS or email BASinfo@daytonastate.edu for details.

Note: This program is eligible for federal financial aid and state bright futures.

Paramedic (Limited Access Program)

Program Information

A.S. Certificate - Code 1957/0957 - Catalog 2010/2011

Patricia Maher, Program Manager, 386-506-3714

Elizabeth Rafferty, Senior Staff Assistant, 386-506-3249, daltone@daytonastate.edu

Program Description

The program trains students in the specialized and advanced skills and techniques required for emergency in-the-field pre-hospital care. Instruction covers IV therapy, advanced cardiac life support, advanced care skills for the patient in shock and telemetry and communications. It also provides additional information and skills practice to allow you to become proficient in the care of respiratory, medical and traumatic emergencies. The specific purpose of this program is to meet minimum requirements set by the Florida Department of Health, Bureau of Emergency Medical Services to allow you to take the Florida state certification examination for paramedic. Graduates of the program are eligible to take the Florida state board examination for paramedic. Graduates are qualified to work as advanced care providers on ambulances, in hospital emergency rooms, intensive care units and emergency helicopter transport agencies.

Job title: Paramedic.

Note: In order to take this program of study, students must already be a state-certified Florida EMT in good standing. Credits earned in this program may be counted in the Emergency Medical Services degree.

Please Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees - approximately $150.00 (each semester)

Textbooks/Equipment - $550.00 Entire Year

Uniforms - $200.00 Entire Year

The approximate cost for the Paramedic program is $ 5000.00

Fisdap-Computer Data Entry for Clinical Approx. $75.00

Additional Admission Requirements

- All students must obtain an application from the EMS Program at the Daytona Beach Campus Building 320-022, application must be complete and submitted to the EMS Program prior to the stated deadline.
- Attendance at the EMS Orientation Session is Mandatory- Date and Time will be announced by the EMS Program.
- Must provide proof of current State of Florida certification as an Emergency Medical Technician in good standing.
- Acceptable score on the TABE or CPT examinations.
- Satisfactory results of a Florida Department of Law Enforcement background check.
- Applicants who have sponsorship by their employing public safety agency will be given priority.
- It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Paramedic Graduates have been employed at the local public safety agencies, theme parks and local hospitals.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Notes

In order to take this program of study, students must already be a state-certified Florida EMT in good standing. Credits earned in this program may be counted in the Emergency Medical Services Degree. The Paramedic program is certified through the Florida Department of Health, Bureau of Emergency Medical Services, and accredited through the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

This program is eligible for federal financial aid and state bright futures.

Courses must be taken together in sequential order.

Please contact Beth Dalton at 386-506-3249 or email me at daltone@daytonastate.edu if you have any other questions.

Patient Care Assistant (Limited Access Program)

Program Description

The program is designed for the student seeking employment as a nurse's aide in a hospital, long-term care facility or home health agency under the supervision of a licensed nurse. Clinical experience is provided at local extended care facilities, hospitals and other community agencies. Job title: Nursing Assistant. Graduates are eligible to take the Nurse Aide Competency Evaluation Program (NACEP) for certification as a nursing assistant in Florida.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

Lab Fees (including liability insurance) - $25

Textbook/Workbook Combo and Syllabus - $69.95

Uniform - $35

Laboratory Supplies - $60

Graduation Fee - $10

FDLE Background Screening - $24

NACEP Exam - $135 for resident residing in FL longer than 5 years; $160 for those living in FL less than 5 years

Additional Admission Requirements

-Score on the placement test for vocational programs which indicate language and reading at the 10th grade level and math ability at the 9th grade level.

-Submit completed applications for continuing enrollment to the School of Nursing.

-Applications for continuing enrollment are accepted: May 1 to June 30 for the Fall program; September 1 to October 31 for the Spring program; January 1 to February 29 for the Summer program.

-Selection is based on cumulative GPA of at least 2.0 or better, High School diploma or GED and TABE score results.

The following items must be submitted/received prior to the first day of class:

-Completion of health screening to include: verification of immunization against tetanus, measles, mumps, rubella and Hepatitis 'B'; and negative test for tuberculosis.

-Satisfactory results of a Florida Department of Law Enforcement background check.

-Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross.

-Program specific courses must be completed with a grade 'C' or better.

Photographic Technology

Program Information
A.S. Degree - Code 2075 - Catalog 2010/2011
Daniel Biferie, Chairperson, 386-506-3581, biferid@daytonastate.edu
Michael Vitale, Associate Vice President, 386-506-3079

Program Description
The program provides students with comprehensive aesthetic, technical and theoretical training within a wide range of photographic practices and imaging technologies. Students develop entry-level skills for the editorial, advertising, fine art and photo technology fields.

Successful completion of the A.S. Degree in Photographic Technology ensures a seamless transfer to the University of Central Florida Photography B.S. Degree program. The Photography B.S. program is a joint program between University of Central Florida and Daytona State College.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
* Lab Fees - $85 to $170 per semester (varies with individual schedule)
* Equipment - estimated $3,000 over entire program (see Photography department chair for start-up equipment needs and rental options)
* Individual film/paper and other supplies $750 to $1000
* Textbooks - $250 per semester

Additional Admission Requirements
All new and transfer students are required to meet with the Department Chair prior to registration. Please call or email for an appointment for an hour-long consultation and tour of the School of Photography.

Photographic Technology

Program Information

A.A.S. Degree - Code 3523 - Catalog 2010/2011
Daniel Biferie, Chairperson, 386-506-3581, biferid@daytonastate.edu
Michael Vitale, Associate Vice President, 386-506-3079

Program Description

The program provides students with comprehensive aesthetic, technical and theoretical training within a wide range of photographic practices and imaging technologies. Students develop entry-level skills for the editorial, advertising, fine art and photo technology fields.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

* Lab Fees - $85 to $170 per semester (varies with individual schedule)
* Equipment - estimated $3,000 over entire program (see the Photography Department Chair for start-up equipment needs and rental options)
* Individual film/paper and other supplies - $500 - $1,000 per semester
* Textbooks - $250 per semester

Additional Admission Requirements

* All new and transfer students are required to meet with the Department Chair prior to registration. Please call or email for an appointment for an hour-long consultation and tour of the School of Photography.

Physical Therapist Assistant (Limited Access Program)

Program Information
A.A.S. Degree - Code 3124/3524 - Catalog 2010/2011
Robert Wagner, Assistant Chair, wagnerro@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

Program Description
The program prepares graduates to work in physical therapy. Physical Therapy is a health and rehabilitation profession that provides services to individuals of all ages with physical dysfunction including those suffering from strokes, heart disease, arthritis, diabetes, serious burns, neurological and orthopedic disorders. The profession tailors the rehabilitation process individually for each patient and through evaluation and treatment, seeks to restore or improve impaired functions. Physical therapy strives to help patients attain a maximum level of independent living by developing the capacities that remain after disease, accident or deformity. Job title: Physical Therapist Assistant. The Physical Therapist Assistant program is accredited by the Commission on Accreditation in Physical Therapy Education. Graduates, upon completion of the program, apply for state licensure.

This program is accredited by the Commission on the Accreditation of Physical Therapy Education (CAPTE) - 1111 N. Fairfax Street, Alexandria, VA 22314. (703) 706-3245

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab Fees (including liability insurance)- average $25.00 per semester
Textbooks - $700
Uniforms - $100
Laboratory Supplies - $25
Licensure Fees - $705
FDLE/FBI Background Screening - $90

Additional Admission Requirements
-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-Completion of the following courses with a grade of 'C' or better is required before submitting a request for continuing enrollment: BSC1085/1085L (Human Anatomy & Physiology I and Lab), ENC 1101 (College Composition I), PHT 1006 (Introduction to Physical Therapy), and MAT 1033 (Intermediate Algebra).

-Cumulative grade point average of 2.5 or better to apply for continuing enrollment.

-Complete a minimum of 20 hours of observation with a licensed Physical Therapist or P.T.A. (Physical Therapist Assistant) evenly distributed between at least 2 different types of physical therapy settings - outpatient, inpatient, and long-term care. Some facilities may require a background check.
-Submit the completed application for continuing enrollment to the School of Health Careers and Human Services.

-Program starts annually in January; applications are only submitted during the month of September.

-Student selection for continuing enrollment will be based on a point system. Applicants considered for continuing enrollment will be contacted for an interview.

-Attendance at a program information session. Dates will be announced.

-Admissions into the program will be contingent on the satisfactory completion of both a drug screen and a background check consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI).

-Basic Cardiac Life Support (BLS) certification for health care providers to include adults, infants, children, and AED affiliated with the American Heart Association or American Red Cross.

-Program co requisites and Physical Therapist Assistant courses must be completed with a 'C' or better.

-Completion of health screening to include: recent physical examination; verification of immunization against tetanus, measles, mumps, rubella, varicella and Hepatitis 'B'; and PPD test for tuberculosis (or chest X-ray if indicated) is required prior to enrolling in program.

Notes

1. MAT1033 fulfills general education requirements for AAS degree programs only.

2. Students who choose the BSC 1085/1086 option to fulfill the biological sciences core requirements can use remaining credits to fulfill elective hours as appropriate. Both courses must be successfully completed to satisfy the biological sciences core requirements.

3. PHT1006 fulfills the graduation requirement for the basic use of computers for this program.

4. PHT1251 fulfills the graduation requirement for the Oral Communication.

Plumbing Apprentice - Union

Program Information

Apprenticeship - Code 1070 - Catalog 2010/2011

James Hildebrand, Adjunct Faculty, 386-252-7144, jamesh295@yahoo.com

Patricia Dyke, Coordinator, 386-506-4189, dykep@daytonastate.edu

Program Description

The Plumbers and Pipefitters Local Union #295 apprenticeship program is a state subsidized, five-year plumbing residential, commercial and industrial program. Apprentices begin with an OSHA safety course in which every passing student will be OSHA certified by a Daytona Beach Plumbers and Pipefitters Local Union #295 instructor. Students learn rules and regulations for the "craft" in the state of Florida. Courses include: math, drawing interpretation, welding, pipefitting, layout, rigging and signaling, tubing and instruction, basic air conditioning and refrigeration as well as use and care of tools. Apprentices receive extensive classroom and on-the-job training (OJT).

In most cases, a great deal of financial resources and energy are required to prepare for your career, but in a registered apprenticeship program, you are paid a progressively increased wage while you learn the occupation. The curriculum provides knowledge and skills training in all aspects of the plumbers and pipe fitters field. Apprentices are required to work a total of 10,000 hours of OJT and 1,230 class hours for successful completion of the program 5 year program. Classes are held at Daytona State College, Daytona Campus, 1200 West International Speedway Boulevard, Daytona Beach, FL 32120 and OJT is scheduled at various places of employment.

Note: The length of this program makes it ineligible for federal and state financial aid.

Additional Admission Requirements

THE ENTRY QUALIFICATIONS SHALL INCLUDE:

1. Potential apprentices must be 18 years of age or older at the time the application is completed at Daytona Beach Plumbers and Pipefitters Union Hall, 743 N. Beach Street, Daytona Beach, FL 32114.

2. Daytona Beach Plumbers and Pipefitters Union #295 Apprenticeship Committee must select first-year apprentices, before beginning the program. Please contact Jimmy Hildebrand (Training Director of Daytona Beach Plumbers and Pipefitters Union #295) at 386-252-7171, extension 24. Website for Daytona Beach Plumbers and Pipefitters Union #295 Apprenticeship Committee is www.ua295.org

3. High school diploma or GED equivalency is required for admission into the program. To be determined by Committee.

4. High school transcripts required. GED grades report required when applicable.

5. Valid driver's license and physically able to perform duties of trade.

6. One credit of high school algebra.

7. Take the industry's validated aptitude test and take a drug test prior to employment.

DAYTONA STATE COLLEGE ADMISSIONS REQUIREMENTS:

Students who have been selected by the committee must be admitted to Daytona State College by completing the Daytona State College Application for Admissions. The College does charge a one-time, non-refundable assessment fee to all students, at the time of initial enrollment.

Students will be registered for apprenticeship classes and on-the-job training through the appropriate apprenticeship committee.

Careers

Plumbers; pipefitters; welders; heating, ventitlation, air conditioning and refrigeration (HVACR) technicians

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

GENERAL INFORMATION:

Apprenticeship Programs are:

SKILLED BASED/APPLIED LEARNING CONSISTING OF:

Class Related Instruction

Usually 10 Hours per Week

On-the-Job Training (OJT)

Full-time Employment in Field

Approved by Florida Department of Education,

Apprenticeship Office of Workforce Education

JOURNEYMAN CERTIFICATE:

Awarded by Apprenticeship Office of Workforce Education,

Florida Department of Education on Successful Completion of Program

GRADUATES:

Graduates have been employed at local plumbing shops, paper mills or power generating plants and as contractors at Kennedy Space Center. Salaries average between $21.00 to $27.00+ an hour. Upon graduation students are awarded certificates from Daytona State College and the Florida Department of Education, Apprenticeship Office of Workforce Education. Graduates may acquire a travel card to work with sister Local Unions virtually anywhere in the United States. Those who successfully complete the program may decide to further their education and apply a portion of their hours toward an AAS degree in Industrial Management Technology. There are always additional courses and certificates that may be achieved through the United Association Training Department and Local Unions.

Practical Nursing (Limited Access Program)

Program Information

Vocational Certificate - Code 1195/1095 - Catalog 2010/2011

Sheryl Gray, Assistant Chair, 386-506-3726, grays@daytonastate.edu

Linda Vought, Office Assistant, 386-506-3250, voughtl@daytonastate.edu

Karen DAmadio, Staff Assistant, 386-506-3069, damadik@daytonastate.edu

07/13/2010 M - 64.

Program Description

The program is designed for the student seeking licensure as a practical nurse in Florida. Healthcare employment opportunities are available in long term care, home health, hospitals and outpatient settings. Clinical experience is provided at local extended care facilities, hospitals and other community agencies. Job title: Licensed Practical Nurse.

Graduates are eligible to take the National Council Licensing Examination for Practical Nurses. Florida licensed practical nurses are eligible for admission to Daytona State's Transition into Professional Nursing Accelerated Associate Degree Program. Classes admitted in January and August at the Daytona Beach Campus and in January at the DeLand Campus.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees (including liability insurance and testing) -$415

Textbooks - $550

Uniforms - $150

Laboratory Supplies - $105

Graduation Fee - $10

NCLEX Exam - $405

Additional Admission Requirements

-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-High school diploma or equivalent (GED).

-Scores on the Daytona State placement test for vocational programs which indicate language, reading and arithmetic ability at the 11th grade level or better.

-Cumulative grade point average of 2.0 or better to apply for continuing enrollment.

-Completion of the following courses is required prior to submitting an application for continued enrollment: HSC 1000 (Introduction to Health Care) and *BSC 1080 (Basic Anatomy and Physiology for Health Careers).

PLEASE NOTE: *BSC 1085/1085L (Human Anatomy and Physiology I and Lab) and BSC 1086/1086L (Human Anatomy and Physiology II and Lab) may be substituted for BSC 1080 (Basic Anatomy & Physiology). Courses must be completed with a grade of 'C' or better.

-Completion of the TEAS Test-PN with minimum scores of 65 percentile composite and 60 percentile mathematics and reading or completion of the Nurse Entrance Test-PN at the 41st percentile or better in each category (mathematics, reading, and overall composite) is required for continuing enrollment approval.
The nurse entrance test will not be accepted after January 1, 2012.

-Applications for continuing enrollment can be submitted in May and September. Students will be approved for continuing enrollment based

on specific admission criteria. Students must apply each application cycle until accepted based on the selection process.

-Completion of health screening to include: recent physical examination; verification of immunization against tetanus, measles, mumps, rubella, varicella and Hepatitis "B"; and negative test for tuberculosis is required prior to enrolling in program specific courses.

-Basic Cardiac Life Support (BLS) certification for healthcare providers to include adults, infant, children, and automatic external defibrillator (AED) affiliated with the American Heart Association or the American Red Cross.

-Satisfactory results of a Florida Department of Law Enforcement background check.

-According to Florida Board of Nursing, convicted felons who have had their civil rights removed are not eligible to take the National Council Licensure Examination for Practical Nurses.

-Students will be held accountable for the policy and procedures of the nursing program as outlined in the nursing student policy handbook, as well as the college student handbook.

-Readmission and transfer nursing courses must have been taken within one year and evaluated by the nursing readmission and transfer committee. Transfers students are accepted on a limited basis depending on space availability.

Pre-School Specialization

Program Information

A.S. Certificate - Code 0811 - Catalog 2010/2011

Catherine Twyman, Interim Assistant Chair, cat1t@aol.com

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

03/30/2010 M - 53

Program Description

This program provides students with the knowledge and skills necessary to function as preschool teachers and caregivers. With this certificate students can work as caregivers in private or public preschools, paraprofessionals in public schools, or VPK teachers in public schools, child care facilities or preschools. This certificate program meets all the requirements for the National CDA (Child Development Associate Certificate). All the required courses in this certificate program can be applied toward the AS Degree in Early Childhood Education.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

FDLE Background Check - $24

Additional Admission Requirements

- In addition to the required courses, students will be required to have a current approved certificate in first aid and infant/child CPR and the mandated DCF child care training hours.

- It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Public Safety Telecommunications (Limited Access Program)

Program Information

Vocational Certificate - Code 1038 - Catalog 2010/2011

Louie Mercer, Director, 386-506-3171, mercerlo@daytonastate.edu

04/07/2010 M - 56!

Program Description

This program prepares students for employment as telecommunicators in various public safety settings, such as police, fire, and ambulance services. Students will learn standard telecommunication operating procedures and computer operation.

Graduates are eligible to take the National Academies of Emergency Dispatch Certification Examination.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

National Academies of Emergency Dispatch Examination: $150.00

Additional Admission Requirements

Must be 18 years of age or older.

Must have a high school diploma or GED.

Must pass a basic skills exam (TABE) Mathematics 10.0, Language 10.0, and Reading 10.0.

Must have Basic keyboard skills.

Must attend all scheduled classes. An absence must be approved by the Criminal Justice Coordinator and make up work will be completed.

Must wear an academy approved uniform shirt with School of Emergency Services emblem.

Dual Enrollment students must have a 2.5 GPA to take the class and pass the basic skills exam.

Must complete the department application process.

Radiography (Limited Access Program)

Program Information

A.S. Degree - Code 2137/2037 - Catalog 2010/2011

Darcie Nethery, Assistant Chair

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

05/05/2010 M - 59.

Program Description

The program provides a multi-skilled comprehensive education for students in the radiologic sciences. The program promotes standards to meet and exceed outcomes of service-oriented professionals that are entry level into the profession while promoting multi-competent continuing education.

This program is sponsored by Halifax Health Medical Center and accredited by the Joint Review Committee on Education in Radiologic Technology. JRCERT may be contacted at 20 North Wacker Drive, Suite 2850, Chicago, Illinois 60606-3182. Phone 312-704-5300. www.jrcert.org

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Students will be responsible for applicable Halifax Health Medical Center fees.

Additional Admission Requirements

-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-Completion of the following courses with a grade of 'C' or better is required before submitting an application for continuing enrollment: BSC1085/1085L (Human Anatomy and Physiology I and Lab), ENC 1101 (College Composition), MAC 1105 (College Algebra) , General Education (CGS 2100, PSY 1012, Core Elective) and all Program (RTE) courses must be completed with a grade of 'C' or better.

-A minimum of 2.0 GPA is required to apply for continuing enrollment.

-Prior to being approved for continuing enrollment in Radiography, the student must successfully complete the application process. Applications for continuing enrollment and specific application information may be obtained at the program office at Halifax Health Medical Center. To receive a complete applicant packet, please contact 386-254-4075 and select option 2 or email your physical mailing address to Darcie.Nethery@halifax.org.

-Prospective students must be of good physical and mental health.

-A pre-admission consultation with the assistant chair is strongly recommended after applicant packet is received.

Respiratory Care (Limited Access Program)

Program Information

A.A.S. Degree - Code 3125/3525 - Catalog 2010/2011

Mary Garrison, Clinical Coordinator

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

05/05/2010 M - 59

Program Description

This program provides training in the use of special equipment, medications and other diagnostic and therapeutic modalities to assist in the diagnosis and treatment of patients who need temporary, emergency or long-term cardiopulmonary assistance. Students learn to administer medical gases, humidity and aerosol therapy, use positive pressure breathing machines, perform pulmonary drainage and clearance procedures, manage patient airways, perform pulmonary rehabilitation and home care, manage short and long term continuous mechanical ventilation and perform a variety of other special procedures.

Graduates are eligible to take the entry-level Certified Respiratory Therapist (CRT) and advanced practitioner Registered Respiratory Therapist (RRT) examinations, of the National Board for Respiratory Care (NBRC) and are eligible for licensure in the state of Florida.

The Respiratory Care Program is accredited by the Committee on the Accreditation of Respiratory Care [CoARC], 1248 Harwood Road, Bedford, Texas 76021-4244 [817] 283-2835.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Lab Fees - Refer to individual RET course descriptions

Uniforms - $150

Stethoscope/Scissors - $50

Textbooks - approx. $1,000

FDLE Background screening - $24

Additional Admission Requirements

-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-Applicants must achieve minimum scores on the College Level Placement Test (CPT).

-Completion of the following coures with a grade of 'C' or better is required before submitting a request for continuing enrollment: BSC 1085/1085L (Human Anatomy and Physiology I and Lab) and ENC 1101 (College Composition I).

-Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.

-Submit completed application for continuing enrollment to the School of Health Careers and Human Services.

-Applications for continuing enrollment are accepted anytime during the year.

-Selection is made once per year based on the applicants cumulative GPA and successful completion of prerequisite and co-requisite courses.

-Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class for program specific classes. Final program acceptance is contingent upon satisfactory results of the FDLE screening.

-A pre-admission consultation with the assistant chair is recommended.

-Program specific courses and general education courses must be completed with a grade 'C' or better.

-Physical exam and BCLS CPR Card are due on the first day of class.

-Effective Fall 2010, the applicants will need a 2.5 Cumulative GPA to apply for continuing enrollment.

Notes

1. MAT1033 fulfills the General Education requirement for AAS degree programs only.

2. Students who choose the BSC 1085/1086 option to fulfill the biological sciences core requirements can use remaining credits to fulfill elective hours as appropriate. Both courses must be successfully completed to satisfy the biological sciences core requirements.

School Age Specialization

Program Information

A.S. Certificate - Code 0812 - Catalog 2010/2011

Catherine Twyman, Interim Assistant Chair, cat1t@aol.com

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

03/30/2010 M - 530

Program Description

This program provides students with the knowledge and skills to plan activities that help school-age children develop interpersonal skills and their own self-concept, to promote multicultural understanding and cooperative learning strategies. It prepares students to work as teachers and/or child care workers in After-School Programs in Child Care Facilities, Public After-School Programs, YMCA programs and Summer Camp Programs. All the required courses in this certificate program can be applied toward the AS Degree in Early Childhood Education.

Note: The length of this program makes it ineligible for federal and state financial aid.

Approximate Additional Costs

FDLE Background Check - $24

Additional Admission Requirements

- In addition to the required courses, students will be required to have a current approved certificate in first aid, a child CPR, and the mandated DCF child care training hours.

- It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Simulation and Robotics Technology

Program Description
The Simulation and Robotics Technology program provides students with the technical credentials needed for high technology careers in simulator installation, maintenance, service and support. This program provides a thorough foundation in basic electronics and computer networking. Students also acquire skills required for specific simulator operation, testing, and troubleshooting.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs
Lab fees will be assessed for courses requiring specialized tools/equipment. See catalog descriptions for program specific courses.

Additional Admission Requirements
It may be necessary for the student to enroll in a college preparatory English, math, or reading course depending upon College Placement Test scores.

Surgical Technology (Limited Access Program)

Program Information

Vocational Certificate - Code 1192/1092 - Catalog 2010/2011

Dana Earnest, Assistant Chair, 386-506-3747

Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu

Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

Program Description

The program offers the student an opportunity to develop the technical ability, knowledge and skills required for entry level employment in any surgical setting, hospital operating room or free standing healthcare facility, as a member of the surgical team. The educational process is accomplished by classroom lecture, intense training in a mock operating room lab setting, and transition to operating rooms in local healthcare facilities.

Graduates are required to take the National Board of Surgical Technologist and Surgical Assistants (NBSTSA) Certification exam upon successful completion and graduation of the program. Once the graduate has taken the exam, they are eligible to receive their Certificate of Completion for the program from the College.

Classes admitted in August at the Daytona Beach Campus.

The Surgical Technology Program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Accreditation Review Committee for Education in Surgical Technology and Surgical Assistants (ARC-ST/SA).

Information may be obtained from CAAHEP, 1361 Park Street, Clearwater, FL 33756; (727) 210-2350 and ARC-ST, 6 W. Dry Creek Circle, Suite 210, Littleton, CO 80120; (303) 694-9262.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

All of the following are required for this program:

Uniforms/Lab Coats - $175

Textbooks - $750

Lab Fees - $140

Graduation - $10

National Certification Exam - $190

FDLE Background Screening - $24

Additional Admission Requirements

-This is a limited access program. Continuing enrollment approval will be required to enroll in the program specific courses based on a selection process after completing the General Education classes required.

-Completion of Prerequisites (courses must be completed with a grade of 'C' or better before submitting a request for continuing enrollment): *BSC 1080 (Basic Anatomy & Physiology for Health Careers), HSC 1531 (Medical Terminology), **INP 1390 (Human Relations in the Workplace).

PLEASE NOTE: *BSC 1085/1085L (Human Anatomy and Physiology I and Lab) and BSC 1086/1086L (Human Anatomy and Physiology II and Lab) may be substituted for BSC 1080 (Basic Anatomy & Physiology). **PSY 1012 (General Psychology) may be substituted for INP 1390 (Human Relations in the Workplace).

-Submit the completed application for continuing enrollment to the School of Health Careers and Human Services.

-Selection for continuing enrollment is made once per year based on cumulative GPA of at least 2.0 or better, completion of pre-requisite courses with a grade of C or better, and pre-admission consultation.

-Scores on the Vocational Placement Test (TABE) must be at the following level: Reading and Language 11th Grade and Arithmetic 10th Grade

-Basic Cardiac Life Support for Health Care Provider and AED through American Heart Association or American Red Cross.

-Health Insurance mandatory.

-A physical examination is required prior to the first day of class.

-Florida Department of Law Enforcement (FDLE) background check must be completed prior to the first day of class for program specific classes. Final program acceptance is contingent upon satisfactory results of the FDLE screening.

-A pre-admission consultation is required prior to continuing enrollment approval. Dates to be announced.

-Program specific courses and general education courses must be completed with a grade 'C' or better.

Veterinary Technology (Distance Education Program)

Program Information
A.S. Degree - Code 2205 - Catalog 2010/2011
Geraldine Rimstidt, Department Chair, 386-506-3823, rimstig@daytonastate.edu
Connie Kisner, Staff Assistant, 386-506-3080, kisnerc@daytonastate.edu
Melissa Brown, Academic Advisor, 386-506-3052, brownm@daytonastate.edu

Program Description
This specialized program is in partnership with St. Petersburg College. Students will enroll at Daytona State College to complete their general
courses, and then enroll in a totally distant learning program. The Veterinary Technology courses are taught online.

Graduates have a variety of career opportunities in veterinary clinics, hospitals, universities and college facilities, research laboratories,
zoological gardens and reserves, animal shelters, and pounds.

The Veterinary Technology Program at St. Petersburg College has been accredited by the American Veterinary Medical Association since
1978.

Note: This program is eligible for federal financial aid and state bright futures.

Additional Admission Requirements
For more information about the selection process, please contact St. Petersburg College at 727-341-3687 or visit their website at
http://www.spcollege.edu/program/VETTC-AS

Program specific courses and general education courses must be completed with a grade 'C' or better.

Web Development Specialist

Program Information

A.S. Certificate - Code 0909 - Catalog 2010/2011
Anindya Paul, Chair, 386-506-4155, paula@daytonastate.edu
Jameal Adkins, Assistant Chair, 386-506-4139, adkinsja@daytonastate.edu
Linda Sullivan, 386-506-4154, sullivi@daytonastate.edu

Program Description

The certificate program in Web development specialist provides the student a solid understanding of the web based technology. The student develops the technical skills to design and build websites using web programming languages for personal and business use, maintain, trouble shoot and implement web based technology on the website for optimization and analysis purposes. The content prepares students to work in Internet, Intranet, and Extranet environments; installing and configuring Intranet and web based resources.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

May vary from $20-$50 for each program specific courses.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

Most of these courses count towards the AS degrees in Internet Services Technology, and some courses could be applied towards AS degrees in Computer Information Technology, Computer Programming and Analysis, and Computer Engineering Technology.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Welding Technology - Applied

Program Information

Vocational Certificate - Code 1033 - Catalog 2010/2011

Roger Rowan, Chair, 386-506-4171, rowanr@daytonastate.edu

Sylvia Zuelch, Administrative Specialist, 386-506-4165, zuelchs@daytonastate.edu

Program Description

The Welding Technology program is a 22.17 vocational credit certificate program. The curriculum is designed to give students a combination of classroom and lab related activities. A "hands-on" approach to student learning is evident as students learn the safety aspects of welding and become proficient at MIG, TIG and Oxy-acetyline welding. Students will also learn the related skill of blueprint reading which is required for employment as a welder or welder helper.

Note: This program is eligible for federal financial aid and state bright futures.

Approximate Additional Costs

Students will have to purchase the following items (approximate costs: $190): Instructor approved welding helmet and face shield, welding jacket, leather welding gloves, work shoes or boots.

Additional Admission Requirements

1 Ability to understand and follow specific directions.

2 Ability to handle and operate all welding equipment in a safe manner.

Students who do not have a standard high school diploma may be eligible for admission to this program if they meet the following criteria:

1. Take the Test of Basic Adult Education (TABE) which measures reading, English and math skills, and achieve a specified minimum score.

2. Meet with a counselor/advisor for placement test evaluation, advice on course selection and registration.

Ability to Benefit (ATB) Consideration

Students admiteed to this program who achieve the ability to benefit level on the College Placement Exam (CPT) may receieve financial aid if eligible.

Wireless Communications

Program Information

A.S. Certificate - Code 0925 - Catalog 2010/2011

Anindya Paul, Chair, 386-506-3324, paula@daytonastate.edu

Timothy Pintello, Assistant Chair, 386-506-4126, pintelt@daytonastate.edu

Linda Sullivan, 386-506-3087, sullivi@daytonastate.edu

03/31/2010 M - 54.

Program Description

The certificate program provides students with the knowledge and skills of wireless technologies, networks, services, and applications. The Wireless Communications Certificate is designed to prepare students for employment as a wireless installer, wireless technician, wireless field service technician or to provide supplemental training to persons previously or currently employed in these occupations.

Note: To ensure Financial Aid program eligibility, students need to also be accepted to the parallel associate degree program.

Approximate Additional Costs

Class Materials Fees: $20 for each program specific EET course; $20 for specific CGS course. See course descriptions.

Additional Admission Requirements

It may be necessary for the student to enroll in a college preparatory English, Math, or Reading course based upon College Placement Test scores.

Careers

All of these courses count towards either the AS degree in Computer Engineering Technology, Computer Information Technology, Computer Programming and Analysis, Electronics Engineering Technology, and Networking Services Technology.

Note: Need help preparing for your job search? Login to Daytona State's Career Services Online (CSO) to create your personal career account. Or email your Daytona State College Career Advisor.

Daytona State College

2010 – 2011

Course Descriptions

Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 26 participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online Statewide Course Numbering System to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at http://scns.fldoe.org.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the Statewide Course Numbering System (SCNS). The list of course prefixes and numbers, along with their generic titles, is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

Example of Course Identifier

Prefix	Level Code	Century Digit	Decade Digit	Unit Digit	Lab Code
	(first digit)	(second digit)	(third digit)	(fourth digit)	
ENC	**1**	**1**	**0**	**1**	
English Composition	Lower (Freshman) Level at this institution	Freshman Composition	Freshman Composition Skills	Freshman Composition Skills I	No laboratory component in this course

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions. (Exceptions are listed below.)

For example, a freshman composition skills course is offered by 58 different postsecondary institutions. Each institution uses "ENC_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course, having the same prefix and course number without a lab indicator, which meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at the community college is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE**: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on semester-term systems. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or sub-category of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

> Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include varying topics courses that must be evaluated individually, or applied courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

- A. Courses not offered by the receiving institution.
- B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
- C. Courses in the _900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Practica, Study Abroad, Thesis and Dissertations.
- D. College preparatory and vocational preparatory courses.
- E. Graduate courses.
- F. Internships, practica, clinical experiences and study abroad courses with numbers other than those ranging from 900-999.
- G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice are not guaranteed as transferable.

Courses at Nonregionally Accredited Institutions

The Statewide Course Numbering System makes available on its home page (http://scns.fldoe.org) a report entitled "Courses at Nonregionally Accredited Institutions" that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the Statewide Course Numbering System and appeals regarding course credit transfer decisions should be directed to Angela Kennerly in the Office of Academic Affairs at Daytona State College or the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the Statewide Course Numbering System office at (850) 245-0427 or via the internet at http://scns.fldoe.org.

ACG - Accounting

ACG2022 Principles of Financial Accounting, 4.0 sem hrs
A study of accounting concepts for service and merchandising businesses, matching concept, adjusting process, financial statements, accounting systems, internal controls, special journals, receivables, inventories, current liabilities, bonds payable and investment in stocks and bonds, international transactions, and corporate: organization, equity rights and earnings. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $13.00

ACG2071 Principles of Managerial Accounting, 4.0 sem hrs
Cash flow statements, financial statement analysis, product costing systems, cost-volume-profit analysis, performance evaluation, cost standards, budgeting, pricing decisions, capital expenditure decisions, taxes and management accounting analysis. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and "C" or better in ACG 2022 or permission of chairperson.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ACG2022
Lab Fees: $13.00

ACG2900 Directed Study in Accounting, 1.0-4.0 sem hrs
Directed Study in Accounting FA,SP, SU

ACG2949 Cooperatived Education Experience in Accounting, 1.0-4.0 sem hrs
Cooperative Education Experience in Accounting FA, SP, SU

ACG3024 Accounting for Non-Financial Majors, 3.0 sem hrs
This course addresses the use of accounting information by non-financial managers. Emphasis is placed on the interpretation of accounting information and the language of financial accounting to effectively participate in activities such as planning, investment, control, and managerial decision making. PR: MAC1105 or equivalent; junior level status or permission of the chair is required.

ACR - Air Conditioning, Refrigeration and Heating

ACR0001 Physical Principles I, 1.0 voc hrs
Scientific principles and calculations as they relate to compression refrigeration. Tools and test equipment used to construct, charge, operate and troubleshoot a refrigeration system. FA, SP

Conc-Reqs: ACR0001L

ACR0001L Physical Principles I Lab, 2.0 voc hrs
Scientific principles and calculations as they relate to compression refrigeration. Tools and test equipment used to construct, charge, operate and troubleshoot a refrigeration system. FA, SP

Conc-Reqs: ACR0001
Lab Fees: $17.50

ACR0002 Physical Principles II, 1.0 voc hrs
Continuation of the study of scientific principles as they relate to compression refrigeration. Tools and test equipment used to construct, charge, operate and troubleshoot a refrigeration system. FA, SP

Co-Reqs: ACR0001
Conc-Reqs: ACR0002L

ACR0002L Physical Principles II Lab, 2.0 voc hrs
Continuation of the study of scientific principles as they relate to compression refrigeration. Tools and test equipment used to construct, charge, operate and troubleshoot a refrigeration system. FA, SP

Co-Reqs: ACR0001L
Conc-Reqs: ACR0002
Lab Fees: $17.50

ACR0061 Psychrometrics, 1.0 voc hrs
A study of air, humidity, heat and movement as it relates to comfort air conditioning. Psychrometric processes will be charted, measured, and applied. SU

Pre-Reqs: ACR0002

Conc-Reqs: ACR0061L

ACR0061L Psychrometrics Lab, 2.33 voc hrs
A study of air, humidity, heat and movement as it relates to comfort air conditioning. Psychrometric processes will be charted, measured, and applied. SU

Conc-Reqs: ACR0061

Lab Fees: $14.00

ACR0062 Heat Load Calculations, 1.0 voc hrs
A study of heat and heat flow. Calculate heat gain and loss, duct and register sizing for comfort in refrigeration and air conditioning. SU

Pre-Reqs: ACR0002

Conc-Reqs: ACR0062L

ACR0062L Heat Load Calculations Lab, 2.0 voc hrs
A study of heat and heat flow. Calculate heat gain and loss, duct and register sizing for comfort in refrigeration and air conditioning. SU

Conc-Reqs: ACR0062

Lab Fees: $14.00

ACR0100 Basic Electricity I, 1.0 voc hrs
Continuation of the study of physical principles of electricity and practices in air conditioning and refrigeration systems. Laws of energy, energy equivalents, electrical components and circuits. FA, SP

Conc-Reqs: ACR0100L

ACR0100L Basic Electricity Lab, 2.0 voc hrs
Continuation of the study of physical principles of electricity and practices in air conditioning and refrigeration systems. Laws of energy, energy equivalents, electrical components and circuits. FA, SP

Conc-Reqs: ACR0100

Lab Fees: $17.50

ACR0102 Basic Electricity II, 1.0 voc hrs
Continuation of the study of physical principles of electricity and practices in air conditioning and refrigeration systems. Laws of energy, energy equivalents, electrical components and circuits. FA, SP

Co-Reqs: ACR0100

Conc-Reqs: ACR0102L

ACR0102L Basic Electricity II Lab, 2.0 voc hrs
Continuation of the study of physical principles of electricity and practices in air conditioning and refrigeration systems. Laws of energy, energy equivalents, electrical components and circuits. FA, SP

Co-Reqs: ACR0100L

Conc-Reqs: ACR0102

Lab Fees: $17.50

ACR0150 A/C Motors and Controls, 1.0 voc hrs
Study of single phase motors and related components. Disassembly, assembly, application and testing with appropriate instrumentation. FA, SP

Pre-Reqs: ACR0102

Conc-Reqs: ACR0150L

ACR0150L A/C Motors and Controls Lab, 2.0 voc hrs
Study of single phase motors and related components. Disassembly, assembly, application and testing with appropriate instrumentation. FA, SP

Conc-Reqs: ACR0150

Lab Fees: $14.00

ACR0205 Refrigerants I, 1.0 voc hrs
A study of the internal chemistry and physics of a refrigeration system. Refrigerants, oil, contaminants, dehydration and burnouts in detail. SU

Pre-Reqs: ACR0002

Conc-Reqs: ACR0205L

ACR0205L Refrigerants I Lab, 2.0 voc hrs
A study of the internal chemistry and physics of a refrigeration system. Refrigerants, oil, contaminants, dehydration and burnouts in detail. SU

Conc-Reqs: ACR0205

Lab Fees: $14.00

ACR0506 Residential Air Conditioning and Refrigeration, 1.0 voc hrs
Study of application, installation, and servicing central residential equipment. Integrates electrical, psychrometric and mechanical operation.

Pre-Reqs: ACR0102 AND ACR0002

ACR0506L Residential Air Conditioning and Refrigeration Lab, 2.0 voc hrs
Study of application, installation, and servicing central residential equipment. Integrates electrical, psychrometric and mechanical operation.

Lab Fees: $14.00

ACR0600 Fossil Fuel Heating, 1.0 voc hrs
Oil and gas fired heating systems. Combustion, mechanical and electrical components. FA, SP

Pre-Reqs: ACR0850 AND ACR0150

Conc-Reqs: ACR0600L

ACR0600L Fossil Fuel Heating Lab, 2.0 voc hrs
Oil and gas fired heating systems. Combustion, mechanical and electrical components. FA, SP

Conc-Reqs: ACR0600

Lab Fees: $15.00

ACR0601 Heat Pumps, 1.0 voc hrs
An advanced study of the refrigerant cycle and the electrical circuitry necessary to provide year-round air conditioning. Includes electric furnaces. FA, SP

Pre-Reqs: ACR0150 AND ACR0506

Conc-Reqs: ACR0601L

ACR0601L Heat Pumps Lab, 2.0 voc hrs
An advanced study of the refrigerant cycle and the electrical circuitry necessary to provide year-round air conditioning. Includes electric furnaces. FA, SP

Pre-Reqs: ACR0150L AND ACR0506L

Conc-Reqs: ACR0601

Lab Fees: $24.00

ACR0741 Commercial Refrigeration I, 1.0 voc hrs
Comprehensive study of standard and special mechanical components. Component characteristics, operation and application. Design, construction and analysis of commercial systems. FA, SP

Pre-Reqs: ACR0002 AND ACR0102

Conc-Reqs: ACR0741L

ACR0741L Commercial Refrigeration I Lab, 2.0 voc hrs
Comprehensive study of standard and special mechanical components. Component characteristics, operation and application. Design, construction and analysis of commercial systems. FA, SP

Conc-Reqs: ACR0741

Lab Fees: $20.00

ACR0742 Commercial Refrigeration II, 1.0 voc hrs
A study of larger, multiple temperature refrigeration systems, more complex electrical and mechanical components and three-phase electricity. Design, construct and trouble-shoot advanced equipment. FA, SP

Pre-Reqs: ACR0741
Conc-Reqs: ACR0742L

ACR0742L Commercial Refrigeration II Lab, 2.0 voc hrs
A study of larger, multiple temperature refrigeration systems, more complex electrical and mechanical components and three-phase electricity. Design, construct and trouble-shoot advanced equipment. FA, SP

Conc-Reqs: ACR0742
Lab Fees: $20.00

ACR0815 Advanced Service Practice, 1.0 voc hrs
Conglomerate of previous courses, diagnostic procedures of job entry competencies in commercial refrigeration and central residential air conditioning. FA, SP

Pre-Reqs: ACR0150 AND ACR0741 AND ACR0850
Conc-Reqs: ACR0815L

ACR0815L Advanced Service Practice Lab, 2.0 voc hrs
Conglomerate of previous courses, diagnostic procedures of job entry competencies in commercial refrigeration and central residential air conditioning. FA, SP

Conc-Reqs: ACR0815
Lab Fees: $20.00

ACR0850 Air Conditioning Wiring, 1.0 voc hrs
The student will study principles of controls and interaction of components associated with residential and light commercial air conditioning systems. The student will design, construct and troubleshoot electrical circuits as used in residential and commercial A/C systems. FA, SP

Pre-Reqs: ACR0102
Conc-Reqs: ACR0850L

ACR0850L Air Conditioning Wiring Lab, 2.0 voc hrs
The student will study principles of controls and interaction of components associated with residential and light commercial air conditioning systems. The student will design, construct and troubleshoot electrical circuits as used in residential and commercial A/C systems. FA, SP

Conc-Reqs: ACR0850
Lab Fees: $20.00

ACR0905 Dir Study Acr, 1.0-4.0 voc hrs
Directed Study in Air Conditioning/Refrigeration FA, SP, SU

ACR0949 Coop A/H/R, 1.0-4.0 voc hrs
Cooperative Education Experience in Air Conditioning/Refrigeration FA, SP, SU

AER - Automotive Service

AER0033 Shop Math, Safety and Blueprint Reading, 1.0 voc hrs
Introduction course in shop math, measurement, job safety and material processes. This course will prepare the student for many levels of high performance engine building. Hands on training of practical motor applications for measurement. Blueprint reading will also be covered with engine features.

Conc-Reqs: AER0033L

AER0033L Shop Math, Safety and Blueprint Reading Lab, 2.33 voc hrs
Introduction course in shop math, measurement, job safety and material processes. This course will prepare the student for many levels of high performance engine building. Hands on training of practical motor applications for measurement. Blueprint reading will also be covered with engine features.

Conc-Reqs: AER0033
Lab Fees: $5.00

AER0102 Engine Theory, 1.0 voc hrs
The principles of four-stroke engine designs are the foundation for this study. Two-stroke engine design is also covered. Motor application. Valve train to piston to combustion theory. Application of internal moving parts and relationships to each other are emphasized.

Conc-Reqs: AER0102L

AER0102L Engine Theory Lab, 2.0 voc hrs
The principles of four-stroke engine designs are the foundation for this study. Two-stroke engine design is also covered. Motor application. Valve train to piston to combustion theory. Application of internal moving parts and relationships to each other are emphasized.

Conc-Reqs: AER0102
Lab Fees: $20.00

AER0152 Engine Assembly and Testing, 1.0 voc hrs
The engine assembly class will allow the students to completely assemble the engine and start it up and test. Student will fit all parts, measure and check clearances, test the oiling system and lubrication

Conc-Reqs: AER0152L

AER0152L Engine Assembly and Testing Lab, 2.0 voc hrs
The engine assembly class will allow the students to completely assemble the engine and start it up and test. Student will fit all parts, measure and check clearances, test the oiling system and lubrication

Conc-Reqs: AER0152
Lab Fees: $40.00

AER0461 Chassis and Brake System, 1.0 voc hrs
This course covers the drivetrain and suspension .Having a high performance motor is one thing, if the chassis is not set up proper, the vehicle will not produce to optimum performance. This course is very important for the final outcome of high performance.

Conc-Reqs: AER0461L

AER0461L Chassis and Brake System Lab, 2.0 voc hrs
This course covers the drivetrain and suspension .Having a high performance motor is one thing, if the chassis is not set up proper, the vehicle will not produce to optimum performance. This course is very important for the final outcome of high performance.

Conc-Reqs: AER0461
Lab Fees: $25.00

AER0499 Automotive Steering, Suspension and Alignment, 1.67 voc hrs
AER 0499/0499L Automotive Steering, Suspension and Alignment and Lab 5.0 voc. crs. Prepares the student to diagnose and repair steering and suspension systems, including electronic suspensions, and 4-wheel steering systems. The most common wheel alignment techniques are taught. Hands-on experience is obtained in the live work lab. FA

Conc-Reqs: AER0499L

AER0499L Automotive Steering, Suspension and Alignment Lab, 3.33 voc hrs
Prepares the student to diagnose and repair steering and suspension systems, including electronic suspensions, and 4-wheel steering systems. The most common wheel alignment techniques are taught. Hands-on experience is obtained in the live work lab. FA

Conc-Reqs: AER0499
Lab Fees: $33.00

AER0599 Automotive Brake Systems, 1.67 voc hrs
Prepares the student to diagnose, service, and repair late model Disc and Drum braking systems and controls, including Anti-Lock Braking Systems. Hands-on experience is obtained in the live work lab. FA

Conc-Reqs: AER0599L

AER0599L Automotive Brake Systems Lab, 3.33 voc hrs
Prepares the student to diagnose, service, and repair late model Disc and Drum braking systems and controls, including Anti-Lock Braking Systems. Hands-on experience is obtained in the live work lab. FA

Conc-Reqs: AER0599
Lab Fees: $36.00

AER0608 Electronics, 1.0 voc hrs
Prepares the student to test, diagnose, and repair starting, charging and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with electrical and electronic systems. Components include lecture/discussion, written assignments, and hands-on experience.

Conc-Reqs: AER0608L

AER0608L Electronics Lab, 2.0 voc hrs
Prepares the student to test, diagnose, and repair starting, charging and associated electrical systems. Electrical measurement and circuit

tracing are stressed, along with an introduction to the operation of basic components associated with electrical and electronic systems. Components include lecture/discussion, written assignments, and hands-on experience.

Conc-Reqs: AER0608
Lab Fees: $10.00

AER0697 Automotive Electrical and Electronic Systems, 3.33 voc hrs
Prepares the student to test, diagnose, and repair starting, charging, lighting, and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with electrical and electronic systems. Hands-on experience is obtained in the live work lab. SP

Conc-Reqs: AER0697L

AER0697L Automotive Electrical and Electronic Systems Lab, 6.67 voc hrs
Prepares the student to test, diagnose, and repair starting, charging, lighting, and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with electrical and electronic systems. Hands-on experience is obtained in the live work lab. SP

Conc-Reqs: AER0697
Lab Fees: $29.00

AER0759 Automotive Heating and Air Conditioning Systems, 1.67 voc hrs
Prepares the student to diagnose, service,and repair heating and air conditioning systems. Automatic Temperature Control systems are introduced, and refrigerant recovery procedures are taught. Hands-on experience is obtained in the live work lab. FA

Conc-Reqs: AER0759L

AER0759L Automotive Heating and Air Conditioning Systems Lab, 3.33 voc hrs
Prepares the student to diagnose, service,and repair heating and air conditioning systems. Automatic Temperature Control systems are introduced, and refrigerant recovery procedures are taught. Hands-on experience is obtained in the live work lab. FA

Conc-Reqs: AER0759
Lab Fees: $39.00

AER0811 Electronic System Management, 1.0 voc hrs
This course familiarizes the student with the theory of operation of automotive computer systems. Prepares the student to perform lab oscilloscope analysis of electronic control unit circuitry. Familiarizes the student with the theory of supercharging, and the diagnosis and repair of turbochargers. Components include lecture/discussion, written assignments, and hands-on experience.

Conc-Reqs: AER0811L

AER0811L Electronic System Management Lab, 2.0 voc hrs
This course familiarizes the student with the theory of operation of automotive computer systems. Prepares the student to perform lab oscilloscope analysis of electronic control unit circuitry. Familiarizes the student with the theory of supercharging, and the diagnosis and repair of turbochargers. Components include lecture/discussion, written assignments, and hands-on experience.

Conc-Reqs: AER0811
Lab Fees: $10.00

AER0831 Ignition Theory, 1.0 voc hrs
Familiarizes the student with the theory of operation of Engine performance systems. Prepares the student to perform diagnostics, service, and repair of the vehicle powertrain management system. Components include lecture/discussion, written assignments, and hands-on experience.

Conc-Reqs: AER0831L

AER0831L Ignition Theory Lab, 2.0 voc hrs
Familiarizes the student with the theory of operation of Engine performance systems. Prepares the student to perform diagnostics, service, and repair of the vehicle powertrain management system. Components include lecture/discussion, written assignments, and hands-on experience.

Conc-Reqs: AER0831
Lab Fees: $10.00

AER0844 Fuel Systems, 1.0 voc hrs
Most vehicles today are using an electronic fuel system management. Racing engine today are using an electronic fuel management along with normally aspirated carburetors. Turbo charging, supercharging and nitrous oxide systems are all reviewed in this course.

Conc-Reqs: AER0844L

AER0844L Fuel Systems Lab, 2.0 voc hrs
Most vehicles today are using an electronic fuel system management. Racing engine today are using an electronic fuel management along with normally aspirated carburetors. Turbo charging, supercharging and nitrous oxide systems are all reviewed in this course.

