BOB & CAROL ALLEN
SCHOOL OF NURSING

1200 West International Speedway Boulevard, Daytona Beach, FL 32114
Nursing Department (386) 506-3250

Requirements for the PRN0090 Certified Nursing Assistant Program

- Complete the Daytona State College admission process online or at any campus Admissions Office.
- Must register for the CNA Class
- Applicant must be 18 years old.

Health/Medical Record

As a student in a health-related education program, **prior to the first day of class** you are required to have:

1) completed **physical examination**, 2) **verification of a negative tuberculin skin test**, 3) a **current BLS Card-Health Care Provider**, 4) **verification of immunizations**, please note: you must have proof that you have the required immunities via a titer (blood test) or a booster injection. Please make your healthcare provider aware as stated on the physical form; and 5) a cleared **Level II background check and negative drug screening prior to going into clinical. Flu Vaccine or declination is mandatory for Fall and Spring courses. COVID Vaccine (2 dose Pfizer or Moderna, or 1 dose Johnson & Johnson or COMIRNATY) or approved declination form is mandatory**. Please submit a copy of your immunization record with your physical form. If you do not have this record, you may contact your physician, clinic, or public health department. To have a Titer completed you should contact a healthcare provider. The Hepatitis B vaccine is required and may be obtained from your physician or the Volusia County Health Department for approximately $170.

Criminal Background Checks and Drug Screening

Your admission to the nursing program is **contingen**t upon the satisfactory completion of both a **negative drug screening and a cleared Level II background check** consisting of a fingerprint check of state and federal criminal history information conducted through the Florida Department of Law Enforcement (FDLE) and Federal Bureau of Investigation (FBI). Instructions for obtaining a background check and drug test may be found in the CNA Packet. For acceptance and continuing enrollment in a health-related program the student must not have been found guilty, regardless of adjudication, of any offense that would disqualify the student from employment in a health care or a community health setting.

Daytona State College Bob & Carol Allen School of Nursing complies with all clinical site requirements and restrictions with regards to medical marijuana use and any positive drug screen that may be deemed ineligible by any clinical site.

Paperwork must be submitted prior to going into the clinical setting. If not, the student will not be allowed to go to clinical. It would benefit the student to have all paperwork completed and submitted by the first day of class to avoid obtaining absences.

Sincerely,

Bob and Carol Allen School of Nursing
