

Planned Giving Benefiting Daytona State College Students/Programs

The Daytona State College Foundation provides assistance and tools for you as you consider supporting students via your will or trust.

One way to support students is by leaving a directive in your will or trust that leaves a portion of your estate to the DSC Foundation. If you already have one or more of these documents already completed, we can help you add a simple one paragraph statement—a “codicil”—to set aside a portion of your estate for student scholarships, including the WISE scholarship fund.

Of course, we will direct you to seek assistance from your attorney, but we can help you get started!

To learn about options for creating a legacy in support of students or programs, please contact Tim Norton at (386) 506-3195 or by email to TimNorton@DaytonaState.edu.

Speaker: Evan Doyle, Director - Charles M. Curb School of Emergency Services, Daytona State College

**DAYTONA
STATE COLLEGE**

Daytona State College (DSC) is one of the 28 public community colleges and state colleges in Florida. Serving 23,000 students, DSC offers seven instructional sites in Volusia and Flagler counties.

- DSC was named among the nation's top schools in U.S. News & World Report's 2022 Rankings for Best Online Bachelor's Degree Programs. In addition to this overall ranking, DSC was identified for Best Online Bachelor's Program for Veterans.
- The College's first-ever student residence hall opened to full occupancy at the Daytona Beach Campus in August 2022 with 252 students.
- Best Value Schools ranked Daytona State College No. 2 in the nation on the list for Best 20 Schools for an online Electrical Engineering degree. The organization also listed the College as the sixth best Cosmetology program in Florida based on cost, class size, and graduation rate.
- Tuition has not increased in 12 years.
- The National Council on Teacher Quality (NCTQ) named DSC's School of Education as a model of excellence for other schools. Our elementary teacher prep program was one of only 17 nationwide, out of more than 1,000, to receive an "A" rating in both clinical practice and classroom management.