Conc-Reqs: AER0844
Lab Fees: $10.00

AER0897 Automotive Engine Performance, 3.33 voc hrs
Familiarizes the student with the theory of operation of Engine performance systems. Prepares the student to perform diagnostics, service, and repair of the vehicle powertrain management system. Hands-on experience is obtained in the live work lab. SP

Pre-Reqs: AER0697
Conc-Reqs: AER0897L

AER0897L Automotive Engine Performance Lab, 6.67 voc hrs
Familiarizes the student with the theory of operation of Engine performance systems. Prepares the student to perform diagnostics, service, and repair of the vehicle powertrain management system. Hands-on experience is obtained in the live work lab. SP

Pre-Reqs: AER0697L
Conc-Reqs: AER0897
Lab Fees: $42.00

AER1001 Basic Concepts and Service Procedures, 2.0 sem hrs
Introduces the student to automotive industry practices and procedures. The vehicle basic engine service and maintenance. The student will learn how to interpret service information, both electronic and paper-based. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1001L

AER1001L Basic Concepts and Service Procedures Lab, 2.0 sem hrs
Introduces the student to automotive industry practices and procedures. The vehicle basic engine service and maintenance. The student will learn how to interpret service information, both electronic and paper-based. Components include lecture/discussion, written assignments and hands-on experience. (FA

Conc-Reqs: AER1001
Lab Fees: $27.00

AER1198 Engine Mechanical Service and Repairs, 2.0 sem hrs
Prepares the student to diagnose and repair four, six and eight cylinder engines. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1198L

AER1198L Engine Mechanical Service and Repairs Lab, 2.0 sem hrs
Prepares the student to diagnose and repair four, six and eight cylinder engines. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1198
Lab Fees: $48.00

AER1398 Automotive Transaxles and Differentials, 2.0 sem hrs
Prepares the student to diagnose and repair automobile manual transaxles, clutches, transmissions, differentials, driveline components, hydraulic systems and four-wheel drive transfer cases. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1398L

AER1398L Automotive Transaxles and Differentials Lab, 2.0 sem hrs
Prepares the student to diagnose and repair automobile manual transaxles, clutches, transmissions, differentials, driveline components, hydraulic systems and four-wheel drive transfer cases. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1398
Lab Fees: $35.00

AER1498 Automotive Steering, Suspension and Alignment, 2.0 sem hrs
Prepares the student to diagnose and repair automobile steering and suspension systems, including electronic suspensions. The latest 4-wheel alignment techniques are taught. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1498L

AER1498L Automotive Steering, Suspension and Alignment Lab, 2.0 sem hrs
Prepares the student to diagnose and repair automobile steering and suspension systems, including electronic suspensions. The latest 4-wheel alignment techniques are taught. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1498
Lab Fees: $32.00

AER1598 Automotive Brake Systems, 2.0 sem hrs
Prepares the student to test, diagnose and repair late model automobile Disc and Drum braking systems and controls, including Anti-lock Braking Systems, TCS, and vehicle safety. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER1598L

AER1598L Automotive Brake Systems Lab, 2.0 sem hrs
Prepares the student to test, diagnose and repair late model automobile Disc and Drum braking systems and controls, including Anti-lock Braking Systems, TCS, and vehicle safety. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER1598
Lab Fees: $36.00

AER1690 Electricity/Electronics Fundamentals, 2.0 sem hrs
Prepares the student to test, diagnose and repair automotive starting, charging, lighting and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with vehicle electrical and electronic systems. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1690L

AER1690L Electricity/Electronics Fundamentals Lab, 2.0 sem hrs
Prepares the student to test, diagnose and repair automotive starting, charging, lighting and associated electrical systems. Electrical measurement and circuit tracing are stressed, along with an introduction to the operation of basic components associated with vehicle electrical and electronic systems. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER1690
Lab Fees: $29.00

AER1798 Automotive Heating and Air Conditioning Systems, 2.0 sem hrs
Prepares the student to test, diagnose and repair automobile heating and air conditioning systems. Automatic Temperature Control systems are introduced, and freon recovery procedures are taught. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER1798L

AER1798L Automotive Heating and Air Conditioning Systems Lab, 2.0 sem hrs
Prepares the student to test, diagnose and repair automobile heating and air conditioning systems. Automatic Temperature Control systems are introduced, and freon recovery procedures are taught. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER1798
Lab Fees: $39.00

AER2298 Automotive Automatic Transaxles and Drive Systems, 2.0 sem hrs
Prepares the student to test, diagnose and repair automobile automatic transaxles and electronic transmissions. Theories of operation, testing and diagnosis are stressed. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER2298L

AER2298L Automotive Automatic Transaxles and Drive Systems Lab, 2.0 sem hrs
Prepares the student to test, diagnose and repair automobile automatic transaxles and electronic transmissions. Theories of operation, testing and diagnosis are stressed. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER2298
Lab Fees: $34.00

AER2840 Automotive Fuel Systems, 2.0 sem hrs
Prepares the student to test, diagnose and repair electronic fuel injection systems, including Throttle Body and Multi-Point injection components associated with EFI and ECCS. Fuel injection theory is stressed, along with testing of individual components within subsystems. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER2840L

AER2840L Automotive Fuel Systems and Lab, 2.0 sem hrs
Prepares the student to test, diagnose and repair electronic fuel injection systems, including Throttle Body and Multi-Point injection components associated with EFI and ECCS. Fuel injection theory is stressed, along with testing of individual components within subsystems. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER2840
Lab Fees: $30.00

AER2841 Drivability and Dynamometer Analysis, 2.0 sem hrs
Prepares the student to diagnose drivability problems with hand-held diagnostic scanning tools. Prepares the student to diagnose driveability problems using chassis dynamometer analysis. Prepares the student to perform five-gas emissions analysis. Components include lecture/discussion, written assignments, hands-on experience and selected student troubleshooting skills testing. SP

Conc-Reqs: AER2841L

AER2841L Drivability and Dynamometer Analysis Lab, 2.0 sem hrs
Prepares the student to diagnose drivability problems with hand-held diagnostic scanning tools. Prepares the student to diagnose driveability problems using chassis dynamometer analysis. Prepares the student to perform five-gas emissions analysis. Components include lecture/discussion, written assignments, hands-on experience and selected student troubleshooting skills testing. SP

Conc-Reqs: AER2841
Lab Fees: $32.00

AER2843 Automotive Computer Systems and Supercharging, 2.0 sem hrs
Familiarizes the student with the theory of operation of automotive computer systems. Prepares the student to perform lab labscope analysis of electronic control unit circuitry. Familiarizes the student with the theory of supercharging, and the diagnosis of turbochargers. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER2843L

AER2843L Automotive Computer Systems and Supercharging Lab, 2.0 sem hrs
Familiarizes the student with the theory of operation of automotive computer systems. Prepares the student to perform lab labscope analysis of electronic control unit circuitry. Familiarizes the student with the theory of supercharging, and the diagnosis of turbochargers. Components include lecture/discussion, written assignments and hands-on experience. FA

Conc-Reqs: AER2843
Lab Fees: $36.00

AER2850 Automotive Ignition and Emissions Control, 2.0 sem hrs
Prepares the student to test, diagnose and repair automobile electronic ignition and emissions control systems. Five-gas theory and labscope diagnosis are introduced. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER2850L

AER2850L Automotive Ignition and Emissions Control Lab, 2.0 sem hrs
Prepares the student to test, diagnose and repair automobile electronic ignition and emissions control systems. Five-gas theory and labscope diagnosis are introduced. Components include lecture/discussion, written assignments and hands-on experience. SP

Conc-Reqs: AER2850
Lab Fees: $27.00

AER2905 Directed Study in Automotive Technology, 1.0-4.0 sem hrs
Directed Study in Automotive Technology FA, SP, SU

AER2949 Cooperative Education Experience in Automotive Technology, 1.0-4.0 sem hrs
Cooperative Education Experience in Automotive Technology FA, SP, SU

AFR - Military Science

AFR1101 The Air Force Today I (General Military Course), 1.0 sem hrs
A survey course that focuses on the organizational structure and missions of Air Force organizations, officership and professionalism, and includes an introduction to communicative skills. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

AFR1111 The Air Force Today II (General Military Course), 1.0 sem hrs
Continuation of AFR 1101. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

AFR2130 The Development of Air Power I (General Military Course), 1.0 sem hrs
Focuses on factors contributing to the development of air power from its earliest beginnings through two world wars, the evolution of air power concepts and doctrine and an assessment of communicative skills. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

AFR2131 The Development of Air Power II (General Military Course), 1.0 sem hrs
Continuation of AFR 2130. A weekly leadership laboratory is mandatory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

AMH - History

AMH2010 United States History to 1877, 3.0 sem hrs
The political, economic, social and intellectual development of the people of the United States, from European exploration and settlement through the Civil War and Reconstruction. This course contributes to satisfying the Gordon Rule writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $7.00

AMH2020 US History 1865 to Present, 3.0 sem hrs
The political, economic, social and intellectual development of the people of the United States, from the Civil War to the present. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

AMH2042 American Social History 1860 to Present, 3.0 sem hrs
An examination of the cultural experiences, institutions and customs of American life and their effects on our common heritage, from 1860 to present times. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

AMH2045 American Maritime History, 3.0 sem hrs
An introductory course on American maritime history, tracing the impact of seafaring Americans and their related institutions and activities on American history from pre-colonial times to the present. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

AMH2047 Survey of US Military History, 3.0 sem hrs
This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Co-Reqs: ENC1101
Lab Fees: $5.00

AMH2059 The Vietnam War, 3.0 sem hrs
An introductory course on the Vietnam War, tracing the causes, and the effects of this conflict on United States and World History. The course will review the conflicts that occurred in Vietnam, from the time of French colonization to the present day. The course will also examine the ramifications that this conflict caused in the United States, and throughout the world. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

AMH2091 Survey of African American History, 3.0 sem hrs
A historical survey of African American experiences beginning with an overview of ancient African peoples, with emphasis on the experiences of Africans and their descendants in America. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

AMH2905 Directed Study in History, 1.0-4.0 sem hrs
Directed Study in History (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

AMH2949 Cooperative Education Experience in History, 1.0-4.0 sem hrs
Cooperative Education Experience in History FA, SP, SU

AML - English Language and Literature

AML2010 Early American Literature, 3.0 sem hrs
Representative American writers of the Colonial, Federal, Romantic and Realistic periods. Emphasis is placed upon artistic excellence and literary history. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: ENC1101

AML2050 Modern American Literature, 3.0 sem hrs
A survey of American writers covering roughly 1900-1950, emphasizing the modernist movement. Representative authors may include Faulkner, Hemingway, Fitzgerald, O'Neill, Cummings, Frost, Eliot, Pound. This course contributes to satisying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ENC1101
Lab Fees: $15.00

AML2060 Contemporary American Literature, 3.0 sem hrs
A survey of American writers of the last fifty to sixty years, since 1950, including attention to postmodernist literature. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $15.00

AML2260 Southern Literature, 3.0 sem hrs
A survey of representative Southern American writers incorporating selected readings from novelists, poets and playwrights. Emphasis on style, themes and regional uniqueness. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: ENC1101

AML2600 Introduction to African American Literature, 3.0 sem hrs
A survey of the African American history tradition from the eighteenth century to the present as reflected in a variety of oral and written traditions: songs, speeches, poetry, short-fiction, novels, drama, autobiographies, journals and letters. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ENC1101
Lab Fees: $15.00

ANT - Anthropology

ANT2000 Introduction to Anthropology, 3.0 sem hrs
A survey course including the subfields of linguistics, archaeology, cultural and physical anthropology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

ANT2905 Directed Study in Anthropology, 3.0 sem hrs
Directed Study in Anthropology FA, SP, SU

ANT2949 Cooperative Education Experience in Anthropology, 3.0 sem hrs
Cooperative Education Experience in Anthropology FA, SP, SU

APA - Accounting

APA1111 Computerized Accounting/Bookkeeping I, 4.0 sem hrs
The recording of business transactions; organization of ledgers, trial balances and worksheets; and adjusting and closing entries. Manual preparation of financial statements. Using accounting software to enter data, generate reports, and prepare financial statements. FA, SP, SU

Lab Fees: $16.00

APA1121 Computerized Accounting/Bookkeeping II, 4.0 sem hrs
Principles and procedures for establishing, maintaining and summarizing financial records. Payroll procedures and closing books, both manually and on the computer. (Prerequisite APA 1111 or permission of chairperson.) FA, SP

Pre-Reqs: APA1111
Lab Fees: $16.00

APA1711 Computer Spreadsheet, 3.0 sem hrs
Introduction in using computerized spreadsheets for beginning spreadsheet students. This course provides instruction in comprehensive concepts and techniques of spreadsheet applications used in the field of business. Basic topics are covered as well as additional topics including macros, PivotCharts and other worksheet design techniques. FA, SP, SU

Lab Fees: $13.00

APA2905 Directed Study in Accounting, 1.0-4.0 sem hrs
Practical applications of the techniques and practices of the accountant at work. FA, SP, SU

Pre-Reqs: ACG2071
Lab Fees: $13.00

APA2949 Cooperative Education Experience in Accounting/Bookkeeping, 1.0-4.0 sem hrs
Cooperative Education Experience in Accounting/ Bookkeeping FA,SP, SU

ARH - Art

ARH1000 Art Appreciation, 3.0 sem hrs
A foundation for understanding the visual arts. This course contributes to satisfying the Gordon Rule requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

ARH2050 Introduction to the History and Criticism of Art I, 3.0 sem hrs
Survey and criticism of ancient, medieval, Renaissance and contemporary art and architecture; relation of styles to cultural context. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101

ARH2051 Introduction to the History and Criticism of Art II, 3.0 sem hrs
Relation of artistic styles to cultural context. Survey and criticism of Renaissance, Baroque and contemporary art and architecture. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101

ARH2905 Directed Study in Art History, 1.0-4.0 sem hrs
Directed Study in Art History. FA, SP. SU

ARR - Automotive Collision

ARR0121 Introduction to Refinishing, 2.0 voc hrs
Students will be introduced to the theory of operating today's high tech refinish equipment. Students will learn the proper application of today's refinish materials, while adhering to personal and refinish safety techniques. FA

Conc-Reqs: ARR0121L

ARR0121L Introduction to Refinishing Lab, 2.0 voc hrs
Students will be introduced to the theory of operating today's high tech refinish equipment. Students will learn the proper application of today's refinish materials, while adhering to personal and refinish safety techniques. FA

Conc-Reqs: ARR0121
Lab Fees: $84.00

ARR0122 Auto Refinishing II, 2.0 voc hrs
Students are Introduced to finish identification, masking, and surface preparation. Develop proper spray gun techniques and application of corrosion protective materials. SP

Co-Reqs: ARR0121
Conc-Reqs: ARR0122L

ARR0122L Auto Refinishing II Lab, 2.0 voc hrs
Students are Introduced to finish identification, masking, and surface preparation. Develop proper spray gun techniques and application of corrosion protective materials. SP

Co-Reqs: ARR0121L
Conc-Reqs: ARR0122
Lab Fees: $84.00

ARR0123 Auto Refinishing III, 2.0 voc hrs
Students will be demonstrating advanced refinish techniques, color theory and perform tinting and blending procedures. Students will also develop skills in refinish defect removal and final detailing techniques. FA

Co-Reqs: ARR0122
Conc-Reqs: ARR0123L

ARR0123L Auto Refinishing III Lab, 2.0 voc hrs
Students will be demonstrating advanced refinish techniques, color theory and perform tinting and blending procedures. Students will also develop skills in refinish defect removal and final detailing techniques. FA

Co-Reqs: ARR0122L
Conc-Reqs: ARR0123
Lab Fees: $99.00

ARR0241 Introduction to Collision Repair, 2.0 voc hrs
Students will learn vehicle construction, terminology and collision energy management of today's high tech vehicles. Students will develop understanding of repair vs. replacement techniques, and the basics of collision estimating. Students will also learn basic industry welding techniques. FA

Conc-Reqs: ARR0241L

ARR0241L Introduction to Collision Repair Lab, 2.0 voc hrs
Students will learn vehicle construction, terminology and collision energy management of today's high tech vehicles. Students will develop understanding of repair vs. replacement techniques, and the basics of collision estimating. Students will also learn basic industry welding techniques. FA

Conc-Reqs: ARR0241
Lab Fees: $79.00

ARR0242 Collision Repair II, 2.0 voc hrs
Covering frontal impact analysis, students learn vital repair / replacement decisions. Developing repair plans and proper removal / replacement procedures. This class also covers function and fit of exterior panels. SP

Co-Reqs: ARR0241
Conc-Reqs: ARR0242L

ARR0242L Collision Repair II Lab, 2.0 voc hrs
Covering frontal impact analysis, students learn vital repair / replacement decisions. Developing repair plans and proper removal / replacement procedures. This class also covers function and fit of exterior panels. SP

Co-Reqs: ARR0241L
Conc-Reqs: ARR0242
Lab Fees: $91.00

ARR0243 Collision Repair III, 2.0 voc hrs
Students develop skills in vehicle mechanical system analysis, effects of side and rear impacts, restraint systems and cosmetic straightening of steel. FA

Co-Reqs: ARR0242
Conc-Reqs: ARR0243L

ARR0243L Collision Repair III Lab, 2.0 voc hrs
Students develop skills in vehicle mechanical system analysis, effects of side and rear impacts, restraint systems and cosmetic straightening of steel. FA

Co-Reqs: ARR0242L
Conc-Reqs: ARR0243
Lab Fees: $99.00

ARR0244 Basic Collision and Refinishing Overview (Work On Your Own Car), 2.0 voc hrs
This advanced course takes students through the art of plastic repair, replacement of vehicle components, to the new technology of adhesive bonding for panel replacement.

Conc-Reqs: ARR0244L

ARR0244L Basic Collision and Refinishing Overview (Work On Your Own Car) Lab, 2.0 voc hrs
This advanced course takes students through the art of plastic repair, replacement of vehicle components, to the new technology of adhesive bonding for panel replacement.

Conc-Reqs: ARR0244
Lab Fees: $62.00

ARR0294 Electrical, Glass and Trim, 2.0 voc hrs
Students will develop basic skills in electrical analysis, and proper glass adjustment and installation. Also, learn interior and exterior trim and molding removal and replacement techniques. FA

Conc-Reqs: ARR0294L

ARR0294L Electrical, Glass and Trim Lab, 2.0 voc hrs
Students will develop basic skills in electrical analysis, and proper glass adjustment and installation. Also, learn interior and exterior trim and molding removal and replacement techniques. FA

Conc-Reqs: ARR0294
Lab Fees: $69.00

ARR0376 Advanced Vehicle Components, 1.33 voc hrs
Analyzing today's suspension system is very complex. Students will learn the different designs and have the ability to diagnose suspension angles and understand wheel alignments. This course also enables students to analyze and repair safety restraint system and airbag systems. FA, SP

Pre-Reqs: ARR0243
Conc-Reqs: ARR0376L

ARR0376L Advanced Vehicle Components Lab, 1.34 voc hrs
Analyzing today's suspension system is very complex. Students will learn the different designs and have the ability to diagnose suspension angles and understand wheel alignments. This course also enables students to analyze and repair safety restraint system and airbag systems. FA, SP

Conc-Reqs: ARR0376
Lab Fees: $29.00

ARR0381 Introduction to Unibody and Frame, 2.0 voc hrs
Introductory instruction in the diagnosis and measurement of damaged unibody and frame-type vehicles. Training in frame straightening techniques and related tasks. FA

Conc-Reqs: ARR0381L

ARR0381L Introduction to Unibody and Frame Lab, 2.0 voc hrs
Introductory instruction in the diagnosis and measurement of damaged unibody and frame-type vehicles. Training in frame straightening techniques and related tasks. FA

Conc-Reqs: ARR0381
Lab Fees: $41.00

ARR0382 Unibody and Frame II, 2.0 voc hrs
Students will learn advanced skill development in replacement of structural components. This course takes students through the theory to hands-on unibody and frame set-up and pulls to return vehicle dimensions to manufacturer specifications. Instruction also includes structural welding techniques. SP

Co-Reqs: ARR0381
Conc-Reqs: ARR0382L

ARR0382L Unibody and Frame II Lab, 2.0 voc hrs
Students will learn advanced skill development in replacement of structural components. This course takes students through the theory to hands-on unibody and frame set-up and pulls to return vehicle dimensions to manufacturer specifications. Instruction also includes structural welding techniques. SP

Co-Reqs: ARR0381
Conc-Reqs: ARR0382
Lab Fees: $74.00

ARR0383 Unibody and Frame III, 2.0 voc hrs
This course takes students into full frame sectioning and replacement through to structural aluminum design and repair. Highlights are actually setting up and measuring unibody and full frame vehicles, and developing advanced skills to be utilized in the industry. SP

Co-Reqs: ARR0382
Conc-Reqs: ARR0383L

ARR0383L Unibody and Frame III Lab, 2.0 voc hrs
This course takes students into full frame sectioning and replacement through to structural aluminum design and repair. Highlights are actually setting up and measuring unibody and full frame vehicles, and developing advanced skills to be utilized in the industry. SP

Co-Reqs: ARR0382L
Conc-Reqs: ARR0383
Lab Fees: $84.00

ARR0905 Directed Study in Automotive Body Repair and Refinishing, 1.0-4.0 voc hrs
Directed Study in Automotive Repair and Refinishing. FA, SP, SU

ARR0949 Cooperative Education Experience in Automotive Body Repair and Refinishing, 1.0-4.0 voc hrs
Cooperative Education Experience in Automotive Body Repair and Refinishing FA, SP, SU

ART - Art

ART1201 Design I, 2.0 sem hrs
Studio assignments concerned with basic art fundamentals: line, color, shape, value and texture in organization of two-dimensional surface. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA.

Conc-Reqs: ART1201L

ART1201L Design I Lab, 1.0 sem hrs
Studio assignments concerned with basic art fundamentals: line, color, shape, value and texture in organization of two-dimensional surface. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART1201

ART1203 Design II, 2.0 sem hrs
Studio problems relating basic art fundamentals of three-dimensional forms. Four studio hours per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ART1201 OR ART1201C
Conc-Reqs: ART1203L

ART1203L Design II Lab, 1.0 sem hrs
Studio problems relating basic art fundamentals of three-dimensional forms. Four studio hours per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART1203

ART1300 Drawing I, 2.0 sem hrs
ART 1300/1300L is a traditional, beginning drawing class which teaches the fundamental skills needed for representational/objective drawing from life. Open to all students. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ART1300L

ART1300L Drawing I Lab, 1.0 sem hrs
ART 1300/1300L is a traditional, beginning drawing class which teaches the fundamental skills needed for representational/objective drawing from life. Open to all students. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ART1300

ART1301 Drawing II, 2.0 sem hrs
Drawing II is a continuation of the skill development begun in ART 1300/1300L. New materials, idea development and composition are stressed in the production of a portfolio. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ART1300 OR ART1300C
Conc-Reqs: ART1301L

ART1301L Drawing II Lab, 1.0 sem hrs
Drawing II is a continuation of the skill development begun in ART 1300/1300L. New materials, idea development and composition are stressed in the production of a portfolio. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ART1301

ART1331 Drawing III, 2.0 sem hrs
The study of the human figure in drawing through the use of live models. Four studio hours. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ART1301C OR ART1301
Conc-Reqs: ART1331L

ART1331L Drawing III Lab, 1.0 sem hrs
The study of the human figure in drawing through the use of live models. Four studio hours. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART1331
Lab Fees: $30.00

ART1500 Painting I, 2.0 sem hrs
An introduction to opaque painting. Emphasis on the fundamentals of technique, color and equipment. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ART1500L

ART1500L Painting I Lab, 1.0 sem hrs
An introduction to opaque painting. Emphasis on the fundamentals of technique, color and equipment. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ART1500

ART1501 Painting II, 2.0 sem hrs
Continuation of ART 1500 with emphasis on composition, elements of design and the development of work in a series. May be repeated one time for credit. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ART1500C OR ART1500
Conc-Reqs: ART1501L

ART1501L Painting II Lab, 1.0 sem hrs
Continuation of ART 1500 with emphasis on composition, elements of design and the development of work in a series. May be repeated one time for credit. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ART1501

ART1754 Pottery Handbuilding I, 2.0 sem hrs
Introduction to ceramic design. Emphasizing basic hand building, glazing and firing techniques. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART1754L

ART1754L Pottery Handbuilding I Lab, 1.0 sem hrs
Introduction to ceramic design. Emphasizing basic hand building, glazing and firing techniques. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART1754
Lab Fees: $27.00

ART1772 Raku Pottery I, 2.0 sem hrs
Introduction to ceramic design using the low fire raku pottery process. Basic hand building, glazing and firing techniques will be taught. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART1772L

ART1772L Raku Pottery I Lab, 1.0 sem hrs
Introduction to ceramic design using the low fire raku pottery process. Basic hand building, glazing and firing techniques will be taught. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Conc-Reqs: ART1772
Lab Fees: $27.00

ART2400 Printmaking I, 2.0 sem hrs
A survey of relief, intaglio and monotype printmaking techniques, including linocut, woodcut, collagraph and etching. May be repeated one time for credit. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2400L

ART2400L Printmaking Lab, 1.0 sem hrs
A survey of relief, intaglio and monotype printmaking techniques, including linocut, woodcut, collagraph and etching. May be repeated one time for credit. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2400
Lab Fees: $15.00

ART2540 Watercolor I, 2.0 sem hrs
An introduction to transparent watercolor painting. Emphasis on use of color, technique and equipment. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2540L

ART2540L Watercolor I Lab, 1.0 sem hrs
An introduction to transparent watercolor painting. Emphasis on use of color, technique and equipment. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2540

ART2551 Airbrush Techniques, 2.0 sem hrs
The art, history and techniques of the airbrush. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2551L

ART2551L Airbrush Techniques Lab, 1.0 sem hrs
The art, history and techniques of the airbrush. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2551

ART2701 Sculpture I, 2.0 sem hrs
Introduction to three dimensional space and mass using wood, clay, plaster and other materials. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2701L

ART2701L Sculpture I Lab, 1.0 sem hrs
Introduction to three dimensional space and mass using wood, clay, plaster and other materials. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2701
Lab Fees: $10.00

ART2702 Sculpture II, 2.0 sem hrs
Continuation and refinement of Sculpture I processes. May be repeated one time for credit. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ART2701 OR ART2701C
Conc-Reqs: ART2702L

ART2702L Sculpture II Lab, 1.0 sem hrs
Continuation and refinement of Sculpture I processes. May be repeated one time for credit. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Conc-Reqs: ART2702
Lab Fees: $10.00

ART2722 Stone Carving, 2.0 sem hrs
This is an introductory course in subtractive sculpture which builds foundation skills in stone carving and other processes. NOTE: This course may be accepted for transfer credit at the discretion of the receiving institution. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2722L

ART2722L Stone Carving Lab, 1.0 sem hrs
This is an introductory course in subtractive sculpture which builds foundation skills in stone carving and other processes. NOTE: This course may be accepted for transfer credit at the discretion of the receiving institution. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2722
Lab Fees: $10.00

ART2752 Pottery Wheelthrowing I, 2.0 sem hrs
Introduction to wheel-thrown pottery. Basic principles and development of skills on the potter's wheel. Simple forming, glazing and firing techniques. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2752L

ART2752L Pottery Wheelthrowing I Lab, 1.0 sem hrs
Introduction to wheel-thrown pottery. Basic principles and development of skills on the potter's wheel. Simple forming, glazing and firing techniques. Four studio hours. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2752
Lab Fees: $27.00

ART2759 Ceramic Studio I, 1.0 sem hrs
An advanced course in ceramics for art majors specializing in ceramics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ART1754C OR ART2752 OR ART1754
Lab Fees: $10.00

ART2834 Museum and Gallery Practices, 1.0 sem hrs
This course covers basic museum principles and techniques and includes an overview of collections care and management, installation and design of exhibitions, exhibitions and publications research, education and interpretation, marketing and conservation. Students undertake production role duties in a variety of museum operational areas. Formal instruction is supplemented by demonstration with hands-on learning and participation under the direction of placement supervisors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: PGY2000 OR ARH2050 OR ARH2051
Conc-Reqs: ART2834L

ART2834L Museum and Gallery Practices Lab, 2.0 sem hrs
This is the concurrent lab for ART 2834. This course covers basic museum principles and techniques and includes an overview of collections care and management, installation and design of exhibitions, exhibitions and publications research, education and interpretation, marketing and conservation. Students undertake production role duties in a variety of museum operational areas. Formal instruction is supplemented by demonstration with hands-on learning and participation under the direction of placement supervisors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: ART2834

ART2905 Directed Study in Art, 1.0-4.0 sem hrs
Directed Study in Art FA, SP, SU

ART2949 Cooperative Education Experience in Art, 1.0-4.0 sem hrs
Cooperative Education Experience in Art FA, SP, SU

ASL - Foreign Language (American Sign Language and Interpreting)

ASL2140 American Sign Language I, 3.0 sem hrs
An introduction to American Sign Language vocabulary and structure as used by deaf adults. Emphasis will also be placed on the history and culture of deafness in America. This course would be beneficial to any person working with the deaf in education, nursing, medicine, business, pre-law, physical education and technical-occupational skills. This course meets the Daytona State foreign language requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ASL2140L

ASL2140L American Sign Language I Lab, 1.0 sem hrs
This course meets the Daytona State foreign language requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ASL2140
Lab Fees: $10.00

ASL2150 American Sign Language II, 3.0 sem hrs
This course meets the Daytona State foreign language requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: SPA2612 OR ASL2140L AND ASL2140 OR SPA2612L
Conc-Reqs: ASL2150L

ASL2150L American Sign Language II Lab, 1.0 sem hrs
This course is designed to reinforce in a lab setting material presented in SPA 2613. Students will have directed practice utilizing audiovisual materials emphasizing intermediate level expressive and receptive conversational practice. This course meets the Daytona State foreign language requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: ASL2150
Lab Fees: $10.00

ASL2160 American Sign Language III, 3.0 sem hrs
This is an advanced course in American Sign Language for students who have previous course work in Signed English or other manual communication systems, but have no extensive background in grammatical structure and regional idiomatic usage of American Sign Language. The production of non-voiced, conversational, spontaneous signed sentences is the main objective, but continued emphasis of the ability to "read" signed phrases and sentences will also be an integral part of this course. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: SPA2613L AND SPA2613 OR ASL2150 AND ASL2150L
Conc-Reqs: ASL2160L

ASL2160L American Sign Language III Lab, 1.0 sem hrs
This laboratory course is designed to reinforce material presented in American Sign Language III, through the use of directed practice with audiovisual materials. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: SPA2613L AND SPA2613 OR ASL2150
Conc-Reqs: ASL2160
Lab Fees: $12.00

ASL2200 American Sign Language IV, 3.0 sem hrs
This is an advanced course for students who have previous course work in ASL, or other manual communication systems, and who require additional background in the physical characteristics, grammatical structure, regional and idiomatic usages of American Sign Language. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: SPA2614L AND SPA2614 OR ASL2160L AND ASL2160
Conc-Reqs: ASL2200L

ASL2200L American Sign Language IV Lab, 1.0 sem hrs
The lab offers a practice component to develop advanced interpreting skills. Course practice materials will parallel theoretical models introduced in SPA 2613. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: SPA2614L AND SPA2614 OR ASL2160
Conc-Reqs: ASL2200
Lab Fees: $10.00

AST - Astronomy

AST1002 Astronomy, 3.0 sem hrs
A survey of planetary, stellar and galactic astronomy; history of astronomy; and theories of the universe. Optional observing sessions may be held if the weather permits. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: MAT1033 AND ENC1101 OR MAC1105 OR MAC1114 OR MAC1140 OR MAC2233 OR MAC2311 OR MAC2312 OR MAC2313 OR MAP2302 OR MGF2106 OR MGF2107 OR STA2023

AST2905 Directed Study in Astronomy, 1.0-3.0 sem hrs
Directed Study in Astronomy FA, SP, SU

Co-Reqs: ENC1101 AND MAT1033

BCA - Building Construction (Apprenticeship)

BCA0330 Electrical Academy Union Apprentice I, 3.3 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge of basic electricity, its uses and installation methods, Community First Aid & Safety, and DC Theory.

BCA0330L Electrical Academy Union Apprentice I Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge of basic electricity, its uses and installation methods, Community First Aid & Safety, and DC Theory.

BCA0331 Electrical Academy Union Apprentice 2, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in job safety and OSHA, basic wiring, perform electrical calculations, electrical equipment, recognition and use of electrical materials, and basic blueprint symbols.

BCA0331L Electrical Academy Union Apprentice 2 Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge of job safety and OSHA, basic wiring, electrical equipment, recognition and use of electrical materials, and basic blueprint reading.

BCA0332L Electrical Academy Union Apprentice 3 Lab-OJT, 21.33 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0333 Electrical Academy Union Apprentice 4, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in resistors, inductors, capacitors, transformers, and vectors.

BCA0333L Electrical Academy Union Apprentice 4 Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge of resistors, inductors, capacitors, transformers, and vectors.

BCA0334 Electrical Academy Union Apprentice 5, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in AC Theory and how to relate the theory to everyday jobsite installations, How to interpret the National Electrical Code for jobsite installations, Understanding basic Transformer operation, and CPR review.

BCA0334L Electrical Academy Union Apprentice 5 Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to apply competencies in advanced electrical theory and DC and AC complex circuits and their relationship to practical applications.

BCA0335L Electrical Academy Union Apprentice 6 Lab-OJT, 21.33 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0336 Electrical Academy Union Apprentice 7, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in grounding and bonding of electrical equipment, the National Electrical Code book and the related theory as to how it relates to electrical installations, and how to use the proper test instruments.

BCA0336L Electrical Academy Union Apprentice 7 Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to apply competencies in grounding and bonding of electrical equipment, the National Electrical Code book and the related theory as to how it relates to electrical installations, and how to use the proper test instruments.

BCA0337 Electrical Academy Union Apprentice 8, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in understanding Transformers, Fire Alarm Systems, Telephone and Security Basics, and Structured Cabling Basics.

BCA0337L Electrical Academy Union Apprentice 8 Lab-OJT, 22.66 voc hrs
Course designed for students to apply competencies in understanding Transformers, Fire Alarm Systems, Telephone and Security Basics, and Structured Cabling Basics.

BCA0338 Electrical Academy Union Apprentice 9, 3.3 voc hrs
Course designed for electrical union apprenticeship students (soon to be journeyman) to develop skills required to install lightning protection, motors and motor controls. Develop an understanding of building automation control devices. Introduction to photovoltaic systems, power quality and distributed generation.

BCA0338L Electrical Academy Union Apprentice 9 Lab-OJT, 21.33 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0339 Electrical Academy Union Apprentice 10, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.

BCA0339L Electrical Academy Union Apprentice 10 Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in utilizing the National Electrical Code in day to day electrical installations. Become familiar with the articles and sections of the NEC when preparing for the Journeyman Block Exam. Perform electrical calculations. Review Hazardous Locations. Understand general requirements for electrical installations in Health Care Facilities.

BCA0340L Electrical Apprentice 9 Lab-OJT (Non-Union), 21.33 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0341 Electrical Apprentice 10 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.

Conc-Reqs: BCA0341L

BCA0341L Electrical Apprentice 10 Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of advanced electricity, its uses and installation, methods including raceways, wiring, and electrical equipment.

Conc-Reqs: BCA0341

BCA0342 Electrical Apprentice 11 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in electricity, its uses and installation, motors, motor controls, transformers, safety and effective foremanship associated with the electrical industry.

Conc-Reqs: BCA0342L

BCA0342L Electrical Apprentice II Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of advanced electricity, its uses and installation, motors, motor controls, transformers, safety and effective foremanship associated with the electrical industry.

Conc-Reqs: BCA0342

BCA0343 Electrical Apprentice 12 (Union), 3.3 voc hrs
Students gain knowledge in metal cutting, grinding and welding.

BCA0343L Electrical Apprentice 12 Lab-OJT (Non-Union), 21.33 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0350 Electrical Apprentice I (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of basic electricity, its uses and installation methods, Community First Aid & Safety, and DC Theory.

Conc-Reqs: BCA0350L

BCA0350L Electrical Apprentice I Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of basic electricity, its uses and installation methods, Community First Aid & Safety, and DC Theory.

Conc-Reqs: BCA0350

BCA0351 Electrical Apprentice 2 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in job safety and OSHA, basic wiring, electrical equipment, recognition and use of electrical materials, and basic blueprint symbols.

Conc-Reqs: BCA0351L

BCA0351L Electrical Apprentice 2 Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of job safety and OSHA, basic wiring, electrical equipment, recognition and use of electrical materials, and basic blueprint reading.

Conc-Reqs: BCA0351

BCA0352L Electrical Apprentice 3 Lab-OJT (Non-Union), 21.33 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0353 Electrical Apprentice 4 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in resistors, inductors, capacitors, transformers, and vectors.

Conc-Reqs: BCA0353L

BCA0353L Electrical Apprentice 4 Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of resistors, inductors, capacitors, transformers, and vectors.

Conc-Reqs: BCA0353

BCA0354 Electrical Apprentice 5 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in florescent, HID lights, and lighting calculations, breakers/fuses, panels/switchgear, voltagedrop calculations, wire pulling tension calculations, GFI operations, and CPR review.

Conc-Reqs: BCA0354L

BCA0354L Electrical Apprentice 5 Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply competencies in advanced electrical theory and DC and AC complex circuits and their relationship to practical applications.

Conc-Reqs: BCA0354

BCA0355L Electrical Apprentice 6 Lab-OJT (Non-Union), 21.33 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0356 Electrical Apprentice 7 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in fire alarm systems, the National Electrical Code book and the related theory as to how it intertwines with the industry, basic hazardous locations, and understanding auxiliary power systems.

Conc-Reqs: BCA0356L

BCA0356L Electrical Apprentice 7 Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of fire alarms, the National Electrical Code book and related theory as to how it intertwines with the industry, basic hazardous locations, and understanding auxiliary power systems.

Conc-Reqs: BCA0356

BCA0357 Electrical Apprentice 8 (Non-Union), 3.3 voc hrs
Course designed for electrical non-union apprenticeship students to develop competencies in understanding auxiliary power systems, generators, special occupancies, special equipment, and special conditions.

Conc-Reqs: BCA0357L

BCA0357L Electrical Apprentice 8 Lab-OJT (Non-Union), 22.66 voc hrs
Course designed for electrical non-union apprenticeship students to apply knowledge of auxiliary power systems, generators, special occupancies, special equipment, and special conditions.

Conc-Reqs: BCA0357

BCA0390 Electrical Academy Union Apprentice 11, 3.3 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in utilizing the National Electrical Code in day to day electrical installations. Become familiar with the articles and sections of the NEC when preparing for the Journeyman Block Exam.

Perform electrical calculations. Review Hazardous Locations. Understand general requirements for electrical installations in Health Care Facilities.

BCA0390L Electrical Academy Union Apprentice 11 Lab-OJT, 22.66 voc hrs
Course designed for electrical union apprenticeship students to develop competencies in utilizing the National Electrical Code in day to day electrical installations. Become familiar with the articles and sections of the NEC when preparing for the Journeyman Block Exam. Perform electrical calculations. Review Hazardous Locations. Understand general requirements for electrical installations in Health Care Facilities.

BCA0391 Electrical Academy Union Apprentice 12, 3.3 voc hrs
Course designed for electrical union apprenticehship students to develop competencies in utilizing the National Electrical Code in day to day electrical installations. Become familiar with the articles and sections of the NEC when preparing for the Journeyman Block Exam. Perform electrical calculations. Review Hazardous Locations. Understand general requirements for electrical installations in Health Care Facilities.

BCA0391L Electrical Academy Union Apprentice 12 Lab-OJT, 21.33 voc hrs
Course designed for electrical union apprenticeship students to apply knowledge gained in class related instruction and knowledge gained on-the-job.

BCA0431 Plumbing Apprentice 11, 4.1 voc hrs
Students gain knowledge of sizing water supply and drainage systems along with fixture demand and code requirements. Students learn control theory is applied to operating systems and types of control application are covered in detail. Students also, learn electrical theory and intermediate commercial refrigeration.

Conc-Reqs: BCA0431L

BCA0431L Plumbing Apprentice 11 Lab, 22.66 voc hrs
Students apply knowledge of sizing water supply and drainage systems along with fixture demand and code requirements. Students learn control theory is applied to operating systems and types of control application are covered in detail. Students also, learn electrical theory and intermediate commercial refrigeration.

Conc-Reqs: BCA0431

BCA0432 Plumbing Apprentice 12, 4.1 voc hrs
Students will gain knowledge of compressed air piping systems, corrosive resistant waste piping, medical gas piping, and private waste disposal and water supply systems. Students will understand the components of installing swimming pools and hot tubs. Also, students will be able to identify the interior finish of doors and windows, wall and floor specialties, as well as cabinetry parts, woodworking joints, fasteners and laminates. Students learn about combustion controls and hermetic compressor burnouts.

Conc-Reqs: BCA0432

BCA0432L Plumbing Apprentice 12 Lab, 22.66 voc hrs
Students will install compressed air piping systems, corrosive resistant waste piping, medical gas piping, and private waste disposal and water supply systems. Students will demonstrate the installation of swimming pools and hot tubs. Also, students will be able to identify the interior finish of doors and windows, wall and floor specialties, as well as cabinetry parts, woodworking joints, fasteners and laminates. Students learn about and demonstrate knowledge of combustion controls and hermetic compressor burnouts.

Conc-Reqs: BCA0432

BCA0433L Plumbing Apprentice 13 Lab, 21.33 voc hrs
Course designed for the student to gain proficiency in the installation of plumbing fixtures and appliances, and review application of local plumbing codes to job situations.

BCA0434 Plumbing Apprentice 14, 4.1 voc hrs
Students gain knowledge in metal cutting, grinding and welding. Student will gain knowledge and be able to master skills with training measuring tools. Rigging is covered as a separate and distinct subject. The training segment is covered with generous amounts of shop time which is tailored to the specific needs and requirements of service journeyworkers. Related subjects such as knot tying, identification and application of various types of slings, shackles and hemp and wire rope are presented.

Conc-Reqs: BCA0434L

BCA0434L Plumbing Apprentice 14 Lab, 22.66 voc hrs
Students apply knowledge in metal cutting, grinding and welding. Student will gain knowledge and be able to master skills with training measuring tools. Rigging is covered as a separate and distinct subject. The training segment is covered with generous amounts of shop time which is tailored to the specific needs and requirements of service journeyworkers. Related subjects such as knot tying, identification and application of various types of slings, shackles and hemp and wire rope are presented.

Conc-Reqs: BCA0434

BCA0435 Plumbing Apprentice 15, 4.1 voc hrs
A review course for plumbing code, math and prepare for licensing exam.

Conc-Reqs: BCA0435

BCA0435L Plumbing Apprentice 15 Lab, 22.66 voc hrs
This course covers the provisions of the National Plumbing Code and local ordinance.

Conc-Reqs: BCA0435

BCA0450L Plumbing Apprentice 1 Lab, 21.33 voc hrs
Students demonstrate their ability to properly identify understanding of the safety of construction tools, introduction to the construction industry, math skills, and blueprint reading in order to assist plumbing journeyperson. Students also demonstrate understanding of basic electricity, refrigeration and customer service skills.

BCA0451 Plumbing Apprentice 2, 4.1 voc hrs
Students are provided: a service industry career overview; interpersonal relations perspectives; study skills; overview of safety; skills in the use and care of tools; and training in related mathematics.

Conc-Reqs: BCA0451L

BCA0451L Plumbing Apprentice 2 Lab, 22.66 voc hrs
Students demonstrate: a service industry career overview; interpersonal relations perspectives; study skills; overview of safety; skills in the use and care of tools; and training in related mathematics.

Conc-Reqs: BCA0451

BCA0452 Plumbing Apprentice 3, 4.1 voc hrs
Students gain knowledge of techniques of pipe joining, pipe cutting, pipe threading, and drawing interpretations. Students develop skills in how to do basic electricity, refrigeration, job safety, health on the job and customer service skills.

Conc-Reqs: BCA0452L

BCA0452L Plumbing Apprentice 3 Lab, 22.66 voc hrs
Students demonstrate techniques of pipe joining, pipe cutting, pipe threading, and drawing interpretations. Students demonstrate their skills in basic electricity, refrigeration, job safety, health on the job and customer service skills.

Conc-Reqs: BCA0452

BCA0453L Plumbing Apprentice 4 Lab, 21.33 voc hrs
Students will gain experience in fundamentals of the construction industry, trade math, drawings, specifications, and engineering principles. Students demonstrate understanding of background training in math and science necessary to fully understand basic fundamentals of operation of the refrigeration vapor compression cycle. Students revisit what was taught in first year in greater detail and understanding.

BCA0454 Plumbing Apprentice 5, 4.1 voc hrs
Students are taught the fundamentals of the construction industry, trade math, drawings and specifications. Students also learn conservation and safe handling of refrigerants EPA certification core type I, type II, type III and universal.

Conc-Reqs: BCA0454L

BCA0454L Plumbing Apprentice 5 Lab, 22.66 voc hrs
Students demonstrate their understanding of the fundamentals of the construction industry, trade math, drawings and specifications. Students also learn conservation and safe handling of refrigerants EPA certification core type I, type II, type III and universal.

Conc-Reqs: BCA0454

BCA0455 Plumbing Apprentice 6, 4.1 voc hrs
Students will gain knowledge in basic fixtures, valves, pneumatic and hydrostatic testing and shall be able to demonstrate setting fixtures, layout and installation of piping systems and fixtures. This course encompasses field engineering principles and forming and damp proofing. Students learn foundations for systematic troubleshooting of vapor compression systems and components are developed with an emphasis placed on working safety strategy for working in the mechanical equipment-servicing field.

Conc-Reqs: BCA0455L

BCA0455L Plumbing Apprentice 6 Lab, 22.66 voc hrs
Students demonstrate knowledge in basic fixtures, valves, pneumatic and hydrostatic testing and shall be able to demonstrate setting fixtures, layout and installation of piping systems and fixtures. This course encompasses field engineering principles and forming and damp

proofing. Students demonstrate knowledge of foundations for systematic troubleshooting of vapor compression systems and components are developed with an emphasis placed on working safety strategy for working in the mechanical equipment-servicing field.

Conc-Reqs: BCA0455

BCA0456L Plumbing Apprentice 7 Lab, 21.33 voc hrs
Students will apply knowledge of proficiency in building production, stair construction and reinforcing concrete and patented forms, exterior finish and roofing applications, installations of cornices, gutter and downspouts, water pressure, shock arrestors, back flow preventors, filtering and softening water, sanitizing water supply, fixture location, piping for solar heating and natural gas fired heating unit.

BCA0457 Plumbing Apprentice 8, 4.1 voc hrs
Students will gain knowledge in the brining together the overall understanding of the operation of air conditioning and refrigeration systems. This requires that the students have a fir understanding of the principles of operation of various control schemes which are commonly encountered in the field. Students will also gain knowledge in fundamentals of stair construction, reinforcing concrete and patented forms, drawings, local plumbing code, offsets and angles, venting and waste installations. Students will develop skills needed to be introduced to the equipment necessary for installing lift stations and sump pumps.

Conc-Reqs: BCA0457L

BCA0457L Plumbing Apprentice 8 Lab, 22.66 voc hrs
Students will gain knowledge in the brining together the overall understanding of the operation of air conditioning and refrigeration systems. This requires that the students have a fir understanding of the principles of operation of various control schemes which are commonly encountered in the field. Students will gain experience and apply knowledge in the fundamentals of stair construction, reinforcing concrete and patented forms, drawings, local plumbing code, offsets and angles, venting and waste installations. Students will develop and apply skills needed. Students will be introduced to the equipment necessary for installing lift stations and sump pumps.

Conc-Reqs: BCA0457

BCA0458 Plumbing Apprentice 9, 4.1 voc hrs
Students will gain knowledge exterior finish and roofing applications, installations of water pressure, shock arrestors, back flow preventors, filtering and softening water, sanitizing water supply, fixture location, piping for solar heating and natural gas fired heating unit. Student will gain knowledge to become competent in the area of electrical component trouble-shooting and servicing HVACR systems and equipment. They will learn the importance of the role that electronic controls occupy in mechanical equipment-servicing field.

Conc-Reqs: BCA0458L

BCA0458L Plumbing Apprentice 9 Lab, 22.66 voc hrs
Students will apply knowledge of exterior finish and roofing applications, installations of water pressure, shock arrestors, back flow preventors, filtering and softening water, sanitizing water supply, fixture location, piping for solar heating and natural gas fired heating unit. Student will apply in the area of electrical component trouble-shooting and servicing HVACR systems and equipment. They will gain knowledge of the importance of the role that electronic controls occupy in mechanical equipment-servicing field.

Conc-Reqs: BCA0458

BCA0459L Plumbing Apprentice 10 Lab, 21.33-21.4 voc hrs
Students will install compressed air piping systems, corrosive resistant waste piping, medical gas piping, and private waste disposal and water supply systems. Students will demonstrate the installation of swimming pools and hot tubs. Students will learn and demonstrate knowledge of refrigeration equipment and applications such as supermarket installations, low temperature applications, compound compression systems, cascade and ultra low temperature systems. The fundamental operating concept of pneumatic controls, centrifugal and absorption cooling (lithium bromide and water-ammonia systems) is detailed.

BCH - Biochemistry

BCH3023 Biochemistry I, 3.0 sem hrs
Survey of the fundamental components of biochemistry. 3 hours lecture and 3 hours lab. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: CHM1046L
Conc-Reqs: BCH3023L

BCH3023L Biochemistry I Lab, 1.0 sem hrs
Lab portion: Survey of the fundamental components of biochemistry. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: CHM1046L AND CHM1046
Conc-Reqs: BCH3023
Lab Fees: $75.00

BCN - Building Construction

BCN1210 Materials and Processes, 3.0 sem hrs
Applications and characteristics, both physical and chemical, of materials commonly used in construction and mechanical processes by which materials may be shaped or formed. FA, SP

BCN1251 Architectural Drawing I, 2.0 sem hrs
Fundamentals of construction drafting, includeng basic components of construction. Development of working drawings including plans, elevations and sections using wood and construction in accordance with building code requirements. FA, SP, SU

Conc-Reqs: BCN1251L

BCN1251L Architectural Drawing I Lab, 1.0 sem hrs
Fundamentals of construction drafting, includeng basic components of construction. Development of working drawings including plans, elevations and sections using wood and construction in accordance with building code requirements. FA, SP, SU

Conc-Reqs: BCN1251

BCN1253 Architectural Drawing II, 2.0 sem hrs
Intermediate principles of architectural drawing, space utilization, visual design and perspective. SP, SU

Pre-Reqs: BCN1251
Conc-Reqs: BCN1253L

BCN1253L Architectural Drawing II Lab, 1.0 sem hrs
Intermediate principles of architectural drawing, space utilization, visual design and perspective. SP, SU

Conc-Reqs: BCN1253

BCN2257 Architectural Detailing, 2.0 sem hrs
Architectural detailing of steel, wood and concrete systems used in light construction. SP

Conc-Reqs: BCN2257L

BCN2257L Architectural Detailing Lab, 1.0 sem hrs
Architectural detailing of steel, wood and concrete systems used in light construction. SP

Conc-Reqs: BCN2257

BCN2560 Mechanical and Electrical Equipment, 3.0 sem hrs
The study of heating, air conditioning, water supply, sanitation and electrical service and their installation. Design methods along with the operation of equipment and controls is also included. SP

BCN2905 Directed Study in Construction, 1.0-4.0 sem hrs
Directed Study in Construction FA, SP, SU

BCT - Building Construction

BCT1040 Blueprint Reading, 3.0 sem hrs
This class is a survey of the various types of drawings and other documents commonly used in the construction industry. It includes topics such as: terminology, abbreviations, symbols, notations, scales, dimensions, meanings of lines, drawing history, technical and orthographic projections, types of construction, and trade information. This class reinforces the skills of reading, writing and mathematics. FA, SP

BCT2949 Cooperative Education Experience in Construction, 1.0-4.0 sem hrs
Cooperative Education Experience in Building Construction. FA. SP, SU

BCT2990 Technical Training, 23.0 sem hrs
Students must have completed an appropriate apprenticeship or certificate program of 700 contact hours or equivalent with a GPA of 2.0 or better. Demonstrated work experience with supporting documentation equivalent to an apprenticeship or certificate may be acceptable. The certificate or apprenticeship program will be evaluated. If accepted, credit will be awarded.

BOT - Botany

BOT1010 General Botany, 3.0 sem hrs
General principles of the structural organization and function of plants emphasizing cellular structure and physiology, anatomy, genetics, growth and diversity of plants. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Conc-Reqs: BOT1010L

BOT1010L General Botany Lab, 1.0 sem hrs
General principles of the structural organization and function of plants emphasizing cellular structure and physiology, anatomy, genetics, growth and diversity of plants. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Conc-Reqs: BOT1010
Lab Fees: $35.00

BOT3151 Flora of Florida's Coastal Wetlands, 3.0 sem hrs
Identification and natural history of the plants of Florida's coastal wetlands. Field and laboratory work in collection and preservation. Will involve field trips to sites in Volusia and Flagler Counties. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: BSC1010 AND BOT1010

BSC - Biological Science

BSC1005 Survey of Biological Sciences (For Non-Science Majors), 3.0 sem hrs
A survey of topics in biology designed to meet the informational needs of the non-scientist. Coverage of topics in molecular, cellular, organismal and population biology is included. Pre or Co-requisite ENC1101 (Not intended for science, engineering or pre-professional health-related majors.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $15.00

BSC1005L Survey of Biological Science (For Non-Science Majors) Lab, 1.0 sem hrs
The laboratory consists of observation, demonstration and experiments which correlate with the lecture. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101 AND BSC1005
Lab Fees: $30.00

BSC1010 General Biology I (For Science Majors), 3.0 sem hrs
Basic principles, which apply to the nature of plant and animal cells, including metabolism, reproduction, protein synthesis and genetics. Designed for Science majors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101 AND MAT1033 OR MAC1105 OR MAC1114 OR MAC1140 OR MAC2233 OR MAC2311 OR MAC2312 OR MAC2313 OR MAP2302 OR MGF2106 OR MGF2107 OR STA2023
Conc-Reqs: BSC1010L

BSC1010L General Biology I (For Science Majors) Lab, 1.0 sem hrs
Mandatory laboratory portion covering basic principles, which apply to the nature of plant and animal cells, including metabolism, reproduction, protein synthesis and genetics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: BSC1010
Lab Fees: $50.00

BSC1011 General Biology II (For Science Majors), 3.0 sem hrs
A survey of the evolution, morphology, physiology and ecology of the five kingdoms of living organisms. Designed for science majors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: BSC1010 OR BSC1010C
Conc-Reqs: BSC1011L

BSC1011L General Biology II (For Science Majors) Lab, 1.0 sem hrs
Mandatory laboratory portion of BSC1011. A survey of the evolution, morphology, physiology and ecology of the five kingdoms of living organisms. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: BSC1010C OR BSC1010
Conc-Reqs: BSC1011
Lab Fees: $50.00

BSC1020 Human Biology, 3.0 sem hrs
This course provides an introduction to scientific inquiry in relationship to the human body, its systems and basic functions with emphasis on homeostasis mechanisms. Not intended for science majors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

BSC1080 Basic Anatomy and Physiology for Health Careers, 3.0 sem hrs
This course guides the student in the exploration of the structure and function of the various systems of the human body as applied to certificate health programs. During the course students will explore the Internet, utilize course discussions and course mail and engage in activities, which will enable students to build a sound knowledge base that will prepare them for further studies in a variety of health care professions. Topics we will examine during the course include all of the systems of the body. FA, SP, SU

BSC1085 Human Anatomy and Physiology I, 3.0 sem hrs
Structure and function of the integumentary, skeletal, muscular and nervous systems of the human body. Course also will cover basic cytology and histology. This course is designed for students in health professions. A background in biology and chemistry strongly recommended. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101 AND MAT1033
Conc-Reqs: BSC1085L

BSC1085L Human Anatomy and Physiology I Lab, 1.0 sem hrs
Mandatory laboratory portion of BSC1085 covering the structure and function of the integumentary, skeletal, muscular and nervous systems of the human body. This course is designed for students in health professions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Conc-Reqs: BSC1085
Lab Fees: $50.00

BSC1086 Human Anatomy and Physiology II, 3.0 sem hrs
A continuation of BSC 1085. This course covers the structure and function of the digestive, urinary, respiratory, endocrine, circulatory and reproductive systems. This course is designed for students in health professions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: BSC1085
Conc-Reqs: BSC1086L

BSC1086L Human Anatomy and Physiology Lab, 1.0 sem hrs
Mandatory laboratory portion of BSC1086 covering the structure and function of the autonomic nervous system, digestive, urinary, respiratory, endocrine, circulatory and reproductive systems. This course is designed for students in health professions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: BSC1086
Lab Fees: $50.00

BSC2905 Directed Study in Biological Sciences, 1.0-4.0 sem hrs
Directed Study in Biological Science (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

BSC2930 Biological Themes in Film, 3.0 sem hrs
An introductory course in general biology exploring the major themes of biology by analyzing their applications in science fiction films. Topics include biotechnology, evolution, conservation, and biomedical ethics. This course satisfies the General Education requirement for Biological Science. This course cannot be substituted for BSC 1010 and BSC 1011. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

BUL - Business Law

BUL2241 Business Law I, 3.0 sem hrs
An introduction to judicial procedures that include legal rights and social forces; government, business, and society; ethics and contracts. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

BUL2242 Business Law II, 3.0 sem hrs
Continuation of Business Law I (BUL 2241). Reflects current thinking and recent changes in the law. Examines the Uniform Commercial Code, creditor's rights, agency, employment partnership, corporations, and special ventures. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

BUL3130 Legal, Ethical, and Social Aspects of Business, 3.0 sem hrs
This course explores the nature of legal, ethical, and societal environments of business. Emphasis is placed on business's social, legal, political, and ethical responsibilities to both external and internal groups in business. Topics include corporate social responsibility, legal, political and ethical aspects of business, state and federal laws, contracts, intellectual property, employment law, product liability, safety issues, and environmental regulation. PR: Junior level status or permission of the chair is required.

BUL3905 Directed Study in Legal, Ethical & Social Aspects of Business, 1.0-4.0 sem hrs
Directed Study in Legal, Ethical & Social Aspects of Business. FA, SP, SU

CAP - Computer Science

CAP1801 Simulation Fundamentals, 3.0 sem hrs
This is an introductory course in simulation technology. Students will learn the basic concepts in safety and housekeeping, basic sim-related software and hardware, instrumentation, documentation, and publications as related to the simulation industry. FA

Lab Fees: $30.00

CAP2023 Introduction to Game Programming, 3.0 sem hrs
During this course student will complete a ready-to-play, 3D animated game. This is a fast-paced, hands-on class to introduce the student to programming essentials, scripting, networking, GUI, textures, skins and 3D math. Students program clients and server modules; users interface; model and animate 3D characters, vehicles, terrains, and environments; program sound and music; and finally play test the finished game. FA, SP, SU

Lab Fees: $30.00

CAP2804 Advanced Simulation Systems, 4.0 sem hrs
The student will build on basic knowledge of simulator systems and operations gained in Simulation Fundamentals. Evaluation of simulator performance in comparison to requirements with consideration of government and manufacturing standards and statement of work documentation is included. Overall alignment procedures will also be covered. SP

Lab Fees: $50.00

CAP2905 Directed Study in Simulation and Robotics, 1.0-4.0 sem hrs
Directed Study in Simulation and Robotics. FA, SP, SU

CCJ - Criminal Justice

CCJ1010 Introduction to Criminology, 3.0 sem hrs
Survey of the social origins of criminal law, the administration of criminal justice, the causes of criminal behavior and the prevention and control of crime. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

CCJ1020 Introduction to Criminal Justice, 3.0 sem hrs
Exposure to the philosophical and historical background of criminal justice agencies and evaluation of their purpose, functions and contemporary problems. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

CCJ2647 Organized Crime, 3.0 sem hrs
An examination of organized crime, including structures, histories and activities, and issues of surrounding efforts to define and control it. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

CCJ2905 Directed Study in Criminal Justice, 1.0-4.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

CCJ2949 Cooperative Education Experience in Criminal Justice, 3.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

CET - Computer Electronic Technology

CET1112 Digital Fundamentals, 3.0 sem hrs
First course in digital theory covers number systems, including binary, octal, hexadecimal and decimal. Also includes logic gates, Boolean algebra, decoders, flip-flops, counters and programmable logic devices. FA, SP

Conc-Reqs: CET1112L

CET1112L Digital Fundamentals Lab, 1.0 sem hrs
First course in digital theory covers number systems, including binary, octal, hexadecimal and decimal. Also includes logic gates, Boolean algebra, decoders, flip-flops, counters and programmable logic devices. FA, SP

Conc-Reqs: CET1112

Lab Fees: $25.00

CET1178 A+:Computer Hardware, 2.0 sem hrs
Designed to teach the fundamentals needed to perform board-level servicing of desktop computers systems. Also covers how the hardware used in the computer works and interacts with other hardware. Introduces how printers work and basic troubleshooting procedures used with printers. Also introduces to other computing devices such as Notebook Computers and PDAs. This course prepares students for the core A+ Exam. FA, SP

Conc-Reqs: CET1178L

CET1178L A+:Computer Hardware Lab, 1.0 sem hrs
Designed to teach the fundamentals needed to perform board-level servicing of desktop computers systems. Also covers how the hardware used in the computer works and interacts with other hardware. Introduces how printers work and basic troubleshooting procedures used with printers. Also introduces to other computing devices such as Notebook Computers and PDAs. This course prepares students for the core A+ Exam. FA, SP

Conc-Reqs: CET1178

Lab Fees: $30.00

CET1600 Network Plus, 4.0 sem hrs
Basic concepts of network communication using the OSI model. Media, access protocols, routing, reliability, network services. Concepts of routing on an internet work. Prepares students for Network Plus certification exam. FA, SP

Lab Fees: $50.00

CET2123 Microcomputer and Basic Digital Communications, 3.0 sem hrs
T h is course includes the architectural study of a microprocessor with its bus system and instruction set. An introduction to the principles of digital communications is also included in this course. FA, SP

Pre-Reqs: CET1112

Conc-Reqs: CET2123L

CET2123L Microcomputer and Basic Digital Communications Lab, 1.0 sem hrs
T h is course includes the architectural study of a microprocessor with its bus system and instruction set. An introduction to the principles of digital communications is also included in this course. FA, SP

Pre-Reqs: CET1112L

Conc-Reqs: CET2123

Lab Fees: $30.00

CET2124 Microcomputer Technology I, 3.0 sem hrs
High level programming language ,Microcomputer assembly programming, Including overview of architecture and operating system environment.

CET2154 A+:Computer Operating Systems, 4.0 sem hrs
This course is designed to present proper preventative and corrective maintenance procedures for computers for computer systems. Also covers the basic installation and function of Windows operating systems as well a brief introduction to the Linux operating system. The installation use of basic applications such as Spyware removers, Anti-Virus software, and software firewalls are also covered. This course prepares students for the A+ Software Exam. FA, SP

Lab Fees: $25.00

CET2615 Advanced Cisco Router Configuration, 4.0 sem hrs
A d v a n c e d techniques in configuration of Cisco routers in Internet works, including utilization of configuration files downloaded from a TFTP server, employing advanced Cisco IOS EXEC commands. FA, SP

Pre-Reqs: CET1600

Lab Fees: $50.00

CET2620 Cisco Wide Area Network (WAN), 4.0 sem hrs
Routing WAN services and encapsulation, WAN design, PPP operation and authentication, ISDN capabilities and configuration, Frame Relay, subinterfaces and configuration. CCNA 640-607 certification exam. FA, SP

Pre-Reqs: CET2615

Lab Fees: $50.00

CET2625 Building Scalable Cisco Internetworks, 4.0 sem hrs
The Building Scalable Cisco Internetworks (BSCI) course focuses on using Cisco routers connected in LANs and WANs typically found at medium to large network sites. Upon completion of this training course, students will be able to select and implement the appropriate Cisco IOS services required to build a scalable, routed network. BSCI is part of the recommended training path for those students seeking the Cisco Certified Network Professional (CCNP) and Cisco Certified Design Professional (CCDP). FA

Pre-Reqs: CET2615

Lab Fees: $50.00

CET2626 Building Cisco Remote Access Networks, 4.0 sem hrs
In the Building Scalable Remote Access Networks (BSRAN) course, students learn how to build, configure and troubleshoot a remote access network to interconnect central sites to branch offices and home offices. Students also learn how to control access to the central site, as well as to maximize bandwidth utilization over the remote links. BSRAN is part of the recommended training path for those students seeking the Cisco Certified Network Professional (CCNP), Cisco Certified Design Professional (CCDP), and Cisco Certified Internetwork Expert (CCIE) certifications. SP

Pre-Reqs: CET2615

Lab Fees: $50.00

CET2660 Fundamentals of Network Security, 4.0 sem hrs
This course introduces the student to the concepts and methods of securing a computer network. The course includes general security concepts, legal aspects of computer crime, cyber-crime culture, viruses, types of attack, communications security, cryptology, access control, firewalls, intrusion detection and disaster preparedness. This course prepares the student for the CompTIA Security+ certification. Students must have a thorough knowledge of TCP/IP prior to enrolling. FA, SP

Pre-Reqs: CEN2304

Lab Fees: $50.00

CET2850 Wireless Networking, 4.0 sem hrs
Site survey, installation, configuration, and troubleshooting of Wireless Local Area Networks. Basic RF and antenna theory. FA, SP

Pre-Reqs: CET1600

Lab Fees: $50.00

CET2949 Cooperative Education Experience in Computer Engineering Technology, 1.0-4.0 sem hrs
(Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) FA, SP, SU

CET3010 Introduction to Information Technology, 3.0 sem hrs
An introduction to IT the field focused on business applications of IT including binary representation, graphics, data compression, information theory, transmision, storage technology, and communications

Pre-Reqs: ENC1101

CET3116 Digital Technology, 4.0 sem hrs
Class provide Digital logic gates, memory devices, Karnaugh Maps, combinational logic, arithmetic units, registers and sequential logic.

Pre-Reqs: MAC1105

CET3198 Digital Systems, 2.0 sem hrs
Finite State Machines and Algorithmic State Machines,includes design, synthesis and implementation of a digital syatem using schematic capture and VHDL.

Pre-Reqs: CET3323

Conc-Reqs: CET3198L

CET3198L Digital Systems Lab, 1.0 sem hrs
Hands on lab component for; Finite State Machines and Algorithmic State Machines,includes design, synthesis and implementation of a digital syatem using schematic capture and VHDL.

