## CJSTC Specialized Course- Mandatory Retraining Only

This specialized course is for investigators, patrol officers, new crime scene investigators, those needing an update of training, or who perform crime scene duties. Methods taught in this course are widely used by crime scene analysts in state crime laboratories. The goal of this course is to provide a quality product in the processing of crime scenes and evidence collection. Students will take a written exam and must pass with 80% or better.

## Topics covered include:

- Scene/evidence documentation using photography, notes, and diagrams
- Aspects of thorough on scene death investigations
- Searching, development, documentation, and preservation of fingerprints
- Identification of evidence, collection and preservation for general and biological evidence, and submission to crime lab for analysis
- Documentation and preservation of impression evidence
- Several hands on practical and mock scene exercises
- Legal concerns of evidence collection and courtroom testimony

## About the Lead instructor:

**Detective Josh Mott** is an experienced Instructor and Agency Crime Scene Detective. He has attended the prestigious University of Tennessee Forensic Anthropology Center and has over 2,000 hours of specialized training.

*Guest lectures also by the Office of the State Attorney and the District Medical Examiner, and other Forensic Experts.*

**NOTE:** Course Requirements- Some outdoor will be done.

Students should bring a DSLR digital camera with tripod and external flash-and a remote flash cord. Comfortable clothing and closed toe shoes are required

## TO REGISTER:

Call # 386- 506-4204 to reserve your seat. Class size is limited.

Full Time Officers and Agency Support / crime scene personnel may attend.

Training Officers must Email a complete  
Registration Form available on our web site
