How is SI different from Tutoring?

- SI was developed by Dr. Deanna Martin at Univ. of Missouri-KC in 1973. This program was designed to improve pass rates in historically-difficult courses.

- SI identifies high risk courses, (30% or more D/F/W.)

- SI does have some similarities to tutoring but it focuses on peer-assisted group learning, how-to-study, as well as content difficulty.

- Relationship and content-based. Voluntary, not viewed as remedial.

- Course and Professor Specific.
Si Leaders are chosen by their exceptional, demonstrated learning of upper-level courses. They are students who have already received an “A” in a challenging math, science or other difficult course. (ASL)

Si Leaders are role-model students and demonstrate deep subject knowledge. They maintain a professional attitude and confidentiality regarding Professors course standards and grading policies.

They meet with Professors weekly to check their understanding of current module, and to keep pace with his/her syllabus.

They attend 3 hours of lecture/classroom time per week, take notes, do assigned problems and readings. (Just like other students in class.)

They conduct 3 hours of SI sessions per week, and engage students via lesson plans that they have outlined and designed that emphasize weekly lecture content and up-coming test material.

SI Leaders use a variety of fun, collaborative learning strategies to make their peer-led sessions interesting and effective!
Courses we Support include...

Science
- Organic Chemistry
- Physics
- Anatomy and Physiology 1 & 2
- Biology
- Chemistry

Math
- Calculus 1 and Calculus 2
- Statistics
- Trigonometry
- Pre-Calculus
- College Algebra

SI Leaders of Daytona State College

Phyllis Currie- SI Coordinator
Bldg. 500- Room 107
X. 3356
Phyllis_currie@daytonastate.edu
First-time college students, take College Success and Math for **FREE** this Summer!

- Applications now being accepted for the Summer Bridge program.
- Program held on Daytona Beach campus.
- Deadline to apply is June 17.

**For more information, call (386) 506-3715.**

Student Support Services
Baker Academic Support Center
1200 W. International Speedway Blvd.
Daytona Beach, FL  32114
In this program, you will:

• Learn strategies and skills needed to be academically successful and ensure a smooth, stress-free transition into college;
• Obtain 6+ credits valued at over $800;
• Develop your leadership skills, meet new friends and discover how to become a better student;
• Receive intensive math support.

Participation Requirements

• You must be a first-generation, low-income student, or student with disabilities.
• You must have a high school diploma or GED.
• You must be a Florida resident.
• You must be admitted into Daytona State College.
• You must be available July 1 – Aug. 12.

FREE!

Join us for this exciting program!