Conc-Reqs: CET3198

Lab Fees: $10.00

CET3383 Applied Systems Analysis I, 3.0 sem hrs
Study of system analysis, design, development, and implementation cycle. Includes Object Orientated programming (OOP) to implement system programs.

Pre-Reqs: COP2001 OR COP2220

CET3679 Introduction to Telephony, 3.0 sem hrs
An introductory level course in telephony technology. The telephony environment, telemanagement, telephony, connectivity, and services of telephony.

Pre-Reqs: EET3085 OR EET3086

CET4134 Microprocessor Electronics II, 2.0 sem hrs
Detailed discussion of MC68000 Software architecture programming and hardware architecture. Additionally,assembly language programming interfacing and hardware are discussed.

Conc-Reqs: CET4134L

CET4134L Microprocessor Electronics II Lab, 1.0 sem hrs
Lab component supporting lecture in discussion of MC68000 Software architecture programming and hardware architecture. Additionally,assembly language programming interfacing and hardware are discussed.

Conc-Reqs: CET4134
Lab Fees: $45.00

CET4138 Programmable Digital Devices, 2.0 sem hrs
Architecture and applications of various types of programmable logic devices. Design entry, methods, e.g. HDL, schematic capture, etc. Lab exercises using PALS, PLDs, and FPGS.

Pre-Reqs: CET3198L AND CET3198
Conc-Reqs: CET4138L

CET4138L Programmable Digital Devices Lab, 1.0 sem hrs
Lab component supporting lecture of ;Architecture and applications of various types of programmable logic devices. Design entry, methods, e.g. HDL, schematic capture, etc. Lab exercises using PALS, PLDs, and FPGS.

Conc-Reqs: CET4138

CET4333 Computer Organization and Design, 3.0 sem hrs
Basic computer systems design and architecture. An introduction to design of computer memories, CPU s, I/O devices, buses, and addressing schemes.

Pre-Reqs: CET3323 AND CET3323L

CET4483 Introduction to Local Area Networks, 3.0 sem hrs
An introductory level course in local area networks. Topics in data communications, computer networking, local area network technology, topologies, and protocols will be covered.

Pre-Reqs: EET3085 OR EET3086

CET4505 Applied Operating System I, 3.0 sem hrs
Modifying the operating systems to support new types of devices. Analysis of limitations and strengths of commercial mass storage operating systems in industry

Pre-Reqs: COP2001 OR COP2220

CET4663 Computer and Network Security, 3.0 sem hrs
Fundamentals of computer security technology, including cryptography, authentication, digital signatures, and network security tools and applications.

Pre-Reqs: CET1178 AND CET1178L AND CET2154

CET4668 Practice of Information Security, 3.0 sem hrs
Practice of Information Security including technical security issues, legal issues, physical and operational security, and security,architecture and models.

Pre-Reqs: CET4663 AND CET4663L AND CET4884

CET4748 Wide Area Networks I, 3.0 sem hrs
Designing Wide Area Networks; determining requirements, designing the networks, structure, choosing appropriate technologies, and evaluating results.

Pre-Reqs: CET4483

CET4860 Introduction to Digital Forensics, 2.0 sem hrs
Topics will include; forenisc process; forensic duplication; authentication; file recovery; file systems; FAT file system; digital artifacts, and various digital forensic tools.

Pre-Reqs: CET1178 AND CET2154 AND CTS2321 AND CET1600
Conc-Reqs: CET4860L

CET4860L Introduction to Digital Forensics Lab, 1.0 sem hrs
Lab component supporting lecture of; forenisc process; forensic duplication; authentication; file recovery; file systems; FAT file system; digital artifacts, and various digital forensic tools.

Conc-Reqs: CET4860

CET4861 Advanced Digital Forensics, 2.0 sem hrs
Covers forensic procedures for various operating systems (FAT, NTFS, EXT2/3/4, HFS+), applications (web, email, chat), using a variety of tools.

Pre-Reqs: CET4860 AND CET1178 AND CTS2321 AND CET2154 AND CET1600
Conc-Reqs: CET4861L

CET4861L Advanced Digital Forensics Lab, 1.0 sem hrs
Lab component supporting lecture of; forensic procedures for various operating systems (FAT, NTFS, EXT2/3/4, HFS+), applications (web, email, chat), using a variety of tools.

Conc-Reqs: CET4861

CET4862 Network Forensics and Incident Response, 2.0 sem hrs
Covers security incidents and intrusions, including identifying and categorizing incidents; responding to incidents; log analysis; network traffic analysis; tools; and creating an incident response team.

Pre-Reqs: CET4860 AND CET1178 AND CTS2321 AND CET2154 AND CET1600
Conc-Reqs: CET4862L

CET4862L Network Forensics and Incident Response Lab, 1.0 sem hrs
Lab component supporting lecture of; security incidents and intrusions, including identifying and categorizing incidents; responding to incidents; log analysis; network traffic analysis; tools; and creating an incident response team.

Conc-Reqs: CET4862

CET4884 Security Methods and Practice, 3.0 sem hrs
Computer networks, secure telecommunications,networks, disaster recovery, and the legal issues of security practices.

Pre-Reqs: CET3010 AND CET4663 AND CET4663L

CET4885 Digital Forensics for Information Security, 2.0 sem hrs
Security administration including vulnerability analysis, procedures and tools for security assessment.

Pre-Reqs: CET4663 AND CET4884 AND CET4663L
Conc-Reqs: CET4885L

CET4885L Digital Forensics for Information Security Lab, 1.0 sem hrs
Lab component for; Security administration including vulnerability analysis, procedures and tools for security assessment.

Conc-Reqs: CET4885

CGS - Computer Science

CGS1002 Introduction to Microcomputer Operations, 1.0 sem hrs
This is an introductory hands-on course that teaches the essentials of using the Windows Operating System. Emphasis on the use and management of the explorer, the taskbar, the desktop and menus, online help, disk tools and accessories. SP

Lab Fees: $10.00

CGS1060 Basic Computer Concepts, 2.0 sem hrs
This course is intended for first time computer users and concentrates on basic computer literacy. Students completing this course will have a concrete understanding of how to use a personal computer, manage computer files, use the Windows operating system and its various tools, send and receive e-mail and utilize the Internet to access information. Furthermore, the student will receive hands on experience with word processing, spreadsheet, presentation and other application programs. The course will be composed of classroom lectures together with hands-on computer exercises. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: CGS1060L

CGS1060L Basic Computer Concepts Lab, 1.0 sem hrs
This course is intended for first time computer users and concentrates on basic computer literacy. Students completing this course will have a concrete understanding of how to use a personal computer, manage computer files, use the Windows operating system and its various tools, send and receive e-mail and utilize the Internet to access information. Furthermore, the student will receive hands-on experience with word processing, spreadsheet, presentation and other application programs. The course will be composed of classroom lectures together with hands-on computer exercises. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: CGS1060
Lab Fees: $25.00

CGS1570 Introduction to Computer Applications, 1.0 sem hrs
This is a short introductory course, which introduces students to word processing, spreadsheets, database and presentation software. Students participate in hands-on activities using these software applications. FA, SP

Lab Fees: $10.00

CGS2100 Microcomputer Applications, 3.0 sem hrs
An introduction to computer operations including Windows operating system, e-mail, internet, and the use of software packages, including word processing, spreadsheets, data base management and presentation software. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $20.00

CGS2512 Advanced Computer Spreadsheets and Graphics Presentations, 3.0 sem hrs
This course examines advanced spreadsheet techniques such as @Functions, formula development, what-if tables and database operations. Also covered is the planning and development of graphics presentations. SP

Pre-Reqs: CGS2100
Lab Fees: $20.00

CGS2820 Web Programming (JavaScript, Ajax, ASP.Net), 3.0 sem hrs
This project-based course deals with a variety of web design tools used to access, design, and develop web sites. The students will be trained in techniques for creation and implementation of well-designed Dynamic Web sites using a design tool and a client side scripting language like JavaScript, Ajax, and server side technique with ASP.Net. FA, SP

Co-Reqs: COP1000
Pre-Reqs: COP1000 OR CTS1851
Lab Fees: $20.00

CGS2821 Advanced Web Programming (XML, ASP.Net, SQL Server), 3.0 sem hrs
This course continues the participants' development of skills using advanced web design techniques. Students will gain hands-on experience in creating and applying XML documents to web pages; understand XML mechanics and applications; manage XML data with ASP.Net and SQL Server programming. FA

Pre-Reqs: CTS1851
Lab Fees: $20.00

CGS2905 Directed Study in Computer Software Applications, 1.0-4.0 sem hrs
Directed Study in Computer Software Applications FA, SP, SU

CHD - Early Childhood Education

CHD1104 Introduction to Early Childhood Education I, 3.0 sem hrs
This course is designed to introduce the student to the field of Child Development and Education, with an emphasis on the historical, philosophical, psychological and sociological foundations of Early Childhood Education. FA

Conc-Reqs: CHD1104L

CHD1104L Introduction to Early Childhood Education I Lab, 1.0 sem hrs
Designed to provide the student with a supervised observation experience in a child care setting. FA

Conc-Reqs: CHD1104
Lab Fees: $6.00

CHD1220 Child Growth and Development, 3.0 sem hrs
A study of the interplay of biological factors, human interaction, social structure and cultural forces involved in shaping the growing child. FA, SP, SU

CHD1430 Observation, Recording and Assessment, 3.0 sem hrs
This course covers techniques for observing, recording and assessing the behavior of young children. FA

CHD1820 Introduction to Early Childhood Education II, 3.0 sem hrs
An overview of facilities, equipment, program planning and family involvement, using educational objectives and lesson plans in the preschool. Includes field experiences. SP

Conc-Reqs: CHD1820L

CHD1820L Introduction to Early Childhood Education II Lab, 1.0 sem hrs
Designed to provide the student with a supervised observation and participation experience in a child care setting. SP

Conc-Reqs: CHD1820
Lab Fees: $6.00

CHD2110 Infant/Toddler Development, 4.0 sem hrs
A study of the physical, social, emotional and mental development of infants and toddlers. FA

CHD2236 Introduction to School-Age Child Care, 3.0 sem hrs
This course is designed to introduce the student to the field of school-age care. An emphasis is placed on the historical, sociological, philosophical and psychological foundations of school-age care. The student explores the role of health, safety, nutrition, and recreation in the school-age care program and the establishment of positive relationships with families. Issues relating to school-age children, such as characteristic health problems and positive self-management are examined. This course is intended to meet partial educational requirements for the Florida School-Age Certification Training Program. FA

CHD2320 Curriculum Planning for Early Childhood, 3.0 sem hrs
A course designed to study and develop competencies in lesson planning, curriculum design, record keeping, diagnostic/evaluative procedures and teaching techniques using preschool settings. This course is intended to meet one of the educational requirements for the Advanced Level Child Care and Education Administrator Credential as defined by the state of Florida. (Prerequisite: Permission of chairperson.) SP

CHD2333 Creative Activities for the Young Child, 2.0 sem hrs
Designed to develop competencies in planning and supervising creative activities and to provide students with skills acquisition necessary to develop and adapt learning materials for the young child. FA

Conc-Reqs: CHD2333L

CHD2333L Creative Activities for the Young Child Lab, 1.0 sem hrs
Designed to develop competencies in planning and supervising creative activities and to provide students with skills acquisition necessary to develop and adapt learning materials for the young child. FA

Conc-Reqs: CHD2333
Lab Fees: $23.00

CHD2334 Language Arts for the Young Child, 3.0 sem hrs
A course covering skills and concepts required by teachers of young children to plan developmentally appropriate activities in language development, reading readiness and storytelling. FA

Conc-Reqs: CHD2334L

CHD2334L Language Arts Activities Lab, 1.0 sem hrs
Supervised laboratory experience with young children. Emphasis is placed on planning and implementing learning experiences in language arts and storytelling. Two hours laboratory. FA

Conc-Reqs: CHD2334
Lab Fees: $13.00

CHD2335 Music and Motor Activities for the Young Child, 2.0 sem hrs
Designed to teach the value of musical and physical activities in the child's life and ways to incorporate musical and motor activities in creative learning experience in the preschool. SU

Conc-Reqs: CHD2335L

CHD2335L Music and Motor Activities for the Young Child Lab, 1.0 sem hrs
Designed to teach the value of musical and physical activities in the child's life and ways to incorporate musical and motor activities in creative learning experience in the preschool. SU

Conc-Reqs: CHD2335

CHD2338 Math and Science for the Young Child, 3.0 sem hrs
A course covering the skills and concepts required by teachers of young children to plan developmentally appropriate activities in math, safety, science and food experience. SP

Conc-Reqs: CHD2338L

CHD2338L Math and Science Activities Lab, 1.0 sem hrs
Supervised laboratory experience with young children. Emphasis on planning and implementing learning experiences in math, science, social studies and art. Two hours laboratory. SP

Conc-Reqs: CHD2338
Lab Fees: $3.00

CHD2382 Planning Curriculum for School-Age Care Programs, 3.0 sem hrs
This course is designed to study and develop competencies in planning for child-centered school-age programs that foster critical thinking skills and reinforce and support math, science, social science, and language and literacy development, and the creative development of school-age children. Students learn to design activities that help children develop interpersonal skills and their own self-concept, promote multicultural understanding, and teach school-age children cooperative learning strategies. SP

CHD2440 Child Development Practicum, 6.0 sem hrs
The course is designed to provide students with a supervised internship in a selected educational program for young children. (Prerequisite: Permission of chairperson.) Lab fee: $3. SU

Lab Fees: $3.00

CHD2801 Child Development Management, 3.0 sem hrs
Child care management course covering director responsibilities in implementing and administering an early childhood program, staff selection and supervision and financially managing the program. This course is intended to meet the educational requirements for the foundational-level child care and Educational Administrator Credential as defined by the state of Florida, and can be used toward the advanced level of the credential. FA

CHD2905 Directed Study in Child Development, 2.0-6.0 sem hrs
Directed Study in Child Development. FA, SP, SU

CHD2930 Special Topics in Early Childhood, 1.0 sem hrs
This course provides an overview of the roles and requirements of various children care professionals. SP

CHD2949 Cooperative Education in Child Development, 1.0-4.0 sem hrs
Cooperative Education Experience in Child Development FA, SP, SU

CHM - Chemistry

CHM1025 Introductory to Chemistry, 3.0 sem hrs
Survey of modern chemistry, designed particularly for those with little or no chemistry background or for those needing an overview of chemistry. May also be used as a preliminary to CHM 1045/1045L. Three-hour lecture, one-hour recitation/ laboratory (CHM1025L). This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101 AND MAT1033 OR MAC1140 OR MAC2311 OR MAC2233 OR MAP2302 OR MAC1114 OR MAC1105 OR MAC2312 OR MAC2313 OR STA2023 OR MGF2106 OR MGF2107
Conc-Reqs: CHM1025L

CHM1025L Introduction to Chemistry Lab, 1.0 sem hrs
One hour laboratory/recitaition portion of Survey of modern chemistry, designed particularly for those with little or no chemistry background or for those needing an overview of chemistry. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Conc-Reqs: CHM1025
Lab Fees: $35.00

CHM1045 General College Chemistry I, 3.0 sem hrs
Fundamental laws and theories of chemistry and related laboratory experiments. Designed for students majoring in science. Three-hour lecture, three-hour laboratory. (Prerequisites or corequisites: ENC 1101 and MAC 1105 and satisfactory completion of CHM 1025/1025L or evidence of satisfactory achievement in high school chemistry.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: MAC1105 AND ENC1101 OR MAP2302 OR MAC1114 OR MAC2312 OR STA2023 OR MAC1140 OR MAC2311 OR MAC2313 OR MAC2233
Pre-Reqs: CHM1025
Conc-Reqs: CHM1045L

CHM1045L General College Chemistry I Lab, 1.0 sem hrs
Mandatory Laboratory portion of CHM1045. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP,SU

Conc-Reqs: CHM1045
Lab Fees: $50.00

CHM1046 General College Chemistry II, 3.0 sem hrs
Continuation of CHM 1045/1045L. Three-hour lecture, three-hour laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: CHM1045 OR CHM1045C
Conc-Reqs: CHM1046L

CHM1046L General College Chemistry II Lab, 1.0 sem hrs
Mandatory laboratory portion of CHM1045. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: CHM1045C OR CHM1045
Conc-Reqs: CHM1046
Lab Fees: $50.00

CHM2210 Organic Chemistry, 3.0 sem hrs
The first semester of the CHM 2210/2210L - 2211C/2211L sequence. A study of the structure, synthesis and reactions of organic compounds. Three-hour lecture, three-hour laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.FA, SP

Pre-Reqs: CHM1046 OR CHM1046C
Conc-Reqs: CHM2210L

CHM2210L Organic Chemistry Lab, 1.0 sem hrs
Mandatory three hour laboratory portion of CHM2210/2210L. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: CHM1046C OR CHM1046
Conc-Reqs: CHM2210
Lab Fees: $50.00

CHM2211 Organic Chemistry II, 3.0 sem hrs
Continuation of CHM 2210/2210L. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Pre-Reqs: CHM2210 OR CHM2210C
Conc-Reqs: CHM2211L

CHM2211L Organic Chemistry II Lab, 1.0 sem hrs
Mandatory three hour laboratory portion of CHM2211. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Pre-Reqs: CHM2210C OR CHM2210
Conc-Reqs: CHM2211
Lab Fees: $50.00

CHM2905 Directed Study in Chemistry, 1.0-4.0 sem hrs
Directed Study in Chemistry (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

CHM3085 Environmental Chemistry, 3.0 sem hrs
The study of the basic concepts of organic and inorganic chemistry in the context of applications to the environmental issues of water quality, atmospheric pollution, sustainable agricultural practices, and environmental risks to human health in an integrated environment of lectures and field experiences. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: CHM2211 AND CHM2211L

CHM3120 Quantitative Analysis, 3.0 sem hrs
The principles and laboratory techniques of quantitative analytical methods, with emphasis on problem solving and choice of analytical methods. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SU

Pre-Reqs: CHM1046 OR CHM1046C
Conc-Reqs: CHM3120L

CHM3120L Quantitative Analysis Lab, 1.0 sem hrs
Mandatory three hour laboratory component of CHM 3120. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SU

Pre-Reqs: CHM1046C OR CHM1046
Conc-Reqs: CHM3120
Lab Fees: $40.00

CIS - Computer Science

CIS2905 Directed Study in Computer & Information System, 4.0 sem hrs
Independent individual or team studies, projects and practical in computer and information sciences under the direction of the Computer Science faculty. Specific content to be arranged. May be repeated with change of content. (Prerequisite: Permission of chairperson.) FA, SP, SU

CIS2935 Computer Science Seminar, 1.0 sem hrs
Discussion of computer programming work experience and special topics in computer science. (Prerequisite: permission of chairperson.) FA, SP, SU

CIS2949 Cooperative Education Experience in Computer and Information Systems, 1.0-4.0 sem hrs
(Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) FA, SP, SU

CJC - Criminal Justice

CJC1000 Introduction to Corrections, 3.0 sem hrs
A lecture/discussion of the organization and functions of corrections within the criminal justice system emphasizing the evolution of corrections for the rehabilitation of offenders. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

CJD - Criminal Justice

CJE - Criminal Justice

CJE1670 Crime Scene Investigation, 3.0 sem hrs
This course strives to depict the role of the forensic scientist in the criminal justice system. This course is designed for the non-scientific student. The course is a classroom introduction to the world of forensic science that includes Internet application, ability and limitations of the modern crime laboratory. Forensic science begins at the crime scene. If an investigator cannot recognize, collect, and package evidence properly, no amount of equipment or expertise in the laboratory will salvage the situation. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

CJJ - Criminal Justice

CJJ2002 Juvenile Delinquency, 3.0 sem hrs
Study of the juvenile justice system emphasizing definitions, causes, prevention, control of juvenile delinquency and rehabilitation of the delinquent youth. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

CJK - Criminal Justice

CJK0007 Introduction to Law Enforcement, 0.37 voc hrs
This course provides the student with an overview of the Criminal Justice System and the Criminal Justice Standards and Training Commission. FA, SP, SU

Lab Fees: $56.00

CJK0008 Law Enforcement Legal, 2.3 voc hrs
Constitutional law as it relates to the duties of a law enforcement officer is examined. Law topics of study include arrest laws, search and seizure and evidence procedures. FA, SP, SU

CJK0011 Human Issues in Law Enforcement, 1.33 voc hrs
This course teaches students the appropriate procedures for dealing with people who have special needs, such as, mentally ill, mentally retarded, substance abusers and persons with physical disabilities. FA, SP, SU

CJK0017 Law Enforcement Communications, 2.53 voc hrs
The entire police report writing process is covered. Topics include interviewing and interrogation, IPC skills, radio and telephone procedures, as well as practice exercises. FA, SP, SU

CJK0020 CMS Law Enforcement Vehicle Operations, 1.6 voc hrs
Components of the police driving environment are explored and practical exercises on the driving range are conducted. Vehicle pullovers and felony traffic stops are included via lecture, demonstration and scenario. FA, SP, SU

Lab Fees: $200.00

CJK0031 CMS First Aid for Criminal Justice Officers, 1.33 voc hrs
Based on DOT's first responder to medical emergencies. Included are major types of communicable diseases among adults, signs, and symptoms of each and methods of transmission. FA, SP, SU

Lab Fees: $25.00

CJK0040 CMS Criminal Justice Firearms, 2.67 voc hrs
Handgun and shotgun use, safety procedures and ammunition use are covered in lecture. Introduction includes weapons qualifications. FA, SP, SU

Lab Fees: $250.00

CJK0051 Criminal Justice Defensive Tactics, 2.67 voc hrs
Unarmed defense, restraining and apprehending techniques are taught. Special emphasis on the "use of force" continuum. Restraining devices, impact weapons, pressure points, chemical agents, and use of aerosol subject resistance, and officer fitness are also covered.

CJK0061 Law Enforcement Patrol I, 1.93 voc hrs
Addresses the daily skills and techniques needed by officers to perform patrol tactics. FA, SP SU

CJK0062 Law Enforcement Patrol II, 1.33 voc hrs
Students learn how to respond to the various types of calls that face today's patrol officer. FA, SP, SU

CJK0071 Criminal Investigations, 1.87 voc hrs
Students become familiar with all of the various types of crimes and investigations that a law enforcement officer is likely to encounter. FA, SP, SU

CJK0076 Law Enforcement Crime Scene Investigations, 0.8 voc hrs
This course is designed to introduce the students to the process of investigating specific crime scenes including, domestic violence, child abuse, elder abuse and death investigations. FA, SP, SU

CJK0082 Law Enforcement Traffic Stops, 0.8 voc hrs
This course introduces the student to the basic rules for conducting safe, effective traffic stops. FA, SP, SU

CJK0083 Law Enforcement DUI Traffic Stops, 0.8 voc hrs
This course outlines the specific procedures for detection, apprehension, documentation and prosecution of DUI offenses. Students will learn to perform the Standardized Field Sobriety Test. FA, SP, SU

CJK0086 Law Enforcement Traffic Crash Investigations, 1.07 voc hrs
This course introduces the student to traffic crash investigations, law pertaining to traffic crashes and procedures for responding to a traffic crash. FA, SP, SU

CJK0096 Law Enforcement Officer Physical Fitness Training, 2.0 voc hrs
This course evaluates the student's level of fitness, then develops a program of improvement through exercise and instruction in areas of nutrition, stress management and basic training techniques. This course is for students enrolled in the Basic Law Enforcement Recruit Training program. FA, SP, SU

CJK0100 Corrections Interpersonal Skills I, 2.07 voc hrs
Basic components of human needs and behavior are explored, as are the needs of various groups within the inmate society, including substance abusers, juveniles, mentally ill and handicapped. Crisis intervention, stress management and human diversity are also explored in depth. FA, SP, SU

CJK0101 Corrections Interpersonal Skills II, 1.67 voc hrs
Human adjustment to imprisonment as well as basic characteristics of inmate societies are explored. Emphasis on officer interpersonal skills. FA, SP, SU

CJK0102 Correctional Operations, 2.13 voc hrs
The general operation of correctional facilities is studied, including inmate intake, daily care, institutional procedures and officer tasks. FA, SP, SU

CJK0270 Corrections Legal I, 1.53 voc hrs
An introductory review of the criminal justice system and a history of law. The foundation and basic components of law are studied. Emphasis on correctional officer application. FA, SP, SU

Lab Fees: $39.00

CJK0280 Criminal Justice Officer Physical Fitness Training, 1.33 voc hrs
This course evaluates the student's level of fitness, then develops a program of improvement through exercise and instruction in the areas of nutrition, stress management and basic training techniques. This course is for students enrolled in the Basic Correctional Officer Recruit Training program. FA, SP, SU

CJK0285 Corrections Legal II, 0.73 voc hrs
Constitutional law as it relates to the public, police and corrections are examined. Law topics of study include evidence procedures, arrest laws, search and seizure and criminal liability of officers. FA, SP, SU

CJK0286 Corrections Communications, 1.4 voc hrs
The entire report writing process is covered. Topics include interviewing, interrogation, interpersonal communication skills, radio procedures, telephone procedures and practical exercises. FA, SP, SU

CJK0422 Dart Stun Gun Firing, 0.27 voc hrs
This course familiarizes the student with the function and effects of a dart firing stun gun. This course is required by the State of Florida. FA, SP, SU

Lab Fees: $30.00

CJK0480 Emergency Preparedness, 0.87 voc hrs
Riot, disturbance control and fire fighting skills are studied and practiced. Lecture includes methods of riot prevention, handling unusual occurrences, emergency procedures and what to do if taken hostage. FA, SP, SU

CJT - Criminal Justice

CJT2100 Criminal Investigation, 3.0 sem hrs
This course introduces the student to the elements of criminal investigation, crime scene examination, collection of evidence and searching for witnesses, developing and questioning suspects, and protecting physical evidence. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SU

CLP - Psychology

CLP2140 Abnormal Psychology, 3.0 sem hrs
A study of terminology, diagnostic categories and treatment methods of major types of psychological disturbances. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

COP - Computer Science

COP1000 Principles of Computer Programming, 3.0 sem hrs
This course provides the beginning programmer with a guide to developing structured program logic, and assumes no programming language experience. Programming concepts together with program definition, algorithms, flow charts, debugging, documentation, pseudocode, and a high-level language are introduced. FA, SP

Lab Fees: $20.00

COP2001 Computer Programming "C++", 2.0 sem hrs
A continuation of Computer Programming I using "C." Object-oriented programming concepts and fourth generation languages will be introduced and applied. SP

Pre-Reqs: COP1000
Conc-Reqs: COP2001L

COP2001L Computer Programming "C++" Lab, 1.0 sem hrs
A continuation of Computer Programming I using "C." Object-oriented programming concepts and fourth generation languages will be introduced and applied. SP

Conc-Reqs: COP2001
Lab Fees: $25.00

COP2220 Computer Programming "C", 3.0 sem hrs
Hands-on, introductory study of C Programming language as applied to business applications. The course includes arrays, pointers,

functions, I/O operations, data structures, and operating system interaction. Students write and compile their program in multiple platforms and compilers. Students also learn debugging techniques in existing malfunctioning programs and customize programs according to specifications. FA, SP

Pre-Reqs: COP1000 OR MAC1105
Lab Fees: $25.00

COP2510 Software Design and Development I, 3.0 sem hrs
This course deals with the techniques used in analysis, design, and development of computer system software through data flow analysis and system development life cycle including traditional (and object) analysis, requirements analysis, specification, systems design, implementation, and maintenance. SP

Pre-Reqs: COP2010
Lab Fees: $25.00

COP2700 Introduction to Database Management, 3.0 sem hrs
This class covers the concepts of relational databases and the industry standard SQL language. Students are taught the relational model to create and maintain database objects. Data analysis, logical and physical structure will be covered. Students will learn data definition language and data manipulation language syntax in SQL. CASE tools will be used to analyze data structure. FA

Lab Fees: $25.00

COP2800 Computer Programming "Java", 3.0 sem hrs
The high-level computer language "java" is used to solve business problems. Course includes basics, object-oriented programming, graphical user interfaces with event-driven programming and applets used in web pages. FA, SP

Pre-Reqs: COP1000
Lab Fees: $25.00

COP2831 Web Scripting (PHP), 3.0 sem hrs
This course is designed to teach Web server-side programming skills. Students completing this course will be able to develop a complete Web side, maintain and manage the Web site. Students will learn the essentials of Web server-side programming language, database, and server, write server-side programming code, integrate the code into Web pages, and identify different uses and applications of scripts in Web sites and/or other multimedia projects. SP

Lab Fees: $25.00

COP2833 Web Application Development - ActionScripting, 3.0 sem hrs
This course introduces the student to Macromedia Flash, with an emphasis on ActionScript. Students will learn about Object Composition, Inheritance, Interfaces and Components. They will learn to write object-oriented ActionScript code, integrate it into Web pages, and identify different uses and applications on the scripts in Web sites and/or other multimedia projects. SP

Pre-Reqs: COP1000
Lab Fees: $25.00

COP2850 Web Programming Project, 3.0 sem hrs
Upon completion of this project based course students will write a proposal, create project development plan, understand the project development procedure, demonstrate the computer skills, implement the project, test and deploy the complete system on the web server.

COP2881 Advanced Computer Programming "Java", 3.0 sem hrs
This course expands on the Java programming basics to explore advanced Java topics such as inner classes, object serialization, and multithreading. Many of the objectives for Sun Java Certification are covered. SP

Pre-Reqs: COP2800
Lab Fees: $25.00

COP2905 Directed Study in Computer Programming, 1.0-4.0 sem hrs
I n d e p e n d e n t individual or team studies, projects and practica in computer programming‼‼design, construction, documentation and implementation-under the direction of the Computer Science faculty. Specific content to be arranged. May be repeated with change of content. (Prerequisite: Permission of Computer Science chairperson.) FA, SP, SU

COP2940 Computer Science Internship, 2.0 sem hrs
Six hours per week of practical computer programming experience in a computer installation. FA, SP, SU

COP2949 Cooperative Educational Experience in Computer Programming, 1.0-4.0 sem hrs
Prerequisite: 12 semester hours of approved Computer Science courses and permission of Computer Science chairperson.) FA, SP, SU

COP4708 Applied Database I, 3.0 sem hrs
Design and implementation of data base systems within the concept of central administration, structured data storage. Programming project is required.

Pre-Reqs: COP2001 OR COP2220

COP4709 Applied Database II, 3.0 sem hrs
Study of hierarchial database system. Programming project is required.

Pre-Reqs: COP4708

COP4813 Web Systems I, 3.0 sem hrs
Introduction to web systems with emphasis on server configuration, web standards, and portal design.

Pre-Reqs: COP2001

COP4834 Web Systems II, 3.0 sem hrs
Advanced web design concentration on use of current technology (CGI, Java, XML, DHTML) to provide interactivity.

Pre-Reqs: COP4813

COS - Cosmetology

COS0080L Cosmetology I Lab, 8.0 voc hrs
Orientation to the field of cosmetology: The student will use classroom and laboratory facilities to develop basic skills, techniques, and prepare students to work on clients. FA, SP, SU

Lab Fees: $280.00

COS0081L Cosmetology II Lab, 8.0 voc hrs
A continuation of basic skills and concept development from level I. Students will be taught the principles and concepts of cosmetology while mastering cosmetology skills on the clinic floor. FA, SP, SU

Pre-Reqs: COS0080L
Lab Fees: $180.00

COS0082L Cosmetology III Lab, 8.0 voc hrs
The student will acquire knowledge of the principles and concepts of cosmetology. Intermediate skills will be perfected on clients in the school-operated salon. FA, SP, SU

Pre-Reqs: COS0080L AND COS0081L
Lab Fees: $130.00

COS0083L Cosmetology IV Lab, 8.0 voc hrs
The student will acquire knowledge of the principles of Florida Law, Anatomy and Physiology, and Salon Management. Skills will be perfected in the school-operated salon. FA, SP, SU

Pre-Reqs: COS0080L AND COS0081L AND COS0082L
Lab Fees: $85.50

COS0084L Cosmetology V Lab, 8.0 voc hrs
State Board preparation is emphasized. Theoretical knowledge and skills will be perfected to employment competency level. FA, SP, SU

Pre-Reqs: COS0080L AND COS0081L AND COS0083L AND COS0082L
Lab Fees: $85.50

COS0905 Directed Study in Cosmetology, 1.0-4.0 voc hrs
Directed Study in Cosmetology FA, SP, SU

CPO - Political Science

CPO2001 Comparative Government, 3.0 sem hrs
An introduction to comparative political behavior, processes, institutions and public policy in selected industrial democracies, communist and former communist states and "third world" countries. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

CRW - English Language and Literature

CRW2100 Fiction Writing, 3.0 sem hrs
An introduction to the techniques of writing fiction. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1102
Lab Fees: $15.00

CRW2300 Poetry Writing, 3.0 sem hrs
An introduction to the techniques of writing poetry. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ENC1102 AND ENC1101
Lab Fees: $15.00

CSP - Cosmetology

CSP0010 Nail Care Specialty - Cosmetology, 2.0 voc hrs
This course/program meets the requirements of the Florida State Board of Cosmetology to prepare the student for the State Board Examination in the area of nail technician.

Conc-Reqs: CSP0010L

CSP0010L Nail Care Specialty - Cosmetology Lab, 6.0 voc hrs
This course/program meets the requirements of the Florida State Board of Cosmetology to prepare the student for the State Board Examination in the area of nail technician.

Conc-Reqs: CSP0010
Lab Fees: $255.00

CSP0905 Directed Study in Nail Specialty - Cosmetology, 1.0-4.0 voc hrs
DIS in Nail Care Specialty FA, SP

CTS - Computer Science

CTS1851 Internet Web Foundations (HTML, CSS), 3.0 sem hrs
An introductory course designed to teach the basic hands-on skills and knowledge that today's business and Internet professionals are expected to understand and use. The three major topics covered are: internet fundamental uses, web page development using HTML, CSS, Web page design, and various fundamental web server management skills. Students will perform a variety of practical tasks and assignments. FA, SP

Lab Fees: $20.00

CTS2141 Advanced C++ and Direct X Programming, 3.0 sem hrs
The student applies the C++ programming and the Microsoft Foundation classes to create applications that run under the Microsoft Windows operating system. Topics include creating Windows applications, Web services and server-side coding. The student designs, implements and documents programs using Microsoft's Visual Studio development environment. FA

Pre-Reqs: COP2001
Lab Fees: $25.00

CTS2214 Project Management w/Microsoft Project, 3.0 sem hrs
This course provides an introduction to the basic elements of Project Management. Students build project plans using Microsoft Project software. The text used covers the objectives for the Microsoft Office Specialist (MOS) "core" certificate. FA, SP

Pre-Reqs: CGS2100
Lab Fees: $20.00

CTS2300 Designing Windows Networks, 4.0 sem hrs
Design a Windows Network infrastructure using network services. Topics include protocols, IP routing, DHCP, DNS, WINS, NAT, Proxy server, RAS, VPN, RADIUS, monitoring, DFS and optimization. MCP Exam 70-221, a core requirement for MCSE. SP

Pre-Reqs: CTS2810
Lab Fees: $50.00

CTS2302 Microsoft Windows Active Directory Services, 4.0 sem hrs
Implementation, administration and troubleshooting Windows Active Directory Services. Learn how to plan, create and maintain user and group accounts and profiles. Additional topics, such as DNS name resolution, zone, NTFS permissions and DFS will be discussed. MCP Exam 70-217, a core requirement for MCSE. SP

Pre-Reqs: CTS2328
Lab Fees: $50.00

CTS2303 Designing Windows Active Directory Services, 4.0 sem hrs
Design a Microsoft Windows® directory services infrastructure in an enterprise network. Strategies are presented to assist the student in

identifying the information technology needs of an organization, and then designing an Active Directory structure that meets those needs. MCP Exam 70-219, a core requirement for MCSE. SP

Pre-Reqs: CTS2302
Lab Fees: $50.00

CTS2306 Microsoft Windows Professional, 4.0 sem hrs
Installing, configuring and supporting Microsoft Windows Professional in a workgroup or domain to prepare for MCP Exam 70-270, a core requirement for MCSA and MCSE certifications. FA, SP

Lab Fees: $50.00

CTS2310 Designing Windows Network Security, 4.0 sem hrs
Design a security framework for small, medium and enterprise networks by using Microsoft Windows technologies. This course focuses on securing specific areas of the network. MCP Exam 70-220, a core requirement for MCSE. SP

Pre-Reqs: COP2010
Lab Fees: $50.00

CTS2311 Linux Networking and Security, 4.0 sem hrs
This is an advanced course in the Linux operating system emphasizing installing, configuring and using Linux networking services. It also stresses securing the Linux OS in a networked environment. Topics include configuring and using basic networking connectivity, Linux clients, SNMP, mail lists and news servers, email servers, DNS servers, file sharing, FTP servers, NFS, Samba, cryptographic security, password security, file security, routing, firewalls, and intrusion detection. Previous experience with Linux installation and configuration is required. SP

Pre-Reqs: CTS2321
Lab Fees: $50.00

CTS2320 Implementing, Managing and Maintaining a Windows Network Infrastructure, 4.0 sem hrs
Introduction to primary protocols and network services required to plan and design a Windows network infrastructure. Topics include TCP/IP, NWLink, DNS, WINS, WINS, DHCP, RAS, Network Monitor, IPSec, NAT and Certificate Services. Exam 70-216, a core requirement for MCSA and MCSE certifications. (Prerequisite: CEN 2304 or permission of Computer Science chairperson.) FA, SP

Pre-Reqs: CEN2304
Lab Fees: $50.00

CTS2321 Linux System Administration, 4.0 sem hrs
This course is designed to teach students the skills they need to effectively administer the Linux operating system. The course includes Linux server installation, configuration, administration, networking services, security, system maintenance, and troubleshooting tasks. Previous experience with computer hardware configuration, network services and network operating systems is required. FA, SP

Lab Fees: $50.00

CTS2328 Managing and Maintaining a Windows Network Environment, 4.0 sem hrs
Manage a network infrastructure, services and resources to prepare for MCP Exam 70-290, a core requirement for MCSA certification and an elective for MCSE certification. FA, SP

Pre-Reqs: CTS2306
Lab Fees: $50.00

CTS2330 Microsoft Exchange Server Implementation and Administration, 4.0 sem hrs
Install, configure, administer and troubleshoot Microsoft Exchange Server. Acquire the knowledge and skills required to perform day-to-day management of an Exchange Server organization. Prepare for MCSE Exam 70-224 an elective for Windows MCSE track. SP

Pre-Reqs: COP2010
Lab Fees: $50.00

CTS2402 Visual Basic Programming, 3.0 sem hrs
A first course in object-oriented programming using Microsoft Visual BASIC.NET for Windows. Topics covered will be the programming environment and how to use it, use of programming values and variables, conditional statement and loops, modules and parameter passing and use of color and windows forms for communication with the user. An introduction to ASP.NET and database access will be covered. FA, SP

Pre-Reqs: COP1000
Lab Fees: $25.00

CTS2403 Advanced Visual Basic Programming, 3.0 sem hrs
The student applies the Visual Basic programming language to more advanced problems including accessing SQL Server databases, creating Web forms, and creating custom controls. The student designs, implements and documents computer programs using Microsoft's Visual Basic.NET development environment. This course covers competencies of the developing and implementing Windows-based

Applications with Microsoft Visual Basic.NET and Visual Studio.NET exam (70-306) of the Microsoft Certified Application Developer (MCAD) certification. FA

Pre-Reqs: COP2010
Lab Fees: $25.00

CTS2431 Data Organization and Management, 2.0 sem hrs
Advanced concepts using Microsoft Access. Topics covered include creating table structures, enforcing referential integrity, creating and modifying forms, creating and modifying reports and saving objects as Web pages. This course covers topics required by the Microsoft Office Specialist (MOS) certification exam. FA, SP

Co-Reqs: COP1000
Conc-Reqs: CTS2431L

CTS2431L Data Organization and Management Lab, 1.0 sem hrs
Advanced concepts using Microsoft Access. Topics covered include creating table structures, enforcing referential integrity, creating and modifying forms, creating and modifying reports and saving objects as Web pages. This course covers topics required by the Microsoft Office Specialist (MOS) certification exam. FA, SP

Conc-Reqs: CTS2431
Lab Fees: $20.00

CTS3348 Linux Administration, 3.0 sem hrs
student will learn how a system administrator fulfills various organizational information resource management requirements using a Linux-based operating system. Topics will include; installation; creating and maintaining file systems; user and group administration; backup and restore processes; network configuration; various system services; security administration; and updating and maintaining the system.

Pre-Reqs: COP2001 OR COP2220

DAA - Dance

DAA1100 Modern Dance I, 3.0 sem hrs
Includes conditioning exercises and techniques that provide a vocabulary of movement to develop basic movement phrases and elements of composition. The use of improvisation will be introduced to develop a sense of individual accomplishment and skills. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

DAA1200 Classical Ballet I, 3.0 sem hrs
Provides a beginning level technique in the discipline of classical ballet. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

DAA1500 Beginning Jazz Dance, 3.0 sem hrs
Beginning level techniques and movement exploring a broad range of jazz dance. Elements of theater, lyrical and hip hop may be explored. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

DAA1520 Beginning Tap Dance, 3.0 sem hrs
Basic elements of tap dancing: shuffle, slap, and ball change, including varied combinations of these and other elements. Tap notation and varied styles of tap explored. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

DAA2101 Modern Dance II, 3.0 sem hrs
Intermediate techniques and performance comprise the course. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: DAA1100

DAA2201 Classical Ballet II, 3.0 sem hrs
A continuation of Classical Ballet I. This course will provide an intermediate level in the discipline of classical ballet. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: DAA1200

DAA2501 Intermediate Jazz Dance, 3.0 sem hrs
Dance Secondary level technique in basic movements of contemporary jazz dance. Primary emphasis is placed on lyrical, percussive and contemporary styles of jazz with improvisation choreography. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: DAA1500

DAA2540 Musical Theater Dance, 3.0 sem hrs
This course will explore the history of musical theater dance from the 1800s to the present time. Lecture and dance techniques are an integral part of the course methodology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: DAN1100 OR DAA1100

DAA2610 Dance Composition, 3.0 sem hrs
The analysis of dance movement and vocabulary related to the basic choreographic elements of space, time and energy will be examined. Individual choreography is an integral part of the course. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: DAA1100

DAA2640 Choreography and Dance Ensemble, 2.0 sem hrs
The creation, preparation and performance of original dance compositions. Students participate in public performances as the Daytona State Dance Ensemble. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: DAA2640L

DAA2640L Choreography and Dance Ensemble Lab, 1.0 sem hrs
The creation, preparation and performance of original dance compositions. Students participate in public performances as the Daytona State Dance Ensemble. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: DAA2640

DAN - Dance

DAN1100 Dance Appreciation, 3.0 sem hrs
Lecture-based dance appreciation class. Extensive use of audio/visual materials which highlight the development of contemporary dance in America. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101

DAN2740 Stretch and Placement, 3.0 sem hrs
This course will investigate dynamic alignment principles as they relate to flexibility and movement quality. Emphasis is placed on the anatomical and kinesiological factors involved in movement and range of movement exercises as they relate to any movement oriented skills. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

DEA - Dental Assisting

DEA0000 Introduction to Dental Assisting, 1.0 voc hrs
This course explores the major historical events in dentistry. Other areas of study include ethics and jurisprudence, OSHA regulations, the state dental practice act, certification procedures, expanded functions for dental auxiliaries and an overview of the dental specialties.SP, SU

DEA0020 Chairside Assisting I, 1.5 voc hrs
This course introduces students to the knowledge and skills that are required of a dental assistant in clinical practice. Emphasis is placed on the knowledge and practice of proper infection control methods, principles of four-handed dentistry and restorative procedures. FA

Co-Reqs: DEA0130 AND DES0002
Pre-Reqs: DEA0000
Conc-Reqs: DEA0020L

DEA0020L Chairside Assisting I Lab, 2.0 voc hrs
This course introduces students to the knowledge and skills that are required of a dental assistant in clinical practice. Emphasis is placed on the knowledge and practice of proper infection control methods, principles of four-handed dentistry and restorative procedures. FA

Co-Reqs: DES0002
Conc-Reqs: DEA0020
Lab Fees: $52.00

DEA0130 Biomedical Science, 2.0 voc hrs
This course is an introduction to the fundamentals of anatomy and physiology of the human body, with emphasis on head and neck anatomy. Other areas of study include histology, microbiology, pathology, oral pathology, pharmacology and medical/dental emergencies. FA

Co-Reqs: DEA0020 AND DES0002 AND DEA0020L
Pre-Reqs: DEA0000

DEA0801 Chairside Assisting II, 1.5 voc hrs
This course is a continuation of DEA 0020 Chairside Assisting I. This course exposes the students to the knowledge and skills that are required for a dental assistant in the various dental specialties. Emphasis is placed on the sequence of steps, armamentariums, expanded functions and procedures performed in specialized areas of dentistry. SP

Pre-Reqs: DEA0020 AND DES0002 AND DEA0020L
Conc-Reqs: DEA0801L

DEA0801L Chairside Assisting II Lab, 2.0 voc hrs
This course is a continuation of DEA 0020 Chairside Assisting I. This course exposes the students to the knowledge and skills that are required for a dental assistant in the various dental specialties. Emphasis is placed on the sequence of steps, armamentariums, expanded functions and procedures performed in specialized areas of dentistry. SP

Pre-Reqs: DEA0020L AND DEA0020 AND DES0002
Conc-Reqs: DEA0801
Lab Fees: $60.00

DEA0850L Externship I, 8.0 voc hrs
Students are assigned to clinical facilities to develop competence in performing chairside assisting skills, expanded functions, minor laboratory and basic office procedures. Students must maintain current certification in cardiopulmonary resuscitation while rotating through clinical facilities. Seminars are conducted in order to correlate clinical experiences with instructional goals. SP

Pre-Reqs: DEA0020 AND DEA0020L AND DES0205L AND DES0205
Lab Fees: $6.00

DEA0851L Externship II, 8.0 voc hrs
This is a continuation of DEA 0850L Externship I. Students are assigned to clinical facilities to perfect competence in performing chairside assisting skills, expanded functions, minor laboratory and basic office procedures. Students must maintain current certification in cardiopulmonary resuscitation while rotating through clinical facilities. Seminars are conducted in order to correlate clinical experiences with instructional goals. SU

Pre-Reqs: DEA0850L AND DEA0801 AND DEA0801L
Lab Fees: $6.00

DEH - Dental Hygiene

DEH1002 Preclinical Dental Hygiene, 2.0 sem hrs
This course is designed to acquaint students with the basic principles of dental hygiene practice. Lectures focus on diagnostic collection techniques, instrumentation and methods of infection control. FA

Pre-Reqs: BSC1085L AND BSC1086L AND BSC1085 AND BSC1086
Conc-Reqs: DEH1002L

DEH1002L Preclinical Dental Hygiene Lab, 2.0 sem hrs
This course is designed to acquaint students with the basic principles of dental hygiene practice. Lectures focus on diagnostic collection techniques, instrumentation and methods of infection control. FA

Pre-Reqs: BSC1085L AND BSC1086L AND BSC1085 OR BSC1086
Conc-Reqs: DEH1002
Lab Fees: $46.00

DEH1133 Orofacial Anatomy and Physiology, 2.0 sem hrs
This course provides an in-depth study of the human dentition and supporting structures. Topics of study include anatomical landmarks of the oral cavity, tooth and root morphology, oral embryology, oral histology and nomenclature. FA

Pre-Reqs: BSC1085 AND BSC1086L AND BSC1085L AND BSC1086

DEH1133L Orofacial Anatomy and Physiology Lab, 1.0 sem hrs
This course provides the student an opportunity to examine tooth and root morphology, occlusal relationships, stages of tooth development, histological tooth structures and the embryonic development of orofacial structures. The reproduction of the human dentition is emphasized. FA

Pre-Reqs: BSC1085L AND BSC1085 AND BSC1086 AND BSC1086L

DEH1800 Clinical Dental Hygiene I, 2.0 sem hrs
This course is a continuation of DEH 1002/1002L Preclinical Dental Hygiene and Lab. Emphasis is on treatment planning, nonsurgical periodontal therapy, dentin hypersensitivity, dental ergonomics, and family abuse and neglect. Lectures focus on the care of patients with orthodontic appliances and dental prostheses, dental implants, use of tobacco products, and bloodborne infectious diseases. SP

Co-Reqs: DEH1800L
Pre-Reqs: DEH1002L AND DEH1002 AND DES1840

DEH1800L Dental Hygiene Clinic I, 2.0 sem hrs
This course focuses on the utilization of patient assessment and treatment planning, periodontal debridement, and selective coronal polishing during clinical sessions. SP

Co-Reqs: DEH1800
Pre-Reqs: DEH1002L AND DES1200L AND DEH1002 AND DES1200
Lab Fees: $91.00

DEH1802 Clinical Dental Hygiene II, 2.0 sem hrs
This course is a continuation of DEH 1800 Clinical Dental Hygiene I. Topics include power instrumentation and debridement, air polishing, cosmetic whitening, intraoral photographic imaging, case development and presentation, indices and scoring methods, dietary analysis and nutritional counseling, and the care of patients with special needs. SU

Co-Reqs: DEH1802L
Pre-Reqs: DEH1800L AND DEH1800

DEH1802L Dental Hygiene Clinic II, 2.0 sem hrs
This course focuses on the refinement of basic skills pertaining to dental hygiene practice. SU

Co-Reqs: DEH1802
Pre-Reqs: DEH1800 AND DEH1800L
Lab Fees: $104.00

DEH2300 Pharmacology and Pain Control, 2.0 sem hrs
This course is a comprehensive comprehensive study of drugs and anesthetics used in the treatment of oral diseases. Special emphasis is given to the principles and techniques of pain control as it relates to the field of dentistry. FA

Pre-Reqs: CHM1025L AND BSC1086 AND CHM1025 AND BSC1086L

DEH2400 General and Oral Pathology, 2.0 sem hrs
This course is a comprehensive study of oral abnormalities and disease processes with a focus on clinical identification. The principles of general pathology in relationship to the diseases and the oral cavity are emphasized. FA

Pre-Reqs: DEH2602 AND BSC1086L OR BSC1086

DEH2602 Periodontology, 3.0 sem hrs
This course is a study of the etiology, clinical manifestations, prognosis and treatment of periodontal disease. Periodontal examinations, treatment planning and the dental hygienist's role in periodontal therapy are emphasized. SP

Pre-Reqs: DEH1002 AND DEH1002L AND DES1840

DEH2702 Community Dental Health, 2.0 sem hrs
This course covers the philosophy and practice of community and public health dentistry. The study of statistical analysis, research methodology, epidemiology of dental disease and the role of the dental hygienist in the community are emphasized. Students are required to design and implement an oral health education program for a community group. SP

Pre-Reqs: DEH2804 AND DEH2602
Conc-Reqs: DEH2702L

DEH2702L Community Dental Health Lab, 1.0 sem hrs
This course covers the philosophy as well as the practice of community and public health dentistry. The study of statistical analysis, research methodology, epidemiology of dental disease and the role of the dental hygienist in the community are emphasized. Students are required to design and implement an oral health education program for a community group. SP

Pre-Reqs: DEH2602 AND DEH2804
Conc-Reqs: DEH2702

DEH2804 Clinical Dental Hygiene III, 2.0 sem hrs
This course is a continuation of DEH 1802 Clinical Dental Hygiene II. Lectures focus on applied techniques for patients with special needs. FA

Co-Reqs: DEH2804L
Pre-Reqs: DEH1802L AND DEH1802

DEH2804L Dental Hygiene Clinic III, 4.0 sem hrs
This course emphasizes the utilization of advanced dental hygiene skills, expanded functions and periodontal therapy. FA

Co-Reqs: DEH2804
Pre-Reqs: DEH1802 AND DEH1802L
Lab Fees: $115.00

DEH2806 Clinical Dental Hygiene IV, 2.0 sem hrs
This course is a continuation of DEH 2804 Clinical Dental Hygiene III. Lectures focus on applying for employment, prevention of medical errors, ethics, jurisprudence, and legal concerns which are relevant to clinical practice. Emphasis is on review of clinical case studies. SP

Co-Reqs: DEH2806L
Pre-Reqs: DEH2804L AND DEH2804

DEH2806L Dental Hygiene Clinic IV, 4.0 sem hrs
This course provides further proficiency of clinical skills and refinement of assessment capabilities in preparation for licensure and clinical practice. SP

Co-Reqs: DEH2806
Pre-Reqs: DEH2804L AND DEH2804
Lab Fees: $115.00

DEP - Psychology

DEP2001 Infant Child and Adolescent Psychology, 3.0 sem hrs
An in-depth study of the concepts and principles of growth and development in infancy and childhood. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: PSY1012

Lab Fees: $5.00

DEP2004 Developmental Psychology, 3.0 sem hrs
A study of the various aspects of normal human development, equally emphasizing tasks, changes and adjustments that occur in each stage of the life span. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

DEP2402 Psychology of Adulthood and Aging, 3.0 sem hrs
An in-depth study of the concepts and principles of growth and development in adulthood and old age. A multicultural perspective will be utilized examining general adult developmental processes as well as examining differences among genders, ethnicities and cultures. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: PSY1012
Lab Fees: $5.00

DEP2481 Death & Dying: Life & Living, 3.0 sem hrs
An exploration of the meanings, human experiences and dilemmas associated with life and death in the twentieth century. Lecture/discussion method. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

DES - Dental Assisting/Hygiene (Support)

DES0002 Dental Anatomy and Physiology, 1.0 voc hrs
This course provides an in-depth study of the human dentition and supporting structures. Topics of study include: anatomical landmarks of the oral cavity, tooth and root morphology, and oral histology and embryology. FA

Co-Reqs: DEA0020L AND DEA0020 AND DEA0130
Pre-Reqs: DEA0000

DES0103 Dental Materials and Laboratory Procedures, 2.0 voc hrs
This course is designed to acquaint the student with the physical and chemical properties of materials used in dental practice. Instruction and practice in the manipulation of materials and minor laboratory procedures are emphasized. FA

Co-Reqs: DES0002 AND DEA0020L AND DEA0020
Pre-Reqs: DEA0000
Conc-Reqs: DES0103L

DES0103L Dental Materials and Laboratory Procedures Lab, 1.0 voc hrs
This course is designed to acquaint the student with the physical and chemical properties of materials used in dental practice. Instruction and practice in the manipulation of materials and minor laboratory procedures is emphasized. FA

Conc-Reqs: DES0103
Lab Fees: $65.00

DES0205 Dental Radiology, 2.0 voc hrs
This course is a study of the theories and principles of dental radiology. The following areas will be covered: history of X-ray development, radiation physics, radiographic anatomy, processing techniques, radiation hygiene and safety, X-ray equipment and radiographic techniques. Emphasis is placed on the interpretation, placement, exposing, processing and mounting of X-ray films during laboratory sessions. FA

Co-Reqs: DES0002 AND DEA0020L AND DEA0020
Pre-Reqs: DEA0000
Conc-Reqs: DES0205L

DES0205L Dental Radiology Lab, 1.0 voc hrs
This course is a study of the theories and principles of dental radiology. The following areas will be covered: history of X-ray development, radiation physics, radiographic anatomy, processing techniques, radiation hygiene and safety, X-ray equipment and radiographic techniques. Emphasis is placed on the interpretation, placement, exposing, processing and mounting of X-ray films during laboratory sessions. FA

Conc-Reqs: DES0205
Lab Fees: $65.00

DES0501 Practice Management, 1.0 voc hrs
This course instructs the student in the methods of maintaining dental office records. Other areas of study include bookkeeping systems,

dental insurance, telephone communications, patient management, recall systems, appointment control, oral and written communications, inventory systems and supply ordering. SP

Pre-Reqs: DEA0020 AND DEA0020L AND DEA0000

DES0844 Preventive Dentistry and Nutrition, 1.0 voc hrs
This course is a study of the mechanisms employed to avert or intercept dental disease and the conditions that tend to destroy oral structures. Students are given the opportunity to study the utilization of food derivatives in the maintenance and repair of body and oral tissues. Emphasis is placed on dietary considerations for the dental patient. SP

Pre-Reqs: DEA0020 AND DEA0020L AND DES0002

DES1100 Elements of Dental Materials, 2.0 sem hrs
This course introduces the student to the physical and chemical properties of materials used in dental practice. Instruction and practice in the manipulation of materials and minor laboratory procedures are emphasized during laboratory sessions. SU

Pre-Reqs: CHM1025 AND DES2832L AND CHM1025L
Conc-Reqs: DES1100L

DES1100L Elements of Dental Materials Lab, 1.0 sem hrs
This course introduces the student to the physical and chemical properties of materials used in dental practice. Instruction and practice in the manipulation of materials and minor laboratory procedures are emphasized during laboratory sessions. SU

Pre-Reqs: DES2832L
Conc-Reqs: DES1100
Lab Fees: $65.00

DES1200 Dental Radiography, 2.0 sem hrs
This course provides students with the fundamental background and theory for the safe and effective use of X-ray radiation. Laboratory sessions emphasize the placement, exposing, processing, mounting and interpretation of dental radiographs. FA

Pre-Reqs: BSC1086L AND CHM1025L AND BSC1086 AND CHM1025
Conc-Reqs: DES1200L

DES1200L Dental Radiography Lab, 2.0 sem hrs
This course provides students with the fundamental background and theory for the safe and effective use of X-ray radiation. Laboratory sessions emphasize the placement, exposing, processing, mounting and interpretation of dental radiographs. FA

Pre-Reqs: BSC1086L AND CHM1025L AND BSC1086 AND CHM1025
Conc-Reqs: DES1200
Lab Fees: $65.00

DES1840 Preventive Dentistry, 2.0 sem hrs
This course is designed to introduce the student to the practice and philosophy of preventive dentistry. Methods of dental biofilm control, tooth deposits and stains, dental caries, fluorides, oral physiotherapy, interdental care and oral health care products are emphasized. FA

Pre-Reqs: BSC1086L AND BSC1086 AND BSC1085 AND BSC1085L

DES2010 Head and Neck Anatomy, 2.0 sem hrs
This course is an in-depth study of the anatomy of the head and neck region. The skeletal, muscular, nervous, lymphatic and circulatory systems are emphasized. SP

Pre-Reqs: DEH1133 AND DEH1133L

DES2600 Medical and Dental Emergencies, 1.0 sem hrs
This course is designed to provide students with information on the signs, symptoms, treatment and equipment that is necessary to render care for common emergencies that can occur in the dental office. FA

Pre-Reqs: DEH1802 AND BSC1086 AND BSC1086L

DES2832L Expanded Functions for the Dental Hygienist, 2.0 sem hrs
This course provides students with didactic information and the laboratory experience to perform expanded functions that are permitted by the Florida laws and rules found in the Florida Statutes and Administrative Code. SP

Pre-Reqs: DEH1002 AND DEH1002L AND DEH1133
Lab Fees: $50.00

DIG - Digital Media

DIG1109 Digital Imaging Fundamentals, 3.0 sem hrs
This course covers digital image manipulation, editing and file management techniques using industry software. Introduces students to

personal computers, the Macintosh Operating System and peripheral devices as graphic production tools for design, photography and digital media. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $20.00

DIG2100 Web Design I, 3.0 sem hrs
An introduction to professional tools, techniques and methods used in web publishing. Current industry production software is used to create and edit electronic pages, layouts and websites. This course is repeatable one time for credit. FA,SP

Pre-Reqs: DIG1109
Lab Fees: $20.00

DIG2101 Web Design II, 3.0 sem hrs
This course explores the advanced study of specific conceptual, aesthetic, and production design issues for interactive websites. Current industry production software is used to develop electronic pages and paths that contain animation, sound and video. SP

Pre-Reqs: DIG2100
Lab Fees: $20.00

DIG2115 Digital Imaging Fundamentals II, 3.0 sem hrs
A continuation of DIG1109, this course combines digital technology processes with fundamental photography skills. Emphasis is on tools, techniques, and aesthetics in a range of visual communication applications. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Pre-Reqs: DIG1109
Lab Fees: $25.00

DIG2280 Digital Video and Sound, 3.0 sem hrs
This course introduces students to non-broadcast video production and concepts including camera operation, image control, aesthetics, and editing. Covers digital editing and digital audio post-production. FA, SP

Pre-Reqs: DIG1109 AND GRA1158
Lab Fees: $20.00

DIG2284 Advanced Digital Video and Sound, 3.0 sem hrs
This course in digital video production techniques covers advanced skills with production planning and execution, camera operation, editing and post-production effects. FA, SP

Pre-Reqs: DIG2280
Lab Fees: $20.00

DIG2300 2D Animation, 3.0 sem hrs
An introduction to two-dimensional animation concepts and techniques using traditional methods and computer software applications. Stresses the basics of moving imagery and covers storyboarding, scripting, backgrounds, surfaces, and lines of action. FA

Pre-Reqs: GRA1158 AND DIG2100 AND DIG1109
Lab Fees: $20.00

DIG2302 Introduction to 3D Animation, 3.0 sem hrs
An introduction to using computer software applications for three-dimensional modeling, mapping and rendering. Covers techniques to create moving images and simulations. SP

Pre-Reqs: DIG2300
Lab Fees: $20.00

DIG2500 Multimedia Authoring I, 3.0 sem hrs
An introduction to the design and construction of multimedia presentation materials for a range of electronic media. The student creates, arranges and manages audio, video, animation, graphics, typographic, and photographic sources to create effective informational, navigational, and interactive syntax. FA

Pre-Reqs: DIG2100 AND GRA1158 AND DIG1109
Lab Fees: $20.00

DIG2501 Multimedia Authoring II, 3.0 sem hrs
This course covers advanced concepts and techniques for multimedia authoring and production. Basic scripting concepts for animation elements and designing for interactivity are explored in a range of professional applications. SP

Pre-Reqs: DIG2500
Lab Fees: $20.00

ECO - Economics

ECO2013 Principles of Macro Economics, 3.0 sem hrs
An introduction to the fundamental principles and concepts of the U.S. national economy, including supply and demand analysis, national income accounting, economic growth, fiscal and monetary policy, business cycle theories and international trade. This course contributes to satisfying the Gordon Rule writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

ECO2023 Principles of Micro Economics, 3.0 sem hrs
An introduction to the fundamental principles and concepts of individual, business and government, including supply and demand, taxation price supports, plus analysis of labor, income distribution, politics, health care, and anti-trust. This course contributes to satisfying the Gordon Rule writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

ECO2905 Directed Study in Economics, 3.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

ECO2949 Cooperative Education Experience in Economics, 3.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

EDE - Education

EDE4223 Integrated Art, Music and Movement, 3.0 sem hrs
The purpose of this course is to provide understanding of the importance of integrated art, music and movement/dance in instruction. Emphasis is placed on effects of integrated lesson planning and modeling techniques. This course requires field experience with a certified teacher in a public school. This course may be offered in the FA or SP term.

