STUDENT ORGANIZATION POINT SYSTEM GUIDELINES

The purpose of the Student Organizations Point System is to ensure that registered student organizations are provided with:

1. Guiding activities for recruitment efforts, and to remain active and visible on campus;
2. Student involvement opportunities and activities to support student success through formal and informal learning experiences;
3. An opportunity to obtain leadership, planning, teamwork and organization skills;
4. The ability to become aware and participate in community service learning opportunities; and
5. A foundation to become a viable and integral part of the college's learning community

Funding through the Student Life Office is distributed to organizations based on the amount of points they attain. In addition, points will be used to determine certain awards at the annual club appreciation ceremony.

All activity report forms must be turned in by 5:00 pm on the last Thursday of the month. If the Thursday falls on a holiday- that month's submission are due prior to that Thursday (such as Thanksgiving break). All events/activities that are held on or after Thursday should be included in the next submission. Submissions that are turned in the semester after the planned event occurred will be awarded half points. Point requests will be reviewed and awarded at the beginning of each month. Once a month, the Contact Advisor will receive an email with semester point totals and notification of the next month's planned Co-Curricular activities. Club Meetings and Fundraisers should not be included on activity reports as no points are awarded for meetings or fundraisers.

Since December is a short month due to finals, end of classes, and the holiday break; all forms for events held during or after finals week should be included in the first submission for the following academic semester. Events that took place in December and reported the following semester are eligible for full points.

Student clubs must obtain **50 points by the close of each major semester** to be eligible for additional funding; Points accumulated during the spring semester will permit the club to be eligible for continued funding during the fall of the next fiscal year. Clubs that are in gold standing (50 or more points) at the start of the Fall semester will be awarded \$500.00, clubs in the silver standing (40-49 points) will be awarded \$250.00, and clubs in Bronze standing (35-40 points) will be awarded \$100.00 for the next fiscal year for club expenditures. Clubs in gold standing may also be allotted greater amounts of funding if they are recipients of a national award, recognition, or for participation in a conference and/or tournament after review of the request by the Director of Student Life. Clubs chartered after the semester starts may request up to \$250 in start-up funds.
