What is the English Studio?

- The English Studio is a one-credit, weekly, guided workshop made up of a facilitator and a group of 12 student peers, who are also enrolled in various sections of ENC1101: Introduction to Composition.

- On average, we fill about 42 sections of the Studio in Fall semesters and 20 sections in Spring semesters.

- Studios are taught by Writing Specialists in the ASC and Writing Center as well as faculty volunteers.

Scheduling the English Studio

- We highly encourage underprepared students to take a full semester section of ENC1101; however, we do offer A and B term Studios.

- Please coordinate with Elizabeth Camarota (506.3630), administrative assistant in the School of Humanities and Communication, to enroll a student in an A or B section of the Studio. Since ENC0055L is a co-requisite of ENC1101, it is crucial that students take both classes in the same term. Sometimes, sections become “mismatched” (i.e., student takes ENC1101 full term but registers for an A term studio).
Registering for the Correct Section

Three sections/one class

All three sections are essentially one class. The difference is the start and end dates. In order for ENC0055L and ENC1101 to be co-requisite classes, the start and end dates need to be the same.

Total enrollment for all three sections should not exceed 12 students.
Students must pass all sections (essay, reading, math & English) of the General Knowledge Test to be fully admitted into the Bachelor of Science in Education program or to complete the Educator Preparation Institute (EPI).

Due to the State’s recent raise of cut scores, many students were struggling to pass the exam. As a result, acceptance rates in the Education department were dropping.

To assist, the ASC and Writing Center:

- partnered with the Education department to buy preparatory software.
- created free 90 minute test prep workshops for students.
  - This series of workshops was offered in January, April, and June. Another session is being planned for September (exact dates TBD).
  - You can find updated information about workshops on our website.
Expanding the Audience

Many area K-12 teachers are working on temporary assignment and need to pass the GKT to get their permanent teaching certificate.

In May, we offered our GKT workshops to the public as a continuing education course via the Center for Business & Industry.

You can find more information about these workshops on the CBI’s website. Fall and Spring (dates TBD).
TEAS Test Prep

- The Test of Essential Academic Skills is required for entrance into the Nursing and Radiography programs.
- The ASC offers weekly, informal TEAS review sessions on the Daytona and DeLand campuses.
- This summer, in the Writing Center Cellar (Daytona campus) from 4 to 5:30, we will offer TEAS prep workshops for all four sections of the test (English language usage, reading, science, math). Students can sign up for all four sessions or pick just the sessions they need by going to the ASC’s website.
Gear-Up

These “boot camp” style workshops prepare students for the day-to-day college experience as well as provide review for content-specific material.

Offerings for the Fall include Math-Up, Word-Up, Chem-Up, Bio-Up, and Nurse-Up.

Workshops are scheduled the week before the semester begins.
These workshops are designed to provide students with a basic working knowledge of the following Microsoft products: Word, Excel, PowerPoint, and Office 365.

Workshops are scheduled the week before the semester begins.

A Review of ASC Services

Face-to-Face and Virtual Tutoring
- Learning Specialists and peer tutors provide help with assignment decoding and content challenges; study skills; computer and technology assistance; citation formatting; and help facilitating student/faculty communications.

Supplemental Instruction
- SI is a series of weekly review sessions for students taking historically difficult courses. They are run by a Faculty or Peer SI Leader. Students who attend SI sessions on a regular basis usually average one or more letter grades higher than those who do not attend SI sessions regularly.

Workshops
- Gear-Up, Tech-Up, GKT and TEAS test prep, Exam Reviews, and Specialized Content Workshops are all available.

Space and Resources
- Computer labs, mobile technology, and a variety of discipline-specific learning software are available at the ASC.

Need more information, check out our website: [https://www.daytonastate.edu/asc/](https://www.daytonastate.edu/asc/)
A Review of Writing Center Services

- Daytona State College and University of Central Florida students, as well as DSC alumni, staff, and faculty can book a 45-minute appointment with a Writing Center staff member. We will work on all phases of writing and create strategies for more effective communication.

- For students taking online and hybrid classes, the DSC-UCF Writing Center offers virtual tutoring consultations delivered through web conferencing software.

- The Cellar on the Daytona campus is designed to be multi-functional and reconfigurable, and we encourage whoever’s using the space to make it their own. We have furnished the space with reconfigurable furniture and cutting edge technology: an interactive projector, Apple TV, high definition TV, recording devices, and a sound system. Whether you're giving a presentation in The Cellar or just practicing, we can help.

- Need more information? Check out our website: [https://www.daytonastate.edu/cwc/](https://www.daytonastate.edu/cwc/)