Pre-Reqs: EDG4323

EDE4943 Student Internship, 9.0-10.0 sem hrs
The purpose of this course is to be the culmination of all principles learned throughout the pre-service education program. This course is the student internship class and requires the pre-service teacher to experience working as a full-time teacher in an elementary school setting for one semester. This course may be offered in the FA or SP term.

EDF - Education

EDF1005 Introduction to the Teaching Profession, 3.0 sem hrs
The purpose of this course is to introduce students to the education profession. Students will understand the historical, sociological and philosophical foundations of the profession as well as the challenges educators face in the 21st century. This course requires a field experience placement in K-12 setting. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. This course may be offered in the FA, SP or SU terms.

Lab Fees: $10.00

EDF2030 Effective Classroom Management, 3.0 sem hrs
Basic principles relating to classroom management, student discipline, use of reward systems and the role of the teacher in relation to faculty and staff. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

EDF2060 History of Education in the USA, 3.0 sem hrs
The historical development of American education including contributions, conflicts and changes in educational thought. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

EDF2085 Introduction to Diversity for Educators, 3.0 sem hrs
The purpose of this course is to introduce the instructional needs of diverse classroom populations including cultural, racial, religious, ethnic, gender issues, learning styles, abilities and disabilities, as well as to prepare students to become culturally responsive teachers. This course requires 15 hours of observation in a K-12 setting with at least one ESE or ESOL student. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. This course may be offered in the FA, SP or SU terms.

EDF2949 Cooperative Education Experience in Education, 3.0 sem hrs
Cooperative Education Experience in Education FA, SP, SU

EDF3214 Child/Adolescent Development and Learning, 3.0 sem hrs
The purpose of this course is to provide an examination of the various stages of human development and their relationship to contemporary theories of learning including motivation of at-risk urban and special needs students. This course requires extra-curricular field experience in public schools. The field experience is to take place in non-traditional classroom events, such as extra-curricular, field trips, athletic events, arts shows or performances. This course may be offered in the FA or SP term.

EDF4430 Classroom Assessment, 3.0 sem hrs
The purpose of this class is to help the pre-service teacher understand the principles of assessment, the different assessment strategies which can be used in the classroom, formative and summative evaluation, test construction, rubrics, alternative assessment and interpretation of standardized test information. This course requires field experience in a public school. The course may be offered in the FA or SP term.

EDF4603 Critical Issues in Classroom Management, Ethics, Law and Safety, 3.0 sem hrs
The purpose of this course is to introduce basic skills and knowledge for creating a safe environment that encourages learning, positive social interaction, and effective communication among students of diverse gender, ability, culture, language, race, ethnicity, and sexual orientation. The course emphasizes attitudes, language patterns, communication, values, and behaviors for eliciting and maintaining student learning as well as on-task behaviors. Included are methods and strategies for communicating and working safely and effectively with students, other school professionals, community members, and parents. The course examines public and private school law as it affects teachers' legal rights and legal responsibilities to students. The course covers ethical issues relevant to teaching and the development of one's personal professional ethics. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

EDG - Education

EDG2905 Directed Study in Education, 3.0 sem hrs
Directed Study in Education (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

EDG4323 Professional Teaching Practices, 3.0 sem hrs
The purpose of this course is to provide the pre-service teacher with essential skills of planning units and lessons, selecting learning outcomes, appropriate activities, and methods of learning to achieve student learning outcomes and methods of assessment. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

EDP - Education

EDP2002 Educational Psychology, 3.0 sem hrs
The purpose of this course is to provide application of psychological principles to the educational process and the effect of intelligence factors, environment, emotions and motivation on learning. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. This course may be offered in the FA, SP or SU term.

EEC - Early Childhood Education

EEC2401 Home, School and Community, 2.0 sem hrs
Designed for students to become acquainted with the dynamics of the relationships of home, school and community in early childhood education. SP

EEC2523 Leadership and Management of Child Care Programs, 3.0 sem hrs
This course is designed to study and develop competencies in the administrator's leadership role in the organizational structure of a child care center. This course is intended to meet one of the course requirements of the Advanced Level Child Care and Education Administrator Credentials as defined by the state of Florida. FA, SP

EEC2527 Child Care Center Financial and Legal Issues, 3.0 sem hrs
This course is designed to study and develop competencies in Financial and Legal Issues in child care programs. This course is intended to meet one of the course requirements of the Advanced Level Child Care and Education Administrator Credentials as defined by the state of Florida. FA, SP

EET - Electronic Engineering Technology

EET1011 Introduction to Electrical Circuits, 2.0 sem hrs
An introduction to the basic concepts of electricity and magnetism. Emphasis is placed on resistance, capacitance and inductance as basic circuit components. FA, SP

Pre-Reqs: MAC1105 OR MAT1033

Conc-Reqs: EET1011L

EET1011L Introduction to Electrical Circuits Lab, 1.0 sem hrs
An introduction to the basic concepts of electricity and magnetism. Emphasis is placed on resistance, capacitance and inductance as basic circuit components. FA, SP

Conc-Reqs: EET1011
Lab Fees: $25.00

EET1021 Advanced Electrical Circuits, 2.0 sem hrs
An introduction to the basic concepts of alternating voltage and current. Emphasis is placed on resistance, capacitance and inductance as basic AC circuit components. FA, SP

Co-Reqs: MAC1105
Pre-Reqs: EET1011 AND EET1011L
Conc-Reqs: EET1021L

EET1021L Advanced Electrical Circuits Lab, 1.0 sem hrs
An introduction to the basic concepts of alternating voltage and current. Emphasis is placed on resistance, capacitance and inductance as basic AC circuit components. FA, SP

Conc-Reqs: EET1021
Lab Fees: $25.00

EET1141 Analog Devices and Circuits, 3.0 sem hrs
Introduces the concepts of circuit simplification via idealizations, approximations and an overview of semiconductor devices and their electrical properties. Emphasis is placed on circuit analysis. SP

Co-Reqs: EET1021
Pre-Reqs: EET1011 AND EET1011L
Conc-Reqs: EET1141L

EET1141L Analog Devices and Circuits Lab, 1.0 sem hrs
Introduces the concepts of circuit simplification via idealizations, approximations and an overview of semiconductor devices and their electrical properties. Emphasis is placed on circuit analysis. SP

Conc-Reqs: EET1141
Lab Fees: $30.00

EET1607 Electronics Assembly and Cabling, 2.0 sem hrs
This course involves lab environment training in communications cabling and electronics assembly techniques. Topics covered include computer network cable fabrication, installation, and management, safety, testing and troubleshooting, cabling industry standards, component recognition, soldering and desoldering methods, and reading and drawing of schematics. FA, SP

Conc-Reqs: EET1607L

EET1607L Electronics Assembly and Cabling Lab, 1.0 sem hrs
This course involves lab environment training in communications cabling and electronics assembly techniques. Topics covered include computer network cable fabrication, installation, and management, safety, testing and troubleshooting, cabling industry standards, component recognition, soldering and desoldering methods, and reading and drawing of schematics. FA, SP

Conc-Reqs: EET1607
Lab Fees: $30.00

EET2142 Analog Circuits and Basic Analog Communications, 3.0 sem hrs
Circuits covered are more complex in applications. Includes FET circuitry, amplitude/phase shift response of transistor circuits, integrated circuits and negative and positive feedback circuits. FA

Pre-Reqs: EET1141L AND EET1141
Conc-Reqs: EET2142L

EET2142L Analog Circuits and Basic Analog Communications Lab, 1.0 sem hrs
Circuits covered are more complex in applications. Includes FET circuitry, amplitude/phase shift response of transistor circuits, integrated circuits and negative and positive feedback circuits. FA

Conc-Reqs: EET2142
Lab Fees: $20.00

EET2326 Wireless Communications, 3.0 sem hrs
A comprehensive study of electronic communication systems, including topics in fiber optic, AM/FM radio, transmission lines, antennas, wave propagation, microwave techniques and other broadcast technologies. SP

Pre-Reqs: EET2142L AND EET2142
Conc-Reqs: EET2326L

EET2326L Wireless Communications Lab, 1.0 sem hrs
A comprehensive study of electronic communication systems, including topics in fiber optic, AM/FM radio, transmission lines, antennas, wave propagation, microwave techniques and other broadcast technologies. SP

Conc-Reqs: EET2326
Lab Fees: $30.00

EET2905 Directed Study in Electronics, 4.0 sem hrs
Directed Study in Electronics FA, SP, SU

EET2949 Cooperative Education Experience in Electronics, 1.0-4.0 sem hrs
Cooperative Education Experience in Electronics FA, SP, SU

EET3085 Electricity and Electronics, 3.0 sem hrs
Basic theorems and circuit analysis techniques. Instruments and measurements. Introduction to integrated circuits

Conc-Reqs: EET3085L
Lab Fees: $16.00

EET3085L Electricity and Electronics Lab, 1.0 sem hrs
Lab component for; Basic theorems and circuit analysis techniques. Instruments and measurements. Introduction to integrated circuits

Conc-Reqs: EET3085

EET3086 Principles of Electrical Circuits, 4.0 sem hrs
DC, AC circuits and electronics. Theorems and circuit analysis techniques. Diodes and transistors circuit applications. Introduction to transducers, instrumentation, measurements and integrated circuits.

EET3716 Network Analysis, 3.0 sem hrs
Transient analysis of first and second-order circuits, circuit analysis using LaPlace Transforms. Transform function, frequency response analysis, and Bode plots.

Pre-Reqs: MAC2311 AND MAC2311L

EET4158 Linear Integrated Circuits, 3.0 sem hrs
Applications of operational amplifiers, comparators, phase-locked loops, timers, regulators, other integrated circuits. Includes amplifiers, active filters, oscillators, differentiators and integrators.

Pre-Reqs: EET1141 AND EET3716 AND EET2142
Conc-Reqs: EET4158L

EET4329 Communications Systems, 3.0 sem hrs
Principles and interrelationships of communication system components and circuits. Signals, noise, modulation, demodulation, bandwidth requirements. Transmitters and receivers. Course descriptions are updated from time to time with new relevant information.

Pre-Reqs: EET3716
Conc-Reqs: EET4329L

EET4329L Communications Systems Lab, 1.0 sem hrs
Lab Component for; Principles and interrelationships of communication system components and circuits. Signals, noise, modulation, demodulation, bandwidth requirements. Transmitters and receivers. Course descriptions are updated from time to time with new relevant information.

Conc-Reqs: EET4329
Lab Fees: $13.00

EET4548 Power Systems, 3.0 sem hrs
Analysis of electrical power systems and energy conversion. 3-phase load, per-unit quantities, circuit constants rotating machines, 3-phase transformers, transmission lines, power flow, stability and fault calculations.

Pre-Reqs: EET3085L AND EET3085
Conc-Reqs: EET4548L
Lab Fees: $5.00

EET4732 Feedback Control Systems, 3.0 sem hrs
"Analysis of networks and control systems. Stability and Compensation considerations, root locus, Nichols chart and Bode plots. Simulation techniques, systems components "

Pre-Reqs: EET3716 AND PHY1053L AND PHY1053 AND MAC2311 AND MAC2311L
Conc-Reqs: EET4732L

EET4732L Feedback Control Systems Lab, 1.0 sem hrs
"Lab component for; Analysis of networks and control systems. Stability and Compensation considerations, root locus, Nichols chart and Bode plots. Simulation techniques, systems components "

Conc-Reqs: EET4732
Lab Fees: $8.00

EEX - Education (Exceptional Child)

EEX1600 Classroom Management (Early Childhood), 2.0 sem hrs
Course designed to acquaint the student with factors that influence learning and behavior, and with strategies for changing behavior. SP

Lab Fees: $5.00

EEX2010 Introduction to Special Education, 3.0 sem hrs
The purpose of this course is to provide an introduction to exceptional education and includes basic information on etiology and characteristics as well as the programs and services provided to this population. This course requires 15 hours of field experience in a K-12 setting with at least one ESE student. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. This course may be offered in the FA, SP or SU term.

Pre-Reqs: EDF1005
Lab Fees: $10.00

EEX2080 Teaching the Exceptional Learner, 3.0 sem hrs
This course provides students with strategies and methods to teach learners with special needs. SU

EEX3240 Organization, Curriculum Theory and Instructional Strategies, 2.0 sem hrs
The purpose of this course is to focus on the development of well-researched methods for teaching reading, language arts, and math at the K-12 levels for exceptional students. It includes teaching and remedial methodology for promoting progress in basic academic subject matter, rates of presentation, and techniques of motivation. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

EEX3280 Career/Vocational Assessment and Planning, 2.0 sem hrs
The purpose of this course is to introduce special educators to the career and vocational futures of mildly and severely handicapped youth. Two general areas that will be developed include (a) career/vocational content, and (b) basic skills expected of special education students. This course requires field service in a public school setting. This course may be offered in the FA or SP term.

EEX4070 Teaching Exceptional Students, 3.0 sem hrs
The purpose of this course is to provide an examination of the various stages of human development and their relationship to contemporary theories of learning including motivation of at-risk urban and special needs students. This course is designed for pre-service teachers in grades K-6 with at least one ESE student. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

EEX4221 Assessment of Exceptional Education Students, 3.0 sem hrs
The purpose of this course is to examine the various assessment strategies for diagnosis and intervention of learning, behavioral, and developmental needs of students who qualify for exceptional student education (ESE) services. It will include development of individual education plans to align curriculum, instructional methods, and evaluations to meet the identified needs of students. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

EEX4242 Teaching Exceptional Students in Secondary Schools, 3.0 sem hrs
The purpose of this course is to examine specific instructional interventions, approaches, current issues, curriculum, and learning strategies appropriate for working with adolescents with exceptional needs in a secondary setting. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

EEX4601 Behavior Management, 3.0 sem hrs
The purpose of this course is to provide familiarization, observation, and application of effective behavior management principles for general and exceptional students in preschool through grade 12 educational settings. It will explore the historical foundations for understanding behavior, implications for discipline, and measurement, charting, assessment, and strategies for modifying behavior. It will include practical application of these principles for working with students with linguistic, cultural, behavioral, and diverse learning characteristics. This course requires field experience in a public school. This course may be offered in the FA or SP term.

EEX4943 Student Externship, 9.0 sem hrs
The purpose of this course is to be the culmination of all principles learned throughout the pre-service education program. This course is the student internship class and requires the pre-service teacher to experience working as a full-time teacher in an elementary, middle or high school setting for one semester. This course may be offered in the FA or SP term.

EGS - Engineering (Support)

EGS1000 Professional Performance for Technicians, 3.0 sem hrs
Introduction to professional training activities related to organizations including interpersonal relationships, problem solving, goal settings, ethics, policy and procedures, personal development and organizational structures and cultures. FA, SP, SU

Lab Fees: $10.00

EGS1110 Engineering Drawing, 2.0 sem hrs
Drawing, lettering, dimensioning and geometric constructions; orthographic, isometric and oblique projections and drawings; sketching and working and assembly drawings. FA

Conc-Reqs: EGS1110L

EGS1110L Engineering Drawing Lab, 1.0 sem hrs
Drawing, lettering, dimensioning and geometric constructions; orthographic, isometric and oblique projections and drawings; sketching and working and assembly drawings. FA

Conc-Reqs: EGS1110

EGS2650 Technical Ethics, 1.0 sem hrs
This course is designed to make the student aware of the ethical responsibilities associated with extensive technical knowledge. Topics to be explored include electronic privacy intrusion, proprietary product knowledge and unclear or untried legislation regarding technical capabilities. FA, SP

EGS2905 Directed Study in Electronics, 1.0-4.0 sem hrs
Directed Study in Engineering FA, SP, SU

EME - Education

EME2040 Introduction to Education Technology, 3.0 sem hrs
The purpose of this course is to serve as a practical course in computer-assisted educational research, curriculum development, and instruction for the multimedia classroom. Adaptations for Exceptional Student Education and English Language Learner students are included in the course. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. This course may be offered in the FA, SP or SU terms.

Lab Fees: $10.00

EME3434 Integrating Technology into Math and Science, 3.0 sem hrs
The purpose of this course is to explore the multitude of technologies currently available for use in secondary classrooms; evaluate them and determine the appropriateness of their use in a diverse 6-12 classroom. This course requires field service hours in the public schools. This course may be offered in the FA or SP term.

Pre-Reqs: EME2040

EMS - Emergency Medical Services

EMS0068 Dispatcher, Police, Fire, and Ambulance, 6.93 voc hrs
This course prepares students for employment as a dispatcher in various public safety settings such as police fire and ambulance service. Students will learn standard telecommunication operating procedures and computer equipment operation. FA, SP, SU

EMS0069 Emergency Medical Dispatcher, 0.8 voc hrs
This course provides the instruction and skills practice sufficient to achieve Emergency Medical Dispatcher certification eligibility. Medical terms, legal aspects and emergency medical procedures are emphasized. FA, SP, SU

EMS1119 Emergency Medical Technician I, 7.0 sem hrs
Emphasizes basic life support skills necessary to work as an Emergency Medical Technician. Skills include assessment and pre-hospital care of the sick and injured. This course prepares the student for state licensure and the paramedic curriculum. FA, SP, SU

Co-Reqs: EMS1431 AND EMS1401L

EMS1401L Emergency Medical Technician I Lab, 2.0 sem hrs
This course is designed to develop skills necessary for state licensing and employment as an Emergency Medical Technician. It emphasizes practical application of pre-hospital emergency care procedures in EMS 1119. (Corequisites: EMS 1119 and EMS 1431.) FA, SP, SU

Co-Reqs: EMS1119 AND EMS1431
Lab Fees: $200.00

EMS1431 Emergency Medical Technician Clinical/Field Experience, 2.0 sem hrs
This course is designed to fuse the theory learned in lecture and skills learned in lab while participating as part of the Emergency Medical Services (EMS) team in the pre-hospital and hospital settings. Students will participate in clinical rotations in an Emergency Department and on-board and Advanced Life Support (ALS) ambulance. FA, SP, SU

Co-Reqs: EMS1401L AND EMS1119
Conc-Reqs: EMS1431L

EMS2603 Paramedic I, 9.0 sem hrs
The Paramedic is a certified allied health provider qualified in advanced life support. Skills and knowledge include recognition, assessment and management of the acutely ill or injured patient. This course serves as the building block to prepare the candidate with the necessary background information and basic cognitive knowledge to successfully complete the Paramedic program. FA, SP, SU

Co-Reqs: EMS2666
Conc-Reqs: EMS2603L

EMS2603L Paramedic I Lab, 4.0 sem hrs
Practical application of the didactic and laboratory instruction received in EMS 2603 to include advanced patient assessment, airway management, clinical decisions, communications and documentation. FA, SP, SU

Co-Reqs: EMS2666
Conc-Reqs: EMS2603
Lab Fees: $235.00

EMS2604 Paramedic II, 9.0 sem hrs
This course emphasizes the recognition and advanced pre-hospital care of the traumatically injured patient and the patient presenting with a medical emergencies related to respiratory, cardiovascular, neurological, endocrine, gastroenterologic, renal or urologic, toxic exposure, environmental, behavioral, gynecologic and obstetric pathologies. FA, SP,SU

Co-Reqs: EMS2667
Pre-Reqs: EMS2666 AND EMS2603L AND EMS2603
Conc-Reqs: EMS2604L

EMS2604L Paramedic II Lab, 3.0 sem hrs
Practical application of the didactic and laboratory instruction received in EMS 2604 to include advanced patient assessment, clinical decisions, communications, and documentation. FA, SP, SU

Co-Reqs: EMS2667
Pre-Reqs: EMS2666 AND EMS2603L AND EMS2603
Conc-Reqs: EMS2604
Lab Fees: $155.00

EMS2605 Paramedic III, 8.0 sem hrs
This course presents information on the pathophysiological principles and assessment findings of patients with special needs and integrates assessment-based management with clinical decision-making and transport considerations. It also develops an awareness of special considerations in the application and delivery of Emergency Medical Services and further defines the role of the Paramedic within the EMS system. FA, SP, SU

Co-Reqs: EMS2659 AND EMS2668
Pre-Reqs: EMS2604L AND EMS2604 AND EMS2667
Conc-Reqs: EMS2605L

EMS2605L Paramedic III Lab, 3.0 sem hrs
Practical application of the didactic and laboratory instruction received in EMS 2605 to include advanced patient assessment, airway management, clinical decision-making, communication skills and documentation. FA, SP, SU

Co-Reqs: EMS2659 AND EMS2668
Pre-Reqs: EMS2604L AND EMS2604 AND EMS2667
Conc-Reqs: EMS2605
Lab Fees: $170.00

EMS2659 Paramedic Field Internship, 3.0 sem hrs
This is the capstone course of the Paramedic program. Interns will participate as lead crewmembers aboard a licensed Advanced Life Support transport ambulance during a 240-hour field internship with an assigned preceptor. FA, SP, SU

Co-Reqs: EMS2605L AND EMS2605
Pre-Reqs: EMS2667 AND EMS2604L AND EMS2604
Lab Fees: $150.00

EMS2666 Paramedic Clinical I, 1.0 sem hrs
Rotation through various departments of local hospitals, health department and Advanced Life Support EMS providers performing invasive and noninvasive paramedic skills under the direct supervision of the clinical instructor and/or assigned preceptor. The EMS program clinical coordinator or designee will provide clinical schedules. Students are responsible for transportation to and from the clinical sites. FA, SP, SU

Co-Reqs: EMS2603 AND EMS2603L

EMS2667 Paramedic Clinical II, 2.0 sem hrs
Rotation through various departments of local hospitals, health department and Advanced Life Support EMS providers performing invasive and non-invasive paramedic skills under the direct supervision of the clinical instructor and/or assigned preceptor. The EMS program clinical coordinator or designee will provide clinical schedules. Students are responsible for transportation to and from the clinical sites. FA, SP, SU

Co-Reqs: EMS2604L AND EMS2604
Pre-Reqs: EMS2603 AND EMS2603L

EMS2905 Directed Study in Emergency Medical Services, 3.0 sem hrs
Directed Study in Emergency Medical Services FA, SP, SU

EMS2949 Cooperative Education Experience in Emergency Medical Services, 1.0-4.0 sem hrs
Cooperative Education Experience in Emergency Medical Services FA, SP, SU

ENC - English Language and Literature

ENC0001 Writing I, 3.0 college prep hrs
An introduction to writing designed to help students gain proficiency in basic writing skills. Upon exiting the course, students will write adequately developed, logically organized paragraphs and short expository essays. Required for students scoring below 55 on the placement test. (ENC 0001 cannot be used toward A.A., A.A.S. or A.S. degree requirements.) FA, SP, SU

Conc-Reqs: ENC0001L

ENC0001L Writing I Lab, 1.0 college prep hrs
This is the concurrent lab for ENC0001: An introduction to writing designed to help students gain proficiency in basic writing skills. Upon exiting the course, students will write adequately developed, logically organized paragraphs and short expository essays. Required for students scoring below 55 on the placement test. (ENC 0001 cannot be used toward A.A., A.A.S. or A.S. degree requirements.) FA, SP, SU

Conc-Reqs: ENC0001
Lab Fees: $15.00

ENC0002 Writing II, 3.0 college prep hrs
An introduction to writing designed to help students gain proficiency in basic writing skills. Upon exiting the course, students will write adequately developed, logically organized expository essays. Required for students scoring between 56 and 82 on the placement test. (ENC 0002 cannot be used toward A.A. or A.S. degree requirements.) FA, SP, SU

Conc-Reqs: ENC0002L

ENC0002L Writing II Lab, 1.0 college prep hrs
This is the concurrent lab for ENC0002: An introduction to writing designed to help students gain proficiency in basic writing skills. Upon exiting the course, students will write adequately developed, logically organized expository essays. Required for students scoring between 56 and 82 on the placement test. (ENC 0002 cannot be used toward A.A. or A.S. degree requirements.) FA, SP, SU

Conc-Reqs: ENC0002
Lab Fees: $15.00

ENC1101 College Composition, 3.0 sem hrs
Designed to develop skills in expressive, expository and persuasive writing, theme construction and style. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $15.00

ENC1102 Literature and Composition, 3.0 sem hrs
An introduction to the study of literature, together with the development of writing and research skills. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ENC1101
Lab Fees: $15.00

ENC2210 Report Writing, 3.0 sem hrs
Principles and techniques for presenting technical and job related information, including primary research, graphically as well as in clear, concise written form. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ENC1101
Lab Fees: $15.00

ENC2341 Article Writing, 3.0 sem hrs
Designed for analysis and writing of expository, descriptive and narrative articles on subjects of contemporary interest. Emphasis is placed on individual creativity and research. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: ENC1101

ENG - English Language and Literature

ENG2100 Introduction to Film, 3.0 sem hrs
Designed to enable students to better understand the structure of individual films and the means by which films tell stories. The course will focus on the elements of film, technology, and/or popular topics in film. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ENC1101
Lab Fees: $15.00

ENG2905 Directed Study in English, 1.0-3.0 sem hrs
Directed Study in English (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

ENL - English Lanuguage and Literature

ENL2012 Early English Literature, 3.0 sem hrs
Offered as part of the Cambridge University Summer Program in Cambridge, England. A study of selected readings from Beowulf to the end of the 18th century. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SU

Pre-Reqs: ENC1101

ENL2022 Nineteenth Century English Literature, 3.0 sem hrs
A study of selected readings from the nineteenth century to the present. Genres of poetry, plays, essays, novels and short stories will be studied. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: ENC1101

ENL2280 Contemporary English Literature, 3.0 sem hrs
A survey of representative British and Irish writers of the 20th century. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: ENC1101

ENL2931 Selected Topics in Shakespeare, 3.0 sem hrs
Course focuses on Shakespeare's plays and poetry. Students read and view plays, including the study of staging, plot, characterization and language in Shakespearean works. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. Course is also offered in SU as part of the Cambridge University Summer Program in Cambridge, England. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ENC1101
Lab Fees: $15.00

EPI - Educator Preparation Institute

EPI0001 Classroom Management, 3.0 sem hrs
This course focuses on how to maintain a classroom. Topics include: record keeping, classroom management, school safety, integrating Sunshine State Standards into curriculum, development of lesson plans, parent conference management, assessment techniques, implications of the Florida Comprehensive Assessment Test (FCAT) and other standardized tests, professional ethics and school law. (Prerequisite: Permission of Chairperson.)

EPI0002 Instructional Strategies, 3.0 sem hrs
This course focuses on proficiency in the application of a variety of instructional strategies. These include multimodal instruction, learning styles knowledge, cooperative and collaborative learning, accommodations for exceptional students, and the infusion of technology into lesson plans. (Prerequisite: Permission of Chairperson.)

EPI0003 Technology, 3.0 sem hrs
This course focuses on teaching the participant to employ technology as an integral part of the teaching and learning process. Instruction is provided in commonly used software suites and on the Internet. Technology and Internet integration into the classroom is emphasized. (Prerequisite: Permission of Chairperson.)

EPI0004 Teaching and Learning Process, 3.0 sem hrs
This course focuses on instructing the participant in various learning theories as applied in the instructional process. Topics will include

learning theories, motivation and persistence, intelligence, exceptionalities, standardized testing, critical thinking, multiple intelligences, and second language acquisition. (Prerequisite: Permission of Chairperson.)

EPI0010 Foundations of Research-Based Practices in Reading, 3.0 sem hrs
This course focuses on instructing the participant on proper language structure, function and cognition of phonemic awareness, phonics, fluency, vocabulary, and comprehension. This instruction is grounded in scientifically-based research. This constitutes a portion of the reading endorsement. (Prerequisite: Permission of Chairperson.)

EPI0020 Professional Foundations, 2.0 sem hrs
This course instructs the participant on the necessary foundation for becoming a productive member of the teaching profession. Topics will include history and philosophy of education, school governance, school finance, school law, ethics, purpose of schools, and continuing professional development. (Prerequisite: Permission of Chairperson.)

EPI0030 Diversity, 2.0 sem hrs
This course instructs the participant on the necessary understanding of the variety of backgrounds and cultures that may be found in a typical classroom and how social class, religion, language, gender differences, culture, ethnicity, physical differences, and prejudices have an effect on how students learn. (Prerequisite: Permission of Chairperson.)

EPI0940 Field Experience I (Professional Foundations), 1.0 sem hrs
This portion of the program provides two 15 hour field experience segments in a public, charter or accredited private school - one segment per major semester. (Prerequisite: Permission of Chairperson.)

EPI0945 Field Experience II (Diversity), 1.0 sem hrs
This portion of the program provides two 15 hour field experience segments in a public, charter or accredited private school - one segment per major semester. (Prerequisite: Permission of Chairperson.)

ESE - Education

ESE4943 Student Internship, 9.0 sem hrs
The purpose of this course is to be the culmination of all principles learned throughout the pre-service education program. This course is the student internship class and requires the pre-service teacher to experience working as a full-time teacher in a middle or high school setting for one semester. This course may be offered in the FA or SP term.

ESE4945 Internship Seminar, 3.0 sem hrs
The purpose of this course is to serve as the support course accompanying the pre-service teacher's senior internship. The focus of the course will be to discuss issues in the public school setting they are working in, competencies which need to be addressed, and professional development plans. This course may be offered in the FA or SP term.

EST - Electronic Specialty Technology

EST3543 Programmable Logic Applications and Device, 2.0 sem hrs
This course presents logic fundamentals, programming technologies, integrated circuits, and number systems to operate and test systems using programmable logic protocol. Use of program control instructions and Data Manipulation with I/O instructions and addresses in laboratory exercises.

Pre-Reqs: MAC1105
Conc-Reqs: EST3543L

EST3543L Programmable Logic Applications and Device Lab, 1.0 sem hrs
Lab component for: logic fundamentals, programming technologies, integrated circuits, and number systems to operate and test systems using programmable logic protocol. Use of program control instructions and Data Manipulation with I/O instructions and addresses in laboratory exercises.

Conc-Reqs: EST3543
Lab Fees: $10.00

EST4502 Metrology and Instrumentation, 3.0 sem hrs
An introduction to the basic concepts and terminology of metrology and instrumentation. Theory, procedures and techniques essential to industrial measurement and laboratory practice are covered.

Pre-Reqs: MAC2311 AND MAC2311L AND EET3085L AND ETG3541 AND EET3085
Conc-Reqs: EST4502L

EST4502L Metrology and Instrumentation Lab, 1.0 sem hrs
Lab component for; an introduction to the basic concepts and terminology of metrology and instrumentation. Theory, procedures and techniques essential to industrial measurement and laboratory practice are covered.

Conc-Reqs: EST4502
Lab Fees: $20.00

ETC - Engineering Technology (Civil)

ETC2207 Construction Planning and Estimating, 2.0 sem hrs
Construction project organization and management, contracting and construction. Estimating fundamentals: square-foot estimates; quantity take-off; unit pricing; direct and indirect costs. Scheduling: network diagram setting and critical path analysis; bar charts; resource analysis; project control. Manual and computer approaches are used. Project: estimate and schedule a small facility construction. FA

Pre-Reqs: BCN1210
Conc-Reqs: ETC2207L

ETC2207L Construction Planning and Estimation Lab, 1.0 sem hrs
Construction project organization and management, contracting and construction. Estimating fundamentals: square-foot estimates; quantity take-off; unit pricing; direct and indirect costs. Scheduling: network diagram setting and critical path analysis; bar charts; resource analysis; project control. Manual and computer approaches are used. Project: estimate and schedule a small facility construction. FA

Conc-Reqs: ETC2207
Lab Fees: $15.00

ETC2245 Construction Methods, 3.0 sem hrs
Civil Engineering specialized methods including: site investigation; foundation construction; piles and pile driving; drilling rock and earth; rock blasting; conveyor belt systems; production of aggregates; compressed air; and pumping operations. Cursory review of Construction Codes and Licensing requirements. Small research project on special construction methods or systems. SP

Lab Fees: $6.00

ETC4206 Construction Estimating, 3.0 sem hrs
Techniques of making estimates and computations of materials, labor, equipment, overhead costs and profits. Software packages are utilized.

Pre-Reqs: MAC1114 AND ETC4241 AND ETC4241L

ETC4241 Construction Materials and Methods, 2.0 sem hrs
Construction principles, details, materials and methods used as related to the construction of buildings.

Pre-Reqs: ETG3541
Conc-Reqs: ETC4241L

ETC4241L Construction Materials and Methods Lab, 1.0 sem hrs
Lab component for; Construction principles, details, materials and methods used as related to the construction of buildings.

Conc-Reqs: ETC4241

ETC4414 Applied Structural Design I, 2.0 sem hrs
Introduction to indeterminate analysis, design of steel members, components and connections using current code and specification requirements.

Pre-Reqs: ETG3533L AND ETG3533
Conc-Reqs: ETC4414L

ETC4414L Applied Structural Design I Lab, 1.0 sem hrs
Lab component for; Introduction to indeterminate analysis, design of steel members, components and connections using current code and specification requirements.

Conc-Reqs: ETC4414

ETC4415 Applied Structural Design II, 2.0 sem hrs
Strength design of reinforced concrete members, foundations, slabs,and walls. Current code and specification requirements.

Pre-Reqs: ETG3533 AND ETG3533L
Conc-Reqs: ETC4415L

ETC4415L Applied Structural Design II Lab, 1.0 sem hrs
Lab component for; Strength design of reinforced concrete members, foundations, slabs,and walls. Current code and specification requirements.

Conc-Reqs: ETC4415

ETD - Engineering Technology (Drafting)

ETD2218 Geometric Tolerancing, 2.0 sem hrs
An introductory course in dimensioning and tolerancing using the Geo-Metric method nationally accepted as per ANSI Y14.5. SP

Conc-Reqs: ETD2218L

ETD2218L Geometric Tolerancing Lab, 1.0 sem hrs
An introductory course in dimensioning and tolerancing using the Geo-Metric method nationally accepted as per ANSI Y14.5. SP

Conc-Reqs: ETD2218

ETD2320 Computer Aided Drafting I (AutoCAD), 2.0 sem hrs
A first course in computer aided drafting covering equipment, drawing setup, creating geometry, use of text, dimensioning, plotting and file management. FA, SP, SU

Conc-Reqs: ETD2320L

ETD2320L Computer Aided Drafting I (AutoCAD) Lab, 1.0 sem hrs
A first course in computer aided drafting covering equipment, drawing setup, creating geometry, use of text, dimensioning, plotting and file management. FA, SP, SU

Conc-Reqs: ETD2320
Lab Fees: $15.00

ETD2340 Computer Aided Drafting II (AutoCAD), 2.0 sem hrs
An intermediate course in computer aided drafting covering hatching, external references, blocks, attributes and 3-D modeling. FA, SP, SU

Pre-Reqs: ETD2320
Conc-Reqs: ETD2340L

ETD2340L Computer Aided Drafting II (AutoCAD) Lab, 1.0 sem hrs
An intermediate course in computer aided drafting covering hatching, external references, blocks, attributes and 3-D modeling. FA, SP, SU

Conc-Reqs: ETD2340
Lab Fees: $15.00

ETD2350 Computer Aided Design Applications (AutoCAD), 2.0 sem hrs
Advanced applications course utilizing CAD software to produce finished drawings. Topics include Windows operating system, text editors, software variables, menu modification, macros, and programming FA

Pre-Reqs: ETD2320
Conc-Reqs: ETD2350L

ETD2350L Computer Aided Design Applications (AutoCAD) Lab, 1.0 sem hrs
Advanced applications course utilizing CAD software to produce finished drawings. Topics include Windows operating system, text editors, software variables, menu modification, macros, and programming FA

Conc-Reqs: ETD2350
Lab Fees: $15.00

ETD2355 Inventor Solid Modeling, 2.0 sem hrs
Advanced course in drafting using Inventor software for 3D modeling and surface generation. FA, SP

Conc-Reqs: ETD2355L

ETD2355L Inventor Solid Modeling Lab, 1.0 sem hrs
Advanced course in drafting using Inventor software for 3D modeling and surface generation. FA, SP

Conc-Reqs: ETD2355
Lab Fees: $15.00

ETD2364 SolidWorks Solid Modeling, 2.0 sem hrs
A course covering the creation of 3D solid models for manufacturing utilizing SolidWorks software. Topics include sketching, dimensioning, extruding, revolves, sweeps, booleans, shelling, assemblies, drawing creation, design tables, exploded views and rendering. SP

Conc-Reqs: ETD2364L

ETD2364L SolidWorks Solid Modeling Lab, 1.0 sem hrs
A course covering the creation of 3D solid models for manufacturing utilizing SolidWorks software. Topics include sketching, dimensioning, extruding, revolves, sweeps, booleans, shelling, assemblies, drawing creation, design tables, exploded views and rendering. SP

Conc-Reqs: ETD2364
Lab Fees: $15.00

ETD2377 3D Computer Animation (3D Studio), 2.0 sem hrs
An introductory course in 3D animation for technical graphics that includes object creation, editing, lighting, materials, keyframing and rendering. SP

Conc-Reqs: ETD2377L

ETD2377L 3D Computer Animation (3D Studio) Lab, 1.0 sem hrs
An introductory course in 3D animation for technical graphics that includes object creation, editing, lighting, materials, keyframing and rendering. SP

Conc-Reqs: ETD2377
Lab Fees: $15.00

ETD2395 Architectural CAD, 2.0 sem hrs
Architectural design and drafting utilizing Revit by AutoDesk software in Fall 2010 and Architectural Desktop software by AutoDesk in Spring 2011. Topics include floor plans, doors, windows, roofs, stairs, annotations, elevations, sections and commercial structures. FA, SP

Conc-Reqs: ETD2395L

ETD2395L Architectural CAD Lab, 1.0 sem hrs
Architectural design and drafting utilizing Revit by AutoDesk software in Fall 2010 and Architectural Desktop software by AutoDesk in Spring 2011. Topics include floor plans, doors, windows, roofs, stairs, annotations, elevations, sections and commercial structures. FA, SP

Conc-Reqs: ETD2395
Lab Fees: $15.00

ETD2465 Tool Design, 2.0 sem hrs
An entry-level course covering theory, principles and techniques for the modern design of tools, jigs, fixtures and related tooling. SP

Conc-Reqs: ETD2465L

ETD2465L Tool Design Lab, 1.0 sem hrs
An entry-level course covering theory, principles and techniques for the modern design of tools, jigs, fixtures and related tooling. SP

Conc-Reqs: ETD2465

ETD2540 Civil Drafting and Surveying (CAD), 2.0 sem hrs
Interpretation of USGS maps. Theory and application of field data in measurements, land surveying and grading; surveying data acquisition. Lot, building lines and grades layout. Drawing contour lines, street and highway plans, profiles and cross-sections. Excavation quantities. Horizontal circular curves and vertical curves for road work. Drawings are prepared using CAD computer software. FA

Pre-Reqs: ETD2320
Conc-Reqs: ETD2540L

ETD2540L Civil Drafting and Surveying (CAD) Lab, 1.0 sem hrs
Interpretation of USGS maps. Theory and application of field data in measurements, land surveying and grading; surveying data acquisition. Lot, building lines and grades layout. Drawing contour lines, street and highway plans, profiles and cross-sections. Excavation quantities. Horizontal circular curves and vertical curves for road work. Drawings are prepared using CAD computer software. FA

Conc-Reqs: ETD2540
Lab Fees: $15.00

ETD2805 Technical Illustration, 2.0 sem hrs
Methods and techniques of pictorial drawing as related to mechanical and industrial graphics using AutoCAD. FA

Pre-Reqs: ETD2320
Conc-Reqs: ETD2805L

ETD2805L Technical Illustration Lab, 1.0 sem hrs
Methods and techniques of pictorial drawing as related to mechanical and industrial graphics using AutoCAD. FA

Conc-Reqs: ETD2805

ETG - Engineering Technology (General)

ETG2520 Statics and Strength of Materials, 3.0 sem hrs
Fundamental principles of statics including forces, resultant, components, reactions, analysis of trusses, strength of materials, stresses and

strains, tensile testing of steel and basic mechanical properties, section properties for analysis and design, friction, shear and bending moment diagrams and theory of bending. FA, SP

Pre-Reqs: MTB1348 OR MAC1105

ETG2906 Directed Study in Engineering, 1.0-4.0 sem hrs
Directed Study in Engineering FA, SP, SU

ETG2949 Cooperative Education Experience in Engineering, 1.0-4.0 sem hrs
Cooperative Education Experience in Engineering FA, SP, SU

ETG3533 Applied Engineering Strength of Materials, 3.0 sem hrs
Relationship between external forces and action of members of a structure. Topics include stress, shear, moment, deflections, columns, connections, and Mohr's circle.

Co-Reqs: MAC2311 OR MAC2233
Pre-Reqs: MAC2311 AND MAC2311L
Conc-Reqs: ETG3533L

ETG3533L Applied Engineering Strength of Materials Lab, 1.0 sem hrs
Lab component for; Relationship between external forces and action of members of a structure. Topics include stress, shear, moment, deflections, columns, connections, and Mohr's circle.

Conc-Reqs: ETG3533
Lab Fees: $20.00

ETG3541 Applied Mechanics, 3.0 sem hrs
Coplanar, parallel, concurrent, and non-current force systems. Centroids, CG's, moments, of inertia. Principles of dynamics, rectilinear motion and rotation, work, energy, power, impulse, momentum, and impact.

Pre-Reqs: MAC1105 AND MAC1114 AND PHY1053L AND PHY1053

ETG4950 Senior Design Project, 3.0 sem hrs
Supervised individual or group projects involving project definition, planning, development, testing, and evaluation.

Pre-Reqs: ETI4448 AND COP2001 OR COP2220

ETI - Engineering Technology (Industrial)

ETI3116 Engineering Quality Assurance, 3.0 sem hrs
Fundamentals of industrial quality control. Technical specifications, measurements standards, inspection, and gaging. Process control techniques.

Pre-Reqs: STA2023

ETI3421 Materials and Processes, 3.0 sem hrs
A study of fundamental properties of materials. Current industrial practices in founding, forming, joining and shaping processes.

Pre-Reqs: MAC1105 AND MAC1114

ETI3671 Technical Economics Analysis, 3.0 sem hrs
Analysis of cost elements in technical operations. Basis for comparison of alternatives.

Pre-Reqs: MAC1105

ETI3690 Technical Sales, 3.0 sem hrs
Application of technical knowledge to sales and service. Relationship of technical sales organization to production, customers, and competitors.

ETI4186 Applied Reliability, 3.0 sem hrs
Practical application of reliability concepts and the analysis applicable to design, development, production, logistic, and operation phases of system components.

Pre-Reqs: ETI3116

ETI4205 Applied Logistics, 3.0 sem hrs
Emphasis on practical applications. Includes systems engineering, cost/systems effectiveness, reliability, maintainability, system functional analysis, logistic support, analysis, life cycle cost analysis.

ETI4448 Applied Project Management, 3.0 sem hrs
Statement of work, activity decisions, timelines, scheduling and resource allocation methods. Techniques will be appropriate for large and small projects within commercial, academic, or non-profit organizations.

ETI4635 Technical Administration, 3.0 sem hrs
This course provides an overview of the techniques of applying management principles to professional positions held by Engineering Technologists and Engineers. The management functions of planning, organizing, leading, and controlling are discussed with their role in managing technology

Pre-Reqs: MAC1105

ETI4640 Operations Management for Technologists, 3.0 sem hrs
Scheduling techniques (PERT), (CPM), are presented. Time Study Methods, Work Sampling and MTM are covered

Pre-Reqs: ETI4635

ETI4704 Occupational Safety, 3.0 sem hrs
Accident prevention and the operation of an industrial safety program. Basic requirements of the occupational safety and Health Act standards.

ETM - Engineering Technology (Mechanical)

ETM2315 Simulation Power and Control, 2.0 sem hrs
Electro-mechanical, Hydraulics and Pneumatics A practical approach to technical problems involving hydraulics and pneumatics, fluid mechanics, hydrostatic forces, and pipe and pump operation including the electrical circuitry needed to operate and control mechanical and hydraulic/pneumatic systems. FA

Pre-Reqs: COP1000 AND EET1021
Conc-Reqs: ETM2315L

ETM2315L Simulation Power and Control Lab, 1.0 sem hrs
Electro-mechanical, Hydraulics and Pneumatics A practical approach to technical problems involving hydraulics and pneumatics, fluid mechanics, hydrostatic forces, and pipe and pump operation including the electrical circuitry needed to operate and control mechanical and hydraulic/pneumatic systems. FA

Conc-Reqs: ETM2315
Lab Fees: $50.00

ETM4220 Applied Energy Systems, 4.0 sem hrs
Introduction to energy, work, and thermal systems and processes. Fundamentals of thermodynamics, electricity and nuclear principles and applications, renewable energy and efficiency of energy resources and effects on the environment.

Pre-Reqs: MAC2311 AND MAC2311L

ETM4331 Applied Fluid Mechanics, 3.0 sem hrs
An introduction to the basic concepts of hydrostatics and hydrodynamics covering fluid statics, flow of ideal fluids, continuity of mass, impulse and momentum principles, conservation of energy, flow of fluid in pipes, etc.

Pre-Reqs: MAC2311 AND PHY1053 AND MAC2311L AND PHY1053L OR MAC2233
Conc-Reqs: ETM4331L

ETM4331L Applied Fluid Mechanics Lab, 1.0 sem hrs
Lab component for; an introduction to the basic concepts of hydrostatics and hydrodynamics covering fluid statics, flow of ideal fluids, continuity of mass, impulse and momentum principles, conservation of energy, flow of fluid in pipes, etc.

Conc-Reqs: ETM4331

ETM4512 Applied Design of Machine Elements, 2.0 sem hrs
Design of basic machine elements, including cams, gears, bearings, and coupling, taking into account loads, stresses, and strength of materials.

Pre-Reqs: MAP3401 AND MAC2311 AND ETG3541 AND MAC2311L AND ETG3533 AND ETG3533L
Conc-Reqs: ETM4512L

ETM4512L Applied Design of Machine Elements Lab, 1.0 sem hrs
Lab Component for; Design of basic machine elements, including cams, gears, bearings, and coupling, taking into account loads, stresses, and strength of materials.

