ONE-ON-ONE VIRTUAL TUTORING

Using screen sharing via MS Teams, the student and Writing Specialist can easily and efficiently communicate. Consultations help writers achieve their goals for any type of writing or communication project. Appointments last up to 45 minutes and can be scheduled up to 3 times per week.

ONLINE EMBEDDING

A Writing Specialist can be embedded into any Falcon Online course to assist student with writing, communication, and digital literacy. Having an embedded specialist provides easy and direct contact to the Writing Center, custom materials and resource sharing for students, and coordination between faculty and WC staff to reach students who would benefit from individual tutoring.

VIRTUAL WORKSHOPS

Writing Specialists will work with you to create specialized content for your classes. Virtual workshops can be delivered synchronously or asynchronously with accompanying Q&A session.

TEST PREP

The Writing Center offers individual, 45-minute appointments for students seeking help with any test prep for reading, writing, and language and communication skills. Whether it's for the **GKT**, **TEAS**, or **TABE**, students may schedule up to three appointments each week. Students' individual strengths and weaknesses are examined and a study plan is devised. Since sessions are tailored to the individual needs of the learner, they may cover multiple content areas in one session.