Conc-Reqs: ETM4512

EUH - History

EUH2000 History of Western Civilization to 1648, 3.0 sem hrs
An analysis of the major changes in the societies of western man, from the Middle Eastern origins through the Protestant Reformation. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

EUH2001 History of Western Civilization from 1648 to Present, 3.0 sem hrs
An examination of the historical evolution and diffusion of western institutions and ideas, including nationalism, the modern state, totalitarianism and democracy. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

EVS - Environmental Studies

EVS3007 Environmental Science, 3.0 sem hrs
The objective of this course is to give the student a basic understanding of the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving and/or preventing them. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: OCE1001 AND MAT1033
Conc-Reqs: EVS3007L

EVS3007L Environmental Science Lab, 1.0 sem hrs
The objective of this course is to give the student a basic understanding of the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving and/or preventing them. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: OCE1001 AND MAT1033
Conc-Reqs: EVS3007

EXP - Psychology

EXP2420 Animal Learning, 3.0 sem hrs
Introduction to the basic principles of classical and operant conditioning in animals and humans. Specific techniques for controlling behavior are presented. Includes lecture, outside lab and infield experiences. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

Course Descriptions - F

FFP - Fire Science

FFP0010 Firefighter I, 6.87 voc hrs
This course of study is the first of two parts, which prepares the student with the fundamental knowledge and skills necessary to safely and dependably perform fire-rescue duties as a firefighter. This course is corequisite with FFP 0020 for those desiring to become state certified firefighters. FA, SP

Lab Fees: $275.00

FFP0020 Firefighter II, 6.4 voc hrs
This corequisite course with FFP 0010 is the second of the two-part series, which prepares the student for participating in the state certification examinations administered by the Bureau of Fire Standards and Training for obtaining a state of Florida Firefighter Certificate of Compliance. Students must have successfully completed all aspects of FFP 0010 in order to participate in this course. FA, SP

Pre-Reqs: FFP0010
Lab Fees: $275.00

FFP0360 Fire Apparatus Operations, 1.34 voc hrs
This course covers emergency driving laws, rules, and techniques, as well as a review of hydraulics. There is a practical portion to this class which will entail various evolutions involving pre-connected lines, drafting, tandem, and relay pumping. Prerequisite: Must have completed minimum of FFP 0010 and be a member of an organized fire department or permission of assistant chair. FA, SP, SU

Lab Fees: $25.00

FFP0361 Hydraulics and Water Distribution Systems, 1.33 voc hrs
This course covers the mechanics of the flow of fluids, the design, testing, and use of nozzles and appliances, the measurement of fluid flow, and the methods of determining quantities of water. Prerequisite: Must have completed a minimum of FFP 0010 and be a member of an organized fire department or permission of assistant chair. FA, SP, SU

FFP1000 Introduction to Fire Protection Hazards, 3.0 sem hrs
A study of the historical development of the fire service, safety and security, the role of the fire service, protection and safety personnel, identification of fire hazards and their causes, and application of fire protection principles. FA SP SU

Lab Fees: $5.00

FFP1510 Construction Codes and Material Rating, 3.0 sem hrs
A study of building codes applicable to fire prevention, principles and practices used in various types of building construction, and fire resistance tests and ratings of building materials. FA, SP, SU

Lab Fees: $5.00

FFP1520 Fire Prevention Programs, 3.0 sem hrs
A study of the principles and applications of fire prevention for community and industrial plants. Includes the development and maintenance of fire prevention programs, educational programs, inspection programs, and specific applications to fire prevention problems. FA, SP, SU

Lab Fees: $5.00

FFP1700 Management of Municipal Fire Protection, 3.0 sem hrs
A study of fire department organization, personnel management, and relationships with other city departments. Evaluation of fire protection needs, financial factors, and other equipment necessary for modern fire protection. FA, SP, SU

Lab Fees: $5.00

FFP1799 Time Management for Fire Service, 1.0 sem hrs
A study of incorporating the ideas and concepts of organization, priority setting, planning, decision making, study skills, and communications needed for achievement of personal and scholastic goals. FA, SP, SU

Lab Fees: $3.00

FFP1810 Firefighting Strategy and Tactics I, 3.0 sem hrs
A study of firefighting tactics and strategies used for extinguishing fires. Tactical operations, commanding fire ground operations, and contributing factors to fire ground failure will be emphasized. FA, SP, SU

Lab Fees: $5.00

FFP2120 Building Construction, 3.0 sem hrs
A study of building designs and construction features providing indications of how fire will behave and spread in various types of structures. FA, SP, SU

FFP2401 Hazardous Materials I, 3.0 sem hrs
A study of hazardous materials, with emphasis on unstable chemicals, explosive substances and their handling, exotic fuels (solid and liquid propellants), pesticides, and corrosive, toxic, and radioactive substances. FA, SP, SU

FFP2402 Hazardous Materials II, 3.0 sem hrs
A study of the methods used to transport hazardous materials, and ways to control and lessen the effects of an accident. FA, SP, SU

Pre-Reqs: FFP2401

FFP2521 Blueprint Reading and Plans Evaluation, 3.0 sem hrs
A study of actual building plans designed to give the student an understanding of the basic principles involved in graphic communications and, in particular, blueprints and plans reading. FA, SP, SU

FFP2540 Private Fire Protection Systems, 3.0 sem hrs
A study of private fire detection systems to include fixed extinguishing systems and standard and/or special fire alarms. Includes a review of the design, installation, maintenance, and testing of the systems. FA, SP, SU

FFP2604 Fire Detection and Investigation, 3.0 sem hrs
A study in determining causes of fire, losses, and records, origins, preservation of physical evidence, scientific aid to investigation, and courtroom procedure in presenting evidence. FA, SP, SU

FFP2720 Fire Department Leadership, 3.0 sem hrs
Officers and potential officers within the fire service are provided the fundamentals of leadership. Specifications of the fire officer's position are covered extensively. FA, SP, SU

FFP2740 Fire Service Instructor, 3.0 sem hrs
Methods and techniques of instruction including oral communication, preparing lesson plans, writing performance objectives, use of training aids, and the selection, evaluation, and preparation of performance tests. FA, SP, SU

FFP2741 Fire Service Course Design, 3.0 sem hrs
A study of the principles of effective curriculum design. Stresses the principles of adult learning and student-centered learning, designing units and courses that address learning, and performance and behavioral objectives. FA, SP, SU

FFP2811 Firefighting Strategy and Tactics II, 3.0 sem hrs
A study in pre-fire plans, techniques of using available equipment and manpower, and predicting fires by fuel analysis. Emphasis will be on developing thinking skills in relation to crises. FA, SP, SU

FFP2905 Directed Study in Fire Science, 1.0-4.0 sem hrs
Directed Study in Fire Science FA, SP, SU

FFP2949 Cooperative Education Experience in Fire Science, 1.0-4.0 sem hrs
Cooperative Education Experience in Fire Science FA, SP, SU

FIN - Finance

FIN1100 Personal Financial Planning, 3.0 sem hrs
Study of the fundamental principles and practices used to prepare and monitor personal financial plans. FA, SP, SU

Lab Fees: $5.00

FIN2000 Principles of Finance, 3.0 sem hrs
Investment characteristics of stocks and bonds, securities market, commercial banks and the Federal Reserve System; and inflation, deflation and money supply. FA, SP, SU

FIN2905 Directed Study in Finance, 1.0-4.0 sem hrs
Directed Study in Finance, FA, SP, SU

FOS - Culinary Management (Food Service)

FOS1201 Sanitation and Safety, 3.0 sem hrs
Students will study the causes and prevention of food spoilage and food borne illnesses. Study will focus on proper food handling, personal hygiene, and food service safety. FA, SP

FRE - Foreign Language (French)

FRE1120 Elementary French I Concentrated, 3.0 sem hrs
Introductory course to the French language and culture for students who have limited or no knowledge of French. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: FRE1120L

FRE1120L Elementary French I Concentrated Lab, 1.0 sem hrs
Introductory course to the French language and culture for students who have limited or no knowledge of French. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: FRE1120

Lab Fees: $5.00

FRE1121 Elementary French II Concentrated, 3.0 sem hrs
A continuation of FRE 1120/1120L to develop basic French conversation, reading, and writing skills. Study all tenses and grammar fundamentals. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: FRE1120
Conc-Reqs: FRE1121L

FRE1121L Elementary French II Concentrated Lab, 1.0 sem hrs
A continuation of FRE 1120/1120L to develop basic French conversation, reading, and writing skills. Study all tenses and grammar fundamentals. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: FRE1120
Conc-Reqs: FRE1121
Lab Fees: $5.00

FRE2220 Intermediate French Reading and Conversation I, 3.0 sem hrs
Intermediate level course designed to enhance the student's knowledge of the French language and culture through grammar analysis of newspaper articles, short cultural and literary readings, and discussions of such material to develop communicative competency. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: FRE1121
Conc-Reqs: FRE2220L

FRE2220L Intermediate French Reading and Conversation I Lab, 1.0 sem hrs
Intermediate level course designed to enhance the student's knowledge of the French language and culture through grammar analysis of newspaper articles, short cultural and literary readings, and discussions of such material to develop communicative competency. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: FRE1121
Conc-Reqs: FRE2220
Lab Fees: $5.00

FRE2221 Intermediate French Reading and Conversation II, 3.0 sem hrs
A continuation of FRE 2220/2220L to complete the second year sequence of the intermediate course in French language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral and written expression while studying aspects of French history and literature. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: FRE2220
Conc-Reqs: FRE2221L

FRE2221L Intermediate French Reading and Conversation II Lab, 1.0 sem hrs
A continuation of FRE 2220/2220L to complete the second year sequence of the intermediate course in French language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral and written expression while studying aspects of French history and literature. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: FRE2220

Conc-Reqs: FRE2221

Lab Fees: $5.00

FRE2905 Directed Study In French, 1.0-4.0 sem hrs
Directed Study in French (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

FRE2949 Cooperative Education Experience in French, 1.0-4.0 sem hrs
Cooperative Education Experience in French FA, SP, SU

FSS - Culinary Management (Food Service)

FSS0070 Artisan Breads, 2.5 voc hrs
This course covers the principles and techniques of preparing lean breads, multi-grain breads, bagels, pretzels and seasonal and flat breads. Special emphasis will be placed on regional and ethnic breads. Handling grains and specialty breads; mixing, shaping and finishing. Additionally, innovative baking methods will be covered. FA, SP

Lab Fees: $150.00

FSS0071 Cakes and Petit Fours, 2.5 voc hrs
This course presents the foundation methods and procedures in cake and dessert production, including the creaming method and blending techniques. An emphasis is placed on preparing simple to complex unfilled cakes and tortes. Topics covered include comparison of classical and modern preparations, classical cakes, i.e. St. Honore, Dobosh Tort, Linzer Tort, Saucher Tort, Glazes, Ices, Molded and Cream Filled Cakes; Torts; and Bombs. FA, SP

Lab Fees: $150.00

FSS0072 Desserts Production and Presentation, 2.5 voc hrs
This course will illustrate the fundamentals of pastry and dessert production, equipment, formula conversions and costing. Product production, including restaurant desserts, table side production, cakes, individual pastries, petit fours, and Viennese table production, layout and design will be covered. FA, SP

Pre-Reqs: HMV0104

Lab Fees: $150.00

FSS0291 Chocolate and Pastillage and Sugar, 2.5 voc hrs
This course includes the principles involved in tempering chocolate, forming simple centerpieces, and preparing chocolate and other confections with soft, hard and liquid centers. Students will learn both traditional and contemporary production methods in creation of confections. FA, SP

Pre-Reqs: HMV0104

Lab Fees: $150.00

FSS1063 Baking, 2.0 sem hrs
Introduction to baking science and the composition and properties of baking ingredients. Students will produce a variety of baked goods, using proper tools and methods. FA, SP, SU

Pre-Reqs: FOS1201

Conc-Reqs: FSS1063L

FSS1063L Baking Lab, 1.0 sem hrs
Introduction to baking science and the composition and properties of baking ingredients. Students will produce a variety of baked goods, using proper tools and methods. FA, SP, SU

Conc-Reqs: FSS1063

Lab Fees: $150.00

FSS1202 Food Production I, 2.0 sem hrs
Principles of food preparation, study will focus on basic principles and techniques of food production, use of recipes and use and care of equipment and tools. FA, SP, SU

Co-Reqs: FOS1201

Conc-Reqs: FSS1202L

FSS1202L Food Production I Lab, 1.0 sem hrs
Principles of food preparation, study will focus on basic principles and techniques of food production, use of recipes and use and care of equipment and tools. FA, SP, SU

Conc-Reqs: FSS1202

Lab Fees: $150.00

FSS1222 Food Production II, 2.0 sem hrs
Study will focus on the preparation of meats, poultry, seafood and game. Students will use a variety of cooking and preparation methods. FA, SP, SU

Pre-Reqs: FSS1202

Conc-Reqs: FSS1222L

FSS1222L Food Production II Lab, 1.0 sem hrs
Study will focus on the preparation of meats, poultry, seafood and game. Students will use a variety of cooking and preparation methods. FA, SP, SU

Conc-Reqs: FSS1222

Lab Fees: $150.00

FSS1240 Contemporary American Cuisine, 2.0 sem hrs
Preparing modern American cuisine with emphasis on regional influences and contemporary presentation techniques. FA, SP

Pre-Reqs: FSS1222

Conc-Reqs: FSS1240L

FSS1240L Contemporary American Cuisine Lab, 1.0 sem hrs
Preparing modern American cuisine with emphasis on regional influences and contemporary presentation techniques. FA, SP

Conc-Reqs: FSS1240

Lab Fees: $150.00

FSS1242 International Cuisine, 2.0 sem hrs
In this course students will study and practice classical/international menus of Europe and Asia. Special attention on flavor principles of various cuisines. FA, SP

Pre-Reqs: FSS1222

Conc-Reqs: FSS1242L

FSS1242L International Cuisine Lab, 1.0 sem hrs
In this course students will study and practice classical/international menus of Europe and Asia. Special attention on flavor principles of various cuisines. FA, SP

Conc-Reqs: FSS1242

Lab Fees: $150.00

FSS2210 Advanced Cuisine, 2.0 sem hrs
Study to focus on the art of advanced food preparation. Students will acquire skills in producing a variety of food items including garde manger, charcuterie, entrees and desserts. Students will execute planned meals using learned food preparation and presentation techniques. FA, SP

Pre-Reqs: FSS1222

Conc-Reqs: FSS2210L

FSS2210L Advanced Cuisine Lab, 1.0 sem hrs
Study to focus on the art of advanced food preparation. Students will acquire skills in producing a variety of food items including garde manger, charcuterie, entrees and desserts. Students will execute planned meals using learned food preparation and presentation techniques. FA, SP

Conc-Reqs: FSS2210

Lab Fees: $150.00

FSS2284 Catering and Buffet Management, 2.0 sem hrs
This course will introduce the student to effective practices and principles of effective buffet and catering/event management. From pre-planning to service and staffing to breakdown and clean up. FA, SP, SU

Pre-Reqs: FSS1222
Conc-Reqs: FSS2284L

FSS2284L Catering and Buffet Management Lab, 1.0 sem hrs
This course will introduce the student to effective practices and principles of effective buffet and catering/event management. From pre-planning to service and staffing to breakdown and clean up. FA, SP, SU

Conc-Reqs: FSS2284
Lab Fees: $150.00

FSS2905 Directed Study in Food Service, 4.0 sem hrs
Directed Study in Food Service FA, SP, SU

FSS2906 Directed Study in Culinary, 3.0 sem hrs
Directed Study in Culinary FA, SP, SU

FSS2949 Cooperative Education Experience in Food Service, 1.0-4.0 sem hrs
Cooperative Education Experience in Food Service. FA, SP, SU

<u>GEB - General Business</u>

GEB1011 Introduction to Business, 3.0 sem hrs
Business in the modern political, social, and economic environment. Topics include entrepreneurship, accounting, finance, management, economics, and marketing. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

GEB2351 International Business Practice Firm, 3.0 sem hrs
An introduction to international trade theories and practices including exporting, importing, and countertrade. International monetary systems and cultural differences affecting trade are explored. FA, SP

Lab Fees: $15.00

GEB2430 Business Ethics, 3.0 sem hrs
The purpose of this course is to direct the student toward a professional level of ethical awareness and decision-making in business. A review of the historical origins of ethics and value systems and their influence on various cultures is included. Different ethical values are compared and reviewed in relation to current ethics issues and cases. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

GEB2905 Directed Study in Business, 1.0-4.0 sem hrs
Directed Study in Business FA, SP, SU

GEB2949 Cooperative Education Experience in Business, 1.0-4.0 sem hrs
Cooperative Education Experience in Business FA, SP, SU

GEB3213 Business Writing, 3.0 sem hrs
This course emphasizes the basics of business writing while reviewing the various kinds of written business correspondence. Students are expected to integrate business decision making and analytical thinking skills into the content. Students must be able to determine solutions to problem-based exercises. PR: ENC 1101 or equivalent; junior level status or permission of the chair is required. (This course number was formerly GEB 3212). FA, SP, SU

Pre-Reqs: ENC1101

GEB3905 Directed Study in Business Writing, 1.0-4.0 sem hrs
Directed Study in Business Writing. FA, SP, SU

GEB4891 Strategic Management and Decision Making, 4.0 sem hrs
This course emphasizes strategic planning and strategy implementation in an organization. Students learn how to perform internal and external audits, identify problems, formulate goals and objectives, develop action plans, and evaluate the effectiveness of the outcome of the plan. Case studies are used to promote decision-making abilities. PR: Senior level status or permission of the chair is required.

GEB4930 Selected Topics in Management, 3.0 sem hrs
Current topics, issues, and trends pertinent to supervisors and managers are discussed. PR: Senior level status or permission of the chair is required.

<u>GEO - Geography</u>

GEO2000 World Geography, 3.0 sem hrs
A study of the Earth in spatial terms, place names of major countries and world regions, maps, globes and physical-human phenomena of environments and places. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

GEO2420 Cultural Geography, 3.0 sem hrs
A descriptive study of the location and distribution of people in the world and their cultural characteristics, including: language, religion, and how people use resources and earn their livings. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

Lab Fees: $5.00

GER - Foreign Language (German)

GER1120 Elementary German I Concentrated, 3.0 sem hrs
Introductory course to the German language and culture for students who have limited or no knowledge of German. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: GER1120L

GER1120L Elementary German I Concentrated Lab, 1.0 sem hrs
Introductory course to the German language and culture for students who have limited or no knowledge of German. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: GER1120

Lab Fees: $5.00

GER1121 Elementary German II Concentrated, 3.0 sem hrs
A continuation of GER 1120/1120L to develop basic German conversation, reading, and writing skills. Study all tenses and grammar fundamentals. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: GER1120

Conc-Reqs: GER1121L

GER1121L Elementary German II Concentrated Lab, 1.0 sem hrs
A continuation of GER 1120/1120L to develop basic German conversation, reading, and writing skills. Study all tenses and grammar fundamentals. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: GER1120

Conc-Reqs: GER1121

Lab Fees: $5.00

GER2220 Intermediate German Reading and Conversation I, 3.0 sem hrs
Intermediate level course designed to enhance the student's knowledge of the German language and culture through grammar analysis of newspaper articles, short cultural and literary readings, and discussions of such material to develop communicative competency. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: GER1121

Conc-Reqs: GER2220L

GER2220L Intermediate German Reading and Conversation I Lab, 1.0 sem hrs
Intermediate level course designed to enhance the student's knowledge of the German language and culture through grammar analysis of newspaper articles, short cultural and literary readings, and discussions of such material to develop communicative competency. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: GER1121

Conc-Reqs: GER2220

Lab Fees: $5.00

GER2221 Intermediate German Reading and Conversation II, 3.0 sem hrs
A continuation of GER 2220/2220L to complete the second year sequence of the intermediate course in German language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral and written expression while studying

aspects of German history and literature. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: GER2220

Conc-Reqs: GER2221L

GER2221L Intermediate German Reading and Conversation II Lab, 1.0 sem hrs
A continuation of GER 2220/2220L to complete the second year sequence of the intermediate course in German language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral and written expression while studying aspects of German history and literature. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.SP

Pre-Reqs: GER2220

Conc-Reqs: GER2221

Lab Fees: $5.00

GER2905 Directed Study in German, 1.0-4.0 sem hrs
Directed Study in German (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP

GLY - Geology

GLY2010 Physical Geology, 3.0 sem hrs
Detailed study of the materials comprising the earth's crust and interior and the forces acting to change its surface; the origin of continents and ocean basins in light of recent geologic research. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP

Co-Reqs: ENC1101

Conc-Reqs: GLY2010L

GLY2010L Physical Geology Lab, 1.0 sem hrs
Mandatory Laboratory portion of GLY 2010. Detailed study of the materials comprising the earth's crust and interior and the forces acting to change its surface; the origin of continents and ocean basins in light of recent geologic research. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP

Conc-Reqs: GLY2010

Lab Fees: $50.00

GLY2100 Historical Geology, 3.0 sem hrs
This course covers the general principles of historical geology with emphasis on evolution of Earth and life through time. Topics include an overview of the rock cycle and plate tectonic theory, with emphasis on stratigraphic principles, the fossil record, evolutionary theory, and paleogeographic map interpretation. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: GLY2010 AND GLY2010L

GRA - Graphic Arts

GRA1158 Digital Graphics Fundamentals, 3.0 sem hrs
This course covers vector illustration graphics software for graphic design and digital media applications. FA, SP

Lab Fees: $20.00

GRA1171 Advertising Design, 3.0 sem hrs
A study of the principles & psychology of advertising design, campaigns & layout in areas of print, outdoor, point-of-purchase, direct response & television. Emphasis is on original concept. Effective techniques and presentation through text, typography, illustration and photography are investigated. SP

Pre-Reqs: GRA1202 AND GRA2114
Lab Fees: $20.00

GRA1204 Digital Publishing Fundamentals, 3.0 sem hrs
This course covers page layout and electronic publishing software for graphic design and digital media applications. FA, SP

Pre-Reqs: DIG1109 AND GRA1158
Lab Fees: $20.00

GRA1206 Typography, 3.0 sem hrs
This course covers typographic design, typographic illustration, type terminology, type specifying and digital typesetting. Emphasizes choice and use of appropriate type in a variety of design contexts. FA, SP

Lab Fees: $20.00

GRA1543 Graphic Design Studio I, 3.0 sem hrs
An overview of the design industry and the methods of graphic design and visual communications. Covers the application of graphic design production tools and the design process with an emphasis on conceptualization and visualization. (Prerequisite: Permission of assistant chair.) FA, SP

Lab Fees: $20.00

GRA2109 History and Aesthetics of Design, 3.0 sem hrs
The course traces the development of graphic design and cites the major contributions to the development of contemporary graphic design practice and aesthetics. FA

Lab Fees: $25.00

GRA2114 Graphic Design Studio II, 3.0 sem hrs
An advanced study of specific conceptual, aesthetic, and production problems in graphic design. Application of design process to advanced layout problems. Management, project research and presentation issue are introduced. FA, SP

Pre-Reqs: GRA1543
Lab Fees: $20.00

GRA2184 Portfolio Development, 3.0 sem hrs
A portfolio development class covering essential preparation for career entry into the graphic design, digital media and digital television industry. Areas covered include personal presentation skills, employment materials and creative work samples. This class should be completed in the student's final semester of study. FA, SP

Lab Fees: $20.00

GRA2201 Digital Pre-Publishing, 3.0 sem hrs
Advanced study of digital workflow, print production methods and materials, digital makeready, and electronic publishing. Covers color management, image and file preparation, and pre-flighting for print and electronic media. FA

Pre-Reqs: GRA1204
Lab Fees: $20.00

GRA2511 Corporate Design, 3.0 sem hrs
A study of corporate image and identity design, development and implementation. Emphasizes choice and use of symbols, and appropriate application in stationery packages, corporate manuals, and collateral items. FA

Pre-Reqs: GRA2114 AND GRA1202
Lab Fees: $20.00

GRA2545 Publication Design, 3.0 sem hrs
An advanced study of specific conceptual, aesthetic and production problems in graphic design for publication. SP

Pre-Reqs: GRA1202 AND GRA2114 AND GRA1204
Lab Fees: $20.00

GRA2746 Illustration, 3.0 sem hrs
Course provides the student with training in the techniques of professional advertising and editorial illustration and covers a variety of traditional styles and mediums. FA

Pre-Reqs: GRA1741 AND GRA1543 AND DIG1109 AND GRA1158
Lab Fees: $20.00

GRA2905 Directed Study in Graphic Design, 1.0-4.0 sem hrs
Arranged with individual instructor to explore special areas of interest. FA, SP, SU

GRA2949 Cooperative Education Experience in Graphic Design, 1.0-4.0 sem hrs
Cooperative Education Experience in Graphic Design FA, SP, SU

HCP - Nursing - Assistant

HCP0100 Nurse Aide and Orderly, 2.0 voc hrs
Prepares individuals to perform selected tasks related to patient care in a long-term care facility or an adult living facility under the supervision of a licensed nurse. Students who successfully complete the program are eligible to take the Nurse Aide Competency Evaluation Program (NACEP) for certification as a Nursing Assistant in Florida (Florida Statute, 400.21). FA, SP, SU

Conc-Reqs: HCP0100L

HCP0100L Nurse Aide and Orderly Lab, 3.5 voc hrs
Prepares individuals to perform selected tasks related to patient care in a long-term care facility or an adult living facility under the supervision of a licensed nurse. Students who successfully complete the program are eligible to take the Nurse Aide Competency Evaluation Program (NACEP) for certification as a Nursing Assistant in Florida (Florida Statute, 400.21). FA, SP, SU

Conc-Reqs: HCP0100

Lab Fees: $25.00

HCP0600 Patient Care Assistant, 3.34 voc hrs
Prepares individuals to perform selected tasks related to patient care in a hospital, long-term care facility, or home health agency under the supervision of a licensed nurse. Students who successfully complete the program are eligible to take the Nurse Aide Competency Evaluation Program (NACEP) for certification as a Nursing Assistant in Florida (Florida Statute, Section 400.21). FA, SP, SU

Conc-Reqs: HCP0600L

HCP0600L Patient Care Assistant Lab, 6.33 voc hrs
Prepares individuals to perform selected tasks related to patient care in a hospital, long-term care facility, or home health agency under the supervision of a licensed nurse. Students who successfully complete the program are eligible to take the Nurse Aide Competency Evaluation Program (NACEP) for certification as a Nursing Assistant in Florida (Florida Statute, Section 400.21). FA, SP, SU

Conc-Reqs: HCP0600

Lab Fees: $25.00

HCP0720 Electrocardiograph Aide, 2.5 voc hrs
This course is designed to prepare students to perform the duties necessary for employment as an electrocardiograph aide. Instruction will include theory, lab practice and clinical experience in a hospital, clinic or physician's office. (Dual enrollment students only.) FA

HEV - Child Care Apprentice

HEV0941 Child Care Apprentice I, 3.2 voc hrs
Course designed to introduce students to rules and regulations governing child care and child development. CPR and Basic Life Saving Instruction are included.

Co-Reqs: HEV0941L

Conc-Reqs: HEV0941

HEV0941L Child Care Apprentice I Lab, 22.66 voc hrs
Course designed for students to apply knowledge of rules and regulations governing childcare and child development.

Co-Reqs: HEV0941

Conc-Reqs: HEV0941

HEV0942 Child Care Apprentice II, 3.2 voc hrs
Course designed for students to develop competencies in planning, implementing and supervising developmentally appropriate activities for preschool children.

Conc-Reqs: HEV0942L

HEV0942L Child Care Apprentice II Lab, 22.66 voc hrs
Course designed for students to develop competencies in establishing developmentally appropriate activities for pre-school children.

Conc-Reqs: HEV0942

HEV0943 Child Care Apprentice III, 1.2 voc hrs
Designed for students to develop competencies in planning, implementing and supervising developmentally appropriate activities for infants/toddlers, preschool, school-age children and children with special needs.

Conc-Reqs: HEV0943L

HEV0943L Child Care Apprentice III Lab, 21.33 voc hrs
Course designed to develop competencies in implementing developmentally appropriate activies for school-age and children with special needs, and infants/toddlers, interpersonal relationships, personal and professional growth and positive guidance.

Conc-Reqs: HEV0943

HEV0944 Child Care Apprentice IV, 3.2 voc hrs
Designed to introduce the students to the concepts of personal and professional development including classroom management.

Conc-Reqs: HEV0944L

HEV0944L Child Care Apprentice IV Lab, 22.66-45.33 voc hrs
Course designed to develop competencies in professionalism and leadership and organizational skills necessary to work in a preschool setting.

Conc-Reqs: HEV0944

HEV0945 Child Care Apprentice V, 3.2 voc hrs
Designed for students to become acquainted with characteristics of a safe, clean, healthy learning environment.

Conc-Reqs: HEV0945L

HEV0945L Child Care Apprentice V Lab, 22.66 voc hrs
Course designed to develop competencies in establishing a safe, clean, healthy learning environment, including food service.

Conc-Reqs: HEV0945

HEV0946 Child Care Apprentice VI, 1.2-2.4 voc hrs
Designed for students to become acquainted with career and job opportunities and employability skills.

Conc-Reqs: HEV0946L

HEV0946L Child Care Apprentice VI Lab, 21.33 voc hrs
Course designed to develop competencies in appropriate skills essential to working in child care and in managing an effective child care program.

Conc-Reqs: HEV0946

HFT - Hospitality Management

HFT1000 Introduction to Hospitality Industry, 3.0 sem hrs
An introduction to the hospitality industry. Current business trends, employment opportunities, management responsibilities and computer applications are stressed. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

HFT1261 Hospitality Service, 3.0 sem hrs
This course teaches the principles of restaurant management both front and back of the house. Topics include guest service, organization and training as well as marketing and financial concerns. Students will practice service technique in College run restaurant, banquet and quick service operation. FA, SP

HFT1410 Lodging Operations I, 3.0 sem hrs
Introduction to the functions of the lodging front desk operations, reservations while stressing its mechanics and routines, with developmental training in interpersonal skills, communications and computer applications. SP

HFT1820 Purchasing for Hospitality, 3.0 sem hrs
This course is designed to prepare the student to plan, prepare, bid, order, receive, store, issue, inventory, and forecast the purchasing requirements of an organization in the Hospitality Industry. HIM1031 Medical Record Transcription I, 1.0 sem hrs
Develop skills in the use of dictating/transcribing units and reference sources. Laboratory experience in transcribing medical record forms. FA, SP

Pre-Reqs: OST1100 AND HSC1531

Conc-Reqs: HIM1031L

HIM1031L Medical Record Transcription I Lab, 2.0 sem hrs
Develop skills in the use of dictating/transcribing units and reference sources. Laboratory experience in transcribing medical record forms. FA, SP

Conc-Reqs: HIM1031
Lab Fees: $20.00

HIM1032 Medical Record Transcription II, 1.0 sem hrs
Study of advanced medical record terminology and transcription of various medical records and reports. FA, SP

Pre-Reqs: HIM1031
Conc-Reqs: HIM1032L

HIM1032L Medical Record Transcription II Lab, 2.0 sem hrs
Study of advanced medical record terminology and transcription of various medical records and reports. (Prerequisite: HIM 1031. Corequisite: HIM 1032L.) Lab fee: $20. FA, SP

Conc-Reqs: HIM1032
Lab Fees: $20.00

HIM1222 Beginning ICD-9 Coding, 3.0 sem hrs
This course is designed to develop skills in the use of approved disease and operative classification systems, abstraction of patient data from the medical record and assignment of ICD-9-CM diagnostic and procedure codes. SP

Co-Reqs: HIM1000
Pre-Reqs: HSC1531
Conc-Reqs: HIM1222L

HIM1222L Beginning ICD-9 Coding Lab, 1.0 sem hrs
This course is designed to develop skills in the use of approved disease and operative classification systems, abstraction of patient data from the medical record and assignment of ICD-9-CM diagnostic and procedure codes. SP

Conc-Reqs: HIM1222
Lab Fees: $25.00

HIM1273 Billing and Reimbursement Methods, 1.0 sem hrs
Study of the principles and practices of insurance and reimbursement processing, to include the assignment and reporting of codes for diagnoses and procedures and services. Also covered are completion of UB-92 and CMS-1500 claims for outpatient, emergency department, and physician office encounters. FA

Conc-Reqs: HIM1273L

HIM1273L Billing and Reimbursement Methods Lab, 1.0 sem hrs
Study of the principles and practices of insurance and reimbursement processing, to include the assignment and reporting of codes for diagnoses and procedures and services. Also covered are completion of UB-92 and CMS-1500 claims for outpatient, emergency department, and physician office encounters. FA

Conc-Reqs: HIM1273

HIM2012 Legal Aspects of Health Records, 2.0 sem hrs
In-depth study of the federal, state and local laws which govern the preparation and use of health records in healthcare delivery systems. SU

Pre-Reqs: HIM1000

HIM2214 Health Information Management Statistics, 3.0 sem hrs
This course will introduce the student to healthcare statistics and their uses in healthcare settings. SP

Co-Reqs: HIM2810
Pre-Reqs: HIM1000

HIM2234 Advanced ICD-9 Coding, 3.0 sem hrs
This course is designed to enhance skills learned in HIM 1222. By recalling the basic coding rules and applying them with in-depth diagnosis and procedure analysis learned in this course, the student will become capable of accurate medical record coding and DRG assignment. FA

Pre-Reqs: HIM1222
Conc-Reqs: HIM2234L

HIM2234L Advanced ICD-9 Coding Lab, 1.0 sem hrs
This course is designed to enhance skills learned in HIM 1222. By recalling the basic coding rules and applying them with in-depth diagnosis and procedure analysis learned in this course, the student will become capable of accurate medical record coding and DRG assignment. FA

Conc-Reqs: HIM2234
Lab Fees: $25.00

HIM2253 Beginning CPT Coding, 2.0 sem hrs
This course is designed to develop skills in the use of the Physician's Current Procedure Coding Terminology (CPT) systems for hospital and physicians' offices. SU

Pre-Reqs: HIM1222 AND HSC1531
Conc-Reqs: HIM2253L

HIM2253L Beginning CPT Coding Lab, 1.0 sem hrs
This course is designed to develop skills in the use of the Physician's Current Procedure Coding Terminology (CPT) systems for hospital and physicians' offices. SU

Conc-Reqs: HIM2253
Lab Fees: $25.00

HIM2283 Advanced CPT Coding, 2.0 sem hrs
This course will be a continuation of Beginning CPT coding. This course will also combine CPT with ICD-9 to complete the billing and reimbursement process. SP

Conc-Reqs: HIM2283L

HIM2283L Advanced CPT Coding Lab, 1.0 sem hrs
This course will be a continuation of Beginning CPT coding. This course will also combine CPT with ICD-9 to complete the billing and reimbursement process. SP

Conc-Reqs: HIM2283
Lab Fees: $25.00

HIM2400 Health Records in Alternate Settings, 2.0 sem hrs
This course will explore the use of health records in sites other than hospitals. Long term care, hospice, tumor registry, physician offices and clinics. Record content in each area will be discussed. SP

Co-Reqs: HIM2810
Pre-Reqs: HIM1000 AND HIM2234

HIM2430 Concepts of Diseases, 4.0 sem hrs
Given a body of medical information, students will demonstrate their ability to interpret, understand, extract, analyze and synthesize information within the medical record. FA

Co-Reqs: HIM2442
Pre-Reqs: HSC1531 OR BSC1085 OR BSC1020

HIM2442 Pharmacology and Lab, 1.0 sem hrs
This course will introduce the student to the most common drugs and laboratory tests utilized in medicine. FA

Co-Reqs: HIM2430

HIM2500 Quality Assurance and Compliance, 2.0 sem hrs
This course will discuss the development of health care quality programs including performance improvement, utilization review, risk management and coding compliance. FA

Pre-Reqs: HIM2214 AND HIM2810 AND HIM1000

HIM2512 Health Information Systems Management, 2.0 sem hrs
This course will review the basic management functions as they apply to a Health Information Systems (H.I.S.) department. FA

Pre-Reqs: HIM2800

HIM2652 Electronic Health Record, 1.0 sem hrs
This course will review the history of the electronic record, trends, and healthcare information applications. Discussion of the transition from a paper based health record to an electronic record. SP

Co-Reqs: HIM2810
Pre-Reqs: HIM1000
Conc-Reqs: HIM2652L

HIM2652L Electronic Health Record Lab, 1.0 sem hrs
This course will review the history of the electronic record, trends, and healthcare information applications. Discussion of the transition from a paper based health record to an electronic record. SP

Conc-Reqs: HIM2652
Lab Fees: $25.00

HIM2800 Coding Professional Practice Experience I, 1.0 sem hrs
This course will give the coder/biller student hands on experience in a physician or outpatient department. FA

Pre-Reqs: HIM2253
Lab Fees: $15.00

HIM2810 Professional Practice Experience II, 2.0 sem hrs
Supervised experience in a non-hospital health care facilities. Compiling health/data statistics, use of indexes and registers and computerization of HIS functions reports are emphasized. SP

Pre-Reqs: HIM2800

HIM2820 Professional Practice Experience III, 2.0 sem hrs
Supervised experience in a Health Information Services (HIS) department offering experience of a supervisory nature, utilization review quality assurance and overall chart flow. FA

Pre-Reqs: HIM2810

HIM2905 Directed Study in Health Information Management, 1.0-5.0 sem hrs
Directed Study in Health Information Management. FA, SP, SU

HIM2920 Health Information Management Seminar, 2.0 sem hrs
This course will be a capstone course. Employability skills, marketing, and review for the national certification exam will be covered. FA

Co-Reqs: HIM2820
Pre-Reqs: HIM2400 AND HIM2283

HIM2949 Cooperative Education Experience in Health Records, 1.0-4.0 sem hrs
Cooperative Education Experience in Health Records FA, SP, SU

HLP - Health and Wellness

HLP1081 Fitness Assessment and Improvement, 3.0 sem hrs
This course evaluates the student's level of fitness, then develops a program of improvement through daily exercise and instruction in the areas of nutrition, stress management and basic training techniques. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $25.00

HMV - Hospitality Management (Vocational)

HMV0103 Pastry I, 2.5 voc hrs
This course introduces non-yeast, laminated doughs and tye preparation of pastry products using a variety of methods: lamination, blending, creaming, foaming, thickening. Students will combine these methods into new products to create savory items and frozen desserts, use basic finishing methods by applying glazes, filling pastries, creating simple sauces and presenting products for service. FA, SP

Lab Fees: $150.00

HMV0104 Advanced Pastry, 2.5 voc hrs
This course enables the advanced student to produce pastries, including puff pastry, chouxd paste, short past, tortes, petit fours, skills developed in decorating techniques. FA, SP

Pre-Reqs: HMV0103
Lab Fees: $150.00

HMV0145 Wholesale Bakeshop Production, 2.5 voc hrs
This course is designed to enable the student to understand and demonstrate the skills needed to operate, service and maintain a WHOLESALE bakeshop that meets industry standards and operates at a profit. This course covers the preparation and service of individual baked goods and desserts. Students will learn station organization, timing, service. Students will learn inventory control, display and marketing of bakeshop products. FA, SP

Pre-Reqs: HMV0104
Lab Fees: $150.00

HMV0146 Retail Bakeshop Production, 2.5 voc hrs
This course explores the steps for planning and production for wholesale bakeshop and Small catering and banquet functions. Students will learn how to scale for Small volume production, calculate yield, work brigade line as a baker/pastry cook. Additionally learn how to store, wrap, delivery of small volume large variety of products in a RETAIL environment. FA, SP

Pre-Reqs: HMV0104
Lab Fees: $150.00

HSC - Health Sciences

HSC0005 Healthcare Concepts for the Massage Therapist, 3.0 voc hrs
This course provides an overview of the current healthcare delivery system in the USA and current health occupations. Content includes, but is not limited to the use of interpersonal and communication skills with patients and other health professionals, written communication skills, knowledge of blood borne diseases and HIV/AIDS education, legal and ethical responsibilities, safety and security procedures and infection control, medical errors and eight hours. FA

HSC1000 Introduction to Health Care, 3.0 sem hrs
Introduction to current practices and issues in health care. Content includes social and cultural responses to health problems of individuals and families; health care delivery in primary, secondary, and tertiary settings; critical thinking; health care professions; standards of practice; health care organizations; United States health policies; issues of finance, ethics, legal rights of patients and health care workers; infection control; universal precautions; and principles of effective communication and computer applications to health care. NOTE: This is a required course for students in selected health career programs. FA, SP, SU

Lab Fees: $5.00

HSC1421 Health, Safety and Nutrition for the Young Child, 3.0 sem hrs
Designed to provide the early childhood student with health, safety and nutrition principles for the young child; and experience and resources for teaching these principles in various curriculum areas. SP

HSC1531 Medical Terminology, 4.0 sem hrs
This course prepares students for medically oriented careers. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

HSC2400 First Aid, Responding to Emergencies, 3.0 sem hrs
Demonstrations, practical experiences, lectures and discussions on the principles and skills essential to the individual for the care of emergencies in the home and community. Certificates in CPR and Responding to Emergencies will be issued to those individuals successfully completing the course. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $15.00

HSC2905 Directed Study in Health and Fitness, 1.0-4.0 sem hrs
Directed Study in Health and Fitness. FA, SP, SU

HSC2949 Cooperative Education Experience in Health and Fitness, 1.0-4.0 sem hrs
Education Experience in Health and Fitness FA, SP, SU

HUM - Humanities

HUM2210 Prehistory to Medieval Humanities, 3.0 sem hrs
Literature, fine arts, music and philosophy of Western Europe from earliest times to the Renaissance, and their interrelation with the culture. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $15.00

HUM2230 Renaissance to Postmodern Humanities, 3.0 sem hrs
A continuation of HUM 2210, beginning with the high Renaissance and concluding with the early 20th century. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. NOTE: HUM 2210 is NOT a prerequisite for HUMANITIES 2230. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $15.00

HUM2480 Multi-Cultural Humanities, 3.0 sem hrs
A study of emerging Third World cultures and their relationship to the Western world by examining widely acclaimed literature, music and art of selected countries. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Co-Reqs: ENC1101
Lab Fees: $15.00

HUM2740 Humanities Overseas Study Program, 3.0-6.0 sem hrs
An opportunity to examine monuments of Western art in the classroom and in Europe. Specific attention given to interrelationships among the arts. SU

HUM2905 Directed Study in Humanities, 1.0-4.0 sem hrs
Directed Study in Humanities. FA, SP, SU

HUM2949 Directed Study in Humanities, 1.0-4.0 sem hrs
Cooperative Education Experience in Humanities

HUN - Nutrition

HUN1201 Human Nutrition, 3.0 sem hrs
This introductory course focuses on the principles of nutrition science and how they relate to human physiology and health. Practical applications for using nutrition as part of a personal approach to wellness are emphasized. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

HUN1203 Culinary Nutrition, 3.0 sem hrs
This course relates nutrition to the food service industry by way of menu planning, studying nutritional deficiencies, diseases, retention of nutrients and the basic principles for health conscious cooking. FA, SP

HUN1270 Sports Nutrition, 3.0 sem hrs
Introduces human nutrition and its relationships to athletic performance, fitness and health. Presents scientifically-based sports nutrition recommendations for the active person and the trained athlete. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

HUN2905 Directed Study in Nutrition, 1.0-4.0 sem hrs
Directed Study in Nutrition FA, SP, SU

HUN2949 Cooperative Education Experience in Nutrition, 1.0-4.0 sem hrs
Cooperative Education Experience in Nutrition FA, SP, SU

HUS - Human Services

HUS1001 Introduction to Human Services, 3.0 sem hrs
Introduces the history and an overview of human services including social work and mental health. Describes roles, responsibilities and goals of the human service worker and values, conflicts and dilemmas that affect the worker and the client relationship. Involvement in college, community, and social service work is emphasized. In addition, the critical involvement of students in professional responsibilities is introduced with involvement in student/faculty clubs and professional organizations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

HUS1332 Advanced Counseling/Interview Skills, 3.0 sem hrs
Advanced skills in assessment, recording, problem solving, developing treatment plans, case presentations, case management and crisis intervention are taught through academic and skill-based work. Practical experience and documentation required for internships and jobs in the field are emphasized. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: PCO2202 AND HUS1001

HUS1530 The Disabled Experience, 3.0 sem hrs
This course traces the history of the disabled experience in the United States and the implementation of the Americans with Disabilities Act (ADA) of 1990. The nature of disabling conditions includes developmental disorders, mental disorders, sensory disabilities, motor disabilities, and medical or other physical disorders. Chronic, temporary, and progressive conditions are explored. The course emphasizes the obstacles faced by disabled persons and the steps that increase opportunities for participation in all aspects of society. Etiquette is an intervention that can be practiced by all. Political, educational, vocational and therapeutic interventions address individual and group services to empower people with disabilities.This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

HUS1550 Human Services and the Disenfranchised, 3.0 sem hrs
This course is designed to explore reasons for the rising number of people who seek human services and other social services. Social and economic problems impact either positively or negatively on certain population such as veterans, homeless, single parent, and people in abusive households. Groups of people who are disenfranchised struggle to propel themselves into the same arena of life of others. Knowledge, training and practical application of the policies affecting people disenfranchised in the social systems can invoke changes in the political, economic social and global systems This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

HUS1850 Human Services Externship I, 1.0 sem hrs
Experiential learning in human service agencies through the practice of counseling skills and techniques. On and off-campus job training and clinical supervision are required. SP

Pre-Reqs: PCO2202 AND HUS1001
Conc-Reqs: HUS1850L

HUS1850L Human Services Externship I Lab, 3.0 sem hrs
Experiential learning in human service agencies through the practice of counseling skills and techniques. On and off-campus job training and clinical supervision are required. SP

Conc-Reqs: HUS1850
Lab Fees: $10.00

HUS2008 Survey of Counseling Theory and Practice, 3.0 sem hrs
This course surveys the field of counseling theory and practice. The major theories that guide the practice of mental health counseling are investigated, including the personality theories which are the underpinnings of many theoretical approaches. Further, this course reviews issues related to the counselor as a person and a professional and considers ethical issues in counseling practice. SP

HUS2200 Group Dynamics, 3.0 sem hrs
Introduction to group dynamics; study of structure, organization and function of groups; and survey of different types of groups. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Co-Reqs: HUS2851
Pre-Reqs: HUS1332 AND HUS2801

HUS2424 Addictions and Treatment, 3.0 sem hrs
This course addresses the skills, concepts and issues of addictive processes, treatment, recovery and counseling with diverse populations. National and state practices are taught as part of the field's development. It is part of the Transdisciplinary Foundations requirement of the certification boards. (Prerequisite: Appropriate placement scores or successful completion of college prep courses or permission of assistant chair or chairperson.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

HUS2441 Addictions, Families, and Communities, 3.0 sem hrs
P r o v i d e s training in substance abuse in the context of family and community systems. This course introduces the basic concepts and issues related to substance abuse prevention and addiction processes. Orientation to evidence-based practice is reviewed and updated. It is part of the Transdisciplinary Foundations required by the certification boards. (Prerequisite: Appropriate placement scores or

successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

HUS2500 Issues and Ethics in Human Services, 3.0 sem hrs
This course continues the human services emphasis on professional practice and responsibilities. It adds to the student's knowledge and practice of legal and ethical problems and professional codes of ethics in human service fields. In addition, topics explored include sources of burnout and methods of reducing anxiety, stress and tension; current issues; social and multicultural issues, domestic violence; and effective personal and professional skills. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

HUS2801 Human Services Practicum, 1.0 sem hrs
Practicum is designed to provide students with the opportunity to function in a chosen career in an internship/employee role for six or 12 weeks in a selected human service agency. Experiential learning in human service agencies through the practice of counseling and social service skills and techniques. On and off-campus job training and clinical supervision are required. SU

Pre-Reqs: HUS1850 AND HUS1332
Conc-Reqs: HUS2801L

HUS2801L Human Services Practicum Lab, 5.0 sem hrs
Practicum is designed to provide students with the opportunity to function in a chosen career in an internship/employee role for six or 12 weeks in a selected human service agency. Experiential learning in human service agencies through the practice of counseling and social service skills and techniques. On and off-campus job training and clinical supervision are required. SU

Conc-Reqs: HUS2801

HUS2851 Human Services Externship II, 1.0 sem hrs
Students select and interview at approved human service programs; activities will emphasize application of group dynamics and group skills. This course continues the practice skills from earlier externship and practicum experiences. On and off-campus job training and clinical supervision are required. FA

Co-Reqs: HUS2200
Pre-Reqs: HUS2801
Conc-Reqs: HUS2851L

HUS2851L Human Services Externship II Lab, 3.0 sem hrs
Students select and interview at approved human service programs; activities will emphasize application of group dynamics and group skills. This course continues the practice skills from earlier externship and practicum experiences. On and off-campus job training and clinical supervision are required. FA

Conc-Reqs: HUS2851

HUS2852 Human Services Externship III, 1.0 sem hrs
This experience gives the student opportunities to exercise more responsibility and leadership as a member of the Human Services team. This course continues the practice skills from earlier externship and practicum experiences. On and off-campus job training and clinical supervision are required. Leadership and mentoring roles are emphasized, with more sophisticated professional skills. SP

Pre-Reqs: HUS2851
Conc-Reqs: HUS2852L

HUS2852L Human Services Externship III Lab, 3.0 sem hrs
This experience gives the student opportunities to exercise more responsibility and leadership as a member of the Human Services team. This course continues the practice skills from earlier externship and practicum experiences. On and off-campus job training and clinical supervision are required. Leadership and mentoring roles are emphasized, with more sophisticated professional skills. SP

Conc-Reqs: HUS2852

HUS2905 Directed Study in Human Services, 1.0-4.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

HUS2933 Human Services Seminar, 1.0 sem hrs
A multi-topical approach to the study of a theme, problem or area of reference in Human Services. This course helps students with skills used throughout the program. FA

Lab Fees: $15.00

IDS - Interdisciplinary Studies

IDS2191 The 1960's - The Era of Metamorphosis, 3.0 sem hrs
An introduction to the social, political, psychological, and historical issues and events that transformed the 1960's into one of the most turbulent decades in our nation's history. Examining the 1960's allows us a deeper understanding of postwar America, revealing the roots of many contemporary issues and conflicts. Major course themes include the following: The Civil Rights Movement; Black Power; the Viet Nam War; The Anti-War Movement; the rise of the "New Left" and the "New Right"; Cultural Change and the Counterculture; The Women's Liberation Movement and the Emergence of Radical Feminism; The New American Family; Marriage and No-fault divorce; Drugs and Psychodelia; and Music and Rock 'n' Roll. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

IND - Interior Design

IND1001 History of Architecture and Interiors II, 3.0 sem hrs
The study of furniture history and architectural styles for the 19th century through contemporary interior design; current and future trends; recognizing and using different architectural and furniture styles in the interiors. SP

Lab Fees: $15.00

IND1021 Interior Design Studio I, 3.0 sem hrs
Planning floor plans in regard to function and aesthetics. Research and development of design solutions associated with color theory, furniture and room arrangement, lighting and electrical placement, application, floor plans, elevation development and graphic communication. FA, SP

Co-Reqs: BCN1251 AND BCN1251L

Pre-Reqs: HHD1321
Lab Fees: $45.00

IND1211 History of Architecture and Interiors I, 3.0 sem hrs
Furniture history and the development of architectural styles from Antiquity to the end of the 18th century. Recognition and use of different period styles in the design of historical interiors. FA

Lab Fees: $15.00

IND1300 Graphics of Interior Design I, 3.0 sem hrs
Basic presentation techniques with emphasis on materials and presentation boards. Oral and written communication and graphic presentation. Emphasis on marker and pencil rendering techniques. FA, SU

Lab Fees: $150.00

IND1429 Textiles for Commercial and Residential Interiors, 3.0 sem hrs
The study of fibers used in interiors, fire and life safety codes involving their use, fabrication, application and evaluation of textiles and proper professional terminology. SP

Lab Fees: $45.00

IND1432 Lighting for Interior Design, 2.0 sem hrs
This course is an introduction to the principles of lighting. Students will learn lighting effects, lighting systems, and the effect of lighting on human behavior for both residential and commercial applications.

Lab Fees: $30.00

IND1935 Building and Barrier Free Codes, 2.0 sem hrs
This is a mandatory course required by the State Board of Education for all interior design students. It is designed to give the student an in-depth understanding of building codes and the American with Disabilities Guidelines (ADA). This course will teach students about space-planning and material specifications. Basic building construction and fire safety will be addressed. FA, SP

Lab Fees: $15.00

IND2210 Interior Design Studio II, 3.0 sem hrs
This course creates a design studio atmosphere with projects and deadlines required throughout the semester. Advanced application of the

principles and elements of design into the conceptual design process. Creative problem solving, programming and special analysis. Graphic communication and presentation, placement and selection of furniture, materials, accessories, lighting and electrical schedules. FA, SP, SU

Pre-Reqs: IND1021
Lab Fees: $65.00

IND2220 Commercial Interior Design, 3.0 sem hrs
Advanced application in creative problem solving and research of the design process for non-residential interiors. Space planning, programming, human factors, code requirements and specifications. Sample test project. FA

Pre-Reqs: IND1021
Lab Fees: $65.00

IND2410 Kitchen and Bath Design I, 3.0 sem hrs
This course teaches basic residential kitchen design. The National Kitchen and Bath Association design principles are presented. Students complete kitchen and bath design projects including programming, space planning, mechanical systems and product selection.

Pre-Reqs: HHD1321 AND BCN1251
Lab Fees: $15.00

IND2411 Materials and Estimating for Kitchen and Bath, 2.0 sem hrs
This course teaches the construction and systems essential in kitchen and bath design. An understanding of foundation to roof construction, wiring, plumbing, heating, ventilation, and air conditioning, building codes, foundations and floor systems, building materials and project estimating will be stressed.

Lab Fees: $15.00

IND2414 Kitchen and Bath Design II, 3.0 sem hrs
This course teaches basic advanced kitchen design; advanced techniques are presented. National Kitchen and Bath Association guidelines are stressed. Students complete kitchen and bath design projects using industry standard CAD program.

Co-Reqs: ETD2320
Lab Fees: $15.00

IND2501 Practices of Interior Design, 4.0 sem hrs
Establishing and maintaining a successful interior design business. Resume writing, cover letters and portfolio development procedures. Specifications, financial operations, estimating, schedules and recordkeeping. SP

Pre-Reqs: IND1021
Lab Fees: $45.00

IND2608 Sustainable Design, 3.0 sem hrs
The basic theories and practices of ecology relating to interior design products will be introduced. Students will gain an understanding of the impact of their interior selections on the environment. "Green" design will be introduced as students understand renewable resources, environment pollution, and conservation. This is an emerging field for interior design and architecture.

IND2949 Cooperative Education Experience in Interior Design, 1.0-4.0 sem hrs
Cooperative Education Training Assignment in Interior Design FA, SP, SU

INP - Psychology

INP1390 Human Relations in the Workplace, 3.0 sem hrs
Designed to enhance effectiveness in the workplace through an emphasis on awareness of self and others communication technique and interpersonal skills. Individualized Instruction. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $20.00

INR - Political Science

INR2002 International Relations, 3.0 sem hrs
Analysis of national power, foreign policy, settlement of disputes, the balance of power system, and international organization and disarmament in world affairs. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

ISM - Information Management Systems

ISM4011 Introduction to Management Information Systems, 4.0 sem hrs
This course provides an introduction to the use of information technology in the business environment. The language, concepts, structures and processes involved in the management of information systems will be discussed. The course will have an applications component where software will be used to support managerial decision making. PR: CGS 2100 or equivalent. Senior level status or permission of the chair is required.

Pre-Reqs: CGS2100

ISM4905 Directed Study in Information Management Systems, 1.0-4.0 sem hrs
Directed Study in Information Management Systems. FA, SP, SU

ISS - Social Sciences

ISS1120 American Political and Economic Issues, 3.0 sem hrs
A study of current political and economic issues in the United States, including international cases affecting American society. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $8.00

ISS2905 Directed Study in Social Science, 3.0 sem hrs
Directed Study in Social Sciences (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

ITA - Foreign Language (Italian)

ITA1120 Elementary Italian I Concentrated, 3.0 sem hrs
Introductory course to the Italian language and culture for students who have limited or no knowledge of Italian. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: ITA1120L

ITA1120L Elementary Italian I Concentrated Lab, 1.0 sem hrs
Introductory course to the Italian language and culture for students who have limited or no knowledge of Italian. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: ITA1120
Lab Fees: $5.00

ITA1121 Elementary Italian II Concentrated, 3.0 sem hrs
A continuation of ITA1120/1120L to pursue further study of the structural aspects of the language with emphasis on strengthening communicative skills while deepening cultural awareness. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ITA1120
Conc-Reqs: ITA1121L

ITA1121L Elementary Italian II Concentrated Lab, 1.0 sem hrs
A continuation of ITA1120/1120L to pursue further study of the structural aspects of the language with emphasis on strengthening communicative skills while deepening cultural awareness. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ITA1120
Conc-Reqs: ITA1121
Lab Fees: $5.00

ITA2220 Intermediate Italian Reading and Conversation I, 3.0 sem hrs
Intermediate level course designed to enhance the student's knowledge of the Italian language and culture through grammar analysis of newspaper articles, short cultural and literary readings, and discussions of such material to develop communicative competency. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ITA1121
Conc-Reqs: ITA2220L

ITA2220L Intermediate Italian Reading and Conversation I Lab, 1.0 sem hrs
Intermediate level course designed to enhance the student's knowledge of the Italian language and culture through grammar analysis of newspaper articles, short cultural and literary readings, and discussions of such material to develop communicative competency. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ITA1121
Conc-Reqs: ITA2220
Lab Fees: $5.00

ITA2221 Intermediate Italian Reading and Conversation II, 3.0 sem hrs
A continuation of ITA 2220/2220L to complete the second year sequence of the intermediate level course in Italian language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral and written expression while studying aspects of Italian history and literature. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ITA2220
Conc-Reqs: ITA2221L

ITA2221L Intermediate Italian Reading and Conversation II Lab, 1.0 sem hrs
A continuation of ITA 2220/2220L to complete the second year sequence of the intermediate level course in Italian language and culture. Instruction is designed to strengthen communicative and written skills with emphasis on oral and written expression while studying aspects of Italian history and literature. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.SP

Pre-Reqs: ITA2220
Conc-Reqs: ITA2221L
Lab Fees: $5.00

ITA2905 Directed Study in Italian, 1.0-4.0 sem hrs
FA, SP, SU (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

JOU - Mass Communication (Journalism)

JOU1100 Introduction to Journalism, 3.0 sem hrs
Designed as a basic skills and practical application course for gathering, writing, reporting and editing news in journalistic style. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ENC1101
Lab Fees: $15.00

JOU2905 Directed Study in Journalism, 1.0-3.0 sem hrs
Directed Study in Journalism (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

JOU2949 Cooperative Education Experience in Journalism, 1.0-4.0 sem hrs
Cooperative Education Experience in Humanities (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

LAE - Language Arts and English Education

LAE3414 Children's Literature, 3.0 sem hrs
The purpose of this course is to present new and outstanding titles in literature for elementary children. Topics include authors and illustrators, surveys the genres of children's literature, principles of selection, evaluation, and integration of literature, fiction and nonfiction in a variety of formats to enrich classroom activities and recreational and lifelong reading. This course includes field experience in the public schools. This course may be offered in the FA or SP term.

LAE4314 Teaching Language Arts, 3.0 sem hrs
The purpose of this course is to develop materials and implement effective practices related to teaching reading and writing in elementary schools. This course may be offered in FA, SP or SU terms.

LAE4361 Strategies for Literacy for Middle/High Schools, 3.0 sem hrs
The purpose of this course is to examine theory, strategies and resources related to implementation options to deliver literacy instruction in the content areas. This course requires a field service in a public secondary school. This course may be offered in the FA or SP term.

Pre-Reqs: TSL3080 AND EDG4323

LIS - Library and Information Studies

LIS1002 Finding Information: Skills and Technologies, 3.0 sem hrs
This course is a practical introduction to finding the different types of information individuals need to be successful in school, career and personal goals. The course covers resources both in and out of the library and highlights the use of computer technologies in research. (Prerequisites: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: REA0001
Lab Fees: $5.00

LIS2004 Introduction to Internet Information Research Resources, 1.0 sem hrs
This course is designed to develop skills needed to find, evaluate and use relevant resources that are available on the Internet including search strategies, retrieval, evaluation and proper citing of Internet resources. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

LIS2949 Cooperative Education Experience in Library Work, 1.0-4.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

LIT - English Language and Literature

LIT2030 Understanding Poetry, 3.0 sem hrs
A survey of chronologically selected poets against the background of their r periods, with emphasis upon the major themes of poets of all ages. A broad cultural approach. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ENC1101

LIT2040 Dramatic Literature, 3.0 sem hrs
A study of chronologically selected plays against the background of their periods. Emphasis upon the dramatic structure and universally dramatic themes. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ENC1101
Lab Fees: $15.00

LIT2110 Masterpieces of World Literature I, 3.0 sem hrs
A study of world masterpieces from the time of the Old Testament through the Renaissance. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: ENC1101
Lab Fees: $15.00

LIT2120 Masterpieces of World Literature II, 3.0 sem hrs
A continuation of world masterpieces and national epics from the Renaissance to the 20th century and the Modern School. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ENC1101
Lab Fees: $15.00

LIT2380 Literature By Women, 3.0 sem hrs
A study of women writers and the effects of history and historical changes projected through these writings from the 11th century through the present. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: ENC1101
Lab Fees: $15.00

LIT2602 Literature of the Sea, 3.0 sem hrs
A study of readings from short stories, poetry, novels, and drama that deal with various issues concerning the oceans of the world. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Co-Reqs: ENC1101
Lab Fees: $15.00

MAC - Mathematics

MAC1105 College Algebra, 3.0 sem hrs
Topics include: Polynomial and rational equations and inequalities, graphs of functions, rate of change, transformations, extreme values, modeling, combining functions, one-to-one and inverse functions, exponential functions, logarithmic functions, laws of logarithms, exponential and logarithmic equations, modeling, systems of equations, linear systems in three variables, nonlinear systems of equations, and linear and nonlinear systems of inequalities. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAT1033
Lab Fees: $15.00

MAC1114 College Trigonometry, 3.0 sem hrs
Topics include: the unit circle, trigonometric functions (their definitions, graphs and inverses), right triangles, oblique triangles, trigonometric identities, trigonometric equations, the trigonometric form of complex numbers, two-dimensional vectors, polar coordinates, and parametric equations. A scientific calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC1105 OR MAC1104
Lab Fees: $15.00

MAC1140 Pre-Calculus Algebra, 3.0 sem hrs
Topics include: Graphing, solving equations and applications involving exponential and logarithmic functions; Systems of Equations linear and nonlinear, two-variable and multivariable, and partial fractions; Matrices, inverses, determinants and Cramer's Rule; Sequences and Series, arithmetic sequences and partial sums, geometric sequences and series, Mathematical Induction, and the Binomial Theorem; Analytic Geometry, parabolas, ellipses, hyperbolas, and transformations of conics; Introduction to Limits, the two-sided limit, the derivative, and limits to infinity. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC1105 OR MAC1104
Lab Fees: $15.00

MAC2233 Calculus for Business and Nonphysical Sciences I, 3.0 sem hrs
This course is designed for students who plan to major in Business or the Social Sciences. Topics include: Limits, continuity, differentiation and integration of algebraic, exponential and logarithmic functions with emphasis placed on applications in business, economics, and social sciences. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. Lab Fee $15, FA, SP, SU.

Pre-Reqs: MAC1140
Lab Fees: $15.00

MAC2311 Calculus I, 3.0 sem hrs
Topics include: Functions and graphs, mathematical models, limits, continuity, slope of a curve, derivatives of algebraic and transcendental functions, techniques of differentiation, applications of derivatives, differentials, optimization, plane areas, antiderivatives, definite integrals, and Fundamental Theorem of Calculus. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC1140 AND MAC1114
Conc-Reqs: MAC2311L

MAC2311L Calculus I Lab, 1.0 sem hrs
Topics include: Functions and graphs, mathematical models, limits, continuity, slope of a curve, derivatives of algebraic and transcendental functions, techniques of differentiation, applications of derivatives, differentials, optimization, plane areas, antiderivatives, definite integrals, and Fundamental Theorem of Calculus. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Conc-Reqs: MAC2311
Lab Fees: $15.00

MAC2312 Calculus II, 3.0 sem hrs
Topics include: Techniques of integration, applications of integrations, differentiation and integration in polar form, sequences and series. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC2311
Conc-Reqs: MAC2312L

MAC2312L Calculus II Lab, 1.0 sem hrs
Topics include: Techniques of integration, applications of integrations, differentiation and integration in polar form, sequences and series. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC2311
Conc-Reqs: MAC2312
Lab Fees: $15.00

MAC2313 Calculus III, 3.0 sem hrs
Topics include: Vectors analysis and applications, equations of lines and planes in space, vector valued functions, partial derivatives, minimizing/maximizing functions of several variables, Lagrange Multipliers, directional derivatives, gradient, iterated, multiple, surface and line integrals, and Green's Theorem. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC2312
Conc-Reqs: MAC2313L

MAC2313L Calculus III Lab, 1.0 sem hrs
Topics include: Vectors analysis and applications, equations of lines and planes in space, vector valued functions, partial derivatives, minimizing/maximizing functions of several variables, Lagrange Multipliers, directional derivatives, gradient, iterated, multiple, surface and line integrals, and Green's Theorem. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC2312
Conc-Reqs: MAC2313
Lab Fees: $15.00

MAD - Mathematics

MAD2104 Discrete Mathematics, 3.0 sem hrs
Topics include: Sequences and sequence notation, propositional logic, negation and logical equivalence, quantifiers, multiple quantifiers and their negations, implications, the logic of implications, valid and invalid forms of reasoning; Direct and indirect proofs, proving by cases, mathematical induction, proof by contradiction, the pigeonhole principle, modular arithmetic and cryptography; Sets, subsets, operations on sets, proving set properties, the duality principle, Boolean algebra; Notation and terminology of functions, inverse functions, properties of relations, order relations, proofs about properties of relations, equivalence relations; Combinatorics, finite structures, combinatorical equivalence, basic rules for counting, combinations and the binomial theorem, binary sequences, recursive counting; Graphs and Trees, proofs about graphs and trees, isomorphism and planarity, graphs in puzzles and games. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MAC2311 AND MAC2311L

MAE - Mathematics Education

MAE2801 Elementary School Mathematics, 3.0 sem hrs
This course contains mathematical material appropriate for students studying to be elementary school teachers. Topics include: Operations on real numbers, problem solving techniques, prime factorizations, numerical systems, simplifying numeric expressions, sets and Venn diagrams, converting base systems, solving geometric problems, identification and classification of two and three dimensional figures, and finding area and perimeter of these figures. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC1105 OR MGF2106
Lab Fees: $15.00

MAE4326 How Children Learn Mathematics, 3.0 sem hrs
The purpose of this course is to provide strategies for pre-service teachers to develop mathematical literacy and understanding in the elementary classroom. This course requires a field experience in the public schools. This course may be offered in the FA and SP terms.

Pre-Reqs: TSL3080 AND EDG4323 AND EDF4430

MAE4360 Mathematics Instructional Analysis, 3.0 sem hrs
The purpose of this course is to prepare the pre-service mathematics teachers with the necessary knowledge and skills to be reflective, effective practitioners in the 6-12 setting. This course requires field experience in a secondary public school. This course may be offered in the FA or SP term.

Pre-Reqs: EDF4430 AND EDG4323

MAN - Management

MAN2021 Principles of Management, 3.0 sem hrs
Designed to enable the student to understand and apply the following basic functions of management: planning, organizing, staffing, leading and controlling. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

MAN2905 Directed Study in Management, 1.0-4.0 sem hrs
Directed Study in Management FA, SP, SU

MAN3240 Organizational Behavior, 3.0 sem hrs
This course is a study of individual and group behavior in organizations. Students will develop an understanding of how organizations can be managed more effectively. Course content includes motivation, group dynamics, conflict resolution, goal setting and rewards, job design, work stress, power/politics, and organizational change and development. PR: Junior level status or permission of the chair is required.

MAN3353 Management Theory and Practices, 3.0 sem hrs
This course examines management theory, relevant applications and cases, self-management, teamwork, global awareness, and communication for the development of management competencies. PR: Junior level status or permission of the chair is required.

MAN3905 Directed Study in Supervision and Management, 1.0-4.0 sem hrs
Directed Study in Supervision and Management. FA, SP, SU

MAN4120 Leadership Challenges and Supervision, 3.0 sem hrs
Discussion and application of leadership theories include skill formation to develop leadership abilities. Team building skills are emphasized to enhance leadership effectiveness. Students learn the importance of visioning in their organizations. PR: Senior level status or permission of the chair is required.

MAN4162 Customer Relations for Managers, 3.0 sem hrs
This course examines relationship building for all customers of an organization. The impact of culture and diversity on business relationships, successful negotiation strategies, and promotion of the organization through media relations are discussed. PR: Junior level status or permission of the chair is required.

MAN4301 Human Resource Management, 3.0 sem hrs
This course is a study of the functions of human resource management including recruitment, selection, benefits and compensation, performance evaluation, development of employees, and formulation of human resource procedures. The strategic role of human resources and current issues will be discussed. PR: Junior level status or permission of the chair is required.

MAN4504 Operational Decision Making, 3.0 sem hrs
This course focuses on operational decision-making management techniques to improve the processes and productivity in organizations. Discussion of quality and outcomes, efficiency, forecasting, work-flow processes, inventory control, design of goods and services, waiting lines and critical path. Managing a project from beginning to end, including how to identify needs, and define, assign and track items, is addressed. PR: Senior level status or permission of the chair is required.

MAN4900 Capstone Project in Supervision and Management, 4.0 sem hrs
This course focuses on the integration of knowledge, skills and abilities learned in the program through a capstone project. PR: Senior level status or permission of the chair is required. To be taken during the last semester of the program.

MAN4905 Directed Study in Supervision and Management, 1.0-4.0 sem hrs
Directed Study in Supervision and Management. FA, SP, SU

MAP - Mathematics (Applied)

MAP2302 Differential Equations, 2.0 sem hrs
Topics include: First order ordinary differential equations, theory of linear ordinary differential equations solutions of linear and non-linear equations including variation of parameters, undetermined coefficients and Laplace transformation, matrix methods along with applications such as Newton's Law of Cooling, mixture problems, springs and free fall. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC2312 OR MAC2312L
Conc-Reqs: MAP2302L

MAP2302L Differential Equations Lab, 1.0 sem hrs
Topics include: First order ordinary differential equations, theory of linear ordinary differential equations solutions of linear and non-linear equations including variation of parameters, undetermined coefficients and Laplace transformation, matrix methods along with applications such as Newton's Law of Cooling, mixture problems, springs and free fall. A graphing calculator is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC2312
Conc-Reqs: MAP2302
Lab Fees: $15.00

MAP3401 Problem Analysis, 3.0 sem hrs
Application of Calculus in Solving Engineering Technology Problems.

Pre-Reqs: MAC2311 AND MAC2311L

MAR - Marketing

MAR2011 Principles of Global Marketing, 3.0 sem hrs
A global approach to the study of marketing. Domestic, international and multinational consideration of customer, product, price, promotion and place will be explored. Students will complete a marketing plan. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MAR2720 Introduction to E-Commerce, 3.0 sem hrs
Course introduces students to the steps and strategies necessary for marketing products on the Internet. Emphasis is on tools, techniques, challenges and decision-making ability needed to participate in this rapidly growing sector of the economy. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MAR2905 Directed Study in Marketing, 1.0-4.0 sem hrs
Directed Study in Marketing FA, SP, SU

MAR2949 Cooperative Education Experience in Marketing, 1.0-4.0 sem hrs
Cooperative Education Experience in Marketing FA, SP, SU

MAS - Mathematics

MAS3105 Linear Algebra, 3.0 sem hrs
Topics include: Solving systems of linear equations, matrix algebra, determinants, vector spaces and linear transformations with an emphasis beginning placed on computational methods with some exposure to proofs. (Prerequisite: Passed MAC 2312/2312L with grade "C" or better or permission from chairperson). This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MAC2312 AND MAC2312L

MAS3301 Abstract Algebra, 3.0 sem hrs
Topics include: Divisibility and Euclid's Algorithm, Theorems of Euler and Fermat, Groups, Sub Groups, Cyclic Groups, Permutation Groups, Symmetric Groups, Cosets, Normal Subgroups, Quotient Groups, Fields, Rings, Subrings, Ideals, Quotient Rings, Isomorphisms, Homeomorphisms and Congruence. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MAS3105

MAS4203 Number Theory, 3.0 sem hrs
Topics include: Fibonacci Numbers, Divisibility, the Euclidean algorithm, Mersenne Primes, the Fundamental Theorem of Arithmetic, Number-theoretic functions, Diophantine Equations, Congruences, the Chinese Remainder Theorem, Perfect Numbers, Euler's Theorem, Fermat's Little Theorem, and Wilson's Theorem. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MAC2312 AND MAC2312L

MAT - Mathematics

MAT0002 Mathematics I (Pre-Algebra), 3.0 college prep hrs
Topics include: A review of the basic arithmetic operations of whole numbers, mixed numbers, fractions, decimals and percents, ratio and proportion, basic operations of real numbers, simplifying algebra expressions and solving basic linear equations. MAT0002 cannot be used toward A.A., A.S. or A.A.S degree requirements. FA, SP, SU

Conc-Reqs: MAT0002L

MAT0002L Mathematics I (Pre-Algebra) Lab, 1.0 college prep hrs
Topics include: A review of the basic arithmetic operations of whole numbers, mixed numbers, fractions, decimals and percents, ratio and proportion, basic operations of real numbers, simplifying algebra expressions and solving basic linear equations. (MAT 0002 cannot be used toward A.A., A.S., A.A.S. degree requirements. Concurrent Requisite: MAT 0002L.) FA, SP, SU.

Conc-Reqs: MAT0002
Lab Fees: $15.00

MAT0020 Integrated Arithmetic and Algebra, 5.0 college prep hrs
A review of arithmetic involving basic operations of whole numbers, fractions, decimals and percents. Additional topics includes an introduction to algebraic concepts such as graphing linear equations in two variables, polynomials and properties of exponents, factoring

and other skills need for further study in algebra and general education mathematics. MAT 0020 cannot be used towards an A.A., A.A.S. or A.S. degree requirement. FA, SP, SU.

Lab Fees: $15.00

MAT0024 Mathematics II (Elementary Algebra), 3.0 college prep hrs
Topics include: An introduction to algebra: a review of basic operations of real numbers, solving linear equations containing parentheses, fractions, and decimals, graphing linear equations in two variables, polynomials and properties of exponents and factoring. MAT 0024 cannot be used toward A.A., A.S., A.A.S. degree requirements. FA, SP, SU.

Conc-Reqs: MAT0024L

MAT0024L Mathematics II (Elementary Algebra) Lab, 1.0 college prep hrs
Topics include: An introduction to algebra: a review of basic operations of real numbers, solving linear equations containing parentheses, fractions, and decimals, graphing linear equations in two variables, polynomials and properties of exponents and factoring. MAT 0024 cannot be used toward A.A., A.S., A.A.S. degree requirements. FA, SP, SU.

Pre-Reqs: MAT0002
Conc-Reqs: MAT0024
Lab Fees: $15.00

MAT1033 Intermediate Algebra, 4.0 sem hrs
Topics include: Graphing linear functions, quadratic functions, absolute value functions, radical functions and rational functions, with a focus on simplifying, adding and multiplying these functions as well as methods to solve equations involving these types of functions. Other topics include inequalities, functional equations, factoring polynomials, applied problems, systems of equations, quadratic formula, complex numbers, and completing the square. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAT0024 OR MAT0020
Lab Fees: $15.00

MCB - Microbiology

MCB1010 Microbiology, 3.0 sem hrs
A study of the microbial world, with emphasis on structure, function, metabolism and principles of the host-parasite relationship. Three-hour lecture, three-hour laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Conc-Reqs: MCB1010L

MCB1010L Microbiology Lab, 1.0 sem hrs
Mandatory three-hour laboratory portion of MCB 1010. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Conc-Reqs: MCB1010
Lab Fees: $50.00

MCB2905 Directed Study in Microbiology, 1.0-3.0 sem hrs
Directed Study in Microbiology FA, SP, SU

MEA - Medical Assisting

MEA0005 Introduction to Medical Assisting, 4.03 voc hrs
This course covers the history of medicine, the medical assisting profession, the duties of a medical assistant, the characteristics of a medical assistant and members of the health care team, insurance, credits, collection methods and correct coding procedures for billing purposes will be covered. Students will also be prepared to seek employment in the field and be given guidelines for resumé writing, cover letters and follow-up letters for interview purposes. SP, SU

MEA0204 Clinical Procedures for Medical Assisting, 1.66 voc hrs
This course covers infection control techniques, how infections and blood borne pathogens are spread, basic first aid and emergency procedures, as well as how to maintain emergency equipment. Students will also know how to take vital signs, prepare patients for, as well as assist with various procedures, quality control and how to maintain medication records and accurately document interviews and findings. SP

Co-Reqs: MEA0204 AND MEA0230 AND MEA0231
Pre-Reqs: MEA0005
Conc-Reqs: MEA0204L

MEA0204L Clinical Procedures for Medical Assisting Lab, 3.34 voc hrs
This course covers infection control techniques, how infections and blood borne pathogens are spread, basic first aid and emergency procedures, as well as how to maintain emergency equipment. Students will also know how to take vital signs, prepare patients for, as well as assist with various procedures, quality control and how to maintain medication records and accurately document interviews and findings. SP

Conc-Reqs: MEA0204
Lab Fees: $25.00

MEA0230 Medical Terminology for Medical Assisting, 3.33 voc hrs
Students will demonstrate a knowledge and understanding of basic body systems. Terminology, spelling, diseases and procedures associated with each system will be covered in this course. FA

Co-Reqs: MEA0258 AND MEA0230 AND MEA0204
Pre-Reqs: MEA0005
Conc-Reqs: MEA0230L

MEA0230L Medical Terminology for Medical Assisting Lab, 0.67 voc hrs
Students will demonstrate a knowledge and understanding of basic body systems. Terminology, spelling, diseases and procedures associated with each system will be covered in this course. FA

Conc-Reqs: MEA0230

MEA0231 Anatomy and Physiology for Medical Assisting, 3.33 voc hrs
The student will have knowledge of the organization of the human body and how it functions in both a wellness and illness state. The course will also prepare the student to assist the physician in planning of and education of patients on diets as they relate to diseases/health of each of the body systems. FA

Co-Reqs: MEA0231 AND MEA0230 AND MEA0204
Pre-Reqs: MEA0005
Conc-Reqs: MEA0231L

MEA0231L Anatomy and Physiology for Medical Assisting Lab, 2.67 voc hrs
The student will have knowledge of the organization of the human body and how it functions in both a wellness and illness state. The course will also prepare the student to assist the physician in planning of and education of patients on diets as they relate to diseases/health of each of the body systems. FA

Conc-Reqs: MEA0231

MEA0242 Pharmacology for Medical Assisting, 1.0 voc hrs
This course will prepare students to perform duties relevant to the administration of medications under the supervision of a physician. SP

Co-Reqs: MEA0310 AND MEA0256
Pre-Reqs: MEA0230 AND MEA0204 AND MEA0231 AND MEA0258
Conc-Reqs: MEA0242L

MEA0242L Pharmacology for Medical Assisting Lab, 3.0 voc hrs
This course will prepare students to perform duties relevant to the administration of medications under the supervision of a physician. SP

Conc-Reqs: MEA0242
Lab Fees: $25.00

MEA0256 Laboratory Procedures for Medical Assisting, 2.66 voc hrs
The student will gain an understanding of the various laboratory tests, the departments in a laboratory, the personnel, safety rules, government regulations, how to perform basic tests, how to collect blood specimens by various methods and how to perform electrocardiograms. SP

Co-Reqs: MEA0242 AND MEA0310
Pre-Reqs: MEA0230 AND MEA0258 AND MEA0231 AND MEA0204
Conc-Reqs: MEA0256L

MEA0256L Laboratory Procedures for Medical Assisting Lab, 3.64 voc hrs
The student will gain an understanding of the various laboratory tests, the departments in a laboratory, the personnel, safety rules, government regulations, how to perform basic tests, how to collect blood specimens by various methods and how to perform electrocardiograms. SP

Conc-Reqs: MEA0256
Lab Fees: $25.00

MEA0258 Radiology for Medical Assisting, 1.0 voc hrs
Course will prepare the student for the state of Florida basic X-ray examination. The student will learn basic X-ray procedures, processing techniques and safety procedures. SP

Co-Reqs: MEA0204 AND MEA0230 AND MEA0258
Pre-Reqs: MEA0005
Conc-Reqs: MEA0258L

MEA0258L Radiology for Medical Assisting Lab, 1.0 voc hrs
Course will prepare the student for the state of Florida basic X-ray examination. The student will learn basic X-ray procedures, processing techniques and safety procedures. SP

Conc-Reqs: MEA0258

MEA0310 Clerical Procedures for Medical Assisting, 2.0 voc hrs
This course will prepare students to perform all duties of a medical office receptionist. Including but not limited to, skills in typing, filing, scheduling and billing. FA

Co-Reqs: MEA0242 AND MEA0256
Pre-Reqs: MEA0230 AND MEA0204 AND MEA0231 AND MEA0258
Conc-Reqs: MEA0310L

MEA0310L Clerical Procedures for Medical Assisting Lab, 2.0 voc hrs
This course will prepare students to perform all duties of a medical office receptionist. Including but not limited to, skills in typing, filing, scheduling and billing. FA

Conc-Reqs: MEA0310

MEA0334 Coding for Medical Assisting, 0.67 voc hrs
This course will develop the basic skills in Current Procedural Terminology (CPT), International Classification of Diseases (ICD), and insurance and billing procedures needed by the medical assistant working in a physician's office.

Co-Reqs: MEA0204 AND MEA0230 AND MEA0231
Pre-Reqs: MEA0005
Conc-Reqs: MEA0334L

MEA0334L Coding for Medical Assisting Lab, 1.33 voc hrs
This course will develop the basic skills in Current Procedural Terminology (CPT), International Classification of Diseases (ICD), and insurance and billing procedures needed by the medical assistant working in a physician's office.

Conc-Reqs: MEA0334

MEA0801 Externship for Medical Assisting, 8.0 voc hrs
The student will apply those skills gained in the classroom in a professional setting. They will be responsible for 240 hours of hands-on practical in physician's offices, clinic settings and urgent care facilities. The school will be responsible for obtaining the clinical sites, and monitoring the student's progress to complete this portion of the program. SU

Pre-Reqs: MEA0256 AND MEA0310 AND MEA0242
Lab Fees: $15.00

MET - Meteorology

MET2010 Meteorology, 3.0 sem hrs
An introduction to the fundamentals of weather and climate. Topics include temperature, humidity, clouds, precipitation, air masses, fronts, storms, air pollution and climate. Emphasis is on how these processes take place and their results. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP

Co-Reqs: MAT1033 AND ENC1101 OR MAC1105 OR MAC2233 OR STA2023 OR MAC1114 OR MAC2313 OR MAP2302 OR MAC2312 OR MGF2107 OR MAC1140 OR MAC2311 OR MGF2106

MGF - Mathematics

MGF2106 College Mathematics, 3.0 sem hrs
Topics include: Set theory, graph theory, logic, geometry, counting methods, probability, statistics, and other optional materials. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Co-Reqs: MAT1033 OR STA2023 OR MAC1105 OR MAC1114 OR MAC1140 OR MAC2233 OR MAC2311 OR MAC2312 OR MAC2313 OR MAS2103
Pre-Reqs: MAC1105 OR MAT1033
Lab Fees: $15.00

MGF2107 Mathematics for Liberal Arts, 3.0 sem hrs
Topics include: Consumer mathematics, mathematical modeling, and geometry in art, graph theory, voting, apportionment techniques and history of mathematics. Applications to real-world situations are heavily emphasized. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Co-Reqs: MAT1033 OR STA2023 OR MAC1105 OR MAC1114 OR MAC1140 OR MAC2233 OR MAC2311 OR MAC2312 OR MAC2313 OR MAS2103
Pre-Reqs: MAT1033
Lab Fees: $15.00

MHF - Mathematics

MHF4404 History of Mathematics, 3.0 sem hrs
Topics include: Counting Methods (Egyptian & Babylonian), the Pythagoreans, Euclid, the Alexandrian School, Roman Mathematics, Indian Mathematics, Arabic Mathematics, Descartes, Pascal, the Calculus Controversy, Newton's Principia, the development of probability theory, the development of number theory, Euler, Gauss, moving toward a rigorous set of axioms for mathematics, Hilbert's unsolved problems, non-Euclidean geometries and modern topics in Mathematics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MAC2311 AND MAC2311L

MMC - Mass Communication

MMC1000 Introduction to Mass Communication, 3.0 sem hrs
Introduction to the media of mass communication, covering: media's impact on society; responsibilities and legalities; and careers in broadcasting, newspapers, magazines, book publishing, advertising, the music and movie industries. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $15.00

MNA - Management

MNA2161 Quality Service Management, 3.0 sem hrs
This course examines quality service management and develops an appreciation for its vital importance in today's businesses, nationally and internationally. The content includes customer service techniques, customer communications skills, dealing with challenging customers, and problem-solving skills. FA, SP, SU

MNA2345 Supervision of Personnel, 3.0 sem hrs
Designed for the student who holds or aspires to a supervisory position. The management functions of planning, organizing, staffing, directing and controlling will be studied and applied. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MSL - Military Science

MSL1001 Foundations of Officership, 1.0 sem hrs
A study of the defense establishment and the organization and development of the United States Army. A study of military courtesy, discipline, customs and traditions of the service. A historical perspective of the role of the different branches of the United States Army and the role they have played in the freedom of the nation. An instruction to physical readiness training. Exercises normally include M16-A1 rifle firing, rappelling training, and airmobile helicopter operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

MSL1002 Basic Leadership, 1.0 sem hrs
Fundamentals of land navigation that include map reading, terrain identification, intersection, resection and polar coordinates. A study of the roles the active Army Forces, the Army Reserve Forces and the Army National Guard play in our nation's defense. Continued emphasis on physical readiness training. Field training exercises normally include M16-A1 rifle firing, rappelling training and airmobile operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

MSL2101 Individual Leadership Studies, 1.0 sem hrs
A review of the customs and traditions of the service. The fundamentals of leadership development and the importance of understanding the principles needed for effective leadership. Requires mandatory physical training exercises which normally include M16-A1 rifle firing, rappelling training and airmobile helicopter operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

MSL2102 Leadership and Teamwork, 1.0 sem hrs
The fundamentals of military geography and their application in the use of navigational aids for the military forces. A study of preventive medicine countermeasures and first aid techniques that every leader must know. Requires mandatory physical training and includes both lecture and leadership laboratory. Two weekend training exercises normally include M16-A1 rifle firing, rappelling training and airmobile

helicopter operations. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Conc-Reqs: MSL1001L

MSL2905 Directed Study in Army Leadership, 4.0 sem hrs
Directed Study in Military Leadership FA, SP, SU

MSS - Massage Therapy

MSS0156 Anatomy and Physiology for Massage Therapist I, 2.5 voc hrs
A course designed to cover all organ systems of the human body and their structure and function, taking the student from an understanding of tissues from a cellular level to the individual organ systems and their relationship as a whole. Students will begin their understanding of the human skeleton and muscular systems through lecture and mannequin labs. FA

MSS0157 Anatomy and Physiology Massage Therapist II, 2.5 voc hrs
A continuation of Anatomy & Physiology for Massage Therapist I with increased emphasis on the muscular system. Students will gain knowledge in kinesiology as origin and insertions and the action of muscles will be demonstrated through lecture, palpation and mannequin labs. SP

Pre-Reqs: MSS0156

MSS0215 Statutes/Rules and Ethics, 0.33 voc hrs
Students will learn the history of massage and the applications of therapeutic massage in our health care system. The statutes and rules of the Florida Board of Massage will be covered and discussed in detail. FA

MSS0274 PathologyRelated to Massage Therapy, 1.5 voc hrs
This course will provide students with information about numerous pathological conditions. Emphasis will be on conditions that occur frequently enough that a practicing massage therapist will likely encounter them and those conditions that may be profoundly affected by massage therapy. SP

MSS0283 Allied Modalities I, 1.7 voc hrs
Course will cover the use of allied modalities related to massage. Students will be shown various modalities within scope of practice and become familiar with those outside their scope of practice. FA

Lab Fees: $10.00

MSS0284 Allied Modalities II, 1.7 voc hrs
Course designed to enable students to gain professional attitudes with a commitment to the ethical practice of massage therapy. Employability skills as well as knowledge in business practices and standards will be discussed. This course will also increase students' awareness of human relationship skills. SP

Pre-Reqs: MSS0283
Lab Fees: $10.00

MSS0315 Theory and Practice of Hydrotherapy, 0.67 voc hrs
This course will provide students with the history and principles of the theories of hydrotherapy as it applies to therapeutic massage practices. SP

Lab Fees: $5.00

MSS0601 Professional and Personal Development, 0.5 voc hrs
This course focuses on preparing students for effective communication and emphasizes attentive listening and working with a diversity of clients. Students will learn about effective written and verbal communication skills. Practical guidelines will be given on how to establish a successful massage therapy practice, professional presentation, fee structure, marketing strategies, and business ethics. SP

MSS0803 Massage Theory and Clinical Practicum I, 1.25 voc hrs
This course will provide students with an understanding of the principles and theories of therapeutic massage. In a systematic approach students will be shown proper techniques of massage manipulation. It is here that students will begin their awareness of sensitivity and trust which will be carried throughout the program. FA

Conc-Reqs: MSS0803L

MSS0803L Massage Theory and Clinical Practicum I Lab, 4.05 voc hrs
This course will provide students with an understanding of the principles and theories of therapeutic massage. In a systematic approach students will be shown proper techniques of massage manipulation. It is here that students will begin their awareness of sensitivity and trust which will be carried throughout the program. FA

Conc-Reqs: MSS0803
Lab Fees: $10.00

MSS0804 Massage Theory and Practicum II, 1.25 voc hrs
This course will further students understanding of the principles and theories of therapeutic massage. Students will develop skills and confidence through palpation of major anatomical structures and muscle attachments, recognizing the quality of various tissue structures of the body. As part of this course students are required to give 30 Swedish massage sessions to be evaluated by client and instructor. Documentation and therapist/client communication skills will be covered in this course. SP

Pre-Reqs: MSS0803
Conc-Reqs: MSS0804L

MSS0804L Massage Theory and Practicum II Lab, 4.05 voc hrs
This course will further students understanding of the principles and theories of therapeutic massage. Students will develop skills and confidence through palpation of major anatomical structures and muscle attachments, recognizing the quality of various tissue structures of the body. As part of this course students are required to give 30 Swedish massage sessions to be evaluated by client and instructor. Documentation and therapist/client communication skills will be covered in this course. SP

Conc-Reqs: MSS0804
Lab Fees: $10.00

MTB - Mathematics

MTB1348 Applied Technical Math, 3.0 sem hrs
Precalculus mathematics designed for Engineering Technology majors. Topics emphasized are functions and graphs, equations, geometry and right angle trigonometry. (Prerequisite: Placement through Daytona State placement test or MAT 0024/0024L with grade of "B" or better or permission of chairperson.) FA, SP

Pre-Reqs: MAT0024

MTG - Mathematics

MTG4212 Modern Geometry, 3.0 sem hrs
Topics include: Euclidean geometry and its relationship to logic, trigonometry, and coordinate geometry. The problems, proofs, constructions, and graphs involve line segments, angles, triangles and polygons, parallel and perpendicular lines, slope of lines, circles, and similarity. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MAC2312L AND MAC2312

MUL - Music

MUL1010 Music Appreciation, 3.0 sem hrs
A survey course designed to establish a broad understanding of Western and Non-western musical styles. An emphasis will be placed upon critical listening skills, the recognition of fundamental musical elements and the roles of music in society from ancient to modern times. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

MUL2380 Popular Music in America, 3.0 sem hrs
This course looks at the events both social and musical that affected pop music in America. In addition, a timeline will be established and major artist's contributions identified for the various periods of America pop culture. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

MUL2905 Directed Study in Music, 1.0-4.0 sem hrs
Directed Study in Music FA, SP, SU

MUM - Music Production Technology

MUM1610 Survey of Recording Technology, 3.0 sem hrs
An introductory course presenting an overview of recording technology as related to the music industry. The survey course provides an overall history of modern recording technology and techniques. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MUM1622 Sound Reinforcement, 3.0 sem hrs
A study of current technology and techniques in sound reinforcement. Students focus upon the selection and operation of sound equipment for venues ranging in size from small clubs to large concert halls. Topics include live mixing and monitor equalization. Outside lab/field work is required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUM1610

MUM2600 Audio Engineering I, 3.0 sem hrs
A detailed study of the equipment used in the modern recording studio. Emphasis is placed on each component of the recording process. Students receive an introduction to the recording session and modern recording studio practices. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUM2600L
Pre-Reqs: MUM1610

MUM2600L Audio Engineering I Lab, 2.0 sem hrs
This course is a hands on companion to MUM 2600. Students apply recording techniques in order to complete a finished mixed project. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUM2600
Pre-Reqs: MUM1610
Lab Fees: $100.00

MUM2601 Audio Engineering II, 3.0 sem hrs
A continuation of MUM 2600, this course is an advanced study of the equipment used in the modern recording studio. Emphasis is placed on critical listening, ear training and aesthetics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUM2601L
Pre-Reqs: MUM2600

MUM2601L Audio Engineering II Lab, 2.0 sem hrs
This course is a hands on companion to MUM 2601. Students apply advanced recording techniques in order to complete a finished mixed project. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUM2601
Pre-Reqs: MUM2600L
Lab Fees: $100.00

MUM2603 Studio Maintenance, 3.0 sem hrs
This course focuses on system architecture and troubleshooting techniques. Topics include soldering, wiring standards, preventative maintenance and basic electronic circuitry as related to recording equipment. Lab hours required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUM1610
Lab Fees: $50.00

MUM2607 Soundtrack Development, 3.0 sem hrs
A project oriented approach to the development of soundtracks for audio-visual presentations such as motion pictures, TV shows and commercials. It covers basic principles of graphics design and technology, basic video editing techniques, DVD authoring, Foley, ADR, music timing, sweetening, and sound replacement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUM2640

MUM2609 Studio Production, 3.0 sem hrs
A detailed study of the role of the music producer and recording engineer. Topics include musical arrangement, lead sheets, number charts, union documentation and payment practices. Students create "demo" and "master" projects under the supervision of the instructor. Lab hours required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUM2600

MUM2611 Live Recording Techniques, 3.0 sem hrs
This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MUM1622

MUM2640 Post Production Sound, 3.0 sem hrs
A project oriented approach to audio post-production techniques, includes CD mastering, Surround Sound mixing, integration of dialog, sound effects and music in film and video productions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUM2609

MUM2700 Survey of Music Business, 3.0 sem hrs
An overall examination of the major areas of the music industry. Attention is given to current issues related to the production, marketing,

distribution and sale of music products. Guest lecturers from the music industry may be utilized. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MUN - Music

MUN1031 Contemporary Music Ensemble, 1.0 sem hrs
Courses in an instructional program that provide opportunities for students to participate in ensembles. May be repeated one time for credit. (Prerequisite: Permission of instructor.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $30.00

MUN1032 Contemporary Music Ensemble II, 1.0 sem hrs
Courses in an instructional program that provide opportunities for students to participate in ensembles, including rock, pop, blues and country. (Prerequisite: MUN 1031 or Permission of instructor.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: MUN1031

MUN1120 College Band, 2.0 sem hrs
Reading and performance of all styles of concert band literature; encouragement of soloist and ensemble performance with band. May be repeated one time for credit. Four hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1120L

MUN1120L College Band Lab, 1.0 sem hrs
Reading and performance of all styles of concert band literature; encouragement of soloist and ensemble performance with band. May be repeated one time for credit. Four hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1120

MUN1210 Orchestra, 2.0 sem hrs
An instrumental ensemble performing works from the symphonic repertory. May be repeated one time for credit. Four hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1210L

MUN1210L Orchestra, 1.0 sem hrs
An instrumental ensemble performing works from the symphonic repertory. May be repeated one time for credit. Four hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1210

MUN1340 Concert Choir, 2.0 sem hrs
Offers an opportunity to study and perform master choral works from the Renaissance to the contemporary periods. Membership open to all students by audition. May be repeated one time for credit. Four hours of class per week. (Contact instructor.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1340L

MUN1340L Concert Choir Lab, 1.0 sem hrs
Offers an opportunity to study and perform master choral works from the Renaissance to the contemporary periods. Membership open to all students by audition. May be repeated one time for credit. Four hours of class per week. (Contact instructor.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1340

MUN1362 Madrigal Dinner Rehearsal and Performance, 3.0 sem hrs
The class will focus on acting, singing (choral, ensemble, and solo), and role playing as they are applied to the annual Yuletide Feast productions. May be repeated one time for credit. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

MUN1410 String Chamber Ensemble, 1.0 sem hrs
MUN 1410-2410 String Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1420 Woodwind Chamber Ensemble, 1.0 sem hrs
MUN 1420-2420 Woodwind Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1430 Brass Chamber Ensemble, 1.0 sem hrs
MUN 1430-2430 Brass Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1440 Perecussion Chamber Ensemble, 1.0 sem hrs
MUN 1440-2440 Percussion Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1450 Keyboard Chamber Ensemble, 1.0 sem hrs
MUN 1450-2450 Keyboard Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1460 Mixed Chamber Ensemble, 1.0 sem hrs
MUN 1460-2460 Mixed Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1470 Collegium Musician Chamber Ensemble, 1.0 sem hrs
MUN 1470-2470 Collegium Musician Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1480 Guitar Chamber Ensemble, 1.0 sem hrs
MUN 1480-2480 Guitar Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1490 Early Music Chamber Ensemble, 1.0 sem hrs
MUN 1490-2490 Early Music Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUN1710 Jazz Ensemble, 2.0 sem hrs
Analytical study and performance of popular works in big band jazz, small combo groups, swing, be-bop, ballad and improvisation techniques. Three hours of class per week. May be repeated one time for credit. (Prerequisite: Permission of instructor.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1710L

MUN1710L Jazz Ensemble Lab, 1.0 sem hrs
Analytical study and performance of popular works in big band jazz, small combo groups, swing, be-bop, ballad and improvisation techniques. Three hours of class per week. May be repeated one time for credit. (Prerequisite: Permission of assistant chair.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1710

MUN1711 Jazz Combo, 1.0 sem hrs
This course provides the student with an applied, laboratory setting in which to explore the literature and performance techniques involved in small jazz combo playing. Improvisation skills, piano voicing and comping styles, horn arranging and a wide range of other skills will be explored. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MUN1720 Contemporary Vocal Ensemble, 2.0 sem hrs
Vocal and instrumental showcase group which represents the College through performance of choreographed American popular music. Membership open to all students by audition. May be repeated one time for credit. (Contact instructor.) Four hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MUN1340
Conc-Reqs: MUN1720L

MUN1720L Contemporary Vocal Ensemble Lab, 1.0 sem hrs
Vocal and instrumental showcase group which represents the College through performance of choreographed American popular music. Membership open to all students by audition. May be repeated one time for credit. (Contact instructor.) Four hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUN1720

MUN2490 Early Music Chamber Ensemble, 1.0 sem hrs
MUN 1490-2490 Early Music Chamber Ensemble. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUS - Music

MUS1621 Acoustics and Psychoacoustics, 3.0 sem hrs
A study of theoretical and architectural acoustics such as absorption coefficients, modes, growth and decay, diffusion and isolation. Topics

include design applications, structural techniques and materials. Lab hours required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUM2601

MUS2360 Learning Basic Music Using the Computer, 3.0 sem hrs
A course designed to introduce the student to basic music applications on the computer. The student will gain a basic knowledge of MIDI setup and applications such as engraving and sequencing. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

MUS2905 Cooperative Education Experience in Music, 1.0-3.0 sem hrs
Cooperative Education Experience in Music. FA, SP, SU

MUT - Music

MUT1001 Fundamentals of Music, 3.0 sem hrs
The student learns to read basic music notation and applies this knowledge to develop fundamental skills. Also, students begin to create simple compositions and to develop the ability to notate music which is heard. This course requires no music skills or previous experience. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MUT1121 Music Theory I, 3.0 sem hrs
Elements of music through reading, writing, singing and playing. All primary and secondary triads, their conversions and the dominant seventh chord. Sight singing, ear training, keyboard harmony, harmonic and structural analysis and elementary dictation. Three-hour class, two-hour laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUT1121L

MUT1121L Music Theory I Lab, 1.0 sem hrs
Elements of music through reading, writing, singing and playing. All primary and secondary triads, their conversions and the dominant seventh chord. Sight singing, ear training, keyboard harmony, harmonic and structural analysis and elementary dictation. Three-hour class, two-hour laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUT1121

MUT1122 Music Theory II, 3.0 sem hrs
Continuation of MUT 1121 through secondary dominant chords and modulation. Part-writing principles, figured bass writing for instruments and elementary composition. Sight singing, ear training, keyboard harmony, harmonic and form analysis and intermediate dictation. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and MUT 1121/1121L.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUT1121
Conc-Reqs: MUT1122L

MUT1122L Music Theory II Lab, 1.0 sem hrs
Continuation of MUT 1121 through secondary dominant chords and modulation. Part-writing principles, figured bass writing for instruments and elementary composition. Sight singing, ear training, keyboard harmony, harmonic and form analysis and intermediate dictation. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and MUT 1121/1121L.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUT1122

MUT2126 Music Theory III, 3.0 sem hrs
Study of modulations; altered chords; extended chord structures; form analysis through reading, writing; sight-singing and ear training; and keyboard harmony. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and MUT 1122/1122L or equivalent.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUT1122
Conc-Reqs: MUT2126L

MUT2126L Music Theory III Lab, 1.0 sem hrs
Study of modulations; altered chords; extended chord structures; form analysis through reading, writing; sight-singing and ear training; and keyboard harmony. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and MUT 1122/1122L or equivalent.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUT2126

MUT2127 Music Theory IV, 3.0 sem hrs
Study of modulation, altered chords, extended chord structures and extended-form analysis. Score reading, part writing, composition, sight singing, ear training and form analysis. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and MUT 2126/2126L or equivalent.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: MUT2126
Conc-Reqs: MUT2127L

MUT2127L Music Theory IV Lab, 1.0 sem hrs
Study of modulation, altered chords, extended chord structures and extended-form analysis. Score reading, part writing, composition, sight singing, ear training and form analysis. Three-hour class, two-hour laboratory. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and MUT 2126/2126L or equivalent.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: MUT2127

MVB - Music

MVB1211 Applied Music Secondary, Trumpet, 1.0 sem hrs
MVB 1211-2221 Applied Music Secondary, Trumpet. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVB1212 Applied Music Secondary, French Horn, 1.0 sem hrs
MVB 1212-2222 Applied Music Secondary, French Horn. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVB1213 Applied Music Secondary, Trombone, 1.0 sem hrs
MVB 1213-2223 Applied Music Secondary, Trombone. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVB1214 Applied Music Secondary, Baritone Horn, 1.0 sem hrs
MVB 1214-2224 Applied Music Secondary, Baritone Horn. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVB1215 Applied Music Secondary, Tuba, 1.0 sem hrs
MVB 1215-2225 Applied Music Secondary, Tuba. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVB1311 Applied Music Principal, Trumpet, 2.0 sem hrs
Applied Music, Principal, trumpet. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $200.00

MVK - Music

MVK1111 Applied Music-Group (Piano) I-II, 1.0 sem hrs
Class piano instruction. Open to all students. Required of alll music and music theory students having had little or no previous piano instruction. Two hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP,SU.

Lab Fees: $30.00

MVK1211 Applied Music Secondary, Piano, 1.0 sem hrs
MVK 1211-2221 Applied Music Secondary, Piano. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVK1212 Applied Music Secondary, Harpsichord, 1.0 sem hrs
MVK 1212-2222 Applied Music Secondary, Harpsichord. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVK1213 Applied Music Secondary, Organ, 1.0 sem hrs
MVK 1213-2223 Applied Music Secondary, Organ. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVK2121 Applied Music-Group (Piano) III-IV, 1.0 sem hrs
Class piano instruction. Open to all students. Required of all music and music theory students having had little or no previous piano instruction. Two hours of class per week. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP,SU

Lab Fees: $30.00

MVO - Music

MVO1210 Applied Music Secondary, Other Instruments, 1.0 sem hrs
MVO 1210-2220 Applied Music Secondary, Other Instruments. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVP - Music

MVP1211 Applied Music Secondary, Percussion, 1.0 sem hrs
MVP 1211-2221 Applied Music Secondary, Percussion. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS - Music

MVS1116 Beginning Class Guitar, 1.0 sem hrs
Class in guitar instruction designed primarily for the beginneer who does not read music. Emphasis on fundamentals of reading and technique. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $15.00

MVS1211 Applied Music Secondary, Violin, 1.0 sem hrs
MVS 1211-2221 Applied Music Secondary, Violin. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS1212 Applied Music Secondary, Viola, 1.0 sem hrs
MVS 1212-2222 Applied Music Secondary, Viola. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS1213 Applied Music Secondary, Cello, 1.0 sem hrs
MVS 1213-2223 Applied Music Secondary, Cello. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS1214 Applied Music Secondary, String Bass, 1.0 sem hrs
MVS 1214-2224 Applied Music Secondary, String Bass. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS1215 Applied Music Secondary, Harp, 1.0 sem hrs
MVS 1215-2225 Applied Music Secondary, Harp. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS1216 Applied Music Secondary, Guitar, 1.0 sem hrs
MVS 1216-2226 Applied Music Secondary, Guitar. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVS2126 Intermediate Class Guitar, 1.0 sem hrs
Class in guitr instruction designed primarily for the intermediate guitar student who has developed rudimentary music reading skills. Emphasis on developing reading and technique to college level performance expectations. (Prerequisite: MVS1116 or by audition.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $15.00

MVV - Music

MVV1111 Beginning Class Voice, 1.0 sem hrs
Students will gain a general understanding of the fundamentals of singing and vocal techniques through practical application in both group and individualized settings. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

MVV1211 Applied Music Secondary, Voice, 1.0 sem hrs
MVV 1211-2221 Applied Music Secondary, Voice. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVW - Music

MVW1211 Applied Music Secondary, Flute, 1.0 sem hrs
MVW 1211-2221 Applied Music Secondary, Flute. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVW1212 Applied Music Secondary, Oboe, 1.0 sem hrs
MVW 1212-2222 Applied Music Secondary, Oboe. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVW1213 Applied Music Secondary, Clarinet, 1.0 sem hrs
MVW 1213 2223 Applied Music Secondary, Clarinet. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVW1214 Applied Music Secondary, Bassoon, 1.0 sem hrs
MVW 1214-2224 Applied Music Secondary, Bassoon. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

MVW1215 Applied Music Secondary, Saxophone, 1.0 sem hrs
MVW 1215-2225 Applied Music Secondary, Saxophone. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $100.00

NUR - Nursing - Associate Degree Nursing

NUR1005 Transition into Professional Nursing, 3.0 sem hrs
The transition course emphasizes concepts that facilitate educational progression to professional nursing without repetition. Concepts introduced in this course build on the practical nursing curriculum. The concepts are roles, health and wellness, nursing process, cultural and spiritual, family dynamics and injury. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in simple care environments. FA, SP

Pre-Reqs: BSC1085L AND BSC1085 AND BSC1086L AND BSC1086 AND MCB1010L AND PSY1012 AND ENC1101 AND MCB1010 AND MAC1105 AND ENC1102
Conc-Reqs: NUR1005L

NUR1005L Transition into Professional Nursing Lab, 5.0 sem hrs
Supervised college laboratory and clinical sites provide the Transition student with a variety of learning opportunities and clinical experiences. FA, SP

Conc-Reqs: NUR1005
Lab Fees: $176.00

NUR1010 Foundations of Nursing Practice, 3.0 sem hrs
The foundations course is designed to introduce the new student to the profession of nursing. Concepts introduced are legal rights and responsibilities, professional responsibilities, teaching and learning and community health. Upon completion of the course students will have an ethical grounding for entry into practice. FA, SP

Co-Reqs: NUR1005 OR NUR1020
Pre-Reqs: ENC1101 AND BSC1085L AND BSC1085 AND MCB1010L AND MAC1105 AND MCB1010
Lab Fees: $20.00

NUR1020 Nursing Process I, 3.0 sem hrs
Concepts introduced in this course will provide students with the knowledge, skills and attitudes to promote health and prevent disease with clients who have normal physiological responses. The concepts emphasized will be health and wellness, safety and protection, age appropriate care, nursing process, cultural and spiritual and roles. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in wellness, community and long-term care settings. FA, SP

Co-Reqs: PSY1012 AND BSC1086 AND NUR1010 AND BSC1086L
Pre-Reqs: MCB1010 AND MAC1105 AND BSC1085 AND BSC1085L AND MCB1010L AND ENC1101
Conc-Reqs: NUR1020L

NUR1020L Nursing Process I Lab, 4.0 sem hrs
Clinical and laboratory experiences designed to focus on the application of fundamental concepts and the beginning development of nursing competencies. Focus is placed on the application of fundamental concepts and the beginning development of nursing competencies in the use of safe and effective caring interventions, nutritional influences, pharmacologic influences and communication strategies to meet the health care needs of clients using evidence based practice. FA, SP

Co-Reqs: BSC1086 AND NUR1010 AND PSY1012 AND BSC1086L
Pre-Reqs: MCB1010 AND MAC1105 AND BSC1085 AND BSC1085L AND MCB1010L AND ENC1101
Conc-Reqs: NUR1020
Lab Fees: $176.00

NUR1230 Nursing Process III, 3.0 sem hrs
Concepts introduced in this course will provide students with the knowledge, skills and attitudes to safely care for clients with alterations in health. The concepts emphasized are physical mobility, metabolism, injury, comfort, elimination, and infection. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in diverse, simple care environments. This course will provide a foundation to build future concepts and future clinical experiences will be provided in increasingly complex environments. FA, SP

Co-Reqs: NUR1423L AND ENC1102 AND NUR1423
Pre-Reqs: NUR1020 AND NUR1010 AND NUR1020L
Conc-Reqs: NUR1230L

NUR1230L Nursing Process III Lab, 4.0 sem hrs
Clinical experiences will provide supervised learning experiences in college nursing laboratories and in a variety of health care facilities.FA, SP.

Conc-Reqs: NUR1230
Lab Fees: $150.00

NUR1423 Nursing Process II, 2.0 sem hrs
This course introduces concepts related to the delivery of nursing care to childbearing families during the prenatal, intrapartum and postpartum periods. The concepts family assessment and reproductive will also be introduced. Emphasis will be placed on promotion, maintenance and restoration of health of the childbearing family. Concepts introduced in this course are prenatal, intrapartum and postpartum; care of newborn, family dynamics and reproductive. Upon completion of the course students will be able to apply these concepts to mothers, infants and families within the framework of the nursing process. Clinical experiences will be provided with the childbearing family in maternal and newborn settings. FA, SP

Co-Reqs: NUR1230L AND ENC1102 AND NUR1230
Pre-Reqs: NUR1005 OR NUR1010 AND NUR1020
Conc-Reqs: NUR1423L

NUR1423L Nursing Process II Lab, 2.0 sem hrs
This course focuses on the application and implementation of the nursing process with the childbearing family. This course includes the incorporation of cultural considerations of the childbearing family. Emphasis will be placed on promotion, maintenance and restoration of health of the childbearing family. FA, SP

Conc-Reqs: NUR1423

NUR2731 Nursing Process IV, 5.0 sem hrs
The concepts in this course will provide students with the knowledge, skills and attitudes to safely care for clients with alterations requiring multi-contextual nursing care. The concepts emphasized are gas exchange, tissue perfusion, hemodynamic and cellular regulation. Upon completion of the course students will be able to apply these concepts to client care within the framework of the nursing process. Clinical experiences will be provided with clients across the lifespan in diverse, complex care environments. FA, SP.

Co-Reqs: SPC2608
Pre-Reqs: NUR1005 OR NUR1230
Conc-Reqs: NUR2731L

NUR2731L Nursing Process IV Lab, 6.0 sem hrs
Clinical experiences will take place in a variety of health care settings.Emphasis is placed on demonstration of professional behaviors using critical thinking and collaboration within an interdisciplinary approach. FA, SP.

Conc-Reqs: NUR2731
Lab Fees: $170.00

NUR2905 Directed Study in Nursing, 1.0-4.0 sem hrs
Directed Study in Nursing FA, SP, SU

NUR2940 Nursing Process V, 5.0 sem hrs
Concepts introduced in this course will emphasize nursing care to clients across the lifespan with recurring healthcare needs. This capstone course integrates concepts introduced in prior courses providing a holistic, summative learning experience focusing on multi-disciplinary care. New concepts introduced in this course are health maintenance, love and belonging, mood and affective disorders, coping disorders, behaviors and developmental disorders. Students will have a supervision and team leading experience. Emphasis will be placed on clinical competencies, management of care, clinical decision making, professional behaviors, and teaching and learning. Clinical experiences will be provided with clients across the lifespan in diverse care settings. This course will culminate with a practicum experience in diverse care settings. FA, SP

Pre-Reqs: NUR2731L AND NUR2731
Conc-Reqs: NUR2940L

NUR2940L Nursing Process V Lab, 6.0 sem hrs
Emphasis is placed on clinical competencies, management of care, clinical decision making, professional behaviors, and teaching and learning.Clinical experiences will provide supervised learning experiences a variety of health care facilities. FA, SP

Conc-Reqs: NUR2940
Lab Fees: $150.00

Course Descriptions - O

OCB - Marine Biology

OCB2000 Introduction to Marine Biology, 3.0 sem hrs
An introduction to the chemical, physical, and biological components of the marine environment. Emphasis is on the study of marine organisms and their ecological roles. Specific topics include Florida coastal and intracoastal systems and issues. Several one-day field trips are scheduled in addition to the weekly laboratory sessions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101 AND MAT1033 OR MAC1105 OR MAC1114 OR MAC1140 OR MAC2233 OR MAC2311 OR MAC2312 OR MAC2313 OR MAP2302 OR MGF2106 OR MGF2107 OR STA2023
Conc-Reqs: OCB2000L

OCB2000L Introduction to Marine Biology Lab, 1.0 sem hrs
Mandatory three hour laboratory component of OCB2000. Several one-day field trips are scheduled in addition to the weekly laboratory sessions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: OCB2000
Lab Fees: $35.00

OCE - Oceanography

OCE1001 Introduction to Oceanography, 3.0 sem hrs
An introduction to physical oceanography, including geology and hydrology of the world's ocean basins and oceanic effects on climatology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: MAT1033 AND ENC1101 OR MAC1140 OR MAC2311 OR MAC2233 OR MAP2302 OR MAC1114 OR MAC1105 OR MAC2312 OR MAC2313 OR STA2023 OR MGF2106 OR MGF2107

OCE3014 Oceanography: Coastal Ocean Studies in Biogeochemistry, 3.0 sem hrs
A systems approach to the study of the world's integrating elements of biological, chemical, geological and physical oceanography. Examination of basic oceanographic principals and processes, with a focus on marine ecosystems of East Central Florida. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: CHM1045 AND MAT1033 AND CHM1045L AND OCE1001
Conc-Reqs: OCE3014L

OCE3014L Oceanography: Coastal Ocean Studies in Biogeochemistry Lab, 1.0 sem hrs
Mandatory laboratory portion for OCE 3014. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Conc-Reqs: OCE3014
Lab Fees: $75.00

ORI - Oral Interpretation

ORI2000 Fundamentals of Oral Interpretation, 3.0 sem hrs
This course will introduce students, both individually and in groups, to an imaginative and skillful oral rendering and analysis of dramatic literature and prose. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

OST - Office Systems

OST1100 Keyboarding and Formatting I, 3.0 sem hrs
Introduction to the touch system of keyboarding (computer-aided) with application (using Word software) of skills to problems including letters, tabulations and manuscripts. Student must register for lab. FA, SP, SU

Conc-Reqs: OST1100L

OST1100L Keyboarding and Formatting I Lab, 1.0 sem hrs
Introduction to the touch system of keyboarding (computer-aided) with application (using Word software) of skills to problems including letters, tabulations and manuscripts. Student must register for lab. FA, SP, SU

Conc-Reqs: OST1100
Lab Fees: $8.00

OST1110 Keyboarding and Formatting II, 3.0 sem hrs
Emphasis on timed production of various business forms and correspondence, speed and accuracy drills and an understanding of basic business functions. Students must register for lab. FA, SP, SU

Pre-Reqs: OST1100
Conc-Reqs: OST1110L

OST1110L Keyboarding and Formatting II Lab, 1.0 sem hrs
Emphasis on timed production of various business forms and correspondence, speed and accuracy drills and an understanding of basic business functions. Students must register for lab. FA, SP, SU

Conc-Reqs: OST1110
Lab Fees: $8.00

OST1141 Keyboarding, 1.0 sem hrs
Course emphasizes proper use of a keyboard. Designed for all students who are or will be using computer terminals. FA, SP, SU

Lab Fees: $8.00

OST1330 Business English, 3.0 sem hrs
Designed as a systematic review of English grammar, usage, mechanics, vocabulary development, and spelling as they are used in business. A special emphasis on business terminology, practices and written correspondence. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $8.00

OST1435 Legal Terminology, 3.0 sem hrs
An explanation of the common legal vocabulary involved in the broad, general principles of substantive and procedural law. FA, SP

Lab Fees: $8.00

OST1711 Word Processing I, 3.0 sem hrs
A study of word processing concepts, techniques and applications. Document preparation and formatting is emphasized. Hands-on experience using word processing software is included. FA, SP, SU

Pre-Reqs: OST1141 OR OST1100
Lab Fees: $8.00

OST1760 Word Processing II, 3.0 sem hrs
A study of information processing and hands-on experience using a word processor. Student must register for lab. FA

Conc-Reqs: OST1760L

OST1760L Word Processing II Lab, 1.0 sem hrs
A study of information processing and hands-on experience using a word processor. Student must register for lab. FA

Conc-Reqs: OST1760
Lab Fees: $8.00

OST2336 Business Communications, 3.0 sem hrs
Principles and techniques of correspondence, including specialized letter writing, research reports and oral presentations. FA, SP, SU

Pre-Reqs: OST1330 OR ENC1200 OR ENC1101
Lab Fees: $10.00

OST2401 Basic Office Procedures, 3.0 sem hrs
This course provides the basic elements of correct office training skill development and serves as the nucleus for legal and medical office procedure courses as well. Keyboarding skills are used in this course. Student must register for lab. FA,SP

Pre-Reqs: OST1711 OR OST1100
Conc-Reqs: OST2401L

OST2401L Basic Office Procedures Lab, 1.0 sem hrs
This course provides the basic elements of correct office training skill development and serves as the nucleus for legal and medical office procedure courses as well. Keyboarding skills are used in this course. Anyone without keyboarding experience should register for OST 1100/1100L or OST 1141 as a Corequisite. Student must register for lab. FA,SP

Conc-Reqs: OST2401
Lab Fees: $8.00

OST2431 Legal Keyboarding and Office Procedures, 3.0 sem hrs
A study of the legal secretarial role, professional relations, legal terminology and legal office procedures including preparation of legal documents using automated dictation equipment. Student must register for lab. FA, SP

Pre-Reqs: OST1711 OR OST1100
Conc-Reqs: OST2431L

OST2431L Legal Keyboarding and Office Procedures Lab, 1.0 sem hrs
A study of the legal secretarial role, professional relations, legal terminology and legal office procedures including preparation of legal documents using automated dictation equipment. Student must register for lab. FA, SP

Conc-Reqs: OST2431
Lab Fees: $8.00

OST2461 Medical Keyboarding and Office Procedures, 3.0 sem hrs
Study of advanced medical office procedures including professional office relations, administrative skills, preparation of medical documents and management of office operations. Student must register for lab. FA, SP

Pre-Reqs: OST1711 OR OST1100
Conc-Reqs: OST2461L

OST2461L Medical Keyboarding and Office Procedures Lab, 1.0 sem hrs
Study of advanced medical office procedures including professional office relations, administrative skills, preparation of medical documents and management of office operations. Student must register for lab. FA, SP

Conc-Reqs: OST2461
Lab Fees: $8.00

OST2501 Office Management, 3.0 sem hrs
Study of the organization and management of office personnel, electronic office equipment and the development of management skills. SP

Lab Fees: $10.00

OST2713 Advanced Computer Software Applications, 3.0 sem hrs
A study of advanced concepts, features and applications of personal computers, and advanced techniques in using word processing, electronic spreadsheets and database management software. Student must register for lab. SP

Pre-Reqs: CGS2100
Conc-Reqs: OST2713L

OST2713L Advanced Computer Software Applications Lab, 1.0 sem hrs
A study of advanced concepts, features and applications of personal computers, and advanced techniques in using word processing, electronic spreadsheets and database management software. Student must register for lab. SP

Conc-Reqs: OST2713
Lab Fees: $8.00

OST2905 Directed Study in Office Systems Management, 1.0-4.0 sem hrs
Directed Study in Office Systems FA, SP, SU

OST2949 Cooperative Education Experience in Office Systems Management, 1.0-4.0 sem hrs
Coooperative Education Training Assignment in Office Systems Management (Prerequisite: 12 semester hours of approved Office Systems courses and permission of Chairperson.) FA, SP, SU

OTH - Occupational Therapy

OTH1001 Introduction to Occupational Therapy, 3.0 sem hrs
Students are introduced to the field of occupational therapy; the history, philosophy, and underlying concepts of the profession; and exposed to various clinical settings and personnel. It also includes an introduction to basic medical terminology. FA

Lab Fees: $5.00

OTH1003 Human Occupation Across the Lifespan, 3.0 sem hrs
This course provides a study of occupation (activities that have meaning and purpose in a person's life) across the lifespan. Topics include occupational development, roles and performance; meaning and identity; the person-environment-occupation model, client-centered treatment and health and wellness. FA

Lab Fees: $5.00

OTH1006 Occupational Therapy Documentation, 2.0 sem hrs
This course provides the student with the history, components, current trends and mechanics of documentation for occupational therapy services. Documentation as related to reimbursement is emphasized. SP

OTH1014 Analysis of Human Movement, 2.0 sem hrs
This course introduces the phenomenon of human motion and function within the context of occupational performance. Topics include: introduction to movement, survey of skeletal system, articular system, muscular system, and nervous system. Normal movement and posture are also examined. Impact of body structure and function upon client's occupational status and motor performance is integrated via discussion and application projects. SP

Pre-Reqs: BSC1085
Conc-Reqs: OTH1014L

OTH1014L Analysis of Human Movement Lab, 1.0 sem hrs
This course introduces the phenomenon of human motion and function within the context of occupational performance. Topics include: introduction to movement, survey of skeletal system, articular system, muscular system, and nervous system. Normal movement and posture are also examined. Impact of body structure and function upon client's occupational status and motor performance is integrated via discussion and application projects. SP

Conc-Reqs: OTH1014

OTH1114 Occupational Therapy Skills and Techniques I, 1.0 sem hrs
This course focuses on developing basic competencies in occupational therapy treatment techniques and methodologies. Content includes: application of occupational therapy practice framework in areas relating to performance skills, patterns, and contexts; skill building in areas of patient care, safety, and basic mobility; communication/interaction dynamics; cultural diversity; computer literacy and resource development; and basic occupational analysis. FA

Co-Reqs: OTH1001
Conc-Reqs: OTH1114L

OTH1114L Occupational Therapy Skills and Techniques I Lab, 1.0 sem hrs
This course focuses on developing basic competencies in occupational therapy treatment techniques and methodologies. Content includes: application of occupational therapy practice framework in areas relating to performance skills, patterns, and contexts; skill building in areas of patient care, safety, and basic mobility; communication/interaction dynamics; cultural diversity; computer literacy and resource development; and basic occupational analysis. FA

Conc-Reqs: OTH1114
Lab Fees: $5.00

OTH1800 Occupational Therapy Practicum I, 1.0 sem hrs
Level I field placements provide opportunities for students to apply basic occupational therapy principles and techniques. The placements are integrated in didactic courses to provide hands-on learning and participation under the direction of placement supervisors. SP

Pre-Reqs: OTH1001
Lab Fees: $15.00

OTH1802 Occupational Therapy Practicum II, 2.0 sem hrs
Students will perfect methods and techniques expected of entry-level Certified Occupational Therapy Assistants (COTA's) while participating in observation, evaluation, treatment planning and treatment delivery under the direction of their supervisors. FA

Pre-Reqs: OTH1800
Lab Fees: $3.00

OTH2261 Occupational Therapy Skills and Techniques II, 1.0 sem hrs
This course provides instruction enabling the OTA student to further develop skills in areas of therapeutic mobility, activity analysis, and dealing with individuals, groups and populations in the context of health care restoration, prevention and promotion. Specific topics include: wheelchair transfers; basic exercises; ADL training and equipment provision; life skills training, occupational analysis, art and craft media; basic treatment strategies; service delivery models, and skill development in basic research methods. SP

Co-Reqs: OTH2300 AND OTH1014
Pre-Reqs: OTH1114
Conc-Reqs: OTH2261L

OTH2261L Occupational Therapy Skills and Techniques II Lab, 1.0 sem hrs
This course provides instruction enabling the OTA student to further develop skills in areas of therapeutic mobility, activity analysis, and dealing with individuals, groups and populations in the context of health care restoration, prevention and promotion. Specific topics include: wheelchair transfers; basic exercises; ADL training and equipment provision; life skills training, occupational analysis, art and craft media; basic treatment strategies; service delivery models, and skill development in basic research methods. SP

Conc-Reqs: OTH2261

Lab Fees: $15.00

OTH2264 Occupational Therapy Skills and Techniques III, 2.0 sem hrs
This course provides information, demonstrations, and lab activities that address advanced occupational therapy treatment methods that promote occupational performance and quality of life. Topics include: sensorimotor treatment models, applications of therapeutic adaptation, family training, community programming, basic orthotics and prosthetics, assistive technologies, physical agent modalities, accessibility issues, intervention planning, and healthy lifestyles. FA

Co-Reqs: OTH2420L AND OTH2520L AND OTH2420 AND OTH2520
Pre-Reqs: OTH2261
Conc-Reqs: OTH2264L

OTH2264L Occupational Therapy Skills and Techniques III Lab, 1.0 sem hrs
This course provides information, demonstrations, and lab activities that address advanced occupational therapy treatment methods that promote occupational performance and quality of life. Topics include: sensorimotor treatment models, applications of therapeutic adaptation, family training, community programming, basic orthotics and prosthetics, assistive technologies, physical agent modalities, accessibility issues, intervention planning, and healthy lifestyles. FA

Conc-Reqs: OTH2264
Lab Fees: $20.00

OTH2300 Psychosocial Occupational Therapy, 4.0 sem hrs
Provides an overview of psychopathology as well as understanding of occupational therapy evaluations, treatment planning, intervention strategies and documentation used in psychosocial dysfunctions. Labs provide opportunities to observe and practice specific techniques. SP

Pre-Reqs: OTH1001
Lab Fees: $5.00

OTH2410 Conditions in Occupational Therapy, 3.0 sem hrs
This course will familiarize the student with the etiology, diagnosis, detection, medical management and prognosis of selected disease processes and traumatic injuries. Exploration of how these conditions affect the occupational performance of an individual, family, or community will be examined. This course will also enable the student to develop research and oral presentation skills via a research assignment. FA

Pre-Reqs: BSC1085 AND OTH1001

OTH2420 Occupational Therapy for Physical Dysfunction, 3.0 sem hrs
Provides the student with an understanding of evaluations, treatment planning, intervention strategies and documentation used in physical disabilities. Labs and occupational therapy settings provide opportunities to observe and practice specific techniques. FA

Pre-Reqs: OTH2410 AND OTH1014C
Conc-Reqs: OTH2420L
Lab Fees: $10.00

OTH2420L Occupational Therapy for Physical Dysfunction Lab, 1.0 sem hrs
Provides the student with an understanding of evaluations, treatment planning, intervention strategies and documentation used in physical disabilities. Labs and occupational therapy settings provide opportunities to observe and practice specific techniques. FA

Conc-Reqs: OTH2420

OTH2520 Developmental Issues, 2.0 sem hrs
This course introduces students to the role of occupational therapy in a pediatric setting. It includes the normal development processes specific to pediatric-related disorders and how they impact development, treatment approaches and interventions; and legal, ethical, and family issues related to children with special needs, ages 0 - 21 years. FA

Pre-Reqs: OTH2410
Conc-Reqs: OTH2520L

OTH2520L Developmental Issues Lab, 1.0 sem hrs
This course introduces students to the role of occupational therapy in a pediatric setting. It includes the normal development processes specific to pediatric-related disorders and how they impact development, treatment approaches and interventions; and legal, ethical, and family issues related to children with special needs, ages 0 - 21 years. FA

Conc-Reqs: OTH2520
Lab Fees: $10.00

OTH2840 O.T. Supervised Clinical Practice I, 5.0 sem hrs
Requires full-time field work for eight weeks in an O.T. treatment program. The student gains clinical experience working with patients under the supervision of an OTR/L. The student adheres to all the policies and regulations of the clinic. SP

Co-Reqs: OTH2933
Pre-Reqs: OTH1802
Lab Fees: $4.00

OTH2841 O.T. Supervised Clinical Practice II, 5.0 sem hrs
Requires full-time field work for eight weeks in an O.T. treatment program with a diagnostic group other than that chosen for OTH 2840. . SP

Co-Reqs: OTH2933
Pre-Reqs: OTH2840
Lab Fees: $4.00

OTH2933 O.T. Seminar for Clinical Practice, 1.0 sem hrs
This course presents the student with a variety of issues such as the transition from student to practitioner, relationships between OTA's and other healthcare professionals, ethics review, licensing requirements, resource and management skills, job search strategies and preparation for the National Certification Exam. SP

Co-Reqs: OTH2841 AND OTH2840
Lab Fees: $45.00

PAD - Public Administration

PAD2002 Introduction to Public Service Principles, 6.0 sem hrs
Course focuses on broad skills and knowledge transferable to fire, emergency medical services, law enforcement and related public service professions. Covers the duties of personnel, sample job tasks and employment qualifications. SP

Lab Fees: $30.00

PCB - Biological Science

PCB2510 Human Genetics, 3.0 sem hrs
This course is for students who wish to become professionals in genetic counseling, medicine, biomedical engineering, teaching and biotechnology. Classical and molecular genetics including human genetic disorders will be covered. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: BSC1010C OR MCB1010C OR BSC1010 OR MCB1010
Conc-Reqs: PCB2510L

PCB2510L Human Genetics Lab, 1.0 sem hrs
Mandatory lab for PCB2510. This course is for students who wish to become professionals in genetic counseling, medicine, biomedical engineering, teaching and biotechnology. Classical and molecular genetics including human genetic disorders will be covered. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: BSC1010C OR MCB1010C OR BSC1010 OR MCB1010
Conc-Reqs: PCB2510
Lab Fees: $65.00

PCB3034 General Ecology, 3.0 sem hrs
Principles of ecology with emphasis on Florida ecosystems. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: BSC1011
Conc-Reqs: PCB3034L
Lab Fees: $50.00

PCB3034L General Ecology Lab, 1.0 sem hrs
Principles of ecology with emphasis on Florida ecosystems. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: PCB3034

PCB3060 Introduction to Genetics, 3.0 sem hrs
This course covers fundamental principals of heredity from Mendel to the present and molecular genetics of prokaryotic and eukaryotic organisms. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: BSC1011L AND BSC1011 AND CHM1046 AND MAC1105 AND CHM1046L

PCB3203 Cell Physiology, 3.0 sem hrs
Physiology of cell specialization. Emphasis on comparative ultra structure, function and regulation of differentiated cell types. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: BSC1085

PCO - Psychology

PCO2202 Counseling Techniques, 3.0 sem hrs
Emphasis on the counseling helping process and on counseling and communication skills including accurate observation, therapeutic communication, intrapersonal and interpersonal awareness, conflict and goal setting. Personal and professional boundaries are explored as knowledge and skill-based learning. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

PET - Health and Wellness

PET2084 Personal Health and Wellness, 3.0 sem hrs
The components of fitness are blended with the presentation and understanding of information relating to nutrition, resistance training, common illnesses, sexually transmitted diseases, stress management, health care, substance abuse and managing personal lifestyles. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

PET2621 Principles of Athletic Training, 3.0 sem hrs
An introductory course to the field of athletic training. Includes information regarding career information, legal issues, conditioning, equipment emergency procedures, injury recognition, rehabilitation and pharmacology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Lab Fees: $15.00

PET2622 Care and Prevention of Athletic Injuries, 3.0 sem hrs
A continuation of Principles of Athletic Training. Emphasis is on functional anatomy and the recognition, treatment and rehabilitation of specific injuries, illness and disorders that are commonly seen in the physically active population. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

PET2905 Directed Study in Physical Education, 1.0-4.0 sem hrs
Directed Study in Physical Education FA, SP, SU

PET2949 Cooperative Education Experience in Physical Education, 1.0-4.0 sem hrs
Cooperative Education Experience in Physical Education FA, SP, SU

PGY - Photography

PGY1100 Photography I, 3.0 sem hrs
The basics of camera handling and the guidelines to better composition, including an introduction to the black and white darkroom. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $35.00

PGY1115 Color Materials and Processes, 7.0 sem hrs
An introduction to color photography, including color negative, transparency, and digital color processes. Explores the technical, conceptual and production relationships in color photography. SU

Pre-Reqs: PGY1403 AND PGY1800
Lab Fees: $95.00

PGY1201 Introduction to Studio and Location Photography, 4.0 sem hrs
The students will explore advanced studio and location photography using a variety of camera, lighting, and image processing techniques. FA, SP

Co-Reqs: PGY1806
Pre-Reqs: PGY1800 AND PGY1403
Lab Fees: $85.00

PGY1403 Fundamentals of Photography, 4.0 sem hrs
This course introduces the basic aesthetic and theoretical aspects of photographic communication including the historical and critical context for looking at and creating photographs. FA, SP

Co-Reqs: PGY1800
Lab Fees: $85.00

PGY1800 Photography and the Digital Image, 4.0 sem hrs
An orientation to basic digital photography, including digital cameras, scanning, and printing. FA, SP

Co-Reqs: PGY1403
Lab Fees: $85.00

PGY1806 Digital Imaging, 4.0 sem hrs
This course covers digital photographic systems and aesthetics with a focus on production techniques and creative expression. FA, SP

Co-Reqs: PGY1201
Pre-Reqs: PGY1800 AND PGY1403
Lab Fees: $85.00

PGY2000 History and Aesthetics Photography, 3.0 sem hrs
This course traces the development of the photographic processes, cites the major contributions to the development of the art and examines contemporary aesthetic thought and practice. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101

PGY2107 Large Format Photography, 4.0 sem hrs
Concepts, techniques and applications for large-format cameras, including technical movements, perspective, composition and viewpoint. Architectural and advertising imaging is introduced. FA, SP

Co-Reqs: PGY2216
Pre-Reqs: PGY2215 AND PGY2650 AND PGY1115
Lab Fees: $85.00

PGY2215 Professional Studio Portraiture, 4.0 sem hrs
Development of lighting skills and practice in the production of studio portraits. FA, SP

Co-Reqs: PGY2650
Pre-Reqs: PGY1806 AND PGY1201
Lab Fees: $85.00

PGY2216 Location Photography, 4.0 sem hrs
Development of location lighting skills in editorial, illustrative and interpretive portraits. FA, SP

Co-Reqs: PGY2107
Pre-Reqs: PGY2215 AND PGY2650
Lab Fees: $85.00

PGY2270 Field Survey of Professional Photography, 3.0 sem hrs
An introduction to the field of professional photography, including but not limited to photojournalism, editorial, advertising, portrait and wedding, corporate/industrial, public relations, and fine art photography. SU

PGY2273 Professional Photographic Business Practices, 3.0 sem hrs
Introduces the professional practices required to successfully run a photographic business. Provides a detailed industry overview through guest lectures, field trips and professional seminars. Topics include business types and structures, legal and financial issues, promotion and marketing, billing, pricing and copyright. Offered in cooperation with the American Society of Media Photographers. FA, SP

PGY2470 Advanced Photo Workshop, 1.0-4.0 sem hrs
Topics for this course are selected from a range of advanced applied and technical areas and are designed to develop a specific set of professional skills. Student work will represent an independent and professionally challenging contribution to the discipline. Course may be offered as a Field Studies travel class. FA, SP, SU

Pre-Reqs: PGY1806 AND PGY1201
Lab Fees: $85.00

PGY2650 Editorial Photography, 4.0 sem hrs
Intensive development of skills and concepts in the production of photographs for editorial and illustrative contexts. Designed to emulate professional world conditions. Course emphasizes problem solving techniques, the working process and the refinement of photographic style. FA, SP

Co-Reqs: PGY2215
Pre-Reqs: PGY1201 AND PGY1806 AND PGY1115
Lab Fees: $85.00

PGY2801 Digital Photography, 3.0 sem hrs
This course introduces fundamental photographic skills through technologies. Emphasis is placed on the tools, techniques and aesthetics of a range of digital photographic applications pertaining to graphic design and interactive media. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Lab Fees: $35.00

PGY2905 Directed Study In Photography, 1.0-7.0 sem hrs
Advanced study in any of the following areas: fine art, portrait, commercial and journalistic photography. (Prerequisite: Permission of department chair.) FA, SP, SU

PGY2935 Portfolio Workshop, 1.0-4.0 sem hrs
Examines professional issues relevant to current photographic practice through the presentation of theoretical and production projects. Includes a review of visual communications concepts and critical theory. Emphasis will be placed on developing the format, content and sequencing of a portfolio appropriate to a particular industry segment. FA, SP, SU

Pre-Reqs: PGY2215 AND PGY2650
Lab Fees: $85.00

PGY2949 Cooperative Education Experience in Photography, 1.0-4.0 sem hrs
The course requires the student to research and make arrangements for a 15-25 hour cooperative work experience in the field of professional photography. (Prerequisite: Permission of department chair.) FA, SP, SU

PHI - Philosophy

PHI1100 Practical Logic, 3.0 sem hrs
An examination of rules for validity appropriate to inferences; application of syllogisms and involved arguments utilizing everyday experiences; analysis of the thinking process; and the evaluation of arguments. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

PHI2001 Introduction of Philosophy I, 3.0 sem hrs
This course presents an introduction to an overview of the major areas of philosophy. It introduces the student to the methods of philosophy, some of the major questions addressed by philosophy and to a selection of the philosophies and philosophers found throughout the world from the ancient ages to the present. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ENC1101
Lab Fees: $5.00

PHI2002 Introduction of Philosophy II, 3.0 sem hrs
This course presents an in-depth focus upon a specific area of philosophy. Through a variety of selected readings the student will be introduced to some of the major philosophies and philosophers in the area focused upon. Specific focus may vary from one semester to the next. (Prerequisites: Appropriate placement scores or successful completion of college prep courses and ENC 1101 and PHI 2001 or permission of chairperson.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: PHI2001 AND ENC1101
Lab Fees: $5.00

PHI2600 Introduction to Ethics, 3.0 sem hrs
An introduction to the key concepts and principles of ethics as a basis for the study of values, ethical decisions, right actions and justice. It covers the philosophical roots, as well as modern applications of ethics based upon the ideas and influence of many diverse philosophers, both classical and modern, Eastern and Western, female and male. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: ENC1101
Lab Fees: $5.00

PHI2905 Directed Study in Philosophy and Logic, 1.0-3.0 sem hrs
Directed Study in Philosophy and Logic (Prerequisite : Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

PHT - Physical Therapist

PHT1006 Introduction to Physical Therapy, 3.0 sem hrs
Introduces the student to the history and philosophy of physical therapy; the national organization; legal and ethical responsibilities as a PTA also includes SOAP Note writing. Emphasis will be placed on the team building concept. FA, SP, SU

PHT1128 Kinesiology of PTA, 4.0 sem hrs
This course covers the relationships between the systems that relate to the functional movement of the human body. This course will also cover all functional body movements such as mechanisms, planes and other relationships to body movement. SP

Pre-Reqs: BSC1085C

PHT1251 Patient Care Skills, 2.0 sem hrs
This course begins the implementation of treatment techniques in patient positioning, passive exercises, vital signs, massage, transfers, functional mobility, gait training with assistive devices and infection control. SP

Conc-Reqs: PHT1251L

PHT1251L Patient Care Skills Lab, 2.0 sem hrs
This laboratory course begins the implementation of treatment techniques in patient positioning, passive exercises, vital signs, massage, transfers, functional mobility, gait training with assistive devices, lifting precautions and infection control. SP

Conc-Reqs: PHT1251
Lab Fees: $10.00

PHT1300 Pathology for PTA, 4.0 sem hrs
This course will cover all body systems with an emphasis on the orthopedics, neuromuscular, and cardiopulmonary diseases commonly treated in the physical therapy department. This course will emphasize the recognition of acute physiological changes in the patient and how to report to these situations to the physical therapist. FA

Pre-Reqs: BSC1086 AND BSC1086L AND PHT1128 AND PHT2129

PHT2129 Kinesiology for PTA II, 2.0 sem hrs
This course is a continuation of PHT 1128 - Kinesiology for PTA I - emphasizing the neuromuscular system and how it relates to functional movement of the human body. Other systems - cardiopulmonary, integumentary - will be addressed for their impact on functional movement of the human body. SU

Pre-Reqs: PHT1128

PHT2130 Neurological Diagnoses for PTA, 5.0 sem hrs
This course provides instruction in common neurological problems treated by the PTA. Emphasis will be placed on the client with a stroke. Diagnoses will include pediatric, adult and geriatric problems along with psychosocial issues. Clinical decision making skills will be included. FA

Pre-Reqs: PHT1300

PHT2140 Rehabilitation Skills for PTA, 3.0 sem hrs
This course provides instruction in common neurological problems treated by the PTA. Emphasis will be placed on the client with closed head injury, degenerative neurological diagnoses and pediatric disorders to include their orthotic and wheelchair needs. The effects of aging will be discussed as related to physical therapy treatments. Clinical decision making skills will be included. SP

Pre-Reqs: PHT1300
Conc-Reqs: PHT2140L

PHT2140L Rehabilitation Skills Lab, 1.0 sem hrs
This course provides clinical lab skills for treating common neurological problems. Emphasis will be placed on skills and treatments to be used with clients with closed head injury, degenerative neurological diagnoses and pediatric disorders to include their orthotic and wheelchair needs. Clinical decision making skills will be included. SP

Pre-Reqs: PHT1300
Conc-Reqs: PHT2140
Lab Fees: $10.00

PHT2211 Modalities I, 2.0 sem hrs
This course includes the indications and contraindications for therapeutic modalities of superficial heat and cold, hydrotherapy, ultrasound; wound care and postural drainage as seen in the physical therapy department. SU

Pre-Reqs: PHT1006 AND PHT1251
Conc-Reqs: PHT2211L

PHT2211L Modalities I Lab, 1.0 sem hrs
Laboratory application of therapeutic modalities for superficial heat and cold, hydrotherapy, ultrasound; wound care and postural drainage as seen in the physical therapy department. SU

Pre-Reqs: PHT1006 AND PHT1251
Conc-Reqs: PHT2211
Lab Fees: $16.00

PHT2220 Therapeutic Exercise I, 3.0 sem hrs
This course provides instruction for therapeutic exercise techniques with the rationale for treating musculoskeletal and neurological impairments to include goniometric measurements as seen in the PT Department. SP

Pre-Reqs: PHT1251 AND PHT1006
Conc-Reqs: PHT2220L

PHT2220L Therapeutic Exercise I Lab, 2.0 sem hrs
Laboratory application of therapeutic exercise techniques with the rationale for treating musculoskeletal and neurological impairments to include goniometric measurements as seen in the PT Department. SP

Pre-Reqs: PHT1251 AND PHT1006
Conc-Reqs: PHT2220
Lab Fees: $10.00

PHT2221 Therapeutic Exercise II, 4.0 sem hrs
This course will include the therapeutic exercises for orthopedic problems, balance and coordination problems, cardiovascular clients to include the indications, precautions and contraindication; along with application of Manual Muscle Testing. SU

Pre-Reqs: PHT2220L AND PHT2220
Conc-Reqs: PHT2221L

PHT2221L Therapeutic Exercise II Lab, 2.0 sem hrs
This lab course will include the application of therapeutic exercises for orthopedic problems, balance and coordination problems, cardiovascular clients to include the indications, precautions and contraindication; along with application of Manual Muscle Testing. SU

Pre-Reqs: PHT2220 AND PHT2220L
Conc-Reqs: PHT2221
Lab Fees: $15.00

PHT2235 Therapeutic Exercise III, 4.0 sem hrs
This course will include the application of therapeutic exercises for clients with vascular problems, amputations, and stroke along with gait training and analysis for these clients. FA

Pre-Reqs: PHT2221
Conc-Reqs: PHT2235L

PHT2235L Therapeutic Exercise III Lab, 2.0 sem hrs
This course will include the application of therapeutic exercises for clients with vascular problems, amputations, and stroke along with gait training and analysis for these clients. FA

Pre-Reqs: PHT2221L
Conc-Reqs: PHT2235
Lab Fees: $10.00

PHT2804 PTA Clinical Practicum I, 2.0 sem hrs
This level I clinical experience provides supervised planned learning opportunities for students to apply basic physical therapy principles and techniques under the direction of physical therapists or physical therapists assistants. FA

Pre-Reqs: PHT2211L
Lab Fees: $10.00

PHT2810 PTA Clinical Practicum II, 2.0 sem hrs
This course integrates the practical application of those theories, concepts and manual skills introduced into the classroom and laboratory into a practice setting under the supervision of a physical therapist or physical therapist assistant. SP

Pre-Reqs: PHT2804

PHT2820 PTA Clinical Practicum III, 3.0 sem hrs
Course is a supervised learning experience in a selected physical therapy setting in which the previously learned didactic information is integrated under the supervision of physical therapist or physical therapist assistant. SP

Lab Fees: $10.00

PHT2931 PTA Seminar, 3.0 sem hrs
The purpose of this course is to acquaint the physical therapist assistant student with the professional, legal and ethical considerations which are inherent to performance on the job. Membership in professional organizations, licensure, code of ethics and standards of professional practice will be discussed. Other areas such as community involvement, basic pharmacology, ADA legislation and documentation will be addressed. SP

Lab Fees: $72.00

PHY - Physics

PHY1053 General Physics I, 3.0 sem hrs
First half of PHY1053/1054. Course covers vectors, systems of measurement, laws of motion, energy, heat, mechanical and thermal properties of matter. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Pre-Reqs: MTB1348 OR MAC1114
Conc-Reqs: PHY1053L

PHY1053L General Physics I Lab, 1.0 sem hrs
Mandatory three hour laboratory portion of PHY1053. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Conc-Reqs: PHY1053
Lab Fees: $20.00

PHY1054 General Physics II, 3.0 sem hrs
Continuation of PHY1053. Course covers sound, wave motion, electrostatics, magnetism and physical and geometrical optics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Pre-Reqs: PHY1053 OR PHY1053C
Conc-Reqs: PHY1054L

PHY1054L General Physics II Lab, 1.0 sem hrs
Mandatory three hour laboratory portion of PHY1054. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Pre-Reqs: PHY1053C OR PHY1053
Conc-Reqs: PHY1054
Lab Fees: $20.00

PHY2048 Physics with Calculus I, 4.0 sem hrs
First half of PHY2048/2049 sequence. Course covers kinematics of motion in one, two and three dimensions, vectors, dynamics, Newton's laws of motion, gravitation, work, power and energy; and systems of particles, wave motion and sound, heat and thermodynamics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101 AND MAC2311 AND MAC2311L
Conc-Reqs: PHY2048L

PHY2048L Physics with Calculus I Lab, 1.0 sem hrs
Mandatory three hour laboratory portion of PHY 2048. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: PHY2048
Lab Fees: $35.00

PHY2049 Physics with Calculus II, 4.0 sem hrs
Continuation of PHY2048. Course covers electrostatics, current electricity, DC circuits, AC circuit s and resonance, magnetism, electromagnetic radiation, geometric optics and physical optics. Introduction to special relativity and quantum effects. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Co-Reqs: MAC2312 AND MAC2312L
Pre-Reqs: PHY2048 OR PHY2048C
Conc-Reqs: PHY2049L

PHY2049L Physics with Calculus II Lab, 1.0 sem hrs
Mandatory three hour laboratory portion of PHY 2049. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Co-Reqs: MAC2312L AND MAC2312
Pre-Reqs: PHY2048
Conc-Reqs: PHY2049
Lab Fees: $35.00

PHY2905 Directed Study in Physics, 1.0-4.0 sem hrs
(Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

PHY2949 Cooperative Education Experience in Physics, 1.0-4.0 sem hrs
Cooperative Education Experience in Physics. FA, SP, SU

PHY3101 Modern Physics, 3.0 sem hrs
An introductory modern physics course designed primarily for students majoring in the sciences, engineering or mathematics. Topics include the special theory of relativity, wave properties of matter, the Schrodinger wave equation, atomic structure, molecular bonding, the electrical and magnetic properties of solids, semiconductors, the atomic nucleus and nuclear interactions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Co-Reqs: MAC2313L AND MAC2313
Pre-Reqs: PHY2049

PHY3221 Classical Mechanics, 3.0 sem hrs
Topics covered include one-dimensional motion, three-dimensional motion, Newton's laws of motion, energy and momentum conservation, circular and rotational motion, statics, planetary motion, oscillations, and wave motion. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: PHY2049 AND PHY2049L AND PHY3101

PHY3513 Thermal Physics (Thermodynamics and Elementary Statistical Mechanics), 3.0 sem hrs
The objective of this course is to develop a working knowledge of the laws and methods of thermodynamics and elementary statistical mechanics and to use this knowledge to explore various applications. Many of these applications will relate to topics in materials science and the physics of condensed matter. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: PHY2049L AND PHY2049 AND MAC2312 AND MAC2312L

PHY4424 Geometrical and Physical Optics, 3.0 sem hrs
This course is intended to increase a student's knowledge of physics via further development of geometrical optics, and then by the introduction of new topics. These new topics will include aberration theory, optical instrumentation, wave optics, interference of light, interferometry, optical coherence, the interaction of light and matter, holography, and nonlinear optics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: PHY2049L AND PHY2049 AND MAC2312 AND MAC2312L

PLA - Paralegal (Legal Assisting)

PLA1003 Introduction to Paralegal, 3.0 sem hrs
Provides general overview of laws affecting legal practice and working knowledge of theory and concepts to enable students to perform supporting legal tasks for an attorney. FA, SP

Lab Fees: $8.00

PLA1103 Legal Writing and Research I, 3.0 sem hrs
Study of legal researching methods, writing techniques, and use of the law library in preparing memoranda, legal argument, format, and legal citations. FA, SP

Co-Reqs: BUL2241 AND ENC1101
Lab Fees: $10.00

PLA1610 Real Estate Law and Property, 3.0 sem hrs
A study of real estate transactions and conveyances such as deeds, contracts, leases, easements and closing documents and the drafting of these conveyances. FA

Lab Fees: $8.00

PLA1800 Law of Domestic Relations, 3.0 sem hrs
A study of the fundamental principles and laws involving marriage, dissolution, separation agreements, custody, adoption, support provisions and property disposition. SP

Lab Fees: $5.00

PLA2114 Legal Writing and Research II, 3.0 sem hrs
A study of the various legal writing techniques used to present the results of legal research. Emphasis on legal argument and development of legal instruments and documents. FA, SP

Pre-Reqs: PLA1103 AND ENC1101
Lab Fees: $10.00

PLA2200 Introduction to Litigation, Torts and Evidence, 3.0 sem hrs
A study of the court system and the litigation process, including preliminary interviews with clients, investigation and marshalling of facts, drafting of all pleadings and motion practice. FA

Pre-Reqs: BUL2241 AND ENC1101

PLA2303 Criminal Law and the Paralegal, 3.0 sem hrs
A study of the origin, structure and definition of criminal law, including criminal prosecution, investigation, pre-trial and trial procedures, and the criminal court system. FA

PLA2460 Bankruptcy Law, 3.0 sem hrs
The purpose of this course is to introduce students to the historical, political, economic and legal principles of bankruptcy law. FA

Lab Fees: $5.00

PLA2600 Probate Administration, 3.0 sem hrs
A study of wills, trusts and estate administration. Includes analysis of the substantive law, drafting of related documents and researching of the legal issues. SP

Pre-Reqs: BUL2241 AND PLA1003

Lab Fees: $5.00

PLA2763 Law Office and Management, 3.0 sem hrs
This course is designed to familiarize the student with the practical inner workings of a law office, including its equipment, office procedures and management. SP

PLA2880 Constitutional Law, 3.0 sem hrs
The course is developed both topically and historically to approach the judicial review process, the doctrine of implied powers, the three branches of power, substantive due process along with equal protection, civil rights, free speech and religion. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP, SU

Co-Reqs: ENC1101

PLA2905 Directed Study in Legal Assisting, 1.0-4.0 sem hrs
Directed Study in Legal Assisting FA, SP, SU

PLA2949 Cooperative Education Experience in Legal Assisting, 1.0-4.0 sem hrs
Cooperative Education Training Assignment in Legal Assisting (Prerequisite: 12 semester hours of approved Paralegal Studies courses and permission of Chairperson.) FA, SP, SU

PMT - Precision Metals (Manufacturing and Welding Technology)

PMT0106 Introduction to Welding I, 1.0 voc hrs
This course introduces basic procedures for welding & cutting safely. Students learn to read and understand blueprints, hands-on oxyacetylene & plasma arc cutting, and SMAW (stick) welding in various applications & positions.

Conc-Reqs: PMT0106L

PMT0106L Introduction to Welding I Lab, 2.0 voc hrs
This course introduces basic procedures for welding & cutting safely. Students learn to read and understand blueprints, hands-on oxyacetylene & plasma arc cutting, and SMAW (stick) welding in various applications & positions.

Conc-Reqs: PMT0106
Lab Fees: $55.00

PMT0109 Introduction to Welding II, 1.0 voc hrs
This course continues with advanced procedures for welding & cutting safely. Students learn fabrication from blueprints, advanced hands-on oxyacetylene & plasma arc cutting, and SMAW (stick) welding in various applications & positions.

Conc-Reqs: PMT0109L

PMT0109L Introduction to Welding II Lab, 2.0 voc hrs
This course continues with advanced procedures for welding & cutting safely. Students learn fabrication from blueprints, advanced hands-on oxyacetylene & plasma arc cutting, and SMAW (stick) welding in various applications & positions.

Conc-Reqs: PMT0109
Lab Fees: $55.00

PMT0121 Welding III (Shield Metal Arc), 1.0 voc hrs
This course advances students in the skills of welding and cutting. Students are introduced to different techniques of SMAW (stick) welding, as well as advanced blueprints.

Pre-Reqs: PMT0109 AND PMT0106
Conc-Reqs: PMT0121L

PMT0121L Welding III (Shield Metal Arc) Lab, 2.0 voc hrs
This course advances students in the skills of welding and cutting. Students are introduced to different techniques of SMAW (stick) welding, as well as advanced blueprints.

Pre-Reqs: PMT0109L AND PMT0106L
Conc-Reqs: PMT0121
Lab Fees: $55.00

PMT0131 Welding VII (Gas Tungsten Arc), 1.0 voc hrs
This course introduces basic Gas Tungsten Arc (TIG) welding. Students practice basic TIG welding skills starting with plate, and combining basic TIG with SMAW welds.

Pre-Reqs: PMT0109 AND PMT0106
Conc-Reqs: PMT0131L

PMT0131L Welding VII (Gas Tungston Arc) Lab, 2.0 voc hrs
This course introduces basic Gas Tungsten Arc (TIG) welding. Students practice basic TIG welding skills starting with plate, and combining basic TIG with SMAW welds.

Pre-Reqs: PMT0109L AND PMT0106L
Conc-Reqs: PMT0131
Lab Fees: $55.00

PMT0134 Welding V (Gas Metal Arc), 1.0 voc hrs
This course enables students to actively hone their welding skills in Stick and MIG processes. Introduction of blueprints for Structural Steel and the use of various weld machines.

Pre-Reqs: PMT0109 AND PMT0106
Conc-Reqs: PMT0134L

PMT0134L Welding V (Gas Metal Arc) Lab, 2.0 voc hrs
This course enables students to actively hone their welding skills in Stick and MIG processes. Introduction of blueprints for Structural Steel and the use of various weld machines.

Pre-Reqs: PMT0109L AND PMT0106L
Conc-Reqs: PMT0134
Lab Fees: $55.00

PMT0154 Welding IV (Plasma Cut Welding and Introduction to MIG), 1.0 voc hrs
This course continues to instruct students in the skills of welding and cutting. Students continue to learn specialty cuts as well as introduced to GMAW (MIG) welding.

Pre-Reqs: PMT0106 AND PMT0109
Conc-Reqs: PMT0154

PMT0154L Welding IV (Plasma Cut Welding and Introduction to MIG) Lab, 2.0 voc hrs
This course continues to instruct students in the skills of welding and cutting. Students continue to learn specialty cuts as well as introduced to GMAW (MIG) welding.

Pre-Reqs: PMT0106L AND PMT0109L
Conc-Reqs: PMT0154
Lab Fees: $55.00

PMT0161 Welding VI (Introduction to Pipe Welding), 1.0 voc hrs
This course enables students to continue to polish their welding skills in Stick and MIG processes. Students now focus on welding pipe in various positions in order to pursue weld certifications.

Pre-Reqs: PMT0106 AND PMT0109
Conc-Reqs: PMT0161L

PMT0161L Welding VI (Introduction to Pipe Welding) Lab, 2.0 voc hrs
This course enables students to continue to polish their welding skills in Stick and MIG processes. Students now focus on welding pipe in various positions in order to pursue weld certifications.

Pre-Reqs: PMT0106L AND PMT0109L
Conc-Reqs: PMT0161
Lab Fees: $55.00

PMT0171 Welding VIII (Advanced Gas Tungsten Arc and Pipe Welding), 1.0 voc hrs
This course requires focus on testing criteria for various welding applications. Students practice advanced TIG welding skills, advancing to pipe to pursue weld test certifications.

Pre-Reqs: PMT0106 AND PMT0109
Conc-Reqs: PMT0171L

PMT0171L Welding VIII (Advanced Gas Tungsten Arc and Pipe Welding) Lab, 2.17 voc hrs
This course requires focus on testing criteria for various welding applications. Students practice advanced TIG welding skills, advancing to pipe to pursue weld test certifications.

Pre-Reqs: PMT0106L AND PMT0109L
Conc-Reqs: PMT0171
Lab Fees: $55.00

PMT0440 Basic Machining, 1.0 voc hrs
This class is an introductory course in basic machine shop operations and welding processes. More advanced level courses are found with the college manufacturing and Welding programs.

Conc-Reqs: PMT0440L

PMT0440L Basic Machining Lab, 2.0 voc hrs
This class is an introductory course in basic machine shop operations and welding processes. More advanced level courses are found with the college manufacturing and Welding programs.

Conc-Reqs: PMT0440
Lab Fees: $40.00

PMT0441 Engine Block Machining, 1.0 voc hrs
This course covers the machining operations used to repair or upgrade engines. Machining operations will include milling, decking, cylinder boring, honing, and sleeving. Students will perform these operations on training components and working engines.

Conc-Reqs: PMT0441L

PMT0441L Engine Block Machining Lab, 2.0 voc hrs
This course covers the machining operations used to repair or upgrade engines. Machining operations will include milling, decking, cylinder boring, honing, and sleeving. Students will perform these operations on training components and working engines.

Conc-Reqs: PMT0441

PMT0442 Cylinder Heads, 1.0 voc hrs
This is a very specialized course in cylinder heads and valve train. Emphasis on high performance output of cylinder heads construction. Hands on training with up to date cylinder heads and equipment.

Conc-Reqs: PMT0442L

PMT0442L Cylinder Heads Lab, 2.0 voc hrs
This is a very specialized course in cylinder heads and valve train. Emphasis on high performance output of cylinder heads construction. Hands on training with up to date cylinder heads and equipment.

Conc-Reqs: PMT0442

PMT0905 Directed Study in Applied Welding, 1.0-4.0 voc hrs
DIS in Applied Welding FA, SP

PMT1212 Machine Tool Technology I, 2.0 sem hrs
An introductory course in basic machining and bench work, use of measuring tools, precision layout and cutting tool principles. FA

Conc-Reqs: PMT1212L

PMT1212L Machine Tool Technology I Lab, 1.0 sem hrs
An introductory course in basic machining and bench work, use of measuring tools, precision layout and cutting tool principles. FA

Conc-Reqs: PMT1212
Lab Fees: $30.00

PMT1223 Machine Tool Technology II, 2.0 sem hrs
A continuation of Machine Tool Technology I. Machine processes on lathes, mills, grinders, hand and power tools. Heat treating processes and surface grinding. SP

Conc-Reqs: PMT1223L

PMT1223L Machine Tool Technology II Lab, 1.0 sem hrs
A continuation of Machine Tool Technology I. Machine processes on lathes, mills, grinders, hand and power tools. Heat treating processes and surface grinding. SP

Conc-Reqs: PMT1223
Lab Fees: $30.00

PMT1250 Introduction to Computer Numerical Control, 2.0 sem hrs
The history and development of CNC including programming methods, set-up and operation of CNC drilling, milling and turning machines. Manual and computer assisted programming are taught. FA, SP

Conc-Reqs: PMT1250L

PMT1250L Introduction to Computer Numerical Control, 1.0 sem hrs
The history and development of CNC including programming methods, set-up and operation of CNC drilling, milling and turning machines. Manual and computer assisted programming are taught. FA, SP

Conc-Reqs: PMT1250
Lab Fees: $30.00

PMT2225 Machine Tool Technology III, 2.0 sem hrs
A continuation of Machine Tool Tech. II. Tooling operations, advanced machining, grinding, EDM operation and CMM inspection. Heat testing and cutter grinding. SU

Conc-Reqs: PMT2225L

PMT2225L Machine Tool Technology III Lab, 1.0 sem hrs
A continuation of Machine Tool Tech. II. Tooling operations, advanced machining, grinding, EDM operation and CMM inspection. Heat testing and cutter grinding. SU

Conc-Reqs: PMT2225

PMT2254 CNC Programming II, 2.0 sem hrs
A continuation of PMT 1250 Intro to CNC. Lathe and mill CNC programming. Tool and fixture offsets, plus outside programming from CAD/CAM software. FA

Conc-Reqs: PMT2254L

PMT2254L CNC Programming II Lab, 1.0 sem hrs
A continuation of PMT 1250 Intro to CNC. Lathe and mill CNC programming. Tool and fixture offsets, plus outside programming from CAD/CAM software. FA

Conc-Reqs: PMT2254

PMT2261 Introduction to Computer Aided Manufacturing (Mastercam), 2.0 sem hrs
A continuation of CNC programming from M codes and G codes through conversational. FA

Conc-Reqs: PMT2261L

PMT2261L Introduction to Computer Aided Manufacturing (Mastercam) Lab, 1.0 sem hrs
A continuation of CNC programming from M codes and G codes through conversational. FA

Conc-Reqs: PMT2261
Lab Fees: $30.00

PMT2262 CAD/CAM II (Mastercam), 2.0 sem hrs
Advanced training on CAD/CAM operation using Mastercam software. Creating machine tool paths from original drawings and transferred files. 2-D and 3-D geometry shapes are also used in format. SP

Conc-Reqs: PMT2262L

PMT2262L CAD/CAM II (Mastercam) Lab, 1.0 sem hrs
Advanced training on CAD/CAM operation using Mastercam software. Creating machine tool paths from original drawings and transferred files. 2-D and 3-D geometry shapes are also used in format. SP

Conc-Reqs: PMT2262

PMT2720 EDM Machining Process, 2.0 sem hrs
EDM machining uses electrical energy to remove materials. This course offers training in wire EDM machining and sinker EDM machining. Students will operate and run both types of machines. SU

Conc-Reqs: PMT2720L

PMT2720L EDM Machining Process Lab, 1.0 sem hrs
EDM machining uses electrical energy to remove materials. This course offers training in wire EDM machining and sinker EDM machining. Students will operate and run both types of machines. SU

Conc-Reqs: PMT2720

PMT2949 Cooperative Education Experience in Machining, 1.0-3.0 sem hrs
Cooperative Education Experience in Machining. FA, SP, SU

POR - Foreign Language (Portuguese)

POR1120 Elementary Portuguese I Concentrated, 3.0 sem hrs
Develop the basic skills of Portuguese using a communicative approach. To communicate at a basic level, an equal emphasis will be placed on all four language skills: listening, speaking, reading, and writing. Students will be introduced to the history, traditions, and cultures of the different Portuguese speaking countries. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: POR1120L

POR1120L Elementary Portuguese I Concentrated Lab, 1.0 sem hrs
Develop the basic skills of Portuguese using a communicative approach. To communicate at a basic level, an equal emphasis will be placed on all four language skills: listening, speaking, reading, and writing. Students will be introduced to the history, traditions, and cultures of the different Portuguese speaking countries. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Conc-Reqs: POR1120
Lab Fees: $5.00

POR1121 Elementary Portuguese II Concentrated, 3.0 sem hrs
Continuation of POR 1120/1120L using a communicative approach to enhance elementary listening, speaking, reading, and writing skills of Portuguese. Study all tenses and grammar fundamentals. Continue to develop a cultural understanding of Portuguese-speaking countries. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Conc-Reqs: POR1121L

POR1121L Elementary Portuguese II Concentrated Lab, 1.0 sem hrs
Continuation of POR 1120/1120L using a communicative approach to enhance elementary listening, speaking, reading, and writing skills of Portuguese. Study all tenses and grammar fundamentals. Continue to develop a cultural understanding of Portuguese-speaking countries. Includes three-hour class instruction and two-hour language laboratory. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Conc-Reqs: POR1121
Lab Fees: $5.00

POS - Political Science

POS2041 American Federal Government, 3.0 sem hrs
Constitutional rights of the individual; structure and functions of our legislative, executive and judicial branches; role of the citizen in political parties and the electoral process. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

POS2112 State and Local Government, 3.0 sem hrs
Introduction to the principles and institutions of state and local government with emphasis on Florida. Explores the structures and functions of state governments, including federal-state and state-local relations. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

POS2949 Cooperative Education Experience in Political Science, 1.0-4.0 sem hrs
Cooperative Education Experience in Political Science FA, SP, SU

PPE - Psychology

PPE2001 Survey of Personality, 3.0 sem hrs
Survey of the theoretical bases of the major models of personality and psychotherapy and specific therapeutic techniques and procedures from each. (Prerequisite: Appropriate placement scores or successful completion of college prep courses; or permission of assistant chair or department chairperson.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Lab Fees: $8.00

PRN - Nursing - Practical

PRN0000 Introduction to Nursing, 5.0 voc hrs
Foundation course related to the role of the practical nurse, relationships with other members of the health team, and the common needs of well people. Includes critical thinking; fundamentals of nursing; normal nutrition; vocational, personal and community relationships; introduction to medical-surgical nursing; human growth and development; geriatric nursing; pharmacology; and mental health wellness. FA, SP

Pre-Reqs: HSC1000 AND BSC1080 OR BSC0070
Conc-Reqs: PRN0000L

PRN0000L Introduction to Nursing Lab, 10.25 voc hrs
Foundation course related to the role of the practical nurse, relationships with other members of the health team, and the common needs of well people. Includes critical thinking; fundamentals of nursing; normal nutrition; vocational, personal and community relationships; introduction to medical-surgical nursing; human growth and development; geriatric nursing; pharmacology; and mental health wellness. FA, SP

Conc-Reqs: PRN0000
Lab Fees: $132.00

PRN0042 Home Health and Rehabilitation Nursing, 1.8 voc hrs
F o u n d a t i o n course related to the role of the practical nurse, relationship with other members of the health team, and common needs of clients in various settings. Includes: rehabilitation nursing, community health concepts, and basic pharmacology. SU

Co-Reqs: PRN0120 AND PRN0120L
Pre-Reqs: PRN0000 AND PRN0000L
Conc-Reqs: PRN0042L

PRN0042L Home Health and Rehabilitation Nursing Lab, 4.0 voc hrs
F o u n d a t i o n course related to the role of the practical nurse, relationship with other members of the health team, and common needs of clients in various settings. Includes: rehabilitation nursing, community health concepts, and basic pharmacology. SU

Conc-Reqs: PRN0042
Lab Fees: $85.00

PRN0120 Maternal/Child Health Nursing, 1.8 voc hrs
Introduction to the care of newborns, antepartal care of the family to be, care of the laboring woman, the post-partum family, and pediatric patients. Learning activities will emphasize nursing techniques, communication skills, and problem solving in selected situations of nursing practice. SU

Co-Reqs: PRN0042 AND PRN0042L
Pre-Reqs: PRN0000 AND PRN0000L
Conc-Reqs: PRN0120L

PRN0120L Maternal/Child Health Nursing Lab, 4.0 voc hrs
Introduction to the care of newborns, antepartal care of the family to be, care of the laboring woman, the post-partum family, and pediatric patients. Learning activities will emphasize nursing techniques, communication skills, and problem solving in selected situations of nursing practice. SU

Co-Reqs: PRN0042 AND PRN0042L
Conc-Reqs: PRN0120
Lab Fees: $85.00

PRN0120P Maternal/Child Health Nursing, 0.9 voc hrs
Introduction to the care of newborns, antepartal care of the family to be, care of the laboring woman, the post-partum family, and pediatric patients. Learning activities will emphasize nursing techniques, communication skills, and problem solving in selected situations of nursing practice. May be repeated one time for credit. (Prerequisite: PRN 0000P/0000L. Corequisite: PRN 0120PL.) SU

Pre-Reqs: PRN0000PL AND PRN0000P
Conc-Reqs: PRN0120PL

PRN0120PL Maternal/Child Health Nursing Lab, 2.0 voc hrs
Introduction to the care of newborns, antepartal care of the family to be, care of the laboring woman, the post-partum family, and pediatric patients. Learning activities will emphasize nursing techniques, communication skills, and problem solving in selected situations of nursing practice. May be repeated one time for credit. (Prerequisite: PRN 0000P/0000L. Corequisite: PRN 0120PL.) SU

Conc-Reqs: PRN0120P OR PRN0120
Lab Fees: $49.00

PRN0200 Medical-Surgical Nursing I, 4.8 voc hrs
Learning activities will emphasize nursing techniques, communication skills, problem solving, role responsibility, and employability skills

in selected areas of nursing practice. Includes disorders of the following systems: (1) musculoskeletal, (2) nervous, (3) sensory, (4) respiratory, (5) circulatory, (6) renal/urinary, (7) reproductive, (8) gastrointestinal, (9) endocrine, and (10) immune. FA, SP

Pre-Reqs: PRN0000
Conc-Reqs: PRN0200L

PRN0200L Medical-Surgical Nursing I Lab, 10.38 voc hrs
Learning activities will emphasize nursing techniques, communication skills, problem solving, role responsibility, and employability skills in selected areas of nursing practice. Includes disorders of the following systems: (1) musculoskeletal, (2) nervous, (3) sensory, (4) respiratory, (5) circulatory, (6) renal/urinary, (7) reproductive, (8) gastrointestinal, (9) endocrine, and (10) immune. FA, SP

Conc-Reqs: PRN0200
Lab Fees: $113.00

PRN0904 Directed Study in Practical Nursing, 1.0-4.0 voc hrs
Directed Study in Practical Nursing FA, SP, SU

PSB - Psychology

PSB2442 Addictions I - Psychology of Addictions, 3.0 sem hrs
Students acquire a knowledge base about a variety of substances abused; understanding addiction, categories of addiction; current trends and evidence based practice in the field, including education, behavioral health, and social sciences; and addiction services available for referrals. This course can be used towards the Transdisciplinary Foundations requirement of the certification boards. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

PSC - Physical Sciences

PSC1121 Physical Science, 3.0 sem hrs
Integrated principles of physical and earth sciences, the scientific method and selected areas of fundamental physics, chemistry, astronomy and meteorology. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101 AND MAT1033 OR MAC1105 OR MAC2233 OR STA2023 OR MAC1114 OR MAC2313 OR MAP2302 OR MAC2312 OR MGF2107 OR MAC1140 OR MGF2106
Lab Fees: $15.00

PSC2905 Directed Study in Physical Science, 1.0-4.0 sem hrs
Directed Study in Physical Science (Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

PSY - Psychology

PSY1012 General Psychology, 3.0 sem hrs
A scientific study of human behavior in relation to our development, motivation, emotion, perception learning and thinking. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

PSY2905 Directed Study of Psychology, 3.0 sem hrs
Directed Study in Psychology (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

PSY2931 Special Topics in Intimate Relationships, 3.0 sem hrs
This course provides students with an opportunity to explore, research, observe, and discuss problems, current & historical issues, and emerging trends in psychology and society as they pertain to intimate relationships. Students will be introduced to contemporary research findings in intimacy, marriage, divorce, and human sexuality. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP

Lab Fees: $5.00

PSY2932 Special Topics in Research Methods in Psychology, 3.0 sem hrs
This course is designed to introduce students to the basic principles and elements of research. Focus areas will include the application of the scientific method, empiricism, experimental control, validity, reliability, variance, descriptive and inferential statistics, population distributions, qualitative research techniques and applications, parametric and non-parametric statistics. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

PSY2933 Special Topics in Clinical Psychology, 3.0 sem hrs
This course conveys the research and application of psychological principles, theories and methods which deal with individual and group's

coping abilities, and psychological and behavioral adjustment. It includes training and practice in diagnosis, treatment and prevention, as well as research for expansion of knowledge. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP

Lab Fees: $5.00

PSY2934 Special Topics in Forensic Psychology, 3.0 sem hrs
This course conveys the research and application of psychological principles, theories and methods which deal with individual and group's coping abilities, and psychological and behavioral adjustment. It includes training and practice in diagnosis, treatment and prevention, as well as research for expansion of knowledge. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

PSY2935 Special Topics in Parenting and Family Dynamics, 3.0 sem hrs
This course takes a research based in depth look at parenting issues and dynamics within the contemporary family unit. Topics covered will include parenting practices, work/life/family balance, and educational challenges for parents and children. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

PSY2936 Special Topics in Comparative Psychology, 3.0 sem hrs
This course focuses on the interaction between nature and nurture in regards to animal behavior. Issues such as mating, predatory, defensive and social behavior in animals will be examined. By the end of this course students should have a basic understanding of how brain physiology and functioning create behavior and how behavior is influenced by the interaction between biology and the environment. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Lab Fees: $5.00

PSY2949 Cooperation Education Experience in Psychology, 3.0 sem hrs
Cooperative Education Experience in Psychology FA, SP, SU

QMB - Quantitative Methods in Business

QMB1001 Business Math, 3.0 sem hrs
Analytical treatment of practical business financial problems concerning interest, payrolls, financial statement analysis, buying and selling goods, consumer credit, etc., using calculators. FA,SP, SU

Lab Fees: $10.00

REA - Reading

REA0001 Reading I, 3.0 college prep hrs
An introduction to reading designed to help students gain proficiency in basic reading skills. Emphasis is place on developing vocabulary and improving comprehension skills. Required for students who score 48 or below on the college placement test. (REA 0001 cannot be used toward A.A., A.A.S. or A.S. degree requirements.) FA, SP, SU

Co-Reqs: SLS1122

Conc-Reqs: REA0001L

REA0001L Reading I Lab, 1.0 college prep hrs
This is the concurrent lab for REA0001: An introduction to reading designed to help students gain proficiency in basic reading skills. Emphasis is place on developing vocabulary and improving comprehension skills. Required for students who score 48 or below on the college placement test. (REA 0001 cannot be used toward A.A., A.A.S. or A.S. degree requirements.) FA, SP, SU

Conc-Reqs: REA0001

Lab Fees: $15.00

REA0002 Reading II, 3.0 college prep hrs
An introduction to reading designed to help students gain proficiency in reading skills. Emphasis is placed on advancing vocabulary and comprehension skills in content reading. Required of students who score 49-82 on the college placement test. (REA 0002 cannot be used toward A.A., A.A.S., or A. S. degree requirements.) FA, SP, SU.

Co-Reqs: SLS1122

Conc-Reqs: REA0002L

REA0002L Reading II Lab, 1.0 college prep hrs
This is the concurrent lab for REA 0002: An introduction to reading designed to help students gain proficiency in reading skills. Emphasis is placed on advancing vocabulary and comprehension skills in content reading. Required of students who score 49-82 on the college placement test. (REA 0002 cannot be used toward A.A., A.A.S., or A. S. degree requirements.) FA, SP, SU.

Conc-Reqs: REA0002

Lab Fees: $15.00

RED - Language Arts and English Education

RED3012 Principles of Reading, 3.0 sem hrs
The purpose of this course is to introduce reading principles, procedures and organization, current practices, analysis of reading materials, correlation with child development and investigation of research to the pre-service teacher. This course includes field experience in the public schools. This course may be offered in the FA or SP term.

RED3309 Early and Emergent Reading K-2, 3.0 sem hrs
The purpose of this course is to increase the understanding of early literacy development and the conditions which promote total literacy from birth through lower elementary grades. The course requires field service hours in a public school. This course may be offered in the FA or SP term.

RED4511 Intermediate Literacy, Reading and Thinking, 3.0 sem hrs
The purpose of this course is to discuss procedures as well as material selection to effectively implement reading in intermediate grade classrooms. This class requires field experience in all intermediate grade settings. This course may be offered in FA or SP term.

Pre-Reqs: RED3309

RED4519 Diagnosis, Intervention in Reading, 3.0 sem hrs
The purpose of this course is to introduce formal and informal methods and materials used to identify reading strengths and weaknesses of students. Emphasis is placed on diagnosis of reading problems, administration of assessments, evaluation of results and planning instructional interventions to remediate reading difficulties. This course requires field experience in the public schools. This course may be offered in the FA or SP term.

Pre-Reqs: RED3309 OR RED3012

RED4844 Reading Practicum, 2.0 sem hrs
The purpose of this course is to provide a supervised practicum on the application of reading instruction. Pre-service teachers work in a

school site with students who are experiencing reading problems, including Exceptional Student Education students and English Language Learners. Pre-service teachers review current reading research literature and select, plan, and use appropriate reading assessments, materials, and strategies to identify needs and provide remedial reading instruction in a K-12 classroom. Field service in a public school required. This course may be offered in the FA, SP or SU term.

Pre-Reqs: RED4519 AND TSL3080

REL - Religion

REL2300 World Religion, 3.0 sem hrs
A comparative study of religion, with emphasis on Judaism, Christianity, Hinduism, Buddhism, Taoism, Confucianism, Shinto and Islam. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

REL2905 Directed Study in Religion, 1.0-3.0 sem hrs
Directed Study in Religion (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

RET - Respiratory Care

RET1024 Introduction to Respiratory Care, 1.0 sem hrs
An introduction to the scientific basis for respiratory care. Lecture and laboratory experiences. (Prerequisite: Admission to the Respiratory Care program.) FA

Conc-Reqs: RET1024L

RET1024L Introduction to Respiratory Care Lab, 1.0 sem hrs
An introduction to the scientific basis for respiratory care. Lecture and laboratory experiences. (Prerequisite: Admission to the Respiratory Care program.) FA

Conc-Reqs: RET1024

RET1026 Fundamentals of Respiratory Care I, 3.0 sem hrs
Fundamentals of basic respiratory care techniques and equipment, including respiratory pharmacology. Introductory chest physiotherapy along with medical gas, humidity and aerosol and hyperinflation therapy. Lecture and laboratory. FA

Co-Reqs: RET1024 AND RET1024L
Conc-Reqs: RET1026L

RET1026L Fundamentals of Respiratory Care I Lab, 1.0 sem hrs
Fundamentals of basic respiratory care techniques and equipment, including medical gas therapy, humidity and aerosol therapy, respiratory pharmacology and lung hyperinflation therapy and bronchial hygiene airway adjuncts. Lecture and laboratory. FA

Conc-Reqs: RET1026
Lab Fees: $5.00

RET1264 Fundamentals of Respiratory Care II, 3.0 sem hrs
A continuation of basic respiratory care techniques and equipment. Topics emphasized include a continuation of lung hyperinflation and bronchial hygiene therapies, radiography including CXR, CT and MRI, and basic and advanced airway management. SP

Pre-Reqs: RET1026C OR RET1026
Conc-Reqs: RET1264L

RET1264L Fundamentals of Respiratory Care II Lab, 1.0 sem hrs
A continuation of basic respiratory care techniques and equipment. Topics emphasized include a continuation of lung hyperinflation and bronchial hygiene therapies, radiography including CXR, CT and MRI, and basic and advanced airway management. SP

Conc-Reqs: RET1264
Lab Fees: $10.00

RET1265 Mechanical Ventilation, 4.0 sem hrs
This course involves an in-depth examination and application of mechanical ventilation principles and equipment. Current practice as well as innovations in the use of pressure and volume ventilation, clinical practice guidelines, patient-driven protocols and management of the patient ventilator system are also discussed. SP

Co-Reqs: RET1264
Pre-Reqs: RET1026C OR RET1026

RET1293 Cardiopulmonary Medicine, 3.0 sem hrs
A study of the pathophisology, clinical manifestations, assessment and treatment of cardiopulmonary diseases, commonly encountered in patients needing respiratory care. SP

Pre-Reqs: BSC1085 OR RET1485 AND BSC1085C

RET1414 Cardiopulmonary Diagnostics, 3.0 sem hrs
A study of diagnostic techniques and instrumentation, including pulmonary function testing, the electrocardiogram, and treatment of cardiac anomalies and ACLS pharmacology. SU

Co-Reqs: RET1833
Pre-Reqs: RET1264
Lab Fees: $5.00

RET1485 Cardiopulmonary Anatomy and Physiology, 3.0 sem hrs
A detailed study of the structure and function of the heart and lungs, including respiratory related abnormal physiological processes and acid-base status. (Prerequisite: Admission to the Respiratory Care program.) FA

RET1534 Special Topics in Respiratory Care I, 3.0 sem hrs
This course includes sleep medicine, Pulmonary Rehabilitation, exercise physiology, nutrition, patient and family education, and Respiratory Care in the home. SU

Pre-Reqs: RET1293

RET1832 Clinical Respiratory Care I, 4.0 sem hrs
Clinical application of respiratory care procedures, including medical gas, humidity and aerosol and hyperinflation therapies and bronchial hygiene thearpies. Arterial blood gas (ABG) drawing, analysis, ABG analyzers, and QA are covered in this section of clinical. SP

Co-Reqs: RET1264
Lab Fees: $15.00

RET1833 Clinical Respiratory Care II, 2.0 sem hrs
Continuation of Clinical Respiratory Care. New areas of emphasis include blood gas analyzers, pulmonary function testing and other diagnostic and monitoring instrumentation and techniques. Ventilatory support and other adjunctive procedures also are included. Clinical. SU

Pre-Reqs: RET1264 AND RET1832
Lab Fees: $15.00

RET2280 Fundamentals of Respiratory Care III, 3.0 sem hrs
This course is a continuation of RET 1264 Fundamentals of Respiratory Care II. Topics including bronchoscopy, chest tube maintenance, vacuum systems, enteral feeding and nasogastric tube placement assessment are discussed. Sleep Medicine and testing, cardiopulmonary stress testing, metabolic assessment, advanced electrocardiography and holter monitoring are also covered. Cardiac Life Support (BCLS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Life Support (PALS), and the Neonatal Resuscitation Program (NRP) is also conducted. The mandatory four hours (4) of HIV/AIDS information and two (2) hours of Prevention of Medical Errors required for graduation and the Certified Respiratory Therapist (CRT) exam will also be covered in this course. FA

Pre-Reqs: RET1264 AND RET1264L

RET2483 Patient Assessment and Interaction, 1.0 sem hrs
An introduction to comprehensive patient assessment including medical ethics, HIPPA, prevention of medical errors and hands-on assessment making use if the Human Patient Simulator Lab. Lecture and laboratory experiences. (Prerequisite: Admission to the Respiratory Care program.) FA

Conc-Reqs: RET2483L

RET2483L Patient Assessment and Interaction Lab, 1.0 sem hrs
An introduction to comprehensive patient assessment making use of the Human Patient Simulator Lab. Lecture and laboratory experiences. (Prerequisite: Admission to the Respiratory Care program.) FA

Conc-Reqs: RET2483
Lab Fees: $10.00

RET2714 Special Topics in Respiratory Care II, 3.0 sem hrs
This course discusses Hemodynamic Monitoring including indications, equipment utilized, monitoring, evaluation and recommendations. The second half of this course introduces the evolving field of Pediatric and Neonatal Respiratory Care to include the assessment and treatment of the newborn and pediatric patient. FA

Pre-Reqs: RET1293 AND RET1485
Lab Fees: $60.00

RET2876 Clinical Respiratory Care III, 4.0 sem hrs
Continuation of Clinical Respiratory Care II (critical respiratory care) with emphasis on neonate and pediatric areas. Rotation through specialty areas including home care agencies, cardiac catherization lab, operating room, emergency room and post-anesthesia recovery areas. Comprehensive Case Studies are presented in post conference daily and weekly on assigned patients. Special care areas are added in this rotation; Sleep lab, home care, hyperbaric medicine and individual rounds with pulmonary physicians. FA

Pre-Reqs: RET1832 AND RET1833
Lab Fees: $15.00

RET2877 Clinical Respiratory Care IV, 4.0 sem hrs
The students continue their critical care rotations, and exposure to special care areas adding ventilator rehabilation in term care, pulmonary rehabilitation, pulmonary function testing laboratories and neonatal/ pediatric areas. Students also complete case studies for oral presentation. As a final project, students will write a term-quality research paper on a pre-approved topic relevant to the practice of respiratory care. SP

Pre-Reqs: RET2876
Lab Fees: $15.00

RET2934 Respiratory Care Seminar, 3.0 sem hrs
This capstone course presents a continuation of Pediatric and Neonatal Respiratory Care with clinical simulations and future implications. Also discussed is Fluid and Electrolyte values used in the treatment of all populations. The seminar course also provides a review of all materials covered throughout the five-semester program. Computerized self-assessment entry-level and advanced practitioner examinations are administered as a conclusion to this course. Employability skills and the licensure and examination process are also covered. SP

Lab Fees: $50.00

RTE - Radiography

RTE1000 Fundamentals of Radiologic Technology, 1.0 sem hrs
Provides extensive understanding of the fundamentals of radiation positioning, technique, protection, patient care and assessment, ethics, human diversity, body mechanics, medical-legal aspects, history and role of radiographer. SP

RTE1001 Medical Terminology for Radiographers, 1.0 sem hrs
Introduction to medical abbreviations, symbols and terms. A word-building system is introduced with related terminology. Understanding of radiographic orders and diagnostic reports are discussed. SP

RTE1418 Radiographic Exposures and Processing, 2.0 sem hrs
A study of the factors that govern and influence the production of an image. Image processing, image receptor systems and accessory devices will be discussion. SP

RTE1457 Radiographic Exposures II, 2.0 sem hrs
A continuation of Radiographic Exposures and Processing, with emphasis image quality and technical factor selection. SU

Pre-Reqs: RTE1418

RTE1503 Radiographic Procedures I, 2.0 sem hrs
A study of patient positioning, equipment usage and image quality evaluation for exams involving the respiratory system, digestive/biliary system and appendicular skeleton. Emphasis on radiation protection and patient care. SP

RTE1503L Radiographic Procedures Lab I, 1.0 sem hrs
A study of patient positioning, equipment usage and image quality evaluation for exams involving the respiratory system, digestive/biliary system and appendicular skeleton. Emphasis on radiation protection and patient care. SP

Co-Reqs: RTE1503

RTE1513 Radiographic Procedures II, 2.0 sem hrs
Continuation of Radiographic Procedures I. A study of positioning, equipment usage and image quality evaluation of exams of the appendicular skeleton, organ system, shoulder girdle, and bony thorax. Detailed study of pharmacology involving contrast agents. SU

Pre-Reqs: RTE1503L AND RTE1503

RTE1513L Radiographic Procedures Lab II, 1.0 sem hrs
Demonstration and student radiographer practice in anatomy and radiographic positioning of the organ systems, bony thorax, appendicular skeleton, vertebral column and cranium. SU

Co-Reqs: RTE1513

RTE1523 Radiographic Procedures III, 2.0 sem hrs
A continuation of Radiographic Procedures III, with emphasis on the vertebral column, cranium and special projections for each system. Study of fluoroscopic, tomographic, and electronic imaging and PACS. FA

Pre-Reqs: RTE1513L AND RTE1513

RTE1804 Radiographic Clinical Education I, 3.0 sem hrs
Supervised clinical education in performing radiographic procedures with emphasis on competency evaluation in the respiratory, appendicular and abdominal anatomy. SP

RTE1814 Radiographic Clinical Education II, 3.0 sem hrs
Supervised clinical education in performing radiographic procedures with emphasis on competency evaluation in the appendicular, axial skeleton and contrast studies. SU

Pre-Reqs: RTE1804

RTE1824 Radiographic Clinical Education III, 5.0 sem hrs
Supervised clinical education in performing radiographic procedures with emphasis on competency evaluation on trauma, pediatric patients, and procedures performed outside the department in the axial and appendicular skeletons. FA

Pre-Reqs: RTE1814

RTE2385 Radiation Biology and Protection, 2.0 sem hrs
A study of the principles of cell radiation interactions and radiation protection principles. The student will develop an awareness of the potential harmful effects of radiation and safe usage of radiation for diagnosis and treatment. SP, SU

RTE2473 Quality Management in Radiography, 1.0 sem hrs
Study of the components involved in imaging systems with tests and procedures to evaluate them. State and Federal regulations/guidelines will be discussed. Basic pharmacology will be instructed during this course. SP, SU

RTE2563 Selected Radiographic Special Procedures I, 3.0 sem hrs
A study of techniques/procedures other than those used in diagnostic radiography to include anatomy of the cardiac, nervous and reproductive systems, cross-sectional anatomy, and imaging/therapeutic procedures for these systems. SP

RTE2573 Selected Radiographic Special Procedures II, 3.0 sem hrs
A continuation of RTE 2563 with emphasis on surgical imaging, computed tomography, magnetic resonance image, ultrasound, radiation therapy, nuclear medicine and interventional/catheterization procedures. FA

Pre-Reqs: RTE2563

RTE2613 Radiation Physics I, 3.0 sem hrs
The physics of diagnostic imaging including analysis and synthesis of energy and matter and their relationship. Detailed study of the atom and the components needed for the production x radiation. SP

RTE2623 Radiation Physics II, 3.0 sem hrs
A continuation of Radiation Physics with emphasis on the X-ray tube, equipment, x-ray production and interactions with matter. FA

Pre-Reqs: RTE2613

RTE2782 Radiographic Pathology, 1.0 sem hrs
This course provides knowledge of pathologic conditions seen radiographically and their effects on technique and positioning. SP, SU

RTE2834 Radiographic Clinical Education IV, 5.0 sem hrs
Supervised clinical education in performing radiographic procedures with emphasis on competency evaluation on trauma, pediatric patients, and procedures performed outside the department in the axial and appendicular skeletons. SP

Pre-Reqs: RTE1824

RTE2844 Radiographic Clinical Education V, 6.0 sem hrs
Supervised clinical education in performance of radiographic procedures with emphasis on competency evaluation in Specialized Procedures: CT, MRI, Invasive Radiology, Surgery (Mobile), Radiation Therapy (optional), Nuclear Medicine, Cardiac Cath, Ultrasound and Interventional Procedures. FA

Pre-Reqs: RTE2834

RTE2854 Radiographic Clinical Education VI, 5.0 sem hrs
Supervised clinical education in performance of radiographic procedures with emphasis on Final Competency Evaluation.) SP, SU

Pre-Reqs: RTE2844

RTE2930 Radiographic Image Critique, 1.0 sem hrs
Course provides student with critical thinking and problem solving methods to be utilized in image evaluation to assure appropriate anatomy and/or pathology demonstrated on properly positioned images with high image quality. Students also gain knowledge in performance of repeat analysis. SP

RTV - Mass Communication (Broadcast, Radio and Television)

RTV1940 Broadcast Technology Practicum I, 3.0 sem hrs
Level I field placements provide opportunities for students to apply basic television production principles and techniques. The placements complement classroom sessions to provide hands-on participation under the direction of placement supervisors. Students assume production duties in a specified list of television-station roles. FA, SP

Lab Fees: $20.00

RTV1941 Broadcast Technology Practicum II, 3.0 sem hrs
This Level II course integrates more advanced practical applications of television production theories, concepts and technical skills in broadcast production setting under supervision of professional personnel. FA, SP

Pre-Reqs: RTV1940

RTV2102 Writing for Radio and Television (Broadcast Writing), 3.0 sem hrs
Students will learn presentation styles of broadcasting. The course emphasizes practical broadcast reporting skills by putting them into practice and creating programming for WCEU-Channel 15, the PBS affiliate on campus. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. SP

Pre-Reqs: JOU1100 OR RTV2300 AND MMC1000
Lab Fees: $15.00

RTV2300 Broadcast Research/Newswriting/Presentation Skills, 3.0 sem hrs
Basic instruction and practice in news gathering, writing and announcing for radio and TV. Students will create a video portfolio of live performances. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ENC1101
Lab Fees: $15.00

RTV2804 Broadcast Technology and Management Practicum IV, 3.0 sem hrs
This Level IV placement will provide students with high-level production, direction and technical training in the context of actual studio and location television productions. FA, SP

Pre-Reqs: RTV2942

RTV2942 Broadcast Technology Practicum III, 3.0 sem hrs
This Level III course will further develop television production methods and techniques. Students will refine skills in the production roles specified and be evaluated by the site supervisor. FA, SP

Pre-Reqs: RTV1941

SBM - Management (Small Business)

SBM2000 Small Business Management, 3.0 sem hrs
A step-by-step presentation of how to manage and operate a small business. The areas covered include developing a business plan, securing financing, site location, and marketing. FA, SP

SCE - Science Education

SCE3310 Teaching Science in the Elementary School, 3.0 sem hrs
The purpose of this course is to provide the pre-service teacher with the knowledge and skills to be an effective elementary science teacher. Students will explore the foundational topics in Earth/Space, Life and Physical Sciences. A field experience with a certified teacher in the public schools is required. The course may be offered in the FA or SP term.

Pre-Reqs: TSL3080 AND EDG4323 AND EDF4430

SCE4360 Science Instructional Analysis, 3.0 sem hrs
The purpose of this course is to provide the pre-service science teacher with the necessary knowledge and skills to become a reflective and effective science teacher in the grades 6-12. This course requires a field experience with a certified science teacher in the public school setting. This course may be offered in the FA or SP term.

Pre-Reqs: TSL3080 AND EDG4323 AND EDF4430

SLS - Student Life Skills

SLS1122 Student Success, 3.0 sem hrs
Designed to increase student success through the development of academic and life skills. Topics include study techniques, test anxiety, memory techniques and personal development. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

SLS1225 Human Potential, 3.0 sem hrs
Exploration of students' values, talents, and abilities which direct one's life in relationship to educational planning, career decisions, personal goals and other human relation skills. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $10.00

SLS1261 Dynamics of Student Leadership Development, 3.0 sem hrs
The course is designed to introduce students to the dynamics of organizational behavior, with emphasis on the relationship between self and group in the leadership process. The course functions as an interactive "leadership laboratory," in which students explore leadership in relation to individuality, group dynamics, career development and community engagement. Topics include personal and group goal-setting, self-affirmation, conflict resolution, team-building; theories and styles of leadership. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $5.00

SLS2304 Career Exploration, 1.0 sem hrs
Structured for self-paced individualized career exploration. Includes systematic review of Career Center library materials and use of computer-based career development programs. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Lab Fees: $33.00

SLS3355 Orientation to BS in Education Programs, 0.0 sem hrs
The purpose of this course is to introduce students to the Education Department processes and overall expectations for disposition for teaching. Students will learn the use of the College's online portfolio system (Livetext), how coursework relates to their meeting the Florida Department of Education requirements for teacher certification, and how to ensure they remain a satisfactory candidate for graduation. This course requires the students to purchase access to the Livetext software program. This course may be offered in the FA, SP or SU term.

Lab Fees: $80.00

SOP - Psychology

SOP2002 Introduction to Social Psychology, 3.0 sem hrs
The function of individuals in social groups, with emphasis upon communications, persuasion, attitudes and other practical applications. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

SOP2772 Psychology of Human Sexuality, 3.0 sem hrs
A study of the psychological, biological, psychosocial and cultural aspects of human sexuality. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

SOP2905 Directed Study in Social Psychology, 3.0 sem hrs
Directed Study in Social Psychology (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) FA, SP, SU

SPC - Speech Communication

SPC2511 Argumentation and Debate, 3.0 sem hrs
The principles of argumentation, including analysis, evidence, inference and refutation, and their application to issues of current public interest through the practice of team debates. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA

Pre-Reqs: SPC2608
Lab Fees: $15.00

SPC2608 Oral Communications/Research/Presentation Skills, 3.0 sem hrs
Basic principles of speech communication, including practice with various types and methods of oral expression. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: ENC1101
Lab Fees: $15.00

SPN - Foreign Language (Spanish)

SPN1120 Elementary Spanish I Concentrated, 3.0 sem hrs
Introductory course to the Spanish language and culture for students who have limited or no knowledge of Spanish. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP,SU

Conc-Reqs: SPN1120L

SPN1120L Elementary Spanish I Concentrated Lab, 1.0 sem hrs
Introductory course to the Spanish language and culture for students who have limited or no knowledge of Spanish. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Appropriate placement scores or successful completion of college prep courses.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP,SU

Conc-Reqs: SPN1120
Lab Fees: $5.00

SPN1121 Elementary Spanish II Concentrated, 3.0 sem hrs
A continuation of SPN 1120/1120L. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to further develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Successful completion SPN 1120/1120L or appropriate placement scores.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: SPN1120
Conc-Reqs: SPN1121L

SPN1121L Elementary Spanish II Concentrated Lab, 1.0 sem hrs
A continuation of SPN 1120/1120L. Instruction is based on the fundamentals of grammar principles and on the communicative approach with activities designed to further develop reading, writing, listening, and speaking skills while promoting cultural awareness. Includes

three-hour class instruction and two-hour language laboratory. (Prerequisite: Successful completion SPN 1120/1120L or appropriate placement scores.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Pre-Reqs: SPN1120
Conc-Reqs: SPN1121
Lab Fees: $5.00

SPN2220 Intermediate Spanish Reading and Conversation I, 3.0 sem hrs

A continuation of SPN 1121/1121L. Instruction for the Intermediate level is based on the fundamentals of grammar principles and on the communicative approach with activities designed to enhance and further develop reading, writing, listening, and speaking skills while continuing to promote cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Successful completion SPN 1121/1121L or appropriate placement scores.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: SPN1121
Conc-Reqs: SPN2220L

SPN2220L Intermediate Spanish Reading and Conversation I Lab, 1.0 sem hrs

A continuation of SPN 1121/1121L. Instruction for the Intermediate level is based on the fundamentals of grammar principles and on the communicative approach with activities designed to enhance and further develop reading, writing, listening, and speaking skills while continuing to promote cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Successful completion SPN 1121/1121L or appropriate placement scores.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: SPN1121
Conc-Reqs: SPN2220
Lab Fees: $5.00

SPN2221 Intermediate Spanish Reading and Conversation II, 3.0 sem hrs

A continuation of SPN 2220/2220L. Instruction for the Intermediate level is based on the fundamentals of grammar principles and on the communicative approach with activities designed to strengthen reading, writing, listening, and speaking skills while continuing to promote cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Successful completion SPN 2220/2220L or appropriate placement scores.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: SPN2220
Conc-Reqs: SPN2221L

SPN2221L Intermediate Spanish Reading and Conversation II Lab, 1.0 sem hrs

A continuation of SPN 2220/2220L. Instruction for the Intermediate level is based on the fundamentals of grammar principles and on the communicative approach with activities designed to strengthen reading, writing, listening, and speaking skills while continuing to promote cultural awareness. Includes three-hour class instruction and two-hour language laboratory. (Prerequisite: Successful completion SPN 2220/2220L or appropriate placement scores.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: SPN2220
Conc-Reqs: SPN2221
Lab Fees: $5.00

SPN2905 Directed Study in Spanish, 1.0-4.0 sem hrs

(Prerequisite: Appropriate placement scores or successful completion of college prep courses.)

SPN2949 Cooperative Education Experience in Spanish, 1.0-4.0 sem hrs

Cooperative Education Experience in Spanish FA, SP, SU

SSE - Social Studies Education

SSE3312 Teaching Social Studies, 3.0 sem hrs

The purpose of this course is to provide both practical and theoretical knowledge about teaching social studies to all children in the elementary school. Students will explore foundational topics in History, Geography, and Political Science. The course requires field experience in a public school. This course may be offered in the FA or SP term.

Pre-Reqs: EDG4323 AND EDF4430 AND TSL3080

STA - Statistics

STA2023 Elementary Statistics, 3.0 sem hrs

Topics include: A survey of descriptive statistics and graphs, probability, random variables, confidence intervals, hypothesis testing, sampling, types of distributions, correlation and regression, and statistical applications. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU.

Pre-Reqs: MAC1105 OR MGF2106
Lab Fees: $15.00

STA4024 Statistics II, 3.0 sem hrs
Topics include: Estimation and hypothesis testing of means, proportions, and variances, an introduction to analysis of variance, simple and multiple linear regression, an analysis of count data: chi-square and contingency tables, and nonparametric methods. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.

Pre-Reqs: STA2023

STS - Surgical Technology Studies

STS0003 Introduction to Surgical Technology, 2.03 voc hrs
An introduction to the medical, legal, ethical and psychological aspects of health care during surgical intervention. Aseptic techniques employed to guard against disease and infection, with methods to combat them. FA

Lab Fees: $75.00

STS0120 Surgical Specialities I, 2.2 voc hrs
Introduction to various surgical specialties and procedures along with specified human anatomy of the area where the surgical procedure is performed. FA

Pre-Reqs: BSC1080 AND HSC1531 AND INP1390
Lab Fees: $85.00

STS0121 Surgical Specialities II, 2.94 voc hrs
Introduction to additional surgical specialties and specific human anatomy of the area in which the surgical procedure is performed. SP

Pre-Reqs: STS0120

STS0122 Surgical Specialities III, 1.16 voc hrs
Introduction to the final group of complex surgical specialties and procedures along with specific anatomy of the area where the surgical procedure is performed. SU

Pre-Reqs: STS0121

STS0155 Surgical Techniques and Procedures, 3.2 voc hrs
A supervised, well-structured laboratory learning experience in the specialized field of operating room services and patient care. FA

Co-Reqs: STS0003
Conc-Reqs: STS0155L

STS0155L Surgical Techniques and Procedures Lab, 3.7 voc hrs
A supervised, well-structured laboratory learning experience in the specialized field of operating room services and patient care. FA

Conc-Reqs: STS0155
Lab Fees: $85.00

STS0255L Surgical Procedures Clinical I, 6.4 voc hrs
Introduction as a surgical technologist by practicing learned skills and acquiring additional skills in clinical affiliate facility's operating rooms in various surgical specialties and procedures. FA

Co-Reqs: STS0120 AND STS0155 AND STS0003
Lab Fees: $15.00

STS0256L Surgical Procedures Clinical II, 12.5 voc hrs
Intermediate participation as a surgical technologist by practicing learned skills and acquiring additional skills in clinical affiliate facility's operating rooms in various surgical specialties and procedures. SP

Co-Reqs: STS0121
Pre-Reqs: STS0155 OR STS0255L AND STS0003
Lab Fees: $15.00

STS0257L Surgical Procedures Clinical III, 5.2 voc hrs
Advanced participation as a surgical technologist by practicing learned skills and acquiring additional skills in clinical affiliate facility's operating rooms in various surgical specialties and procedures. SU

Co-Reqs: STS0122
Pre-Reqs: STS0255L AND STS0256L
Lab Fees: $15.00

STS0949 Cooperative Education Training Assignment in Surgical Technology, 1.0-4.0 voc hrs
Cooperative Education Training Assignment in Surgical Technology FA, SP, SU

SYG - Sociology

SYG2000 Introduction to Sociology, 3.0 sem hrs
A systematic and scientific study of social behavior, including social organization, culture, deviance, cultural behavior and social institutions. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101
Lab Fees: $5.00

SYG2010 Social Problems and Deviance, 3.0 sem hrs
A study of major social problems and deviance in American society emphasizing causes, consequences and means of coping with these conditions. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

SYG2430 The American Family, 3.0 sem hrs
Investigation of the issues, changes and trends surrounding the contemporary American family. Findings from the field of family sociology will be compared to life experiences of students. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Co-Reqs: ENC1101
Lab Fees: $5.00

SYG2905 Directed Study in Sociology, 3.0 sem hrs
Directed Study in Sociology FA, SP, SU

TAX - Accounting

TAX2000 Personal Income Tax, 3.0 sem hrs
An introductory study of the individual income tax return that includes gross income and exclusions, business expenses and retirement plans, self-employed and employee expenses, itemized and certain other deductions, credits and special taxes, accounting periods and methods, depreciation, capital gains and losses, withholding, estimated payments and payroll taxes. FA, SP, SU

THE - Theatre Arts

THE1000 Dramatic Appreciation, 3.0 sem hrs
An introduction to all the basic aspects of theater, including the play, the playwright, the actor, settings, and historical periods using a Golden Ages approach. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. Attendance at productions required. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

THE1035 Dramatics I (Acting), 3.0 sem hrs
An introductory course to the Acting process. General development of Form and Idea in acting and exercises in creating basic dramatic statement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA. SP

THE1036 Dramatics II (Acting), 3.0 sem hrs
Basic scene study focusing on script analysis. Students will llearn to recognize themes, dramatic structure, and metaphor. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA,SP

Pre-Reqs: THE1035

THE2037 Dramatics III (Theatre Production), 3.0 sem hrs
Students will take an in -depth look at character development. Through extensive journal work, physical exploration, script analysis, and focused scene work, students will continue to investigate the tools of an actor. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: THE1036

THE2038 Dramatics IV (Theatre Production), 3.0 sem hrs
Actors will expand their acting cannon through extensive physical based actor development, work with Shakespeare, and "Comedy of Manners." Actors will also learn the basis of stage violence. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Pre-Reqs: THE2037

THE2905 Dramatic Study in Dramatics, 1.0-3.0 sem hrs
Directed Study in Dramatics FA, SP, SU

THE2949 Cooperative Education Experience in Stagecraft, 4.0 sem hrs
Cooperative Education Experience in Dramatics FA, SP, SU

TPA - Theatre Arts

TPA2200 Stagecraft, 3.0 sem hrs
A study of the basic principles of set design, stage carpentry and props construction, with emphasis on performance construction/support. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree.SP

TPP - Theatre Arts

TPP2190 Theatre Rehearsal and Performance, 2.0 sem hrs
The class will focus on stage and acting basics as they are applied to the production of a play or musical play. May be repeated one time for credit. (Prerequisite: Permission of chairperson through audition.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: TPP2190L

TPP2190L Theatre Rehersal and Performance Lab, 1.0 sem hrs
The class will focus on stage and acting basics as they are applied to the production of a play or musical play. May be repeated one time for

credit. (Prerequisite: Permission of chairperson through audition.) This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

Conc-Reqs: TPP2190

Lab Fees: $10.00

TPP2300 Beginning Directing, 3.0 sem hrs
A basic theatre techniques course with an emphasis on script analysis, fundamentals of staging, and work with actors. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP

TSL - Teachning English as a Second Language

TSL3080 ESOL Issues and Strategies I, 3.0 sem hrs
The purpose of this course is to introduce the underlying theories and practices of teaching ESOL (English to Speakers of Other Languages). The goal of this course is to develop the foundation of knowledge necessary to prepare educators to understand the concepts upon which second language acquisition are based as well as the impact these concepts will have on instruction. The following areas will be addressed in the course: linguistics, effective strategies/methods and curriculum to reach linguistically and culturally diverse students, multicultural education, linguistic and cultural issues in the area of assessment. The course will address the Consent Decree and the implications it has for students and teachers. This course includes field experience in the public schools with at least one ESOL student. This course may be offered in the FA or SP term.

TSL4081 ESOL Issues and Strategies II, 3.0 sem hrs
The purpose of this course is to build upon the foundation course in Teaching English to Speakers of Other Languages for students in integrated teacher education programs. The goal of this course is to link the theory and practice for effective teaching of English Language Learners students. The course will focus primarily on methods, curriculum and assessment of ELL students. This course requires field experience in the public schools with at least one ESOL student. This course may be offered in the FA or SP term.

Pre-Reqs: TSL3080

VPI - Vocational Preparatory Instruction

VPI0100 Vocational Preparatory Reading, 0.0 voc prep hrs
This vocational preparatory course provides open-entry/open-exit instruction in reading and workforce readiness skills. The course provides individualized instruction tailored to the students' needs and learning styles. FA, SP, SU

VPI0200 Vocational Preparatory Mathematics, 0.0 voc prep hrs
This vocational preparatory course provides open-entry/open-exit instruction in mathematics and workforce readiness skills. The course provides individualized instruction tailored to the students' needs and learning styles. FA, SP, SU

VPI0300 Vocational Preparatory Language, 0.0 voc prep hrs
This vocational preparatory course provides open-entry/open-exit instruction in language and workforce readiness skills. The course provides individualized instruction tailored to the students' needs and learning styles. FA, SP, SU

WOH - History

WOH2012 World History I, 3.0 sem hrs
Survey of the major civilizations of the world from ancient times to the modern era. Emphasis on the development of civilization and the influence of encounter and exchange. This course contributes to satisfying the Gordon Rule (State Rule 6A-10.030) writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

Lab Fees: $5.00

WOH2022 World History II, 3.0 sem hrs
An overview of the modern civilizations of Asia, Africa, Europe and the Americas. Emphasis on the development of new social, economic and political systems accompanied with intensified cultural exchange. This course contributes to satisfying the Gordon Rule writing requirement. This course will help satisfy the graduation requirements of the Associate of Arts (A.A.) degree. FA, SP, SU

Co-Reqs: ENC1101

Lab Fees: $5.00

B.S., Hunter College

Hansen, Sally (2007)
Associate Professor, School of Behavioral and Social Sciences
hansensa@DaytonaState.edu
Ph.D., University of South Carolina
B.A., Florida Atlantic University

Harden, Fred (1990)
Professor/Librarian, Library Services
hardenf@DaytonaState.edu
Ed.S., University of Florida
M.A., University of South Florida
B.A., Flagler College
A.A., Daytona State College

Harper, Ned (2005)
Director, Small Business Development Center
harpern@DaytonaState.edu
M.Ed. and B.A., Stetson University

Harrell, Steven (1984)
School of Emergency Services
Associate Professor, Criminal Justice Training
Assistant Chair, EVOC and Firearms
harrels@DaytonaState.edu
B.A., University of Central Florida
A.S., Daytona State College

Hartley, Lynn (2009)
Associate Professor, School of Alternative Teacher Preparation
hartlel@DaytonaState.edu
M.Ed., Florida Atlantic University
B.A., University of Florida
A.A., Palm Beach Community College

Hastie, Christina (1994)
Associate Professor/Librarian, Library Services

M.S., Florida State University
M.S., Saint Leo University
A.A., Daytona State College

Hayden, Charlene (2007)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
haydenc@DaytonaState.edu
Ph.D. and B.S., University of Michigan

Haydt, Judith (2010)
Executive Director, Foundation
haydtj@DaytonaState.edu
B.A., University of Connecticut

Henderson, Wallace (1997)
Assistant Professor, School of Mathematics
henderw@DaytonaState.edu
M.S. and B.S., University of Central Florida
A.A., Daytona State College

Henson, Denise (1983)
Senior Professor, School of Health & Wellness
hensond@DaytonaState.edu
M.A., Ohio State University
B.S., Bethune-Cookman College

Hoczur, Bernard (2003)
Assistant Professor, School of Physical, Biological, Marine and Environmental Sciences
hoczurb@DaytonaState.edu
M.S.S.E., Montana State University
B.S.E.E., University of Colorado

Hogan, George
Director, Information Technology
hogang@DaytonaState.edu
M.S., Dakota State University
B.S., Hampton University

Holmes, LaKisha (2007)
Instructor, School of Mathematics
holmesl@DaytonaState.edu
B.S., Spelman College

Horikami, Sandra (1996)

Professor/Assistant Chair, School of Physical, Biological, Marine and Environmental Sciences

Raffaelo, Roger (1995)
Associate Professor, School of Technological and Occupational Programs
Air Conditioning, Refrigeration and Heating Technology
raffaer@DaytonaState.edu
A.S., Daytona State College

Ramesh, Gayatri (2010)
Assistant Professor, School of Mathematics
ramesg@DaytonaState.edu
M.S., University of Central Florida
B.S., University of Tennessee

Reese, Andrea (2006)
Assistant Professor, School of Mathematics
Chair, Honors College
reesea@DaytonaState.edu
Ph.D., Florida Institute of Technology
M.S., Bowling Green State University
B.S., John Carroll University

Regnier, Nancy (1995)
Associate Professor, School of Nursing
regnien@DaytonaState.edu

M.S.N. and B.S.N., California State University-Chico

Reilly, Karen (2001)
Associate Professor, School of Nursing
reillyk@DaytonaState.edu
M.S.N. and B.S.N., University of Central Florida
B.S., Western Michigan University
A.S. and Practical Nursing Certificate, Daytona State

Repyneck, Ethan (2005)
Assistant Professor, School of Mathematics
repynee@DaytonaState.edu
B.S. and M.A., University of Central Florida
A.A., Daytona State College

Riban, David (1993)
Professor, School of Physical, Biological, Marine and Environmental Sciences
riband@DaytonaState.edu
Ph.D. and M.S., Purdue University
M.A., University of Michigan
B.S., Northern Illinois University

Ridilla, Pamela (1996)
Professor/Chair, School of Dental Sciences
ridillp@DaytonaState.edu
M.S. and B.A., University of Central Florida
A.S., Pensacola Junior College

Rimstidt, Geraldine (2006)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
rimstig@DaytonaState.edu
M.S., University of Florida
B.S., Hartwick College

Rivera, Miguel (2006)
Assistant Professor/Counselor, Counseling
riveram@DaytonaState.edu
M.S., Nova Southeastern University
B.A., Temple University

Rivers, Evan (2006)
Associate Professor / Chair, School of Humanities and Communication
riverse@DaytonaState.edu
D.A., M.A. and B.A., University at Albany, SUNY

Rock, Timothy (2001)

Associate Professor, School of Computer Science
rockt@DaytonaState.edu
M.S., Nova Southeastern University
B.S., Stetson University

Roddy, George (1980)
Professor, School of Technological and Occupational Programs
Air Conditioning, Refrigeration and Heating Technology
roddyg@DaytonaState.edu
A.S., Daytona State College

Rogers, Michael (1989)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
rogersmi@DaytonaState.edu
M.S., San Diego State University
B.S., Manchester College

Rogers, Richard (1985)
Senior Professor, School of Behavioral and Social Sciences
rogersr@DaytonaState.edu
Ph.D., M.S. and B.S., Florida State University

Rosati, Lillian (2009)
Associate Professor, School of Nursing
Assistant Chair, Associate Degree Nursing Program
rosatil@DaytonaState.edu
Ed.D., M.A. and M.S.N, University of Phoenix
B.S., Our Lady of Angels College

Rowan, Roger (1996)
Chair, School of Technological and Occupational Programs
Associate Professor, Manufacturing Technology
rowanr@DaytonaState.edu
A.S., Daytona State College

Roy, Patrick (2008)
Assistant Professor, School of Humanities and Communication
royp@DaytonaState.edu
M.A., Emerson College
B.S., Northeastern University
A.A., Post Junior College

Ryan, Kent (2007)
Assoc. Vice President, Foundation
ryank@DaytonaState.edu
M.B.A., Webster University

B.B.A., Florida Atlantic University
A.A., Robert Morris

Samitamana, Ravi (2009)
Instructor, School of Applied Business
sanitar@DaytonaState.edu
M.B.A., University of Illinois
B.A., Chulalongkorn University

Sanders, Donna (2009)
Vice President, Foundation
sanderd@DaytonaState.edu
B.A., University of Central Florida
A.A., Daytona State College

Sanders, Karen (2000)
Director, Admissions/Recruitment
sanderk@DaytonaState.edu
Ed.D., and M.B.A., University of Central Florida
B.S., Embry-Riddle Aeronautical University

Sandstrom, Laurance (1996)
Associate Professor, School of Applied Business
sandstl@DaytonaState.edu
M.B.A., Syracuse University
B.S. and A.A.S., Rochester Institute of Technology

Saum, Robert (2002)
Director, Florida Online and Faculty Technology Resource Center
saumr@DaytonaState.edu
D.Div. and M.A., South Florida Bible College and Theological Seminary
B.S. Florida State University

Saunders, Jeanne F.
Professor, School of Nursing
saundej@DaytonaState.edu
M.S.N., University of Phoenix
B.S.N., Medical College of Virginia
A.A.S., JS Reynolds Community College

Savicki, Gail (1985)
Director, Facilities Services
savickg@DaytonaState.edu
B.A.., Warner Southern College
A.S., Daytona State College

Saviuk, Walter (1997)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
saviukw@DaytonaState.edu
D.C., New York Chiropractic College
B.S., York College

Saylor, Christel (1995)
Associate Professor, School of Mathematics
saylorc@DaytonaState.edu
M.S., University of Central Florida
B.S., Florida Institute of Technology

Schlossman, Alan (1978)
Professor, School of Behavioral and Social Sciences
schlosa@DaytonaState.edu
Ph.D., M.Ed. and Ed.S., University of Florida
B.A., State University of New York-Stony Brook

Schwartz, William (1981)
Director of Engineering, Daytona State Public Broadcasting PBS Ch.15
schwarb@DaytonaState.edu
A.S., Daytona State College

Scott, Ursula (2001)
Professor, School of Humanities and Communication
scottu@DaytonaState.edu
M.S., Nova Southeastern University
B.A., South Carolina State University

Sharples, D. Kent (1999)
President
sharplk@DaytonaState.edu
Ph.D., Ohio University
M.Ed. and B.S., Bowling Green State University

Shepard, Norman (1970)
Senior Professor/Counselor, Academic Advising
sheparn@DaytonaState.edu
M.Ed., Stetson University
B.A., Davis and Elkins College

Shoff, Harry (1998)
Associate Professor, School of Humanities and Communication
shoffh@DaytonaState.edu
Ph.D., Indiana University
M.S., Clarion University of Pennsylvania

B.A., Colgate University

Sidor, Stanley (2001)
Associate Vice President/College of Engineering Technology and Occupational Programs/School of Engineering Technology/School of Computer Science/ School of Technological and Occupational Programs
sidors@DaytonaState.edu
Ed.D., University of Central Florida
M.S., Western Michigan University
B.S. and B.A., Aquinas College

Simmons, La Tassa (2006)
Assistant Professor, School of Health Careers and Human Services
Assistant Chair, Massage Therapy
simmonl@DaytonaState.edu
B.S., Anthem College
A.S., High-Tech Institute
Massage Diploma, Florida College of Natural Health

Sinnott, John (1998)
Assistant Professor, School of Mathematics
sinnotj@DaytonaState.edu
M.Ed., University of Central Florida
B.S., Northwestern University College

Sledge, Janet (1992)
Director, Assessment Services
sledgej@DaytonaState.edu
M.S., Kansas State University
B.A., California State University, Sacramento
A.A., American River College

Smith, Brian (2002)
Associate Professor, School of Mathematics
smithbr@DaytonaState.edu
M.A.T. and B.S., University of Florida
A.A., Broward Community College

Smith, Richard (2008)
Instructor, School of Health Careers and Human Services
smithr@DaytonaState.edu
B.S., Florida State University

Smith, Steven (1983)
Senior Professor, School of Applied Business
smithst@DaytonaState.edu

M.A. and B.S., Eastern Kentucky University

Smith, William (2007)
Associate Professor, School of Technological and Occupational Programs
Assistant Chair, Automotive Collision Repair & Refinishing
smithwi@DaytonaState.edu

Smith, Willis (1995)
School of Emergency Services
Assistant Chair/Assistant Professor, Criminal Justice Training
smithbi@DaytonaState.edu
M.S. and B.S., Rollins College
A.S., Daytona State College

Sofianos, Theodore (2005)
Director, Economic Development for International Operations
sofiant@DaytonaState.edu
Ph.D., University of Florida
M.A., Fairfield University
B.A., SUNY Plattsburgh

Spiwak, Rand (1975-1980, 2000)
Executive Vice President
spiwakr@DaytonaState.edu
Ed.D., University of Florida
M.B.A. and B.B.A., Stetson University

Stewart, Lennette (1984)
Professor/Counselor, Academic Advising
stewarl@DaytonaState.edu
M.A., University of Central Florida
B.A., University of Florida

Stewart, Suzanne (1987)
Senior Professor, School of Modern Languages
stewars@DaytonaState.edu
M.A. and B.A., University of South Florida

Stupack, Sherry (2008)
Associate Professor, School of Nursing
stupacs@DaytonaState.edu
M.S.N., Walden University
B.S.N., Jacksonville University
B.S., University of Central Florida
A.A. and A.S., Daytona State College

Sui, Liang (2002)
Professor, School of Computer Science
suil@DaytonaState.edu
M.S., University of Bridgeport
B.S., South China Science and Technology University

Swain, Tom (2010)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
swaint@DaytonaState.edu
Ph.D. and M.A., University of Colorado
B.A., Metropolitan State College

Sweet, Erik (2007)
Assistant Professor, School of Mathematics
sweete@DaytonaState.edu
M.A. and B.S., Minnesota State University

Tamburro, Richard (1998)
Associate Professor, School of Mathematics
tamburr@DaytonaState.edu
Ed.D., University of Central Florida
M.S., Mansfield University
B.S., University of Central Florida
A.A., Seminole Community College

Taylor, Rodney (2008)
Associate Professor, School of Mathematics
taylorro@DaytonaState.edu
Ph.D., M.A. and B.A., University of South Florida

Tesauro, John J. (2005)
Associate Professor, School of Technological and Occupational Programs
Automotive Services Management Technology
tesaurj@DaytonaState.edu
A.A., Daytona State College

Thomas, Harun (2008)
Assistant Professor, School of Humanities and Communication
thomash@DaytonaState.edu
Ph.D., M.A., B.A. and B.S., University of Florida
A.A., Indian River Community College

Thomas, Nancy (1981)
Senior Professor, School of Health Careers and Human Services
Assistant Chair, Health Information Management and Medical Information Coder/Biller
thomasn@DaytonaState.edu

Ed.D., Nova University
M.Ed. University of Central Florida
B.S., Illinois State University
B.A., Luther College

Thomason, Pamela (2006)
Assistant Professor, School of Adult Education
thomasp@DaytonaState.edu
M.A. and B.A., Seton Hill University

Thompson, Patricia (1995)
Professor, School of Music, Entertainment and Art
thompst@DaytonaState.edu
M.A. and B.A., Florida State University
A.A., Gulf Coast Junior College

Thornton, Tracey (2008)
Assistant Professor, School of Humanities and Communication
thorntt@DaytonaState.edu
M.A. and B.A., Old Dominion University

Tighe, Sharon (1995)
Senior Professor, School of Nursing
tighes@DaytonaState.edu
Ed.D. and M.N., University of Florida
B.S.N., University of Central Florida
A.A. and A.S., Daytona State College

Tillard, William (1998)
Director, Campus Safety
tillarw@DaytonaState.edu
B.S., Bethune-Cookman College
A.S., Daytona State College

Tinsley, Lillian J. (2005)
Assistant Professor/Counselor, Upward Bound
tinslel@DaytonaState.edu
M.A., Webster University
B.S., Bethune Cookman College

Titus, Kim (1990)
Senior Professor, School of Applied Business
titusk@DaytonaState.edu
M.B.A. and B.S., University of Central Florida
A.A., Daytona State College

Touma, Tim (2001)
Head Men's Baseball Coach
toumat@DaytonaState.edu
B.S., University of Florida
A.A., Palm Beach Community College

Tripp, Ginger (2003)
Associate Professor, School of Health Careers and Human Services
Clinical Coordinator, Physical Therapist Assistant
trippg@DaytonaState.edu
M.S., University of Akron
B.S., Ohio State University

Troian, Timothy (2008)
School of Emergency Services
Assistant Professor, Emergency Medical Services
Assistant Chair, First Responder
troiant@DaytonaState.edu
B.A. University of Central Florida
A.A. Daytona State College

Tucker, Winifred (1994)
Professor, School of Nursing
tuckerwi@DaytonaState.edu
M.S.N., University of Florida
B.S.N., Molloy College
A.A., Nassau Community College

Tulsian, Gajendra (2002)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
tulsiag@DaytonaState.edu
Ph.D. and M.B.A., University of Florida
M.S. and B.S., University of Mysore

Urff, Eric (1993)
Executive Director, Information Services
urff@DaytonaState.edu
M.S., Dakota State University
B.S., University of Florida

Valloze, Judith (1998)
Associate Professor, School of Nursing
vallozj@DaytonaState.edu
M.S.N. and B.S., Russell Sage College
A.S., Daytona State College

Van Dusen, Laurie (1986)
Director, Benefits
vandusl@DaytonaState.edu
Ed.D., M.P.A. and B.A., University of Central Florida
A.A., Daytona State College

Van Dusen, Patrick (1979)
Senior Professor, School of Photography
vandusp@DaytonaState.edu
B.S., Florida A&M University
A.A., St. Petersburg Junior College
A.S., Daytona State College

Veiga, Kevin (1998)
Associate Professor, School of Music, Entertainment and Art
veigak@DaytonaState.edu
M.F.A., Florida State University
B.F.A., City College of New York
B.S., University of Massachusetts

Vergani, Myra (2007)
Associate Professor, School of Health and Wellness
verganm@DaytonaState.edu
M.S. and B.S., Winthrop University

Viscomi, Anne (1987)
Professor, School of Physical, Biological, Marine and Environmental Sciences
viscoma@DaytonaState.edu
M.S. and B.S.A., University of Georgia
A.A.S., SUNY-Farmingdale

Vitale, Michael (1990)
Associate Vice President, Mike Curb College of Arts, Music and Sciences/School of Music, Entertainment and Art/Photography Sciences/Southeast Museum of Photography/ School of Physical, Biological, Marine and Environmental Sciences/School of Mathematics/School of Modern Languages/School of Heath and Wellness/School of Humanities and Communication/School of Behavioral and Social Sciences/Honor's College
vitalem@DaytonaState.edu
Ph.D. and M.A., University of South Florida
B.A., University of Northern Colorado

Vollaro, Richard (2007)
Instructor, School of Humanities and Communication
vollarr@DaytonaState.edu
B.S., University of Central Florida

Wagner, Robert (2007)
Associate Professor, School of Health Careers and Human Services
Assistant Chair, Physical Therapist Assistant
wagnerr@DaytonaState.edu
D.P.T., Temple University
M.P.T., Hahnemann University
B.A., LaSalle University

Waidelich, Peter (2005)
Associate Professor, School of Music, Entertainment and Art
waidelp@DaytonaState.edu
M.M., Florida State University
B.A., Stetson University

Walker, H. Kenneth (1977)
Senior Professor, School of Humanities and Communication
walkerk@DaytonaState.edu
Ph.D., M.A. and B.S., Ball State University

Walsh, Jennifer (1992)
Senior Professor, School of Mathematics
walshj@DaytonaState.edu
Ed.S. and M.B.A., Stetson University
B.A., The College of New Jersey

Warren, M. Kathleen (1995)
Associate Professor, School of Physical, Biological, Marine and Environmental Sciences
warrenk@DaytonaState.edu
M.S., Texas A&M University
B.S., University of Florida
A.A., Okaloosa-Walton Community College

Warren, Winston (2008)
School of Emergency Services
Associate Professor, Emergency Medical Services
Warrenw@DaytonaState.edu
M.A. Buffalo State College
B.A. D'Youdille College

Waymire, Linda (2001)
Associate Professor, School of Mathematics
waymirel@DaytonaState.edu
M.Ed., Georgia Southern University
B.A., University of Central Florida
A.A., Daytona State College

Weaver, Natalie (2001)
Associate Professor/Assistant Chair, School of Mathematics
weavern@DaytonaState.edu
M.S., Nova Southeastern University
B.S., Florida State University

Weeks, Dustin (1989)
Senior Professor/Librarian, Library Services
Coordinator, Faculty Development
weeksd@DaytonaState.edu
M.S. and B.A., Florida State University
A.A., Daytona State College

Weir, David (2008)
Assistant Professor, Hosseini College of Hospitality Management
weird@DaytonaState.edu
M.B.A., Belhaven College
B.S., University of Florida
A.S.T., Restaurant School

Weiss, John (2008)
Instructor, School of Applied Business
weissj@DaytonaState.edu
M.B.A., Florida Institute of Technology
B.S.B.A., University of Central Florida
A.A., Valencia Community College

Wesley, Laurance (1984)
Associate Professor/Counselor, Academic Advising
wesleyl@DaytonaState.edu
M.A., Atlanta University
B.A., Bethune-Cookman College

West, Carolyn (1978)
Senior Professor, School of Humanities and Communication
westc@DaytonaState.edu
M.A., University of North Carolina -Chapel Hill
B.A., Florida State University
C.A.S., Harvard University

Wetherell, William (2007)
Provost, Daytona Beach Campus
Chair, School of Applied Business
wetherb@DaytonaState.edu
M.Ed., Nova University

B.S., Florida State University

Whitaker, Christopher (2008)
Assistant Professor, School of Behavioral and Social Sciences
whitakc@DaytonaState.edu
M.A., B.A., Florida State University
A.A., Tallahassee Community College

Whitwam, Eileen (1992)
Professor, School of Nursing
whitwae@DaytonaState.edu
M.S.N., University of Florida
B.S.N., University of Central Florida
A.A., Daytona State College
A.S.N., Broward Community College

Wight, Julie (1990)
Professor, School of Adult Education
wightj@DaytonaState.edu
M.S., Kansas State University
B.S., University of North Carolina-Wilmington

Wilke, Deborah (2000)
Associate Professor, School of Humanities and Communication
wilked@DaytonaState.edu
M.S., Nova University
B.A., Carson-Newman College

Williams, Reginald (2000)
Associate Professor, School of Humanities and Communication
williar@DaytonaState.edu
M.F.A., Bowling Green State University
B.G., Ohio University

Williams, Bob (1997)
Vice President, Economic Development
williab@DaytonaState.edu
Dr. of Laws, Bethune Cookman College
M.S. and B.S., University of South Florida
A.A., Daytona State College

Williamson, Carol (1978)
Professor, School of Applied Business
williac@DaytonaState.edu
M.Ed., American University
B.A., University of Maryland

Wolfe, Lori (2000)
Director, Risk Assessment
wolfel@DaytonaState.edu
M.S.M., Capella University
B.S., University of Central Florida
A.A., Daytona State College

Woodall, Debra (2008)
Associate Professor, School of Physical, Biological and Marine/Environmental Sciences
woodald@DaytonaState.edu
Ph.D., Florida Institute of Technology
M.S., Louisiana State University
B.S. Louisiana Tech University

Wygant, Ted (1996)
Professor, School of Music, Entertainment and Art
wygantt@DaytonaState.edu
M.A., University of Missouri-Columbia
B.A., Ohio State University

Youngken, Marie (2002)
Associate Professor, School of Adult Education
youngkm@DaytonaState.edu
M.Ed. and B.S., East Stroudsburg University
Reading Specialist Certification, East Stroudsburg University

Zaffuto, Anthony (2000)
Associate Professor, School of Applied Business
zaffuta@DaytonaState.edu
M.B.A., Long Island University
B.B.A., St. John's University

Zahnen, Jeffrey (2007)
Associate Professor, School of Mathematics
zahnenj@DaytonaState.edu
Ph.D., M.S. and B.S., University of Florida

Zhou, Wei (2009)
Associate Professor, School of Applied Business
zhouw@DaytonaState.edu
Ph.D. and M.S., University of Florida
B.S., China Agricultural University

Zuba, Michael (2006)
Assistant Professor, School of Technological and Occupational Programs

Cosmetology & Nail Specialty
zubam@DaytonaState.edu
A.S., Luzerne County Community College
Vocational Certificate, Daytona State College

Academic Program Code Listing

Bachelor of Applied Science in Supervision and Management Program

The BAS prepares individuals for supervisory and management roles and positions.

6000 **Supervision and Management**

Bachelor of Science in Education Programs

The BSED is an approved program leading to teacher certification in the State of Florida.

6221 **Elementary Education (9521)**
6222 **Exceptional Education (9522)**

6223 **Secondary Math Education (9523)**
6224 **Secondary Biology Education (9524)**

6227 **Secondary Earth/Space Science Education (9527)**

Bachelor of Science in Engineering Technology Programs

Engineering Technology is the profession in which knowledge of the applied mathematical and natural sciences gained by higher education, experience, and practice is devoted to the application of engineering principles and the implementation of technological advances for the benefit of humanity. The Bachelor of Science in Engineering Technology programs are awaiting approval from the Southern Association of Colleges and Schools (SACS).

6331 **Engineering Technology (BSET)**

6332 **Engineering Technology - Information Systems Technology Concentration (BSIST)**

6333 **Engineering Technology - Electrical Engineering Technology Concentration (BSEET)**

Associate of Arts Transfer Advising Track Codes

Below is a list of tracks for students wishing to transfer to a four-year college. The degree granted from the College is an Associate of Arts Degree–General Education degree, thus the advising track identification will not appear on the diploma or transcript.

Daytona State College's courses are designed to meet standard university requirements. Students should know the requirements of the upper division institution they plan to attend. More details regarding specific courses required to complete the AA degree can be found in the catalog section entitled Requirements for the Associate of Arts Degree–General Education.

0100 **Undecided**

7150 **Liberal Arts**

7200 **Behavioral and Human Sciences - General**
7210   Psychology
7211   Marriage and Family (Relational)
7212   Experimental/Research
7213   Clinical/Counseling
7214   Developmental Psychology
7215   Sociology

7220 **Education - Transfer, General**
7221   Elementary Education
7222   Exceptional Education
7223   Secondary Math Education
7224   Secondary Biology Education
7227   Secondary Earth/Space
         Science Education

7300 **Economics and Business - General**
         Accounting   General Business
         Economics   Management
         Finance   Marketing

7400 **Communications – General**
7405   Advertising/Public Relations
7410   English
7415   Foreign Languages
7420   Journalism
7425   Television/Radio Broadcasting

7500 **Historical, Political and Global - General**
7505   Geography
7510   History
7515   International Relations
7520   Political Science
7525   Pre-Law

7600 **Humanities and Arts - General**
7605   Performing Arts
         Acting/Theatre
         Dance
         Music
7610   Art
         Fine Arts
7615   Philosophy
7620   Photography
7625   Religion

7700 **Mathematics and Technology - General**
7705   Architecture (Pre-)
7710   Computer Science
7715   Digital Media
         Animation
7720   Engineering
7730   Math/Statistics

7800 **Public Service - General**
7805   Criminal Justice
         Criminology
7810   Legal Studies

7815   Social Work

7900 **Science - General**
7905   Agriculture
7910   Astronomy
7915   Athletic Training/Sports Medicine
7920   Biology
         Botany   Microbiology   Zoology
7921   Marine Biology
7922   Marine Science
7925   Chemistry
7930   Dietetics/Nutrition
7935   Environmental Science
7940   Forestry and Conservation
7945   Forensic Science
7950   Meteorology
7955   Pre-Bachelors of Science
         Nursing (BSN)
7960   Pharmacy (Pre-)
7965   Pre-Professional
         Chiropractic (Pre-)
         Dentist (Pre-)
         Medicine (Pre-)
         Physical Therapy (Pre-)
         Veterinarian (Pre-)
7970   Radiology (Pre-)

Associate of Science Programs

Two-year programs leading to an AS degree

Graduates are prepared for immediate entry into occupations. All general education courses are transferable to the Florida State University System.

TECHNICAL & INDUSTRIAL
2013   Computer Engineering Technology
2067   Computer Information Technology
2047   Computer Programming and Analysis
         (Software Engineering Technology)
2003   Electronics Engineering Technology
2070   Interior Design Technology

2005   Internet Services Technology
2002   Networking Services Technology
2204   Simulation and Robotics Technology

BUSINESS
2084   Accounting Technology
2059   Business Administration
2012   Hospitality Management

2062   Paralegal Studies (Legal Assisting)-
         Transfer Option

MUSIC, ENTERTAINMENT & ART
2209   Music Production Technology
         (Audio /Recording)
2075   Photographic Technology

HEALTH CAREERS & PUBLIC SERVICES
2039 Criminal Justice Technology Bridge
2239 Criminal Justice Bridge for Federal Law Enforcement Officers
2036* Dental Hygiene (2136)

2044 Early Childhood Education Associate Degree
2056 Fire Science Technology
2007 Human Services (Addictions Specialization)
2071* Nursing (Associate Degree) (2171)

2271* Nursing (Transition Into Profession) (2171)
2037* Radiography (2137)
2205 Veterinary Technology (Distance Education Program)

Associate of Applied Science Programs

Two-year programs leading to an AAS degree
Graduates are prepared for immediate entry into occupations.

TECHNICAL & INDUSTRIAL
3501 Architectural and Building Technology
3502 Automotive Service Management Technology
3505 Drafting and Design Technology (CAD)
3514 Industrial Management Technology
3515 Interior Design Technology
3529 Manufacturing Technology
3523 Photographic Technology

BUSINESS
3500 Accounting Technology

3503 Business Administration
3504 Culinary Management
3510 Hospitality Management (Event Planning Specialization)
3533 Hospitality Management (Food and Beverage Management Specialization)
3534 Hospitality Management (Lodging and Management Specialization)
3528 Paralegal Studies (Legal Assisting) - Career Option

3522 Office Administration (Administrative Assistant Option)
3521 Office Administration (Medical Transcription Option)

HEALTH CAREERS & PUBLIC SERVICES
3506* Emergency Medical Services (3106)
3509* Health Information Management (3109)
3518* Occupational Therapy Assistant (3118)
3524* Physical Therapist Assistant (3124)
3525* Respiratory Care (3125)

Occupational Certificates

PROGRAMS DESIGNED TO PROVIDE TRAINING IN VARIOUS FIELDS.
AS Certificates (college credit) and applied technology diploma programs can be applied toward an appropriate AAS/AS degree.

AS CERTIFICATE (COLLEGE CREDIT) PROGRAMS
0943 Accounting Applications/Computerized
0935 Accounting Technology Operations - Tax Preparation
0813 Addictions Studies Specialization
0818 Audio/Recording Technology
0927 AutoCAD Foundations (Architectural)
0928 AutoCAD Foundations (Engineering)
0916 Business Management
0913 Business Operations - Entrepreneurship
0921 Cable Installation
0809 Child Care Center Management Specialization
0922 Computer Engineering Technology Cisco (CCNA)
0938 Computer Programming
0901 Computer Specialist
0929 Drafting and Design Technology
0814 Human Services Assistant Specialization
0810 Infant Toddler Specialization
0902 Information Technology Administration
0903 Information Technology Analysis
0904 Information Technology Management
0905 Information Technology Support Specialist
0906 Information Technology Technician
0816 Kitchen and Bath Specialization

0912* Medical Information Coder/Biller (1912)
0907 Microcomputer Repairer/Installer
0923 Network Communications (LAN)
0924 Network Communications (WAN)
0908 Network System Developer
0918 Office Administration and Management - Legal Option
0914 Office Management
0919 Office Management - Medical Option
0926 Office Support (Technical Certificate)
0957* Paramedic (1957)
0811 Pre-School Specialization
0812 School Age Specialization
0909 Web Development Specialist
0925 Wireless Communications

APPLIED TECHNOLOGY DIPLOMA PROGRAM
0960* Emergency Medical Technician (1960)
0920 Medical Record Transcribing

VOCATIONAL CREDIT PROGRAMS
ATB** 1054 Air Conditioning, Refrigeration and Heating Mechanic
ATB** 1011 Air Conditioning, Refrigeration and Heating Technology
ATB** 1097 Automotive Collision Repair and Refinishing
ATB** 1049 Automotive Service Certificate

ATB** 1036 Advanced Automotive Technology (Performance Engine Specialization)
1050* Correctional Officer Recruit Training (1150)
ATB** 1084 Cosmetology
1034 Culinary Operations - Baking and Pastry Specialization
1048* Dental Assisting (1148)

1051* Law Enforcement Recruit Training (1151)
1024* Massage Therapy (1124)
1023* Medical Assisting (1123)
1044** Nails Specialty
1027*/** Nurse Aide and Orderly (1127)
1076*/** Patient Care Assistant (1176)
1095* Practical Nursing (1195)
1038* Public Safety Telecommunication (1138)
1092* Surgical Technology (1192)
ATB** 1033 Welding Technology (Applied)

APPRENTICESHIP PROGRAMS
1020 Early Childhood Education Apprentice
1071 Electrical Apprentice - Non-Union
1072 Electrical Apprentice - Union
1070 Plumbing Apprentice - Union

ATB - Ability to Benefit programs are programs that do not require a standard high school diploma but do require that you achieve a minimum score to meet financial aid guidelines and minimum scores to meet program eligibility.

*All AAS and AS degree and certificate programs that are marked with an asterisk (*) are limited access programs. A separate application must be filed with the respective department for these programs. (Admission to the College does not guarantee admission to these programs.) Program codes indicated in parentheses are for conditional acceptance.

**No high school diploma required for these programs.

For additional program-specific information please refer to the College catalog at http://www.daytonastate.edu/catalog and click on "Program Guides."
